

REPUBLIC OF KENYA
THE NATIONAL TREASURY

**MEMORANDUM ON SUPPLEMENTARY ESTIMATES NO. 1
FOR THE FINANCIAL YEAR 2017/18**

1. In accordance with Article 223 (1) (a) & (b) of the Constitution, the National Government may spend monies that have not been appropriated by Parliament if the amount appropriated under the Appropriation Act is insufficient or a need has arisen for expenditure for a purpose for which no amount has been appropriated; or if the money has been withdrawn from the Contingencies Fund. Further, Article 223 (5), requires the National Government not to spend more than 10% of the sum appropriated by Parliament for a given financial year unless, in special circumstances, Parliament has approved a higher percentage. In the event that any of the above happens, an approval from Parliament requires to be granted within two months after the first withdrawal of the money.
2. Since we commenced the implementation of the FY2017/18 Budget, we have faced a number of challenges with huge financial implications. These include but not limited to prolonged drought, insecurity, implementation of agreed CBAs, a repeat of the Presidential Election, and shortfalls in revenue collection occasioned by prevailing business environment.
3. Given that the economy has not generated new resources to finance the emerging needs, we are proposing to reorganize the planned expenditures for the FY2017/18 in line with Article 223 of the Constitution and Section 44 of the Public Finance Management Act (PFMA), 2012.

4. For the Financial Year 2017/18, the National Assembly approved funds amounting to **KSh.2,638.8 billion** as the total appropriation for Government, including **KSh. 306.2 billion** as allocation to Counties. Out of this approval, the total appropriation for the National Government amounted to **KSh. 2,332.6 billion** and comprising of **KSh. 699.2 billion** for Consolidated Fund Services; **KSh. 990.5 billion** for Ministerial Recurrent Expenditures; and **KSh. 642.9 billion** for Ministerial Development Expenditures.

5. These expenditures have been revised under Supplementary Estimates No. 1 to accommodate additional spending requirements which were unforeseen or unavoidable.

Table 1: Summary of Gross Changes to the FY 2017/18 Budget

Details of Expenditures		FY2017/18 Printed Estimates A	FY2017/18 Supplementary Estimates No. 1 B	Gross Change C=B-A
1.0 Total Expenditure		2,638,809.3	2,661,077.3	22,268.0
Of which	1.1 National Government	2,332,609.3	2,354,877.3	22,268.0

	1.1.2 Recurrent - National MDAs	990,487.3	1,043,387.5	52,900.2
	1.1.3 Development - National MDAs	642,897.3	612,265.2	(30,632.2)
	1.2 County Government	306,200.0	306,200.0	-
2.0 FY 2017/18 Expenditure (% Changes from Printed Estimates)				0.8%
Of which	2.1 National Government			0.0%
	2.1.1 Consolidated Fund Services(CFS)			5.3%
	2.1.2 Recurrent - National MDAs			-4.8%
	2.1.3 Development - National MDAs			0.0%
	1.2 County Government			0.0%

6. The overall cumulative changes under Supplementary Estimates No. 1 amount to **KSh. 22.3 billion** or 0.8 per cent of the original budget as highlighted in the table above. The recurrent cumulative changes under Supplementary Estimates No. 1 reflect a gross increase of **KSh. 52.9 billion** or 5.3 per cent of the original appropriation. The development cumulative changes under Supplementary Estimates No. 1 reflect a gross decrease of **KSh. 30.6 billion** or minus 4.8 per cent of the original appropriation. The details of changes under individual votes and programmes is provided in Annex 1

7. Taking into account that there are cases where the changes are more than 10 per cent in individual programmes, we are requesting for special approval of the expenditures which are beyond this threshold in line with Article 223 (5).

8. **Compliance with Fiscal Responsibility Principles and Financial Objectives;** Section 44 (3) requires that the Supplementary Budget to include a Statement showing how the additional expenditure relates to the fiscal responsibility principles and financial objectives. Our financial objectives have not changed in the supplementary budget 1.

9. *Over the medium term, a minimum of 30 percent of the National Budget shall be allocated to development expenditure.* The National Government's Development Budget allocation is 37.0% of the total ministerial budgets while Recurrent is 63.0% under the FY2017/18 supplementary budget way above the minimum of 30 percent requirement.

10. *The National Government's expenditure on the compensation of employees (including benefits and allowances) for public officers shall not exceed 35 percentage of the national government equitable share of revenue raised nationally.* The share of wages and benefits, with respect to National Government revenues is 33.7 per cent in the FY 2017/18 Supplementary Estimates, which is within the 35 percent threshold proposed in the PFM regulation.

11. *Over the medium term, the National Government's borrowings shall be used only for the purpose of financing development expenditure and not for recurrent expenditure.* It is the Government's policy to restrict external financing only for development projects, a practice which is in line with this principle. In addition, domestic borrowing is consistently less than the allocation to domestically financed development projects in line with the stated principle.

12. Similarly, a cautious approach is adopted in the issuance of external Government loan guarantees to minimize the level of contingent liabilities. Our debt sustainability indicators show that Kenya's debt is still within sustainable levels.

13. *Fiscal risks shall be managed prudently.* The Government has improved its macroeconomic forecasts and regularly reviews the impact of macroeconomic

projections and its implications for the budget. The Government also takes into account the fiscal risks arising from contingent liabilities, impact of the Public Private Partnership and Financial Sector Stability.

14. *A reasonable degree of predictability with respect to the level of tax rates and tax bases shall be maintained, taking into account any tax reforms that may be made in the future.* The Government has simplified and modernized the VAT and Tax Appeals Tribunal legislations. A new excise tax act is fully operational and the income tax law is under review. These reforms are intended to lock in predictability and enhance compliance with the tax system.

HENRY K. ROTICH
CABINET SECRETARY/THE NATIONAL TREASURY
