

**OFFICE OF THE DEPUTY PRIME MINISTER AND
MINISTRY OF LOCAL GOVERNMENT**

**REPORT PRESENTED TO THE LOCAL
AUTHORITIES
FUNDS AND
ACCOUNTS PARLIAMENTARY COMMITTEE**

PART II

1ST APRIL 2010

Preamble

This document has been prepared as a response to queries regarding a number of projects undertaken by the Ministry. The Kenya National Office raised these queries. The response is presented in the ensuing sections.

Table of Contents	Page No.
Item 1	A report of all the private accounting and audit firms that were subcontracted to various councils to do the accounts, and the amounts paid to each one of them. 2-5
Item 2	A comprehensive report detailing the list of all serving Chief Officers, together with their background and status of accountability in the Local Authorities served previously prior to their current postings. 6
Item 3	A report on the Ministry's proposals for amendments to the LATF Act. 7-12
Item 4	The report dealing with the economic viability and rationalization of local authorities and the suggested actions for each one of them. 13
Item 5	A report of the structures put in place to address staffing and Capacity building in local authorities. 14
Item 6	An update on the status of proposed Ministry amendments to the Local Government Act. 15
Item 7	The costs of supervision of all Urban Development Department (UDD) projects across the country. 16-24
Item 8	The number of vehicles allocated to each UDD project 16-24
Item 9	The breakdown of the amount spent so far on the Chavakali Market under UDD. 25
Item 10	A comprehensive letter detailing all the issues and problems faced UDD while in the field 26
Item 11	A list of all projects done since Mr. Sammy Kirui (former PS) and Eng. Ndiangui (Snr. Superintending Officer – UDD) joined the Ministry. 27-33
Item 12	Specifications of works, performance bonds and agreements for the contractors who did the job on the Garissa bus park project by UDD. 34
Item 13	A list of all contractors involved in all UDD projects discussed by the Committee, and an indication of whether the said contractors were awarded contracts by other Ministries thereafter. 35
Item 14	A list of projects done without variations or redesigns, and completed within the specified contract period. 36

Item No. 1

RE: CONSULTANCY SERVICES ENGAGED SINCE 2003 TO DATE

Reference is made to your circular No. 20/2009 dated 7th August 2009.

The following are the consultancy services that have been engaged by this Council from the year 2003 to date: -

1. ENVIRONMENTAL IMPACT ASSESSMENT ON SILVICULTURAL OPERATION – KARIMA HILL FOREST.

- i. The Procurement Procedure followed was open tendering advertised on the Daily Nation where seven applicants submitted their tenders.
- ii. Glo-Consults were awarded the tender being the lowest at Kshs. 200,000.00.
- iii. The tender was awarded in the financial year 2008/2009 and the contract executed during the same financial year. The contract was successfully concluded resulting in the Council being awarded a licence by NEMA to undertake the works. Currently we are in the process of developing a Forest Management Plan jointly with Kenya Forest Service.

DLAT
4/11/09

any work
Ms Mamei, I remember we agreed you follow these list(s) on the issue of 1) Officers' Certificate
(3) NOTE: there will not be other services to (Nairobi) until we have to accomplish
(2) Add this one as a separate issue and urgently on both let us give information as a kind of Template to the Parliament

2. ENVIRONMENTAL AUDIT OF THE COUNCIL DUMPING SITE AND WASTE TRANSPORTATION VEHICLES.

- i. The Procurement Procedure followed was open tendering advertised on the Daily Nation where seven applicants submitted their tenders.
- ii. Glo-Consults were awarded the tender being the lowest at Kshs. 100,000.00
- iii. The tender was awarded in the financial year 2008/2009 and the contract executed during the same financial year. The contract was successfully concluded and we are now implementing it's recommendations.

3. REVIEW OF THE COUNCIL'S 5 YEARS STRATEGIC PLAN.

- i. The Procurement Procedure followed was open tendering advertised on the Daily Nation where three applicants submitted their tenders.
- ii. Excel Consult were awarded the contract being the lowest at Kshs. 197,500.00
- iii. The tender was awarded in the financial year 2008/2009 and the contract executed during the same financial year. The contract was successfully concluded and we are now implementing the obligations of the first year during this financial year.

Sir, I wish to bring to your attention that your letter required the Council to submit the above information on or before 15th August 2009 but I received it on 17th September 2009 but nevertheless I still wish to submit it hoping it is still not late.

JAMES KURIA MBUGUA
TOWN CLERK

REPORT OF THE MINISTRY'S PROPOSALS FOR AMENDMENTS TO THE LATF ACT**LATF ADVISORY COMMITTEE****PROPOSED CHANGES TO THE LATF ACT AND REGULATIONS****1. CHANGES PROPOSED FOR THE LATF ACT**

No.	Reference:	Change	Issue to Address	How the current provision effects	How change will address the issue
1.	Section 6 (3)	<p>Replace paras (a) to (c) with</p> <p>“(a) Dissemination of relevant information to Local Authorities.</p> <p>(b) The monitoring of the Fund and its usage by the Local Authorities;</p> <p>(c) Advocacy and Awareness creation about the LATF and its conditions;</p> <p>(d) Reporting by the Administrator on Fund activities.”</p>	The Government has approved the setting up of a strengthened LATF Secretariat with a wider mandate for the monitoring of the use of funds, and advocacy activities envisaged under the LATF Advisory Committee Strategic Plan.	The current provision restricts the use to disseminating information to LAs, monitoring of compliance with conditions, reporting on fund activities	The changes will provide the appropriate funds for the Secretariat to play a more active role in ensuring that LATF Funds are properly used and accounted for and the public awareness of the Fund is raised.
2.	Amendment to Section 8	<p>(a) Replace “Minister” with “the Minister for the time being responsible for local government, in consultation with the Minister”</p> <p>(g) three persons, not being public officers, appointed by the Minister for the time being responsible for local government, in consultation with the Minister, shall be</p>	As the Ministry of Local Government is responsible to the Minister for Finance for the administration of the Fund it is appropriate for MoLG to appoint the Chair and members of the LATF Advisory Committee (in consultation with Minister for	<p>Currently MoF appoints Chair and private sector members.</p> <p>The Secretary General of ALGAK is co-opted by the Committee and therefore has no voting</p>	<p>Change would clarify the situation with regard to the MoLG as being responsible for the management of the Fund.</p> <p>The Change would establish the</p>

No.	Reference:	Change	Issue to Address	How the current provision effects	How change will address the issue
		experts with experience and knowledge in matters relating to the development, financial and legal affairs of local authorities. (h) the Secretary General of ALGAK	Finance). As the association of the beneficiaries of the Fund it is appropriate for ALGAK to be a full member of the Board.	rights	Secretary General of ALGAK as a full member, recognising the need for beneficiaries to be fully represented.

2. SUMMARY OF CHANGES PROPOSED FOR THE STRENGTHENING OF EXISTING LATF REGULATIONS

No.	Reference:	Change	Issue to Address	How the current provision effects	How change will address the issue
1.	Amend 5	Replace “the Minister” with “the Minister for the time being responsible for local government”	MoLG is the Ministry responsible for the operation and administration of the Fund and the Regulations should reflect this fact	The current regulations make MoF responsible for the administrative arrangements in respect of the LATF Advisory Committee	The changes will make the Regulations consistent with role of the MoLG as responsible for the Administration of the Fund.
2.	Amend 6	Replace references to “the Minister” with “the Minister for the time being responsible for local government”			
3.	Amend 8	Replace “the Minister” with “the Minister for the time being responsible for local government”			
4.	Amend 13 (1)	Add at end “and following consultation with the Minister for the time being responsible for local government”			
5.	Amend 14(1) (a)	Replace “the Minister” with “the Minister for the time being responsible for local government”			
6.	Amend 15(1)	Add after the Minister, “following consultation with the Minister for the time being responsible for local government, and the LATF Advisory Committee”		MoF may change the criteria or the allocation of funds without	Change would require MoF to consult with MoLG

No.	Reference:	Change	Issue to Address	How the current provision effects	How change will address the issue
				consultation with MoLG	
7.	Insert after 15 (3)	“The officer administering the fund shall take the appropriate actions provided for in the Public Service Regulations for Local Authorities, and/or the Local Government Act Cap 265, against any officer or councillor who contributes to a Local Authority not meeting any LATF condition, resulting in a penalty.”	The costs of LAs being penalised under LATF should be felt by the officers responsible.	Current regulations do not identify this as a cause for potential disciplinary action or surcharge.	This will make it clear that there is not impunity for councillors and officers.
8.	Amend 18 (3)	Replace “the Minister” with “the Minister for the time being responsible for local government”	MoLG is the Ministry responsible for the operation and administration of the Fund and the Regulations should reflect this fact.	Appeals are made to the Minister of Finance.	Change will mean appeals are made to the Minister of Local Government, whose responsibility is for LAs.

3. CHANGES PROPOSED FOR THE LATF REGULATIONS WITH RESPECT TO THE HIGHER PERFORMANCE ACCOUNT

These proposed changes relate to the introduction of the Higher Performance Account and share a common objective:

The introduction of the LATF has given rise to an improvement in the performance of LAs in the areas of submission of budgets, abstracts and other information. In many cases these documents are prepared merely to meet LATF Conditions and then ignored thereafter. The current conditions encourage this practice as they are quantitative with no penalty for failure to execute a budget, or poor quality of abstracts. The Higher Performance Account allows the Minister for Finance to allocate some of the LATF money for more qualitative conditions that will actively reward performance improvement, through the setting of performance related conditions in the areas of project implementation, budget execution, revenue collection, strategic planning, and audit opinions. It is anticipated that over time the bulk of the LATF will be conditional on such results based performance indicators.

The following changes to the Regulations are required to allow the Higher Performance Account to come into effect in FY 2010/2011.

No.	Reference:	Change
1.	Amend Regulation 12	Include as (c) higher performance account and delete transitional Account
2.	New Regulation	The amount to be allocated to the Higher Performance Account shall be recommended each year by the LATF Advisory Committee to the Minister for Finance, subject to a maximum of 5% of the total LATF allocation.
3.	New Regulation	(1) In order to qualify to access funds from the higher performance account a Local Authority shall have met all the conditions of the service delivery and performance accounts, in addition to the Higher Performance criteria as follows: (a) 30% of the higher performance account funds will be dependent on independently vouched evidence from the local authority that more than 75% (by number and value) of the projects budgeted for completion in the previous completed fiscal year were physically completed within that year. (b) 20% of the higher performance account funds will be dependent on evidence from the local authority that its actual expenditure in the previous year on Civic and Personnel expenses did not exceed the approved budget for such expenses by more than 5%. (c) 12.5% of the higher performance account funds will be dependent on evidence from the local authority that its actual revenue received

No.	Reference:	Change
		<p>for the previous year from local sources is at least 90% of the budgeted amount.</p> <p>(d) 12.5% of the higher performance account funds will be dependent on evidence from the local authority that its actual revenue received for the previous year from local sources exceeds that earned in the year before that by not less than 10%.</p> <p>(e) 5% of the higher performance account funds will be dependent on evidence from the local authority that it has a Strategic Plan in place, has been updated in the previous year and is being implemented.</p> <p>(f) 20% of the higher performance account funds will be dependent on evidence from the local authority that it is in receipt of an unqualified external audit report for the previous year.</p>
4.	New Regulation	The Higher Performance Account is only available for investment in capital projects identified through the LASDAP process, and in addition to the requirement of Section 17 for an amount equivalent to 65% of the serviced delivery account to be budgeted for capital projects.
5.	New Regulation	Local Authorities may apply for the funds relating to any of the Higher Performance Account conditions in regulation ? before the 15 th January to the LATF Secretariat..
6.	New Regulation	Applications for the funds shall be accompanied by the documentary evidence as specified by the Ministry responsible for Local Government.
7.	New Regulation	<p>Where applications are found to be fraudulent the following action will be taken:</p> <p>(a) Where the fraudulent return was discovered before Higher Performance Account Funds had been disbursed the Officer Administering the Fund shall deduct 20% of the amount allocated from the Performance Account to the LA for the year to which the fraudulent claim relates. The amount deducted shall revert to the LATF fund.</p> <p>(b) Where the fraudulent return was discovered after Higher Performance Account Funds had been disbursed, then, in addition to (a), the amount disbursed in respect of that condition shall be recovered in total from the next LATF disbursement to that Local Authority, and revert to the LATF fund.</p> <p>(c) The necessary disciplinary procedures under the Local Government Act, CAP 265 will be initiated against the officers and civic leaders who have certified the fraudulent claim.</p>
8.	New Regulation	The Higher Performance Account available for each condition will be allocated to each qualifying Local Authority pro rata to the amount allocated for the Service Delivery and Performance Accounts for the year.
9.	New	1. The amount that a Local Authority can receive from the Higher

No.	Reference:	Change
	Regulation	<p>Performance Account will be subject to the following limits:</p> <p>(a) The total amount that a local authority can be allocated from the Higher Performance Account for any one year shall not be more than its total LATF Allocation for the previous year.</p> <p>(b) Notwithstanding the above, the maximum amount that a Local Authority may receive in respect of any one condition is the percentage applicable to that particular condition in relation to the total LATF Allocation for the previous year.</p> <p>2. Any amounts not allocated will revert to the LATF Fund.</p>

Item No. 4

REPORT DEALING WITH THE ECONOMIC VIABILITY AND RATIONALIZATION OF LOCAL AUTHORITIES AND THE SUGGESTED ACTIONS FOR EACH ONE OF THEM

The Confidential report has been placed before the Cabinet. The Ministry of Local Government will avail the report to the Committee once the Ministry receives the response from the Cabinet office.

Item No. 5

A REPORT ON THE STRUCTURES PUT IN PLACE TO ADDRESS STAFFING AND CAPACITY BUILDING IN LOCAL AUTHORITIES

The process is ongoing.

Item No. 6

AN UPDATE ON THE STATUS OF PROPOSED MINISTRY AMENDMENTS TO THE LOCAL GOVERNMENT ACT

The following is the update on the status of the proposed amendments to the Local Government Act:

- The Local Government Amendment Bill 2009 that seeks to review the Local Government Act Cap 265 of the Laws of Kenya was published by the Attorney General on 31st December, 2009.
- The Bill is aimed at reforming the Local Government Sector and will be tabled in Parliament for debate by the Hon. Deputy Prime Minister and Minister for Local Government.

Item No. 7 & 8

THE COSTS OF SUPERVISION OF ALL URBAN DEVELOPMENT DEPARTMENT (UDD) PROJECTS ACROSS THE COUNTRY AND THE NUMBER OF VEHICLES ALLOCATED TO EACH UDD PROJECT

% of work done (based on revised scope)	87%
% amount certified (based on revised sum)	75%

COMPREHENSIVE LETTER DETAILING ALL THE ISSUES AND PROBLEMS FACED BY UDD WHILE IN THE FIELD

Challenges faced by the Office of the Deputy Prime Minister and Ministry of Local Government in Project Implementation

The Ministry of Local Government has undertaken numerous projects through its budgetary allocation. The implementation of these projects has however not been without several challenges. The following have been identified as the major impediments to project implementation:

a) Untimely disbursement of development funds from the Treasury

The ministry runs several programmes concurrently. There have been repeated delays in the disbursement of project funds from the treasury. This leads to the ministry defaulting on payments to contractors for longer periods than contractually acceptable. This default has in addition to making the ministry incur liability by paying interest to the affected contractors, also often leads to work stoppages.

b) Political Interference

Most of the projects undertaken by the ministry are often as a result of the local authorities requesting for the same. The ministry then undertakes these projects on the basis that consultations must have been carried out by the local authorities through their LASDAPS with the local population. Unfortunately, in some instances projects are conceived, allocated funds and even awarded to contractors only for the local population to object to the same. This has in most cases been caused by local politics in which some leaders would oppose a project not because of any fault, but because of political competition. This is normally aimed at ensuring that the incumbent political office holders do not get credited for these projects.

c) Apathy by Competent Contractors

The ministry undertakes medium sized projects that normally range from approximately 10 Million to 500 Million. Most of the qualified and very competent contractors do not bid for what they consider to be small jobs with low profit margins. As a result those who bid for these jobs are those contractors who may be qualified but do not have strong financial bases to sustain the project implementation.

Item No.11

LIST OF ALL PROJECTS DONE SINCE MR. SAMMY KIRUI (FORMER PS) AND ENG. NDIANGUI (SR. SUPERINTENDING OFFICER – UDD) JOINED THE MINISTRY. THE LIST SHOULD INCLUDE:-
