1. PROJECT INFORMATION AND OVERALL PERFORMANCE

1.1 Name and registered office

EPC/Turn Key Construction of Five Footbridges & T-Mall Flyover in Mombasa and Langata Road.

Objective:

The five footbridge will alleviate the heavy traffic congestion and increase pedestrian security along the Northern corridor through the A8 in central Nairobi.

The T-Mall flyover will alleviate the heavy traffic along the Trans-African Highway and Nairobi and to Nairobi West inhabitants.

Address: Barabara Plaza
Jomo Kenyatta International Airport (JKIA) off Mazao Road
Nairobi Kenya

For the seven months period ending June 30, 2020

1.3 Project Overview

Line Ministry/State Department of the project	The project is under the supervision of the Ministry of Transport, Infrastructure, Housing, Urban Development & Public Works
Project number	KcNHA/RD/HP&D/2536/2018
Strategic goals of the project	The strategic goals of the project are as follows: (i) To make the city more liveable, sustainable and competitive city and to increase the gross domestic product per capita. (ii) Enhance regional social economic development. (iii) To improve safe crossing of pedestrians.
Achievement of strategic goals	Implementation of the project in timely, efficient and effective manner.
Other important background information of the project	The five footbridges and flyover include ; a) T-Mall footbridge crossing Mbagathi road to give access to the six lane road, it's composed of 2 spans of 17m in length. b) Nyayo stadium footbridge gives access from the stadium to the other side of Langata road. Composed of 2 span of 22m in length. c) Mlongo Footbridge along Mombasa road, crossing the highway at Mlolongo neighbourhood. Composed of 3 spans of 22m in length. d) Syokimau State Footbridge along Mombasa road, crossing the highway at Syokimau Neighbourhood. Composed of 2 lateral spans of 21.6m, 2 central spans of 22m in length. e) Syokimau Station along Mombasa road, crossing the highway at Syokimau stage. This footbridge shall allow crossing from the commercial area bus stop at Syokimau stage to commercial area on the other side of the highway. Composed of 4 span of 26m in length. f) T-Mall flyover is along Langata road at T-Mall roundabout. Composed of 8 span with variable lengths between 22m to 37m.
Project duration	The project is for duration of 30 months for EPC/Turn Key Construction of Five Footbridges and 36 months for T-mall Flyover.

EPC/TURN KEY CONSTRUCTION OF FIVE FOOTBRIDGES & T-MALL FLYOVER IN MOMBASA AND LANGATA ROAD

Reports and Financial Statements

For the seven months period ending June 30, 2020

1.8 Summary of Overall Project Performance:

Budget performance against actual amounts for current year and for cumulative to-date: -

	2019/2020		
	Actual	Budget	%
Counterpart Funds - Gok	-	-	-
Loan from External Development Partners	647,528,846	980,000,000	66%
Total	647,528,846	980,000,000	66%

Physical progress based on outputs, outcome and impacts since project commencement: -

The physical progress as at 30th June 2020 is 0%. The contractor is mobilising having submitted 1st installment certificate.

(a) Comment on value for money achievements.

- The project procurement process is conducted through International Competitive Bidding (ICB) which results in excellent value for money.
- The authority (KeNHA) has put in place adequate checks & balances on appointment of the works consultant supervision who oversees the project implementation on daily basis on consultation and subsequent approvals from the employer and the bank.
- In addition to works supervision, the consultant undertakes design review before commencement of roads construction works to reduce uncertainties.
- Regular auditing of the project by Internal Auditors, External Auditors and Quality Assurance Departments.
- Monthly site meetings that involve the employer, the consultant and the contractor.

1.9 Summary of Project Compliance:

There are no significant cases of non-compliance with applicable laws and regulations, and essential external financing agreements/covenants, which has been reported

EPC/TURN KEY CONSTRUCTION OF FIVE FOOTBRIDGES & T-MALL FLYOVER IN MOMBASA AND LANGATA ROAD

Reports and Financial Statements

For the seven months period ending June 30, 2020

2. STATEMENT OF PERFORMANCE AGAINST PROJECT'S PREDETERMINED OBJECTIVES

Introduction

The key development objectives of the project are to:

- a) Alleviated heavy traffic congestion and increase pedestrian security along the Northern corridor through the A8 in central Nairobi;
- b) To make the city more liveable, sustainable and competitive;
- c) To enhance regional social economic development.

Progress on attainment of Strategic development objectives

For purposes of implementing and cascading the above development objectives to specific sectors, all the development objectives were made specific, measurable, achievable, realistic and time-bound (SMART) and converted into development outcomes. Attendant indicators were identified for reasons of tracking progress and performance measurement: Below we provide the progress on attaining the stated objectives:

Objective	Expected Outcome	Indicator	Performance
Alleviated heavy traffic congestion and increase pedestrian security along the Northern corridor through the A8 in central Nairobi;	Reduced traffic and increased pedestrian safety.	Better traffic flow and reduction in accidents	Project is still in mobilisation stage
To make the city more liveable, sustainable and competitive;	Safe, liveable and competitive city.	Better living standards	Project is still in mobilisation stage
To enhance regional social economic development.	Reduced travel time for goods and travellers.	Reduced travel time	Project is still in mobilisation stage

3. CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING

3.1. Sustainability strategy and profile

Sustainable Development Goals (SDGs) 2015-2030 provides a plan of action for the people and prosperity. Five out of the seventeen goals are pertinent to management of projects being undertaken by the Authority. These are being addressed through the following initiatives;

- a) *Good health and well-being (SDG 3)*: The Authority strives to undertake Road Safety Audits to identify accident black spots, implement intervention measures and provide road safety education to reduce accidents;
- b) *Gender Equality (SDG 5)*: The Authority encourages mainstreaming of gender equality in project and programmes by incorporating compliance to one third gender rule in procurement and recruitment;
- c) *Industry, innovation and infrastructure (SDG 9)*: The Authority develops quality , reliable, sustainable and resilient infrastructure including regional and trans-border infrastructure to support economic development and human wellbeing with a focus on affordable and equitable access for all;
- d) *Sustainable cities and communities (SDG 11)*: The Authority endeavours to extend the paved road network to hitherto underserved areas in the region to improve nationwide access to high speed and all – weather connectivity; and
- e) *Climate action (SDG 13)*: The Authority endeavours to combat negative impacts of road development through environmental mitigation, climate change measures and compliance with National Environment Management Authority (NEMA) requirements in all development projects

3.2. Environmental performance

The Authority is working towards ensuring environmental sustainability in projects by undertaking tree planting exercises, implementation of road beautification programs, enforce reinstatement of quarries and borrow pits after construction works, undertakes regular Environmental Impact Assessment (EIA) Audits, carries out M&E on Environment and Social Management Plan (ESMPs) as well as Environmental Social Impact Assessment (ESIA) on projects.

3.3. Employee welfare

In all its staff appointments, the Authority takes deliberate actions to embrace Equal Employment Opportunity policies, gender mainstreaming, addresses concerns around Persons Living with Disabilities (PWDs) and takes affirmative action in line with prevailing Government Policy guidelines. The Authority prioritizes training to develop technical capacity of staff in the fields of Value Engineering, Project Financing, Project, Contract Management, Performance Based Maintenance and Safety.

3.4. Market place practices

The Authority strives to ensure responsible competition practices through undertaking annual governance audits in projects, monitoring the implementation of policies and further promotes ethical conduct in projects. The Authority equally sensitizes staff on corruption and integrity.

The Authority undertakes to be actively involved in the negotiations during budget sector hearings in order to increase budgetary allocations for projects thus honouring contracts by paying its liabilities on time.

3.5. Community Engagements

During the implementation of the Project, the Authority is committed to remaining a responsible corporate citizen by being accountable for its actions through engaging in Public Participation. The Project's goal in terms of community engagement is to ensure that the projects foster long-term relationships with stakeholders and communities around the project. The aim is not just to build roads that foster development but to ensure collaboration with the local communities to achieve sustainable development. The project staff is also encouraged to give back to society by participating in the Authority's corporate social responsibility projects.

The Contractor has been involved in various CSR activities geared towards providing the local residents through construction of water kiosks along the project road, improvement of access roads and enhancing learning and playing environment in schools along the project road. To enhance social safeguards in projects, the Authority undertakes Resettlement Action Plan (RAP) studies and implements its recommendations, carries out Social Impact Assessments (SIA), undertakes gender mainstreaming and conduct stakeholders' forum to sensitize the public in several cross cutting issues. The Contractor is at mobilization stage but some of the community engagements to be undertaken include community sensitization on road usage and traffic safety, landscaping and beautification of Mombasa road and T-Mall roundabout along Langata road.

**EPC/TURN KEY CONSTRUCTION OF FIVE FOOTBRIDGES & T-MALL FLYOVER IN
MOMBASA AND LANGATA ROAD**

Reports and Financial Statements

For the seven months period ending June 30, 2020

4. STATEMENT OF PROJECT MANAGEMENT RESPONSIBILITIES

The Director General, KeNHA and the Project Implementation Team Leader for EPC/Turn Key Construction of Five Footbridges & T-Mall Flyover Project are responsible for the preparation and presentation of the Project's financial statements, which give a true and fair view of the state of affairs of the Project for and as at the end of the financial year ended on June 30, 2020. This responsibility includes: (i) maintaining adequate financial management arrangement and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Project; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statement, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the Project; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

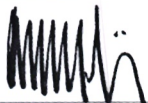

The Director General, KeNHA and the Project Implementation Team Leader for EPC/Turn Key Construction of Five Footbridges & T-Mall Flyover Project accept responsibility for the Project's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards.

The Director General, KeNHA and the Project Implementation Team Leader for EPC/Turn Key Construction of Five Footbridges & T-Mall Flyover Project are of the opinion that the Project's financial statements give a true and fair view of the state of Project's transactions during the financial year ended June 30, 2020, and of the Project's financial position as at that date. The Director General, KeNHA and the Project Implementation Team Leader for EPC/Turn Key Construction of Five Footbridges & T-Mall Flyover Project further confirm the completeness of the accounting records maintained for the Project, which have been relied upon in the preparation of the Project financial statements as well as the adequacy of the systems of internal financial control.

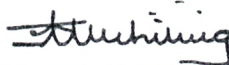

The Director General, KeNHA and the Project Implementation Team Leader for EPC/Turn Key Construction of Five Footbridges & T-Mall Flyover confirm that the Project has complied fully with applicable Government Regulations and the terms of external financing covenants, and that Project funds received during the financial year under audit were used for the eligible purposes for which they were intended and were properly accounted for.

Approval of the Project financial statements

The Project financial statements were approved by the Director General, KeNHA and the Project Implementation Team Leader for EPC/Turn Key Construction of Five Footbridges & T-Mall Flyover Project on 26 AUG 2020 2020 and signed by them.

REPORT OF THE AUDITOR GENERAL ON EPC / TURN KEY CONSTRUCTION OF FIVE FOOTBRIDGES AND T-MALL FLYOVER IN MOMBASA AND LANGATA ROAD CREDIT NO. KEN-01001-19 AND NO. KEN-02001-19 FOR THE YEAR ENDED 30 JUNE, 2020 – KENYA NATIONAL HIGHWAYS AUTHORITY

REPORT ON THE FINANCIAL STATEMENTS

Opinion

I have audited the accompanying financial statements on EPC / Turn Key Construction of five footbridges and T-Mall Flyover in Mombasa and Langata Road Credit No. KEN-01001-19 and No. KEN-02001-19 set out on pages 1 to 11 which comprise the statement of financial assets and liabilities as at 30 June, 2020, and the statement of receipts and payments, the statement of cash flows and the statement of comparative budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which to the best of my knowledge and belief were necessary for the purpose of the audit.

In my opinion, the financial statements present fairly, in all material respects, the financial position of EPC / Turn Key Construction of five footbridges and T-Mall Flyover in Mombasa and Langata as at 30 June, 2020, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and conforms to the Credit Facility Agreement dated 12 November, 2019 between the Instituto De Credito Oficial, E. P. E. (Spain) and the Government of Kenya and the Public Finance Management Act, 2012.

Basis for Opinion

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of EPC/Turn Key Construction of five footbridges and T-Mall Flyover in Mombasa and Langata Project Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matter

Budget Control and Performance

The statement of comparative budget and actual amounts reflects budgeted and actual receipts on comparable basis of Kshs.980,000,000 and Kshs.647,528,846 respectively resulting into underfunding by Kshs.332,471,154 or 34%. Similarly, the Statement reflects under-expenditure of the same amount. The underfunding was attributed to delays in signing the Financing Agreement which negatively impacted on the Project implementation.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall

governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by the Instituto De Credito Oficial E. P. E, I report based on my audit that: -

- i. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit;
- ii. In my opinion, adequate accounting records have been kept by the Project , so far as appears from the examination of those records; and,
- iii. The Project's financial statements are in agreement with the accounting records and returns.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Project's ability to continue to sustain services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Project or cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015. In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the financial reporting process, reviewing the effectiveness of how the Project monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall governance and risk management, and ensuring the adequacy and effectiveness of the control environment

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve

collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Project's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Project to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Project to express an opinion on the financial statements.
- Perform such other procedures I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

10. NOTES TO THE FINANCIAL STATEMENTS

The principal accounting policies adopted in the preparation of these financial statements are set out below:

10.1. Basis of Preparation

10.1.1. Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of Accounting, as prescribed by the Public Sector Accounting Standards Board (PSASB)

The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

The accounting policies adopted have been consistently applied to all the years presented.

10.1.2. Reporting entity

The financial statements are for the Nairobi Western Bypass Project under National Government of Kenya. The financial statements encompass the reporting entity as specified in the relevant legislation PFM Act 2012.

10.1.3. Reporting currency

The financial statements are presented in Kenya Shillings (KSh), which is the functional and reporting currency of the Project and all values are rounded to the nearest Kenya Shilling.

10.2. Significant Accounting Policies

a) Recognition of receipts

The Project recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the Government.

- **Transfers from the Exchequer**

Transfer from Exchequer is to be recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

- **External Assistance**

External assistance is received through grants and loans from multilateral and bilateral development partners.

***EPC/TURN KEY CONSTRUCTION OF FIVE FOOTBRIDGES & T-MALL FLYOVER IN
MOMBASA AND LANGATA ROAD***

Reports and Financial Statements

For the seven months period ending June 30, 2020

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Donations and grants

Grants and donations shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/donation in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice.

Proceeds from borrowing

Borrowing includes Treasury bill, treasury bonds, corporate bonds, sovereign bonds and external loans acquired by the Project or any other debt the Project may take on will be treated on cash basis and recognized as a receipt during the year they were received.

Undrawn external assistance

These are loans and grants at reporting date as specified in a binding agreement and relate to funding for the Project currently under development where conditions have been satisfied or their on-going satisfaction is highly likely and the project is anticipated to continue to completion. An analysis of the Project's undrawn external assistance is shown in the funding summary

• **Other receipts**

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognised in the financial statements the time associated cash is received.

b) Recognition of payments

The Project recognises all payments when the event occurs and the related cash has actually been paid out by the Project.

• **Compensation of employees**

Salaries and Wages, Allowances, Statutory Contribution for employees are recognized in the period when the compensation is paid.

• **Use of goods and services**

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. If not paid for during the period where goods/services are consumed, they shall be disclosed as pending bills.

• **Interest on borrowing**

Borrowing costs that include interest are recognized as payment in the period in which they incurred and paid for

**EPC/TURN KEY CONSTRUCTION OF FIVE FOOTBRIDGES & T-MALL FLYOVER IN
MOMBASA AND LANGATA ROAD**

Reports and Financial Statements

For the seven months period ending June 30, 2020

SIGNIFICANT ACCOUNTING POLICIES (Continued)

• **Repayment of borrowing (principal amount)**

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. The stock of debt is disclosed as an annexure to the consolidated financial statements.

• **Acquisition of fixed assets**

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

c) In-kind donations

In-kind contributions are donations that are made to the Project in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Project includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

d) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

Restriction on cash

Restricted cash represents amounts that are limited/restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation. Amounts maintained in deposit bank accounts are restricted for use in refunding third part deposits

SIGNIFICANT ACCOUNTING POLICIES (Continued)

e) Accounts receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year are treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

f) Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the Project at the end of the year. When the pending bills are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

g) Budget

The budget is developed on a comparable accounting basis (cash basis), the same accounts classification basis (except for accounts receivable - outstanding imprest and clearance accounts and accounts payable - deposits, which are accounted for on an accrual basis), and for the same period as the financial statements. The Project's budget was approved as required by Law and National Treasury Regulations, as well as by the participating development partners, as detailed in the Government of Kenya Budget Printed Estimates for the year. The Development Projects are budgeted for under the MDAs but receive budgeted funds as transfers and account for them separately. These transfers are recognised as inter-entity transfers and are eliminated upon consolidation.

A high-level assessment of the Project's actual performance against the comparable budget for the financial year/period under review has been included in an annex to these financial statements.

h) Third party payments

Included in the receipts and payments, are payments made on its behalf by to third parties in form of loans and grants. These payments do not constitute cash receipts and payments and are disclosed in the payment to third parties column in the statement of receipts and payments. During the year **KSh 647,528,846** being loan disbursements were received in form of direct payments from third parties.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

i) Exchange rate differences

The accounting records are maintained in the functional currency of the primary economic environment in which the Project operates, Kenya Shillings. Transactions in foreign currencies during the year/period are converted into the functional currency using the exchange rates prevailing at the dates of the transactions. Any foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statements of receipts and payments.

j) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in financial statement presentation.

k) Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2020.

l) Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.

10.3. RECEIPTS FROM GOVERNMENT OF KENYA

As at 30th June 2020, no exchequer funding from government were received.
