**ADDITIONAL INFORMATION TO THE SELECT COMMITTEE ON
CONSTITUENCIES DEVELOPMENT FUND**

**1. APPORTIONMENT OF CONSTITUENCY DEVELOPMENT FUND (CDF)
FY 2013/2014**

Following the enactment of the CDF Act 2013, which ensures that the law governing CDF is aligned to the Constitution of Kenya, the CDF allocation for the fiscal year 2013/14 has been apportioned in pursuant to Article 217 of the Constitution.

ALLOCATION CRITERIA

The Constituencies Development Funds which consist of 2.5 % of the Government ordinary revenue is allocated amongst all the constituencies in the country. The budget allocation for each constituency shall be determine in accordance with the basis for allocating resources among the counties approved by parliament pursuant to Article 217 of the Constitution. The National Assembly resolved in pursuant of Article 217 of the Constitution, the basis of revenue sharing shall be as Table 1 below.

The constituency share formula is expressed mathematically as below:

$$\text{Constituency share } C_a = \sum P_i + P_{Ci} + A_i + E_i + F_{Di}$$

Where:

C_a = Constituency revenue share

P = Constituency's share of Population component

PC = Constituency's share of Poverty component
 A = Constituency's share of Land Area component
 E= Constituency's Equal share component
 FD = Constituency share of Fiscal Discipline component

Table 1: Allocation criteria of 95 per cent net CDF

	Parameters	Percentage Weights
1	Population	45%
2	Poverty Index	20%
3	Land Area	8%
4	Basic Equal Share	25%
5	Fiscal Responsibility	2%
	Total	100

- A maximum of 5% of the annually CDF budget is allocated to CDF Board for administration.
- The 95% net CDF balance is allocated to constituencies using the population share, poverty headcount ratio, Land area of the constituency and basic equal share, and fiscal responsibility.

Share of Population Component (P) – Weight 45%

Population is an important parameter that reflects expenditure needs, i.e. the cost of service depends on population size (per capita basis). To allocate the 45% of the 95 % net of the CDF, a population share index for each constituency is required. The population share index is generated by taking the number of people in a constituency divide by the total population in the whole country. The Share of Population Component is obtained by multiplying the population share index by the 45% of the net CDF.

Equal share component (E) - Weight 25%

Basic Equal Share has an important equalizing effect in that all constituencies are treated equally regardless of its size or population. Equal Share component is 25% of the 95% net CDF. This figure is divided equally to 290 constituencies.

Share of Poverty Component (PC) - Weight 20%

Poverty is a major challenge to Kenyans in all constituencies. Based on the Small Area Estimation methodology findings of 2009, about 45.2 % of Kenyans are classified as poor. Poverty estimates for 290 constituencies have been estimated to be used in the allocation. Based on the poverty gap for each constituency, the amount required to move the poor above the poverty line is estimated.

The poverty contribution index is adjusted using the urban rural population factor, where the rural population constitutes 68 per cent while urban is 32 per cent of the whole population. The adjustment factor is call Poverty weight factor. For all the urban constituencies the Poverty weight factor is $32/68$ which is equivalent to 0.47, while those in rural is 1. The poverty contribution is multiplied by the Poverty weight factor and adjusted to add to 1. This forms the basis used to share the 20% of the 95% of the Net CDF so as to obtain Share of Poverty Component.

Share of Land Area Component (A) -Weight 8%

Land Area is a measure of size of a constituency. Land Area Component is used to share out 8% of 95% Net CDF. Land factor has lower limit of 0.001 share to cater for constituencies whose land mass is below 0.001 share of the total land mass of Kenya. The upper limit is 0.010 to cap largest constituencies with land mass greater than 0.01 share of total land mass of Kenya.

Share of Fiscal Discipline component (FD) - weight 2%

Fiscal discipline parameter is an inducement factor to reward constituencies that practice prudent management of the financial resources. This factor is use to share out 2% of 95% Net CDF.

Given that there is no-factor on Fiscal discipline parameter yet, the 2% of this budget is divided equally among the 290 constituencies.

2. CASH TRANSFERS AND PESA YA WAZEE

In reference to your query on measures the Ministry is taking to harmonize the administration of Cash Transfers and *Pesa ya Wazee*, the said Funds are under the Ministry of Labour and Social Security and Services.

There are only three Funds administered under the Ministry of Devolution and Planning;

1. UWEZO Fund- for Youth and Women- with an allocated budget of **Kshs. 6 billion**
2. Youth Enterprise Development Fund with an allocated budget of **Kshs.137,670,000.00**
3. Women Enterprise Fund with an allocated budget of **Ksh. 167,200,000.00**
