II. FORWARD BY THE CHIEF EXECUTIVE OFFICER

It gives me great pleasure to present the 2015/2016 Transition Authority (TA) Financial Report. The Authority was established following a landmark report by The Taskforce on Devolution. Upon the establishment of the Transition Authority, the members were charged with the responsibility of “facilitating the realization of a devolved system of government through effective coordination of the transition process”.

During this reporting period, there were considerable achievements in the various departments and committees of the Transition Authority. I am confident to state that the Authority worked diligently to deliver desirable results while leveraging opportunities that arose from time to time. Strategically, the Authority adopted and implemented practical approaches, which continue to guide the transition process, while drawing from successful models around the world.

The end of the financial year is a perfect time to take stock. The Transition Authority continued to deliver on its mandate and seek more effective and efficient ways to support devolution. With county governments in place and most process taking off, the Authority has focused more on operational issues.

Key among them is the inventory of assets and liabilities for the defunct local authorities, which has been finalised and reports presented to the county governments and the public for validation. The assets and liabilities will undergo a comprehensive audit before they are transferred to the appropriate level of government.

During the 2015/2016 Financial Year, The Authority’s approved recurrent budget amounted to Kshs.661, 237,500. Under the same period, total expenditure was Kshs 699,655,619.

This expenditure represents an absorption rate of 100%

The funds were utilized as follows

- I. Compensation to employees Kshs 238. Million.
- II. Use of goods and services kshs 270. million

KEY ACHIEVEMENTS

The 2015/2016 Financial Year was generally a successful one for the Transition Authority. Our success has been achieved by focusing intensively on embracing and managing devolution as it rapidly evolves in Kenya.

The Authority continued to collaborate closely with the Commission for the Implementation of the Constitution (CIC) and the Commission on Revenue Allocation (CRA), Office of the Auditor General, Ministry of Devolution and Planning, County Governments and other Government Ministries, Departments and Agencies (MDAs) to ensure a smooth transition to the devolved system.

On the whole, the transition to a devolved system of government has been well received and accepted by the general public in Kenya. Of note were the guidelines developed for the secondment of public officers to the County governments which were gazette on 7th February 2014 and shared with the county governments. These guidelines provide a mechanism to be used in transferring the services of seconded officers to the county governments. They will also safeguard the terms and conditions of service of the seconded staff and ensure the human resource component is effectively managed during the transition period.

TA also in conjunction with other stakeholders formed the joint capacity assessment and rationalization of public service (CARPS) programme in accordance with the provisions of Section 7(2)(i) of the Transition to Devolved Government Act 2012 which requires TA to carry out an audit of all existing human resource.

The Authority continued to engage other stakeholders in audit and verification of public assets and liabilities especially the office of the auditor general, CRA and the state department on Devolution. Ultimately, a zero draft report on management, transfer and audit of public assets and liabilities has been prepared and validation processes expected was completed.

Other notable achievements over the period include the costing and transfer of delayed functions.

The Authority continued with consultations and provision of guidance with various stakeholders on

- Preparation of inventory of assets and liabilities
- Preparation and dissemination of human resource audit report
- Provision of advisories on legal issues related to transition e.g Assets and Liabilities, Human Resource, Analysis and Costing of Functions, Planning and Budgeting
- Unbundled and transferred functions to counties as per schedule four of Constitution of Kenya 2010.
- Further unbundling and costing of functions

OFFICE OF THE AUDITOR-GENERAL

REPORT OF THE AUDITOR-GENERAL ON TRANSITION AUTHORITY FOR THE NINE MONTHS PERIOD ENDED 04 APRIL 2016

REPORT ON THE FINANCIAL STATEMENTS

I have audited the accompanying financial statements of the Transition Authority set out on pages 1 to 9, which comprise the statement of financial assets as at 04 April 2016, and the statement of receipts payments, statement of cash flows and summary statement of appropriation: recurrent for the period then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

Auditor-General's Responsibility

My responsibility is to express an opinion on these financial statements based on the audit and report in accordance with provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. The audit was conducted in accordance with International Standards of Supreme Audit Institutions. Those standards require compliance with ethical requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor

Report of the Auditor-General on the Financial Statements of Transition Authority for the Nine Months Period ended 04 April 2016

considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

Basis for Qualified Opinion

1. Use of Goods and Services

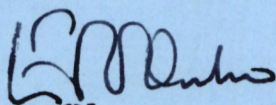

(i) The statement of receipts and payments reflects under use of goods and services expenditure of Kshs.269,232,042 which include an amount of Kshs.12,225,600 in respect of legal services. However, fees paid to lawyers amounting to Kshs.2,650,000 have not been supported with adequate documentation.

(ii) Foreign travel and subsistence expenditure of Kshs.14,479,039 which is disclosed in Note (5) under goods and services includes an amount of Kshs.6,136,884 relating to board members training in Malaysia during the month of January 2016. Relevant information and adequate documentation to support this expenditure have also not been provided for audit review.

In the circumstances, it is not possible to confirm propriety and accuracy of the total unsupported expenditure of Kshs.8,786,884.

Qualified Opinion

In my opinion, except for the effect of the matters described in the basis for the Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of the Transition Authority as at 04 April 2016, and its financial performance and its cash flows for the period then ended, in accordance with International Public Sector Accounting Standards (Cash Basis), and comply with Public Finance Management Act, 2012.
