PART II

1. Purpose of the Statutory Instrument

To provide a legal framework for the establishment, administration and disbursement of the Senate Monitoring and Evaluation Fund and to facilitate Senators to carry out monitoring and evaluation and impact assessment activities at the county level in the context of Article 96 of the Constitution.

2. Legislative Context

Article 96 of the Constitution provides for the role of the Senate. In particular, Article 96(1) provides that “*the Senate represents the counties, and serves to protect the interests of the counties and their governments*”. Article 96(3) of the Constitution further requires the Senate to “*.....exercise oversight over national revenue allocated to the county governments*”.

Pursuant to these provisions of the Constitution, the statutory instrument is intended to provide a legal framework that establishes mechanisms to facilitate the Senate in the effective execution of its oversight mandate over the county governments as part

of its broader mandate of protecting the interests of the counties and their governments.

3. Policy Background

While Article 96(3) of the Constitution mandates the Senate to provide oversight over national revenue allocated to county governments, it is important to observe that there does not exist any legal framework that establishes a mechanism that would facilitate the Senate in the discharge of this function.

The Public Finance Management (Senate Monitoring and Evaluation) Regulations are intended to provide this framework.

Part I of the Regulations provides for general provisions on the Fund. Part II provides for the establishment of the Fund.

Regulation 5(1) establishes the Senate Monitoring and Evaluation Fund which is to be utilized to *“carry out monitoring and evaluation activities in the exercise of the Senate’s oversight function over county governments”*. The object of the Fund as set out in regulation 7 is to provide funds to Senators to carry out monitoring and evaluation activities in exercise of the Senate’s oversight role over county governments in accordance with Article 96 of the Constitution.

Regulations 8 and 9 provide for the initial allocation to the Fund and for the distribution of the Fund respectively.

Part III provides for the administration of the Fund which, pursuant to regulation 11(1), is to be administered through the Senate Monitoring and Evaluation Office which is to be established by the Parliamentary Service Commission.

Part IV establishes the Senate Monitoring and Evaluation Committee and sets out its functions while Part V provides for the financial procedures.

Part VI sets out the offices and staffing for purposes of monitoring and evaluation. In particular, regulation 23 provides that a Senator shall utilize existing structures in the County Office for purposes of administrative activities in undertaking monitoring and evaluation. Regulation 24(1) provides that a Senator shall recruit a county monitoring and evaluation office manager and a monitoring and evaluation officer to serve in the county office. The county monitoring and evaluation office manager shall in charge of the administrative and institutional management of the finances allocated for monitoring and evaluation while the monitoring and evaluation officer shall be in charge of implementing, monitoring and evaluating programs in line with the objectives of the Fund.

Part VII sets out the miscellaneous provisions regarding the winding up of the Fund, vesting of assets and the handing over of offices, records and other properties by a Senator who ceases to hold office.

The First Schedule sets out the conditions for disbursement of the Fund while the Second Schedule provides for the formula for allocating monies among the elected Senators.

4. Consultation Outcome

The following institutions were consulted during the formulation of the Regulations: the National Treasury, the Parliamentary Budget Office and the Senators. The institutions submitted their views which have since been included in the Regulations.

5. Impact

The Regulations shall have no impact on fundamental rights and freedoms and shall have no impact on the private sector.

The Regulations will enable the Senate to effectively provide oversight over national revenue allocated to the county governments in the manner set out in regulation 7(2) by —

- (a) undertaking county expenditure tracking surveys;
- (b) promoting citizen engagement on issues affecting the counties by undertaking civic education and community sensitization;
- (c) initiating a partnership approach with stakeholders at the county level to ensure a strong and more strategic focus on community development;
- (d) undertaking research, studies and surveys on various thematic areas affecting counties;
- (e) undertaking social auditing of development projects being undertaken in the counties;
- (f) tracking and monitoring development activities in the counties; and
- (g) performing any other monitoring and evaluation activity relevant to the Senator's mandate.

6. Monitoring and Evaluation

The Regulations are intended and expected to enhance the Senate's execution of its oversight mandate as set out under Article 96(3) of the Constitution. The Regulations are further intended to enhance the monitoring, evaluation and impact assessment activities by the Senate at the county level.

The effective implementation of these Regulations is expected to enhance accountability and prudent use of resources allocated to county governments.
