CHAIRPERSON'S FOREWORD

This report contains proceedings of the Departmental Committee on Transport, Public Works and Housing on its consideration of the Kenya Roads (Amendment) Bill, 2021 (*National Assembly Bill No. 13 of 2021*), sponsored by Chairperson of the Departmental Committee on Transport, Public Works and Housing. The Bill was published on 30th April, 2021, read a First Time on 10th June, 2021 and thereafter committed to the Departmental Transport, Public Works and Housing for review and reporting to the House pursuant to Standing Order 127.

Following placement of adverts in the print media on 11th June, 2021 requesting for comments on the Bill from the public and relevant stakeholders pursuant to Article 118(1)(b) of the Constitution and Standing Order 127(3), the Committee received eight (8) memoranda.

The Committee discussed the Bill with stakeholders on Wednesday, 28th July 2021. There were varied responses from the stakeholders; with others supporting the Bill as is while others proposing amendments. The Committee considered all the submissions while making recommendations to amend clause 3 of the Bill.

The Committee wishes to sincerely thank the Offices of the Speaker and of the Clerk of the National Assembly for the necessary support extended to it in the execution of its mandate. I also take this opportunity to thank all Members of the Committee for their patience, sacrifice, endurance and commitment towards the production of this Report. The Committee further wishes to record its appreciation for services rendered by the Committee Secretariat. Their efforts and input made the work of the Committee and production of this Report possible. The Committee further wishes to thank all the stakeholders who actively participated in the consideration of the Bill.

On behalf of the Departmental Committee on Transport, Public Works and Housing and pursuant to the provisions of Standing Order 199 (6), it is my pleasant privilege and honor to present to this House the Report of the Committee on its consideration of the Kenya Roads (Amendment) Bill, 2021.

HON. DAVID PKOSING, C.B.S, M.P.

Chairperson - Departmental Committee on Transport, Public Works and Housing

1.0 PREFACE

1. Pursuant to Standing Order 127(1), the Bill was Read a First Time on Thursday, 10th June 2021 and consequently committed to the Departmental Committee on Transport, Public Works and Housing for consideration and thereafter report to the House.

2.0 OVERVIEW OF THE KENYA ROADS (AMENDMENT) BILL, 2021 (NATIONAL ASSEMBLY BILL NO. 13 OF 2021)

2.1 Analysis of the Bill

7. The principal object of this Bill is to amend the Kenya Roads Act, 2007 to enhance the term of office and the qualifications for appointment as a Director-General under the Act. The Bill further seeks to amend the Act to align it with the Constitution and the Public Audit Act, 2015 with regard to the audit of public bodies by the Auditor-General.
8. Clause 1: Provides for the short title.
9. Clause 2: Proposes amendment to Section 13 of the Kenya Roads Act, 2007 by deleting the word “three” appearing immediately after the words “term of” and substituting therefor the word “five”.
10. Clause 3: Proposes repeal and replacement of Section 14 of the Kenya Roads Act, 2007 and replacing it with a new section on Qualification of Director General.
11. Clause 4: Proposes amendment to Section 38 of the Kenya Roads Act, 2007
12. Clause 5: Proposes amendment to Section 44 of the Kenya Roads Act, 2007
13. The Bill does not delegate legislative powers, neither does it limit fundamental rights and freedoms.
14. The enactment of the Bill shall not occasion additional expenditure of public funds.

3.0 PUBLIC PARTICIPATION/STAKEHOLDERS CONSULTATION

15. Following the call for submission of memoranda by the public through the placement of advertisements in the print media of 11th June 2021 and 2nd July 2021, the Committee received eight memoranda.
16. On 2nd August 2021, the Committee considered its report on the Bill and adopted it in the same sitting.
17. The following stakeholders submitted memoranda to the Committee—
 - (a) Mr. Okiya Omtatah Okoiti;
 - (b) Institute of Certified Public Accountants of Kenya (ICPAK);
 - (c) Kenya Institute of Supplies Management (KISM);
 - (d) Institute of Human Resource Management (IHRM);
 - (e) Institution of Engineers of Kenya (IEK);
 - (f) Office of the Attorney General & Department of Justice;
 - (g) Kenya Roads Board (KRB); and
 - (h) State Department for Infrastructure.

Consideration of the Kenya Roads (Amendment) Bill, 2021

18. While considering the Kenya Roads Bill, 2021 the Committee took into account the written memoranda (*annexure (iv)*) and oral submissions received from the public regarding each clause.

Clause 1

19. There were no submissions from stakeholders regarding clause 1.

Clause 2

20. The State Department for Infrastructure, the Kenya Roads Board, the Institution of Engineers of Kenya, and the Institute of Certified Public Accountants of Kenya supported the enhancement of the term of office for a Director General appointed under the Act to five years as contained in the Bill. Mr. Okiya Omtatah Okoiti opposed the enhancement of the term of office, noting that the current three-year renewable period is adequate.

Clause 3

21. The State Department for Infrastructure and the Kenya Roads Board supported the proposed qualifications for appointment as a Director General as contained in Clause 3 of the Bill.
22. The Institution of Engineers of Kenya proposed the inclusion of a master's degree or higher in a related field; registration with the Engineers Board of Kenya as a Professional Engineer or higher category; membership of the Institution of Engineers of Kenya; and at least fifteen (15) years post-registration experience in highway, road or transportation engineering as part of the qualifications for appointment as a Director General.
23. On the other hand, the Institute of Certified Public Accountants, Okiya Omtatah, the Institute of Human Resource Management, and the Kenya Institute of Supplies Management proposed the opening up of the qualifications for appointment as a Director-General to persons from professions. It was their view that the current provisions of the

Act and the proposal in the Bill limit the position of the Director General to one profession only and hence discriminates against other professions which are able to provide competent candidates to be considered for appointment on merit.

Clause 4

24. There were no submissions from stakeholders regarding clause 4.

Clause 5

25. There were no submissions from stakeholders regarding clause 5.

4.0 COMMITTEE'S OBSERVATIONS

26. The Committee observed as follows:

- (1) The proposal to enhance the term of office of the Director-General from three years to five-years had been contained in the Kenya Roads Bill, 2017 which was lost at mediation. The proposal to enhance the term had been approved by both Houses of Parliament and formed the basis of the Clause 2 as contained in the Bill.
- (2) Majority of the submissions from the public proposed that the qualifications for appointment as a Director General under the Kenya Roads Act, 2007 be opened up to allow the consideration of competent persons in other professions for appointment;
- (3) The current qualifications for appointment as a Director-General, which limit appointment to those in the engineering profession, are not aligned with the general managerial functions of the role outlined at section 13(4) of the Act. Section 13(4) provides as follows—

“(4) Subject to this Act and to the general direction and control of the concerned Board, the Director-General shall be responsible for the following matters with respect to the Authority for which he is responsible—

(a) the implementation of the policies and programmes of the Authority and reporting thereon to the Board;

(b) the proper management of the funds and property of the Authority;

(c) the organisation and control of the staff of the Authority;

(d) the development of an operations plan for achieving the Authority's objectives;

(e) co-operation with other lead agencies and organisations in the roads sector;

(f) the development of an economic, efficient and cost-effective internal management structure;

(g) the formulation and implementation of the strategic plan, business plan and annual plan of the Authority;

(h) the implementation and fulfilment of the policies and agreed objectives, performance targets and service standards of the Authority;

(i) the provision of advice as required on all matters within the Authority's responsibility; and

(j) the performance of any other duty necessary for the implementation of this Act as may be assigned to him by the concerned Board.”

- (4) The Kenya Roads Act was enacted in 2007, prior to the promulgation of the current Constitution. Article 232(1) of the Constitution outlines the values and principles of public service which include fair competition and merit as the basis for appointment to public office. Article 232(1) of the Constitution provides as follows—

“(1) The values and principles of public service include—

(a) high standards of professional ethics;

(b) efficient, effective and economic use of resources;

(c) responsive, prompt, effective, impartial and equitable provision of services;

(d) involvement of the people in the process of policy making;

(e) accountability for administrative acts;

(f) transparency and provision to the public of timely, accurate information;
(g) subject to paragraphs (h) and (i), fair competition and merit as the basis of appointments and promotions;
(h) representation of Kenya's diverse communities; and
(i) affording adequate and equal opportunities for appointment, training and advancement, at all levels of the public service, of—
(i) men and women;
(ii) the members of all ethnic groups; and
(iii) persons with disabilities.”

- (5) The current provision on qualifications contained in the Act is discriminatory as it reserves the post of Director General to only one qualification and profession.
- (6) Clause 3 of the Bill would therefore need to be amended to allow the consideration and appointment of persons from other professions to the post of Director General.

COMMITTEE’S RECOMMENDATION

27. The Committee having considered the Kenya Roads (Amendment) Bill, 2021 (National Assembly Bill No. 13 of 2021), stakeholders’ comments on the Bill and the above observations recommends to the House to pass the Bill with amendments. The Committee shall propose amendments to Clause 3 of the Bill as contained in the Schedule.

SCHEDULE OF AMENDMENTS

CLAUSE 3

Clause 3 of the Bill be amended by deleting the proposed new section 14 of the Act and substituting therefor the following—

- 14.** A person shall be qualified for appointment as the Director-General if the person—
- (a) holds a postgraduate degree in engineering, architecture, finance, accounts, management, law or a related field from a university recognized in Kenya;
 - (b) has at least ten years' experience in a senior managerial position within the roads sector;
 - (c) is registered by a relevant regulatory body;
 - (d) is a member in good standing of a relevant professional body; and
 - (e) satisfies the requirements of Chapter six of the Constitution.

Justification(s):

- (1) In light of immense public interest from stakeholders
- (2) To align the provision with the values and principles of public service outlined at Article 232 of the Constitution which include fair competition and merit in appointments to public office;
- (3) To align the provision with the general managerial functions of the Director General outlined in s.13 of the Act;
- (4) To promote fair competition for the position and ensure recruitment of the most competent candidate. The current provision is discriminatory as it reserves the post of DG to only one qualification and profession

MIN No. TPWH 223/2021:

PRELIMINARIES

The Chairman called the meeting to order at two o'clock followed by a word of prayer. The Chairman informed the Honorable Members that the Committee was meeting to adopt the report on NCA (Amendment) Bill, 2021 and Kenya Roads.

The agenda of the meeting was therefore adopted after being proposed by the Hon. Ahmed Bashane, MP and seconded by the Hon. Johnson Naicca, MP.

MIN No. TPWH 224/2021:

CONFIRMATION OF THE MINUTES OF THE PREVIOUS SITTINGS

Confirmation of minutes of the previous sitting was deferred.

MIN NO. TPWH 225/2021:

**ADOPTION OF THE REPORT ON
CONSIDERATION OF THE NATIONAL
CONSTRUCTION AUTHORITY (AMENDMENT)
BILL, 2020 (NATIONAL ASSEMBLY BILL NO. 45
OF 2020)**

The Committee observed that the Bill was well-intentioned but the benefits sought through the Bill can be achieved without amending the National Construction Authority Act, 2011. It was noted that the exemption sought through the Bill is within the existing powers of the Cabinet Secretary and the NCA Board, as per section 42(1) of the Act and Regulation 27 of the National Construction Authority Regulations 2014. The Committee therefore noted that it was not ideal to legislate on a matter that can flexibly be regulated through Regulations.

Having considered the National Construction Authority (Amendment) Bill, 2020 (National Assembly Bill No. 45 of 2020) and stakeholders' comments on the Bill, the Committee resolved to recommend to the House to reject the Bill in its entirety. The Committee shall propose amendments to the Bill as contained in the Schedule.

Report on Consideration of The National Construction Authority (Amendment) Bill, 2020 (National Assembly Bill No. 45 of 2020) was therefore adopted after being proposed by Hon. Johnson Many Naicca, M.P. and seconded by Hon. Shadrack Mose.

MIN NO. TPWH 226/2021:

**ADOPTION OF THE REPORT ON
CONSIDERATION OF THE KENYA ROADS
(AMENDMENT) BILL, 2021 (NATIONAL
ASSEMBLY BILL NO. 13 OF 2021)**

There was a debate on whether to amend clause 2 and clause 3 of the Bill. The Committee therefore resolved not to amend clause 2 of the Bill, to leave the tenure for the Director General at 5 years as proposed. The Committee further noted that this position was not and it was also agreed during consideration of the Kenya Roads Bill, 2017.

Regarding clause 3, the Committee by majority proposed that the Bill be amended by deleting it and replacing it with the following:

14. A person shall be qualified for appointment as the Director-General if the person—

- (a) holds a postgraduate degree in engineering, architecture, finance, accounts, management, law or a related field from a university recognized in Kenya;*
- (b) has at least ten years' experience in a senior managerial position within the roads sector;*
- (c) is a member in good standing of a relevant professional body; and*
- (d) satisfies the requirements of Chapter six of the Constitution.*

Report on Consideration of the Kenya Roads (Amendment) Bill, 2021 (National Assembly Bill No. 13 of 2021) was therefore adopted after being proposed by Hon. Ali Wario, M.P. and seconded by Hon. Abdul Rahim Dawood.

MIN No. TPWH 227/2021:

ANY OTHER BUSINESS

The Committee resolved to have the meeting scheduled for Wednesday, 4th August 2021 postponed because according to the Order Paper, the House will be sitting.

MIN No. TPWH 228/2021: ADJOURNMENT

There being no other business, the sitting was adjourned at two o'clock. Next meeting to be held on Tuesday, the 3rd day of August 2021, at 11:00am.

MIN No. TPWH 193/2021: PRELIMINARIES

The Chairman called the meeting to order at ten o'clock followed by a word of prayer. The Chairman informed the Honorable Members that the Committee was meeting stakeholders to receive their views on the Kenya Roads (Amendment) Bill 2021. The Committee noted that in response to the advertisements dated 11th June 2021 and 2nd July 2021, the Committee received memoranda from the following:

1. Mr. Okiya Omtata Okioti
2. State Department for Infrastructure
3. Office of the Attorney General
4. Kenya Roads Board
5. Institute of Certified Public Accountants of Kenya
6. Kenya Institute of Supplies Management
7. Institute of Human Resource Management
8. The Institution of Engineers of Kenya

The agenda of the meeting was therefore adopted after being proposed by the Hon. Ali Wario, MP and seconded by the Hon. Tom Odege, MP.

MIN No. TPWH 194/2021: CONFIRMATION OF THE MINUTES OF THE PREVIOUS SITTINGS

Confirmation of minutes of the previous sitting was deferred.

MIN NO. TPWH 195/2021: SUBMISSIONS FROM MR. OKIYA OMTATA OKOITI ON THE KENYA ROADS (AMENDMENT) BILL 2021 (BILL NO. 13 OF 2021)

Mr. Okiya Omtatah referred to his memorandum to the Committee, through the Clerk of the National Assembly, dated 18th June 2021 on the Kenya Roads (Amendment) Bill 2021. He expressed appreciation to the Committee for the opportunity to make his oral submissions. In his submissions, he stated that there was misrepresentation in the memorandum of objects and reasons as provided for in the Bill; which in his opinion, was not an innocent error. He stated that when the advert dated 11th June 2021 came up, it still contained the misinformation, and that is when he took it upon himself to challenge the proposed Bill in Court. He submitted that the public should not be misled. He however took note of the subsequent advert of clarification dated 2nd July 2021.

Mr. Omtatah further submitted that as regards to the proposed changes to the tenure of the Director General, it was not clear if the changes in law applied retrogressively or progressively. He was concerned on whether the proposed changes were meant to benefit the current office

holders or whether they were indeed made for posterity. He claimed that the amendment could have been brought to specifically benefit the Director General for the Kenya National Highways Authority. Mr. Omtatah therefore proposed that the three-year term (renewable) would be ideal and that there was no justification for the proposed five-year term.

On the qualifications for the position of the Director General, Mr. Omtatah submitted that leadership positions should be opened to everyone and that capacity to run the organization should be the main consideration. He explained that the DG positions should be differentiated with other technical requirements. He gave an example of Kenyatta National Hospital and Nairobi Hospital as one of many organizations which are efficiently run by people from other fields. He explained that this was possible because these are management functions which require a variety of skills such as in finance and administration among others, and that the proposal to restrict the position to engineers was not justifiable. He recommended that the National Assembly rejects the proposal.

MIN NO. TPWH 196/2021:

SUBMISSIONS FROM INSTITUTION OF ENGINEERS OF KENYA (IEK) ON THE KENYA ROADS (AMENDMENT) BILL 2021

The IEK referred to their memorandum to the Committee, through the Clerk of the National Assembly, dated 8th July 2021 on the Kenya Roads (Amendment) Bill 2021. They submitted that they were in support of the proposals contained in the Bill.

They indicated that they initially proposed not to change the term of office from three to five years, because they did not want it to coincide with elections. But later accepted the five years change upon realizing that the five-year tenure will not occasion any inconvenience.

Under clause 14 (a), the requirement of a Master's Degree was not explicitly spelled out in the current provision. They proposed an amendment to add: "a Master's degree or higher in a related field". They explained that this addition would add value to the post graduate qualification to make it relevant to the primary mandate of the Authority.

Under clause 14(b), they submitted that the current clause reads "is registered with the Engineers Board of Kenya". They proposed that it should read: "is registered with the Engineers Board of Kenya as a Professional Engineer or higher category". They explained that category of registration should be specified to preclude those who are registered at the Graduate Level and cannot therefore bear professional responsibility or temporary holders of licenses as is the case for foreign professionals.

In the same clause 14(b), they noted that the requirement for IEK membership has been dropped. They therefore recommended an amendment to add the words: "and is a member of the Institution of Engineers of Kenya". They explained that membership of IEK should be maintained to ensure that the person appointed at the helm of the organization is not only a fully qualified professional but maintains contacts with his professional peers within the Engineering fraternity for the purpose of continuous professional development to keep abreast with latest technological developments, mentorship and professional accountability. This will enable him to inspire professionalism in the organization with the benefit of strengthening the Authority/Institution.

Under clause 14(c), they noted that Post Registration experience was being reduced from 15 to 10 years. They explained that the requirement for 15 years post registration experience was critical. They submitted that 10 years post registration experience was rather too low for requisite industrial exposure at management level necessary for one to exercise the level of sound professional judgement required of the Director General. Under clause 14(d), they noted

that there was a typographical error and therefore recommended the substituting of the word “experiment” with “experience”.

MIN NO. TPWH 197/2021: **SUBMISSIONS FROM THE INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS OF KENYA (ICPAK) ON THE KENYA ROADS (AMENDMENT) BILL 2021**

ICPAK referred to their memorandum to the Committee, through the Clerk of the National Assembly, dated 30th June 2021 on the Kenya Roads (Amendment) Bill 2021.

They declared support for clause 2 of the Bill, but further submitted that re-appointment for one more term should be subject to performance evaluation by the board. They therefore proposed an amendment to Clause 2 to read “the Director-General shall hold office for a term of five years and shall be eligible for re-appointment for one more term subject to performance evaluation by the board.”

On clause 3, they submitted that the proposed qualification for the Director General was discriminatory by limiting the qualifications of Director General to civil engineer. They explained that the functions of a Director General are not technical or regulatory in nature to warrant specific professional competence and skills. They further noted that a Master’s Degree may not be necessary since it is a leadership position.

In addition to the two proposals, the Institute also proposed other amendments to the Kenya Roads Act for consideration by the Committee. This includes amendments to Section 5(2), Section 8(2) and Section 11(2) on Board members tenure and amendment to the Third Schedule on Board Committees and on the Secretary to the Board.

MIN NO. TPWH 198/2021: **SUBMISSIONS FROM THE KENYA INSTITUTE OF SUPPLIES MANAGEMENT (KISM) ON THE KENYA ROADS (AMENDMENT) BILL 2021**

KISM referred to their memorandum to the Committee, through the Clerk of the National Assembly, dated 9th July 2021 on the Kenya Roads (Amendment) Bill 2021. They proposed amendments to Section 14(a) & (b) of the Kenya Roads (Amendments) Bill, 2021 by deleting the whole of subsection (a) & (b) providing that, “A person shall be qualified for appointment as Director General if such a person is registered with the Engineers Registration Board of Kenya in the category of registered engineer in the field of highway engineering and is a member of the Institution of Engineers of Kenya; and has at least fifteen years post-registration experience in the field of road and highway engineering. In its place, they recommended to replace it with the following requirements:

- a) holds a degree in procurement and supply chain management, human resource management, finance, accounting, law or engineering from a university recognized in Kenya;
- b) has knowledge and at least ten years’ experience in the relevant field;
- c) is a member of a relevant professional body and in good standing;
- d) has served in a senior management position for a period of at least five years; and
- e) satisfies the requirement of Chapter Six of the Constitution.

MIN NO. TPWH 199/2021: **SUBMISSIONS FROM THE INSTITUTE OF HUMAN RESOURCE MANAGEMENT (IHRM) ON THE KENYA ROADS (AMENDMENT) BILL 2021**

The IHRM referred to their memorandum to the Committee, through the Clerk of the National Assembly, dated 7th July 2021 on the Kenya Roads (Amendment) Bill 2021. They proposed amendments to Section 14(a) & (b) of the Bill by deleting the whole of subsection (a) & (b) and replace it with the following requirements:

- a) holds a degree in human resource management, finance, accounting, law or engineering from a university recognized in Kenya;
- b) has knowledge and at least ten years' experience in the relevant field;
- c) is a member of a relevant professional body and in good standing;
- d) has served in a senior management position for a period of at least five years; and
- e) satisfies the requirement of Chapter Six of the Constitution.

MIN NO. TPWH 200/2021: SUBMISSIONS FROM THE STATE DEPARTMENT FOR INFRASTRUCTURE ON THE KENYA ROADS (AMENDMENT) BILL 2021

The State Department for Infrastructure was supported by the Kenya Roads Board, Engineers Board of Kenya and the Office of the Attorney General. They were all in support of the proposed Kenya Roads (Amendment) Bill 2021. The Ministry was in support of the Bill, and provided clarification on issues raised by Members as well as those raised by other stakeholders.

The Principal Secretary submitted that there was no big difference between a registered and a professional engineer. Regarding the post for Director General of the authorities, he submitted that office administration was an important aspect of that office and that you also need somebody who is competent enough to handle the gravity of the road sector. He explained that a lot is required in terms of professional knowledge at the level of the DG.

While supporting the PS submissions, the Engineers Board of Kenya observed recent accidents in county government buildings sadly point to a lack of technical competence by those who were in charge of those sectors, and that to avert those scenarios, it was necessary to go for highly trained and technical candidates. They explained that EBK supported the Bill as it will bring in professionalism. They further recommended an amendment to clause 3 of the Bill so that the new section 14(b) could read "is registered with the Engineers Board of Kenya as a professional engineer or higher". It was noted that there were three types of engineers namely; graduate engineers, professional engineers and consulting engineers.

Responding to Members questions, the office of the Attorney General explained that if the National Assembly opens up the competence requirement to include other professionals, then that would still be in order and well within the powers of the National Assembly.

MIN No. TPWH 201/2021: ADJOURNMENT

There being no other business, the sitting was adjourned at two o'clock. Next meeting to be held same day on Wednesday, the 28th day of July 2021, at 2:30pm.

BY ONYANGO K'ONYANGO

Deputy President William Ruto's allies have dismissed a planned Jubilee Party retreat, saying they have shifted to the United Democratic Alliance (UDA).

The two-day retreat will be immediately after the July 15 Kiambaa parliamentary by-election, where Dr Ruto's UDA is facing off with President Uhuru Kenyatta's Jubilee, the first direct conflict between the two parties in the President's home county.

Jubilee Deputy Secretary General Joshua Kutuny said the retreat would bring together governors, MPs and county assembly leadership allied to the President.

"The party is restructuring. We will hold a two-day retreat two

three weeks before grassroots activation," Mr Kutuny said.

"This will ensure our revamping plan is thought out and everybody contributes."

But the Dr Ruto's allies, who have for long demanded a meeting of ruling party leaders, said they are no longer interested in the affairs of Jubilee.

Muranga Senator Irungu Kang'ata said the Jubilee-Orange Democratic Movement (ODM) coalition talks have alienated many party members.

"I won't attend that meeting since the agenda is a merger with ODM," Senator Kang'ata said.

Keiyo South MP Daniel Rono said Jubilee is "too dictatorial to invite those with divergent opinions".

"We built the party but it is mistreating us. If one has a different

opinion from the party's, he is accused of disrespecting the President. This is why we will not be invited to the retreat. They fear the truth," Mr Rono said.

Kapsereet MP Oscar Sudi told the Daily Nation that he cannot attend such a meeting even if invited.

"I left Jubilee long ago. Our focus is on UDA. It is only Ruto who is left in Jubilee," Mr Sudi said.

Soy MP Caleb Kositany, who was replaced by Mr Kutuny as Jubilee deputy secretary general, said no ally of the Deputy President would be at the retreat.

"The Jubilee-ODM merger is taking us back to the tribal kingdoms we destroyed in 2017. I am in UDA though Jubilee sponsored me to the National Assembly. I cannot resign because the country is going into a General Election next year," Mr Kositany said.

Topping the agenda at the retreat is a transition plan since the President is expected to retire next year.

As part of preparations for the retreat, the party's technical committee meets today.

"The team will draft rules of engagement on areas we should focus on," Mr Kutuny said.

"Jubilee has a clear plan on how to manage the situation ahead. We knew these things would happen. The strategy was to let

ed and then Jubilee attacks later," he said.

Mr Kutuny added that President Kenyatta is working on a multi-pronged strategy that would destabilise groups saying he is not in control of the 2022 succession.

"We have a plan that will shock many when the right time comes. Allowing people to think the President is not doing anything is part of the strategy," he said.

The DP's camp accuses Jubilee bosses of failing to consult members on issues affecting the party, saying meetings are only called to punish perceived rebels.

"Jubilee is damaged. There is no constructive engagement," Dr Ruto said on Thursday last week.

REPUBLIC OF KENYA NATIONAL ASSEMBLY TWELFTH PARLIAMENT—FIFTH SESSION

In the matter of consideration by the National Assembly: The Kenya Roads (Amendment) Bill, 2021

CLARIFICATION AND INVITATION FOR SUBMISSION OF MEMORANDA

Article 118(1)(b) of the Constitution provides that, "Parliament shall facilitate public participation and involvement in the legislative and other business of Parliament and its Committees".

The National Assembly, by newspaper advertisements published on Friday, June 11, 2021, invited submission of memoranda on fourteen (14) Bills, including the Kenya Roads (Amendment) Bill, 2021 (National Assembly Bills No. 13 of 2021). The objects and reasons for the Bill as replicated in the advertisement inadvertently refer to the Bill as containing amendments to the "term of office and qualifications of the Director-General of the Kenya Roads Board".

This is to therefore clarify that the Kenya Roads (Amendment) Bill, 2021, proposes to amend section 13 of the Kenya Roads Act, 2007 to change the term of office of a Director-General appointed under the Kenya Roads Act, 2007 from three (3) to five (5) years. Currently, the Director-Generals of the Kenya National Highways Authority, the Kenya Urban Roads Authority and the Kenya Rural Roads Authority are appointed under the Act;

(b) amend section 14 of the Kenya Roads Act, 2007 to change the qualifications for appointment as a Director-General of the Kenya National Highways Authority, the Kenya Urban Roads Authority and the Kenya Rural Roads Authority; and

(c) amend section 38 and section 44 of the Kenya Roads Act, 2007 to align the Act with the provisions of the Constitution with regard to the auditing functions of the office of the Auditor-General. The Act currently refers to the defunct office of the Comptroller and Auditor-General.

The provisions of the Kenya Roads Act, 2007 that the Bill seeks to amend are reproduced verbatim in the Bill.

The Bill was read a First Time pursuant to Standing Order 127(3) of the National Assembly Standing Orders on 10th June, 2021 and committed to the Departmental Committee on Transport, Public Works and Housing for purposes of facilitating public participation.

Pursuant to Article 118 (1)(b) of the Constitution, the Clerk of the National Assembly invites interested members of the public to submit any additional written memoranda regarding the Bill. The written Memoranda may be forwarded to the Clerk of the National Assembly, P. O. Box 41842-0100, Nairobi; hand-delivered to the Office of the Clerk, Main Parliament Building, Nairobi; or emailed to clerk@parliament.go.ke; to be received on or before Friday, 9th July, 2021 at 5:00 pm.

The Bill is available at the National Assembly Table Office and can be accessed on <http://parliament.go.ke/the-national-assembly/house-business/bills>.

Attn: Transport, Public Works and Housing Committee

Dear Sir,

REF: MEMORANDUM ON ON THE KENYA ROADS (AMENDMENT) BILL, 2021

Kindly, allow me to comment on the Bill as follows:

1. The principal object of the Bill is in Sections 2 and 3 of the Bill, which seek to amend sections 13 and 14 of the Roads Act, No. 2 of 2007 to change the terms of office of and the qualifications for appointment of the Director Generals of the Kenya National Highways Authority (KENHA), the Kenya Rural Roads Authority (KERRA), and the Urban Roads Authority (KURA), which are the three authorities established under the Kenya Roads Act 2007.
2. The remaining sections 4 and 5 of the Bill seek to make mere editorial changes to sections 38 and 44 of the Roads Act, No. 2 of 2007.

3. Contrary to the above and in the most deceptive of ways, it is misleadingly stated in part in the Bill's Memorandum of Objects and Reasons, which is dated 19th April, 2021, that:

The principal object of the Bill is to amend the Kenya Roads Act, (No. 2 of 2007) to align the Act with the provisions of the Constitution with regard to the auditing functions of the Office of the Auditor-General. The Act currently refers to the defunct office of the Controller of Budget and the Auditor-General.

The Bill further seeks to amend the term of office of and the qualification for the Director-General of the Kenya Roads Board appointed under the Act. [Emphasis added.]

4. On Friday, June 11, 2021, pursuant to Article 118(1)(b) of the Constitution and Standing Order 127(3) of the National Assembly Standing Orders, the Clerk of the National Assembly published an advert in the media inviting members of the public and relevant stakeholders to submit memoranda on seven Bills, including the Kenya Roads (Amendment) Bill, 2021.
5. To make matters worse, concerning contents of the Kenya Roads (Amendment) Bill, 2021, the advert also deceptively states that:

The Kenya Roads (Amendment) Bill, 2021 (National Assembly Bill No. 13 of 2021) sponsored by the Hon. David Pkosing, MP, Pokot South Constituency, seeks to amend the Kenya Roads Act (No. 2 of 2007) to align the Act with the provisions of the Constitution with regard to the auditing functions of the Office of the Auditor-General. The Act currently refers to the defunct office of the Controller of Budget and the Auditor-General. The Bill further seeks to amend the term of office

of and the qualification for the Director-General of the Kenya Roads Board appointed under the Act. [Emphasis added.]

6. I am aggrieved that whereas the Bill seeks to amend the terms of service and qualifications of the Director Generals of KENHA, KERRA, and KURA, both the Bill's Memorandum of Objects and Reasons and the advert **CONCEAL THE TRUTH** in the following two ways:
 - a. By misleadingly claiming that **the principal object of the Bill** is to amend the Kenya Roads Act, (No. 2 of 2007) to align the Act with the provisions of the Constitution with regard to the auditing functions of the Office of the Auditor-General.
 - b. By failing to refer to the appointment of the Director-Generals of KENHA, KERRA, and KURA who are appointed under sections 13 and 14 of the Roads Act, No. 2 of 2007, and instead referring to the appointment of the **Director-General of the Kenya Roads Board who is appointed under Section 12 of the Kenya Roads Board Act, No. 7 of 1999 and is NOT appointed under any provisions of the Kenya Roads Act 2007Act.**
7. I posit that the errors in both the Memorandum and in the advert are deliberate and are designed to conceal from the public the truth about the intended amendments to the terms of office of and the qualifications for the Director-Generals of KENHA, KERRA, and KURA.
8. The errors are deliberate because National Assembly Standing Order 114(2) provides for the scrutiny by the Clerk of draft Bills. And Order 114(3)(a)(i) provides for Private Members Bills such as the instant one to be submitted to the relevant Departmental Committee for prepublication scrutiny.

9. I also point out that the deliberate and substantive reference in the Bill's Memorandum of Objects and Reasons to the Director General of the Kenya Roads Board and not to the Director-Generals of KENHA, KERRA, and KURA, is a reference to the Kenya Roads Board Act, No. 7 of 1999 and NOT to the Kenya Roads Act No. 2 of 2007, and that means that the Bill does not have a valid Memorandum of Objects and Reasons.
10. Further, apart from violating the requirements in law for transparency and accountability, and the obligation to present to the public timely, accurate information, the decision to conceal the truth that the Bill seeks to amend the terms of office of and the qualifications for the Director-Generals of KENHA, KERRA, and KURA will have a direct negative impact on the quality of public participation in the law making process.
11. It must be clearly and accurately stated for all and sundry that the Bill seeks to amend the terms of service and qualifications of the Director-Generals of KENHA, KERRA, and KURA. Any and all references to the Director-General of the Kenya Roads Board must be removed from both the Bill and the advert.
12. In the circumstances, it is necessary that this Honourable Committee intervenes to protect the legislative process from such wanton abuse by quashing both the Bill and the advert and demanding that the National Assembly publishes accurate information on the Bill in both Memorandum and in the advert calling on stakeholders and the general public to participate in the legislative process.
13. I disagree with the requirement that the Director-Generals of KENHA, KERRA, and KURA (CEOs) should be engineers. Not only is it discriminatory to require that the positions should be filled by engineers; it is nonsensical to do so in the modern world for top the leadership positions in the organisations.

14. The position of a DG (CEO) is a leadership/management not technical assignment. And around the world these positions have been opened up to all professionals. What is required is the ability to administer them, and lead the technical personnel deployed in the organisations.
15. In Kenya, the position of CEO has been opened up with remarkable results, especially in the big hospitals which are no longer run by medical doctors. Examples are Kenyatta National Hospital and Nairobi Hospital. Further and in particular the mix in CEOs in Kenya includes the following:
- (a) Kenya Power - CEO is accountant
 - (b) KENGEN - CEO is a lawyer
 - (c) KETRACO - CEO is Accountant
 - (d) Rural Electrification & Renewal Energy REREC - CEO is an accountant
 - (e) GDC Eng Jared Othieno - CEO is engineer
 - (f) KPC - CEO is Chemist
 - (g) NuPEA (nuclear Power and Energy) - CEO is an engineer
 - (h) R.E.A - Peter Mbugua - CPA-K
 - (i) NUCLEAR - Eng Collins Juma - Engineer
 - (j) KETRACO - Baraza - Finance/CPA
 - (k) KENGEN - Rebecca Miano - Lawyer
 - (l) KPLC - Bernard Ngugi - Supply Chain Expert and CPA
 - (m) K. PIPELINE - Dr Macharia Irungu - Chemist
 - (n) EPRA - Acting Daniel Kiptoo - Finance/CPA
 - (o) 8.NOC - Gideon Leparan - Strategic Planning/Economist
 - (p) Kitui Water - CPA G. KIITA
 - (q) Mavoko WSP - CPA M. Mangeli
 - (r) Nakuru Rural WSP - FCPA R. Korir
 - (s) Malindi WSP - Gerald Mwambire

-
- (t) Kisumu Water - Thomas Odongo
 - (u) Meru Water - Joseph Mberia
 - (v) Mombasa Water - Anthony Njaramba
 - (w) Mathira Water - CPA David Gathogo
 - (x) Water Sector Trust Fund - CEO Ishmael Shaiye
 - (y) Kenya Airports Authority - Banker
 - (z) TARDA - management expert

16. With the above, there is no basis for demanding that the DGs must be engineers.

Yours faithfully

SUBMISSION

ON

KENYA ROADS (AMENDMENT) BILL, 2021

JUNE 2021

INTRODUCTION

The Institute of Certified Public Accountants of Kenya (ICPAK) is a statutory body of accountants established under the Accountants Act of 1978, and as repealed under the Accountants Act Number 15 of 2008, mandated to develop and regulate the Accountancy Profession in Kenya. It is also a member of the International Federation of Accountants (IFAC), the global umbrella body for the accountancy profession and Pan Africa Federation of Accountants (PAFA), the continental body of Accountants.

SUBMISSION OF THE KENYA ROADS (AMENDMENT) BILL, 2021

The Institute has reviewed the Kenya Roads (Amendment) Bill, 2021 and has developed the following for specific consideration and adoption.

#	Provision	Concern	Recommendation	Justification
1.	Clause 2 Director General	The Institute supports this amendment. However, appointment for one more term should be subject to performance evaluation by the board.	Amend Clause 2 to read: The Director-General shall hold office for a term of five years and shall be eligible for appointment for one more term subject to performance evaluation by the board.	The road projects are long-term and therefore as the Chief Executive Officer, the two three-year terms may end before completion of some key projects.
2.	Clause 3 Qualifications of Director General	A Master's Degree may not be necessary since we are dealing with leadership.	Amend Clause 3(a) to read: <i>3(a) holds a bachelor's degree in civil engineering from a university recognized in Kenya;</i>	The Director General position requires managerial and leadership experience to steer the growth of the institutions.

In addition to these, the Institute also proposes the following amendments to the Kenya Roads Act for consideration.

#	Section	Concern	Proposal	Justification
1.	5(2), 8(2) & 11(2) Board members tenure	There is lack of succession planning in the boards since the terms of all the members' lapse at the same time. There is need to address this matter by way of providing for staggered terms.	Provide for staggered terms for the members to ensure a phased transition. A third of the members should retire in the first two years of the term	This ensures seamless transition and continuity in the management of Boards created.
2.	Third Schedule Board Committees	There is no cap on the number of committees that a Board may establish in carrying out its duties. This is subject to abuse by the Authorities.	A Board should establish a maximum of four committees; an Audit committee and three other committees to cover the following functions: <ul style="list-style-type: none"> • Governance • Risk • Compliance • Finance • Technical matters • Strategy • Human Resources A Board shall be at liberty to establish such ad hoc committees as required to deal with any ad hoc matters requiring focused attention.	This is to be in line with best practice governance practices as laid out in the Mwangozo Code.
3.	Third Schedule Secretary to the Board	Board Secretaries Currently, the Director Generals of the three authorities (Kenya National Highways Authority, Kenya Urban Roads Authority and Kenya Rural Roads Authority) serve as secretaries to the respective boards.	Each Authority should recruit a Corporate Secretary qualified in terms of the provisions of the Certified Public Secretaries of Kenya Act to serve as secretary to the board.	This is to be in line with best practice governance practices as laid out in the Mwangozo Code.

RE: THE KENYA ROADS (AMENDMENTS) BILL, 2021

We make reference to a public notice on clarification and invitation for submission of Memoranda on the Kenya Roads (Amendment) Bill, 2021.

The Kenya Institute of Supplies Management (KISM) is a corporate body established through an Act of Parliament, the “Supplies Practitioners Management Act, (2007)”. KISM is mandated to make provision for the training, registration and licensing of supplies practitioners; to regulate their practice and for connected purposes. The Institute serves as the National body for Procurement and Supply Chain Professionals in the private and public sectors in Kenya.

Pursuant to this, the Institute has taken an initiative to review the Bill and hereby submit the attached memoranda, for your reference and kind consideration.

Yours sincerely,

Dr. Martin Gachukia,
Registrar/Ag. Chief Executive Officer.

professional Body established under the Supplies Practitioners Management Act No.17 of 2007, its mandate is to make provision for the training, registration and licensing of Supplies Practitioners; to regulate their practice and for connected purposes.

RECOGNISING that the National Assembly has published The Kenya Roads (Amendments) Bill, 2021 whose principle object is to amend the Kenya Roads Act, (No. 2 of 2007) to align the Act with the provisions of the Constitution with regard to the auditing functions of the office of the Auditor General.

CONCERNED that the Bill seeks to amend the term of office and the qualifications for the Director-General of the Kenya Roads Board appointed under the Act contrary to the best Human Resource Management standards.

ALARMED that section 14 (a) requires a person to be appointed as Director General must be registered with the Engineers Registration Board of Kenya in the category of registered engineer in the field of highway engineering and is a member of the Institution of Engineers of Kenya.

DISTURBED that section 14 (b) requires a person to be appointed as Director General must have at least fifteen years post-registration experience in the field of road and highway engineering.

HAVING to respect, uphold and defend the Constitution, the Supplies Practitioners Management Act No. 17 of 2007, I verily believe that section 14 (a) & (b) of the Kenya Roads (Amendments) Bill, 2021 is in total violation of the best Human Resource Management Professionals Standards in recruitment and selection.

FEARFUL that if provisions section 14 (a) & (b) of the Kenya Roads (Amendments) Bill, 2021 are allowed to pass in the National Assembly without amendments, the position of the Director-General will be reduced into a technical position instead of elevating it to a Strategic position that is wider and that encompasses all other aspects of management as opposed to narrowing it to a mere technical job.

DRAW the attention of the Honorable the National Assembly of Kenya to the misnomer hidden in section 14 (a) & (b) of the Kenya Roads (Amendments) Bill, 2021 to conceal and make the position of the Director General an exclusive position that can only be occupied by a person of specific class but not necessarily with a person with specific attributes and competencies.

The misnomer in Section 14(a) & (b) of the proposed amendments of the Kenya Roads (Amendments) Bill, 2021 is that the section reduces the position of the Director General to a mere technical position.

All authorities have several technical staff who deal with technical matters of the authority. This therefore, should free the position of the DG to become a strategic position whose occupant deals with different aspects of management and not necessarily technical job. The position of DG must be a person who can lead teams to attain the main objectives of the authority.

The time has come for parliament of Kenya to intervene and inscribe best Procurement and Supply Chain Management practices in the recruitment and selection standards while amending the Kenya Roads (Amendments) Bill, 2021.

THEREFORE, YOUR HUMBLE PETITIONER PRAYS that the **HONOURABLE National Assembly of the Republic of Kenya** amends Section 14(a) & (b) of the Kenya Roads (Amendments) Bill, 2021 by deleting the whole of subsection (a) & (b) providing that, “A person shall be qualified for appointment as Director General if such a person-

- a) is registered with the Engineers Registration Board of Kenya in the category of registered engineer in the field of highway engineering and is a member of the Institution of Engineers of Kenya; and
- b) has at least fifteen years post-registration experience in the field of road and highway engineering.

And in its place, replace it with the following requirements:

- a) holds a degree in procurement and supply chain management, human resource management, finance, accounting, law or engineering from a University recognized in Kenya;
- b) has knowledge and at least ten years' experience in the relevant field;
- c) is a member of a relevant professional body and in good standing;
- d) has served in a senior management position for a period of at least five years and
- e) satisfies the requirement of Chapter Six of the Constitution.

PROPOSED AMENDMENTS TO ROADS ACT (AMENDMENTS), BILL 2021

COMMENTS ON THE BILL BY THE INSTITUTION OF ENGINEERS OF KENYA

(a) General Comments

The Kenya Roads Amendment Bill 2021 is a timely bill aimed at clarifying requirements and qualifications of the Director General of the various Road Authorities amongst other objectives. As members of the Engineering fraternity, we would recommend some changes to the provisions thereof to make the bill effective in the selection of well qualified professional engineers with the requisite education and experience who can not only perform their duties effectively but also act to inspire and strengthen the profession and its governing institutions, given the critical roles the authorities play in the practice of Engineering in the country.

(b) Specific Comments

Clause	CURRENT PROVISION	PROPOSED BILL	IEK Proposal	Rationale
2	Term of office for Director General is set at three years renewable once	Term of office for Director General is increased to five years	Maintain Term of office for Director General at 5 years or increase to six years.	The term of office for the Director General should not coincide with political /election cycles. That should be discouraged in order to ensure continuous uninterrupted operations even during election periods. There is need to ensure continuity and stability even during heightened political activities.

Clause	CURRENT PROVISION	PROPOSED BILL	IEK Proposal	Rationale
14 (a)	Requirement of a Masters Degree was not explicitly spelled out in the current provision	Holder of Masters degree	Add: "a Masters degree or higher in a related field"	This addition would add value to the post graduate qualification to make it relevant to the primary mandate of the Authority.
14(b)	Clearly defines the qualification as a registered Engineer	The Amendment simply states "is registered with the Engineers Board of Kenya".	The Amendment should read: "is registered with the Engineers Board of Kenya as a Professional Engineer or higher category...."	The category of registration should be specified to preclude those who are registered at the Graduate Level and can not therefore bear professional responsibility or temporary holders of licences as is the case for foreign professionals.
	Requires one to be a member of the Institution of Engineers of Kenya.	The requirement for IEK membership has been dropped	The requirement for IEK membership should be maintained. Therefore add: "and is a member of the Institution of Engineers of Kenya"	Membership of IEK should be maintained to ensure that the person appointed at the helm of the organization is not only a fully qualified professional but maintains contacts with his professional peers within the Engineering fraternity for the purpose of continuous professional development to keep abreast with latest technological developments, mentorship and professional accountability. This will enable him to inspire professionalism in the organisation with the benefit of strengthening the Authority/Institution.
14(c)	At least fifteen years' post-registration	Post Registration experience is being reduced from 15 to 10 years	The Clause should read: "has at least 15 years	Requirement for 15 years post registration experience is critical. 10 years post registration experience is rather too low for requisite industrial exposure at management level

Clause	CURRENT PROVISION	PROPOSED BILL	IEK Proposal	Rationale
14(d)	experience in the field of road and highway engineering is specified	The Amendment reads: "has at least 10 years experiment in managerial position within the roads sector"	post-registration experience in highway, road or transportation engineering"	necessary for one to exercise the level of sound professional judgement required of the Director General. This is a Typo error

RE: THE KENYA ROADS (AMENDMENT) BILL, 2021 (NATIONAL ASSEMBLY BILLS NO. 13 OF 2021)

This has reference to the Kenya Roads (Amendment) Bill, 2021 which was sponsored by Hon. David Pkosing, MP, the Chairperson of the Departmental Committee on Transport, Public Works and Housing of the National Assembly and was read for the first time in the National Assembly on the 10th June, 2021. A copy of the Bill is enclosed herewith for your ease of reference.

The principal object of the Bill is to amend the Kenya Roads Act (No. 2 of 2007) to align the Act with the provisions of the Constitution with regard to the auditing functions of the office of the Auditor-General; and with regard to the term of office of the Director-General of the Kenya Roads Board.

The Bill proposes to:

- (a) amend section 13 (3) of the Act to provide that the term of the Director-General of the Kenya Roads Board shall be five years instead of three years;
- (b) repeal and replace section 14 of the Act which which deals with the qualifications required for a person to be appointed as the Director-General;
- (c) amend section 38 of the Act to delete all references to "Controller and Auditor-General" and replace them with "Auditor-General" and delete all references to "Public Audit Act, 2003" and replace them with "Public Audit Act, 2015"; and

- (d) amend section 44 of the Act to align the reporting functions of Auditor-General under the Act with the proposed amendments to section 38.

We have reviewed the Bill and identified the following issues that have significant policy and statutory implications:

Clause 2

Clause 2 of the Bill proposes to change the tenure of the Director-General from three years to five years. Please note that the amendment in its current form provides that a person appointed as the Director-General may serve one term of five years and be eligible to serve for one more term of five years.

Clause 3

- (a) Clause 3 proposes to repeal section 14 and replace it with a new section. The existing provision provides that for a person to be qualified to be appointed as the Director-General, that person shall:
 - (i) be registered with the Engineer's Registration Board of Kenya in the category of registered engineer in the field of highway engineering and be a member of the Institution of Engineers of Kenya; and
 - (ii) have at least fifteen years' post-registration experience in the field of road and highway engineering.
- (b) The relevant provisions of the proposed new section 14 provide that for a person to be appointed as the Director-General, that person shall possess the following qualifications:
 - (i) a bachelor's degree in civil engineering and a master's degree from a university recognized in Kenya;
 - (ii) be registered with the Engineers Board of Kenya; and
 - (iii) fifteen years' experience with at least ten years' post-registration experience.
- (c) The key differences between the two set of qualifications are:
 - (i) under the existing provision, the person must be registered with the Board in the category of registered engineer in the field of highway engineering while in the proposed provision, the person may be registered in any field of engineering; and
 - (ii) under the existing provision, the person must have fifteen years' post-registration experience while in the proposed provision, the period has been shortened to ten years.

The purpose of this letter is to seek your policy guidance on the Bill at your earliest convenience.

Dear Sir,

RE: INVITATION TO SUBMIT MEMORANDA - THE KENYA ROADS (AMENDMENT) BILL, 2021 (NATIONAL ASSEMBLY BILL NO. 13 OF 2021)

Reference is made to the Kenya Roads (Amendment) Bill, 2021 and the advertisement that appeared in The Standard Newspaper on 11th June 2021 inviting submission of Memoranda on the same.

The Board notes that:

'The principal object of the Bill is to amend the Kenya Roads Act, (No. 2 of 2007) to align the Act with the provisions of the Constitution with regard to the auditing functions of the Office of the Auditor-General. The Act currently refers to the defunct office of the Controller of Budget and the Auditor-General.

'The Bill further seeks to amend the term of office of and the qualification for the Director-General of the Kenya Roads Board appointed under the Act'.

The Kenya Roads (Amendment) Bill seeks to amend the appointment of and the qualification for the Directors General of Kenya National Highways Authority, Kenya Rural Roads Authority and Kenya Urban Roads Authority. The reference made to the Director-General of Kenya Roads Board is therefore causing anxiety to the Board, and is misleading to the general public.

* [The Board submits that there is an error in the Memorandum of Objects and Reasons of the Kenya Roads (Amendment) Bill, 2021 and the advertisement inviting submissions on the same. You are therefore requested to correct the error by replacing all references to the Director-General of Kenya Roads Board with the

Director-General of the other road agencies, namely Kenya National Highways Authority, Kenya Rural Roads Authority and Kenya Urban Roads Authority.

In conclusion, the Board supports the proposed amendments to the Kenya Roads (Amendment) Bill, 2021 subject to correction of the error noted above.

Yours *Sincerely,*

Dear Sir

**RE: INVITATION TO SUBMIT MEMORANDA - THE KENYA ROADS
 (AMENDMENT) BILL, 2021 (NATIONAL ASSEMBLY BILL NO.
 13 OF 2021)**

Reference is made to the Kenya Roads (Amendment) Bill, 2021 and the advertisement that appeared in The Standard Newspaper on 11th June 2021 inviting submission of Memoranda on the same.

The Memorandum of Objects and Reasons for the Kenya Roads (Amendment) Bill, 2021 states that:

'The principal object of the Bill is to amend the Kenya Roads Act, (No. 2 of 2007) to align the Act with the provisions of the Constitution with regard to the auditing functions of the Office of the Auditor-General. The Act currently refers to the defunct office of the Controller of Budget and the Auditor-General.

'The Bill further seeks to amend the term of office of and the qualification for the Director-General of the Kenya Roads Board appointed under the Act'.

The Kenya Roads (Amendment) Bill seeks to amend section 13 and to repeal Section 14 of the Kenya Roads Act 2007 and replace the same with a new section for the appointment of and the qualification for the Directors General(s) of Kenya National Highways Authority, Kenya Rural Roads Authority and Kenya Urban Roads Authority.

DIRECTOR GENERAL
RECEIVED
 08 JUL 2021
 Directorate of Departmental Committees

However, the Statement of Objects and Reasons in support of the bill erroneously refer to the Director-General of Kenya Roads Board provided for under the Kenya Roads Board Act 1999. It is noted all the proposed amendments relate to the Kenya Road Act 2007 and have no effect on the Kenya Roads Board Act 1999

The State Department of Infrastructure submits that there is an error in the Memorandum of Objects and Reasons of the Kenya Roads (Amendment) Bill, 2021 and the advertisement inviting submissions on the same.

To ensure the Kenya Roads (amendment) bill has a valid Memorandum of Objects and Reasons you are requested to correct the error by replacing all references to the Director-General of Kenya Roads Board with the Director-General(s) of the road agencies, namely Kenya National Highways Authority, Kenya Rural Roads Authority and Kenya Urban Roads Authority.

The State Department for Infrastructure supports the proposed amendments to the Kenya Roads (Amendment) Bill, 2021 subject to correction of the error noted above.
