National Environment Management Authority Chairperson's report For the year ended 30th June 2012

Chairperson's report on the financial statements

It is my pleasure to present to you the financial statements for the year ended 30 June 2012. We have once again continued to manage our environment by strict implementation of the environmental regulations as our revenue collections continue to grow.

Despite the macro-economic shocks of the financial year and the operation challenges that accomparated them, our overall operating environment remained favourable during the year. We have continued to make substantial investment in our infrastructure and training to meet the ever increasing challenges of management of environment in the country.

In the context of operating within a dynamic environment, NEMA is on an exciting journey where relevant issues that dominate both the local and global agenda such as climate change, Ozone layer depletion, descrification, deforestation, Loss of Biodiversity, carbon disclosure and renewable energy are among its priority considerations. It is a time that sustainable development is a global agenda and as the governmental principal environment watchdog, it is vital that the Authority maintains focus in attaining both its vision and mission. The Authority recognizes the right for a clean and healthy environment for all as captured in the new constitution arad will accord Kenyans their right. This is despite the challenges facing the world which include rapid globalization and urbanization, pervasive poverty, unsustainable consumption patterns and population growth.

As challenges continue to mar sustainable management of the environment, NEMA will strike a balance between the search for sustainability and the need to accord a clean and healthy environment for all.

On behalf of NEMA board of management, I wish to recognise with gratitude the vital support and trust that we have continued to receive from our lead agencies, customers and other stakeholders. I wish to also thank the Government of Kenya for recognizing the need for sustainable development.

Needless to say, even as the sector continues to play a significant role in economic development, the active backing by the Government and other stakeholders is essential for sustainable development.

As I conclude, I would like to thank the Board for its support and wise counsel. The Board joins me in appreciating the Director General and management team for their hard work and commendable efforts in the management of the environment in the face of operation and economic challenges. I also wish to express our deep appreciation to all members of staff for their commitment and dedication

I therefore wish to present this Annual Report and Accounts as a transparent reflection of NEMA's undertakings in the financial year 2011/2012.

Mr Maluki Mwendwa

Chairperson

Nairobi 4/04/2013

Director General's report on the financial statements

It gives me great pleasure to present NEMA's Annual Report and Accounts for the year ended 30th June 2012. I take note that the Operations of the Authority declined from a surplus of kshs 40,313,253 to a deficit of ksh 133,294,501 and that Revenue collection rose from ksh. 266,184,691 in the year ended 30 June 2011 to ksh 307,636,560 in the year ended 30th June 2012.

The financial year under review the Authority received authority from treasury to utilize Ksh233 million from reserves. This resulted in the current year deficient of Sh. 133,294,501 as part of the expenditures were funded from reserves while the rest were funded from current year grants and income.

The Authority's government's grants (recurrent) decreased from Kshs 663,127,502 to Kshs 551,789,249 in the year ended June 30th 2012. Donor funds continue to play an integral part in the management of the Environment. Donor funds namely Natural Resource Management (NRM) Programme, Kenya Coastal Development Project (KCDP), The European Union ReCoMaP, National Capacity Self Assessment (NCSA), just mention a few decreased to Ksh 69,174,990 from Kshs 80,005,580

The performance of the Authority is directly related to the adherence to environmental regulations by all. NEMA is not against development but calls on the need of sustainable development. In order to mitigate against environmental degradation, we shall remain focused on timely implementation of our strategies, regulations and plans to improve the environment while at the same time permitting sustainable development.

As we look into the future, we are optimistic that with the strategies and regulations in place, and with the continued support of lead agencies, the Government, customers, development partners and other stakeholders, the Authority's good performance will be sustained.

I wish to express my appreciation to my fellow Directors, Company staff, the Government, lead agencies, stakeholders and our development partners, for their support and contribution to our success.

Prof. Geoffrey Wahangu

Director General

National Environment Management Authority Report of the directors For the year ended 30th June 2012

The directors submit their report together with the audited financial statements for the year ended 30th June 2012, which disclose the state of affairs of the Authority.

Principal activities

The principal activities of the Authority are to exercise general supervision and co-ordination over all matters relating to the environment and to be the principal Instrument of Government in the implementation of all policies relating to the environment.

The net deficit for the year of Shs 133,294,501 (2011: surplus of Shs 40,313,253) has been charged to Revenue Reserves.

Directorate

The directors who held office during the year and to the date of this report are set out on page 1.

Auditor

The Auditor General continues in office in accordance with the State Corporations Act.

By order of the board

Mr Maluki Mwendwa

Chairperson

Nairobi 4th Ap 2ll 2012

Prof. Geoffrey Wahungu Director General The State Corporations Act requires the directors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the authority as at the end of the financial year. It also requires the directors to ensure that the authority maintains proper accounting records that disclose, with reasonable accuracy, the financial position of the authority. The directors are also responsible for safeguarding the assets of the authority.

The directors accept responsibility for the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error. They also accept responsibility for:

- i) designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial statements;
- ii) selecting and applying appropriate accounting policies; and
- iii) making accounting estimates and judgements that are reasonable in the circumstances.

The directors are of the opinion that the financial statements give a true and fair view of the state of the financial affairs of the Authority as at 30th June 2012 and of its income/expenditure and cash flows for the year then ended in accordance with the International Financial Reporting Standard for Public Sector and the requirements of the State Corporations Act.

Nothing has come to the attention of the directors to indicate that the Authority will not remain a going concern for at least twelve months from the date of this statement.

Mr Maluki Mwendwa

Chairperson

P.O. Box 30084_00100 NAIROBI

KENYA NATIONAL AUDIT OFFICE

REPORT OF THE AUDITOR-GENERAL ON NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY FOR THE YEAR ENDED 30 JUNE 2012

REPORT ON THE FINANCIAL STATEMENTS

Management Authority set out on pages 8 to 18, which comprise the statement of financial position as at 30 June 2012, and the statement of comprehensive income, statement of changes in capital fund and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information, in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 14 of the Public Audit Act, 2003. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these transparation is accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 13 of the Public Audit Act. 2003.

Auditor-General's Responsibility

My responsibility is to express an opinion on these financial statements based on the audit and report in accordance with the provisions of Section 15(2) of the Public Audit Act, 2003 and submit the audit report in compliance with Article 229(7) of the Constitution of Kenya. The audit was conducted in accordance with International Standards on Auditing. Those standards require compliance with ethical

requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

1. Property, Plant and Equipment

As previously reported, property, plant and equipment balance of Kshs. 139,564,020 includes nine (9) motor vehicles whose log books were not availed for audit review, apparently because the ownership documents had not been transferred to the Authority by the respective Government Ministries and Departments as at 30 June 2012.

In absence of the log books, it has not been possible to ascertain that the property, plant and equipment balance of Kshs.139,564,020 as at 30 June 2012 is fairly stated.

2. Trade and Other Receivables

The trade and other receivables balance of Kshs.41,583,121 as at 30 June 2012 includes outstanding imprests of Kshs.23,538,476 out of which Kshs.3,490,118 relate to staff who have since left the Authority and Kshs.675,100 was supposedly accounted for but no evidence was availed for audit verification.

Under the circumstances, it has not been possible to confirm the trade and other receivables balance of Kshs.41,583,121 as at 30 June 2012.

Qualified Opinion

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of the Authority as at 30 June 2012, and of its

financial performance and its cash flows for the year then ended, in accordance with International Financial Reporting Standards and comply with Environmental Management and Coordination Act, 1999.

Edward R.O. Ouko, CBS AUDITOR-GENERAL

Nairobi

NOTES

1. General Information

The National Environment Management Authority is a State Corporation established by the Environmental Management and Co-ordination Act No. 8 of 1999 of the Laws of Kenya. The principal activities of the Authority are to exercise general supervision and co-ordination over all matters relating to the environment and to be principal Instrument of Government in implementation of all policies relating to the environment.

2. Significant Accounting Policies

(a) Basis of preparation

These financial statements have been prepared on a going concern basis and in compliance with the International Financial Reporting Standard for Public Sector issued by the International Accounting Standards Board. The measurement basis used is the historical cost basis except where otherwise stated in the accounting policies below.

(b) Property, plant and equipment

All property, plant and equipment are initially recorded at cost and thereafter stated at historical cost less depreciation. Depreciation is calculated on the reducing balance to write down the cost of each asset to its residual value over its residual value over its residual value over its estimated useful life using the following rates:

Motor Vehicle 25% Furniture & Fittings 12.5% Computer & Printers 30% Office Equipment 12.5%

Land & buildings 2.5%

On disposal, the difference between the net disposal proceeds and the carrying amount of the item sold is recognised in Statement of Comprehensive Income.

(c) Inventories

Stationaries, Computer accessories and other consumable materials are expended in the year of purchase upon issue from stores.

(d) Cash and cash equivalents

For the purposes of the cash flow statement, cash and cash equivalents comprise cash in hand and deposits held at call with banks, net of bank overdrafts. In the balance sheet, bank overdrafts are included within borrowings in current liabilities.

(e) Financial assets

Trade and other receivables are initially recognised at the transaction price. At the end of each reporting period, the carrying amounts of trade and other receivables are reviewed to determine whether there is any objective evidence that the amounts are not recoverable. If so, an impairment loss is recognised immediately in Statement of comprehensive incomes.

(f) Financial liabilities

Financial liabilities are initially recognised at the transaction price (including transaction costs). Trade payables are obligations on the basis of normal credit terms and do not bear interest.

(g) Employee benefits - post-employment benefits

The company and its employees also contribute to the National Social Security Fund (NSSF), a national defined contribution scheme. Contributions are determined by local statute and the company's contributions are charged to profit or loss in the year to which they relate.

The company contributes to a defined contribution staff retirement benefit scheme for its permanent and pensionable employees. The assets of this scheme are held in a separate trustee administered fund. The company's contributions to the defined contribution retirement benefit scheme are charged to the income statement in the year to which they relate. The scheme is funded by contributions from both the employees and employer. Benefits are paid to retiring staff in accordance with the scheme rules.

(h) Currency

The financial statements are prepared and presented in Kenya Shillings (Kshs.)
