Comparative FY	Financial year preceding the current financial year.

2. PROJECT INFORMATION AND OVERALL PERFORMANCE

2.1 Name and registered office

Name: SAFE ROADS / USALAMA BARABARANI PROGRAMME

Objective: The overall objective of the grant is to contribute towards enhancing road traffic safety in Kenya through road safety programmes and projects that will see a reduction in the number of fatalities per inhabitant due to road traffic crashes by 15%.

Address: The project headquarters offices are Nairobi, Kenya.

The address of its registered office is:

**NATIONAL TRANSPORT AND SAFETY AUTHORITY (NTSA)
316, Upper Hill Chambers, 2nd Ngong Avenue**

Contacts: The following are the project contacts

Telephone: (254) MOBILE NO: +254 722 477 704
E-mail: george.njao@ntsa.go.ke
Website: www.ntsa.go.ke

2.2 Project Information

Project Start Date:	The project start date is 1 st March 2020
Project End Date:	The project end date is 31 st August 2024
Project Manager:	The project manager is Dr Duncan Kibogong
Project Sponsor:	The project sponsor is European Delegation to the Republic of Kenya P.O. Box 45119-00100 Nairobi, Kenya

2.3 Project Overview

Line Ministry/State Department of the project	The project is under the supervision of the Ministry of Interior & Coordination of National Government Harambee House, Harambee Avenue P.O Box 30510,00100 Nairobi. Tel: +254-20-2227411
Project number	No KE/FED/037-778
Strategic goals of the project	The strategic goal of the project is:

Safe Roads/Usalama Barabarani
Reports and Financial Statements
For the financial period ended June 30th, 2023 (KShs)

	Contribute to strengthen the National Transport and Safety Authority in implementing policies related to road safety and ensuring the provision of safe, reliable and efficient road transport services
Achievement of strategic goals	<p>The project management aims to achieve the goals through the following means:</p> <ul style="list-style-type: none"> • Improved capacity of NTSA; • Established County Transport and Safety Committees (CTSCs) to enhance road safety management; • Increased public awareness on road safety; • Improved driver training and testing; • Developed road safety engineering and road safety audits.
Other important background information of the project	The project pilot counties are Makueni, Nairobi, Nakuru, Kericho, Kisumu and Kakamega
Current situation that the project was formed to intervene	<p>The project was formed to intervene in the following areas:</p> <p>(i) Road Safety Management; including Capacity Building of NTSA, County Transport & Safety Committees and Road safety research and audits;</p> <p>(ii) Safer Road Users; including driver training and testing and Road Safety Awareness/Public Education.</p>
Project duration	The project started on 1 st March 2020 and is expected to run until 31 st August 2024

2.4 Bankers

The following are the bankers for the current year:

Kenya Commercial Bank
Kencom House, Moi Avenue

Total	2,200,055	280,714,639	165,322,083	904,370	115,392,556

2.8 Summary of Overall Project Performance:

The project is in the third year of implementation and activities undertaken during the period under review were targeted towards the achievement and performance of outputs, outcomes, and impacts.

During the period under review the budget performance was 26% for both counterpart funding and foreign grants. The cumulative performance to date is 41% where foreign grants stood at 49% whereas counterpart funding was 11%.

During the period under review, six County Road Safety Action Plans were developed, validated and adopted. Various road safety campaigns were conducted across various media such as radio, TV, newspaper and digital. The campaigns on TV and radio for each of the prior project years included at least 50 TV and radio stations categorized into; vernacular radio stations with national coverage, community based radio stations, community based television stations and youth content television stations. Sensitization workshops targeting vulnerable groups such as school children, PSV drivers and motorcyclists were also undertaken in the six pilot counties under the project.

Nine road safety audits were also conducted during the period under review. The reports were also finalized and submitted to the respective road agencies for corrective action with an aim to reduce road fatalities and crashes. The programme also trained a total of 35 engineers and road safety officers on road safety audits during the period under review.

The absorption rate for the project was 1% for FY 2019/20, 64% for the FY 2020/21, 21% for the FY 2021/22 and 26% for the FY 2022/23. It is worth noting that whereas that the project duration is for 4.5years and thus 3.3-year period has lapsed, it was observed that the project activity stagnated significantly following the impact of the Covid-19 pandemic and slow disbursement of funds during its initial stages that led to the loss of around two years at project inception. Other challenges that led to the slow absorption are also highlighted in the next section.

2.8.1 Project Implementation Challenges

- (i) Delayed approval of the project addendum that changed the mode of implementation of the project. This meant that the consultancies under the project could not commence until the addendum was fully approved and signed.
- (ii) The electioneering period saw a slowdown in the implementation of some activities that involved one on one engagement with the vulnerable road users.
- (iii) Lack of counterpart funding from the Government. The GOK counterpart under the FY 2022/23 was revised during the Supplementary Estimates and hence no counterpart was received from the GOK budget. The counterpart received was from the Authority's internally generated revenues which may not be sustainable in the short to medium term.

2.8.2 Way Forward

- (i) Ensure the project is adequately provided for in the Budget through early engagement with the State Department for Transport and The National Treasury.

2.9 Summary of Project Compliance:

In the period under review there were no cases of non-compliance with applicable laws and regulations, and essential external financing agreements/covenants,

3. STATEMENT OF PERFORMANCE AGAINST PROJECT’S PREDETRMINED OBJECTIVES

Introduction

Section 81 (2) (f) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Accounting Officer when preparing financial statements of each National Government entity in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of the national government entity’s performance against predetermined objectives.

The key development objective of the grant is to contribute to strengthen the National Transport and Safety Authority in implementing policies related to road safety and ensuring the provision of safe, reliable and efficient road transport.

Progress on attainment of Strategic development objectives

For purposes of implementing and cascading the above development objective to specific sectors, the development objective was made specific, measurable, achievable, realistic and time-bound (SMART) and converted into development outcomes. Attendant indicators were identified for reasons of tracking progress and performance measurement: Below we provide the progress on attaining the stated objectives:

Project	Objective	Outcome	Indicator	Performance
Safe Roads/Usalama Barabarani	contribute to strengthen the National Transport and Safety Authority in implementing policies related to road safety and ensuring the provision of safe, reliable and efficient road transport.	Improved capacity of the NTSA staff as a solid foundation for sustainable Road Transport system in Kenya	% of trained staff	During the FY no staff were trained. A consultant was procured during the period and finalized the skills gap, training needs analysis and training plan. The report will be implemented in the subsequent period.

**Safe Roads/Usalama Barabarani
Reports and Financial Statements
For the financial period ended June 30th, 2023 (KShs)**

Project	Objective	Outcome	Indicator	Performance
		Enhanced operations of County Transport and Safety Committees (CTSCs) in the 6 pilot counties	% progress of equipping CTSCs	The procurement of computers is pending budget reallocation for the equipping to be completed.
			No. of draft County Road Safety Action Plans completed	6 CRSAPs were developed, validated and adopted during the period.
		Increased public education and awareness on road safety	% of school curriculum on road safety developed	25% Contract signed with Kenya Institute of Curriculum Development and activities commenced during the period.
			No. of road safety campaigns conducted	Three main campaigns were conducted during the FY.
			No of sensitization workshops held	10 workshops held in the pilot counties
		Improved driver training and testing	% completion of automation for driver testing and training	10% Contract signed and consultancy commenced during the period.

**Safe Roads/Usalama Barabarani
Reports and Financial Statements
For the financial period ended June 30th, 2023 (KShs)**

Project	Objective	Outcome	Indicator	Performance
		Road safety audits and road safety improvement programmes	No. of road safety audits conducted	During the FY nine RSAs were conducted.

Sensitization Events

Sensitization of boda boda riders and PSV drivers in Naivasha during the month of June 2023.

Sensitization of boda boda riders in Elburgon and Subukia, Nakuru County in May 2023

Sensitization of market vendors at Sultan Hamud and Emali markets, Makeni County

Sensitization of school children at A.I>C Tusunini and St John Bosco Murungu in Makeni County

Development, Validation and Adoption of CRSAPs

CRSAP workshop bringing together the six County Transport and Safety Committees (CTSCs) held in Naivasha in May 2023

Road Safety Audit Training

Training of road safety auditors from three road agencies and representatives of the six pilot counties.

4. ENVIRONMENTAL AND SUSTAINABILITY REPORTING

Below is a brief highlight of our activities that drive towards sustainability.

1. Sustainability strategy and profile

The action targets to initially cover and support six pilot counties out of 47 counties in the country. NTSA will continue with the implementation of interventions and road safety enhancement strategies identified through the project in all the remaining counties to ensure that the programme achieves a sustained positive effect.

2. Environmental Performance

The Authority is a responsible entity and is committed to ensuring a safe and clean environment devoid of all forms of pollution. During the period ended 30th June 2023, the Authority undertook a tree planting exercise in selected regional offices and regions to promote tree planting and inculcate the culture of afforestation among its key player commonly known as Public Service vehicle.

To address reduction of carbon emission by unroadworthy vehicles, the Authority with support from key development partners which include the World bank and the European Union has commenced and partially rolled out within its inspection centres, a component of assessing the level of carbon emission for vehicles under inspection. It is anticipated that as this initiative will go a long way in mitigating the air pollution and in effect contribute to environmental preservation and sustainability.

3. Employee welfare

The Authority's hiring process is guided by the Human Resource Policies & Procedure manual which in itself is aligned to the Public Service Polices and Employment Act,2007. Moreover, the Authority has in place the Gender & Disability Mainstreaming policies and committees which is used to promote affirmative action on matters Gender and disability in recruitment.

Members of staff are eligible and are in fact trained as part of career progression and capacity building. The Authority has put in place a Career Progression Manual which informs actions taken under staff progression and rewards system. Further, appraisals are done semi-annual and the same has continuously been used as basis for promotion.

As a matter of compliance, the Authority has in place a fully trained committee to deal with matters occupational safety & health at the workplace in accordance with the Occupational Safety and Health Act of 2007, (OSHA.)

The hiring process under the project is guided by the NTSA Human Resources manual and procedures. Staff under the project are also appraised periodically in line with Government procedure, this is undertaken at least twice a year.

4. Market place practices-

The organisation should outline its efforts to:

a) Responsible Supply chain and supplier relations-

Through adherence to the Public Procurement & Disposals Act, Regulations, the project ensures it maintains responsible supplier relations and payment practices by ensuring compliance to credit terms as set out in the various engagements/contracts.

b) Responsible ethical practices

The project ensures and maintains ethical and anti- corruption practices and responsible political involvement through adherence to set laws and regulations. In addition the Authority has Integrity Assurance Officers and a Corruption Prevention Committee that reports to the Ethics and Anti-Corruption Commission on a quarterly basis.

c) Regulatory impact assessment

The project ensures the rights of citizens and stakeholders are safeguarded during its implementation.

5. Community Engagements

The project targets to improve the livelihoods of the community through public education and awareness on road safety. This involves distribution of IEC materials to the targeted groups under the project that includes pedestrians, youth, school children, motorcyclists amongst other key groups.

5. STATEMENT OF PROJECT MANAGEMENT RESPONSIBILITIES

The Director General for the National Transport and Safety Authority (NTSA) and the Head-Project Management team for Safe Roads / Usalama Barabarani programme are responsible for the preparation and presentation of the Project's financial statements, which give a true and fair view of the state of affairs of the Project for and as at the end of the financial year (period) ended on June 30, 2023.

This responsibility includes: (i) maintaining adequate financial management arrangement and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Project; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statement, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the Project; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Director General for the National Transport and Safety Authority and the Head-Project management team for Safe Roads / Usalama Barabarani programme accept responsibility for the Project's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards.

The Director General for the National Transport and Safety Authority and the Head- Project management team for Safe Roads / Usalama Barabarani programme are of the opinion that the Project's financial statements give a true and fair view of the state of Project's transactions during the financial year/period ended June 30, 2023, and of the Project's financial position as at that date. The Director General for National Transport and Safety Authority and the Head of Project management team for Safe Roads / Usalama Barabarani programme further confirm the completeness of the accounting records maintained for the Project, which have been relied upon in the preparation of the Project financial statements as well as the adequacy of the systems of internal financial control.

***Safe Roads/Usalama Barabarani
Reports and Financial Statements
For the financial period ended June 30th, 2023 (KShs)***

The Director General for the National Transport and Safety Authority and the Head-Project management team for Safe Roads / Usalama Barabarani programme confirm that the Project has complied fully with applicable Government Regulations and the terms of external financing covenants, and that Project funds received during the financial year/period under audit were used for the eligible purposes for which they were intended and were properly accounted for.

Approval of the Project financial statements

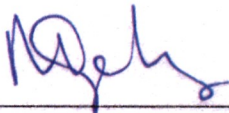

The Project financial statements were approved by the Director General for National Transport and Safety Authority and the Head-Project management team for Safe Roads / Usalama Barabarani programme on 30th June, 2023 and signed by them

REPORT OF THE AUDITOR-GENERAL ON SAFE ROADS/USALAMA BARABARANI CREDIT NUMBER KE/FED/37-778 FOR THE YEAR ENDED 30 JUNE, 2023 – NATIONAL TRANSPORT AND SAFETY AUTHORITY

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure Government achieves value for money and that such funds are applied for the intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment and the internal controls, developed, and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Opinion

I have audited the accompanying financial statements of Safe Roads/Usalama Barabarani project set out on pages 1 to 21 which comprise of the statement of financial assets as at 30 June, 2023, and the statement of receipts and payments, statement of cash flow and the statement of comparison of budget and actual amounts for the year

Report of the Auditor-General on Safe Roads/ Usalama Barabarani project Credit Number KE/FED/037-778 for the year ended 30 June, 2023 - National Transport and Safety Authority

then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, the financial statements present fairly, in all material respects, the financial position of The Safe Roads/Usalama Barabarani project Credit Number: KE/FED/037-778 as at 30 June, 2023, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with the Financing Agreement between the European Commission and the Republic of Kenya dated 25 April, 2016 and the Public Finance Management Act, 2012.

Basis for Opinion

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Safe Roads/Usalama Barabarani project Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of Matter

1. Budgetary Control and Performance

The statement of comparison of budget and actual amounts reflects total budgeted receipts amount of Kshs.205,136,159 against actual receipts amount of Kshs.4,341,481 resulting in an under-collection of Kshs.200,794,678 or 98% of the budget. Similarly, the statement reflects total budgeted expenditure of Kshs.205,136,159 against actual payments of Kshs.53,642,156 resulting in an under-expenditure of Kshs.151,494,003 or 74%. of the budgeted expenditure. Major under- expenditures of budgeted amount were noted under purchase of goods and services and acquisition of assets with variances of Kshs.136,783,892 and Kshs.13,676,189 respectively.

The under-collection of receipts and under-expenditure is an indication that the Project may have not achieved the planned objectives.

2. Undrawn Loan Balance

Section 2.7 on funding summary indicates that the project is for a duration of 4.5 years from 1 March, 2020 to 31 August, 2024 and with an approved budget of EUR 5,375,000 equivalent to Kshs.685,819,635. As at 30th June 2023, the project had operated for 3.3 years or 73% of the project period. However, it was noted that as at 30 June, 2023, an amount of Kshs.280,714,639 equivalent to 41% had been drawn leaving an undrawn balance of Kshs.405,104,996 or 59% to be drawn within the remaining 1.2 years remaining to the end of project period. Further, out of the total funds drawn of

Kshs.280,714,639, only Kshs.165,452,917 or 59% had been utilized as at 30 June, 2023 while the balance of Kshs.115,261,722 or 41% remained unutilized. In addition, out of the total commitment of counterpart funding amounting to Kshs.137,163,927, only an amount of Kshs.14,394,451 had been received as at 30 June, 2023 which was extremely low (10%).The absorption rate of the funds is slow, an indication that the project may not be completed within the one-year remaining period.

My Opinion is not modified due to the effects of the matters.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matters

Unresolved Prior Year Issues

In the audit report of the previous year, several issues were raised under Basis for Qualified Opinion and in the Report on Lawfulness and Effectiveness in Use of Public Resources section. These issues remained unresolved contrary to Section 149(2)(I) of the Public Finance Management Act, 2012 which require the Accounting Officers designate to try to resolve any issues resulting from an audit that remain outstanding.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by Finance Agreement, I report based on my audit, that:

- i. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit;
- ii. In my opinion, adequate accounting records have been kept by the Project, so far as appears from the examination of those records; and,
- iii. The Project financial statements are in agreement with the accounting records and returns.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Project's ability to continue to sustain its services, disclosing as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Project or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Project's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and review of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal controls may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Project's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Project to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Project to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and where applicable, related safeguards.

CPA Nancy Gathungu, CBS
AUDITOR-GENERAL

Nairobi.

11. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of these financial statements are set out below:

a) Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of accounting, as prescribed by the PSASB and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions. The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

The accounting policies adopted have been consistently applied to all the years presented.

b) Reporting entity

The financial statements are for the Project Safe Roads/Usalama Barabarani under National Government of Kenya. The financial statements encompass the reporting entity as specified in the relevant legislation PFM Act 2012 .

c) Reporting currency

The financial statements are presented in Kenya Shillings (KShs), which is the functional and reporting currency of the Project and all values are rounded to the nearest Kenya Shilling.

Significant Accounting Policies (Continued)

d) Recognition of receipts

The Project recognizes all receipts from the various sources when the event occurs, and the related cash has actually been received by the Government/Project.

i) Transfers from the Exchequer

Transfer from Exchequer is be recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

ii) External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

iii) Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognized in the financial statements the time associated cash is received.

iv) Donations and grants

Grants and donations shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/donation in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice.

Significant Accounting Policies (Continued)

v) Proceeds from borrowing

Borrowing includes Treasury bill, treasury bonds, corporate bonds, sovereign bonds and external loans acquired by the Project or any other debt the Project may take on will be treated on cash basis and recognized as a receipt during the year they were received.

vi) Undrawn external assistance

These are loans and grants at reporting date as specified in a binding agreement and relate to funding for the Project currently under development where conditions have been satisfied or their ongoing satisfaction is highly likely and the project is anticipated to continue to completion. An analysis of the Project's undrawn external assistance is shown in the funding summary

e) Recognition of payments

The Project recognises all payments when the event occurs, and the related cash has actually been paid out by the Project.

i) Compensation of employees

Salaries and Wages, Allowances, Statutory Contribution for employees are recognized in the period when the compensation is paid.

ii) Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. If not paid for during the period where goods/services are consumed, they shall be disclosed as pending bills.

Significant Accounting Policies (Continued)

iii) Interest on borrowing

Borrowing costs that include interest are recognized as payment in the period in which they incurred and paid for.

iv) Repayment of borrowing (principal amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. The stock of debt is disclosed as an annexure to the consolidated financial statements.

v) Acquisition of fixed assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

f) In-kind donations

In-kind contributions are donations that are made to the Project in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Project includes such value in the statement of receipts and payments both as

Significant Accounting Policies (Continued)

receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

g) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

h) Restriction on cash

Restricted cash represents amounts that are limited/restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation. Amounts maintained in deposit bank accounts are restricted for use in refunding third part deposits.

i) Receivables, Imprests and Advances

For the purposes of these financial statements, receivables, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

Significant Accounting Policies (Continued)

j) Contingent Liabilities

A contingent liability is:

- a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- b) A present obligation that arises from past events but is not recognised because:
 - i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
 - ii) The amount of the obligation cannot be measured with sufficient reliability.

Some of contingent liabilities may arise from: litigation in progress, guarantees, indemnities. Letters of comfort/ support, insurance, Public Private Partnerships,

The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

Annex 5 of this financial statement is a register of the contingent liabilities in the year.

k) Contingent Assets

(The Entity) does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of *(the Entity)* in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

Significant Accounting Policies (Continued)

l) Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the Project at the end of the year. When the pending bills are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

m) Budget

The budget is developed on a comparable accounting basis (cash basis), the same accounts classification basis (except for accounts receivable - outstanding imprest and clearance accounts and accounts payable - deposits, which are accounted for on an accrual basis), and for the same period as the financial statements. The Project's budget was approved as required by Law and National Treasury Regulations, as well as by the participating development partners, as detailed in the Government of Kenya Budget Printed Estimates for the year. The Development Projects are budgeted for under the MDAs but receive budgeted funds as transfers and account for them separately. These transfers are recognised as inter-entity transfers and are eliminated upon consolidation.

A high-level assessment of the Project's actual performance against the comparable budget for the financial year/period under review has been included in an annex to these financial statements.

Significant Accounting Policies (Continued)

n) Third party payments

Included in the receipts and payments, are payments made on its behalf by to third parties in form of loans and grants. These payments do not constitute cash receipts and payments. and are disclosed in the payment to third parties' column in the statement of receipts and payments. During the year, no direct payments from third parties were made.

o) Exchange rate differences

The accounting records are maintained in the functional currency of the primary economic environment in which the Project operates, Kenya Shillings. Transactions in foreign currencies during the year/period are converted into the functional currency using the exchange rates prevailing at the dates of the transactions. Any foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statements of receipts and payments.

p) Comparative figures

Where necessary comparative figures for the previous financial year/period have been amended or reconfigured to conform to the required changes in financial statement presentation.

q) Subsequent events

There have been no events subsequent to the financial year/period end with a significant impact on the financial statements for the year ended June 30, 2023.

r) Prior period adjustments

Prior period adjustments relate to errors and other adjustments noted arising from previous year(s). There were no prior period adjustments made.

13. ANNEXES

ANNEX 1 - PRIOR YEAR AUDITOR-GENERAL'S RECOMMENDATIONS

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)
FY 2021/22	Undisclosed Receipts	The receipt of Kshs. 48,650,000 relates to Government of Kenya recurrent grant received from the State Department of Interior inadvertently transferred to the project account as opposed to the Authority's main operations account. The receipt was not related to the Usalama Barabarani project hence the lack of inclusion in the statement of receipts and payments for the project. These funds are accounted for in the Authority's main financial statements.	Not Resolved	30 th June 2023
FY 2021/22	Project performance and sustainability As at 30 th June 2022 (twenty-seven	The Authority requested for additional counterpart funding in FY 2022/23 and FY	Not Resolved	30 th June 2023

	<p>months later), the total amount received as GOK counterpart financing was Kshs. 10,052,969.00 equivalent to 7.4% of the expected contribution. In the circumstances, It is not possible to ascertain whether the Government will meet its contractual obligation within the stipulated project period.</p>	<p>2023/24. The National Treasury allocated a total of Kshs. 20 Million in the FY 2023/24 out of the Kshs. 97 Million that had been requested.</p>		
FY 2021/22	Under-utilized funds	<p>The Authority proposed a project addendum that changed the methods of project implementation to ensure efficient delivery of set objectives. The addendum was approved and signed in the last month (March 2022) of quarter 3 and the European Union funding disbursed during the same month. The delays in the addendum approval and disbursements of funds resulted in late initiation of the procurement</p>	Not Resolved	30 th June 2023

		process for project consultancies. Majority of the procurements have since been concluded and the funds are expected to be fully absorbed within the project implementation period. The consultancies are mostly short-term ranging from 3 to 12 months and are envisaged to be fully completed to meet the planned objectives in time.		
FY 2021/22	Use of Donor Funds for Unintended Purpose	The payments relate to the erroneously transferred amount of Kshs. 48,650,000 from the State Department of Interior and Citizen Services. The payments made were utilised to net off the transfer from the State Department.	Not Resolved	30 th June 2023

ANNEX 2 - VARIANCE EXPLANATIONS - COMPARATIVE BUDGET AND ACTUAL AMOUNTS FOR FY 2022/2023

**Safe Roads/Usalama Barabarani
Reports and Financial Statements
For the financial period ended June 30th, 2023 (KShs)**

Revenue/Expense Item	Final Budget	Actual on Comparable Basis	Budget Utilization Difference	% of Utilization	Comments on Variance (below 90% and over 100%)
	a	b	c=a-b	d=b/a %	
Receipts					
Transfer from Government entities	5,000,000	4,341,481	658,519	87%	Low funds absorption was mainly because of delayed approval of the project addendum that changed the mode of implementation of the project. The addendum also affected the commencement of procurement of various consultancies.
Proceeds from domestic and foreign grants	200,136,159	-	200,136,159	0%	
Total Receipts	205,136,159	4,341,481	200,794,678	2%	
Payments			-		
Compensation of employees	14,382,832	13,348,909	1,033,923	93%	Implementation also affected by the electioneering period and partly by the overlapping annual project period which runs from Sept. to August of each year. This thus impacts the programmed activities overlapping the financial year. Procurement of the projects are in this regard also aligned to the Development Partners annual project period.
Purchase of goods and services	177,056,027	40,272,135	136,783,892	23%	
Acquisition of non-financial assets	13,697,300	21,111	13,676,189	0%	
Total Payments	205,136,159	53,642,156	151,494,003	26%
