HON. PETER MWATHI, M.P
CHAIRPERSON

EXECUTIVE SUMMARY

The Public Petition No. 008 of 2021 dated 23rd March, 2021 regarding Lack of Access to Citizen Registration Services by Residents of Garissa and Wajir Counties was submitted to the National Assembly on 23rd March, 2021 by Hon. Aden Duale, MP on behalf of the residents of Garissa and Wajir Counties. The Petition was subsequently committed to the Departmental Committee on Administration and National Security for consideration and report to the House pursuant to the provisions of Standing Order 227(1).

The Petitioners averred that despite the clear provisions of Article 1(1), 2(1) and 12 of the Constitution, many Kenyans residing in Garissa and Wajir Counties had been denied registration and identification documents which had in essence rendered them stateless.

On account of the denial of the critical registration documents, most Kenyan citizens residing in Garissa and Wajir Counties were unable to access government services including health and education services, and had further been denied their political and economic rights that include voting, access to banking services and formal employment.

Those who made submissions before the Committee on the petition were Hon. Aden Duale, MP on behalf of residents of Garissa and Wajir Counties and the Cabinet Secretary, Ministry of Interior and Co-ordination of National Government. Their submissions were key in determination of the Committee's recommendations.

The Committee therefore recommends as follows-

1. Cabinet Secretary, Ministry of Interior and Co-ordination of National Government to facilitate persons who were registered or found to have attempted to register as refugees and are Kenyan citizen to access government services awaiting government regularization of the status.
2. The Ministry of Interior and Co-ordination of National Government should fast track the adoption of the report on the vetting of the double registered persons which was conducted through committees comprising of members drawn from Immigration Department, National Registration Bureau, National Government Administrative Officers and Elders and ensure regularization of the status of the persons that were vetted.

PART 1

2.0 INTRODUCTION

2.1 Constitutional and Statutory provisions regarding Petitions

5. Standing Order 227 provides for the committal of public petitions to the House whereby every Petition presented or reported to the House shall be committed to the relevant Departmental Committee for consideration and report to the House and petitioner within sixty (60) days. Further, the Petition to Parliament (Procedure) Act, 2012 provides for the procedure to be followed in the submission, processing and consideration of a Petition.
6. The Public Petition No. 008 of 2021 regarding Lack of Access to Citizen Registration Services by Residents of Garissa and Wajir Counties is dated 23rd March 2021 and was presented to the National Assembly on same day by Hon. Aden Duale, MP on behalf of the residents Garissa and Wajir Counties. The Petition was subsequently committed to the Departmental Committee on Administration and National Security for consideration and report to the House and petitioners pursuant to the provisions of Standing Order 227(1);
7. Article 12 of the Constitution provides that every citizen is entitled to the rights, privileges and benefits of citizenship that include a Kenyan passport and any document of registration or identification issued by the State to its citizens.
8. Articles 94 as read together with Article 95 of the Constitution further provides for the role and by extension the authority of Parliament in general and the National Assembly in particular. Generally, the Houses of Parliament exercise the legislative mandate of the people, deliberate on matters of national interest and oversight the exercise of power by other arms of government.
9. The right to Petition Parliament is provided for under Article 119 of the Constitution and states as follows:-

“Every person has a right to Petition Parliament to consider any matter within its authority, including enacting, amending or repealing any legislation. Parliament shall make provision for the procedure for the exercise of this right.”

10. Despite efforts to have the matter resolved by the Director of Registration of Persons through the Ministry of Interior and Coordination of National Government had not borne much fruit. This culminated in a Petition to the House by Hon. Aden Duale, MP.

PART 3

3.0 HEARING ON THE PETITION

3.1 HON. ADEN DUALE, MP

11. Hon. Aden Duale, MP on behalf of the residents of Garissa and Wajir Counties appeared before the Committee on Wednesday 14th April, 2021 and submitted as follows-
 - (i) After nearly sixty years of Independence, many residents of Garissa and Wajir Counties still did not possess identification documents;
 - (ii) Article 1(1) and 2(1) of the Constitution provides that sovereign power belongs to the people of Kenya, and further stipulates that the Constitution is the supreme law that binds all persons and state organs at both levels of government;
 - (iii) Article 12 of the Constitution provides that every citizen is entitled to the rights and privileges and benefits of citizenship that include a Kenyan passport and any documents of registration or identification issued by the State to its citizens;

- (iv) Despite the clear provisions of Article 1(1), 2(1) and 12 of the Constitution many Kenyans residing in Garissa and Wajir Counties had been denied registration and identification documents which had in essence rendered them stateless;
- (v) Failure by the State to issue registration and identification documents to specific areas of the country amounts to fundamental denial and infringement of the fundamental human rights and freedoms guaranteed under the Bill of rights;
- (vi) On account of the denial of the critical documents, most Kenyans citizens residing in Garisa and Wajir Counties were unable to access government services including health and education services, and further been denied their political and economic rights that include voting, access to banking services and formal employment;
- (vii) Lack of registration and identification documents had been attributed to double registration where Kenyans residing in Wajir and Garissa Counties were registered in the Refugees Data Base mainly at Dadaab and Kakuma Refugees Camps in order to access services such as medical and education opportunities and who were fated to a stateless life without dignity in their own country;
- (viii) Over 11,000 Kenyan Somalis in Garissa and Wajir Counties were registered as refugees which was the only alternative they had in securing relief food occasioned by the massive drought experienced in the 1990s; and
- (ix) Efforts to have the matter resolved by the Director of Registration of Persons through the Ministry of Interior and Co-ordination of National Government had not borne much fruit as exemplified by the fact that despite verification of a few thousand youths in Garissa Township, Lagdera, Ijara, Fafi, Dadaab and Wajir South through a Government Taskforce in 2019, the youths had to-date not been de-registered as refugees which was a prerequisite for issuance of relevant identification and registration documents.

3.2 MINISTRY OF INTERIOR & COORDINATION OF NATIONAL GOVERNMENT

12. Dr. Fred Matiang'i, Cabinet Secretary for the Ministry of Interior and Coordination of National Government appeared before the Committee on Wednesday, 21st April, 2021 and submitted as follows-

- a) Kenya hosts a total of 515,466 refugees from Somalia, South Sudan, Democratic Republic of Congo, Ethiopia, Burundi, Sudan, Uganda, Eritrea and Rwanda;
- b) Double registration refers to a state in which persons were registered or found to had attempted to register both as a Kenyan and as a refugee for the purposes of acquiring a national and a refugee identity cards;
- c) the estimated number of persons in multiple registration is 40,000 according to UNHCR records, out of whom 19,272 had applied for regularization of their registration status;
- d) the population was spread across Garissa, Turkana, Wajir, Mandera, Mombasa, Malindi, Isiolo, Nakuru, Eldoret and Nairobi counties. Some Kenyans were registered as refugees to benefit from free food, increase food rations by increasing the family size, education, resettlement to third countries and free health services, among other reasons;
- e) Their fingerprints were captured in the Refugee database, a situation that has made it difficult for them to acquire national identity cards. On the other hand, some refugees registered as Kenyans for free movement, business and jobs opportunity, access to education outside the camps, acquire citizenship, while others wanted voting rights after being lured by local politicians, among other reasons;
- f) The vetting of the double registered persons was conducted through committees comprising of members drawn from Immigration Department, National Registration Bureau, National Government Administrative Officers and Elders in the following sub counties: Wajir South, Habaswen, Wajir East, Buna, Garissa, Ijara and Fafi. A total of 19,272 people were vetted. However, the emergence of COVID-19 pandemic

slowed down the adoption of the report and regularization of the status of the persons that were vetted.

- g) The Cabinet Secretary, Ministry of Interior and Coordination of National Government undertook to facilitate persons who were registered or found to had attempted to register as refugees and are Kenyan citizens to access government services awaiting the regularization of their status as Kenyan citizens.

4.0 COMMITTEE OBSERVATIONS

Arising from the submissions by the Petitioner and stakeholders, the Committee observed that;

- a) Based on the submissions of the Ministry of Interior and Coordination of National Government, Kenya hosts a total of 515,466 refugees from various countries including Somalia and South Sudan and the estimated number of persons in multiple registration is 40,000 according to UNHCR records, out of whom 19,272 had applied for regularization of their registration status.
- b) The double and multiple registration of refugees arose as a result of registration of some refugees spread across various counties including Garissa, Turkana, Wajir and Mandera as Kenyans for ease of free movement, business and jobs opportunities, access to education, acquisition of citizenship and voting rights among other reasons.
- c) The double and multiple registration has hindered Kenyans whose details appear in the Refugees data base from being registered and issued with identification documents including national identity cards.
- d) That the lack of registration and identification documents have hindered Kenyan citizens from accessing government services including education services, health facilities and employment opportunities among others.

- e) That although the vetting of the double registered persons was conducted through committees comprising of members drawn from Immigration Department, National Registration Bureau, National Government Administrative Officers and Elders from various sub counties including Wajir South out of which 19,272 people were vetted, the exercise is yet to be concluded due to the COVID-19 Pandemic which has delayed the regularization of the status of the persons that were vetted.

5.0 COMMITTEE RECOMMENDATIONS

13. Arising from the observations, the Committee recommends as follows–
- (i) **THAT, the Cabinet Secretary, Ministry of Interior and Coordination of National Government to expedite the vetting and registration of citizens living along the Kenyan borders to enable them access government services.**

 - (ii) **THAT the Cabinet Secretary, Ministry of Interior and Co-ordination of National Government does expedite the adoption of the report on the vetting of the double registered persons which was conducted through committees comprising of members drawn from Immigration Department, National Registration Bureau, National Government Administrative Officers and Elders and ensure regularization of the status of the vetted persons.**

 - (iii) **THAT upon the conclusion of the regularization process, the Cabinet Secretary, Ministry of Interior and Co-ordination of National Government does facilitate the registration of persons who have been vetted and determined to be Kenyan citizens in accordance with the requirements of the Registration of Persons Act, Cap 107.**

REGARDING LACK OF ACCESS TO CITIZEN REGISTRATION SERVICES BY
RESIDENTS OF GARISSA AND WAJIR COUNTIES

I, the **UNDERSIGNED**, on behalf of residents of Garissa and Wajir Counties;

DRAW the attention of the House to the following: -

1. **THAT**, after nearly sixty years of Independence, many residents of Garissa and Wajir Counties still do not possess identification documents;

6. **THAT**, on account of this denial of these critical documents, most Kenyan citizens residing in Garissa and Wajir Counties are unable to access government services including health and education services, and have further been denied their political and economic rights that include voting, access to banking services and formal employment;
7. **THAT**, the situation has been further compounded by the recently-launched National Integrated Identity Management System which requires one to possess an identification card in order to obtain a Huduma Card which is linked to numerous services including medical services, mobile phone services, registration of businesses, access to public utilities, voter registration and several other services;

**REGARDING LACK OF ACCESS TO CITIZEN REGISTRATION SERVICES BY

9. **THAT**, over 20,000 Kenyan Somalis in Garissa and Wajir Counties are presently registered as refugees which was the only alternative they had in securing relief food occasioned by the massive drought experienced in the 1990s;
