Introduction

Mr. Speaker Sir,

The Parliamentary Service Commission is a constitutional Commission established under section 45B of the former Constitution of Kenya and re-established under Article 127 of the new Constitution of Kenya. The constitutional responsibilities of the Parliamentary Service Commission include the provision of such services and facilities as are necessary to ensure the efficient and effective functioning of Parliament.

1.0 Background

The office of the Auditor General is created as an independent office under Article 248(3)(a) of the Constitution of Kenya. The office is a body with perpetual succession and a seal. It is capable of suing and being sued in its corporate name (Article 253). The Constitution also provide that Parliament shall allocate adequate funds to enable the office perform its functions and its budget shall be a separate vote (Article 249(3)). Article 226(4) of the Constitution of Kenya provides that:-

"the accounts of office of the Auditor-General shall be audited and reported on by a professionally qualified accountant appointed by the National Assembly"

The Parliamentary Service Commission is a procuring entity under the Public Procurement and Disposal Act, 2005 and it therefore commenced the process of procuring, on behalf of the National Assembly, a professional qualified accountant to be appointed by the National Assembly to audit the accounts of the office of the Auditor-General.

Tender Committee's Decision

The National Assembly Tender Committee in its meeting No.24/2011-2012 (Minute 3) discussed the application No. NA/007/2011-2012 proposed remodeling of Senate Chamber and Offices at Kenya National Assembly – Main Works Component.

The Chairman informed the Tender Committee members that during the meeting on Thursday, April 5th, meeting No. 24/2011-2012 (Minute 3) had discussed the application and deferred it without giving justifiable and objective reasons as required. The Tender Committee had rejected the evaluation committee's report therefore this needed to be reported to the Accounting Officer.

With the above in mind the Tender Committee felt that:-

1. In the evaluation of the Bidders the issue of who should sign the Form of Tender was not addressed uniformly i.e (Power of Attorney).
2. Item on litigation history of the company (both court and arbitration) was not addressed adequately.
3. The issue of Directors in the Articles of Association being different from those declared in the Confidential Business Questionnaire should not cause disqualification.

With the above reasons the Tender Committee resolved that the Accounting Officer be informed on the rejection of the Technical Evaluation Committee's recommendation and further recommend the Tender to be re-evaluated by another evaluation committee.
