## 1.0 CHAIRPERSON'S FOREWORD

### 1.1. Overview of the Examination of the Equalization Fund Bill, 2023

1. The National Assembly received a message from the Senate No. 003 of 2023 on the passage of the Equalization Fund Appropriation Bill (Senate Bill No.3 of 2023) on 19<sup>th</sup> June 2023. The Bill was referred to the National Assembly seeking concurrence of the National Assembly on the Bill as per Article 110(4) of the Constitution and National Assembly Standing Orders 41.
2. Article 204(1) of the Constitution establishes the Equalization Fund into which one half per cent of all the revenue collected by the national government each year, calculated on the basis of the most recent audited accounts of revenue received as approved by the National Assembly shall be paid.
3. Article 204(2) further provides that the National Government shall only use the Equalization Fund to provide basic services including water, roads, health facilities and electricity to marginalized areas to the extent necessary to bring the quality of those services in those areas to the level generally enjoyed by the rest of the nation, so far as possible.
4. Article 216 (4) of the Constitution mandates the Commission on Revenue Allocation (CRA) to identify marginalized areas through such policy that the Commission will determine, publish and review regularly.
5. The basis of allocating funds is based on CRA's policy on marginalization outlining the allocation factors for each of the identified marginalized areas. In view of this, the total number of marginalized areas are 1,424 spread across the 34 counties. Project implementation under the Second Policy on Marginalization will commence upon the approval of the Equalization Fund Appropriation Bill 2023.
6. The Equalization Fund Appropriation Bill, 2023 provides a total appropriation of Kshs. **10,330,317,433**, to be shared amongst the thirty-four (34) benefiting areas as per the Second Policy by CRA.

### 1.2. Committee Observations

7. The Committee observes as follows:
  - i. The total statutory entitlement to the fund since inception as per the constitution is **Ksh. 54,035,184,050** as at FY 2022/23. The total allocation to the fund (approved by parliament) is **Ksh. 26,293,791,644**. However, the actual amount appropriated is **Ksh. 12,400,000,000**. Thus, **Ksh. 27,741,392,406** is yet to be allocated to the fund and **Ksh. 41,635,184,050** is yet to be appropriated.

- ii. Project identification is ongoing and implementation under the second policy on marginalisation will commence immediately after the approval of the **Equalisation Fund Appropriation Bill, 2023**.
- iii. Some of the projects under the first marginalization policy are yet to be completed due to the delay occasioned by the stoppage of expenditure from the fund after a high court ruling declared the Equalisation Fund guidelines as unconstitutional, null and void. There is need to expedite completion of these projects so that the benefits are realised.
- iv. There are only seven (7) years remaining before the equalisation fund lapses as provided in Article 204(6) of the Constitution. There is need to ensure therefore that the arrears are met, and appropriations undertaken expeditiously to ensure that the Fund is able to meet its primary objective.

### **1.3. Committee Recommendations**

#### **8. The Committee made the following non-financial recommendations:**

- i. That, by the first half of FY 2023/24 the Equalization Fund Secretariat completes all Equalisation Fund projects under first Marginalization Policy as provided for in the Equalisation Fund Appropriation Act, 2018.
- ii. That the National Treasury to ensure that all the pending fund arrears are factored in the fiscal framework for FY 2024/25 and 2025/26.

#### **9. The Committee made the following financial recommendations:**

The Committee having reviewed, scrutinized and examined the the Equalization Fund Appropriation Bill (Senate Bill No.3 of 2023) recommends that the House approves the Bill without amendments, as proposed in the first schedule.

### **1.1 Acknowledgements**

10. The Budget and Appropriations Committee extends its heartfelt gratitude to the Office of the Speaker and the Clerk of the National Assembly for their invaluable assistance in carrying out their constitutional duties. The Committee is immensely grateful to all the Members of this esteemed House in executing their constitutional duty including enhancing transparency and accountability in the approval and oversight of budgets.

11. The Committee also wishes to express its appreciation to the Parliamentary Budget Office in offering timely and technical support to the Committee and the House, and to the Directorate of Appropriations and Audit for their contribution to this report.

## 3.0 Overview of the Equalization Fund Appropriation Bill, 2023

### 3.1 Introduction

17. The Equalisation Fund is established under Article 204 of the Constitution with a specific purpose which is to provide basic services such as water, roads, health facilities and electricity to marginalised areas to the extent necessary to bring the quality of those services in those areas to the level generally enjoyed by the rest of the nation, so far as possible.
18. In line with article 204 (1) of the Constitution, each year, the Fund is expected to receive one half percent (0.5%) of all revenue collected by the National Government; calculated on the basis of the most recent audited accounts of revenue received, as approved by the National Assembly. These allocations are to be distributed to the marginalized areas in line with a pre-determined policy by the Commission on Revenue Allocation (CRA) as mandated in article 216 (4) of the constitution. Currently, the second policy that identified marginal areas is under implementation. This policy has identified **1,424** marginalized areas, spread across 34 counties in the Country. Each of the marginalised areas is allocated its share of funds based on an allocation factor determined by CRA. The flow of funds and project identification is as follows:
  - i. The flow of funds is from the Consolidated Fund to the Equalization Fund Account Special Purpose Account (for every benefiting county maintained at central bank of Kenya).
  - ii. All withdrawals from the Fund are authorized by the Controller of Budget.
  - iii. In identifying the projects, there is a project identification committee at the ward level which then forwards the list of identified projects to the sub-county county Technical Committee which reviews the list and forwards to the County Technical committee for approval.
  - iv. Thereafter, the County Technical committee then consolidates all the projects and forwards to the Equalization Fund Board for final approval.

### 3.1 Contents of the Equalisation Fund Appropriation Bill, 2023

19. The Equalisation Fund Appropriation Bill 2023 proposes to appropriate a total allocation of **Kshs 10,330,317,433**.
20. The Bill proposes to share the allocation of **Kshs. 10,020,407,910** amongst identified areas across the 34 counties as shown in First schedule.
21. Additionally, there is an allocation of **Ksh. 309,909,523** for recurrent board expenses. This constitutes three percent of the annual equalization fund allocation in line with regulation 10 (3) of the Public Finance Management (Equalisation Fund Administration) Regulations, 2021.
22. The Bill has also provided three conditions for the usage and operations of the appropriated funds.
  - i. Firstly, the funds appropriated under the act are excluded from being paid into the County Revenue Fund. This condition is anchored on the provisions of Article 207(1) of the Constitution and Section 109 (2) (c) of the Public Finance Management Act, 2012. Regulation 30 (4) of the Public Finance Management (Equalisation Fund Administration) Regulations, 2021, provides that all the withdrawals made from the fund shall be deposited into the respective spending counties accounts.
  - ii. Secondly, the approval granted does not lapse until all the projects identified in each of the specified counties are completed. Thus, all the projects identified in each ward shall be undertaken until completion without the need for further authorization by Parliament even if implemented beyond one financial year.
  - iii. Thirdly, any withdrawal from the Fund is subject to authorization from the Controller of Budget along with written instructions from the Secretary of the Equalisation Fund Advisory Board through the National Treasury.

## 4.0 Observations

23. The Committee observes as follows:
  - i. The total statutory entitlement to the fund since inception as per the constitution is **Ksh. 54,035,184,050** as at FY 2022/23. The total allocation to the fund (approved by parliament) is **Ksh. 26,293,791,644**. However, the actual amount appropriated is **Ksh. 12,400,000,000**. Thus, **Ksh. 27,741,392,406** is yet to be allocated to the fund and **Ksh. 41,635,184,050** is yet to be appropriated.

- ii. Project identification is ongoing and implementation under the second policy on marginalisation will commence immediately after the approval of the **Equalisation Fund Appropriation Bill, 2023.**
- iii. Some of the projects under the first marginalization policy are yet to be completed due to the delay occasioned by the stoppage of expenditure from the fund after a high court ruling declared the Equalisation Fund guidelines as unconstitutional, null and void. There is need to expedite completion of these projects so that the benefits are realised.
- iv. There are only seven (7) years remaining before the equalisation fund lapses as provided in Article 204(6) of the Constitution. There is need to ensure therefore that the arrears are met, and appropriations undertaken expeditiously to ensure that the Fund is able to meet its primary objective.
