### MEMORANDUM PRESENTED TO COMMITTEE OF PARLIAMENT ON

Prepared by BILL RUTTO, Consultant for the Talai since 2000  
6/15/2011

The Talai are a clan within the Kipsigis community of Kericho and Bomet Counties. At the time of British entry into the Kipsigis country at the start of the 20th century, the Talai were the ruling clan of the Kipsigis, exercising both temporal and religious authority according to the traditions and customs of the people. The Talai were deported from their homeland en masse in 1934 by the colonial authorities for leading the Kipsigis community to resist colonial rule in their territory. The Talai remained in exile in Gwassi (on the shores of Lake Victoria) until 1962, the eve of Kenya's independence, when they were allowed back to their former district of Kericho. Because their former parcels of land had been occupied by others during their long incarceration in Gwassi, the Talai were made to understand that they would be given alternative settlement once arrangements had been made. As a temporary measure, they were allowed to settle down on the outskirts of Kericho town, pending proper re-settlement. After independence in 1963, the British left Kenya without revisiting the Talai case as the independent new government took over. From then on the Talai have attempted to have the government address their plight in vain. The successive governments of Kenya have neglected or refused to respond to all pleas by the Talai to resolve their case. At the time of their deportation, the Talai were 700 persons in number comprising 110 families. Today, the Talai are approximately 6,000 and comprise over 2,000 families. As their continuing effort to seek redress, the Talai are now turning to Kenya's Parliament for help. In the spirit of the new Constitution, the community explicitly believes that a permanent solution will finally be found through our Parliament. The community seeks re-settlement and reasonable compensation for losses incurred since 1934.

## MEMORANDUM

TO: PARLIAMENTARY SELECT COMMITTEE ON THE SETTLEMENT OF IDPS

FROM: THE TALAI COMMUNITY OF KIPSIGIS

DATE: 15 JUNE 2011

SUBJECT: RESETTLEMENT OF TALAI AND COMPENSATION

---

### 1.0 Introduction

The Talai (also known as the Laibons<sup>1</sup>) are a clan within the Kipsigis community of Kericho and Bomet Counties. At the time of British entry into the Kipsigis country in the colonisation process in 1903, the Talai clan held both religious and political leadership roles in the community according to the Kipsigis traditional system of government. In their position as the people's leaders, the Talai were accused by the British establishment for fomenting resistance to colonial rule in Kipsigis. After a long struggle with the colonial authorities, the Talai were rounded up and expelled to Gwassii on the shores of Lake Victoria in 1934. They remained in Gwassii until 1962 (the eve of Kenya's independence) when they were allowed to return to their old district. Contrary to expectations, the Talai were not resettled immediately as Kenya moved towards independence. Instead, they were moved into an area within Kericho town with a promise that they would be resettled in due course. They have not been resettled to this day. The Talai population has increased from the original that returned from Gwassii to over 6,000 persons.

This petition seeks to bring to the attention Kenya's Parliament the plight of the Talai, with a plea that the community be accorded justice which has not been forthcoming for generations. The primary concern of the community is resettlement on a suitable piece of land and compensation for the suffering they have undergone since their deportation under the *Laibons[Talai] Removal Ordinance* of 1934, the law enacted to facilitate their deportation. Historians agree that the deportation of the Talai in the 1930s was unprecedented in colonial era Kenya as no other community had been subjected to this kind of treatment since the wholesale removal of the Nandi from the vicinity of the Uganda Railway in 1906 after the assassination of Koitalel Samoei in 1905<sup>2</sup>. It was carried out in complete disregard for human rights that protected the rights of colonised people under the provisions of the League of Nation's Charter (the predecessor of the Charter of the United Nation).

---

<sup>1</sup>The Talai are descended from the Uasin Gishu Maasai line of diviners known as the *oloiboni* who migrated to Nandi and subsequently to Kipsigis.

<sup>2</sup>Koitalel Samoei was the younger brother Kipchomber arap Koilegen, the Kipsigis Talai leader at the time of British entry into the Kipsigis country in 1903.

## 2.0 Chronology of Events

- 1911: The British colonial authorities begin an assault on the leadership of the Talai. Kipchomber arap Koilegen, supreme leaders of the Kipsigis, is harassed and bullied by colonial administrators for refusing to “toe the line.” He is stripped of his “Paramount Chief of the Kipsigis” status and kept under surveillance for suspected subversive activities. gent activating.
- 1913: Kipchomber arap Koilegen and his two influential brothers, Kiptonui arap Boisio and Kibuigut, were arrested and deported to Fort Hall (Murang’a), Nyeri and Meru respectively. They all died in exile.
- 1930: The British sought to dismantle Talai continued resistance that had since gone underground by constant harassment of new leaders that taken over since the deportation of Koilegen and his brothers. Matters came to a head when members of the Talai clan were allegedly found with firearms suspected to have been acquired to fight British colonial rule in the area.
- 1934: The Laibons [Talai] Removal Ordinance was passed by the Legislative Council to provide for the removal of the entire Talai clan from their land and into exile in Gwassi on the shores of Lake Victoria in today’s Homa Bay County. Between 1934 and 1937, the Talai were removed in batches into Gwassi, leaving behind all their possessions, save for a handful of livestock allowed to accompany them in the 13-day trek into exile.
- 1943-1962: The Talai remained in Gwassi under the direct supervision of a government-appointed white officer (The Talai Overseer). Throughout the period of their incarceration in Gwassi, the Talai lived under harsh climatic conditions and tse-tse fly infestation. Many died as a result as there were neither medical facilities made available to them as captives of the government nor medicinal plants they were familiar with to which they could resort to for the treatment of diseases.
- 1962: The Talai were finally allowed to return to Kericho, their old district. Because their land and property had been taken up by their neighbours, they were promised an alternative settlement. In the meantime, they were allowed to settle down on the outskirts of Kericho town as arrangements were made to resolve their case as Kenya attained its independence. The matter did not receive the attention that had been promised and as the Talai increased in population, they began to disperse to other areas of the district where they sought refuge with relatives among the Kipsigis.
- 1963: A letter was sent by a member of the Talai community (Mr. Elijah Kebenei) to the Regional Government Agent (for DC, Kericho) seeking re-settlement. The matter was referred to the President of the Rift Valley Region, Hon. Daniel arap

Moi (later Kenya's President) in a letter ref KNA;DC/HB/2/1 dated 18 November 1963), but Mr. Moi he referred the matter to the Kipsigis County Council to resolution. The matter was not taken up any further.

- 1973: The District Commissioner, Kericho, called for a list of Talai families to be forwarded to the Minister for Lands and Settlement to be considered for settlement. The matter did not go far as no follow up was made and the matter died.
- 1995: An attempt was made by the government to re-settle 187 Talai families on a piece of land near Lake Naivasha in Ndabibi in Nakuru County. However, the project failed as the government did not follow up on the matter to conclusion; no title papers were processed to give ownership of the families. Consequently, most of the Talai families returned to Kericho, while others remained and are living as squatters to this day.
- 1995- The Talai case has not been attended to and remains unresolved to this day.

### 3.0 Issues to be Resolved

Although it is empirically difficult to quantify the psychological and cultural losses the Talai have suffered, it is possible to compute the material losses suffered for the purpose of compensation or restitution. The community considers the following as the main areas that require the intervention of this Committee:

#### (A) Re-settlement

As we have indicated in the introduction to this document, the Talai people are now approximately 6,000 in number. It is necessary to mention here that on 23 April 2007 a delegation of the Talai visited his Excellency President Mwai Kibaki at State House Nairobi to lay before the President this long-standing issue for redress. Upon listening to the issues, the President graciously issues a directive to the Provincial Administration to find ways and means of resolving the matter. The Provincial Commissioner (Rift Valley), Hassan Noor Hassan, consulted with the Talai extensively and requested the community to compile a list of all Talai persons for the purpose of settlement. A comprehensive list was developed and submitted comprising some 5,000 adult individuals and submitted to the PC through the District Commissioner, Kericho. Despite subsequent follow-ups by the Talai, the matter has not been re-visited by the government. The Talai community is now seeking the intervention of Kenya's Parliament through the Parliamentary Select Committee on the Settlement of Internally Displaced Persons (IDPs). The community would be pleased to be re-settled on a suitable piece of land in an area that does not adversely affect the cultural and traditional identity of the community as had been the case when they were deported to Gwassi.

(B) Compensation

Further to the above, the Talai are seeking reasonable compensation for the losses (and lost earnings) the community have suffered since 1934 when they were first deported to Gwassi. The community wishes to leave the method of calculating the compensation to Parliament to decide on. However, the community would suggest to the Committee to consider compensation based on 1% of the equivalent of the current Gross Domestic Product (GDP) of the Kipsigis districts<sup>3</sup> from where the Talai were deported in 1934. This 1% of GDP compensation is merely a basis of calculation, based on the fact that at the time of their expulsion, the Talai population was about 700 people against the Kipsigis population of approximately 73,000.<sup>4</sup> The point is that the Talai, being an integral part of the larger Kipsigis community at the time, must have been worth 1% in terms of wealth vis-à-vis their Kipsigis counterparts. This compensation would then be computed, taking into account the cost of living indices over the period time since 1934 when they were deported.

A number of supporting documents (copied) have been attached to this Memorandum for ease of reference. A list of Talai families seeking re-settlement and compensation has also been annexed to this Memorandum.

This document has been prepared under instruction by the Talai community by:

<sup>3</sup> These districts represent Talai' former homeland. This is an area of 2126 square kilometres plus an additional 425 square kilometres being what is today's Chepalungu division which by May 1934 (Kenya Land Commission Report) had not been incorporated with the present-day Bomet district.

<sup>4</sup> Different authorities give different population figures for the Kipsigis people: Anthropologist I.Q. Orchardson (1930) gives, 80,000; 70,000 is given in the Hansard report of 30<sup>th</sup> July 1934 — Hansard reports were, and still are, the official verbatim transcripts of the Legislative Council [Parliament] debates — while Kenya Land Commission Report of 1934 gives 67,942 (p.303).

- (d) to issue, generally for the foregoing, and for all the purposes of this Ordinance, such directions as he may deem necessary.

11 An order in writing of the Provincial Commissioner relating to any matter necessary for the carrying into effect of any of the purposes of this Ordinance shall be sufficient authority to the person to whom it is directed or delivered for execution to receive and detain the person or persons therein described and to remove him or them in custody to the place named in the order.

12 All persons ordered under the provisions of this Ordinance to be detained in any camp or other place or to be moved from one place in the Colony to another shall be deemed during such detention or removal to be in lawful custody, and the law for the time being in force in the Colony relating to persons in custody shall apply to all such persons.

RE: REGISTRATION OF LANDLESS

The Kipsigis County Council sent a delegation to the Hon. J. H. Angaine, M.P., Minister for Lands and Settlement sometime in April in order to put forward a case for settlement of the landless in the district. The Minister replied that one of the reasons why many people have not been settled is that he does not have any list of the landless people in the district.

It is therefore been decided that each location should submit a list of 50 names of people who are landless. In addition, the District Officer, Kipkelion Division should submit a list of all the landless in Shauri Yaka villages, Usher-Jones and the Laibons on the Council land at Kipkelion. The Clerk of the Council, Kericho Town Council should let me have a list of the laibons in the town.

I wish to emphasize that all these people must be genuine landless and I will take a very serious view if I discover that some of them have land somewhere. They should also not be employed people as preference should be given to those who are desperate.

Please let me have the list by the 15th July, 1973.

RE: REGISTRATION OF LANDLESS

The Kipsigis County Council sent a delegation to the Hon. J. H. Angaine, M.P., Minister for Lands and Settlement sometime in April in order to put forward a case for settlement of the landless in the district. The Minister replied that one of the reasons why many people have not been settled is that he does not have any list of the landless people in the district.

It is therefore been decided that each location should submit a list of 50 names of people who are landless. In addition, the District Officer, Kipkelion Division should submit a list of all the landless in Shauri Yaka villages, Usher-Jones and the Lalbons on the Council land at Kipkelion. The Clerk of the Council, Kericho Town Council should let me have a list of the lalbons in the town. //

I wish to emphasize that all these people must be genuine landless and I will take a very serious view if I discover that some of them have land somewhere. They should also not be employed people as preference should be given to those who are desperate.

Please let me have the list by the 15th July, 1973.

BUCKINGHAM PALACE

6th October, 2009

Dear Mr. Tuel,

The Queen has asked me to thank you for your letter of 3rd September expressing your views on what you feel is the plight of the *Kipsigis Talai/Laibons* people of Kenya. Her Majesty has taken careful note of your comments.

I must tell you, however, that this is not a matter in which The Queen would intervene. As a constitutional Sovereign, Her Majesty acts on the advice of her Ministers, and I have, therefore, been instructed to send your letter to the Right Honourable David Miliband, MP, the Secretary of State for Foreign and Commonwealth Affairs, so that he may know of your approach to The Queen on this matter and may consider the points you raise.

Yours sincerely,

Mrs. Sonia Bonier  
Senior Correspondence Officer

Mr. David Tuel.

HER MAJESTY THE QUEEN  
BUCKINGHAM PALACE  
LONDON SW1A 1AA

YOUR MAJESTY, Please, pardon me for writing to inform you about the plight of my community, The Kipsigis Talai/Laibons of Kenya. I am Mr David Ngasura Tuei, a member, an official and a researcher of the Kipsigis Talai.

As a member and a researcher of the Talai and since we are a Marginalised Minority Community, I have been raising the awareness to all, of our history and plight. I have been writing to Newspapers and other Media Institutions about our plight, I have also, been attending various workshops relevant to us organized by Ngos and UN institutions ie; the UNDP to present our history and the plight.

Please, go thro' the documents by me and our consultant/researcher (not Talai) Mr Bill Rutto cell:+254 721 368 361 Eml:bill.rutto@gmail.com – In Nairobi, which we sent to the Pambazuka News (Fahamu –Ngo –UK) for further global awareness. The consultant requires assistance to publish the Talai plight book; The Talai – A Case of Human Rights Violation.

I am sure your office can check and verify our issue and claims to confirm.

I am confirming to you that I have seen old men and women from the community crying and asking God why they were born while they die, the young ones who are innocent die because of the poverty related diseases not knowing why they are the poorest. In our community we have a saying that..”an antelope does not blame who kills it, but who disturbed it from its hiding place”.

YOUR MAJESTY, you are the only one to bring a lasting solution to our plight. May be you can invite us and whoever you wish to discuss and negotiate the compensation issue rather than us going to International Court of Law which is embarrassing to the British Colonial Government. The issue was “Human Error” and we are ready to reconcile and forgive each other..

GOD BLESS THE QUEEN.

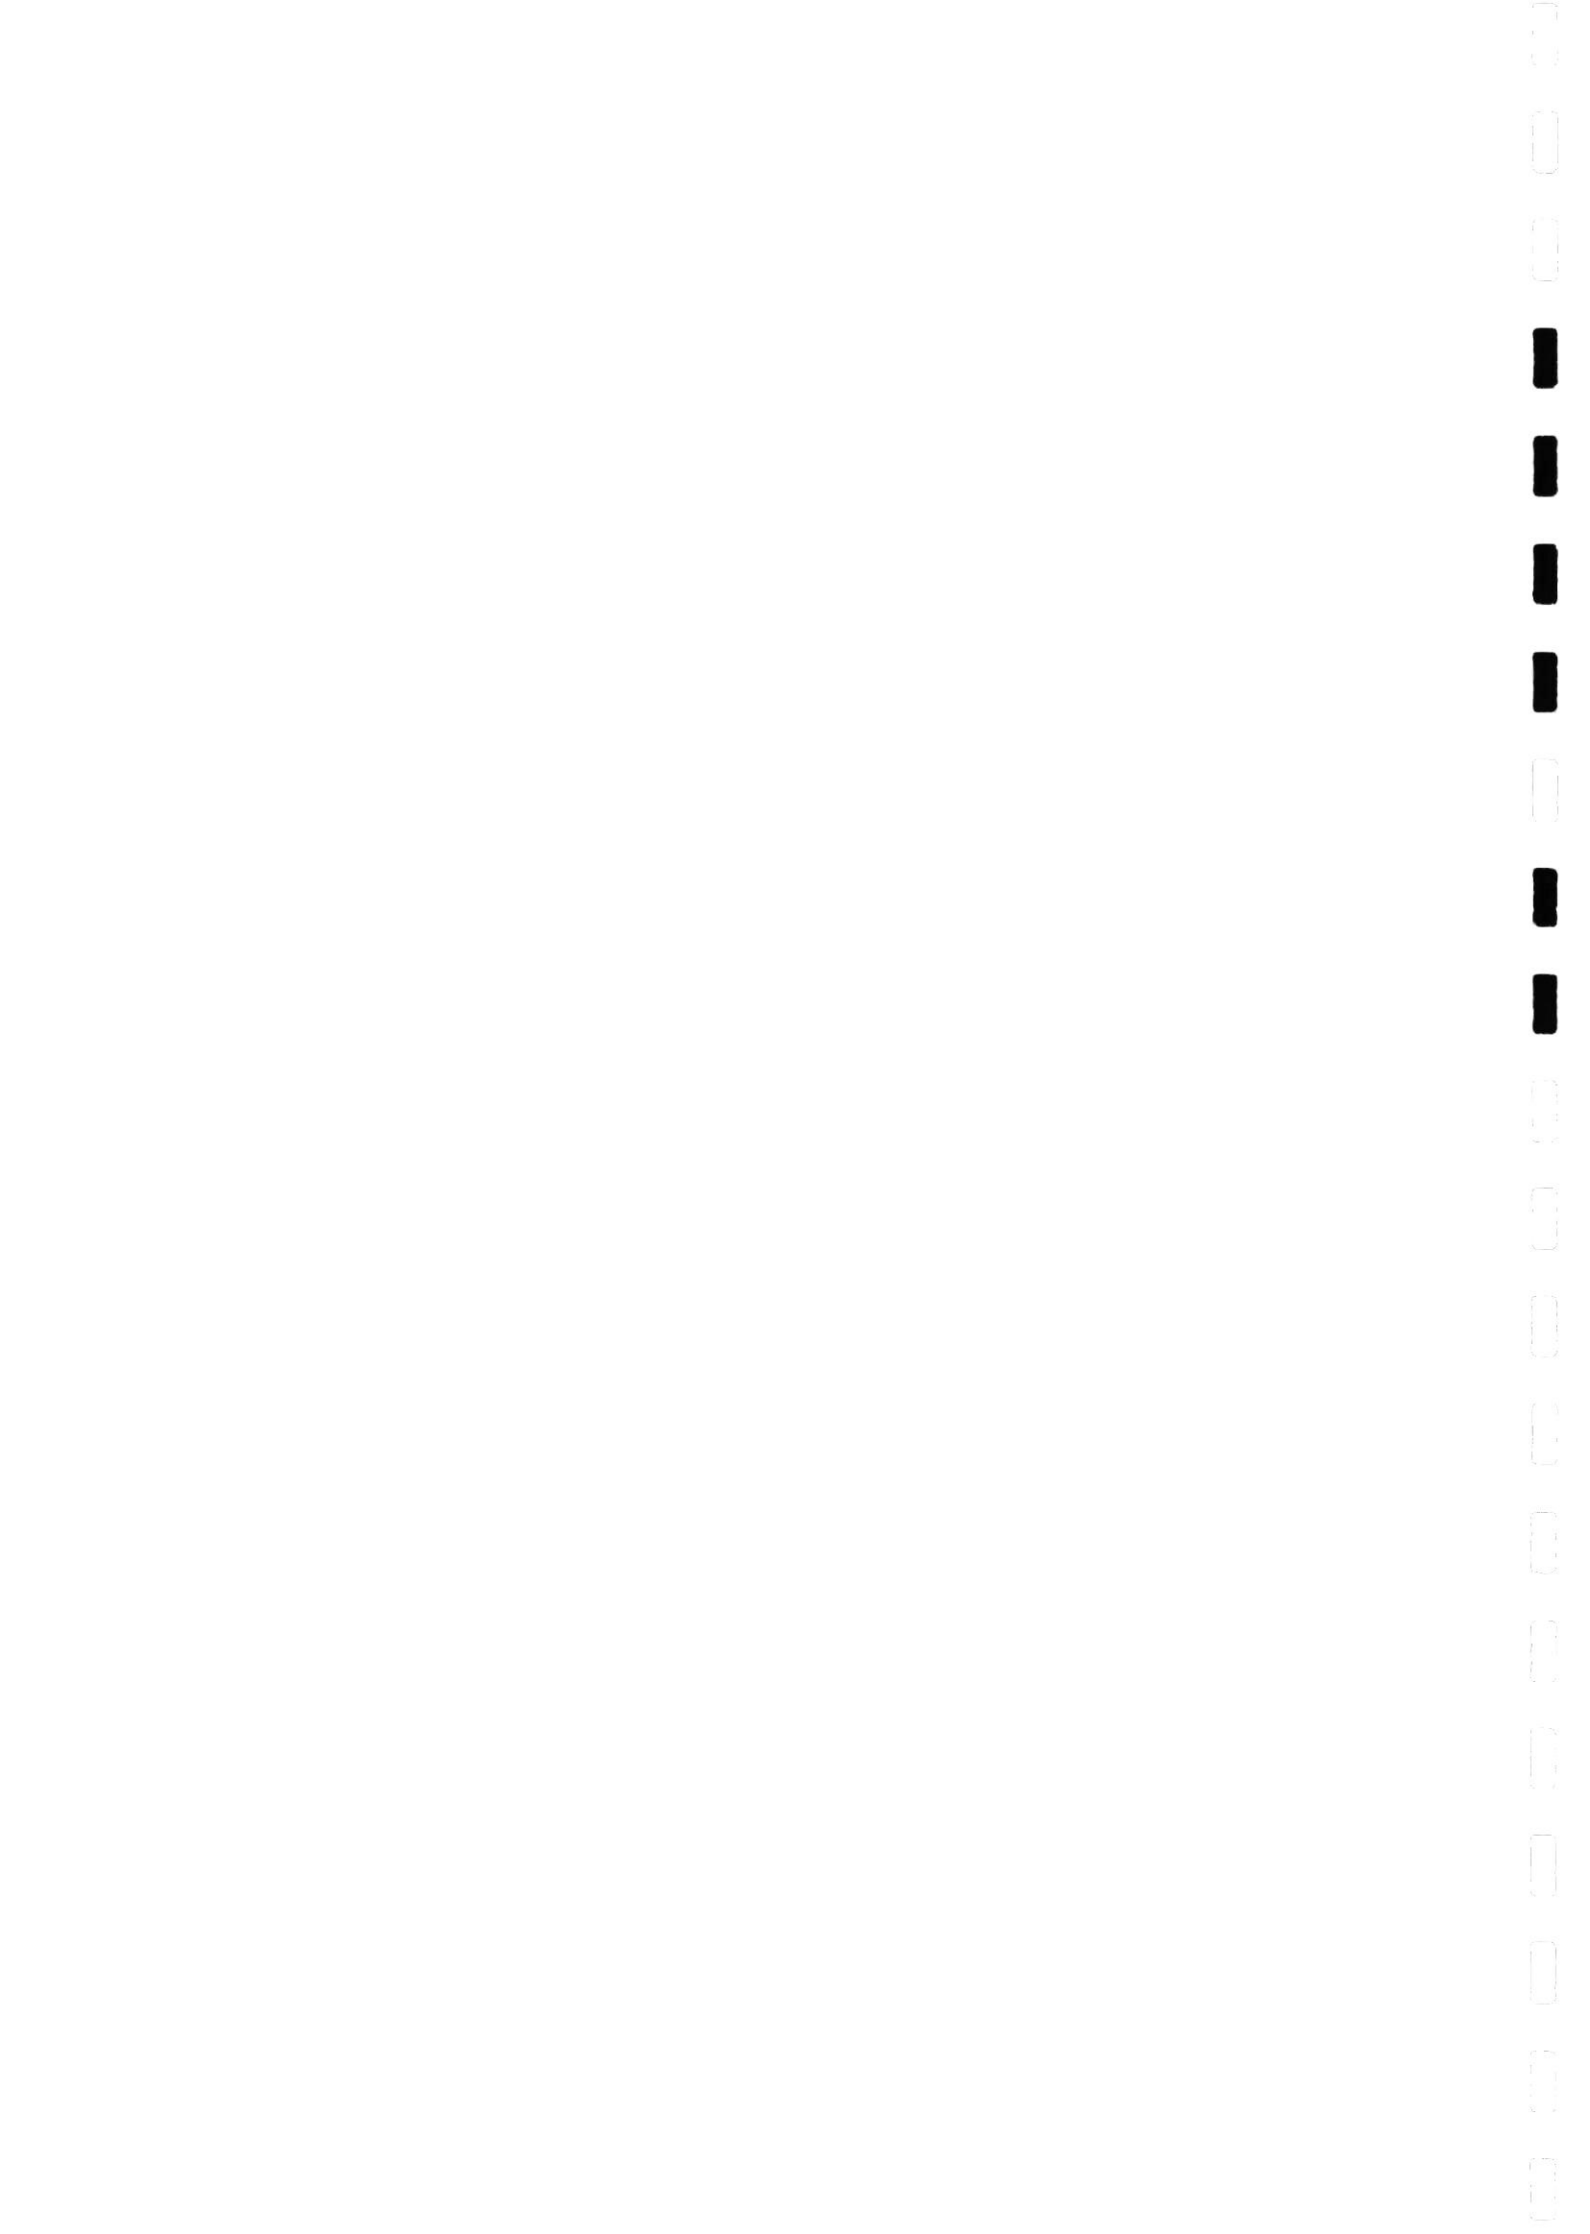

Yours Faithfully;

David Ngasura Tuei-Kipsigis Talai Official.

NB:Members of the community asked me to pass their regards to you. They are aware of this letter to you, some were members of the traditional dancing group they were to entertain you during your 1952 visit to Kenya before you became "THE QUEEN", on your visit to Lake Victoria, which was cut short by an Urgent message from your Home. They still remember the song they specially composed for you (Chepo Kapkingi- The Daughter of the King). The youths are the ones appearing in one of the photoes, ex-Gwassai Talai youths at Kericho Concentration Camp. They were known as the Kericho DC Gregory Smith's Boys.
