In executing its mandate, the Committee considered the matter of allegations of irregularities in the recruitment process of the Managing Director of Kenya Airports Authority, upon receipt of reports alleging irregularities in the process.

To this end, the Committee held a total of four meetings. During the first meeting held on 9th March 2010, the Committee met with the Assistant Minister in the Ministry, the Hon. John H. Mwau, MP and Permanent Secretary in the Ministry of Transport, Dr. Cyrus Njiru; Chairperson of Kenya Airports Authority, Mr. Martin Wambora and the then Managing

Director, Mr. George Muhoho. They were accompanied by several Senior Officers in the Ministry of Transport.

During the second meeting held on 16th March 2010, the Committee met with the Assistant Minister in the Ministry, the Hon. John H. Mwau, MP and Permanent Secretary in the Ministry of Transport, Dr. Cyrus Njiru; Chairperson of Kenya Airports Authority, Mr. Martin Wambora and the then Managing Director, Mr. George Muhoho. CHAPTER ONE

RECRUITMENT PROCESS OF A NEW MANAGING DIRECTOR OF KENYA AIRPORTS AUTHORITY

1.0 Introduction

The appointment of a Managing Director of Kenya Airports Authority is vested in the Minister for Transport after consultations with the Board as stipulated in the Kenya Airports Authority Act Cap. 395, Part II (6). In addition, his terms of service shall be determined by the Minister in the instrument of appointment or otherwise in writing from time to time.

Nevertheless, Kenya Airports Authority being a public institution should at all times serve public interest as well as observe the principle of fairness, transparency and accountability.

In executing its mandate, the Committee considered the matter of the recruitment process of a new Managing Director of Kenya Airports Authority upon receipt of reports alleging irregularities in the recruitment process. The then Managing Director, Mr. George Muhoho retired effective from 2nd April 2010.

During the consideration of the matter, the Ministry of Transport was without a substantive Minister with the former Minister having left the docket after the Hon. Speaker declared the Matuga seat vacant on 25th February 2010, pursuant to the provisions of the National Assembly and Presidential Elections Act (Cap 7) following court nullification of his December 27, 2007 election as Member of Parliament on 5th February 2010.

2.0 Information Considered

The Committee considered the following information availed to it by the Kenya Airports Authority (KAA):-

- i. Tender documents of recruitment of the recruiting agency, Manpower (K) Limited Services
- ii. First Advertisement of Daily Nation, Friday, 27th January 2010
- iii. Second Advertisement of Daily Nation, 10th February 2010
- iv. Minutes of the Board held on 2nd February 2010
- v. Minutes of the Board held on 3rd February 2010
- vi. Minutes of the Board held on 23rd February 2010
- vii. Minutes of the Board held on 24th February 2010 containing the scores of the three candidates forwarded to the Minister for appointment.
- viii. List of candidates who applied

- ix. List of candidates shortlisted and interviewed by the consultant
- x. List of candidates presented to the Board for interviewing
- xi. List of Kenya Airports Authority members of staff who applied for the post of Managing Director
- xii. The resolution of Board of Directors
- xiii. List of questions asked to all candidates by the Board members

3.0 The Committee was informed that:-

- i. Due process for recruitment of the Managing Director of KAA had been followed.
- ii. The first advertisement of 27th January 2010 was issued by the management as the Board had been without a Chairperson since August 2009 and that some Members of the Board were aware of the commencement of the process. The advertisement was only meant to commence the process as the management felt it was important to have the process expedited
- iii. Though both the KAA and State Corporations Acts did not provide for the position of Deputy Managing Director of KAA, the Executive had appointed one.
- iv. Procurement of services of the recruitment agency namely Manpower (K) Limited Services was done in 2008 by the management through invitations. Requisition to procure the services was issued by the KAA's General Manager, Human Resources.
- v. The advertisement for the position attracted a total of 152 applicants both from within Kenya and Kenyans in the Diaspora.
- vi. Evaluation of the applicants by the recruiting agency was completely independent of the Executive and KAA.
- vii. The period of 5 given for applications to have been received was adequate as the matter had been in public domain for some time and the target population would have forwarded their applications electronically.
- viii. In addition to the advertisement being placed in sections of the media, the same was also in the Authority's official website.
- ix. The process was witnessed by a representative of the Inspector General-State Corporations, who expressed his satisfaction with the process.

4.0 Committee Observations

The Committee observed that:-

- i. The first advertisement of 27th January 2010 had not been sanctioned by the Board.

- ii. At a Board meeting held on 3rd February 2010, the Directors resolved to have the position re-advertised through a competitive selection process in accordance with the State Corporations Guidelines. Advertisement for the position appeared in the Local Dailies on 10th February 2010 while applications were supposed to have been forwarded by 15th February 2010.
- iii. The first advertisement of 27th January 2010 stipulated requirements to include a Masters Degree from a recognized University in any of the following fields: Aviation, Engineering, Engineering, Economics, Business Administration, Accounting, Finance or Law. In addition, experience and knowledge of the public sector management was an added advantage. The second of 10th February 2010 advertisement stipulated requirements to include a Bachelors Degree, while knowledge of public sector management was necessary. The Committee felt this requirement was restrictive.
- iv. The process was rushed considering applicants were given only five days to forward their applications, which Members felt was inadequate.
- v. Though the then Managing Director was due to retire effective from 3rd April 2010, a vacuum was not expected as there was a Deputy Managing Director in place. In addition, an acting Managing Director could have been appointed.
- vi. In the absence of a Chairperson of the Board of Directors, Members would have nominated one of them to preside over the meetings as provided for in the State Corporations Act , Cap 446, part III (8) (1) (e).
- vii. A total of 152 candidates applied for the position. However, no criteria was provided to the Committee on how the recruiting agency arrived at the 27 candidates it interviewed. Among those interviewed, some did not meet the minimum qualifications stipulated in the advertisement.
- viii. While the Board had earlier requested the recruiting agency to submit six candidates for the interview by the Board, on the advice of the recruiting consultants, the Board resolved to interview eight candidates purportedly to widen competitiveness in view of the fact that two of the candidates were from within KAA.
- ix. The former Managing Director actively participated in the interviews.
- x. Of the short-listed three candidates forwarded to the Ministry for appointment, the first candidate had scored marks which were so wide apart from the rest suggesting the ranking was skewed for a particular purpose or to favour a particular candidate.
- xi. Some of the interviews were conducted through the telephone.

6.0 The Committee recommends that:-

- i. The process be started afresh to accord all Kenyans a fair and equal opportunity to participate as well as satisfy all that there was fairness in the process.
- ii. The recruiting process should be carried out by another agency, other than Manpower (K) Limited.
- iii. Tendering for the recruitment should be done in accordance with the Public Procurement and Disposal Act, 2005.

MIN. 123/2009-2012

- i. The Committee was informed that;
 - a) The term of the current Managing Director was set to expire effective from 3rd April 2010.

The Board Chairperson clarified that statement was not in any way intended to dismiss the Committee's recommendations, but the Board was awaiting the formal recommendations from the Committee. He assured Members that the statement was meant to reassure stakeholders in the industry as a result of negative publicity the issue had attracted.

The Permanent Secretary informed the Committee the former Managing Director had since retired and that Mr. Matthew Wamalwa had been appointed to the position in an acting capacity awaiting appointment of a substantive Managing Director.

He assured Members that four Government institutions namely; the Office of the President; the Office of the Prime Minister; the Kenya Anti Corruption Commission and the Kenya National

Commission on Human Rights had taken up investigations into the matter and found that the Board had acted objectively.

He highlighted some of the implications of repeating the recruitment process which include the cost and demoralization of the candidates.

Introduction and Adoption of the Agenda

The meeting began at 3:00 pm with a word of prayer by Mrs. Catherine Kuria. The Agenda for the meeting earlier circulated was adopted.

Min 2/130/2010

Introduction of Martin Nyaga Wambora as Chairman of Kenya Airports Authority

The Managing Director welcomed the members of the Board to the first Board meeting of the year, wished them a Happy New Year and informed members that the meeting was a Special Board meeting. He then informed the meeting that it was his privilege to introduce to the Board Mr. Martin Nyaga Wambora who had been appointed by His Excellency the President as the Chairman of Kenya Airports Authority.

Thereafter he invited the Permanent Secretary Dr. Cyrus Njiiru to introduce the Chairman. The Permanent Secretary began by informing members that it was his second Board meeting at KAA and he recalled that during his first meeting the Board inquired when they a Chairman would be appointed. He informed the meeting that he made the necessary consultations and he was happy to inform the Board that his Excellency the President had appointed Mr. Martin Wambora as the Chairman of the Kenya Airports Authority.

He welcomed the Chairman and wished him well and particularly requested him to move KAA to the next level and to make Jomo Kenyatta International Airport a hub.

The Chairman thanked the Permanent Secretary and the Managing Director for preparing the meeting and said it was his pleasure to meet the members of the Board. He informed the meeting that he had a briefing with the Permanent Secretary, Managing Director and the Senior Managers. He further informed the meeting that KAA can only move to the next level with the cooperation of the Board and Staff members.

Min 3/130/2010

Matters Arising

The Chairman requested for an update on the advertisement that appeared in the media in order to see if all the members were on the same page. He invited the Permanent Secretary and the Managing Director to brief the Board.

The Managing Director informed the meeting that during the last Board meeting, under any other business, a question arose of the future of the Managing Directors post as the term of the current Managing Director was

coming to an end on 3rd April 2010. The Managing Director informed the meeting that during that meeting he indicated to the Board that he had gone to the PS and informed him that he had no intention of seeking reappointment. He further informed the meeting that the Permanent Secretary did follow-up with a note to him confirming the discussion.

The Managing Director then reminded members of the Job Evaluation exercise which defined the profile of every position in the Organisation. The Managing Director apprised the meeting that the Authority had engaged a Job Evaluation expert who defined the profile of every position in the Organisation.

The Managing Director informed members that the Authority requested the same expert to give the job profile for the Managing Directors position which he did through an email dated 14th January 2010. The meeting was informed that the job profile included the competencies that the job required, the qualifications and experience.

He further informed the meeting that the Authority considered the said profile together with the draft job description that the former Chairman, Engineer Mwangera had given and the advertisements by Kenya Pipeline Authority and Kenya Civil Aviation Authority when they were recruiting their Chief Executive.

The Managing Director informed the meeting that thereafter he discussed with the Permanent Secretary and also consulted other authorities in Government. The Managing Director informed the meeting the Permanent Secretary advised that the job be advertised in the press. Copies of the advertisement were circulated to the members.

The Managing Director further went on to explain the reason for going for a Masters was because already in the profiles the General Managers position requires a Masters degree. The Managing Director also informed members that in the profile the General Managers are required to have ten years experience while the Chief Executive is required to have fifteen years experience with five years in senior management.

The Managing Director also informed the meeting that in the media there were reports that Manpower services limited was handpicked. The Managing Director informed members that that was not factual. He reminded members that previously there was an agency (Hawkins) which

used to recruit for the Authority. However the then Board felt Hawkins had been around for a long time. He informed the meeting that KAA therefore floated tenders on 30th October 2009. The Managing Director informed the meeting that out of the eight Companies that had bought the tender documents seven returned their bids within the submission deadline. They included;

1. Tips Management Services Ltd
2. Manpower Services
3. Forbes Global
4. Hawkins Associates Ltd
5. East Africa Resources & Training Institute Ltd
6. International Development Partners (EA) Ltd
7. Personnel Resource

He informed the meeting that as required by law he appointed a Committee to evaluate the bids. He informed the meeting that the members of the Committee were;

- | | |
|--------------------|----------|
| 1. Daniel Kesha | Chairman |
| 2. David Tomno | Member |
| 3. Leonard Richuni | Member |
| 4. Kemboi Obadiah | Member |

The Managing Director informed the meeting that the Committee did the evaluation and recommended Manpower Services Limited which proved to be substantially responsive.

He further informed the meeting that Manpower Services Limited will carry out the initial interviews and furnish the Board six candidates for the Board to undertake further interviews.

The Chairman then invited the Permanent Secretary to brief the members. The Permanent Secretary informed members that he had made two observations;

1. The Permanent Secretary informed members that KAA had consulted with Government. He informed the meeting that he wrote a letter to the Managing Director asking him to set in motion a process to recruit a new Managing Director. He further informed the meeting that at the time there was no Chairman.

He requested members that in future the Board should discuss developments and future of the Authority and not what the media has set in motion.

The Chairman then invited the other Board members to comment on information given by the Managing Director and the PS.

Members agreed that it is very important that the Board should not run its issues through the press. Some members were however of the view that there had never been any substantive discussion on the future of the Managing Directors post with the Board. They informed the meeting that they only saw the advertisement in the newspapers. Further they commented that the whole process should be managed by the Board as provided by law namely the State Corporations Act, the Kenya Airports Act and the Guidelines on Terms and Conditions of service for State Corporations. The members further emphasized the importance of the Board owning the process. Members informed the meeting that in as much as the intention was right the process could have been done differently. Some members also commented that the advertisement was a step in the right direction given that historically State Corporations had gotten appointments from Ministers and the Office of the President.

The Chairman informed members that the Managing Director's term expires on 3rd April 2010 and therefore it will be very important to recruit a Chief Executive Officer before that date. He therefore requested members to agree on a way forward.

Board Action;

After considerable deliberation the Meeting resolved that;

- In view of the fact that Mr. George K Muhoho's term is coming to an end on 3rd April 2010 the Board resolved to commence competitive recruitment of the Managing Director forthwith through advertisement.
- The Management was directed to provide the details of an appropriate advertisement and a Board paper on the process of competitive recruitment for the Board's deliberation.
- There be a Special Board Meeting of the Board on 3rd February 2010 at 9.00am to proceed with the process.

Management circulated to the members the advert and the email dated 13th January 2010 from the consultant for the members to study in preparation of the Special Board meeting on the 3rd of February 2010.

Min 4/130/2010 **To consider and approve the Performance Contracting report in respect of the Contract Period 1st October 2009 to 31st December 2009**

Management submitted there Performance Contracting Report to the Board.

Board Action;

The meeting considered and approved the Performance Contracting Report in respect of the Contract Period 1st October 2009 to 31st December 2009.

The Chairman invited Mr. Francis Muhindi, Group Managing Director Manpower Services to brief the meeting on the recruitment process and conduct of the interview process.

Mr. Muhindi informed the meeting that over 160 candidates had applied for the position and that his firm had evaluated the applications and conducted interviews of over 30 candidates. The Firm had short listed the candidates and forwarded 8 candidates to be interviewed by the Board. Mr. Muhindi indicated to the Board that where there are two candidates from the same institution his firm would normally recommend to the Board to consider additional candidates for the interviews. He advised that two of the short listed candidates were currently serving in KAA and he had therefore short listed 8 candidates for interviews by the Board of Directors.

Mr. Muhindi furnished to each Board member copies of Curricula Vitae of each candidate.

The Consultant explained that each Board Member would score each candidate and award points out of a maximum of 10. All scores from each of the panelist would then be added up and candidates ranked accordingly.

Mr. Muhindi further presented suggested questions that the Board members may consider to ask the candidates. The Board reviewed the proposed questions and made amendments and settled on the following;

1. Tell us about your highest academic and professional qualifications.

2. Now, briefly tell us about your career progression, from your earliest job to the Current status.

10. Briefly tell us why you believe you are the best candidate
11. What is your personal vision for KAA, what changes if any would you effect at KAA.

It was explained that as far as possible and to ensure fairness to the candidates the same questions be posed to all the candidates. Members were free to pose additional and supplementary questions to the candidates.

It was further agreed to accord each candidate Forty Minutes of interview time.

Mr. Muhindi then explained that due to logistical arrangements not all the Candidates were available for interviews today and that four candidates were to be interviewed today and the balance four would be interviewed the following day

The Members deliberated and agreed that to ensure uniformity in ranking that interviews for all the candidates be conducted on the same day. It was therefore resolved that the interviews be conducted the following day for all the candidates.

The meeting ended at 6.20pm with a word of prayer by Mr. Hassan Kulow.
