LEGAL BASIS/FOUNDATION/PROVISION FOR THE QEBR

The Quarterly Economic and Budgetary Review Report is Published in accordance with Section 83 of the Public Finance Management Act, 2012. It states as follows:

83. (1) An accounting officer for a national government entity shall prepare a report for each quarter of the financial year in respect of the entity.

(2) In preparing a quarterly report for a national government entity, the accounting officer shall ensure that the report—

(a) Contains information on the financial and non-financial performance of the entity; and

(b) Is in a form that complies with the standards prescribed and published by the Accounting Standards Board from time to time.

(3) Not later than fifteen days after the end of each quarter, the accounting officer shall submit the quarterly report to the Cabinet Secretary responsible for the entity and the National Treasury.

(4) The Cabinet Secretary responsible for an entity shall forward a copy of the report to the Cabinet Secretary and Controller of Budget.

(5) Not later than forty five days after the end of each quarter, the National Treasury shall—

(a) consolidate the quarterly reports and submit them to the National Assembly and a copy of the reports to the Controller of Budget, Auditor-General and the Commission on Revenue Allocation; and

(b) Publish and publicize the reports.

(6) In the case of an entity that is a state corporation, the accounting officer for the corporation shall submit the quarterly report to the Cabinet Secretary responsible for the corporation who shall, upon approving it, forward a copy to the Cabinet Secretary.

HIGHLIGHTS OF THE QUARTERLY ECONOMIC AND BUDGETARY REVIEW: FIRST HALF, 2017/2018

1. Economic growth

Kenya's economy remained resilient in 2017 supported by a largely stable macroeconomic environment and ongoing public infrastructure investments. The economy grew by 4.4 per cent in quarter 3, 5.0 per cent in Quarter 2, and 4.7 per cent in Quarter 1. However, uncertainty associated with political elections environment coupled with effects of adverse weather conditions slowed down performance of most sectors of the economy.

2. Inflation

Overall month on month inflation declined below the government's 5.0 per cent medium term target for the first time since June 2013. Inflation declined to 4.5 per cent in December 2017 and 4.7 per cent in November 2017 from 5.7 per cent in October 2017. The decline was largely on account of continued decline in prices of key food items such as potatoes, kales, oranges and mangoes due to favourable weather conditions and Government measures on prices of maize, powdered milk and sugar.

3. Balance of Payments

The overall balance of payments position improved to a surplus of US\$ 879.7 million (1.2 per cent of GDP) in the year to November 2017 from a deficit of US\$ 821.4 million (1.3 per cent of GDP) in the year to November 2016. The current account balance was at a deficit of US\$ 5,110.1 million (7.0 per cent of GDP) in the year to November 2017 from a deficit of US\$ 3,452.5 million (5.4 per cent of GDP) in the year to November 2016.

4. Foreign Exchange Reserves

The banking system's foreign exchange holding was at US\$ 9,202 million in November 2017 from US\$ 10,327 million in November 2016. The official foreign exchange reserves held by the Central Bank remained strong at US\$ 6,919.5 million (4.6 months of import cover) in November 2017 compared with US\$ 7,872.1 million (5.2 months of import cover) in November 2016.

5. Money and Credit

Broad money supply, M3, grew by 8.4 per cent in the year to November 2017 compared to a growth of 6.2 per cent in the year to November 2016. The growth in M3 was largely on account of an increase of net domestic credit to the Government and other public sectors.

6. Capital Markets

Activities at the stock market picked up in December 2017. The NSE 20 Share Index improved to 3,712 points in December 2017 from 3,157 points in December 2016 while Market Capitalization improved to KSh. 2,522 billion from KSh. 1,902 billion over the same period.

7. Total Revenue Collection

The National Government cumulative revenue collection including A-I-A for the period July 2017 to December 2017 amounted to KSh. 709.4 billion (equivalent to 8.20 per cent of GDP) against a target of KSh. 777.7 billion (8.99 per cent of

GDP). This represented an underperformance of KSh. 68.3 billion mainly due to shortfalls in VAT, Excise duty, Income Tax, Investment Income and A-I-A collection.

8. Government Expenditure and Net Lending

The total cumulative expenditure and net lending inclusive of transfers to County governments for the period ending 30th December, 2017 amounted to KSh. 907.0 billion. This was KSh. 122.3 billion below the target of KSh. 1,029.3 billion and was largely attributed to low absorption levels in pension and wages and salaries for the National Government. Expenditure by County Government was also below target.

9. Guaranteed Loans

Between July 2017 and December 2017, the National Government paid a total of KSh. 703.18 million on account of guaranteed loans against the projected debt service of KSh. 777.72 million.

10. Overall Fiscal Balance

The cumulative overall fiscal balance, on a commitment basis (excluding grants), amounted to a deficit of KSh. 197.6 billion (equivalent to 2.28 per cent of GDP), as at end-December 2017.

11. External Financing

Between July 2017 and December 2017, external financing amounted to a net borrowing of KSh. 24.1 billion.

12. Net Domestic Borrowing

Net domestic financing amounted to a net borrowing of KSh. 183.6 billion (equivalent to 2.12 per cent of GDP) in the period ending 31st December 2017.

13. Domestic Debt

Total gross domestic debt stock increased by 15.0 per cent from KSh. 1,931.0 billion as at end-December 2016 to KSh. 2,220.3 billion by the end-December 2017.

14. External Debt

The total external debt stock, including the International Sovereign Bond, stood at KSh. 2,353.8 billion for the period ending December 2017. The debt stock comprised of multilateral debt (35.8 per cent), bilateral debt (33.3 per cent), Suppliers Credit debt (0.7 per cent), and Commercial banks' debt (30.3 per cent-including International Sovereign Bond).

RECENT ECONOMIC DEVELOPMENTS

1.0 RECENT ECONOMIC DEVELOPMENTS

1.1 Economic Growth

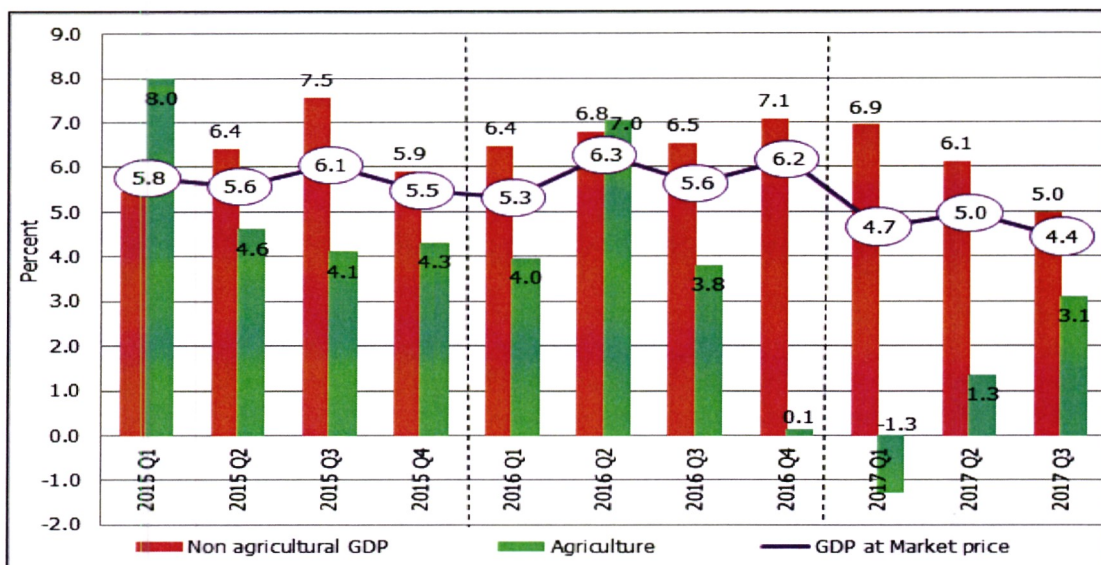

1. Kenya's economy remained resilient in 2017 supported by a largely stable macroeconomic environment and ongoing public infrastructure investments. The economy grew by 4.4 per cent in quarter 3, 5.0 per cent in Quarter 2, and 4.7 per cent in Quarter 1. However, uncertainty associated with political elections environment coupled with effects of adverse weather conditions slowed down performance of most sectors of the economy.

2. Growth in the third quarter of 2017 was supported by robust activities in information and communication (9.0 per cent); real estate (8.9 per cent) and accommodation and restaurant (7.3 per cent). On the other hand, the growth was somewhat constrained by subdued performances in manufacturing, electricity and water supply, construction and financial intermediation sectors.

3. Agricultural sector recovered in the third quarter of 2017 following improved weather conditions and grew by 3.1 per cent representing 0.6 percentage points to GDP growth compared to a growth of 1.3 per cent in the second quarter of 2017, this growth was however a slowdown from a 3.8 per cent growth (0.7 percentage points to GDP growth) in the third quarter in 2016. The performance of the sector was supported by improvement in production of tea and horticultural products thereby reducing the effect of underperformances of the other sub-sectors on the overall growth of the sector (**Chart 1a and 1b**).

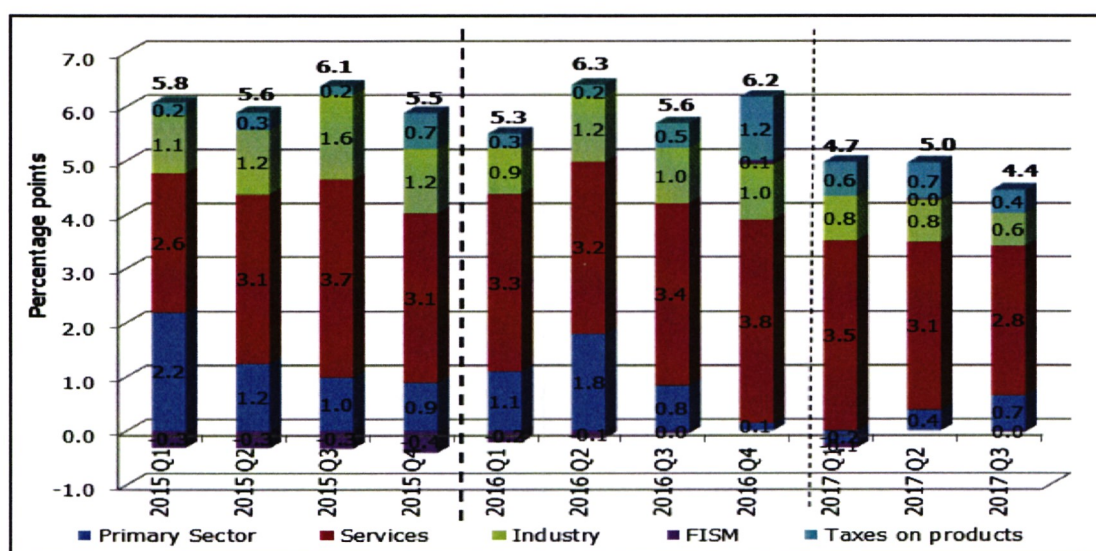

4. The Non-agricultural sector remained vibrant despite the subdued performance in the third quarter of 2017 largely on account of the heightened political activity. The sector grew by 5.0 per cent in the third quarter of 2017 compared to a growth of 6.5 per cent in the same quarter in 2016. It has the largest percentage points to real GDP growth at 3.4 percentage points mainly supported by the service sector.

Chart 1a: Economic Quarterly Growth Rates (2015-2017)

Source: National Treasury; Data: Kenya National Bureau of Statistics

Chart 1b: Sectoral contribution to Quarterly GDP Growth Rates (2015-2017)

Source: National Treasury; Data: Kenya National Bureau of Statistics

5. Services remain the main source of growth. It grew by 5.3 per cent in the third quarter of 2017 compared to 6.6 per cent in the same quarter in 2016. The slowdown was reflected in the subdued performance in accommodation and restaurant (7.3 per cent), transport and storage (5.4 per cent) and financial and insurance (2.4 per cent).

6. Nevertheless, the services contributed 2.8 percentage points to real GDP growth in the third quarter of 2017 largely supported by the Real Estate (0.8 percentage points) and Transport and Storage (0.4 percentage points) and Information and communication (0.3 percentage points) (Chart 1b)

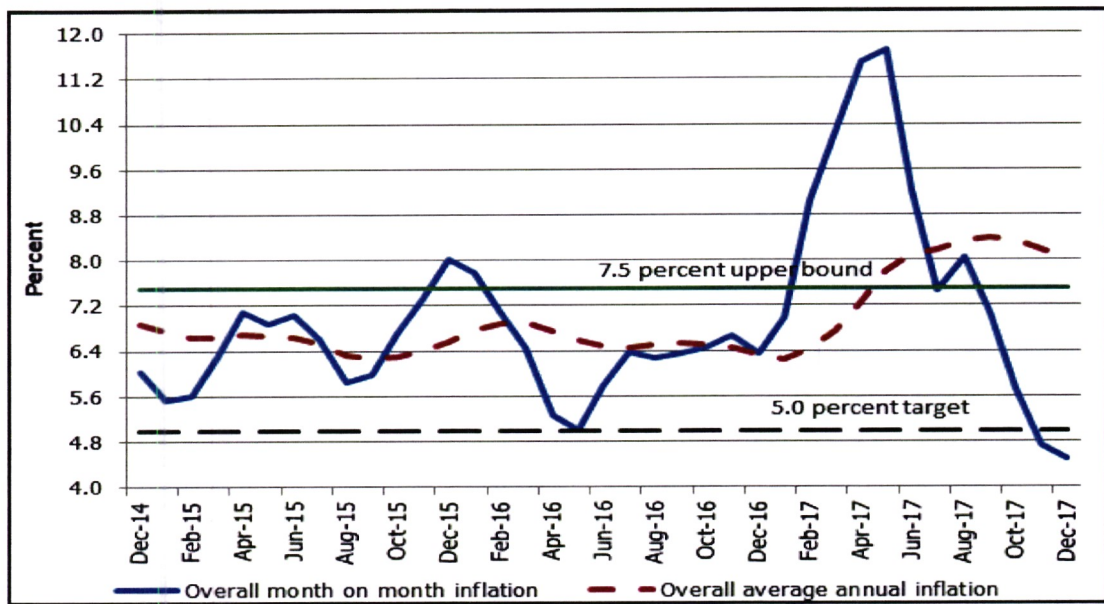

7. In particular, information and communication services maintained a strong growth of 9.0 per cent in the third quarter of 2017 compared to a growth of 8.8 per cent in the same quarter in 2016. This reflected strong demand (both households and firms) for telecom services, availability of affordable ICT gadgets and internet connectivity provided by the mobile and internet service providers, efforts by banks to lower costs by deploying new technologies and the ongoing ramping up of mobile banking operations.

8. The performance of Industry slowed to a growth of 3.3 per cent in the third quarter of 2017 compared to a growth of 5.5 per cent in the same quarter of 2016 following subdued performance of manufacturing (2.1 per cent), electricity and water supply (4.8 per cent) and construction (4.9 per cent). The slow growth in the sector was partly attributed to the extended electioneering period, prompting investors to scale down construction activities. It, however, accounted for 0.6 percentage points to growth during the quarter largely driven by the Construction Sector which contributed 0.3 percentage points to growth (Chart 1b).

1.2 Inflation

9. Overall month on month inflation declined below the government's 5.0 per cent medium term target for the first time since June 2013. Inflation declined to 4.5 per cent in December 2017 and 4.7 per cent in November 2017 from 5.7 per cent in October 2017. The decline was largely on account of continued decline in prices of key food items such as potatoes, kales, oranges and mangoes due to favourable weather conditions (Chart 2a). In the twelve month to December 2017, the average annual inflation rate was 8.0 per cent compared to 6.3 per cent in the same period in 2016.

Chart 2a: Inflation

Source: National Treasury; Data: Kenya National Bureau of Statistics

10. Kenya’s rate of inflation compares favorably with the rest of sub-Saharan African countries and especially its peers such as Nigeria and South Africa whose inflation rates were 15.4 percent and 4.7 percent, respectively (**Chart 2b**)

Chart 2b: Inflation Rates in selected African Countries (December 2017)

Source: National Treasury; Data: National Central Banks

1.3 Balance of Payments

11. The overall balance of payments position improved to a surplus of US\$ 879.7 million (1.2 per cent of GDP) in the year to November 2017 from a deficit of US\$ 821.4 million (1.3 per cent of GDP) in the year to November 2016 (**Chart 3**) due to the improvement in the financial account that more than offset the widening current account deficit.

RECENT ECONOMIC DEVELOPMENTS

12. The current account balance was at a deficit of US\$ 5,110.1 million (7.0 per cent of GDP) in the year to November 2017 from a deficit of US\$ 3,452.5 million (5.4 per cent of GDP) in the year to November 2016. This reflects the widening of the trade account balance and the increased payments to foreign investors (due to high interest payments) despite an improvement in the secondary income account balance particularly increased workers' remittances

Chart 3: Balance of Payments (Per cent of GDP)

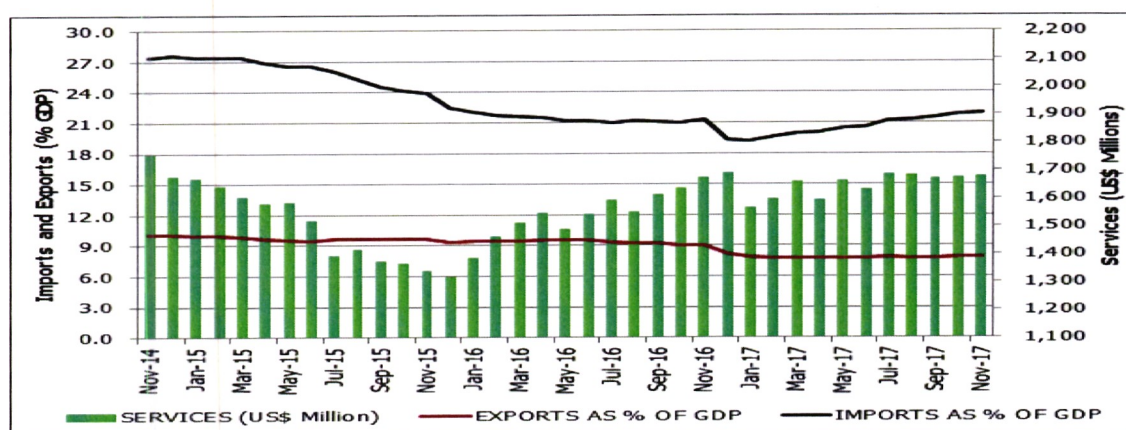

Source: National Treasury Data: Central Bank of Kenya

13. The deficit in the merchandise account widened by US\$ 2,477.7 million to US\$ 10,243 million in the year to November 2017 reflecting increase in payments for import of oil on account of the rebound in international oil prices and the increase in imports of machinery and transport equipment mostly on account of imports of wagons, locomotives and associated equipment related to the Standard Gauge Railway (SGR) project. In addition, net export of goods and services declined reflecting lower global demand for exports of manufactured goods; raw materials; chemicals and related products; and miscellaneous manufactured articles (**Chart 4**).

14. Flows in the Financial Account increased to US\$ 5,870.6 million in November 2017 compared with US\$ 3,298.5 million in November 2016, with the surplus reflecting higher liabilities compared to assets. The financial inflows were mainly in form of Foreign Direct Investments and other investments which stood at US\$ 360.6 million and US\$ 6,439.6 million, respectively in November 2017. Other investment inflows mainly include foreign financing for Government infrastructure projects.

Chart 4: Merchandise and Service Account

Source: National Treasury Data: Central Bank of Kenya

1.4 Foreign Exchange Reserves

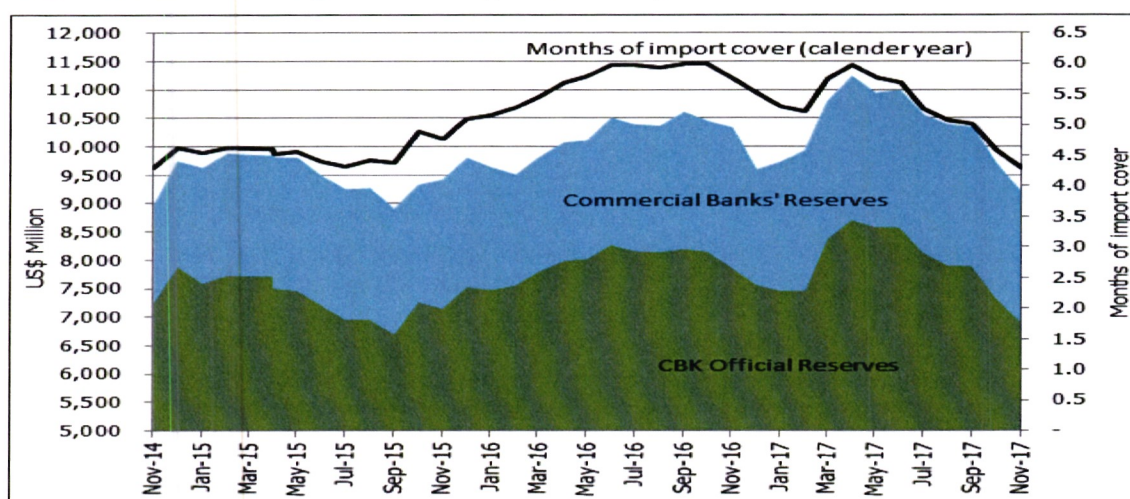

15. The banking system’s foreign exchange holding was at US\$ 9,202 million in November 2017 from US\$ 10,327 million in November 2016 (Table 1 and Chart 5). The official foreign exchange reserves held by the Central Bank remained strong at US\$ 6,919.5 million (4.6 months of import cover) in November 2017 compared with US\$ 7,872.1 million (5.2 months of import cover) in November 2016 while commercial banks holdings was at US\$ 2,282.8 million in 2017 from US\$ 2,454.6 million in 2016.

Table 1: Foreign Exchange Reserves (US\$ million)

	Nov-16	Dec-16	Mar-17	Apr-17	May-17	Jun-17	Jul-17	Aug-17	Sep-17	Oct-17	Nov-17
Gross Foreign Exchange Reserves	10,327	9,587	10,786	11,233	10,934	10,984	10,550	10,378	10,332	9,698	9,202

1.5 Exchange Rates

16. The Kenya Shilling exchange rate remained broadly stable against major international currencies. As at December 2017, the shilling exchange rate against the Dollar was at KSh. 103.1 from KSh. 102.1 in December 2016. Against the Euro and the Sterling pound, the Shilling weakened to KSh. 122.0 and KSh. 138.2 in December 2017 from KSh. 107.7 and KSh. 127.7 in December 2016, respectively (Chart 6a).

Chart 6a: Kenya Shilling Exchange Rate

Source: National Treasury, Data: Central Bank of Kenya

17. The Kenya Shilling exchange rate as compared to most sub-Saharan African currencies, has continued to display relatively less volatility (Chart 6b). This stability reflected resilient receipts from tea and horticulture despite lower export volumes due to adverse weather conditions in the first quarter of 2017. Additionally, receipts from tourism, coffee exports and Diaspora remittances remained strong.

Chart 6b: Performance of selected Currencies against the US Dollar (December 2016 to December 2017)

Source: National Treasury, Data: National Central Banks

RECENT ECONOMIC DEVELOPMENTS

1.6 Money and Credit

18. Broad money supply, M3, grew by 8.4 per cent in the year to November 2017 compared to a growth of 6.2 per cent in the year to November 2016 (Table 2). The growth in M3 was largely on account of an increase of net domestic credit to the Government and other public sectors. The contribution of net foreign assets declined.

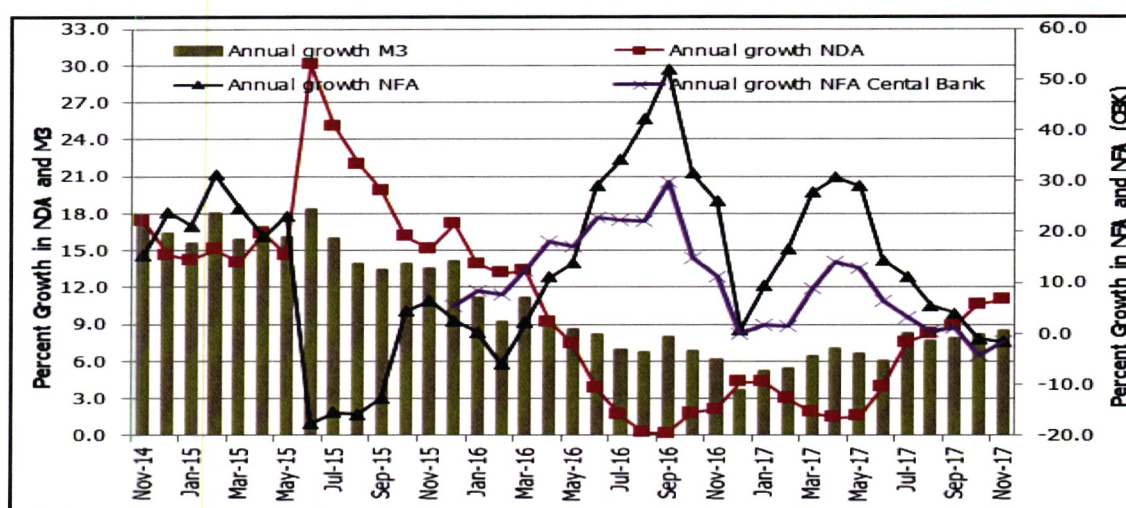

Table 2: Money and Credit Developments, KSh. Billion

				Absolute Change		percent change	
	2015	2016	2017	2015-2016	2016-2017	12 months to	12 months to
	NOV	NOV	NOV	NOV	NOV	Nov-16	Nov-17
Money supply, M3 (1+2)	2,616.2	2,777.6	3,012.3	161.4	234.7	6.2	8.4
1. Net foreign assets (1.1+1.2)	446.1	562.0	553.1	115.9	-8.9	26.0	-1.6
1.1 Central Bank	580.6	645.0	635.6	64.4	-9.4	11.1	-1.5

2.1.3 Private sector	2,166.2	2,257.3	2,319.3	91.1	62.0	4.2	2.7
2.2 Other assets net	-645.8	-710.2	-713.1	-64.4	-2.9	10.0	0.4

Source: National Treasury, Data: Central Bank of Kenya

19. Net Foreign Assets (NFA) of the banking system in the year to November 2017 contracted by 1.6 per cent from a growth of 26.0 per cent over a similar period in 2016 (Chart 7). The contraction in the NFA of the Central Bank is attributed to government payments and debt servicing while a pickup in growth of the NFA by other banking institutions is on account of decreased deposit holdings by banks abroad and other accounts payable

Chart 7: Growth in Money Supply and Its Sources

Source: National Treasury, Data: Central Bank of Kenya

20. Meanwhile, the Net Domestic Assets (NDA) improved to a growth of 11.0 per cent in the year to November 2017 from the growth of 2.1 per cent over a similar period in 2016. The pickup in growth in 2017 is due to an improvement in the growth of net domestic credit. Domestic credit improved to an annual growth of KSh. 246.5 billion (8.4 per cent) in the year to November 2017 compared to a growth of KSh. 109.9 billion (3.9

RECENT ECONOMIC DEVELOPMENTS

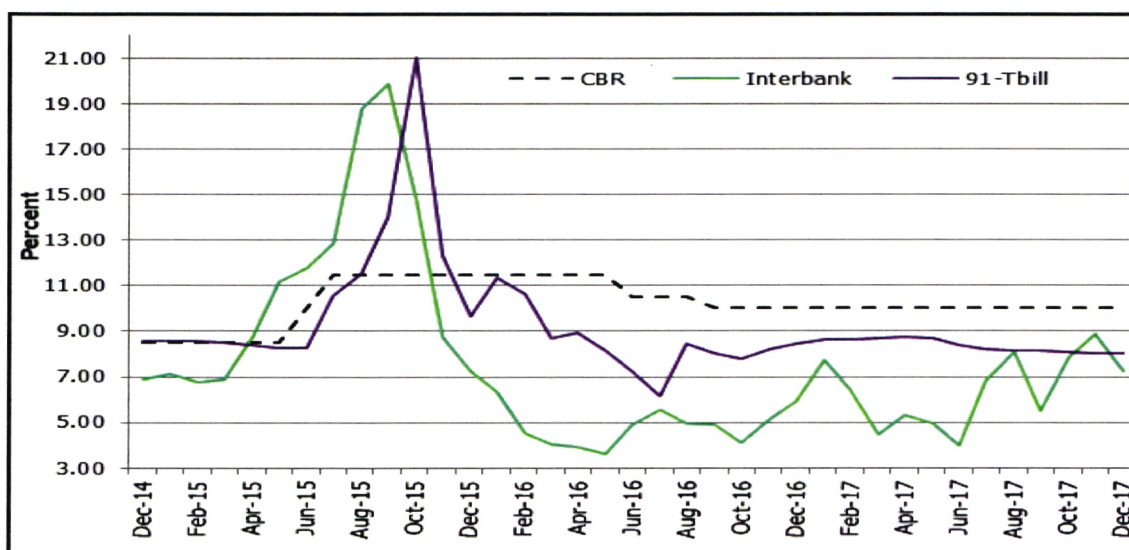

per cent) in the year to November 2016. The improvement reflects increased lending to the Government and private sector.

21. Private sector credit increased to 2.7 per cent in November 2017 from 2.0 per cent in October 2017 and 1.7 per cent in September 2017, reversing the downward trend witnessed since August 2015. However, this was a slowdown compared to the 4.2 per cent growth in November 2016. The real estate, manufacturing, trade, consumer durables and private households have continued on a net basis to receive credit flows from the banking sector since January 2017.

1.7 Interest Rates

22. Interest rates remained stable and low in the period December 2016 to December 2017. During the period, the policy rate (Central Bank Rate) was retained at 10.0 per cent to anchor inflation expectations. The interbank rate has remained low at 7.3 per cent in December 2017 from 5.9 per cent in December 2016 due to ample liquidity in the money market (**Chart 8a**), while the 91-day Treasury bill rate declined to 8.0 per cent from 8.4 per cent over the same period. The 182 day and the 364 day Treasury bills averaged 10.6 per cent and 11.1 per cent in December 2017 from 10.5 per cent and 11.0 per cent in December 2016, respectively.

Chart 8a: Short-Term Interest Rates

Source: National Treasury, Data: Central Bank of Kenya

The interest rate spread narrowed to 5.9 per cent in October 2017 from 6.0 per cent in October 2016 with the Commercial banks' average lending interest stabilizing at 13.7 per cent over the same period. Meanwhile, the average commercial banks' deposit rate increased to 7.8 per cent in October 2017 from 7.7 per cent in October 2016. Comparatively, Kenya has the lowest lending rates among the East African countries (**Chart 8b**).

Chart 8b: Commercial Banks Lending Rates of selected Countries (October 2017)

Source: National Treasury, Data: Central Bank of Kenya

1.8 Capital Markets

23. Activities at the stock market picked up in December 2017. The NSE 20 Share Index improved to 3,712 points in December 2017 from 3,157 points in December 2016 while Market Capitalization improved to KSh. 2,522 billion from KSh. 1,902 billion over the same period (Chart 9).

Chart 9: Performance at the NSE

FISCAL DEVELOPMENTS

2.0 FISCAL DEVELOPMENTS

2.1 Revenue

24. By the end of December 2017, total cumulative revenue including A-I-A collected amounted to KSh. 709.4 billion against a target of KSh. 777.7 (Table 3 and Chart 10). This performance was below the target by KSh. 68.3 billion. Ordinary revenue collection was KSh. 656.9 billion against a target of KSh. 701.7 billion an under performance of KSh. 44.8 billion. The Railway Development Levy collection amounted to KSh. 10.47 billion against a target of KSh. 10.48 billion. Cumulative ministerial A-I-A recorded an under performance of KSh. 23.5 billion for the period under review, reflecting under reporting by the ministries in their expenditure return for the period under review. However, compared to the last FY., the Revenue collection increased by 5.2 per cent.

Table 3: Government Revenue and External Grants, Period Ending 31st December, 2017 (KSh. Million)

1/ includes rent of buildings, fines and forfeitures, other taxes, reimbursements and other fund contributions, and miscellaneous revenue.

2/ includes receipts from Road Maintenance Levy Fund and A-I-A from Universities

Source: National Treasury

25. As a proportion of GDP, the total cumulative revenue and grants in the period under review amounted to 8.29 per cent compared to 8.88 per cent in the corresponding period of the FY 2016/17. External grants amounted to KSh. 7.8 billion against a target of KSh. 25.4 billion, representing an under performance of KSh. 17.6 billion.

Chart 10: Total Ordinary Revenue

Source: National Treasury

2.2 Expenditure

26. The total expenditure and net lending for the period under review amounted to KSh. 907.0 billion, against a target of KSh. 1,029.3 billion. The shortfall of KSh. 122.3 billion was attributed to lower absorption recorded in both recurrent and development expenditures by the National Government and County Governments. (**Table 4 and Chart 11**). Recurrent expenditure for National Government amounted to KSh. 629.7 billion (excl. KSh. 17.4 billion for Parliament and Judiciary), against a target of KSh. 594.4 billion, with underperformance mainly recorded in wages and salaries, pension and A-I-A which accounted for KSh. 8.2 billion, KSh. 8.6 billion and KSh. 15.3 billion respectively.

27. Foreign interest payments amounted to KSh. 40.2 billion, compared to KSh. 25.2 billion in the same period of the FY 2016/17. The domestic interest payments totalled KSh. 114.6 billion, which was higher than KSh. 100.1 billion paid in the corresponding period of the previous financial year.

Source: National Treasury

28. The total cumulative ministerial and other public agencies expenditure was KSh. 638.0 billion against a target of KSh. 899.0 billion (Table 5). Recurrent expenditure was KSh. 465.9 billion against a target of KSh. 590.6 billion, while development expenditure was KSh. 172.1 billion against a target of KSh. 308.5 billion. The percentage of total expenditures to the target was 71.0 per cent, while the percentage of total expenditures to

FISCAL DEVELOPMENTS

the target for recurrent and development were 78.9 per cent and 55.8 per cent respectively, as at the end of the period under review. Out of the Total expenditure, recurrent was 73.0 per cent and development was 27.0 Per cent. As indicated earlier, the discrepancy between actual and target expenditures partly reflect the non-capture of the sub-National expenditures and hence under reporting by Ministries. These ministerial expenditures are therefore, provisional.

29. As at the end of 31st December, 2017, expenditures by the Ministry of Education, Science and Technology; Teachers Service Commission and Ministry of Health (Social Sector) accounted for 40.3 per cent of total recurrent expenditure. While the State Department for Interior, and Ministry of Defence accounted for 9.8 per cent and 10.7 per cent respectively.

30. Analysis of development outlay indicates that the Ministry of Energy and Petroleum accounted for the largest share of the total development expenditures (15.2 per cent), followed by the Department for Infrastructure (14.8 per cent), Department of Transport (11.8 per cent) and the State Department Interior (5.5 per cent). The development expenditures in large ministries were below the target because of non-inclusion of expenditures from some donor funded projects.

2.3 Fiscal Outturn

32. Between July 1, 2017 and December 31, 2017, cumulative overall fiscal balance (on a commitment basis and excluding grants), amounted to KSh. 197.6 billion (equivalent to 2.28 per cent of GDP) against a targeted deficit of KSh. 251.6 billion (equivalent to 2.91 per cent of GDP) (**Chart 12 and Table 7**). Over the same period in 2016, the fiscal deficit stood at KSh. 254.4 billion (equivalent to 3.32 per cent of GDP). Including grants, the fiscal balance (on a commitment basis) deficit stood at 2.19 per cent of GDP against a targeted deficit of 2.61 per cent of GDP. The Fiscal Outturns for the past years is provided as **Annex I**.

33. The Government is planning to begin presenting its fiscal accounts in Government Finance Statistics Manual 2014 (GFSM 2014) format moving forward from the current GFSM 1986 format. GFSM 2014 is the latest standard for analysis and presentation of government fiscal accounts. Going forward our analysis of fiscal performance will be based on the GFSM 2014 presentation. In this edition of QEBR, we have attached the key GFS standard tables for public to note. Annex II to VI is a presentation of the Budget outturn using the GFSM 2014, for the budget 2017/18 and the first quarter 2017/18 actual.

3.0 PUBLIC DEBT

3.1 Overall Debt Position

37. The gross public debt increased by KSh. 746.7 billion, from KSh. 3,827.4 billion as at end of December 2016 to KSh. 4,574.1 billion by 31st December 2017, comprising of 51.5 per cent of External debt and 48.5 per cent of Domestic debt. The overall increase is attributed to increased external debt due to exchange rate fluctuations and, disbursements from external loans debt during the period. Net public debt increased by KSh. 769.9 billion, from KSh. 3,448.7 billion as at end of December 2016 to KSh. 4,218.6 billion by end of the period under review (Table 10).

3.3 External Public Debt

39. In dollar terms, external public debt stock increased by US \$ 4,253.0 million from US\$ 18,504.5 million in December 2016 to US\$ 22,757.4 million by end of December 2017 (**Table 12 and Chart 15**). The debt stock comprised 33.3 per cent, 35.8 per cent, 30.1 per cent and 0.7 per cent of debt owed to bilateral, multilateral institutions, Commercial Banks and suppliers' credit, respectively. This increase is attributed to disbursements made during the period.
