KENYA NATIONAL AUDIT OFFICE

REPORT OF THE AUDITOR GENERAL ON THE ABSTRACTS OF ACCOUNTS OF THE COUNTY COUNCIL OF MERU CENTRAL FOR THE YEAR ENDED 30 JUNE 2006

The attached Abstracts of Accounts of the County Council of Meru Central, which comprise the Balance Sheet as at 30 June 2006, the Recurrent Account and Cash Flow Statement for the year then ended, a summary of significant accounting policies and other explanatory notes have been audited under my direction in accordance with the provisions of Section 23 of the Public Audit Act, 2003.

1.0 The Management's Responsibility for the Abstracts of Accounts

The Management is responsible for the preparation and fair presentation of Abstracts of Accounts in accordance with the Local Government Act, Cap 265; the Local Authorities Transfer Fund (LATF) Act, 1998; the International Public Sector Accounting Standards (IPSASs) and other generally accepted accounting principles. This responsibility includes: designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of Abstracts of Accounts that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

2.0 Responsibility of the Auditor General

My responsibility is to express an opinion on the Abstracts of Accounts based on the audit. The audit was conducted in accordance with the International Standards on Auditing. Those Standards require compliance with ethical requirements and that the audit be planned and performed with a view to obtaining reasonable assurance that the Abstracts of Accounts are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Abstracts of Accounts. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Abstracts of Accounts, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the Council's preparation and fair presentation of the Abstracts of Accounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Management, as well as an evaluation of the overall presentation of the Abstracts of Accounts.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for the audit opinion.

3.0 Qualification Points

3.1 Format and Accuracy of the Accounts

- (i) The Abstracts of Accounts for 2005/2006 were prepared using the Simplified Accounting System format which had not been approved by the Minister for Local Government, as required by Section 229 (2) of the Local Government Act, Cap 265. The Council was therefore in breach of the law.
- (ii) The Accounts for 2005/2006 reflect an unexplained Suspense Account balance of Kshs.15,244,709.00 as at 30 June 2006, while the Capital Provision Account of Kshs.31,065,324.00 was not explained or supported. In addition, the Accounts do not show reference notes to the Accounts as required by the Accounting Standards.
- (iii) The process of sharing of assets and liabilities between the Council on one hand and the County Councils of Nyambene, Meru South, Tharaka and the Town Council of Chogoria on the other, had not been finalized by 30 June 2006.

In view of the foregoing, it was not possible to ascertain the accuracy of the Abstracts of Accounts for the year ended 30 June 2006.

3.2 Fixed Assets

The Fixed Assets balance increased from Kshs.67,719,017.00 as at 30 June 2005 to Kshs.75,462,051.00 as at 30 June 2006. However, the Council did not during the year maintain a Fixed Assets Register, while ownership documents and valuation reports for various assets belonging to it were not produced for audit review. Further, no provision for depreciation was made in the Accounts during the period. In the circumstances, it was not possible to confirm the ownership and accuracy of the Fixed Assets stated at Kshs.75,462,051.00 as at 30 June 2006.

3.3 Renewals Funds

Section 219 of the Local Government Act, Cap 265 requires the Council to create and set aside adequate renewals funds to provide for the entire or partial replacement of some or all of its assets, which, owing to depreciation or other cause, will require at some future date to be replaced. However, no renewals funds or reserves were created and set aside as required. The Council was therefore in breach of the law. Further, it was also not clarified how the Council intended to finance replacement of its depreciable Fixed Assets, in future, in absence of the renewals funds.

3.4 Debtors

The Debtors balance stood at Kshs.39,269,151.00 as at 30 June 2006. However, the Council did not avail the relevant supporting documents including debtors ledger, schedules or listings, for audit verification. Further, no provision for bad and doubtful debts was made in the Accounts during the year. As a result, it was not possible to confirm the correctness and recoverability of the Debtors balance of Kshs.39,269,151.00 as at 30 June 2006.

3.5 Cash and Bank Balances

The Cash and Bank balance increased from Kshs.26,120,796.25 as at 30 June 2005 to Kshs.27,022,041.08 as at 30 June 2006. However, the relevant bank reconciliation statements and bank balances confirmation certificates in support of the balances were not provided for audit review. In consequence, it was not possible to confirm the accuracy of the balance of Kshs.27,022,041.08 as at 30 June 2006.

3.6 Creditors and Accruals

The Creditors and Accruals balance increased from Kshs.11,664,140.90 as at 30 June 2005 to Kshs.15,715,908.00 as at 30 June 2006. However, the Council did not maintain during the year the Creditors ledgers and other related records in support of the balances. Consequently, it was not possible to ascertain the accuracy of the Creditors and Accruals balance of Kshs.15,715,908.00 as at 30 June 2006.

3.7 Investments

The Investments balance stood at Kshs.888,448.00 as at 30 June 2006. However, the relevant investment certificate(s) showing the nature, terms and conditions or the period covered by the Investments were not made available for audit review. As a result, it was not possible to confirm the accuracy of the Investments balance as at 30 June 2006.

3.8 Loans Outstanding

The Loans Outstanding balance as at 30 June 2006 remained unchanged at Kshs.1,496,083.00 as in the previous year. However, the relevant Loans Agreements were not however made available for audit review, with the result that the correctness of the balance of Kshs.1,496,083.00 could not be confirmed. Further, the purposes for which the loans were taken has not been disclosed. In addition, no evidence was seen to show that Ministerial authorization for borrowing was sought and obtained as required by the Local Government Act, Cap 265. Consequently, it was not possible to ascertain the legality and accuracy of the Outstanding balance of Kshs.1,496,083.00 as at 30 June 2006.

3.9 Local Authorities Transfer Fund (LATF)

- (i) During the year, the Council received a sum of Kshs.52,488,613.00 in respect of LATF grants from the Ministry of Local Government. However, no separate and distinct Balance Sheet was prepared as required.
- (ii) Various educational institutions were granted bursaries amounting to Kshs.6,070,833.00 on behalf of needy students. However, there was no documentary evidence seen to confirm that such bursaries were received and disbursed to the students.

3.10 Budget and Budgetary Control

(i) During the year under review, the Council did not operate within the approved estimates. It incurred an over-expenditure of Kshs.3,396,904.15 without Ministerial approval as required. The Council was therefore in breach of the law.

3.11 Non-Response to the Draft Report

The Abstracts of Accounts and the relevant records for 2005/2006 were audited and a Draft Report of the Auditor General on the Accounts forwarded to the Council for comments on 08 October 2007. However, no response has been received to date. As a result, it has not been possible to determine the actions which may have been taken, if any, to redress the issues raised.

4.0 Opinion

In my opinion, because of the effects of the matters discussed in the preceding paragraphs, the Abstracts of Accounts do not give a true and fair view of the financial position of the Council as at 30 June 2006 and of its surplus and cash flows for the year then ended.

Report on Other Legal and Regulatory Requirements

As required by Section 24 of the Public Audit Act, 2003, I report, based on the audit, that: not all the information and explanations required for the purpose of the audit were received; the Accounts were not properly maintained; and the Financial Statements do not fully comply with the Local Government Act, Cap 265.

MERU CENTRAL COUNTY COUNCIL

FINANCIAL ACCOUNTS FOR THE YEAR ENDED 30TH JUNE 2006

NOTES TO THE ACCOUNTS

- 1. Accounting concepts
- 1.1 Introduction

The SAS that has been applied in the presentation of these accounts is based on the accepted accounting concepts that are: -

- (a) Going concern.
- (b) Accrual.
- (c) Realization
- (d) Dual aspect.

1.2 Going concern concept

The values have been treated on the assumption that the authority will continue in its operations.

1.3 Accrual concept

The accrual concept is applied both in ascertaining the revenues for a period and ascertaining the expenses to be charged against revenues. In other words revenues and costs are recognized as they are earned or incurred.

1.4 Realization concept/prudence

This concept requires that revenue is not anticipated until realization is assessed with reasonable certainty. For example interest income accruing on the council's FDR invested with the ministry of local authority has not been taken in consideration in the account.

1.5 Dual concept

The concept requires that all transactions have dual aspect, that is, every debit entry must have a corresponding credit entry and the balance is the difference between them.

2. Accounting policies

2.1 Accruals of income and expenditure.

2.2 Revenues

Plots rent outstanding at the end of year are accrued as debtors.

2.3 Employee

Salary arrears and provision for leave allowance are accrued as creditors within the current liabilities.

3. Fixed Assets

These include building, motor vehicles, equipment's and furniture as shown on the balance sheet

(a) Investments

The Council invested with Business Finance Co-Ltd. On 26-1-89 Kshs. 1,000,000.00 at 13 ½ p.a.

Interest rate Kshs. 100,000.00 was realized principal in 1989 Kshs. 100,000.00 was realized principal in June 89.

On 6/9/89 there was interest of Kshs. 81,329.70, which was capitalized. The total amount invested therefore was Kshs. 8881,329.70 or approximately Kshs. 881,330.00.

The Council has also savings with Meru Central Farmers amounting to Kshs. 7,118.00. The total investment therefore is Kshs. 888,448.00.
