## **CHAIRPERSON'S FOREWORD**

A Status of Forces Agreement is a legal framework that defines the position and the modus operandi of a foreign military force in a host state's territory. Often bilateral, it can also be of multilateral character. Such agreements are used to define the rights and obligations of militaries operating on foreign soil and the cooperation of the force or its members to the local law or to the authority of local officials.

Section 37 of the KDF Act 2012, on co-operation with other forces and forces visiting Kenya states that:

(1) Any treaty or agreement between the Government of Kenya and any other State or international institution or organization regarding the use or provision of military forces shall provide for the legal status of—

(a) Members of the Defence Forces placed at the disposal of the military authorities of such State, institution or organization;

(b) Foreign military personnel and their mission while the personnel are deployed in Kenya;

(c) The conditions of operation of the Defence Forces, and the foreign military personnel outside gazetted areas; or

(d) The compensation of local communities in the event of accidents in areas where the military is deployed.

(2) A treaty or agreement entered into under subsection (1) shall put in place mechanisms to protect the interests of the local community of the place where the foreign military forces are deployed and such treaty shall also provide that the foreign forces are subject to the Constitution and all the laws of Kenya.

The Defence Agreement between the Government of the Republic of Kenya and the Government of the Republic of South Africa provides a framework for exchange, sharing and utilization of the respective State's experience, knowledge, military facilities and infrastructure. This will be instrumental in strengthening of bilateral relations between the two states. The Agreement will also provide for a framework for the parties to collaborate in the field of defence industries in a mutually beneficial manner.

The Agreement identifies its main objective as enhancing defence cooperation by identifying and providing a framework for cooperation for exchange of experiences and knowledge for the use and mutual benefit of the parties. The scope and goals of the defence cooperation areas include but are not limited to;

- a) The development and implementation of the security and defence policy

- b) Exchange of military information on matters agreed upon subject to any restrictions of national security
- c) The encouragement and facilitation of industrial cooperation between their respective industries in the fields of defence related research, development and procurement of defence equipment
- d) Military medical health service
- e) Counter-piracy and other maritime safety activities.

Negotiations between the two governments commenced in 2007. Kenya's Cabinet approved the signing of the Agreement on 11<sup>th</sup> October 2016. The Agreement was signed on 12<sup>th</sup> February 2019 and submitted the House for approval, pursuant to Section 8(4) of the Treaty Making and Ratification Act, 2012.

Pursuant to Standing Order 199, it is my pleasant duty to present the Report of the Departmental Committee on its consideration of the Agreement between the Government of the Republic of Kenya and the Government of the Republic of South Africa on Defence Co-operation.

**Hon. Katoo Ole Metito, EGH, MGH, M.P.**  
**Chairperson**

## **EXECUTIVE SUMMARY**

This report is a record of the Committee's consideration of the Agreement between the Government of the Republic of Kenya and the Government of the Republic of South Africa on Defence Co-operation.

The Cabinet Secretary Ministry of Defence submitted a Memorandum to the National Assembly signed and dated 18<sup>th</sup> September 2019. The Memoranda and the text of the Agreement were tabled on the floor and committed to the Departmental Committee on Defence and Foreign Relations for processing.

Pursuant to Article 118 (1)(b) of the Constitution on Public Participation and Section 8(3) of the Treaty Making and Ratification Act of 2012, the Committee placed advertisements in two local dailies, on 2<sup>nd</sup> October 2019, calling for submissions of memoranda on the subject matter. The Committee received no submission from the public.

The Committee observes that the Agreement adds to already existing bi- and multi-lateral agreements with other States and agencies. The country stood to benefit from expertise by the counterpart State.

The Committee recommends **THAT**, Pursuant to Section 8 of the Treaty Making and Ratification Act, 2012, the House approves **the Ratification of the Agreement between the Government of the Republic of Kenya and the Government of the Republic of South Africa on Defence Co-operation.**

## **2.0 ANALYSIS OF THE AGREEMENT**

### **2.1 Background**

Kenya and South Africa signed an Agreement for the establishment of a Joint Commission on 2<sup>nd</sup> October 2007.

Subsequently, the two countries signed this Agreement in Cape Town on 12<sup>th</sup> February, 2019.

### **2.2 Outline of the Convention**

**Article 1** contains the definitions of terms used within the Agreement.

**Article 2** outlines the aim of the Agreement as enhancement of defence cooperation between Kenya and South Africa.

**Article 3** outlines the Scope and Goals of the Agreement. Parties are, *inter alia*, to develop and implement a security and defence policy; procedures for military cooperation; promote training through exchange of trainees, instructors and observers; exchange military information; encourage and facilitate cooperation between their respective defence industries and military medical health services; exchange knowledge and training in peace support operations, maritime safety activities; and exchange personnel to enhance sporting and cultural links,

**Article 4** outlines the forms of cooperation between the two countries. These include visits, staff talks and technical meetings; meetings between equivalent defence institutions; exchange of teaching and training personnel and military students; visits by service personnel, warships and aircraft; and joint military exercises.

**Article 5** provides for the implementation of the Agreement. It is to be implemented in accordance with the domestic laws of both countries with the respective Cabinet Ministers for Defence charged with coordination efforts. They are both to designate a focal point in their ministries. Under the Agreement, Members of a Sending Nation shall be treated as members of the Host Nation of equivalent rank; shall not take part in any defence, security or law enforcement operations of the Armed Forces of the Host Nation; and must abide by the rules and safety regulations of a Host Institution and refrain from infringing local laws or participating in the political affairs of the Host Nation. Additionally, any Members of the Sending Nation employed in training or advisory posts shall not be given any operational responsibilities by the Host Nation.

**Article 6** outlines the applicable Criminal Law. Under the Agreement, the two countries must execute a specific agreement on the status of their Armed Forces each time they contemplate a joint operational deployment. Members of the Sending Nation are under an obligation to respect the laws of the Host Nation and the Courts of the Host Nation have primary jurisdiction over any criminal offence committed by a member of the Sending Nation outside the scope of his or her official duties. The Sending Nation retains jurisdiction over any criminal conduct by their member in the course of official duties.

Where the exercise of jurisdiction may lead to the imposition of a death sentence, the Agreement requires a Host Nation to either refrain from passing such a sentence or defer its jurisdiction over the matter to the Sending Nation. The Agreement additionally provides that any joint training exercises are to be undertaken in areas gazetted for that purpose.

**Article 7** establishes a Joint Defence Committee (JDC) to oversee the implementation of all arrangements arising out of the Agreement. It is to meet at least once every two years alternately between the two countries. Parties are to outline the JDC's Terms of Reference and establish its secretariat.

**Article 8** outlines matters to be adhered to with regard to community relations. Members of the Armed Forces of the Sending Nation are to respect the traditions, customs and culture of the communities adjacent to the Host Nation's Defence Institutions and their Service authorities are to ensure that they do not harm any vulnerable groups in the Host Nation. The Sending Nation must pay compensation for any death, injury, damage or loss caused to the local community where any Member of its Armed Forces is found culpable.

**Article 9** outlines the procedure applicable to any civil claims and liabilities. The laws of a Host Nation apply to any civil claim or liability arising within its territory. The two countries have agreed to waive any claims against each other or their personnel for injury to their personnel or damage or loss of property where such occurs in the course of official duty in connection to the Agreement. The waiver extends to injury causing death.

With regard to third party claims, the Parties agree to cooperate in the carrying out of any investigation and collection and adduction of evidence. Where a Member of the Sending Nation is found culpable for a civil claim or liability, the Host Nation is to report the finding to the Sending Nation which is obligated to pay prompt and adequate compensation to the claimants.

**Article 10** governs finances. Each country must bear all of its expenses arising from the Agreement. The Host Nation is only obligated to foot the cost of conference facilities and ground transport from the port of entry to the venue of the meeting.

**Article 11** requires the protection of information relating to the Agreement. Parties agree to guarantee the secure handling of classified material and information exchanged and to accord such material or information the same or a higher degree of protection as would be applicable to its own equivalent classified material or information. Any classified material or information exchanged is only to be used for the purpose for which it was obtained and may not be shared or transferred to a third party without written approval of the other Party or the conclusion of a separate security agreement relating to the information. Personnel visits that include access to classified material or information are to be conducted in a controlled manner and only involve persons with relevant security clearance.

**Article 12** outlines the medical procedures relating to the Agreement. The Host Nation is to provide medical support to Members of the Sending Party but the Sending Nation is liable for the costs of any private medical support for its Members. Each Party is responsible for all expenses relating to the treatment, removal or evacuation of its sick Members.

**Article 13** allows parties to enter into any supplementary arrangements to further the implementation of the Agreement.

**Article 14** provides for the amicable settlement of any disputes through consultation or negotiation between the Parties.

**Article 15** provides for the entry into force, duration, termination and amendment of the Agreement. The Agreement is to commence upon the receipt of notification indicating the completion of each countries' internal requirements with regard to the ratification of treaties. It is to remain in force for five years and is to be automatically renewed for additional five year periods unless terminated by the giving of six months' notice. Termination of the Agreement does not affect the Parties responsibilities with regard to the protection and

confidentiality of classified material or information exchanged, except the Parties agree, the termination shall not affect any other agreements or arrangements arising from the Agreement.

The Agreement may be amended through the exchange of notes between the Parties.

### **2.3 Financial Implication**

Each Party to the Agreement is to bear the expenses relating to the Members of its Armed Forces.

### **2.4 Legal Implication**

The Agreement will commence upon receipt of the final confirmation that each country's Parliament has ratified it. Upon ratification, the Agreement shall bind the country until it is terminated.

## **3.0 PUBLIC PARTICIPATION & STAKEHOLDER ENGAGEMENT**

### **3.1 Call for memoranda from the public**

The Committee called for interested members of the public to make written submissions for consideration. The advertisement was carried in the dailies of 2<sup>nd</sup> October 2019.

There were no submissions received from the public.

### **3.2 Meeting with the Cabinet Secretary, Ministry of Defence**

The Cabinet Secretary Ministry of Defence, Amb. Rachel Omamo appeared before the Committee on 3<sup>rd</sup> October 2019. She briefed the Committee on the contents of the Agreement and submitted that Kenya was bound to benefit from South Africa's superior competence in defence, especially in maritime and medical evacuation.

Negotiations between the two governments commenced in 2007. Kenya's Cabinet approved the signing of the Agreement on 11<sup>th</sup> October 2016. South Africa then requested for a re-execution of the Agreement due to non-compliance with some of their internal procedures. The Agreement was re-signed on 12<sup>th</sup> February 2019.

The Agreement provides a framework for exchange, sharing and utilization of the respective State's experience, knowledge, military facilities and infrastructure. This will be instrumental in strengthening of bilateral relations between the two states. The Agreement will also provide for a framework for the parties to collaborate in the field of defence industries in a mutually beneficial manner.

The Agreement identifies its main objective as enhancing defence cooperation by identifying and providing a framework for cooperation for exchange of experiences and knowledge for the use and mutual benefit of the parties. The scope and goals of the defence cooperation areas include but are not limited to;

- f) The development and implementation of the security and defence policy
- g) Exchange of military information on matters agreed upon subject to any restrictions of national security
- h) The encouragement and facilitation of industrial cooperation between their respective industries in the fields of defence related research, development and procurement of defence equipment
- i) Military medical health service
- j) Counter-piracy and other maritime safety activities.

She responded to various issues raised by Members, including;

- i. The agreement provided for only joint training between the two parties, unlike the agreement with the United Kingdom that allowed each party to conduct their own training activities;
- ii. The agreement was signed by herself on behalf on the Government of Kenya, and the South African Minister for Foreign Affairs, the latter being the reason for withdrawal of the initial agreement which was signed by the Minister for Defence, against South Africa's protocol;
- iii. The Attorney General had reviewed the agreement and gave it his approval vide a letter dated 1<sup>st</sup> July 2016;
- iv. The country had similar agreements with various entities and countries, including the East African Cooperation defence protocol, the Western Indian Ocean Maritime Agreement, Denmark, the United Kingdom and the San Marco agreement with Italy;
- v. The five year review period provided for in the agreement was standard, and was also in line with tenure of government;
- vi. The joint defence committee will be comprised of individuals nominated by the Ministries of Defence of both countries, and would be representative of all interests;
- vii. On deferment of capital punishment in cases of criminal nature, the agreement was in line with Kenya's Supreme Court ruling that rendered express capital punishment unconstitutional;
- viii. Reported cases of xenophobia in South Africa had no bearing on the agreement as this was not official South African policy, but sporadic episodes that were unrelated. The timing of ratifying the agreement amidst Kenya's push for support in pursuit of the UN Security Council seat was not an issue as the Ministry of Foreign Affairs had not advised so.

The Agreement was in line with the Kenya Defence Forces Act, whose Sections 37 and 283 contemplated a framework of cooperation between the KDF and a visiting force.

#### **4.0 COMMITTEE OBSERVATIONS**

The Committee observes THAT:

- 1. The country had other existing defence pacts with various countries and agencies, and this was an addition;
- 2. Defence Agreements are important to the country as they among others, enable knowledge transfer and capacity building, sharing of information in an increasingly complex global environment;

3. The Agreement with the Government of the Republic of South Africa provided for joint trainings, and as such activities of the foreign force will not be in isolation;
4. South Africa had an advanced defence capability, due to the size and nature of its economy, geo-political position, including its large coastline, and Kenya had much to learn from them;
5. While South Africa has abolished capital punishment, Article 26(3) of the Constitution permits the legal imposition of the death penalty in Kenya as noted by the Supreme Court in *Francis Karioko Muruatetu & another v Republic* [2017] eKLR. Article 6 of the Agreement will therefore require Kenyan Courts to pass a sentence other than death where Kenya exercises primary criminal jurisdiction and convicts a visiting official covered by the Agreement.
6. Article 13 and 15 of the Agreement which provide for supplementary agreements or arrangements and amendments to the Agreement have the potential to commit the country to further obligations which shall require ratification by the House. The Committee observes that any further agreement or arrangement that departs from this Agreement and any proposed amendment to the Agreement must be brought before the National Assembly for ratification in line with the provisions of the Treaty Making and Ratification Act, 2012.
7. Article 15 of the Agreement provides for review of the Agreement with a six month written notice. The Agreement will also be subject to renewal after five years. This allows Kenya the latitude to opt out of the Agreement should interests change.
8. The Committee also noted that presently, the Agreement does not indicate the names of the signatories for the two countries. The names of the signatories ought to be reflected in the document for purposes of record and accountability.

## 5.0 COMMITTEE RECOMMENDATION

**THAT, Pursuant to Section 8 of the Treaty Making and Ratification Act, the House approves the Ratification of the Agreement between the Government of the Republic of Kenya and the Government of the Republic of South Africa on Defence Co-operation.**

#### **MIN. NO.NA/DC.DFR /2019/256: BRIEFING BY THE CABINET SECRETARY ON THE AGREEMENT BETWEEN THE GOVERNMENT OF THE REPUBLIC OF KENYA & THE GOVERNMENT OF THE REPUBLIC OF SOUTH AFRICA ON DEFENCE COOPERATION**

Amb. Rachel Omamo, the Cabinet Secretary Ministry of Defence, briefed Members on the Agreement between the Government of the Republic of Kenya & the Government of the Republic of South Africa on Defence Cooperation. Kenya was bound to benefit from South Africa's superior competence in defence, especially in maritime and medical evacuation. She responded to various issues raised by Members, including;

- i. The agreement provided for only joint training between the two parties, unlike the agreement with the United Kingdom that allowed each party to conduct their own training activities;

- ii. The agreement was signed by herself on behalf on the Government of Kenya, and the South African Minister for Foreign Affairs, the latter being the reason for withdrawal of the initial agreement which was signed by the Minister for Defence, against South Africa's protocol;
- iii. The Attorney General had reviewed the agreement and gave it his approval vide a letter dated 1<sup>st</sup> July 2016;
- iv. The country had similar agreements with various entities and countries, including the East African Cooperation defence protocol, the Western Indian Ocean Maritime Agreement, Denmark, the United Kingdom and the San Marco agreement with Italy;
- v. The five year review period provided for in the agreement was standard, and was also in line with tenure of government;
- vi. The joint defence committee will be comprised of individuals nominated by the Ministries of Defence of both countries, and would be representative of all interests;
- vii. On deferment of capital punishment in cases of criminal nature, the agreement was in line with Kenya's Supreme Court ruling that rendered express capital punishment unconstitutional;
- viii. Reported cases of xenophobia in South Africa had no bearing on the agreement as this was not official South African policy, but sporadic episodes that were unrelated. The timing of ratifying the agreement amidst Kenya's push for support in pursuit of the UN Security Council seat was not an issue as the Ministry of Foreign Affairs had not advised so.

**MIN. NO.NA/DC.DFR /2019/257: ANY OTHER BUSINESS**

1. The Committee raised serious concern on the country's state of disaster preparedness specifically the navy's apparent inability to rescue and retrieve bodies of passengers who had drowned in Mombasa from the ferry the previous week. The Cabinet Secretary observed that this was a matter of joint efforts by various government agencies, and not the navy's sole mandate. The Committee urged the Cabinet Secretary to be proactive in providing information to the public, and use the disaster as a lesson to identify gaps and capacity that needed to be addressed;
2. The Committee was informed of the upcoming annual Speaker's Roundtable with the Kenya Private Sector Alliance, in Mombasa on 17<sup>th</sup> – 19<sup>th</sup> October, 2019. Each Committee was requested to nominate five Members to attend. The following confirmed attendance;
  - i. The Hon. Katoo Ole Metito, EGH, MGH, MP
  - ii. Hon. Charles Kilonzo, MP
  - iii. Hon. Beatrice Nkatha, MP

Members were urged to confirm their interest for the remaining two slots before the deadline of 8<sup>th</sup> October 2019.

# MPs to probe mystery release of unfit edible oil

Kebs quotes a directive from a July 18 letter purported to be from Head of Public Service directing it to release the impounded cargo

MOSES ODHIAMBO  
@AlwaMoses

MPs have started investigations into circumstances under which 48 containers of edible oils that were declared unfit for consumption were released from a godown in Mombasa.

Trade committee chaired by Kieni MP Kanini Kega is probing how Kenya Bureau of Standards sanctioned the release of the cargo without the input of members of the multi-agency team dealing with contrabands and counterfeits.

Kebs, in a July 22 letter, quotes a directive from another July 18 letter purported to be from the Head of Public Service directing it to release

the impounded cargo. The letter to Trade Cabinet Secretary Peter Munya sought concurrence from the ministry to allow the release of the oil for further fortification.

But MPs in the committee queried the move, saying they had a brief that the agency normally makes its decisions as a team and not unilaterally by a member.

Mwatate MP Andrew Mwadime, Cornelly Serem (Aldai), Jeremiah Lomorukal (Loima), Alois Lentoimaga (Samburu North), Dan Maanza (Makueni), and Jones Mloiva (Voi) were present.

The lawmakers maintained that the letter quoting receipt of another from the head of civil service OB/CAB/9/383 July 18 signaled that Kebs was under pressure to release the oil.

Serem asked: "Isn't it true that your office (civil service) is putting pressure on Kebs to release the same oils?"

In response, Wanyama denied assertions that his team was under pressure from any quarters further saying he has not received calls with respect to the anti-counterfeit operation.

"I have not seen a copy of the letter. I don't think there is any pressure from the office of the public service. If there was pressure, why would I have the documents detailing the status of the oils," the officer said.

Kega ruled that they will give further directions since the committee is yet to be served with the letter said to be from the head of public service.

## MURDER IN THE MARKET

# Trader on rampage stabs man to death, injures five

Police boss says they are pursuing the assailant

GERALD MUTETHIA/Police in Meru have launched a manhunt for a trader who stabbed to death a man at Muriri market in Tigania East.

There is still tension at the market as the attacker, identified as Joshua Kileru, is still on the run.

He abandoned his car at Muriri market and started stabbing residents randomly with a knife.

Tigania East subcounty police commander Peter Karanja said they are pursuing the assailant and have launched investigations into the motive behind the attack.

He refuted claims on social media that Kileru killed seven people and

injured several others.

"We are still pursuing this person since yesterday. We had only one person dead and five injuries contrary to what we are seeing on social media that seven people were killed. Such information is misleading," Karanja said on the phone yesterday.

Samuel Gitonga said the assailant is said to have had a quarrel with his family.

He had also reportedly recently killed a camel with his vehicle and the owners were demanding compensation.

He claimed that the assailant may have been threatened by the owners.

## INTEREST OF JUSTICE

# Court enjoins Garissa deputy governor in his boss's petition

CAROLYNE KUBWA/ The High court has allowed Garissa Deputy Governor Abdi Dagane to be enjoined in a petition seeking the removal of his boss from office.

Judge James Makau ruled that Dagane gave sufficient reasons to be joined as an interested party since any decision made will affect him directly. In June, Dagane made an application saying the petition is likely to affect his position as it is tied to that of Governor Ali Korane.

"It is imperative and in the interest of justice that the court should hear and determine the application before any further proceedings are undertaken in the petition," he said.

The deputy governor says he has a legal interest in the suit due to the nature of his appointment and his position and will be affected by any negative outcome of the case.

# Investigate lawmakers with dual nationality, urges lobby

Omtatah-led group wants legislators to submit to the same standards they have prescribed for diplomats

by Hilary Mageka  
@PeopleDailyKe

A lobby has petitioned the Ethics and Anti-Corruption Commission (EACC) to investigate at least 10 sitting and former MPs over dual citizenship allegations.

Kenya's Justice and Development, in a letter dated October 1, wants National Assembly Leader of Majority Aden Duale and Nakuru Senator Susan Kihika, among other lawmakers, investigated on claims they hold dual nationality.

The group says the issue of dual citizenship was used to block Mwendu Mwinzi's appointment as Kenya's ambassador to South Korea. Further, the issue was challenged in the High Court following her vetting by the National Assembly.

In the period since, the lobbyists held that EACC has received instructions from National Assembly Speaker Justin Muturi to investigate Mwinzi on her citizenship and whether she had renounced her US citizenship.

"We draw your attention to the fact that on June 9, Hon Katoo ole Metito, the chair-

man of the National Assembly Committee on Defence and Foreign Relations called on EACC to initiate a probe into whether there are State officers bearing dual nationality," said Omtatah, the lobby's executive director.

### Give findings

"In the spirit of adhering to the rule of the law and applying the law consistently and equally to all, it is of overwhelming national importance and public interest that our legislators submit to the same standards they have set for our diplomats," he added in his letter addressed to the EACC chairperson Eliud Wabukala.

Omtatah says the Constitution expressly prohibits MPs from possessing dual nationality if it was acquired through naturalisation.

Other MPs on EACC's radar over nationality include Yusuf Hassan (Kamukunji), Safia Sheikh (Marsabit Woman Rep), Adan Haji (Mandera South), Mohammed Dahir (Dadaab), Mohammed Garane (Lagdera), Charles Ngusya (Mwingi West) and Jane Kihara (Naivasha).

## House team summons ex-KPA boss

by Sophie Njoka  
@PeopleDailyKe

Former Kenya Ports Authority (KPA) boss Gichiri Ndua (pictured) has been summoned to appear before the National Assembly's Public and Investment Committee over Sh3 billion cash deposited at Chase Bank, few days before it was put under receivership.

Also summoned were former KPA board members who held office during the time when the money was locked. They are required to shed more light on the deposits made at the bank after fraudulent internal lending led to its collapse after posting a loss of at least Sh14.9 billion.

## Relief for Galgalo and Kambi as House gives NLC nomination nod

by Anthony Mwangi  
@PeopleDailyKe

MPs yesterday approved the nomination of former Isiolo Woman Rep Tiya Galgalo to serve in the National Land Commission.

Galgalo (pictured) survived by a whisker after members voted on an amendment seeking to remove her name for failing to produce a tax compliance certificate.

The National Assembly Committee on Lands had in its report last week rejected Galgalo's name on the basis she was not tax compliant.

While tabling the report, chairperson of the departmental committee on Land, Rachael Nyamae had said the vetting committee proposed rejection of Galgalo.

But the amendment was brought shortly before the report was passed, forcing Speaker Justin Muturi to call for a division. After the vote, 114 members voted for the amendment, 70 against it and two abstentions.

Hulufo MP Hassan Oda while moving the amendment,

said the tax man had since issued Galgalo with a genuine certificate.

Another move to reject former CS Kambi Kazungu also flopped after members rejected an amendment by some MPs from the Coast region.

The MPs wanted Kambi out over alleged integrity issues.

With this approval, President Uhuru Kenyatta's point man Gershon Otachi Omanwa will be taking over from Muhammad Swazuri as chairperson.

Other nominees are former Nyeri Town MP Esther Murugi, former Egerton University vice chancellor James Tuitok, Alister Mutugi, Reginald Okumu and Gertrude Nduku.

## Distiller seeks time to repair system

London Distillers Kenya has denied claims it has been discharging toxic waste into the Export Processing Zone Authority's sewage system.

The distiller has also urged the authority to grant it at least 30 days to repair its blocked manholes and vandalised

pipes in order to resume operations. In a letter dated September 25, the distiller said it has put up a plant at the factory to treat the effluent before discharging it to the authority's sewer line.

The spirits firm has insisted its end product is molasses

which is not toxic.

The authority has, however, said the company's licence to discharge any effluent to their sewer line shall remain suspended until experts are satisfied their effluent meets the required standards.
