## 5. Board/Fund Chairperson's Report

The Kakamega County Emergency Fund was established by the County Government of Kakamega through the Public Financial Management Act (Kakamega County Emergency Fund) Regulations, 2018. The Fund Administrator at the time being the Chief Officer of the Ministry of Finance and Economic Planning the Fund is wholly owned by the County Government of Kakamega and is domiciled in Kenya.

The object and purpose of these regulations is to provide for, establishment of a Fund from which payments shall be made when an urgent and unforeseen need for expenditure for which there is no specific legislative authority arises.

Signed:

Date: 13/9/2023

Dr.Jeophita June Mwajuma Chief Officer, Finance & Budget

#### 6. Report of The Fund Administrator

The Kakamega County Emergency Fund was established by the County Government of Kakamega through the Public Financial Management Act (Kakamega County Emergency Fund) Regulations, 2018. The Fund Administrator at the time being the Chief Officer of the Ministry of Finance and Economic Planning the Fund is wholly owned by the County Government of Kakamega and is domiciled in Kenya.

The object and purpose of these regulations is to provide for, establishment of a Fund from which payments shall be made when an urgent and unforeseen need for expenditure for which there is no specific legislative authority arises

During the financial year the fund received a disbursement of Ksh. 50M and made expenditure amounting to Ksh 338,580 for the period under review as highlighted in the statement of financial performance.

# 7. Statement of Performance Against the County Fund's Predetermined Objectives

Section 164 (2) (f) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the accounting officer when preparing financial statements of each County Government entity in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of the county government entity's performance against predetermined objectives.

The key development objectives of the Fund as per the CIDP and the regulation 2018 is:

To mitigate on urgent and unforeseen need which falls within the mandate of the County government that threatens damage to human life or welfare or threatens damage to the environment for which immediate expenditure is required.

#### 8. Corporate Governance Statement

The current committee was competitively recruited by the County Public service board. The Committee held meetings attended by all members in the year under review

The Fund presents the Annual Financial Report and Statement for the financial year 2022-2023. The statement present the financial performance of the Agency for financial year 2022-2023.

The Financial Statements have been prepared in line with the Public Finance Management (PFM) Act, 2012 and are in line with the format prescribed by the Public Sector Accounting Standards Board. The PFM Act, 2012 requires that these statements be submitted to the Office of the Auditor General and copied to the Clerk of County Assembly, The National Treasury, The Controller of Budget and The Commission on Revenue Allocation within 3 month after the end of financial Year

The Financial Statements present the recent actual fiscal performance for the year 2022-2023 and make comparisons to the budget appropriations for the same period. They further provide a comprehensive financial review with sufficient information to show changes from the projections outlined in the latest County Fiscal Strategy Paper 2022/2023.

The Fund was allocated Kshs. 200,000,000 though actual disbursement was 50.9 M in the financial year 2022/2023, the fund spent Kshs 338,580 only on a school called Slungai in malava subcounty and bank charges.

# 9. Management Discussion and Analysis

Kakamega County Emergency Fund is a County Government of Kakamega fund established under an act of County Assembly.. The Fund presents the Annual Financial Report and Statements for the financial year 2022-2023. The report present the financial performance of the fund for financial year 2022-2023.

The Financial Statements have been prepared in line with the Public Finance Management (PFM) Act, 2012 and are in line with the format prescribed by the Public Sector Accounting Standards Board. The PFM Act, 2012 requires that these statements be submitted to the Office of the Auditor General and copied to the Clerk of County Assembly, The National Treasury, The Controller of Budget and The Commission on Revenue Allocation within 3 month after the end of financial Year

The Financial Statements present the recent actual fiscal performance for the year 2022-2023 and make comparisons to the budget appropriations for the same period. They further provide a comprehensive financial review with sufficient information to show changes from the projections outlined in the latest County Fiscal Strategy Paper 2022/2023.

The County Government of Kakamega through emergency fund donanted a total sum of Ksh. 336,000 to help Slungai secondary school on a catastrophy that had happened at school.

#### 10. Environmental and Sustainability Reporting

#### 1. Sustainability Strategy and Profile

The Fund was established in line with provisions of the Public Finance Management Act, 2012.

The principal activity of the Fund is to provide financial and managerial support to urgent and unforeseen need which falls within the mandate of the County Government that threatens to damage human life or welfare or threatens to damage the environment for which immediate expenditure is required in the County.

#### 2 Environmental performance:

The Fund is in the process of developing its strategic plan and its environmental policy which will also be captured in this plan.

#### 3 Employee Welfare

The Fund is currently relying on seconded staff from the parent Ministry of Finance. The current staffs conform to Public Service hiring and appraisal policies.

#### 4 Market Place Practices

- a) The Fund being a County entity has trained its staff on how to deal with emergency cases within the county
- b) The Fund being a public entity works within structures created by the National and County Governments that govern public procurement. It works within the confines of public procurement act and public finance management act and respects its suppliers and is open to scrutiny in the public procurement process. Our procurement officer is regularly allowed to attend trainings and workshops that help him improve skills in public procurement management.

#### 5. Community engagement

The Fund core activity is to attend to emergency cases arising within the county borders

### 11. Report of the Trustees

The Trustees submit their Annual financial statements for the Financial Year ended June 30, 2023 which show the state of the Fund affairs.

### Principal activities

The principal activities of the Fund are to provide financial and managerial support to urgent and unforeseen need which falls within the mandate of the County Government that threatens to damage human life or welfare or threatens to damage the environment for which immediate expenditure is required in the County.

### Results

The results of the Fund for the year ended June 30, 2023 are set out on page 1 to 5

### Trustees

There was no Board of Trustees/Fund Administration Committee. The fund was headed by the chief officer Ministry of Finance.

### Auditors

The Auditor General is responsible for the statutory audit of the Fund in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015.

By Order of the Board

.....

Chair of the Board/Fund Administration Committee

Date: 13 9 (2023

#### 12. Statement of Management's Responsibilities

Section 167 of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Administrator of a County Public Fund established by the PFM act shall prepare financial statements for the Fund in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board.

The Administrator of the County Public Fund is responsible for the preparation and presentation of the Fund's financial statements, which give a true and fair view of the state of affairs of the Fund for and as at the end of the period ended on June 30, 2023. This responsibility includes:

- Maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period;
- (ii) Maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the fund;
- (iii) Designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud;
- (iv) Safeguarding the assets of the fund;
- (v) Selecting and applying appropriate accounting policies;
- (vi) Making accounting estimates that are reasonable in the circumstances.

The Administrator of the County Public Fund accepts responsibility for the Fund's financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prude\_\_\_\_\_\_judgment and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012 and the County assembly Act. The Administrator of the Fund is of the opinion that the Fund's financial statements give a true and fair view of the state of Fund's transactions during the Quarter ended June 30, 2023, and of the Fund's financial position as at that date.

The Administrator further confirms the completeness of the accounting records maintained for the Fund, which have been relied upon in the preparation of the Fund's financial statements as well as the adequacy of the systems of internal financial control.

In preparing the financial statements, the Administrator of the County Public Fund has assessed the Fund's ability to continue as a going concern and disclosed, as applicable, matters relating to the use of going concern basis of preparation of the financial statements.

Kakamega County Emergency Funds is a going concern.

#### Approval of the financial statements

The Fund's financial statements were approved by the Board on <u>13th Sectation</u> 2023 and signed on its behalf by:

Administrator of the Fund

# REPORT OF THE AUDITOR-GENERAL ON KAKAMEGA COUNTY EMERGENCY FUND FOR THE YEAR ENDED 30 JUNE, 2023

### PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment and the internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

#### **REPORT ON THE FINANCIAL STATEMENTS**

#### **Qualified Opinion**

I have audited the accompanying financial statements of Kakamega County Emergency Fund set out on pages 1 to 29, which comprise of the statement of financial position as

Report of the Auditor-General on Kakamega County Emergency Fund for the year ended 30 June, 2023

at 30 June, 2023, and the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of Kakamega County Emergency Fund as at 30 June, 2023, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Public Finance Management Act, 2012 and the Public Finance Management (Kakamega County Emergency Fund) Regulations, 2018.

#### **Basis for Qualified Opinion**

#### **Unsupported Receivables**

The statement of financial position and Note 4 to the financial statements reflects a balance of Kshs.5,600,000 in respect of current portion of long-term receivables from debtors. However, no documentary evidence, including schedules, were provided to support the balance.

In the circumstances, the accuracy and completeness of the balance of Kshs.5,600,000 on long-term receivables could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Kakamega County Emergency Fund Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

#### **Emphasis of Matter**

#### **Budgetary Control and Performance**

The statement of comparison of budget and actual amounts reflects final receipts budget and actual amounts on comparable basis of Kshs.200,000,000 and Kshs.50,926,144 respectively, resulting to under-funding of Kshs.149,073,856 or 75% of the budget. Similarly, the Fund expended Kshs.338,580 against an approved budget of Kshs.200,000,000 resulting to under-performance of Kshs.199,661,420 or 100% of the budget.

The under-funding and under-performance affected the planned activities and may have impacted negatively on service delivery to the public.

My opinion is not modified in respect of this matter.

### Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

### Other Matter

### **Unresolved Prior Year Matters**

In the audit of the previous year, several issues were reported under the Report of the Financial Statements and Report on Lawfulness and Effectiveness in Use of Public Resources. However, Management has not resolved one of the issues or given reasons for the failure to resolve the matter as required by the Public Sector Accounting Standards Board reporting template.

# REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

### Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matter described in the Basis for conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

### **Basis for Conclusion**

### Failure to Constitute an Advisory Committee and Appoint Fund Administrator

As reported in the previous financial year, Management has not constituted an Advisory Committee as required by Regulation 6 of the Public Finance Management (The Kakamega County Emergency Fund) Regulations, 2018. The Fund also did not have a Fund Administrator as required by Regulation 8.

In the circumstances, Management was in breach of law.

The audit was conducted in accordance with International Standards for Supreme Audit Institutions (ISSAIs) 4000. The Standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Report of the Auditor-General on Kakamega County Emergency Fund for the year ended 30 June, 2023

# REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

#### Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

#### **Basis for Conclusion**

The audit was conducted in accordance with International Standards for Supreme Audit Institutions (ISSAIs) 2315 and ISSAI 2330. The Standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

#### **Responsibilities of Management and those Charged with Governance**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue to sustain services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Fund or to cease its operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Fund's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to

governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

#### Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the Fund's policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

 Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a

Report of the Auditor-General on Kakamega County Emergency Fund for the year ended 30 June, 2023

basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Fund to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Fund to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

**FCPA** mau. CBS AUDITOR-GENERAL

### **Budget Notes:**

The underrealization of the budgeted amount of Ksh 200,000,000 is attributable to delay in exchequer releases by the national treasury

The under absorption of the same is attributable to lack of emergency situations apart from the burning of the school in Malava sub-county.

# 19. Notes to the Financial Statements

#### 1. General Information

Kakamega county emergency entity is established by and derives its authority and accountability from PFM Act. The entity is wholly owned by the Kakamega County Government and is domiciled in Kenya. The entity's principal activity is to provide financial and managerial support to urgent and unforeseen need which falls within the mandate of the County Government that threatens to damage human life or welfare or threatens to damage the environment for which immediate expenditure is required in the County.

# 2. Statement of compliance and basis of preparation

The Fund's financial statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS). The financial statements are presented in Kenya shillings, which is the functional and reporting currency of the Fund. The accounting policies have been consistently applied to all the years presented. The financial statements have been prepared on the basis of historical cost, unless stated otherwise. The cash flow statement is prepared using the direct method. The financial statements are prepared on accrual basis.

# 3. Adoption of new and revised standards

(i) New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2023

| Standard                   | Effective date and impact  |

:

# (iii)Early adoption of standards

The Kakamega County Emergency Fund did not early – adopt any new or amended standards in the financial year.

### 1. Significant Accounting Policies

#### a) Revenue recognition

i. Revenue from non-exchange transactions

# Transfers from other government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the entity and can be measured reliably.

# ii. Revenue from exchange transactions

#### Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

#### Dividends

Dividends or similar distributions must be recognized when the shareholder's or the Entity's right to receive payments is established.

#### **Rental income**

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

#### b) Budget information

The original budget for FY 2022-2023 was approved by the County Assembly on June 2022 Subsequent revisions or additional appropriations have not been made to the approved budget in accordance with specific approvals from the appropriate authorities.

The Fund's budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts.

#### Summary of Significant Accounting Policies (Continued)

In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of financial performance has been presented under section 18 of these financial statements.

#### c) Property, plant and equipment

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

#### a) Intangible Assets

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred.

The useful life of the intangible assets is assessed as either finite or indefinite.

#### b) Investment property

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property. Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition.

Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition

### f) Financial instruments

• •

IPSAS 41 addresses the classification, measurement and de-recognition of financial assets and financial liabilities, introduces new rules for hedge accounting and a new impairment model for financial assets. *The Fund does not have any hedge relationships and therefore the new hedge accounting rules have no impact on the Company's financial statements. (amend as appropriate)*. A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. At initial recognition, the entity measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through surplus or deficit, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

### **Financial** assets

# Classification of financial assets

The Fund classifies its financial assets as subsequently measured at amortised cost, fair value through net assets/ equity or fair value through surplus and deficit on the basis of both the funds' management model for financial assets and the contractual cash flow characteristics of the financial asset. A financial asset is measured at amortized cost when the financial asset is held within a management model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. A financial assets is measured at fair value through net assets/ equity if it is held within the management model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. A financial asset shall be measured at fair value through net assets/ equity unless an entity has made irrevocable election at initial recognition for particular investments in equity instruments.

### Subsequent measurement

Based on the business model and the cash flow characteristics, the entity classifies its financial assets into amortized cost or fair value categories for financial instruments. Movements in fair value are presented in either surplus or deficit or through net assets/ equity subject to certain criteria being met.

### **Amortized cost**

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, and that are not designated at fair value through surplus or deficit, are measured at amortized cost. A gain or loss on an instrument that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is de-recognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

### Fair value through net assets/ equity

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through net assets/ equity. Movements in the carrying amount are taken through net assets, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in surplus/deficit. Interest income from these financial assets is included in finance income using the effective interest rate method.

### Fair value through surplus or deficit

Financial assets that do not meet the criteria for amortized cost or fair value through net assets/ equity are measured at fair value through surplus or deficit. A business model where the entity manages financial assets with the objective of realizing cash flows through solely the sale of the assets would result in a fair value through surplus or deficit model.

### Trade and other receivables

Trade and other receivables are recognized at fair values less allowances for any uncollectible amounts. Trade and other receivables are assessed for impairment on a continuing basis. An estimate is made of doubtful receivables based on a review of all outstanding amounts at the year end.

### Impairment

The fund assesses, on a forward-looking basis, the expected credit loss ('ECL') associated with its financial assets carried at amortized cost and fair value through net assets/equity. The entity recognizes a loss allowance for such losses at each reporting date.

### Significant Accounting Policies (Continued)

### **Financial liabilities**

### Classification

The fund classifies its liabilities as subsequently measured at amortized cost except for financial liabilities measured through profit or loss.

### g) Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

- Raw materials: purchase cost using the weighted average cost method
- Finished goods and work in progress: cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost.Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Entity.

### h) Provisions

Provisions are recognized when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Entity expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

# i) Social Benefits

Social benefits are cash transfers provided to i) specific individuals and / or households that meet the eligibility criteria, ii) mitigate the effects of social risks and iii) Address the need of society as a whole. The entity recognises a social benefit as an expense for the social benefit scheme at the same time that it recognises a liability. The liability for the social benefit scheme is measured at the best estimate of the cost (the social benefit payments) that the entity will incur in fulfilling the present obligations represented by the liability.

### j) Contingent liabilities

The Fund does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

### **Contingent assets**

The Fund does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Fund in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

### k) Nature and purpose of reserves

The Fund creates and maintains reserves in terms of specific requirements. *Entity to state the reserves maintained and appropriate policies adopted.* 

# l) Changes in accounting policies and estimates

The Entity recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

### m) Employee benefits – Retirement benefit plans

The Entity provides retirement benefits for its employees and directors. Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable.

Defined benefit plans are post-employment benefit plans other than defined-contribution plans. The defined benefit funds are actuarially valued tri-annually on the projected unit credit method basis. Deficits identified are recovered through lump sum payments or increased future contributions on proportional basis to all participating employers. The contributions and lump sum payments reduce the post-employment benefit obligation.

### n) Foreign currency transactions

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

### o) Borrowing costs

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance.

### p) Related parties

The Entity regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the Entity, or vice versa. Members of key management are regarded as related parties and comprise the directors, the CEO and senior managers.

# q) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

### r) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

# 5. Significant judgments and sources of estimation uncertainty

The preparation of the Entity's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

State all judgements, estimates and assumptions made e.g.

### a) Estimates and assumptions -

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur. IPSAS 1.140.

#### b) Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

The condition of the asset based on the assessment of experts employed by the Entity

The nature of the asset, its susceptibility and adaptability to changes in technology and processes

The nature of the processes in which the asset is deployed

Availability of funding to replace the asset

Changes in the market in relation to the asset

#### c) Provisions

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note 0.

Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.

(Include provisions applicable for your organisation e.g provision for bad debts, provisions of obsolete stocks and how management estimates these provisions)

# Notes To The Financial Statements (Continued)

# 8. Financial risk management

The Fund's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The Fund's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The Fund does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The Fund's financial risk management objectives and policies are detailed below:

# a) Credit risk

The Fund has exposure to credit risk, which is the risk that a counterpart will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments. Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the entity's management based on prior experience and their assessment of the current economic environment. The carrying amount of financial assets recorded in the financial statements representing the entity's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

| Description                                   | Total<br>amount<br>Kshs | Fully<br>performing<br>Kshs | Past due<br>Kshs | Impaired<br>Kshs |
|---|-------------------------|-----------------------------|------------------|------------------|

| Total   | 0                       | 0                           | 0                | 0                |

### Notes to the Financial Statements (Continued)

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the entity has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts.

The fund has no significant concentration of credit risk on amounts due from any quarter or entity.

The board of trustees sets the Fund's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

### b) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Fund Administrator, who has built an appropriate liquidity risk management framework for the management of the entity's short, medium and long-term funding and liquidity management requirements. The entity manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

The table below represents cash flows payable by the Fund under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

| Description                   | Less than 1<br>month | Between 1-3<br>months | Over 5<br>months | Total |

### Notes to the Financial Statements (Continued)

### c) Market risk

The board has put in place an internal audit function to assist it in assessing the risk faced by the entity on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

The Fund's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day-to-day implementation of those policies.

There has been no change to the entity's exposure to market risks or the manner in which it manages and measures the risk.

### i. Foreign currency risk

The entity has transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of payment is done using the prevailing exchange rate.

The carrying amount of the entity's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

|  |      | Other<br>currencies | Total |
|--|------|---------------------|-------|
| Description                            | Kshs | Kshs                | Kshs  |
| At 30 June 2023                        |      |                     |       |
| Financial Assets                       | 0    | 0                   | 0     |
| Investments                            | 0    | 0                   | 0     |
| Cash                                   | 0    | 0                   | 0     |
| Debtors/ Receivables                   |      |                     |       |
| Liabilities                            |      |                     |       |
| Trade And Other Payables               | 0    | 0                   | 0     |
| Borrowings                             | 0    | 0                   | 0     |
| Net Foreign Currency Asset/(Liability) | 0    | 0                   | 0     |

### Notes to the Financial Statements (Continued)

### Foreign currency sensitivity analysis

The following table demonstrates the effect on the Fund's statement of financial performance on applying the sensitivity for a reasonable possible change in the exchange rate of the three main transaction currencies, with all other variables held constant. The reverse would also occur if the Kenya Shilling appreciated with all other variables held constant.

| Description      | Change in<br>currency rate | Effect on surplus/<br>deficit | Effect on equity |
|------------------|----------------------------|-------------------------------|------------------|
|                  | Kshs                       | Kshs                          | Kshs             |
| (Current FY)     |                            |                               |                  |
| Euro             | 10%                        | 0                             | 0                |
| USD              | 10%                        | 0                             | 0                |
| (Comparative FY) |                            |                               |                  |
| Euro             | 10%                        | 0                             | 0                |
| USD              | 10%                        | 0                             | 0                |

#### ii. Interest rate risk

Interest rate risk is the risk that the entity's financial condition may be adversely affected as a result of changes in interest rate levels. The entity's interest rate risk arises from bank deposits. This exposes the Fund to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the Fund's deposits.

### Management of interest rate risk

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

# Notes to the Financial Statements (Continued)

#### d) Capital risk management.

The objective of the Fund's capital risk management is to safeguard the Fund's ability to continue as a going concern. The entity capital structure comprises of the following funds:

|   | 2022-2023 | 2021-2022 |  |  |
|---|-----------|-----------|--|--|
| Description                                 | Kshs      | Kshs      |  |  |
