d) Fiduciary Oversight Arrangements

During the period under review, the fund's management and operations were supported by a number of institutions which were established within the county to provide oversight role and ensure prudent management.

These key fiduciary oversight bodies at the County for the year ended 30th June 2017 were:

Internal Institutions:

- 1. County Assembly of Waiir.
- 2. Public Accounts Committee.
- 3. Budget and Appropriations Committee.

External Institutions

- 1. Office of the Controller of Budget.
- 2. Public Sector Accounting Standards Board.
- 3. Commission on Revenue Allocation.
- 4. The National Treasury.
- 5. Office of the Auditor General.

The Public Accounts Committee follows up on the audit reports from the auditor general.

The County has established an audit committee and there is the Internal Audit unit which reports on:

- 1) Adequacy and effectiveness of CGE's internal control system.
- 2) Adequacy and effectiveness of the entity's risk management.
- 3) Likely causes of any weaknesses observed implications and agreed remedies.

The County Controller of Budget also monitors and controls on the budget limits.

5. Fund Chairperson's Report

It is my pleasure to present the Wajir County revolving Fund's financial statements for the period ending 30th June 2017. The financial statements present the financial performance of the revolving Fund on the just concluded fiscal year.

The fund came into existence after the enactment of the Wajir County Revolving Fund Act (2014). In the financial year 2016/2017, a total of Ksh 23,800,000 was Disbusred to the Fund.. The revolving fund aims to lend to small enterprises cheap credit with the objective of;

- (a) Promoting self-employment among the women and youth;
- (b) Reduce poverty;
- (c) Promote entrepreneurship,
- (d) Empower the women and youth economically so as to achieve self-reliance.

The fund is administered by an administration Committee known as the Wajir County revolving Fund Committee, which is established by the Act and regulations. The committee is equally assisted in its work by a management team established under the Act in the departmental level.

The Management Team work closely with the CECM of the department of Trade and also the revolving fund committees at the ward level.

Way forward

In the coming fiscal year the committee expects to receive an exponential growth in amounts to be disbursed to increase the number of beneficiaries countywide.

Name: Abdikadir Gabow.

- (d) Empower the women and youth economically so as to achieve self-reliance.

The Fund is managed in accordance with the Wajir County Revolving Management Act, 2014. The Act states that there shall be the Fund Administrator. Also, there is established the County Revolving Fund Committee which administers the County Revolving Funds.

The Management Team work closely with the CECM of the department of Trade and also the revolving fund committees at the ward level.

Name: Arfon Issack Abdi

Manager, Wajir County Revolving Fund

10. Environmental and Sustainability Reporting

1. Sustainability strategy and profile

The Wajir County Development Agenda is informed by the need to increase and expand sustainable development opportunities and build people's capacities to enable them create wealth and transform their lives for growth and prosperity. The County Envisions being a competitive, industrialized and socio-economically self-sustaining and securing county. This will be attained by providing quality and efficient services through innovative and sustainable utilization of resources for a better quality of life to all citizens of Wajir County. This is what the county intends to attain and sustain it through creation of a county culture anchored on; Transparency; Inclusiveness and Equity; Empowerment; Quality and result oriented in provision of the county services.

2. Environmental performance

As outlined in the County 2013-2018 CIDP, Environment is one of the key thematic areas that the county has put a lot of focus in its developments agenda. Land is a natural resource which can be sustainably used to satisfy man's unlimited needs and wants as long as the concept of scarcity is recognized. Cognizant of the need for responsible land use for environmental sustainability, The County has developed a number of policies, programmes and structures guiding environmental matters within the County.

3. Employee welfare

Wajir County Recognises the value of its employees in the implementation and long term sustainability of its development strategy. As a result, it has always ensured a fair recruitment process where competences and qualification has been key in hiring of its employees to ensure value from its human resource. All recruitments obverse the one third Gender rule and the inclusivity. All senior management staff from the level of county directors and above are placed under performance Contract while the junior staff are under performance Appraisal system.

This is aimed at inculcating a results culture and also helps to identify skills Gap for capacity building and future development the County staff as they inform approvals for Promotion and training for carrier growth. For a better and health work force, the county has also placed all staff under a medical cover which on terms as provided by the Salaries and Remuneration Commission's guideline of Employee Medical benefits.

4. Market place practices

The County embarrasses diversity and offers services to all county residents without discrimination. All county fees and charges are levied after wide consultation with the citizens through public participation.

5. Community Engagements

The County has been engaging its citizens in all its development programmes through public participation in all the county plans, Budget and legislations. This participation ensures that the views of the citizen are included from planning to implementation stages. Participation is done by the county through its established participation structures such as, the County Budget and Economic Forum, The County Citizen education and Civic Education Unit etc.

12. Statement of Management's Responsibilities

Section 166 of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Administrator of a County Public Fund established by shall prepare financial statements for the Fund in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board.

The Administrator of the County Public Fund is responsible for the preparation and presentation of the Fund's financial statements, which give a true and fair view of the state of affairs of the Fund for and as at the end of the period ended June 30th 2017. This responsibility includes:

- i) Maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period;
- ii) Maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the fund;
- iii) Designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud;
- iv) Safeguarding the assets of the fund;
- v) Selecting and applying appropriate accounting policies; and
- vi) Making accounting estimates that are reasonable in the circumstances.

The Administrator of the County Public Fund accepts responsibility for the Fund's financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012 and the Wajir County Revolving Fund act, 2014. The Administrator of the Fund is of the opinion that the Fund's financial statements give a true and fair view of the state of Fund's transactions during the period and of the Fund's financial position as at that date.

The Administrator further confirm the completeness of the accounting records maintained for the Fund, which have been relied upon in the preparation of the Fund's financial statements as well as the adequacy of the systems of internal financial control.

In preparing the financial statements, the Administrator of the County Public Fund has assessed the Fund's ability to continue as a going concern and disclosed, as applicable, matters relating to the use of going concern basis of preparation of the financial statements. Nothing has come to the attention of the Administrator to indicate that the Fund will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements:

The Fund's financial statements were approved by the Board on 21-09-2013 and signed on its behalf by:

Enhancing Accountability

REPORT OF THE AUDITOR-GENERAL ON WAJIR COUNTY REVOLVING FUND FOR THE YEAR ENDED 30 JUNE, 2017

REPORT ON THE FINANCIAL STATEMENTS

Disclaimer of Opinion

I have audited the accompanying financial statements of Wajir County Revolving Fund set out on pages 1 to 22, which comprise of the statement of financial position as at 30 June, 2017 and the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015.

I do not express an opinion on the accompanying financial statements, because of the significance of the matters described in the Basis for Disclaimer of Opinion section of my report, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for Disclaimer of Opinion

1. Late Submission of Financial Statements

The financial statements for the 2016/2017 financial year were submitted to the Auditor-General on 02 November, 2023 six (6) years and four (4) months after the end of the financial year. This was in contravention of Section 116(7) of the Public Finance Management Act, 2012 which requires the administrator of a county public fund to prepare accounts for the fund for each financial year and not later than three months after the end of each financial year submit financial statements relating to those accounts to the Auditor-General and the County Assembly.

In the circumstances, Management was in breach of the law.

2. Operation Without an Approved Budget

The Management did not prepare estimates of income and expenditure and submit the same to the County Executive Committee Member for finance as required. This was in contravention of Section 149(2) (h & i) of the Public Finance Management Act, 2012 which provides that an accounting officer shall, in respect of the entity concerned prepare estimates of expenditure of the entity in conformity with the strategic plan of the entity and submit the estimates of an entity, which is not a county corporation to the County Executive Committee Member for finance.

In the circumstances, Management was in breach of the law.

3. Inaccuracies in the Statement of Financial Performance

The statement of financial performance reflects revenue from non-exchange transactions of Kshs.97,812,853 which includes transfer from the County Government of Kshs.23,800,000, Revolving Fund income of Kshs.8,867,446 and balance brought forward of Kshs.65,145,407. However, the amount transferred by the County Government was meant for disbursement of loans in line with the objectives of the Fund. The amount was therefore incorrectly accounted for as revenue for the year instead of accounting for the amount in the statement of financial position and the statement of changes in net assets as a Revolving Fund. In addition, the brought forward amount of Kshs.65,145,407 represented prior year closing bank balance and was therefore incorrectly classified as revenue for the year. Further, the details and source of the revolving fund income of Kshs.8,867,446 were not provided.

In the circumstances, the accuracy of revenue from non-exchange transactions of Kshs.97,812,853 and surplus of Kshs.19,297,317 reflected in the statement of financial performance could not be confirmed.

4. Inaccuracies in the Statement of Financial Position

According to the loan disbursement and repayment schedules provided for audit review, loans amounting to Kshs.100,587,829 were outstanding as at 30 June, 2017. However, the outstanding balance was not disclosed in the statement of financial position under short-term and long-term receivables from exchange transactions.

In the circumstances, the financial position of the Fund could not be confirmed.

5. Inaccuracies in the Statement of Changes in Net Assets

The statement of changes in net assets reflects receipts received during the year of Kshs.32,667,446 which have been incorrectly reported under accumulated surplus. However, funds received during the year from the County Government amounted to Kshs.23,800,000 as reflected in the statement of cash flows. Similarly, expenses amounting to Kshs.78,515,536 were incorrectly reported in the statement of changes in net assets under accumulated surpluses.

As reported in the previous year report, it was not possible to confirm the accuracy of the balance of Kshs.65,145,407 reflected in the statement of changes in net assets which affects the accuracy of the current balance.

In the circumstances, the accuracy of net assets balance of Kshs.19,297,317 reflected in the statement of changes in net assets could not be confirmed.

6. Unsupported Cash and Cash Equivalents

The statement of financial position reflects cash and cash equivalents balance of Kshs.19,297,317 as at 30 June, 2017. However, cashbooks, bank reconciliations, board

of survey reports, cheque dispatch registers for the two bank accounts operated by the Fund were not provided for audit.

In the circumstances, it was not possible to confirm the accuracy and completeness of cash and cash equivalents balance of Kshs.19,297,317.

7. Unsupported General Expenses

The statement of financial performance reflects general expenses of Kshs.78,515,536. However, schedules and payments vouchers to support the amount were not provided for audit review.

In the circumstances, it was not possible to confirm the accuracy and validity of the general expenses of Kshs.78,515,536.

8. Irregular Transfer of Funds to Wajir County Bursary Fund Account

Examination of the bank statements for the Fund revealed that an amount of Kshs.5,000,000 was transferred to the Wajir County Bursary Fund Account. Management did not provide payment vouchers and the authority to transfer the amount to the Bursary Fund Account contrary to Regulation 104(1) of the Public Finance Management (County Governments) Regulations, 2015 which states that all receipts and payment vouchers of public moneys shall be properly supported by pre-numbered receipts and payment vouchers and shall be supported by appropriate authority and documentation.

In the circumstances, the regularity and accountability of Kshs.5,000,000 transferred to the Wajir County Bursary Fund and could not be confirmed.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

I do not express a conclusion on the lawfulness and effectiveness in the use of public resources as required by Article 229(6) of the Constitution. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of my report, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for my audit conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

I do not express a conclusion on the effectiveness of internal controls, risk management and governance as required by Section 7(1)(a) of the Public Audit Act, 2015. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of my report, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for my audit conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to sustain services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless County is aware of the intention to terminate the Fund or to cease its operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them and that public resources are applied in an effective way.

Those Charged with Governance are responsible for overseeing the Fund's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

My responsibility is to conduct an audit of the Fund's financial statements in accordance with International Standards of Supreme Audit Institutions (ISSAIs) and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. However, because of the matters described in the Basis for Disclaimer of Opinion section of my report, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

In addition, my responsibility is to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution. I also consider internal control, risk management and governance processes and systems in order to give an assurance on the effectiveness of internal controls, risk management and governance in accordance with the provisions of Section

7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. However, because of the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources, and Internal Controls, Risk Management and Governance sections of my report, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit conclusion.

I am independent of Wajir County Revolving Fund Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya.

FCPANaney Gathungu, CBS AUDITOR-GENERAL

19. Notes to the Financial Statements

1. General Information

The Wajir Disability Fund is established by and derives its authority and accountability from Wajir Disability Fund Act (2021). The entity is wholly owned by the Wajir County Government and is domiciled in Kenya. The entity's principal activity to facilitate the improvement of the living conditions for persons with disabilities in Wajir County through socio-economic empowerment, promotion of equal and equitable access to social-economic, political opportunities and services by persons with disabilities in the County.

2. Statement of compliance and basis of preparation

The Fund's financial statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS). The financial statements are presented in Kenya shillings, which is the functional and reporting currency of the Fund. The accounting policies have been consistently applied to all the years presented. The financial statements have been prepared on the basis of historical cost, unless stated otherwise. The cash flow statement is prepared using the direct method. The financial statements are prepared on accrual basis.

3. Adoption of new and revised standards

(i) New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2023

	(1) (1) (1) (1) (1) (1) (1) (1) (1) (1)
IPSAS 41: Financial	
Instruments	Applicable: 1st January 2023
	The objective of IPSAS 41 is to establish principles for the financial
	reporting of financial assets and liabilities that will present relevant
	and useful information to users of financial statements for their
	assessment of the amounts, timing and uncertainty of an Entity's
	future cash flows.
	IPSAS 41 provides users of financial statements with more useful
	information than IPSAS 29, by:
	 Applying a single classification and measurement model for

financial assets that considers the characteristics of the asset's	
cash flows and the objective for which the asset is held;	
Applying a single forward-looking expected credit loss	
model that is applicable to all financial instruments subject to	
impairment testing; and	
Applying an improved hedge accounting model th	
broadens the hedging arrangements in scope of the guidance.	
The model develops a strong link between an Entity's risk	
management strategies and the accounting treatment for	
instruments held as part of the risk management strategy.	
Applicable: 1st January 2023	
The objective of this Standard is to improve the relevance, faithful	
representativeness and comparability of the information that a	
reporting Entity provides in its financial statements about social	
benefits. The information provided should help users of the financial	
statements and general-purpose financial reports assess:	
(a) The nature of such social benefits provided by the Entity;	
(b) The key features of the operation of those social benefit schemes;	
and	
(c) The impact of such social benefits provided on the Entity's	
financial performance, financial position and cash flows.	
Applicable: 1st January 2023	
a) Amendments to IPSAS 5, to update the guidance related to the	
components of borrowing costs which were inadvertently	
omitted when IPSAS 41 was issued.	
b) Amendments to IPSAS 30, regarding illustrative examples on	
hedging and credit risk which were inadvertently omitted	
when IPSAS 41 was issued.	
c) Amendments to IPSAS 30, to update the guidance for	
c) Amendments to IPSAS 30, to update the guidance for accounting for financial guarantee contracts which were	

g signal da			
	Amendments to IPSAS 33, to update the guidance on classifying		
	financial instruments on initial adoption of accrual basis IPSAS		
	which were inadvertently omitted when IPSAS 41 was issued.

	• IPSAS 29: Financial instruments:	Recognition and	
	Measurement	Mississing and the second	
	Standard no longer included in the 2021 IPSAS h	andbook as it is now	
	superseded by IPSAS 41 which is applicable from	1 st January 2023.	

⁽ii) New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2023.

Alle .		
IPSAS 43	Applicable 1st January 2025	
	The standard sets out the principles for the recognition,	
	measurement, presentation, and disclosure of leases. The objective	
	is to ensure that lessees and lessors provide relevant information in	
	a manner that faithfully represents those transactions. This	
	information gives a basis for users of financial statements to assess	
	the effect that leases have on the financial position, financial	
	performance and cashflows of an Entity.	
	The new standard requires entities to recognise, measure and	
	present information on right of use assets and lease liabilities.	
IPSAS 44: Non-	Applicable 1st January 2025	
Current Assets Held	The Standard requires,	
for Sale and	Assets that meet the criteria to be classified as held for sale to be	
Discontinued	measured at the lower of carrying amount and fair value less costs	

Operations	to sell and the depreciation of such assets to cease and:
2	Assets that meet the criteria to be classified as held for sale to be
	presented separately in the statement of financial position and the
	results of discontinued operations to be presented separately in the
	statement of financial performance.

(iii)Early adoption of standards

The Entity did not early – adopt any new or amended standards in the financial year.

- 1. Significant Accounting Policies
- a) Revenue recognition
- i. Revenue from non-exchange transactions

Transfers from other government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the entity and can be measured reliably.

ii. Revenue from exchange transactions

Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

Dividends

Dividends or similar distributions must be recognized when the shareholder's or the Entity's right to receive payments is established.

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

b) Budget information

The original budget for FY 2016/2017 was approved by the County Assembly on 30th June 2016. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the entity upon receiving the respective approvals in order to conclude the final budget.

The entity's budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts.

to the

tter.

In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of financial performance has been presented under section 18 of these financial statements.

c) Property, plant and equipment

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

d) Intangible Assets

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred.

The useful life of the intangible assets is assessed as either finite or indefinite.

e) Investment property

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property. Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition.

f) Financial instruments

IPSAS 41 addresses the classification, measurement and de-recognition of financial assets and financial liabilities, introduces new rules for hedge accounting and a new impairment model for financial assets. A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. At initial recognition, the entity measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through surplus or

deficit, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

Financial assets

Classification of financial assets

The entity classifies its financial assets as subsequently measured at amortised cost, fair value through net assets/ equity or fair value through surplus and deficit on the basis of both the entity's management model for financial assets and the contractual cash flow characteristics of the financial asset. A financial asset is measured at amortized cost when the financial asset is held within a management model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. A financial asset is measured at fair value through net assets/ equity if it is held within the management model whose objective is achieved by both collecting contractual cashflows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. A financial asset shall be measured at fair value through surplus or deficit unless it is measured at amortized cost or fair value through net assets/ equity unless an entity has made irrevocable election at initial recognition for particular investments in equity instruments.

Subsequent measurement

Based on the business model and the cash flow characteristics, the entity classifies its financial assets into amortized cost or fair value categories for financial instruments. Movements in fair value are presented in either surplus or deficit or through net assets/ equity subject to certain criteria being met.

Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, and that are not designated at fair value through surplus or deficit, are measured at amortized cost. A gain or loss on an instrument that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is de-recognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through net assets/ equity

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through net assets/ equity. Movements in the carrying amount are taken through net assets, except for the recognition of impairment gains or losses,

13 45

Wajir County Revolving Fund

Annual Report and Financial Statements for the year ended June 30, 2023

interest revenue and foreign exchange gains and losses which are recognized in surplus/deficit. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through surplus or deficit

Financial assets that do not meet the criteria for amortized cost or fair value through net assets/ equity are measured at fair value through surplus or deficit. A business model where the entity manages financial assets with the objective of realizing cash flows through solely the sale of the assets would result in a fair value through surplus or deficit model.

Trade and other receivables

Trade and other receivables are recognized at fair values less allowances for any uncollectible amounts. Trade and other receivables are assessed for impairment on a continuing basis. An estimate is made of doubtful receivables based on a review of all outstanding amounts at the year end.

Impairment

The entity assesses, on a forward-looking basis, the expected credit loss ('ECL') associated with its financial assets carried at amortized cost and fair value through net assets/equity. The entity recognizes a loss allowance for such losses at each reporting date.

Financial liabilities

Classification

The entity classifies its liabilities as subsequently measured at amortized cost except for financial liabilities measured through profit or loss.

g) Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

- > Raw materials: purchase cost using the weighted average cost method
- Finished goods and work in progress: cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost. Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make

State all judgements, estimates and assumptions made e.g.

a) Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur. IPSAS 1.140.

b) Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- > The condition of the asset based on the assessment of experts employed by the Entity
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- > The nature of the processes in which the asset is deployed
- > Availability of funding to replace the asset
- Changes in the market in relation to the asset

c) Provisions

Provisions were raised and management determined an estimate based on the information available.

d) Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.

8. Financial risk management

The Fund's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The Fund's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The Fund does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The Fund's financial risk management objectives and policies are detailed below:

a) Credit risk

The Fund has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments. Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors.

b) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Fund Administrator, who has built an appropriate liquidity risk management framework for the management of the entity's short, medium and long-term funding and liquidity management requirements. The entity manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

c) Market risk

The board has put in place an internal audit function to assist it in assessing the risk faced by the entity on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

The Fund's Finance Department is responsible for the development of detailed risk management policies and for the day-to-day implementation of those policies.

There has been no change to the entity's exposure to market risks or the manner in which it manages and measures the risk.

Interest rate risk is the risk that the entity's financial condition may be adversely affected as a result of changes in interest rate levels. The entity's interest rate risk arises from bank deposits. This exposes the Fund to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the Fund's deposits.

Management of interest rate risk

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

ireties.

or :

Sensitivity analysis

The Fund analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant.

d) Capital risk management.

The objective of the Fund's capital risk management is to safeguard the Fund's ability to continue as a going concern. The entity capital structure comprises of the following funds:
