

**REPUBLIC OF KENYA  
TWELFTH PARLIAMENT – (THIRD SESSION)  
THE NATIONAL ASSEMBLY**

PUBLIC PETITION

**(No. 01 of 2020)**

**REGARDING RESTORATION AND REVIVAL  
OF THE KENYA CASHEW NUTS FACTORY**

Approved.

BW  
SNA  
26/02/2020

I, the **UNDERSIGNED**, on behalf of the farmers and the people of Kilifi County;

**DRAW** the attention of the House to the following: -

- 1. THAT**, the now defunct Kenya Cashew Nuts factory located in Kilifi Town in Kilifi County was built in 1975 by the Kenya Cashew Nuts Limited (KCL) with capacity to process 15,000 tonnes of cashew nuts per year;
- 2. THAT**, the factory served farmers in the former Coast Province through their cooperative societies and the Kilifi District Co-operative Union (KDCU). The Government shareholding in 1982 through the National Cereals and Produce Board, the Industrial Commercial Development Cooperation and the Industrial Development Bank was 65% while the co-operative movement held the remaining 35% through KDCU;
- 3. THAT**, the cashew nut factory was an important economic mainstay of the Coastal Districts (now Counties) and contributed immensely to the development of the cashew nut sub sector in the country, and when the Government decided to divest from the factory, KDCU exercised its pre-emptive rights and purported to have acquired the Government's 65% shareholding in October 1993;
- 4. THAT**, following the divestiture, the Kenya Planters and Products Limited (KPPL) and the Cashew Development Investment Limited, which were both private companies, mysteriously and fraudulently joined the factory as shareholders under unclear circumstances by obtaining 51% and 14% of the Government shareholding respectively;
- 5. THAT**, neither the Government nor the farmers received any payment from the fraudulent transfers, and that the then KDCU officials colluded with various individuals to deprive farmers the opportunity to purchase the 65% shareholding via their pre-emptive rights, which later led to KDCU being excluded from management of the factory despite holding 35% shareholding;

## PUBLIC PETITION

### REGARDING RESTORATION AND REVIVAL OF THE KENYA CASHEW NUTS FACTORY

---

6. **THAT**, in 1996, KPPL claimed that it advanced a Kshs 2 million loan to the KDCU allegedly for the purchase of cashew nuts from farmers and they say that this loan was not repaid hence this claim was used to obtain fraudulently all KDCU shares with cooperation by the then KDCU officials, and ultimately led to the flawed and irregular acquisition of the factory from the bonafide shareholders; however records show that KPPL did not advance the 2 Million to KDCU but to Kenya Cashewnuts Limited (KCL) and they should not have taken over KDCU interests in the factory based on this allegation;
7. **THAT**, the cashew nut factory finally closed down in August 1997, and subsequently hit the Coastal economy hard, creating widespread joblessness, leaving cashew nut farmers stranded thereby denying the country a valuable source of export and foreign exchange;
8. **THAT**, the factory shut down with an unserviced Barclays Bank loan of Kshs 95 million whose security was the Kenya Cashew Nut premises, and which the Bank sold off to Millennium Management Limited for Ksh 58 million despite a court injunction filed by KDCU;
9. **THAT**, the Auction was illegal as there was a court injunction that stopped the auction, and still remains illegal up to now. In the process of the illegal sale KDCU lost its 35% shares as the new managers of the factory used illegal means to acquire the shares of the farmers;
10. **THAT**, the purported current owners of the factory are illegal owners and the bonafide owners of the factory up to date are the KDCU and the Kenya Government; because a sell that emanates from an illegal action is not a sell;
11. **THAT**, following the illegal acquisition, KDCU was unfortunately coerced by the new illegal owners to take over all the debts of over Kshs. 110 Millions of Kilifi Cashew Nuts Limited; debts which actually weighed heavy on KDCU and collapsed KDCU.
12. **THAT**, the factory was ravaged and plundered by the new illegal owners and consequently all machines and equipment were transferred to Tanzania and Tiwi where

## PUBLIC PETITION

### REGARDING RESTORATION AND REVIVAL OF THE KENYA CASHEW NUTS FACTORY

---

the new illegal owners had interests and used the sell of the machines to pay off their debts, and laid-off workers were left without compensation;

13. **THAT**, while majority of factories that collapsed following flawed privatization such as the Kenya Meat factory, Rivatex, KICOMI, and Mumias Sugar Company have already been revived by the Government, the Kenya Cashew Nuts Factory in Kilifi remains unattended;
14. **THAT**, the farmers in Mid 90's sent a petition to the President of the Republic of Kenya who ordered and triggered the ODPP to pay a visit to the factory to investigate the matter and revert to the farmers, effort which was muzzled by the then office of the ODPP;
15. **THAT**, the then Attorney General Amos Wako was ordered by the president then to reverse the illegal transfer of shares and registered the shares in the name of KDCU but he did not;
16. **THAT**, the 9<sup>th</sup> parliament in 1999 made recommendations to revert the factory back to the farmers but the Attorney general did not act;
17. **THAT**, in Nov 2019, other officers were sent to pursue the matter further but nothing has come forth;
18. **THAT**, efforts to address this matter with relevant authorities have not borne much fruit;
19. **AND THAT**, the matter in respect of which this Petition is made is not pending before any Court of Law or Constitutional body.

**NOW THEREFORE**, your humble petitioners pray that the National Assembly through the Departmental Committee on Agriculture and Livestock-

- a) Enquires into the collapse of the Kenya Cashew Nuts Factory with the objective of highlighting factors that led to its closure;
- b) Recommends the restoration to the farmers and KDCU (Now Kilifi County Cooperative Union KCCCU) and revival of the Kenya Cashew Nuts Factory in Kilifi with the additional upgrade of turning it into a horticultural manufacturing

**PUBLIC PETITION**

**REGARDING RESTORATION AND REVIVAL OF THE KENYA CASHEW  
NUTS FACTORY**

---

- factory that can process cashew nuts, mangoes, coconut among other products as part of realization of the Government's Big Four Agenda ;
- c) Recommends that the former workers be paid their dues as well as restoration of the factory's ownership to the people of Kilifi, and
  - d) Makes any other recommendations it deems appropriate in the circumstances of the Petition.

And your **PETITIONERS** will ever pray.

**PRESENTED BY**

**HON. OWEN YAA BAYA, MP**  
**MEMBER FOR KILIFI NORTH CONSTITUENCY**

Date...25/02/2020 .

PUBLIC PETITION

REGARDING THE RESTORATION AND REVIVAL OF THE KILIFI KENYA CASHEW NUTS  
FACTORY KILIFI

I, the undersigned, On behalf of the people of Kilifi draw the attention of the house to the following:

1. That the Defunct Kenya Cashew nuts factory is located in Kilifi Town Kilifi North Constituency in Kilifi County
2. That the factory was built in 1975 by the Kenya Cashew nuts Limited (KCL) with a capacity to process 15,000 tonnes of Cashew Nuts.
3. That It served the former coast Province (now Region) farmers through their cooperative societies and Kilifi District Co-operative union (KDCU)
4. That as at 1982, the factory shareholding by the Government was 65% while 35% was held by the co-operative movement
5. That the Government ownership was through the National cereals produce Board NCBP, The industrial Commercial Development Cooperation ICDC, and the industrial development bank IDB while that of the cooperative movement was through KDCU.
6. That in view of the importance the Cashew nut as an important economic mainstay in the Coast Districts (now counties) the factory played a strategic role in the development of the Cashew nut sub sector and the livelihoods of the people in the region it is therefore not surprising that , apart from the Government shareholding in the factory, the rest was by farmers through the co-operative movement.

7. That in 1992 the Government shares with a market value of Kshs. 142.40 per market share totaled too Kshs 78 Million, while the union shares were valued at Kshs42 Million.
8. That when the Government decided to divest from the factory , kilif District cooperative union KDCU exercised it Pre emptive rights and acquired the Government's 65%shares in an arrangement that was signed on 29<sup>th</sup> October 1993
9. That later on the Kenya Planters and products limited and the cashew development investment limited joined the factory as shareholders, under circumstances which were not clear.
10. That on 30<sup>th</sup> December 1996, KDCU was lent Kshs 2 Million allegedly for the purchase cashew nuts from farmers by Kenya Planters and products limited, for which some union officials signed blank share tranfer forms for all the union shares in Kilifi Cashew nuts limited
11. That although this loan is said not to have been repaid, the arrangement, no doubt, could not have been in good faith as it was fraudulent
12. That the transactions were secretly done without involving the cooperative movement shareholders and the Ministry of co-operative development, except a few KDCU officials who were manipulated to facilitate a flawed acquisition of the factory from the bonafide shareholders.
13. That although 100% shares were legally sold to the union by the three parastatals they were never legally transferred to to the union..
14. That the shares were allocated as follows: 51% were allocated to Kenya Plantations and products limited and 14 percent

to cashew development investment limited which were private companies

15. That the Government of Kenya did not receive even a penny for its 65% shares from the fraudsters neither did the farmers.
16. That despite the fact that the KDCU held 35% shareholding in the factory the union was excluded from the management
17. That directors of the KDCU colluded with known individuals to deprive the farmers the opportunity to purchase the 65% shares pre-emptive rights.
18. The cashewnut factory closed down in August, 1997, occasioning the laying off of the employees and denying cashewnut farmers their major source of income and foreign exchange for the country from processed cashew exports.
19. The Cashewnut factory closed down with an unserviced Barclays bank loan of Kshs 95 Million, whose security was the Kenya cashewnut Premises
20. In February 2000, Barclays bank of Kenya appointed a receiver manager and advertised the property for sale in order to recover its loan which together with interests, had allegedly accumulated to Kshs 200 Million.
21. KDCU filed an injunction in court against the sale until the ownership of Kenya Cashew nuts limited was determined.
22. That while the matter was still in court the bank entered private negotiations with Millennium Management limited and sold the property for Kshs 58 million.
23. That it is clear the acquisition of the cashewnuts factory from KDCU was irregular, fraudulent and not with good intentions.

24. That the factory was cannibalized by millennium management and all machines and equipment transferred elsewhere
25. That the laid off workers have not had their retirement benefits paid.
26. That this is a recent historical injustice matter on the people of the coast
27. That the factory collapsed alongside the poorly managed privatization scheme that saw the collapse of Kenya meat factory, Rivatex, KiCOMI, Mumias Sugar.
28. That majority of the factories named above have since been restored by government using public funds and are up and running providing employment to the local population.

Therefore your humble petitioner pray that the National Assembly, through the departmental committee on Agriculture, livestock and cooperatives development:-

- a) Investigates the theft of the Kilifi Cashew nuts factory be made to establish the theft and restore the ownership of the factory to the people of Kilifi
- b) Recommends the revival of the Cashewnut factory and turns it into a horticultural manufacturing factory that can process Mangoes, coconut among other products as part of the Big Four Agenda
- c) Recommends that the former workers be paid their dues.
- d) Makes any other recommendations that the committee may deem necessary for addressing the plight of the petitioner

And your Petitioner will ever pray,

Presented by.

Hon. Owen Yaa Baya, M.P

Member For Kilifi North Constituency
