2. NATIONAL TREASURY INFORMATION AND MANAGEMENT

(a) Background Information

The National Treasury was established via the Executive Order No. 1 of 2023. The basis for establishment of the National Treasury is found in Article 225 (i) of the Constitution of Kenya which states that an Act of Parliament shall provide for the establishment, functions and responsibilities of the National Treasury. This has been actualized in Section 11 and 12 of the Public Finance Management (PFM) Act 2012.

At Cabinet level, the National Treasury is represented by the Cabinet Secretary for National Treasury and Economic Planning, who is responsible for the general policy and strategic direction of the Ministry.

Vision

“Excellence in economic and public financial management, and development planning”.

Mission

“To provide leadership in economic and public financial management, and development planning for shared growth through formulation, implementation and monitoring of economic, financial and development policies”.

Core Values

The National Treasury is guided by the following core values: Customer Focus, Results Oriented, Stakeholder Participation, Professionalism and Ethical Practices, Transparency and Accountability, Integrity, Teamwork and Commitment all geared towards excellence in service delivery.

Mandate of the National Treasury

The National Treasury derives its mandate from Article 225 of the Constitution, Public Finance Management Act 2012 and the Executive Order No.1 of 2023. The National Treasury will be executing its mandate in consistency with any other legislation as may be developed or reviewed by Parliament from time to time.

The core functions of the National Treasury as derived from the above legal provisions include:

- (i) Overall Economic Policy Management;
- (ii) Management of Public Finance;
- (iii) Formulation of National Budget;
- (iv) Public Debt Management;
- (v) Formulation and Maintenance of Government Accounting Standards;
- (vi) Bilateral and Multilateral Financial Relations;
- (vii) Capital Markets Policy;
- (viii) Oversight over Revenue Collection;
- (ix) Competition Policy Management; National Pensions Policy Management;
- (x) Insurance Policy and Regulation;
- (xi) Public Procurement and Disposal Policy;
- (xii) Public Investment Policy and Oversight;
- (xiii) Development and Enforcement of Financial Governance Standards;
- (xiv) Financial Sector Analysis and Management including SACCOs, NSSF and NHIF;
- (xv) Financial Institutions Oversight;

- (xvi) Management of National and County Governments Financial Management System and Standards;
- (xvii) Development of Kenya as an International Financial Centre;
- (xviii) Anti-Money Laundering Policy;
- (xix) Custodian of National Government Assets and Properties; and,
- (xx) Secretariat to Intergovernmental Budget and Economic Council.

Role of the National Treasury in the Devolved System of Government

The National Treasury is mandated by law to:

- (i) Strengthen financial and fiscal relations between the National Government and County Governments and support for county governments in performing their functions;
- (ii) Issue guidelines on the preparation of county development planning;
- (iii) Prepare the annual legislative proposals on intergovernmental fiscal transfers;
- (iv) Provide logistical support to intergovernmental institutions overseeing intergovernmental fiscal relations;
- (v) Coordinate the development and implementation of financial recovery plans for County Governments that are in financial distress;
- (vi) Build capacity of County Governments on public finance management matters for efficient, effective and transparent financial management as well as planning, monitoring and evaluation; and,
- (vii) Administer the Equalization Fund.

(b) Key Management

The National Treasury day-to-day management is under the following key offices.

Office of the Principal Secretary

The Office of the Principal Secretary is responsible for the day-to-day administration of the National Treasury operations and is the accounting officer. In addition, the Principal Secretary is charged with the responsibility of providing advice to the Cabinet Secretary in order to enhance efficiency and collective responsibility.

Organizational structure of the National Treasury

The National Treasury is organized into five (5) technical Directorates headed by Directors General and (1) Administrative and Support Services Directorate headed by a Principal Administrative Secretary. Each Director General is responsible for a Directorate comprising a cluster of Departments responsible for related policy functions. In addition, the National Treasury has two independent departments namely Public Procurement and Internal Auditor General, headed by Directors and a Public Finance Management Secretariat headed by a Programme Coordinator. The Directorates and Departments are as follows:

Directorate of Budget, Fiscal and Economic Affairs

The Directorate is headed by a Director General, reporting to the Principal Secretary, National Treasury. It is organized into the following four (4) Technical Departments each headed by a director:

- (a) Budget Department;
- (b) Macro and Fiscal Affairs Department;
- (c) Financial and Sectoral Affairs Department; and,

THE NATIONAL TREASURY
KENYA LOCAL LOANS SUPPORT FUND
Annual Report and Financial Statements for the year ended 30th June 2023

(d) Inter-Governmental Fiscal Relations Department.

Directorate of Accounting Services and Quality Assurance

The Directorate is headed by a Director General reporting to the Principal Secretary, National Treasury. It is organized into the following four (4) Technical Departments each headed by a Director:

- (a) Government Accounting Services;
- (b) Information Financial Management Systems (IFMIS);
- (c) National Sub-County Treasuries; and,
- (d) Government Digital Payments Unit.

Directorate of Public Investment and Portfolio Management

The Directorate is headed by a Director General, reporting to the Principal Secretary. It is organized into the following four (4) Technical Departments each headed by a Director:

- (a) Government Investment and Public Enterprises;
- (b) National Assets and Liabilities Management;
- (c) Pensions Department; and,
- (d) Public Investment Management Unit.

Directorate of Public Debt Management Office

The Directorate is headed by a Director General, reporting to the Principal Secretary. It is organized into the following three (3) Technical Departments each headed by a Director:

- (a) Resource Mobilization (Front Office);
- (b) Debt Policy, Strategy and Risk Management (Middle Office); and,
- (c) Debt Recording and Settlement (Back Office).

Directorate of Public Private Partnership

The Directorate is headed by a Director General, reporting to the Principal Secretary on matters relating to Public Private Partnership.

Directorate of Administrative and Support Services (Common Shared Services)

The Directorate is headed by a Principal Administrative Secretary, reporting to the Principal Secretary. It is organized into ten (10) specialized functions offering common shared services. The common shared services of the National Treasury consist of functions that are not core to the National Treasury but offer critical support services to the National Treasury. The functions include:

- (a) Accounting;
- (b) Finance;
- (c) Human Resource Management and Development;
- (d) Central Planning and Project Monitoring;
- (e) Supply Chain Management;
- (f) Legal;
- (g) Public Communications;
- (h) General Administration;
- (i) Internal Audit; and,
- (j) ICT.

Fiduciary Management

The key management personnel who held office during the financial year ended 30th June 2023 and who had direct fiduciary responsibility were:

S/NO.	Designation	Name
1.	Principal Secretary	Dr. Chris Kiptoo, CBS
2.	Principal Administrative Secretary	Mr. Samson Wangusi, OGW
3.	Director General, BFEA	Mr. Albert Mwenda, HSC
4.	Director General, Accounting Services	Mr. Bernard Ndung'u, MBS
5.	Director General, PIPM	Mr. Lawrence Kibet
6.	Director General, PDMO	Dr. Haron Sirma, EBS
7.	Director General, PPP	Mr. Christopher Kirigua, OGW
8.	Director, Macro and Fiscal Affairs Department	Mr. Musa Kathanje
9.	Director, Budget Department	Mr. Francis Anyona, OGW

32.	Director, Central Planning and Project Monitoring Department	Mr. Antony Muriu, HSC
33.	Head, Public Communications	Ms. Catherine Njoroge
34.	Programme Coordinator, Public Financial Management Reform Secretariat	Mr. Julius Mutua

(d) Fiduciary Oversight Arrangements

To manage the fiduciary risk, the National Treasury has put in place fiduciary oversight arrangements including setting up committees. The key oversight arrangements include:

(i) Audit Committees

In line with the Public Finance Management Act, the National Treasury has established a Ministerial Audit Committee comprising five members, three of whom are independent. The Committee provides overall oversight and quality assurance including follow up on the effectiveness of implementation of audit recommendations.

Further, the National Treasury established an audit committee comprising of officers from all departments of the Ministry, under the chairmanship of the Senior Chief Finance Officer. The Committee reviews and analyses all audit queries and makes recommendations on how to reduce fiduciary risks. In addition, the committee prepares responses to all audit queries for presentation to the relevant committees of parliament.

(ii) Public Finance Management Committees

Budget Implementation Steering Committee

In order to effectively monitor the implementation of the National Government budget implementation, the National Treasury has established a steering Committee chaired by the Cabinet Secretary, National Treasury and Economic Planning. The Principal Secretaries for the National Treasury and State Department for Economic Planning provide general oversight in the Budget implementation.

Budget Implementation Technical Committee

The Committee is chaired by the Principal Administrative Secretary and comprises the Directors General and various Heads of Department. The Committee is responsible for monitoring the actual implementation of the identified measures and programmes and reporting detailed progress on the same regularly.

Budget Implementation Ministerial Committee

To monitor the implementation of the Ministry's budget, programmes and activities, the National Treasury has appointed a committee comprising of officers from all the Departments of the Ministry. The Committee reviews and analyses the progress made by Departments in the implementation of budget and the planned programmes and activities and advises the management accordingly.

(iii) Senior Management Committee

To monitor the implementation of the Ministry's programmes and performance, the National Treasury has appointed Senior Management Committee comprising of Directors General. The Committee receives reports from departments, build consensus on National Treasury responses to emerging issues, challenges and risks and ensures that the decisions made are implemented in a timely manner. Additionally, the Treasury constituted Ad hoc Committees to handle specific assignments in the Financial Year 2022/23.

(iv) Other oversight activities

Other fiduciary oversight arrangements include the following committees with specific objectives;

Project Implementation Committee

To monitor the implementation of the Government's Infrastructure Projects, the National Treasury has established a Project Steering Committee comprising Principal Secretaries from implementing Ministries and appointed a technical committee comprising officers from the technical departments of the Ministry. The Committees review and analyse the progress made by ministries in the implementation of domestically and externally funded projects and advises accordingly.

Parliamentary Activities

In order to effectively manage the parliamentary activities relating to the Ministry, the National Treasury has established a committee and designated a liaison officer to coordinate the activities under the Office of the Cabinet Secretary.

Development Partner Oversight

To effectively manage Official Development Assistance to the Government, the National Treasury has, under the Public Debt Management, a department responsible for all matters relating to Development Partners. The Department has various Units that coordinate different development partner activities in the Country.

Public Financial Management Sector Working Group

To facilitate the implementation of financial management reforms, the National Treasury has appointed senior officers to the Public Financial Management Sector Working Group. The Committee plays an oversight role in the implementation of financial reforms in the public service in collaboration with the development partners.

Monitoring and Evaluation

The Ministry undertakes monitoring and evaluation exercises to establish progress made in the implementation of various programmes and projects including those that are funded by the development partners.

3. STATEMENT OF GOVERNANCE

(i) Brief of Key Leadership Structure

The National Treasury and Economic Planning is divided into two entities: The National Treasury and State Department for Economic Planning. It is represented by the Cabinet Secretary who is responsible for the general policy and strategic direction of the Ministry.

At the top management level, the National Treasury is headed by the Principal Secretary who is the accounting officer and is responsible to the Cabinet Secretary in the performance of his duties. The National Treasury has six Directorates headed by Director Generals and a Principal Administrative Secretary who is responsible for Administration and Support Services.

The National Treasury Leadership Structure

(ii) Management Committees Established and Their Roles

The National Treasury has appointed managements committees to monitor the implementation of programmes, projects and report on their performance. They include:

Top Management Committee

Top Management Committee comprises of Cabinet Secretary, Principal Secretary and Directors General. The Committee receives reports from departments, build consensus on National Treasury responses to emerging issues, challenges and risks and ensures that the decisions made are implemented in a timely manner.

(iii) The Audit Committee

In line with the Public Finance Management Act, the National Treasury has established a Ministerial Audit Committee comprising of the Chairperson and four members, of which three are independent. The members were appointed on 15th December, 2022.

The Committee provides overall oversight and quality assurance including follow up on the effectiveness of implementation of audit recommendations.

The Committee is active and meets on a quarterly basis to deliberate on their functions.

(iv) Risk Management, compliance, conflict of interest

The National Treasury appointed risk champions who have been trained. The processes of developing a risk management framework have commenced.

(v) Recent Trainings and development in governance for those in key leadership

The National Treasury supported those in key leadership positions to attend leadership and strategic management courses at the Kenya school of Government and other reputable international institutions.

(vi) Public participation activities

The National Treasury underscores the importance for public participation as provided for under the Constitution of Kenya and Public Finance Management (PFM) Act, 2012 by giving Kenyans opportunities to interrogate proposed amendments to the PFM Act, 2012 and make submissions on their views for consideration in policy making and implementation so as to strengthen and deepen good governance. The National Treasury carried out Public Sector Hearings for the Proposed Budget for the FY 2022/23 and the medium term by holding both physical meetings and virtual hearings. In addition, it carried out five (5) public participations in all regions in the country on the proposed Privatization Bill, 2023. The National Treasury provided an opportunity to all Kenyans across the country to interrogate the Public Finance Management Act 2012 Amendments that aimed at settling debt anchored in line with international best practices.

(vii) Compliance with laws and regulations

The National Treasury complies with the Constitution of Kenya, all applicable laws and regulations in line with acceptable national and international standards as well as its internal policies. The National Treasury identified and documented all laws and regulations that are applicable in its operations.

The National Treasury through the legal unit is planning to carry out the first legal compliance audit in September 2023/24 FY, to establish the level of adherence of applicable laws, rules, regulations and standards, and make recommendations for implementation.

4. STATEMENT BY THE CABINET SECRETARY

In accordance with Section 12 of the Public Finance Management Act, 2012, the National Treasury is responsible for coordinating the country's economic and financial management. Overall, the National Treasury has continued to maintain a policy environment that is conducive to economic growth and development of the country.

The FY 2022/23 marked the transition from the previous administration to the current one. The first half of the FY 2022/23 was marked by slow implementation of programmes and projects due to inadequate revenue resources and transition related challenges. There was a general slowdown of economic activities.

This was occasioned by external shocks including supply chain problems and prolonged Covid-19 impacts in the global arena; climate change occasioning the worst drought in 40 years and the ongoing Russia – Ukraine conflict.

Economic Growth

The Kenyan economy slowed down to a growth of 4.8 percent in 2022 compared to a revised growth of 7.6 percent in 2021. The slowdown was due to the impact of climate change that led to drought affecting agricultural productivity which also contributed to a slowdown in growth in manufacturing and in wholesale and retail trade. The growth in 2022 was spread across all sectors of the economy but was more pronounced in service-oriented activities.

The economy remained resilient and expanded by 5.3 percent in the first quarter of 2023, compared to 6.2 percent in a similar quarter in 2022 (Chart 1). The growth was mainly supported by a rebound of the agriculture sector and continued resilience of service sectors. All economic sectors recorded positive growths, though the magnitudes varied across activities.

Chart 1: Quarterly Real GDP Growth Rates

Source of Data: Kenya National Bureau of Statistics

THE NATIONAL TREASURY
KENYA LOCAL LOANS SUPPORT FUND
Annual Report and Financial Statements for the year ended 30th June 2023

Activities in the agriculture, forestry and fishing sub-sector expanded by 5.8 percent in the first quarter of 2023 compared to a contraction of 1.7 percent in the first quarter of 2022 (Table 1). The significantly improved performance of the sector was attributable to favorable weather conditions that led to enhanced production, especially that of food crops. The performance was evident in the significant increase in export of vegetables and fruits recorded during the first quarter of 2023. However, the sector's performance was somewhat curtailed by decline in milk deliveries to processors, production of tea, coffee and sugarcane.

The performance of the industry sector slowed down to a growth of 2.4 percent in the first quarter of 2023 compared to a growth of 4.4 percent in the first quarter of 2022. This was mainly on account of a slowdown in activities in the manufacturing; electricity and water supply; and construction sub-sectors.

Manufacturing sub-sector expanded by 2.0 percent in the first quarter of 2023 compared to a growth of 3.8 percent in a similar quarter in 2022. The growth was mainly supported by the manufacture of food products that included bakery products and processing and preservation of fish. In the non-food manufacturing, the growth performance was supported by substantial growth in the manufacture of basic metals and fabricated metal products.

Electricity and Water Supply sub-sector expanded by 2.3 percent in the first quarter of 2023 compared to 3.2 percent growth registered in the first quarter of 2022. The growth in the sub-sector was supported by increased generation of electricity from renewable sources such as geothermal and wind that more than offset the decline in generation from hydroelectric sources. Activities of the construction sub-sector expanded by 3.1 percent in the first quarter of 2023 compared to a 6.0 percent growth in the first quarter of 2022. The slowdown in growth of the sector's performance in the first quarter of 2023 was mirrored in the decline of volume of cement consumption and imports of various construction materials such as bitumen and iron and steel.

The activities in the services sector remained strong in the first quarter of 2023 growing by 6.0 percent compared to a growth of 8.5 percent in a similar period in 2022. This performance was largely characterized by significant growths in Accommodation and Food Service; Information and Communication Technology; Transportation and Storage; Financial and Insurance; and Wholesale and Retail Trade Sub-Sectors.

Accommodation and Food Service sub-sector is estimated to have expanded by 21.5 percent in the first quarter of 2023 compared to 40.1 percent growth recorded in the first quarter of 2022. Activities in the sub-sector have been growing steadily owing to dissipation of the effects of the COVID-19 pandemic that consequently led to improved economic environment in most tourist destinations. Transportation and Storage sub-sector grew by 6.2 percent in the first quarter of 2023 compared to a growth of 7.7 percent in a similar quarter in 2022. The growth was attributed to improved performance in most of the subsectors, especially transportation of passenger and freight through rail.

Information and communication sub-sector recorded a growth of 8.7 percent in the first quarter of 2023 compared to a growth of 9.0 percent in the first quarter of 2022. This growth was mainly supported by increase in mobile money transfers, domestic voice traffic, domestic Short Messaging Services (SMSs), and utilized international bandwidth. Financial and Insurance sub-sector grew by 5.8 percent in the first quarter of 2023 compared to 17.0 percent growth in the corresponding quarter of 2022.

The Government undertook reprioritization and cost-cutting measures to ensure smooth

implementation of priority programmes for the remainder of the financial year.

Consequently, we managed to bring the fiscal deficit from the planned 6.2% under the previous administration to about 5.3% of the GDP by the closure of FY 2022/23. Moving forward in the FY 2023/24, the fiscal deficit is planned to come further down to 4.4% of the GDP.

The FY 2022/2023 closed on a strong and positive note with total revenue collection by the year to June 2023 growing by 7.3% to amount to Kshs.2.36 trillion (16.3% of GDP). Of these ordinary revenues collected amounted to Kshs.2.04 trillion which was an annual growth of 6.4 % and represented a performance rate of 95.1% against target. All tax revenue targets recorded positive growth, an indication of continued recovery in revenue collection.

Total expenditure by end of FY 2022/23 amounted to Kshs.3.21 trillion against target of Kshs.3.36 trillion translating to a shortfall in expenditure of Kshs.148.4 billion.

Critical payments made that had significant impact at the grassroots, included:

- (i) 100% payment of equitable share was disbursed to the 47 County Governments amounting to Kshs.399.6 billion. This figure included the equitable share of Kshs.370.0 billion and arrears of KSh.29.6 billion from the previous year;
- (ii) The entire allocation of KSh. 47.2 billion to the National Government Constituency Development Fund (NGCDF); and,
- (iii) 100% Cash transfer to the Elderl to cater for their needs including for food, health and upkeep. Additionally, all arrears for cash transfers to Orphans and Vulnerable Children (OVCs) amounting to Kshs.16Billion were funded.

Inflation

Year-on-year overall inflation rate has been above the 7.5 percent upper bound of the policy target range since June 2022. Inflation rate remained sticky at 7.9 percent in June 2023 same as June 2022 driven by relatively higher food and fuel prices. Overall annual average inflation increased to 8.8 percent in June 2023 compared to 6.3 percent recorded in June 2022.

Interest Rates

Monetary policy stance remains tight to anchor inflation expectations due to the sustained inflationary pressures, increased risks to the inflation outlook, the elevated global risks such as financial market volatility, and their potential impact on the domestic economy. In this regard, the Central Bank Rate was raised from 9.50 percent to 10.50 percent in June 2023.

Short-term interest rates have remained relatively stable despite tight liquidity conditions. The interbank rate increased to 9.6 percent in June 2023 compared to 5.1 percent in June 2022 while the 91-day Treasury Bills rate was at 11.5 percent compared to 7.9 percent over the same period.

Exchange Rates

The foreign exchange market has largely remained stable despite the tight global financial conditions attributed to strengthening of the US Dollar and uncertainties regarding the ongoing Russian-Ukraine conflict. Due to the strong dollar, the exchange rate to the Kenya shilling like with all world currencies has weakened to exchange at KSh. 139.7 in June 2023 compared to KSh. 117.3 in June 2022. Against the Euro, the Kenya shilling weakened to exchange at KSh 151.4 in June 2023 compared to KSh. 124.1 in June 2022 while against the Sterling Pound the Kenyan shilling also weakened to exchange at KSh. 176.3 compared to KSh. 144.8, over the same period.

*THE NATIONAL TREASURY
KENYA LOCAL LOANS SUPPORT FUND
Annual Report and Financial Statements for the year ended 30th June 2023*

Pending Bills

The total outstanding national government pending bills as at 30th June, 2023 amounted to KSh. 567.5 billion. These comprise of KSh. 443.6 billion (78.2 percent) and KSh.123.9 billion (21.8 percent) for the State Corporations (SCs) and Ministries/State Departments/other government entities respectively. The SCs pending bills include payment to contractors/projects, suppliers, unremitted statutory and other deductions, pension arrears for Local Authorities Pension Trust, and others. Ministries/State Departments and other government entities pending bills constitutes mainly of historical pending bills for the last two years.

The National Government policy on clearance of pending bills continues to be in force. The National Treasury is currently developing a comprehensive strategy to clear outstanding stock of verified pending bills of the National Government over the medium term. In this strategy, deficiencies and lapses that led to accumulation of pending bills will be addressed. In the FY 2023/24 all Ministries, Departments and Agencies (MDAs) are expected to clear all the expenditure carryovers from FY 2022/23 as a first charge before payment of commitments of the current financial year.

Bottom-Up Economic Transformation Agenda (BETA)

Going forward, MDAs will be required to prioritize allocations towards the achievement of the BETA priorities while addressing the policy, legal, regulatory, and governance issues as a matter of priority to ensure optimal use of resources in execution of the planned interventions. BETA is geared towards economic turn around and inclusive growth and aims to increase investments in at least five sectors with high potential impact on the economy as well as household welfare. These include: -

- (i) Agricultural Transformation;
- (ii) Micro, Small and Medium Enterprise (MSME);
- (iii) Housing and Settlement;
- (iv) Health care; and,
- (v) Digital superhighway and Creative Industry.

The BETA priorities should therefore be mainstreamed into the regular programmes of Ministries, Departments and Agencies. The planning and budgeting should embrace the value chain approach ensuring that there are no funding gaps, no duplications and allows for efficiency in the use of resources.

Signature.....

**NJUGUNA NDUNG'U, CBS
CABINET SECRETARY**

Date ...25-09-2023.....

THE NATIONAL TREASURY AND ECONOMIC PLANNING

5. STATEMENT BY THE PRINCIPAL SECRETARY

Budget performance

The National Treasury expenditure (inclusive of A-in-A) for the FY 2022/23 stood at KSh. 102.032 billion against an approved budget of KSh. 147.56 billion translating to an overall absorption rate of 69.43 percent as demonstrated in the pie chart below. This translates to an improvement of 6.43 percent from 63% recorded in the financial year 2021/22. Chart 2 below presents the National Treasury total budget execution for the FY 2022/23.

Chart 2: Total Allocation against Total Expenditure (KSh. Billions)

When disaggregated by recurrent and development expenditure, the budget execution indicates that recurrent expenditure (inclusive of A-in-A) stood at KSh. 48.08 billion in the FY 2022/23 against an allocation of KSh 61.60 billion translating to 78.05 % absorption rate as shown in Chart 3 below.

Chart 3: National Treasury recurrent budget execution for the FY 2022/23 (KSh. Billions)

On the other hand, development expenditure (inclusive of A-in-A) absorption was KSh 54.23 billion against an allocation of KSh 85.96 billion recording an absorption rate of 63.09% as illustrated in Chart 4 below. The underabsorption in development expenditure is attributed to exchequer challenges.

Chart 4: National Treasury development budget execution for the FY 2022/23 (KSh. Billions)

Development budget outturn- FY 2022/23

Budget execution for GoK Funds (Net of A-in-A)

The National Treasury expenditure for GoK funds (exclusive of A-in-A) for the FY 2022/23 stood at KSh. 67.58 billion against an allocation of KSh. 93.66 billion. This translates to an absorption rate of 72.15 per cent. GoK development expenditure for the year was KSh. 23.89 billion against an allocation of KSh. 41.70 billion. This constitutes an absorption rate of 57.28 per cent. On the other hand, recurrent GoK budget recorded an expenditure of KSh. 43.69 billion against an allocation of KSh. 51.96 billion translating to an absorption of 84.09 per cent. Chart 5 below illustrates budget execution for GoK funded budget for the FY 2022/23.

Chart 5: budget execution for GoK funded budget for the FY 2022/23 (KSh. Billions)

Budget execution for externally funded resources for FY 2022/23

The externally funded projects recorded an absorption of Ksh. 2.18 billion against an allocation of KSh. 7.44 billion translating to an absorption rate of 29.24%. The under absorption in externally funded resources was attributed to: transfer of a budget of KSh. 2 billion for the National Treasury Dongo Kundu Special Economic Zones to Ministry of Transport and Infrastructure; inability to secure donor commitments; differences in accounting period of the donor; and lack of no objection from the donors for some projects. Chart 6 below presents the budget execution for externally funded resources for the FY 2022/23.

Chart 6: Budget execution for externally funded resources for FY 2022/23 (KSh. Billions)

Budget Execution by Programmes

The National Treasury implemented the 2022/23 budget within seven economic programmes. These were: General Administration, Planning and Support Services; Public Financial Management; Economic and Financial Policy Formulation and Management; Market Competition and Creation of an Enabling Business Environment; Government Clearing Services; Rail Transport; and Marine Transport. The latter three programmes were transferred to the National Treasury by an executive directive that merged the ports, rail and pipeline services in the FY 2021/22. These three programmes have since been transferred back to the Ministry of Transport and Infrastructure and will no longer be under the National Treasury reporting in the FY 2023/24.

As demonstrated in the chart below, Market Competition and Creation of Enabling Business Environment Programme had the highest absorption at 96.47 percent followed by Economic and Financial Policy Formulation and Management at 75.55 percent, Rail Transport at 74.43 percent, General Administration at 71.23 percent, Public Financial Management at 59.31 percent, Government Clearing Service at 5.67 percent, and Marine transport at zero (0) per cent. The lack of absorption in Government Clearing Service and Marine Transport is due to the transfer of the functions to Ministry of Transport and Infrastructure in the FY 2022/23. Chart 7 below illustrates the National Treasury budget execution by programme for the FY 2022/23.

Chart 7: Budget execution (KSh. Billions) and proportion (%) by Programme (KSh. Billions)

Key Achievements

The National Treasury registered Key Achievements during the Financial Year 2022/23. These include:

1. Under General Administration, Planning and Support Services programme, the National Treasury leased 4,023 security vehicles for the National Police Service towards enhancing security;
2. Under the Public Financial Management programme, the National Treasury mobilized a total of KSh. 22.6 billion worth of private capital under Public Private Partnerships; mobilized KSh. 8.8 billion under the Global Fund towards treatment of HIV, TB and Malaria, registered

29,435 AGPO Enterprises; and digitized an additional 4,687 government services; and conducted 269 Value for Money Audits;

3. Under Economic and Financial Policy Formulation and Management programme, the National Treasury implemented fiscal consolidation initiatives that led to realization of 5.7 % fiscal deficit against a target of 6.3% of GDP; developed the Nairobi International Financial Centre (NIFC) Guidelines and Regulations; established Climate Change Fund (CCF) in 7 Counties; and provided 197,960 No. of Clients with Agricultural Finance Corporation (AFC) loans in both wholesale and retail lending against a target of 196,617; and,
4. Under Market Competition and Creation of an Enabling Business Environment programme, the National Treasury through Competition Authority of Kenya determined 100% merger and acquisitions applications and developed one (1) Restrictive Trade Practices Guideline and one (1) Consumer Protection Guideline.

Emerging Issues

The emerging issues that impacted or may impacted the operations of the National Treasury include:

- (i) The Ongoing Russia-Ukraine conflict, land lingering effects of the COVID-19 pandemic and drought has heightened global inflation and resulted in tightening monetary policy and persistent supply chain disruptions. This hampered achievement of targets for the period under review;
- (ii) Technological advancement in the ICT sector presented opportunities to leverage ICT innovations in the conduct of business as well as risks relating to governance and data security;
- (iii) The proliferation of fake news on social media platforms, which have a wider audience and faster response time sometimes portrayed the National Treasury in a negative manner; and,
- (iv) Development of Sector specific Project Appraisal Manuals: although the National Treasury developed a generic manual to guide the investment appraisal processes, it has now emerged that there is need to develop sector specific methodological appraisal manuals to guide sector specific analysis. Therefore, the National Treasury is required to develop over 40 sector specific appraisal manuals to guide the over 40 sectors on the nuanced appraisal process.

Challenges

Some of the challenges the National Treasury faced while implementing the 2022/23 budget include:-

- (i) Resource Constraint continues to persist and affects implementation of budgets
The rationalization of the budget, occasioned by underperformance of revenue collection and emerging government priorities affected the implementation of programmes on training, hospitality, transfer of conditional grants to County Governments and to semi-autonomous Agencies (SAGAs). The underperformance in revenue also caused delays in disbursement of funds by the National Treasury to MCDAs. The underperformance of county governments own source revenue led to overreliance on transfers from the National Government occasioning more pressure on the exchequer.

Shortage of Key Technical Staff continues to affect operational efficiency in core mandate

Despite recruitment of staff across certain cadres, the National Treasury continues to experience staff shortage across all cadres against authorized establishment. As indicated in the operational performance on human resource, the current staff capacity is at 58%. This is mainly attributed to natural attrition. The planned recruitment and promotion of staff by the appointing authorities has been slow hence affecting service delivery and succession management initiatives.

(ii) Operating environment is manifested, among others, by shortage of office space especially for key technical staff and, inadequate resourcing of the Monitoring and Evaluation function.

To manage the above emerging issues and challenges and ensure successful implementation of the National Treasury goals and objectives, the Ministry undertook the following: -

- (a) Continued to implement borrowing policy that provides for domestic borrowing to plug the financing gap created by non-performing revenue;
- (b) The effects of the Eastern Europe Conflict on inflation and cost of living were moderated by the Government's interventions including among others, making fertilizer available and improve productivity in counties and regions that plant in the short rain season, where the Government imported 1.5 million 50 kg bags of fertilizers and distributed them at a lower cost of Ksh 3,500;
- (c) Continued to implement succession planning towards progressively filling in staff shortage, continued training and timely promotions. As at the end of the Financial Year 2022/23, the National Treasury had enhanced its staff capacity to 80% of authorized establishment from 30% in the Financial Year 2020/21; and,
- (d) Engaged other development partners for concessional loans and grants as well as pursued strategies to finance government projects.

Recommendations

- (i) There is need for increasing allocation to the National Treasury to facilitate effective mobilization of resources to finance public expenditure particularly towards facilitation and implementation of post COVID-19 Economic Recovery Strategy and emerging Government priorities;
- (ii) Reforms in Public Financial Management and taxation shall be sustained to enable the National Treasury to mobilize adequate financial resources and enhance absorption capacity;
- (iii) Continued sustained implementation of succession planning, especially with respect to recruitment of key technical staff to achieve optimal staffing levels for enhanced operational efficiency;
- (iv) Strengthening Monitoring and Evaluation Framework and capacity;
- (v) Continued leveraging on ICT to ensure timely delivery of targets; and,
- (vi) Implementing the project rationalization to achieve optimal project portfolio and increase fiscal space.

Going forward, the National Treasury will continue to implement fiscal policies that pursue growth friendly fiscal consolidation to preserve debt sustainability. This will be achieved through enhancing revenue collection and curtailing non-core expenditures while prioritizing high impact social and investment expenditure. As such, fiscal deficit is projected to decline from 5.7 percent of GDP in FY 2022/23 to 4.4 percent of GDP in FY 2023/24.

PRINCIPAL SECRETARY/THE NATIONAL TREASURY

6. STATEMENT OF PERFORMANCE AGAINST PREDETERMINED OBJECTIVES FOR THE FY 2022/23

Introduction

Section 81 (2) (f) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the accounting officer when preparing financial statements of each National Government National Treasury in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of the national government entity's performance against predetermined objectives. The key development objectives of the National Treasury's 2018-2022 Strategic Plan are to:

- a) Strengthen organization capacity for quality service delivery;
- b) Enhance mobilization, allocation and utilization of public resources;
- c) Ensure stable and sustainable macro-economic environment; and,
- d) Ensure market structures that encourage competition and orderly conduct of business;

Progress on Attainment of Strategic Development Objectives

For purposes of implementing and cascading the above development objectives to specific sectors, all the development objectives were made specific, measurable, achievable, realistic and time-bound (SMART) and converted into development outcomes. Attendant indicators were identified for reasons of tracking progress and performance measurement: Below we provide the progress on attaining the stated objectives:

Table 1: Performance against Predetermined Objectives for 2022/23

MDA Program	Strategic Objective	Outcome	Indicator	Performance	Comments
General Administration, Planning and Support Services.	To enhance institutional and human resource capacity for quality delivery of services	Efficient and effective service delivery	No. of vehicles leased	In FY 2022/23, 4,023 security vehicles were leased for the National Police Service towards enhancing security against a target of 3,477	Target surpassed
			Ordinary revenue as a percentage of GDP	In FY 2022/23 the ordinary revenue as a percentage of GDP collected was 16% against a target of 17.1%	Target was not achieved
			% level of compliance to PSSS	100%	The eligible public servants were on boarded in real time
			No. of Pension claims processed	Pensions claims were processed within 60 days of submission.	Target achieved
Public Financial Management	To increase the reliability, stability and soundness of the financial sector	Increased reliability and soundness of the financial sector	Annual National Budget presented to Parliament by 30th April 2023	1 achieved against a target of 1	Budget presented to parliament.
			No. of Published External Public Debt Stock & Register on the TNT website	1 External Public Debt Stock & Register on the TNT website published against a target of 1	Target achieved and published in the website
			No. of benchmark bonds issued	12 bonds issued against a target of 12	Target achieved. benchmark bonds are determined by the issuer to create

			Merger, Restrictive Trade Practices (RTPs) and Consumer protection guidelines	Developed one (1) Restrictive Trade Practices and one (1) Consumer Protection Guideline	Target achieved
			Cases concluded as a % of total investigations	83% cases concluded against a target of 95%	Target not achieved due to delay in release of resources
			% of cases on restrictive trade practices investigated and finalized	60% cases on restrictive trade practices investigated and finalized	Target achieved
			% of Appeals on Competition Determined	100% appeals on competition determined achieved	Target achieved

7. MANAGEMENT DISCUSSION AND ANALYSIS

Report on Operational and Performance financial performance of the organization for the last three-to-five-year period

Operational Performance

Operational performance is examined from three main indicators. These are: (i) Performance Contract Management (ii) Effectiveness in implementation of National Treasury Strategic Plan 2018/19-2022/23, and (iii) Human Resource Staff Capacity.

Performance Contract Management

Although the Ministries have been completing the performance contracting cycle that ends with announcement of results by the Ministry responsible for Public Service, announcement of results have not been undertaken except for the two FYs (FY 2019/2020 and 2020/2021).

In the Financial Year 2019/2020, the National Treasury and Economic Planning was ranked as the best performing Ministry with a Composite Score of 3.0209. This means that TNT&P achieved but not fully all its set PC targets resulting to a score of between 70 – 100% which translates to Good Performance.

In the Financial Year 2020/ 21, the National Treasury and Planning was ranked 5th in the Top Five Performing Ministries with an Average Composite Score of 3.2124 which is a good performance. There was a decline in performance compared to that of 2019/2020 whereby TNT&P was ranked the best performing Ministry with a Composite Score of 3.0209. A summary of performance contract ranking is given in table 2 below.

Table 2: Summary of performance of the National Treasury and Economic Planning in ranking of Ministries Departments and Agencies over three Financial Years

2018/19	2019/2020	2020/2021
Ministries were not ranked	Overall Score: 3.0209 Overall Rank: Position 1 Overall Grade: 70-100% Performance category: Good Core Mandate Score: 1.8089 Core Mandate Rank: Position 3	Overall Score: 3.2124 Overall Rank: Position 5 Overall Grade: 70-100% Performance category: Good Core Mandate Score: Not measured Core Mandate Rank: Not ranked among the 5 best performing Ministries

Effectiveness in implementation of Strategic Plan 2018-2023

The National Treasury implemented its Strategic Plan under four (4) Key Result Areas (KRAs) namely: (i) Stable Macro Economic Environment, (ii) Resource Mobilisation for financing public expenditure, (iii) Development planning, budgeting and intergovernmental relations and (iv) Institutional efficiency and effectiveness.

Effectiveness measures considered achievement of planned outcomes and outputs against set targets. In this regard the National Treasury achieved overall effectiveness level of 73% implementation of the objectives under the four KRAs. On the Key Result Areas, the National Treasury recorded the

THE NATIONAL TREASURY
KENYA LOCAL LOANS SUPPORT FUND
Annual Report and Financial Statements for the year ended 30th June 2023

following level of effectiveness: Stable and sustainable macroeconomic environment - 90%; Resource mobilization for financing public expenditure realised 74 %; Development planning, budgeting, and intergovernmental relations, 80%; and Institutional efficiency and effectiveness- 29%. KRA 4: Institutional efficiency and effectiveness recorded lowest level of effectiveness in achievement of set objectives. This is attributed to inadequate resources to effectively implement targets.

Human Resource Staff Capacity

Human resource capacity is a component of operational efficiency in the National Treasury. In this regard, the National Treasury currently operates at 58 per cent staff capacity in relation to authorized establishment. This is a decline from staff operational capacity of 65.6 percent in 2018/19. The decline in staff capacity is attributed to slow succession management in relation to increasing staff requirement as indicated by authorized establishment. Chart 8 below illustrates the current staff capacity against authorised establishment.

Chart 8: Human resource capacity for the period 2018/19 to 2022/23

In terms of cadre, the National Treasury ratio of technical to support staff currently stands at 64.52 per cent of in-post staff against a target of 70 per cent. This ratio has remained fairly stable at an average of 67 per cent over the period 2018/19-2022/23. Specifically, the technical staff requirement is 3,278 (70 % of staff authorized establishment). However, the current technical staff in-post is 1,753 (53 per cent of technical staff requirement). Chart 9 below illustrates the composition of the National Treasury staff disaggregated by technical and support cadre

Chart 9: The National Treasury staff composition by technical and support cadre

Financial Performance

Over the last five-year period, the National Treasury recorded mixed trend in performance in financial stewardship relating to absorption of GoK funds and externally funded resources as well as in A-in-A. Charts 10, 11 and 12 below indicate the specific performance in the mentioned areas.

Overall budget execution for the National Treasury for the period 2018/19- 2022/23

Chart 10 illustrates the National Treasury financial performance in relation to expenditure for the period 2018/19- 2022/23. The allocations to the National Treasury recorded increasing trend with highest allocations recorded in the FY 2021/22. The increase in allocation in the FY 2021/22 is attributed to transferring of marine and transport functions to the National Treasury. The same functions have since been transferred back to the Ministry of Transport and Infrastructure in the FY 2023/24.

Chart 10: The National Treasury total budget against expenditure for 2018/19- 2022/23 (KSh. Billions)

Performance of GoK funded resources for the period 2018/19-2022/23

An analysis of budget performance for the National Treasury for the period 2018/19 to 2022/23 for GoK funded resources indicate increasing allocation over time. The highest allocation of KSh. 112. billion was recorded in the FY 2021/22. This was due to transfer of marine and transport functions to the National Treasury by executive order. There was a decline in allocations in FY 22/23 when the same functions were transferred back to the Ministry of Transport and Infrastructure. The performance of GoK funded resources is shown in Chart 11.

Chart 11: Performance of GoK funded resources for the period 2018/19-2022/23 (KSh. Billions)

Performance of externally funded resources for the period 2018/19-2022/23

The externally funded resources rose sharply in the FY 2020/21 before gradually decreasing in the subsequent years. The rise was due to mobilization of additional resources to combat the COVID 19 pandemic. Chart 12 highlights the performance of externally funded resources for the period 2018/19-2022/23.

Chart 12: the performance of externally funded resources for the period 2018/19-2022/23 (KSh. Billions)

Performance of Appropriation in Aid the period 2018/19-2022/23

The National Treasury registered a sharp rise in A-in-A allocations in the FY year 2020/21. The rise in A-in-A relates to development partner financing towards interventions to combat COVID 19 pandemic as well as the transfer of the rail transport function to the National Treasury. Chart 13 below illustrates the trend in the performance of A-in-A for the period 2018/19 to 2022/23.

Chart 13: Performance of A-in-A for the period 2018/19-2022/23 (KSh. Billions)

Future Developments and other information

In the next five (5) Year period, the National Treasury is planning to implement key policies and strategies as follows:

Stable and sustainable macroeconomic environment

Under this Key Result Area, the National Treasury plans to:

- (i) Develop and implement macroeconomic and fiscal policies that support stable macroeconomic environment and stimulate economic recovery to 5.6 percent growth in FY 2027/28; boost the ratio of gross national savings to GDP to 13.3 percent in the FY 2027/28; increase the ratio of national investments to 18.6 percent of GDP in the FY 2027/28;
- (ii) Oversee implementation of monetary policy that targets to maintain inflation rate at 5 percent +/-2.5 percent; low and stable lending interest rates; stable and competitive exchange rates; and strong official foreign exchange reserves;
- (iii) Develop and implement tax policy and administrative measures designed to gradually reduce the fiscal deficit including grants to 3.5 percent of GDP in the FY 2027/28; increase revenue collection to 18.5 percent of GDP in FY 2027/28; and reduce total expenditures and net lending to 22.3 percent as a share of GDP in the FY 2027/28;

- (iv) Establish the Kenya Credit Guarantee Company to administer CGS – This will entail establishing a functional Credit Guarantee Company to administer Credit Guarantee Scheme (CGS);
- (v) Agricultural and Rural Financial Inclusion (RK- FINFA) – this will enhance access, efficiency and stability of agricultural and rural finance by smallholder farmers and agribusiness MSME; and,
- (vi) Implement the Green Financial Markets programme to enhance access to green finance and strengthen the enabling environment to attract green finance and investments needed to transition to a low-carbon, climate resilient and green economy.

Resource mobilization for financing public expenditure

Under this Key Result Area, the National Treasury plans to:

- (i) Integrate Meridian Debt Management System with IFMIS- Development of integration Solutions and training officers with new system and with CBK DHOW Central Securities Depository (CSD) System- Development of integration Solutions and uploading of Domestic Debts in the system;
- (ii) Develop a Resource Mobilization Strategy;
- (iii) Review the Debt and Borrowing Policy to capture the emerging issues and changes in the operational environment; and,
- (iv) Implement the digitalization of Government services through the Digital Payments by enhancing the capabilities and scope of the eCitizen payment platform.

Development Planning, budgeting and intergovernmental relations

This Key Result area aims to undertake the following:

- (i) Business process automation to improve efficiency in National Treasury operations;
- (ii) Digitalization and digitization of Government process for effective service delivery and, revenue enhancement;
 - (a) Strengthening the internal audit fiduciary assurance and advisory services for effective governance process, internal control structures and risk management to increase the level of transparency, effectiveness, efficiency, economy and accountability;
 - (b) Development and implementation of the Public Finance Management Reforms Strategy 2023-2028;
 - (c) Enhancing participation of marginalized groups in public procurement by registration and capacity building;
 - (d) Operationalize the Treasury Single Account to ensure efficient distribution of cash balances; and,
 - (e) Upgrading and integration of Pension Management Information System for effective and efficient processing and payment of pension benefits.

Institutional Efficiency and Effectiveness

Under this Key Result Area; the National Treasury will implement the following:

- i.** Undertake Value for Money Audits;
- ii.** Installation of Visitors' management system and Integrated Security Management System at the National Treasury;
- iii.** Development of a Disaster Recovery Plan;
- iv.** Enhance the work environment for efficient service delivery;
- v.** Implement succession planning towards enhancing staff capacity to 80% of the authorized establishment by June 2027 and the ratio of technical to support from 65 per cent to 70 per cent by the same period;
- vi.** Finalization of the Government Transport Policy and Scaling up of the government motor vehicle leasing programme; and,
- vii.** Finalization of the development of the e-GP system.

8. ENVIRONMENTAL AND SUSTAINABILITY REPORTING

The National Treasury's mandate is to formulate, implement and monitor prudent economic and financial policies at national and county levels of government. The core values include customer/Citizen first, delivering relevant goods and services, and improving operational excellence. Guided by the above principles, we undertake the following: -

Sustainability Strategy and Profile

To ensure economic sustainability, the National Treasury put in place several measures geared towards protecting the economy. Some of the key focus interventions are to: reduce the cost of living; create jobs; achieve more equitable distribution of income; enhance social security; expand tax base for more revenue for financing development; and increase foreign exchange earnings.

The economic performance for the period under review is against a background of increased uncertainties in the global economic outlook, continuing geopolitical tensions and the pace of monetary policy tightening amidst concerns about financial sector stability in the advanced economies. Nevertheless, commodity prices in the global markets, particularly of oil and food, have been easing due to improved and functioning supply chains.

Kenya's economic growth for 2022 slowed down to 4.8 percent from 7.6 percent in 2021 due to the adverse impact of the multiple shocks that affected the economy. The growth in 2022 was supported by growth in the services sectors while the agricultural sector contracted for the second consecutive year due to the prolonged drought effect which also contributed to a slowdown in growths in the manufacturing as well as that of the wholesale and retail trade sectors.

In 2023, the economy is expected to rebound and expand by 5.5 percent from 4.8 percent in 2022 and maintain that pace over the medium term. This growth will be supported by a broad-based private sector led growth, including continued strong performance of the services sector and recovery in the agriculture sector due to improved weather conditions during the March – May rain season. This growth outlook will further be reinforced by the interventions being implemented by the Government, under the Bottom-Up Economic Transformation Agenda (BETA).

In order to realize the aspirations of the Bottom-Up Economic Transformation Agenda, the National Treasury will: Continue to maintain macroeconomic stability and enhance security to foster a secure and conducive business environment for all Kenyans and their investments; Intensify national infrastructure development and connectivity in roads, rail, port, energy and fibre optic infrastructure to lower the cost of movement of people and goods, lower the cost of doing business thereby enhancing profitability of businesses; Enhance investment in key economic sectors for broad based sustainable economic recovery by promoting: agricultural transformation, growth in manufacturing, environmental conservation and water supply, food security, climate change mitigation and adaptation, tourism recovery, and sustainable land use and management. Food security and climate change will also become a focal point for policy going forward. The National Treasury will expand access to quality social services in health, education and appropriate social safety nets for the vulnerable population; and support the youth, women and persons living with disability through Government-funded empowerment programs that leverage on partnerships with private sector organizations.

Environmental performance/climate change/mitigation of natural Disaster

The National Treasury has constituted a committee comprising officers from the key Departments of the Ministry to oversee all matters relating to environmental sustainability. The Committee has since developed a ministerial policy on the same in line with the National Policy on environmental management and participated in planting trees thus contributing towards the 10 percent tree cover initiative. Additionally, to ensure a conducive work environment, the National Treasury has contracted a company to manage cleaning and waste disposal services.

Employee welfare

Employee welfare is critical for effective implementation of the programmes and projects of an organization. Noting the importance of human resources, the National Treasury has a department established to handle Human Resources Management and Development. The Ministry has also established a Human Resource Management Advisory Committee and Departmental Training Committees that processes all the promotions, discipline, training, appraisal and general employee matters in line with the Public Service guidelines and procedures. Recruitment of officers is guided by the principles of the public service such as inclusivity among others.

In addition, a committee on occupational safety and health has been established to follow up of the safety conditions in the work place. In order to attract and retain competent officers, the National Treasury conducted capacity building for the staff in various technical subjects and recruited officers at the entry grade to fill skills gaps and enhance human resource capacity.

During the review period, we implemented succession management plan by declaring vacant posts to be filled by the Public Service Commission at the higher levels. This is in preparation for the exists anticipated in the next two years arising from retirement of officers who will have attained the mandatory retirement age. Further, the National Treasury has continued to build the capacity on the online staff appraisal management system in collaboration with the Public Service Commission to ensure seamless implementation of the system.

Operational Practices/Market place practices

The National Treasury is responsible for promoting fair trade practices in the economy. To ensure effective implementation of this function assigned by the Constitution, one of the programmes implemented by the Treasury is ensuring that existing market structures encourage competition and orderly conduct of business in order to support high productivity and competitive markets. This is undertaken mainly by the Competition Authority of Kenya, a State Corporation under the National Treasury.

Further, to ensure fairness in the allocation of procurement contracts, the National Treasury ensures strict adherence to the provisions of the Public Procurement and Assets Disposal Act and its regulations.

Community Engagements

Towards Corporate social responsibility, members of staff from the National Treasury participated in these years Annual Kaptagat Tree planting exercise which was graced by His Excellency the President on 1st July, 2023 in Elgeyo Marakwet. The two-day exercise saw over 30,000 seedlings planted at Kessup Forest Station by the National Treasury staff, Corporates and members of the community.

To mitigate technological hazards, terrorism, fire and natural disasters, the National Treasury engaged a professional security services firm contracted for purposes of enhancing security in the Ministry. The National Treasury continued to improve security within the building and its environs by use of CCTV cameras installed at the Treasury Building and at the entrances and maintained firefighting facilities at the premises in collaboration with the State Department for Public Works.

9. STATEMENT OF MANAGEMENT RESPONSIBILITIES

Section 81 (1) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Accounting Officer for the National Government entity shall prepare financial statements in respect of that entity. Section 81 (3) requires the financial statements so prepared to be in a form that complies with relevant accounting standards as prescribed by the Public Sector Accounting Standards Board of Kenya from time to time.

The Accounting Officer in charge of the National Treasury is responsible for the preparation and presentation of the entity's financial statements, which give a true and fair view of the state of affairs of the National Treasury for and as at the end of the financial year ended on June 30, 2023. The responsibilities include: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period, (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity, (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud, (iv) safeguarding the assets of the National Treasury (v) selecting and applying appropriate accounting policies, and (vi) making accounting estimates that are reasonable in the circumstances.

The Accounting Officer in charge of the National Treasury accepts responsibility for the entity's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The Accounting Officer is of the opinion that the *entity's* financial statements give a true and fair view of the state of entity's transactions during the financial year ended June 30, 2023, and of the entity's financial position as at that date. The Accounting Officer in charge of the National Treasury further confirms the completeness of the accounting records maintained for the National Treasury, which have been relied upon in the preparation of the entity's financial statements as well as the adequacy of the systems of internal financial control.

The Accounting Officer in charge of the National Treasury confirms that the National Treasury has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the entity's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for. Further the Accounting Officer confirms that the National Treasury's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the Financial Statements

The National Treasury financial statements were approved and signed by the Accounting Officer on 27-9-2023.

REPORT OF THE AUDITOR-GENERAL ON KENYA LOCAL LOANS SUPPORT FUND FOR THE YEAR ENDED 30 JUNE, 2023 – THE NATIONAL TREASURY

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure Government achieves value for money and that such funds are applied for the intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment and the internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Disclaimer of Opinion

I have audited the accompanying financial statements of the Kenya Local Loans Support Fund set out on pages 1 to 17, which comprise of the statement of financial assets and financial liabilities as at 30 June, 2023 and the statement of receipts and payments,

Report of the Auditor-General on Kenya Local Loans Support Fund for the year ended 30 June, 2023 – The National Treasury

statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015.

I do not express an opinion on the accompanying financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of my report, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for Disclaimer of Opinion

1. Unsupported Balances in the Financial Statements

As previously reported, the statement of financial assets and financial liabilities reflects amounts of Kshs.9,045,400, Kshs.6,364,973 and Kshs.71,595,406 in respect of the bank balance, investments at cost and accounts receivables - accrued interest respectively, as at 30 June, 2023. However, the amounts were not supported by ledger, trial balance and schedule of details or any verifiable documents from which the interest is receivable. This constitutes a serious limitation of scope as none of the balances could be tested for accuracy, completeness or measurement among other tests.

In the circumstances, the accuracy and completeness of the balances could not be confirmed.

2. Delay in Winding Up the Fund

As reported previously, the Fund has been dormant since June, 2006. Review of records revealed that The National Treasury had formed a task force on the winding up of dormant funds which included the Kenya Local Loans Support Fund. Further, The National Treasury, in consultation with the Attorney General developed a Cabinet Memorandum on winding up of the dormant funds. This effort resulted to Revocation Orders which were approved by the Cabinet. However, there was no evidence provided to prove that the Repeal Act had been passed by the National Assembly.

In the circumstances, Management has over the years continued to prepare financial statements using opening balances.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

I do not express a conclusion on the lawfulness and effectiveness in the use of public resources as required by Article 229(6) of the Constitution. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of my report, I have

not been able to obtain sufficient appropriate audit evidence to provide a basis for my audit conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

I do not express a conclusion on the effectiveness of internal controls, risk management and governance as required by Section 7(1)(a) of the Public Audit Act, 2015. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of my report, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for my audit conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Fund or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Fund's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

My responsibility is to conduct an audit of the financial statements in accordance with International Standards of Supreme Audit Institutions (ISSAIs) and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the

Constitution. However, because of the matters described in the Basis for Disclaimer of Opinion section of my report, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

In addition, my responsibility is to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them, and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution. I also consider internal controls, risk management and overall governance processes and systems in order to give an assurance on the effectiveness of internal controls, risk management and overall governance in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. However, because of the matters described in the Basis for Disclaimer of Opinion section of my report, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit conclusion.

I am independent of The National Treasury Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya.

15. NOTES TO THE FINANCIAL STATEMENTS

1. Statement of Compliance and Basis of Preparation

The financial statements have been prepared in accordance with Cash-basis International Public Sector Accounting Standards (IPSAS) as prescribed by the Public Sector Accounting Standards Board (PSASB) and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions. The financial statements comply with and conform to the form of presentation prescribed by the PSASB. The accounting policies adopted have been consistently applied to all the years presented.

2. Reporting Entity

The financial statements are for the *Kenya Local Loans Support Fund*. The financial statements encompass the reporting entity as specified under Section 81 of the PFM Act 2012 .

3. Reporting Currency

The financial statements are presented in Kenya Shillings (Kshs), which is the functional and reporting currency of the Government and all values are rounded to the nearest Kenya Shilling.

Significant Accounting Policies

The accounting policies set out in this section have been consistently applied by (name of the *entity*) for all the years presented.

a) Recognition of Receipts

The *Entity* recognises all receipts from the various sources when the event occurs, and the related cash has been received.

(i) Transfers from the Exchequer

Transfers from the exchequer are recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving *entity*.

(ii) External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners. Grants and loans shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/loan in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice. A similar recognition criteria is applied for loans received in the form of a direct payment. During the year ended 30th June 2023, there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loans.

(iii) miscellaneous receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognised in the financial statements the time associated cash is received.

b) Recognition of payments

The Entity recognises all payments when the event occurs, and the related cash has been paid out by the *Entity*.

i) Compensation of Employees

Salaries and wages, allowances, statutory contribution for employees are recognized in the period when the compensation is paid.

ii) Use of Goods and Services

Goods and services are recognized as payments in the period when the goods/services are paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

iii) Interest on Borrowing

Borrowing costs that include interest are recognized as payment in the period in which they are paid for.

iv) Principal on borrowing

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. **Acquisition of Fixed Assets**

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment. A fixed asset register is maintained and a summary provided for purposes of consolidation.

v) In-kind contributions

In-kind contributions are donations that are made to the Entity in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the *Entity* includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

vi) Third Party Payments

Included in the receipts and payments, are payments made on the entity's behalf to third parties in form of loans and grants. These payments do not constitute cash receipts and payments and are disclosed in the payment to third parties in the statement of receipts and payments as proceeds from foreign borrowings or grants.

c) Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. A bank account register is maintained, and a summary provided for purposes of consolidation.

Restriction on Cash

Restricted cash represents amounts that are limited/restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation. Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits and retentions. As of 30th June 2023, this amounted to Kshs 0 compared to Kshs 0 in prior period as indicated on note xxx. There were no other restrictions on cash during the year.

) Imprests and advances

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year are treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or Authority to Incur Expenditure (AIE) holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

d) Third party deposits and retention

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized on an accrual basis (as accounts payables). This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted for National Government Ministries and Agencies. Other liabilities including pending bills are disclosed in the financial statements.

e) Pending Bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items. When the pending bills are finally settled, such payments are included in the Statement of Receipts and Payments in the year in which the payments are made.

f) Budget

The budget is developed on a comparable accounting basis (cash basis except for imprest and deposits and retentions, which are accounted for on an accrual basis), the same accounts classification basis, and for the same period as the financial statements. The original budget was approved by Parliament in *June 2022 for the period 1st July 2022 to 30th June 2023* as

required by Law and there were zero number of supplementary adjustments to the original budget during the year.

A comparison of the actual performance against the comparable budget for the financial year under review has been included in the financial statements. Government Development Projects are budgeted for under the MDAs but receive budgeted funds as transfers and account for them separately. These transfers are recognised as inter-entity transfers.

g) Comparative Figures

Where necessary, comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

h) Subsequent Events

There have been no events after the financial year end with a significant impact on the financial statements for the year ended *30th June 2023*

i) Prior Period Adjustment

During the year, errors that have been corrected are disclosed *N/A* explaining the nature and amounts.

j) Related Party Transactions

Related party means parties are related if one party has the ability to:

- a) Control the other party or
- b) Exercise significant influence over the other party in making financial and operational decisions, or if the related party entity and another entity are subject to common control.

Related party transaction is a transfer of resources or obligations between related parties regardless of whether a price is charged.

k) Contingent Liabilities

A contingent liability is:

- a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- b) A present obligation that arises from past events but is not recognised because:
 - i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
 - ii) The amount of the obligation cannot be measured with sufficient reliability.

Some of contingent liabilities may arise from: litigation in progress, guarantees, indemnities. Letters of comfort/ support, insurance, Public Private Partnerships, The *Kenya Local Loans Support Fund* does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

16. PROGRESS ON FOLLOW UP OF PRIOR YEARS AUDITOR-GENERAL'S RECOMMENDATIONS.

The following is the summary of issues raised by the Auditor-General during the prior year and management comments that were provided.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)
Para 32	Unsupported Balances in the Financial statement	Kenya Local Loans Support Fund was established within the National Treasury Deposits account and does not have a bank account, Budget, Ledger, Trial Balance and Schedules of its own. Its balances are included in the payables reported in the consolidated statement of assets and Liabilities of the National Treasury	Not Resolved	At Next Audit Review
Para 33	Delay in winding up the Fund	The National Treasury submitted the revocation orders to Attorney General for the winding up of the Fund and any residual balances will be transferred to the exchequer	Not resolved	At next Audit Review
