OFFICE OF THE AUDITOR-GENERAL

REPORT OF THE AUDITOR-GENERAL ON STATE DEPARTMENT FOR ENVIRONMENT AND NATURAL RESOURCES FOR THE YEAR ENDED 30 JUNE 2015

REPORT ON THE FINANCIAL STATEMENTS

I have audited the accompanying financial statements of State Department for Environment and Natural Resources set out in pages 1 to 40, which comprise the statement of financial assets as at 30 June 2015, and the statement of receipts and payments, statement of cash flows and the statements of comparative of budget and actual amounts for the year then ended together with a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 8 of the Public Audit Act, 2003. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

Management's Responsibility for the Financial Statements

The Accounting Officer State Department for Environment and Natural Resources is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 4 of the Public Audit Act 2003.

Auditor-General's Responsibility

My responsibility is to express an opinion on these financial statements based on the audit and report in accordance with the provisions of Section 9 of the Public Audit Act, 2003 and submit the audit report in compliance with Article 229 (7) of the Constitution. The Audit was conducted in accordance with International Standards of Supreme Audit Institutions. Those standards require compliance with ethical requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involved performing procedure to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk

State Department for Environment and Natural Resources - Annual Report and Financial Statements for the year ended 30 June 2015

assessment, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Department's internal control. An audit also includes the evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my adverse audit opinion.

Basis for Adverse Opinion

1. Accuracy and Completeness of the Financial Statements

1.1 Undated Financial Statements

The financial statements forwarded for audit review for the year ended 30 June 2015 though signed have not been dated as required by the accounting standards. Further, progress on previous year audit issues has not been included in compliance with IPSASs Template as prescribed by the Public Sector Accounting Standards Board.

1.2 Comparative Figures

The comparative figures for the 2013/2014 are for the two State Departments of Environment and Natural Resources and that of Water and Regional Development when the two were merged. Further, the comparative figures were not separated or restated to reflect what belongs to the State Department of Environment and Natural Resources.

1.3 Statement of Cash Flows

The opening cash balance as at the beginning of 2014/2015 of negative Kshs.49,069,945 is at variance with the closing balance for 2013/2014 of Kshs.69,355,058 resulting to an unexplained difference of Kshs.118,423,003.

Further, the 2013/2014 closing cash and cash equivalents of Kshs.913,355,099 differs with the opening balance of Kshs.69,355,058. In addition, the net change movement in receivables and payables balances of Kshs.4,269,760 and Kshs.65,972,866 are not in agreement with the statement of assets (working capital) figures of Kshs.839,730,281 and Kshs.444,616 respectively. As a result, the accuracy of the cash flows statement could not be ascertained.

In view of the foregoing, the accuracy and completeness of the financial statements for the year ended 30 June 2015 could not be confirmed.

2. Budgetary Control and Performance

2.1 Revenue Shortfalls

The exchequer release of Kshs.13,559,041,646 as at 30 June 2015 was short of the approved budget figure of Kshs.15,083,196,218 resulting into an unexplained variance of Kshs.1,524,154,572. Further, the Ministry received other receipts of Kshs.2,749,307,943 against a budget of Kshs.4,293,493,269 as shown below.

No	Item	Budget (Kshs.)	Actual (Kshs.)	Variance (Kshs)
1	Recurrent	8,311,291,664	7,864,900,000	446,391,664
2	Development	6,771,904,554	5,694,141,646	1,077,762,908
	Sub total	15,083,196,218	13,559,041,646	1,524,154,572
3	Domestic and Foreign Grants	573,850,508	0	573,850,508
4	Proceeds from Foreign Borrowings	881,400,000	41,400,000	840,000,000
5	Sale of non-financial assets	2,345,091,761	2,329,019,269	16,072,492
6	Other Receipts Development	493,150,000	378,888,674	114,261,326
	Sub total	4,293,492,269	2,749,307,943	1,544,184,326
	Grand-Total	19,376,688,487	16,308,349,589	3,068,338,898

The overall revenue and borrowings shortfall of Kshs.3,068,338,898 reflects negatively on implementation of planned and budgeted activities of the Ministry.

2.2 Under Expenditure Budget Analysis

The analyses between the budgeted provisions against the actual expenditure reflect on overall under expenditure of Kshs.3,057,948,032 as shown below;

No.	Item	Budget (Kshs.)	Actual (Kshs.)	Variance (Kshs)
1	Compensation of Employees	1,287,401,669	1,246,087,942	41,313,727
2	Use of Goods and Services	2,251,646,994	1,348,268,943	903,378,052
3	Transfer to other Government Units	10,198,861,246	9,542,051,154	656,810,092
4	Social Benefits	14,300,000	13,929,593	370,407
5	Other Grants and Transfers	33,600,000	31,689,430	1,910,570
6	Acquisition of Assets	5,590,878,578	4,136,713,393	1,454,165,185
	Total	19,376,688,487	16,318,740,455	3,057,948,032

Further, the huge unexplained under expenditure of Kshs.3,057,948,032 implies non-delivery of planned development facilities and services. In addition, actual expenditure was not supported as described below:

2.2.1 Use of Goods and Services

During the year under review, the Ministry spent a total of Kshs.1,348,268,943 against the approved budget provision of Kshs.2,251,646,994 resulting to underspending by Kshs.903,378,052 or 40% less absorption.

The schedule provided in support of this item had a balance of Kshs.1,310,817,675 resulting to unexplained variance of Kshs.37,451,268.

2.2.2 Acquisition of non-financial Assets

The Ministry spent a total of Kshs.4,136,713,393 or 74% on acquisition of assets against the approved budget of Kshs.5,590,878,578 resulting to underutilization of Kshs.1,454,165,185. The schedule provided in support of this item had a balance of Kshs.3,129,990,135 resulting to un-explained variance of Kshs.1,006,723,258.

2.2.3 Transfers to Other Government Units

The Ministry spent a total of Kshs.9,542,051,154 as transfers to other Government entities during the year against an approved budget of Kshs.10,198,861,246 resulting to underfunding of Kshs.656,810,092 of the budget. It has not been explained why the Ministry retained funds meant for other agencies.

Further, the schedule provided to support this amount added up to Kshs.8,066,511,717 resulting to an overstatement of Kshs.1,475,539,437.

In addition, an amount of Kshs.22,500,000 was transferred to the Ministry of Foreign Affairs and another Kshs.23,328,000 was transferred to Wildlife Club of Kenya, a private entity without the necessary arrangements on how to account for it. In both instances, the Ministry has not explained the rationale for funding these entities and the accountability for the funds.

In view of the foregoing, the accuracy and propriety of the expenditure of Kshs.16,318,740,455 could not be confirmed as at 30 June 2015.

3. Pending Bills

Bills amounting to Kshs.420,576,006 chargeable to both recurrent and development votes for the ministry as at 30 June 2015 were not paid in the year 2014/2015 but were instead carried forward to 2015/2016. Had those bills been paid and expenditure charged, the statement of receipts and payments will have reflected a higher deficit of Kshs.430,966,872. Failure to settle the bills during the year to which they relate distorts the financial statements for that year and adversely affects the provisions of the subsequent year to which they have to be charged.

In addition, the list of pending bills availed for audit review did not have the details of the tender number, contract sum and the pending invoices as required.

Consequently, it has not been possible to ascertain the validity, completeness and accuracy of the pending bills balance of Kshs.420,576,006 as at 30 June 2015.

4. Cash and Cash Equivalents

The statement of financial assets reflects cash and cash equivalents of Kshs.2,244,295 as at 30 June 2015. However, examination of the bank reconciliation statement as at 30 June 2015 revealed the following unexplained reconciling items;

- (a) The recurrent cash book reflects payments in the cash book not yet presented in the bank of Kshs.172,519,369 of which Kshs.567,451 are stale cheques.
- (b) Kshs.1,961,995 being payments in bank not posted in cash book. It has not been explained how payments went through in the bank without first being recorded in the cash book.
- (c) Receipts in cash book not yet recorded in the bank of Kshs.152,642,501 include Kshs.150,000,000 being exchequer issues posted in cash book but not recorded in the bank. It has not been explained as to how the exchequer issue was captured in the cash book before it could reflect in bank account.
- (d) Receipt in bank not recorded in cash book amounting to Kshs.223,673. Management has not explained what those receipts are and why they have not been posted to the cash book.

In the circumstances, the accuracy and completeness of the cash and cash equivalents balance of Kshs.2,244,295 as at 30 June 2015 could not be confirmed.

5. Deposits Account

The Ministry reflects a deposits account of Kshs.65,972,866 as liability as at 30 June 2015 which had not been supported with a corresponding asset and no list of the beneficiaries of the deposits account were availed for audit verification.

Further, the ministry did not maintain a separate account for the deposits as required under Government financial regulations.

As a result, the accuracy and completeness of the deposit balance of Kshs.65,972,866 could not be confirmed as at 30 June 2015.

6. Acquisition of Non-financial Assets

The acquisition of non-financial assets balance of Kshs.4,136,713,393 as at 30 June 2015 include Kshs.341,631,075 for research, studies, project preparation design and supervision of which Kshs.27,145,395 do not relate to this item.

In the circumstances, the accuracy, validity and completeness of acquisition of non-financial assets balance of Kshs.4,136,713,393 as at 30 June 2015 could not be ascertained.

7. Irregular Procurements

7.1 Sub-contracting of Supply, Delivery, Installation and Commissioning of Integrated Metrological Data Collection System

The Ministry awarded a contract of Kshs.169,500,054 to New Edge Solutions Ltd on 2 November 2012. However, the contract was signed between the two parties on 18 October 2014 which was two years after the award.

Further, the contractor, without the approval of the contractee sub-contracted the whole contract to Ms Klass Ltd contrary to the Public Procurement and Disposal Act, 2005. No evidence of delivery of services has been provided for audit review and it appears Ms Klass Ltd was paid based on the 2012 tender documents.

In the circumstance, the expenditure of Kshs.169,500,054 is irregular charge to public funds as no value for money appears to have been obtained as at 30 June 2015.

7.2 Irregular Procurement and Payment -Construction of Embu County Office

The Metrological Department contracted M/S Cofard Construction (K) Ltd to construct a model County Office in Embu in 2009 at a contract sum of Kshs.11,532,396 by floating a quotation contrary to the Public Procurement and Disposal Act, 2005. The contract sum was revised upwards to Kshs.14,548,499 without following the procedures. No contract was prepared and signed between the two parties in accordance with Public Procurement and Disposal Act, 2005. To date the project has stalled casting doubt as to whether this was regular charge to Public funds.

The Ministry appears to have lost the Kshs.14,548,499 spent on the stalled project as at 30 June 2015.

7.3 Tender to Construct Two Observatory Units

The Ministry awarded the tender to construct two observatory units to Signature Contractors and General Supplies at a tender sum of Kshs.6,771,936. However, after two months, the Ministry awarded another similar contract to Venera Investments at contract sum of Kshs.13,543,872 double the amount awarded to the first contract for the same work.

In the circumstances, it has not been possible to ascertain the propriety of the expenditure of Kshs.13,543,872 and whether the contract fulfilled the requirements of the Public Procurement and Disposal Act, 2005 and no value for money obtained for the transactions.

7.4 Contract for the Supply, Delivery, Installation and Commissioning of Weather Observation System

During the year under review, the Ministry paid Kshs.9,491,023 to Kenya Auto Electrical Ltd being 50% payment for the above supply, delivery, institution and commissioning of weather observatory systems. The payment was made based on the purported supply procured in 2007. The LPO was dated 2007, delivery note was dated 6 October 2008.

There was no contract to support the payment besides, no mention was made regarding the previous payments and delivery was not evidenced.

In the circumstances, the validity and propriety of the payment of Kshs.9,491,023 could not be ascertained as at 30 June 2015.

7.5 Irregular Fencing Projects Payments-Kenya Metrological Service Stations

The State Department of Environment identified some contractors through floating of quotations for the construction of fencing projects at various Kenya Metrological Service stations at a total contract sum of Kshs.27,760,162 contrary to the Public Procurement and Disposal Act, 2005 where contracts exceeding Kshs.4 million should go through open public tendering. Further, the payments to the contractors did not have ETR receipts attached to confirm that the tax due to the Government was paid.

In addition, no engineers report(s) or certificates of work completion were provided for audit verification to confirm that the works were done to the expected standards and as per bills of quantities before payments were made.

In the circumstances, it has not been possible to ascertain the propriety of the expenditure of Kshs.27,760,162 as at 30 June 2015.

7.6 Payments towards the Construction of Buildings and Related Works

The State Department of Environment awarded to M/S Gracan Construction Ltd the contract to construct proposed extension and re-roofing of Administration block at Kenya Metrological Department (KMD) at a contract sum of Kshs.55,414,756. The contract appears to have been awarded in 2009/2010 but payments were being made in the current financial year. The cause for the delay was not documented anywhere. The contract sum and other contract conditions could not be established as there was no contract availed for audit verification. ETR certificates were not attached to the payments, casting doubt whether the tax due were remitted. There were no inspection and acceptance committee reports.

In the circumstances, it has not been possible to ascertain the legality and propriety of the expenditure of Kshs.55,414,756 as at June 2015.

7.7 Unverified Supplies of Seedlings

During the year under review, the State Department contracted various suppliers to supply seedlings to various destinations at a contract sum of Kshs.34,925,500.

The delivery of the seedlings could not be confirmed as delivery notes were not signed and stamped or no goods received notes were issued. This casts doubt on the existence and execution of the contracts.

In the circumstances, it has not been possible to ascertain the propriety of the expenditure of Kshs.34,925,500 as at 30 June 2015.

8. Loss of Government Vehicle

The Ministry vehicle registration number GKA 152Q (though assigned civilian number plate KAY 953F) and attached to a former Principal Secretary valued at Kshs.5,460,000 was reported lost at Mlolongo area Machakos County under unclear circumstances on 24 August 2013 at around 9.00 pm and being driven by an unauthorized person. The vehicle was not reported lost as per the Government requirements. It therefore seems that there is an intention to conceal the loss and the management appears reluctant to take any action.

Consequently, the Ministry appears to have lost Kshs.5,460,000 as no recovery of the amount had been instituted as at 30 June 2015.

9. Renovation of Staff Houses in Lodwar Town

The Meteorological Department, Turkana Sub-County made a payment of Kshs.7,398,039 to M/S Namorutunga Construction Company Limited on 29 May 2015 in respect of renovation of ten (10) houses in Lodwar Town. Although works were completed and certificate of completion issued on 15 May 2015 and technical team report issued on 20 May 2015, it was noted that the contract sum of Kshs.7,398,039 exceeded procurement threshold matrix of Kshs.3,000,000 limit allowed by Procurement Regulations 2013 for the quotations in respect of works for entities in Class B under which District Treasury entities fall. Further, the tender award was made on 6 February 2014, contractor informed on the same date, accepted the offer on the same date and contract signed on the same date contrary to the provisions of Section 67 (1) of the Public Procurement and Disposal Act, 2005 which requires that a contract be signed after lapse of fourteen (14) days after notification of award.

In addition, the full contract sum of Kshs.7,398,039 was made without withholding 6% VAT and there is no evidence that the contractor remitted the balance of 10% to Kenya Revenue Authority since the firm did not present Personal Identification Number (PIN) certificate.

Consequently, the contract was irregularly awarded and was in breach of the Public Procurement and Disposal Act, 2005 and Procurement Regulations 2013 and value for money was not obtained from the transaction.

10. Compensation of Employees

The compensation of employees reflects an amount of Kshs.1,246,087,942 as at 30 June 2015. An examination of the payroll however revealed that there are instances when those who have retired take long to be removed from payroll. Further, there were unreconciled payroll differences between some months.

In addition, some staff were commuting their leave days and at the same time are paid leave allowance which amounts to double benefit. It was also revealed that there are staff who have sought for study leave yet they continue enjoying full salary besides others who upon finalizing their study leave take long to resume but were still in the payroll. This practice negates proper internal controls in the area of payroll management.

11. Financial Performance

The State Department of Environment and Natural Resources prepares its accounts using IPSAS cash accounting which implies that expenditure should not exceed receipts. However, reflected in the statement of receipts and payment is a deficit of Kshs.10,390,866 (2014: Kshs.833,138,857) as at 30 June 2015. Further, the Department has an overall negative financial position of Kshs.59,458,811 as at 30 June 2015. This has partly been brought about by the Department having wrong opening balances. It is not clear why the Department has a deficit whereas there was huge under spending both in recurrent and development votes.

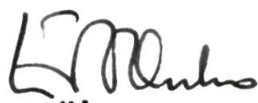

Consequently, the reliability of the financial statements and the financial performance of the Department could not be ascertained as at 30 June 2015.

12. Fixed Asset Register

The fixed asset register was never provided for audit review yet the Department has various buildings across the country as well as vehicles and other equipments of undetermined value. In absence of the register, it has not been possible to confirm that the Department's financial position is fairly stated.

Adverse Opinion

In my opinion, because of the significance of the matters described in the Basis for Adverse Opinion paragraph, the financial statements do not present fairly, the statement of financial assets of the State Department for Environment and Natural Resources as at 30 June 2015, and of its financial performance and its cash flows for the year then ended, and do not comply with International Public Sector Accounting Standards (Cash Basis) Public Finance Management Act, 2012 and the Government Financial Regulations and Procedures.

I. KEY ENTITY INFORMATION AND MANAGEMENT

(a) Background information

The Ministry was established by Executive Order No. 2/2013 of May 2013 by merging the Ministry of Environment and Mineral Resources, Ministry of Water and Irrigation, Ministry of Wildlife and Forestry and the Ministry of Regional Development Authorities. At cabinet level, the Ministry is represented by the Cabinet Secretary for Environment, Water and Natural Resources, who is responsible for the general policy and strategic direction of the Ministry. The mandate of the Ministry is detailed in the Executive Order no. 2/2013, “to undertake protection, conservation and development of environment, water and natural resources for sustainable development”.

The State Department of Environment vision is *“A clean, healthy, safe and sustainably managed environment, and Natural resources”*

The State Department of Environment mission commits, *“To facilitate good governance in the protection, restoration, conservation, development and management of environment, water and natural resources for equitable and sustainable development”*

(b) Key Management

The Ministry’s day-to-day management is under the following key organs:

- i. State Department of Environment and Natural Resources
- ii. State Department of Water

The State Department of Environment and Natural Resources is charged with responsibilities of implementing policies, strategies and development plans for conservation, protection and management of Environment and Natural Resources.

The State Department of Water is tasked with the role of formulating, reviewing and implementation of policy on the water sector, Integrated Regional Development programmes and the reclamation of degraded lands for sustainable development of the country.

During the Financial year 2014/2015 the Principal Secretary for Environment and Natural Resources and the Principal Secretary for Water and Regional Authorities were appointed Acting Officers for their respective State Departments

The Principal Secretary State Department of Environment and Natural Resources is therefore responsible for the preparation of Financial Statements for the State Department of Environment and Natural Resources.

(c) Fiduciary Management

The key management personnel who held office during the financial year ended 30th June 2015 and who had direct fiduciary responsibility were:

No.	Designation	Name
1.	Accounting Officer	Mr. Richard Lesiyampe
2.	Environment Secretary	Alice Kaudia,(Phd,HSC)
3.	Conservation Secretary	Gedion Gathara
4.	Senior Director Administration	Amb.Julius.K.Kandie,EBS
5.	Chief Economist	Anthony N. Mugane
6.	Director Kenya Wildlife Service	William Kiprono
7.	Director Kenya Forestry Service	Emilio Mugo
8.	Director Kenya Meteorological Services	James C. Kongoti
9.	Assistant Accountant General	Johnson Njuguna
10.	Principal Internal Audit	Elizabeth Kiano
11.	Director Human Resource Management & Development	M.S. Gitari
12.	Principal Supply Chain Management	Gilbert Mamati

No.	Designation	Name
13.	Director Nairobi River Basin Programme	Erick FN Akotsi
14.	Director National Environment Management Authority	Prof. Geoffrey Wahungu
15.	Chief Finance Officer	Patrick Kinya

(d) Fiduciary Oversight Arrangements

Audit and finance committee

(i) Mandate

The mandate of the audit committee shall include:-

- Assisting the accounting officer/chief executive officer in enhancing internal controls in order to improve efficiency, transparency and accountability.
- Reviewing audit issues raised by both internal and external auditors.

Resolving unsettled and unimplemented Public Accounts and Public Investments Committees' (PAC/PIC) recommendations.

- Enhancing communication between management, internal and external audit and fostering an effective internal audit function.

However, the mandate of the audit committee shall not be limited in any way, which would prevent it from properly performing its duties and responsibilities.

(ii) Duties and Responsibilities

Duties and responsibilities covering three broad areas relating to compliance with internal controls, financial reporting and governance shall include:-

- Evaluating adequacy of management procedures with regard to issues relating to

risk management, control and governance.

- Reviewing and approving the audit charter where applicable and internal audit annual work plans.
- Reviewing the systems established to ensure sound public financial management and internal controls, as well as compliance with policies, laws, regulation, procedures, plans and ethics.
- Initiating special audit/investigation on any allegations, concerns and complaints regarding corruption, lack of accountability and transparency in consultation with the accounting officer/chief executive officer.

The above responsibilities should not prevent the audit committee from carrying out any tasks, which are within its mandate.

FORWARD BY THE CABINET SECRETARY

The State Department of Environment and Natural Resources, established by Executive Order No. 2/2013 of May 2013 is mandated to undertake protection, conservation and development of environment, water and natural resources for sustainable development. In 2013, the government, in line with the Constitution, rationalized the portfolio, responsibilities and functions of all the ministries and other government agencies..

The State Department of Environment and Natural Resources approved revised budget for the period under review was Kshs 15.082 billion. However, the actual expenditure/receipts by the ministry during the review period totalled about Kshs 13.517 billion. The ministry spent about Kshs 7.839 billion on recurrent expenditures and Kshs 5.678 billion on development expenditure. The absorption rate is 90%.

The Ministry recognises its constitutional obligation in the water and environment sector and has been taking appropriate action. The Department implemented five (5) programmes in the review period 2014/15. These programmes are: Environment Policy Development and Coordination; Environment Management and Protection; Meteorological Services; Forestry Research, Development and Management; Wildlife Conservation and Management;

A number of policies and legislations have been re-drafted and laws amended or enacted along the timelines of the constitution. The key policies, enacted bills and reviewed laws are: National Environment Policy 2014; Draft Policy on Sound chemical Management; Integrated coastal zone management (ICZM) policy 2014; Draft Forest policy Draft National Climate Change Policy; Climate Change Bill, 2015; Education for Sustainable Development Policy 2014; The Forest Conservation and Management (Amendment) Bill, 2014; National Wetlands Conservation and Management Policy 2014; Draft guidelines and Regulations on Wildlife Conservation and Management Act developed; and Agreements relating to Natural Resources (Ratification by Parliament) Bill.

The tree cover increased from 6.99% to 7.3% by raising and planting 452 Million tree seedlings nationally through farm forestry, commercial woodlots, green school programme, and rehabilitation of degraded areas. Under Green School Programme, the Ministry planted 6.46 Million tree seedlings

in partnership with 3,241 schools. Further, 547,074 ha of natural forests were rehabilitated and protected in five (5) main water towers; 141,000 ha of plantations were also established in Mau, Central highlands and North Rift Conservancies; 350,000 ha of farm forestry/ agro forestry established; 34,000 ha of commercial forests established; and production of 28,000 kg of high quality seeds. This had an impact of increasing tree cover in the country.

In the same period under review, measures such as operationalization of interagency security unit, purchase of surveillance equipment, implementation of Wildlife Act of 2013, construction of forensic and genetic laboratory and intelligence sharing, recruitment of 565 rangers helped to reduce elephants and rhino poaching by 67.6%.

To increase visitation to our National Parks, less visited parks were upgraded: Kinna Cottages & Meru guest houses (Meru Park), Sable and shimoni bandas (Shimba Hills), Udo bandas (Kakamega), Amboseli cottages and Sibiloi guest houses; Rebranded Sibiloi, Lake Nakuru N. Park, Oldonyo, Saiwa, Mombasa Marine Park, Watamu marine, Hells gate/Longonot and Mzima springs Tsavo west N. park and Developed Niche Products Programme: World War 1 site in Tsavo west and via ferrata (Climbing Bridge to cross steep ravine) in Mt Kenya. This has been complemented by construction of access roads such 23Km of Mt. Kenya Chogoria-Kinondoni gate and 73Km Park HQ-Kora road(s) among others thus enhancing mobility in the parks.

Restoration of urban Rivers and riparian areas: Work on restoration of urban rivers was intensified in recognition of the importance of clean rivers to human health; especially in high density settlements. The cleaning of Nairobi and Sosian rivers continued. About 555,000 trees –seedlings were planted along Sio Marimba River, Sosian River, Chania River, Bakerenge River, Pekella, and Migori River. 75 Km of riparian rivers were also rehabilitated. The planting was supported by 800 youths employed on temporary basis to support restoration of urban rivers and riparian areas.

Despite the achievements recorded over the review period, the Ministry faces a number of challenges. The challenges include inadequate funding, inadequate legal and policy framework, weak monitoring and evaluation, population pressure, high levels of poverty, climate change, limited value addition and product diversification and implementation of the constitution focusing on rights of the citizens. In addition, the sector faces a number of emerging issues including Carbon trade, green economy.

And managing of Community/Stakeholders expectation

In order to achieve the strategic objectives of the ministry in line with Constitution of Kenya, Kenya Vision 2030 and MTP II, the following interventions are recommended: finalize and adopt a public private partnership framework and issuance of infrastructure bonds to complement government resources; timely release of funds; continue to develop, review the policy and legal/ institutional frameworks; capacity building; Promotion of nature based enterprises; Prudent utilization of resources;

Youth involvement in environmental management and strengthening monitoring and evaluation.

PROF. JUDI WAKHUNGU
CABINET SECRETARY

STATEMENT OF ENTITY MANAGEMENT RESPONSIBILITIES

Section 81 (1) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the accounting officer for a National Government Entity shall prepare financial statements in respect of that entity. Section 81 (3) requires the financial statements so prepared to be in a form that complies with relevant accounting standards as prescribed the Public Sector Accounting Standards Board of Kenya from time to time.

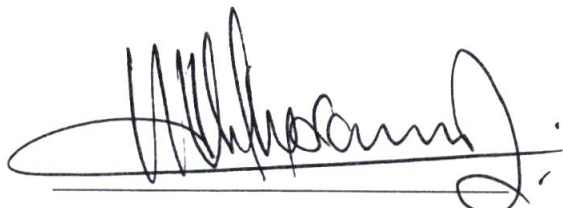

The Accounting Officer in charge of the State Department of Environment and Natural Resources is responsible for the preparation and presentation of the Departments financial statements, which give a true and fair view of the state of affairs of the Department for and as at the end of the financial year (period) ended on June 30, 2015. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the ministry; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the ministry ; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Accounting Officer in charge of the State Department of Environment and Natural Resources accepts responsibility for the ministry's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The Accounting Officer is of the opinion that the department's financial statements give a true and fair view of the state of ministry's transactions during the financial year ended June 30, 2015, and of the Department's financial position as at that date. The Accounting Officer in charge of the State Department of Environment and Natural Resources further confirms the completeness of the accounting records maintained for the ministry, which have been relied upon in the preparation of the Department's financial statements as well as the adequacy of the systems of internal financial control.

The Accounting Officer in charge of the State Department of Environment and Natural Resources confirms that the entity has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the Department's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for. Further the Accounting Officer confirms that the Department's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the financial statements

The ministry's financial statements were approved and signed by the Accounting Officer on _____ 2015.

Principal Secretary/Accounting Officer

Principal Accounts Controller

II. REPORT OF THE INDEPENDENT AUDITORS ON THE STATE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES

We have audited the accompanying (consolidated) financial statements of State Department of Environment and Natural Resources for the year ended June 30, 2015, which comprise: (i) a statement of receipts and payments; (ii) a statement of financial assets and liabilities; (iii) a statement of comparative budget and actual amounts; (iv) a statement of pending bills as at June 30, 2015; and (v) a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

The entity's Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Public Sector Accounting Standards, and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with the International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that

are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the entity as at June 30, 2015, and its receipts and payments, as well as cash flows for the year then ended in accordance with International Public Sector Accounting Standards.

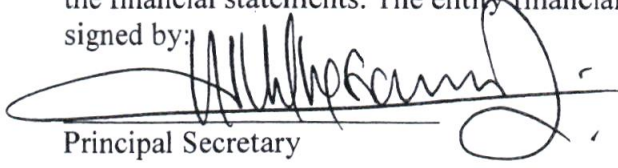

Auditor General

Principal Secretary

Principal Accounts Controller

X. SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of compliance and basis of preparation

The Financial Statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS) with particular emphasis on Cash Basis Financial Reporting under the Cash Basis of Accounting. The financial statements comply with and conform to the form of presentation prescribed by the Public Sector Accounting Standards Board of Kenya.

The Financial Statements are presented in Kenya Shillings, which is the functional and reporting currency of the Ministry of Environment, Water and Natural Resources. The accounting policies adopted have been consistently applied to all the years presented.

The Financial Statements have been prepared on the cash basis following the Government's standard chart of accounts. The cash basis of accounting recognises transactions and events only when cash is received or paid by the State Department of Environment and Natural Resources.

2. Recognition of revenue and expenses

The State Department of Environment and Natural Resources recognises all revenues from the various sources when the event occurs and the related cash has actually been received by the Ministry. In addition, the State Department of Environment and Natural Resources recognises all expenses when the event occurs and the related cash has actually been paid out by the Ministry.

3. In-kind contributions

In-kind contributions are donations that are made to the State Department of Environment and Natural Resources in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the State Department of Environment and Natural Resources includes such value in the statement of receipts and payments both as revenue and as an expense in equal and opposite amounts; otherwise, the contribution is not recorded.

4. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to

authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the State Department of Environment and Natural Resources at the end of the year. When the pending bills are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

6. Budget

The budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the financial statements. The State Department of Environment and Natural Resources budget was approved as required by Law and as detailed in the Government of Kenya Budget Printed Estimates. A high-level assessment of the Ministry's actual performance against the comparable budget for the financial year under review has been included in an annex to these financial statements.

7. Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation. Comparative figures for 2013/2014 financial year relate to figures appearing in the ministry's financial Statement whose accounts during the year were reported as one entity comprising both state departments (Environment, Natural Resources, Water and Regional Development Authorities).

8. Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2015.
