3.	 Kenneth Kithinji Mutegi Grade 2 in Mason	Academic oversight, staff management, student affairs and communication and coordination.

5. CHAIRMAN'S STATEMENT

Karigini Vocational Training Centre is a continuous on-going Institution. The institution continues to operate in line with the Ministry of Education guidelines and requirement set by the Technical and Vocational Education and Training Authority (TVETA).

The institution is fully registered under license number TVETA/PUBLIC/VTC/0048/2018 and remains compliant in the following areas:

- Timely submission of annual returns and reports to the county and national government.
- Adherence to the approved syllabus from NITA and TVET-CDACC.
- Environmental health and safety inspections were successfully conducted with positive feedback.
- Enrolment and examination registration complied with the NITA examination calendar.

Academic progress

During the year we saw good performance of our students in academic areas.

The trainee performed well, out of 15 candidates they all passed their exams.

These accomplishments reflect the dedication of our instructors and especially the manager and the hard work of our trainees.

Way Forward/ Future Outlook.

As a board, we remain committed to the institution's growth and transformation. Key priorities for the coming year include:

- **Expansion of Course Offerings:** Plans to introduce new trades such as Welding, ICT, and Electrical Installation.
- **Resource Mobilization:** aggressive pursuit of donors and county government support for infrastructure and equipment.
- **Improved Visibility:** Leveraging digital platforms to reach more youth and connect with national and international supporters.

I take this opportunity to sincerely thank our management, staff, parents, trainees, partners and the county Government of Tharaka Nithi for their unwavering support.

Together, we are building a future where Karigini NICA Vocational Training Center becomes a center of hope, skill and dignity for our youth.

Leonard Kiruja

Chairman, BOM

Date. 14th July 2025

6. REPORT OF THE PRINCIPAL/MANAGER

Karigini NICA vocational training centre is located in Kandungu Sub Location, Kandungu location, Muthambi Division, Maara Sub County, Tharaka Nithi County.

It is situated 100mm off – Marima Kathwana road directly opposite Karigini Day Secondary School AND Karigini Primary School next to N.I.C.A Karigini church.

The institution is inspected by the Ministry and accessed and it is registered under T.V.E.T.A

Vision: To be a centre of excellence in the Technical Fields

Mission statement: To provide Technical Knowledge and Equip Trainees with knowledge in order to produce men and women of great Dignity and Integrity.

Programmes Offered

1. Hairdressing and Beauty Therapy
2. Masonry/ Building construction
3. Fashion design and Garment making
4. Carpentry and joinery
5. Motor vehicle mechanics
6. Supportive subjects
 - Entrepreneurship
 - Guidance and counseling

Major Partnership/Donors

1. NICA Karigini Church

Achievement

- The school was fenced
- Electricity instalment is fully finished
- Water storage tank available
- A complete boy's dormitory constructed by Tharaka Nithi county
- Trainees registered NITA exams increased from 20 to 40
- We have managed to renovate fashion design workshop and hair dressing department.
- Constructed a masonry practical class.

Challenges

- Trainees drop out of school
- Staff salary payment problems due to poor payment of school fees
- There is no vote head for government payment of teachers
- Parent not responding to support their trainees with necessities.
- The school does not have girl's dormitory so we accommodate them in one side of the dressing making workshop.

Finances

The institution gets income from tuition fees and government capitation.

Way Forward

- **Infrastructure Expansion:** plans are underway to build additional workshops and a kitchen to support meals for trainees.
- **Partnership Building:** the institution continues to seek donors and development partners for sustainability and inclusivity.
- **Curriculum Expansion:** we aim to introduce more technical courses such as electrical installation, welding and ICT.
- **Strengthening Guidance and Counselling:** a structured psychosocial support program is being designed for student well-being.
- Provide quality and relevant Training that meets industry demands
- Seek donor support for trainees
- Start trainee's follow-up system for job placement, entrepreneurship success or further training
- Ensure Trainees have practical skills that guarantee employability
- Launch flexible learning programs for working youth or those with family responsibilities by starting evening or weakened classes
- Start drug awareness and youth empowerment forums
- Partner with industries to offer internships and real- world projects.
- Train and motivate Instructors to use modern teaching methods.
- Increase enrolment each year
- Reduce dropout rates and support trainees' success
- Launch aggressive marketing campaigns i.e. posters, social media, churches and Barraza's
- Create mentorship and counselling program for Trainees

Marketing and Visibility

Make the school known locally and beyond through:

- Regularly updating the school website
- Sharing trainees success stories and event on social media
- Partnering with radio to talk about the school

Karigini NICA Vocational Training Centre

7. STATEMENT OF PERFORMANCE AGAINST PREDETERMINED OBJECTIVES

Karingini vocational training centre has 3 strategic pillars /issues/ themes and objectives within current Strategic Plan for the FY 2024/25- FY 2025/26. These strategic pillars are as follows:

Pillar/ theme/issue 1: Access and equity

Pillar /theme/ issue 2: Curriculum and Innovation

Pillar /theme/ issue 3: Institutional Capacity

Karingini vocational training centre develops its annual work plans based on the above 3 pillars. Assessment of the Board's performance against its annual work plan is done on a quarterly basis. Karingini vocational training centre achieved its performance targets set for the FY 2024/25 period for its 3 strategic pillars, as indicated in the diagram below:

Strategic Pillar	Objective	Key Performance Indicators	Activities	Achievements
Access and Equity	Increase student enrolment by 20%	Number of students enrolled	Community outreach-Radio ads- school visits-open day	80 students enrolled, up from 24 in 2023
Curriculum and Innovation	Introduce two market-relevant courses	Number of new courses introduced	Market needs survey Syllabus development Instructor training	New courses launched
Institutional Capacity	Improve staff competency and teaching quality	Number of staff trained	Workshops NITA certification support Peer teaching sessions	2 instructors trained in pedagogy and technical skills

8. CORPORATE GOVERNANCE STATEMENT

At Karigini NICA vocational training centre (KNVTC), remains committed to the principles of good governance, accountability, transparency, integrity and effective leadership. The governance framework is guided by the technical and vocational education and training (TVET) Act, the public finance management Act, and other applicable legal and policy frameworks.

1. Existence of a Board Charter.

Karigini NICA Vocational Training Centre operates under a formal Board Charter which outlines the roles, responsibilities, powers and procedures of the Board. The charter provides guidance on matters of ethical leadership, accountability, and fiduciary responsibilities. It ensures the Board upholds principles of integrity, effective oversight and strategic direction.

2. Appointment and Removal of Board Members

The appointment and removal of Board members follow a structured and transparent process anchored in our institutional constitution and relevant regulations. Appointments are based on merit, experience and alignment with the strategic goals of the Centre. Members may be removed through a formal process in cases of misconduct, non – performance, or conflict of interest, subject to due process and governance protocols.

3. Succession Planning

Karigini NICA Vocational Training Centre has developed a succession plan to ensure continuity of leadership both at the board and management levels. The plan includes mentorship of potential leaders within the institution, early identification of talent, and knowledge transfer mechanisms.

4. Roles and Functions of the Board.

The board is responsible for:

- Providing strategic direction and approving institutional policies.
- Oversight of financial management and ensuring value for public resources.
- Monitoring and evaluating institutional performance.
- Ensuring compliance with statutory and regulatory obligations.
- Approving budgets and annual work plans.

The Board delegates operational execution to the Centre Manager but retains oversight through regular reporting and evaluation.

5. Board Meeting and Attendance

In the FY2024/2025 year, the board held 3_o ordinary meetings and 1 special meetings. The attendance record reflects strong commitment by Board members to their governance responsibilities.

6. Conflict of Interest

All board members are required to declare conflicts of interest at the beginning of each meeting and sign annual declarations of interest forms. No material conflict of interest was reported during the year. The Board adheres strictly to the leadership and integrity Act and institutional ethics policy.

7. Induction and Training

Newly appointed Board members underwent a structured induction program covering governance roles, financial oversight, institutional operations, and the legal framework governing TVET institutions. In 2024, all members attended a two-day governance and risk management training facilitated by the Kenya School of Government.

8. Board and Member Performance.

An annual performance evaluation of the Board and individual members was conducted in October 2024. The evaluation covered areas such as strategic leadership, compliance oversight, financial stewardship, and stakeholder engagement. The Board achieved a performance score of 82%, indicating effective governance, with identified areas for improvement in monitoring learning outcomes.

9. Board Remuneration.

Board members are not salaried, but they receive sitting allowances and reimbursement for expenses as per the guidelines of the salaries and remuneration commission (SRC). All remuneration is disclosed and audited annually to ensure transparency and compliance.

10. Ethics and Conduct

The board upholds the highest standards of ethical conduct and is bound by the public officer ethics Act. All members signed the code of conduct and ethics policy, which is reviewed annually. There were no reported ethical violations in 2024.

11. Governance Audit

An independent governance audit was conducted in September 2024 by a certified governance auditor. The report highlighted strong board performance, compliance with legal frameworks, and a well- documented governance structure. Recommendations included enhancing ICT integration in governance and formalizing stakeholder engagement frameworks

This remains committed to strengthening its governance structures and ensuring accountability, effectiveness and service delivery excellence.

9. MANAGEMENT DISCUSSION AND ANALYSIS

Throughout the year, Karigini NICA Vocational Training Centre engaged in several core and support activities, including:

- **Training Delivery:** Continued instruction in dressmaking, hairdressing, masonry and carpentry and joining trades, with increased trainee enrolment.
- **Community Outreach:** Participated in local barazas and sensitization forums to discourage drug abuse and promote vocational training.
- **Infrastructure Development:** Renovation of two classrooms and installation of new desks and workbenches.
- **Capacity Building:** Staff underwent short courses in pedagogy and emerging trends in TVET education.

Achievements

- **Increased Enrollment:** A 20% rise in the number of new trainees compared to the previous year.
- **Positive Impact:** Many youths pledged to abstain from drugs and embrace skill training following our participation in public forums.

Challenges

- **Limited Training Equipment:** especially in masonry and dressmaking, some tools are outdated or insufficient for the growing population.
- **Inadequate Funding:** the institution faces budget constraints in expanding infrastructure and hiring more trainers.
- **Delayed Disbursements:** Occasional delays in capitation funds affected procurement and service delivery.

Future outlook

- **Infrastructure Expansion:** plans are underway to build additional workshops and a kitchen to support meals for trainees.
- **Partnership Building:** the institution continues to seek donors and development partners for sustainability and inclusivity.
- **Curriculum Expansion:** we aim to introduce more technical courses such as electrical installation, welding and ICT.
- **Strengthening Guidance and Counselling:** a structured psychosocial support program is being designed for student well-being.

10. ENVIRONMENTAL AND SUSTAINABILITY REPORTING STATEMENT

At Karigini VTC, we recognize our responsibility to operate in an environmentally and socially responsible manner. As part of our commitment to Kenya's Vision 2030, the Green Economy Strategy, and the Sustainable Development Goals (SDGs) — particularly Goal 4 (Quality Education) and Goal 13 (Climate Action) — we have taken deliberate steps to ensure our operations and training programs support a cleaner, greener, and more resilient future.

Commitment to Sustainability

We are committed to integrating sustainability into our core business strategy and decision-making processes such as

- Promoting efficient water and energy use across campus
- Implementing waste segregation and management practices
- Reducing paper use through digital records and communication

Continuous Improvement

Sustainability is a journey we walk by integrating environmental and sustainability topics into our training curricula and sensitizing trainees on the importance of resource conservation, climate resilience, and green technologies

Employee welfare

The VTC policy on employee welfare is guided by the Project manual as outlined by the Directorate of Occupational Safety and Health Services (DOSHS). Through DOSHS the CCU carried out a risk assessment and all contractors are required to obtain a workplace registration certificate in addition to insurance cover for the workers.

Community Engagements

The VTC has ensured that stakeholder engagements are appropriate, effective, meaningful and meet the expected objectives. Community engagement activities are preceded by an analysis of the proposed project, its context, and potential impacts, who the relevant stakeholders are, and followed by genuine consideration of stakeholders' views and concerns in decisions related to project planning design, and implementation. Stakeholder consultation was implemented through a systematic approach, and the process should start as early as possible in the project cycle. The timing of consultation events and how they were coordinated with various project milestones were carefully mapped out, so delays or inadequate consultation do not turn into bottlenecks

11. REPORT OF THE BOARD OF MANAGEMENT

The Board members submit their report together with the audited financial statements for the year ended June 30, 2025, which show the state of the Karigini VTC affairs.

Principal activities

The principal activity of the entity is training technical skills

Results

The results of the entity for the year ended June 30 2025 are set out on pages 1 - 5

Board of Management

The members of the Board who served during the year are shown on page V. During the year 2024/25 no director retired/ resigned.

Auditors

The Auditor General is responsible for the statutory audit of the Karigini VTC in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015.

By Order of the Board

.....

Secretary of the Board

Date: 14th July 2025

12. STATEMENT OF BOARD OF MANAGEMENT RESPONSIBILITIES

Section 164 of the Public Finance Management Act, 2012 and require the Board of Management to prepare financial statements in respect of that County entity, which give a true and fair view of the state of affairs of the Karigini VTC at the end of the financial year and the operating results of the VTC for that year. The Board of Management are also required to ensure that the VTC keeps proper accounting records which disclose with reasonable accuracy the financial position of the VTC. The Board of Management are also responsible for safeguarding the assets of the Karigini VTC.

The Board of Management are responsible for the preparation and presentation of the Karigini VTC financial statements, which give a true and fair view of the state of affairs of the VTC for and as at the end of the financial year ended on June 30, 2025. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period, (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity, (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud, (iv) safeguarding the assets of the *entity*, (v) selecting and applying appropriate accounting policies, and (vi) making accounting estimates that are reasonable in the circumstances.

The Board of Management accept responsibility for the Karigini VTC financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012. The Board of Management are of the opinion that the Karigini VTC financial statements give a true and fair view of the state of VTC transactions during the financial year ended June 30, 2025, and of the VTC financial position as at that date. The Board of Management further confirm the completeness of the accounting records maintained for the Karigini VTC, which have been relied upon in the preparation of the Karigini VTC financial statements as well as the adequacy of the systems of internal financial control.

In preparing the financial statements, the Principal/Manager has assessed Karigini VTC ability to continue as a going concern. Nothing has come to the attention of the Board of Management to indicate that the VTC will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

Karigini VTC financial statements were approved by the Board on 14th July 2025 and signed on its behalf by:

.....
Leonard Kiruja
Chairperson of the Board

.....
Jocylene Kawira
Manager

13. REPORT OF THE INDEPENDENT AUDITOR OF KARIGINI VTC

REPORT OF THE AUDITOR-GENERAL ON KARIGINI VOCATIONAL TRAINING CENTRE FOR THE YEAR ENDED 30 JUNE, 2025

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements;
- B. Report on Lawfulness and Effectiveness in the Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose; and,
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, risk management environment and internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

A Qualified Opinion is issued when the Auditor-General concludes that, except for material misstatements noted, the financial statements are fairly presented in accordance with the applicable financial reporting framework. The Report on Financial Statements should be read together with the Report on Lawfulness and Effectiveness in the Use of Public Resources, and the Report on Effectiveness of Internal Controls, Risk Management and Governance.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012, and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Karigini Vocational Training Centre set out on pages 1 to 22, which comprise of the statement of financial position as

at 30 June, 2025, and the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts, for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of Karigini Vocational Training Center at 30 June, 2025 and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards Accrual Basis and comply with the Technical and Vocational Education and Training Act, 2013 and the Public Finance Management Act, 2012.

Basis for Qualified Opinion

Non-Disclosure of Non-Current Assets

The statement of financial position reflects a nil balance in respect to property, plant and equipment. However, audit revealed a number assets owned by the Training Centre including, land, building, plant and machinery but were not valued, recorded in an asset register and disclosed in the financial statements.

In addition, the Management did not provide for audit review the ownership documents of the land on which the Training Centre operates.

In the circumstances, the accuracy and completeness of the financial statements and ownership of property, plant and equipment could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Karigini Vocational Training Centre Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Emphasis of Matter

Budgetary Control and Performance

The statement of comparison of budgeted and actual amounts reflects final receipts budget and actual on a comparable basis of Kshs.400,000 and Kshs.304,500 respectively, resulting to an under-funding of Kshs.95,500 or 24% of the budget. In addition, the Institution expended an amount of Kshs.400,000 against actual receipts of Kshs.304,500 resulting to budget overrun by Kshs.95,500 or 31% of actual receipts.

The under-funding and over-utilization affected the planned activities and may have impacted negatively on service delivery to the students.

My opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. Except for the effect of the matters described in the Basis for Qualified Opinion section, I have determined that there are no key audit matters to report in the year under review.

Other Information

The Board of Management is responsible for the Other Information set out on page i to xix which comprise of Key Entity Information and Management, The Board of Management, Management Team, Chairman's Statement, Report of the Principal, Corporate Governance Statement, Management Discussion and Analysis, Environmental and Sustainability Reporting, Report of the Directors, Statement of Directors Responsibilities, Statement of Performance Against Predetermined Objectives. The Other Information does not include the financial statements and my audit report thereon.

In connection with my audit on the Training Centre's financial statements, my responsibility is to read the Other Information and in doing so, consider whether the Other Information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work I have performed, I conclude that there is a material misstatement of this Other Information, I am required to report that fact. I have nothing to report in this regard.

My opinion on the financial statements does not cover the Other Information and accordingly, I do not express an audit opinion or any form of assurance conclusion thereon.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN THE USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in the Use of Public Resources section of my report, I confirm that nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Incomplete Data on Payroll Management

Review of the Staff bio data revealed that necessary information including Ethnicity, Gender, Disability, was not captured in the payroll. In addition, the data had only captured

gross salary of the employees hence could not ascertain compliance with a third basic pay rule.

In the circumstances, the level of compliance with laws and regulations on employment could not be confirmed.

2. Non-Compliance with the Public Procurement Capacity Building Levy Order, 2023

Review of records revealed that the Centre did not comply with the provisions of paragraph 3(1) of the Public Procurement Capacity Building Levy, Order 2023 which states that there shall be paid a levy by a supplier on all procurement contracts signed between the supplier and a procuring entity, at the rate of zero point zero three per centum (0.03%) of the value of the signed contract, exclusive of applicable taxes. In addition, Public Procurement Regulatory Authority (PPRA) circular No. 01/2024 dated 30 August, 2024 which requires procurement entities to remit the levy to the Authority through the e-Citizen payment platform by the 20th day of the subsequent month and also file monthly returns.

In the circumstances, Management was in breach of law.

The audit was conducted in accordance with ISSAI 3000 and ISSAI 4000. The standards require that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance section of my report, I confirm that nothing else has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

Basis for Conclusion

1. Lack ICT Policy, Disaster Recovery Plan and Risk Management Policy

Review of the Training Centre's ICT environment revealed lack of ICT Policy which is required to provide guidance on Information Technology governance, security management, program change management, physical access controls, environmental controls, IT service continuity and logical access control. Further, there was no Data Security Policy and Disaster Recovery Plans. In addition, the Training Centre did not have a risk management policy frame work to mitigate operational, legal and financial risks.

In the circumstances, the effectiveness of the risk management process and ICT internal controls could not be confirmed.

2. Lack of Internal Audit Function and Audit Committee

During the year under review, the Training Centre did not constitute an Audit Committee and an internal audit unit as required by Regulation 166 (1) and (2) of the Public Finance Management (National Government), 2015 requires the internal audit unit of a County Government entity to assess effectiveness of the Polytechnic through an internal performance appraisal commenting on its effectiveness in the annual report to The County Treasury.

In the circumstances, the existence and effectiveness of internal controls could not be confirmed.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk Management and overall governance were operating effectively in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of the Management and Board of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards Accrual Basis and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Training Centre's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management is aware of the intention to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements comply with the authorities which govern them and that public resources are applied in an effective way.

The Board of Management is responsible for overseeing the Training Centre's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes

and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

My responsibility is to conduct an audit of the financial statements in accordance with Article 229(4) of the Constitution, Section 35 of the Public Audit Act, 2015 and the International Standards of Supreme Audit Institutions (ISSAIs). The standards require that, in conducting the audit, I obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with Section 48 of the Public Audit Act, 2015. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In conducting the audit, Article 229(6) of the Constitution also requires that I express a conclusion on whether or not in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way. In addition, I consider the entity's control environment in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015.

Further, I am required to submit the audit report in accordance with Article 229(7) of the Constitution.

Detailed description of my responsibilities for the audit is located at the Office of the Auditor-General's website at: <https://www.oagkenya.go.ke/auditor-generals-responsibilities-for-audit/>. This description forms part of my auditor's report.

FCPA Nancy Gathungu, CBS
AUDITOR-GENERAL

19. NOTES TO THE FINANCIAL STATEMENTS

1. **General Information**

Karigini VTC entity is established by and derives its authority and accountability. The entity is wholly owned by the County Government of Tharaka Nithi.

2. **Statement of Compliance and Basis of Preparation**

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying the *entity's* accounting policies. The areas involving a higher degree of judgement or complexity, or where assumptions and estimates are significant to the financial statements. The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the *entity*. The values are rounded off to the nearest shilling. The financial statements have been prepared in accordance with the PFM Act, the TVET Act and International Public Sector Accounting Standards (IPSAS). The accounting policies adopted have been consistently applied to all the years presented.

3. **Adoption of New and Revised Standards**

- i. **New and amended standards and interpretations in issue and effective in the year ended 30 June 2025.**

There are no new standards and interpretations issued in the Financial Year.

- ii. **New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2025.**

Standard	Effective date and impact:
<p>IPSAS 43: Leases</p>	<p><i>Applicable 1st January 2025</i></p> <p>The standard sets out the principles for the recognition, measurement, presentation, and disclosure of leases. The objective is to ensure that lessees and lessors provide relevant information in a manner that faithfully represents those transactions. This information gives a basis for users of financial statements to assess the effect that leases have on the financial position, financial performance and cash flows of an Entity.</p> <p>The new standard requires entities to recognise, measure and present information on right of use assets and lease liabilities.</p>
<p>IPSAS 44: Non- Current Assets Held for Sale and Discontinued Operations</p>	<p><i>Applicable 1st January 2025</i></p> <p>The Standard requires,</p> <p>Assets that meet the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less costs to sell and the depreciation of such assets to cease and:</p> <p>Assets that meet the criteria to be classified as held for sale to be presented separately in the statement of financial position and the results of discontinued operations to be presented separately in the statement of financial performance.</p>
<p>IPSAS 45: Property Plant and Equipment</p>	<p><i>Applicable 1st January 2025</i></p> <p>The standard supersedes IPSAS 17 on Property, Plant and Equipment. IPSAS 45 has additional guidance/ new guidance for heritage assets, infrastructure assets and measurement. Heritage assets were previously excluded from the scope of IPSAS 17 in IPSAS 45, heritage assets that satisfy the definition of PPE shall be recognised as assets if they meet the criteria in the standard. IPSAS 45 has an additional application guidance for infrastructure assets, implementation guidance and illustrative examples. The standard has clarified existing principles e.g. valuation of land over or under the infrastructure assets, under- maintenance of assets and distinguishing significant parts of infrastructure assets.</p>
<p>IPSAS 46: Measurement</p>	<p><i>Applicable 1st January 2025</i></p> <p>The objective of this standard was to improve measurement guidance across IPSAS by:</p> <ul style="list-style-type: none"> i. Providing further detailed guidance on the implementation of commonly used measurement bases and the circumstances under which they should be used.

Standard	Effective date and impact:
	<p>ii. Clarifying transaction costs guidance to enhance consistency across IPSAS.</p> <p>iii. Amending where appropriate guidance across IPSAS related to measurement at recognition, subsequent measurement, and measurement related disclosures.</p> <p>The standard also introduces a public sector specific measurement bases called the current operational value.</p>
IPSAS 47: Revenue	<p><i>Applicable 1st January 2026</i></p> <p>This standard supersedes IPSAS 9- Revenue from exchange transactions, IPSAS 11 Construction contracts and IPSAS 23 Revenue from non- exchange transactions. This standard brings all the guidance of accounting for revenue under one standard. The objective of the standard is to establish the principles that an entity shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flow arising from revenue transactions.</p>
IPSAS 48: Transfer Expenses	<p><i>Applicable 1st January 2026</i></p> <p>The objective of the standard is to establish the principles that a transfer provider shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of expenses and cash flow arising from transfer expense transactions. This is a new standard for public sector entities geared to provide guidance to entities that provide transfers on accounting for such transfers.</p>
IPSAS 49: Retirement Benefit Plans	<p><i>Applicable 1st January 2026</i></p> <p>The objective is to prescribe the accounting and reporting requirements for the public sector retirement benefit plans which provide retirement to public sector employees and other eligible participants. The standard sets the financial statements that should be presented by a retirement benefit plan.</p>

4. Summary of Significant Accounting Policies

a) Revenue recognition

i) Revenue from non-exchange transactions

Transfers from other government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential

related to the asset will flow to the entity and can be measured reliably. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, the amount is recorded in the statement of financial position and realised in the statement of financial performance over the useful life of the assets that has been acquired using such funds.

ii) Revenue from exchange transactions

Rendering of services

The entity recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours.

Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably, and it is probable that the economic benefits or service potential associated with the transaction will flow to the entity.

Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

b) Budget information

The original budget for FY 2024/2025 was approved by the Board on xxx. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the entity upon receiving the respective approvals to conclude the final budget. Accordingly, the entity recorded additional appropriations of **Kshs. 400,000** on the FY 2024/2025 budget following the Board's approval. The entity's budget is prepared on a different basis to the

actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget

c) Taxes***Current income tax***

The entity is exempt from paying taxes as per schedule xxx of the xxx Act.

Sales tax/ Value Added Tax

Expenses and assets are recognized net of the amount of sales tax, except:

- When the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
- When receivables and payables are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

d) Investment property

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property. Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition. Transfers are made to or from investment property only when there is a change in use.

e) Property, plant and equipment

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition or construction of the item of property appropriately according to the acronyms you use in your financial

statements plant and equipment. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus, or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

f) Leases

Finance leases are leases that transfer substantially the entire risks and benefits incidental to ownership of the leased item to the Entity. Assets held under a finance lease are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the future minimum lease payments. The Entity also recognizes the associated lease liability at the inception of the lease. The liability recognized is measured as the present value of the future minimum lease payments at initial recognition. Subsequent to initial recognition, lease payments are apportioned between finance charges and reduction of the lease liability to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in surplus or deficit. An asset held under a finance lease is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Entity will obtain ownership of the asset by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term. Operating leases are leases that do not transfer substantially all the risks and benefits incidental to ownership of the leased item to the Entity. Operating lease payments are recognized as an operating expense in surplus or deficit on a straight-line basis over the lease term.

g) Intangible assets

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred. The useful life of the intangible assets is assessed as either

finite or indefinite. Intangible assets with an indefinite useful life are assessed for impairment at each reporting date.

h) Research and development costs

The Entity expenses research costs as incurred. Development costs on an individual project are recognized as intangible assets when the Entity can demonstrate:

- The technical feasibility of completing the asset so that the asset will be available for use or sale.
- Its intention to complete and its ability to use or sell the asset.
- How the asset will generate future economic benefits or service potential
- The availability of resources to complete the asset.
- The ability to measure reliably the expenditure during development.

Following initial recognition of an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete, and the asset is available for use. It is amortized over the period of expected future benefit. During the period of development, the asset is tested for impairment annually with any impairment losses recognized immediately in surplus or deficit.

i) Financial instruments

IPSAS 41 addresses the classification, measurement and de-recognition of financial assets and financial liabilities, introduces new rules for hedge accounting and a new impairment model for financial assets. A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. At initial recognition, the entity measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through surplus or deficit, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

Financial assets

Classification

The entity classifies its financial assets as subsequently measured at amortised cost, fair value through net assets/ equity or fair value through surplus and deficit on the basis of both the entity's

management model for financial assets and the contractual cash flow characteristics of the financial asset. A financial asset is measured at amortized cost when the financial asset is held within a management model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. A financial asset is measured at fair value through net assets/ equity if it is held within the management model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. A financial asset shall be measured at fair value through surplus or deficit unless it is measured at amortized cost or fair value through net assets/ equity unless an entity has made irrevocable election at initial recognition for particular investments in equity instruments.

Subsequent measurement

Based on the business model and the cash flow characteristics, the entity classifies its financial Assets into amortized cost or fair value categories for financial instruments. Movements in fair value are presented in either surplus or deficit or through net assets/ equity subject to certain criteria being met.

Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, and that are not designated at fair value through surplus or deficit, are measured at amortized cost. A gain or loss on an instrument that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is de-recognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through net assets/ equity

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through net assets/ equity. Movements in the carrying amount are taken through net assets, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in surplus/deficit. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through surplus or deficit

Financial assets that do not meet the criteria for amortized cost or fair value through net assets/ equity are measured at fair value through surplus or deficit. A business model where the entity

manages financial assets with the objective of realizing cash flows through solely the sale of the assets would result in a fair value through surplus or deficit model.

Trade and other receivables

Trade and other receivables are recognized at fair values less allowances for any uncollectible amounts. Trade and other receivables are assessed for impairment on a continuing basis. An estimate is made of doubtful receivables based on a review of all outstanding amounts at the year end.

Impairment

The entity assesses, on a forward-looking basis, the expected credit loss ('ECL') associated with its financial assets carried at amortized cost and fair value through net assets/equity. The entity recognizes a loss allowance for such losses at each reporting date. Critical estimates and significant judgments made by management in determining the expected credit loss (ECL) are set out in *Note xx*.

Financial liabilities

Classification

The entity classifies its liabilities as subsequently measured at amortized cost except for financial liabilities measured through profit or loss.

j) Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

- Raw materials: purchase cost using the weighted average cost method.
- Finished goods and work in progress: cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs.

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a

nominal charge, that class of inventory is measured at the lower of cost and current replacement cost.

Inventories (Continued)

Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the *Entity*.

k) Provisions

Provisions are recognized when the *Entity* has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the *Entity* expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

Contingent liabilities

Karigini VTC does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

Contingent assets

Karigini VTC does not recognize a contingent asset but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the *Entity* in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

l) Social Benefits

Social benefits are cash transfers provided to i) specific individuals and / or households that meet the eligibility criteria, ii) mitigate the effects of social risks and iii) Address the need of society as a whole. The entity recognises a social benefit as an expense for the social benefit scheme at the same time that it recognises a liability. The liability for the social benefit scheme is measured at

the best estimate of the cost (the social benefit payments) that the entity will incur in fulfilling the present obligations represented by the liability.

m) Service concession arrangements

Karigini VTC analyses all aspects of service concession arrangements that it enters into in determining the appropriate accounting treatment and disclosure requirements. In particular, where a private party contributes an asset to the arrangement, the *Entity* recognizes that asset when, and only when, it controls or regulates the services. The operator must provide together with the asset, to whom it must provide them, and at what price. In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the *Entity* also recognizes a corresponding liability, adjusted by a cash consideration paid or received.

n) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at various commercial banks at the end of the financial year.

o) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation. This been the first set of financial statements there was no comparative figures.

p) Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2025.

5. Significant Judgments and Sources of Estimation Uncertainty

The preparation of the *Entity's* financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of

revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and assumptions.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur. IPSAS 1.140

Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the *Entity*.
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes.
- The nature of the processes in which the asset is deployed.
- Availability of funding to replace the asset.
- Changes in the market in relation to the asset

6. Transfer from County Government

Description	FY 2024/2025 Ksh

	Kshs
Catering, conferences, and delegations Payable	86,000
Salary Payables	34,000
Total Trade and Other Payables	120,000

12. Financial Risk Management

The entity's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The company's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The company does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

(i) Credit risk

The entity has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments.

Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the company's management based on prior experience and their assessment of the current economic environment.

The carrying amount of financial assets recorded in the financial statements representing the entity's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the company has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts.

The board of directors sets the company's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

(ii) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the entity's directors, who have built an appropriate liquidity risk management framework for the management of the entity's short, medium and long-term funding and liquidity management requirements. The entity manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

The table below represents cash flows payable by the company under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

(iii) Market risk

The entity has put in place an internal audit function to assist it in assessing the risk faced by the entity on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market

risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

The entity's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day-to-day implementation of those policies.

There has been no change to the entity's exposure to market risks or the manner in which it manages and measures the risk.

a) Interest rate risk

Interest rate risk is the risk that the entity's financial condition may be adversely affected as a result of changes in interest rate levels. The company's interest rate risk arises from bank deposits. This exposes the company to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the company's deposits.

Management of interest rate risk

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

iv) Capital Risk Management

The objective of the entity's capital risk management is to safeguard the entity's ability to continue as a going concern. The entity capital structure comprises of the following funds:

13. Related Party Balances

Nature of related party relationships

Entities and other parties related to the entity include those parties who have ability to exercise control or exercise significant influence over its operating and financial decisions. Related parties include management personnel, their associates and close family members.

14. County Government of Tharaka Nithi

The County Government of Tharaka Nithi is the principal shareholder of Karigini VTC. The County Government of Tharaka Nithi has provided full guarantees to all long-term lenders of the entity, both domestic and external. Other related parties include:

- i) The County Government.
- ii) The Parent Department.
- iii) Board of Management;

- iv) Key management

15. Events After The Reporting Period

There were no material adjusting and non-adjusting events after the reporting period.

16. Currency

The financial statements are presented in Kenya Shilling (Ksh) and the values are rounded off to the nearest shilling.
