## **I. KEY EPZA INFORMATION AND MANAGEMENT-**

### **(a) Background information**

The Export Processing Zones Authority (EPZA) was established under the EPZ Act (Cap 517) on 23 November, 1990 for the promotion and facilitation of export oriented investments and the development of an enabling environment for investment in the export sector. EPZA is domiciled in Kenya and its head office located at the Athi River Export Processing Zone. It has regional offices in Mombasa and Kisumu Cities.

EPZA, being a state corporation, is governed by The State Corporations Act (Cap 446) in addition to the EPZ Act of the Laws of Kenya. It thus adheres to the rules and regulations stated in both Acts in addition to other relevant laws. EPZA is provided with general direction by a board comprising 14 members appointed from both private and public sectors. The board is headed by a chairman from the private sector, appointed by His Excellency, the President.

The day to day operations of EPZA are managed by a staff of 177 headed by the Chief Executive Officer, hereafter referred to as CEO, who is appointed by the Cabinet Secretary for the Ministry responsible for Industry, on recommendation by the Board. The CEO is charged with the direction of the affairs and transactions of EPZA, the exercise, discharge and performance of the Authority's objectives, functions and duties, and the administration and control of the employees of the Authority.

To discharge its mandate and functions effectively, the EPZ Authority has been structured into various directorates, departments, sections and units. The directorates and departments report directly to the CEO and are headed by General Managers and managers respectively.

The directorates are: Operations and Investor Support; Investment and Corporate Communications; Research, Strategy and Compliance; Commercial and Technical Services; Finance, HR and Administration while departments are Corporate and Legal Services; Supply Chain Management and Internal Audit.

### **(b) EPZA Principal Activities**

#### **Vision**

EPZA's Vision is: "To Be the Leading Agency for the Promotion of Export Oriented Investments and Trade"

#### **Mission**

EPZA's Mission is: "To Efficiently Attract and Retain Export Oriented Investments and Trade"

#### **Core Objectives**

As stipulated in the EPZ Act of 1990 the objective and the purpose of establishment is to efficiently attract and retain export oriented investments and trade.

## **KEY EPZA INFORMATION AND MANAGEMENT (Continued)**

The Authority's Key activities are:

- Development of all aspects of the export processing zones with particular emphasis on provision of advice on the removal of impediments to, and creation of incentives for, export-oriented production in areas designated as export processing zones;
- Regulation and administration of approved activities within the export processing zones; and
- Protection of government revenues and foreign currency earnings.

### **(c) Key Management**

#### **IV. CHAIRMAN'S STATEMENT**

##### **BUSINESS REVIEW**

It is my pleasure to present to you the Annual Report and Financial Statements for Export Processing Zones Authority for the Year Ended 30th June 2019.

The Export Processing Zones Authority was able to undertake its core activities during the year in accordance with the 2014/2019 Strategic Plan. The activities include development of Public Export Processing Zones (EPZs) establishment of private EPZs, development of Small and Medium Enterprise (SME) Park, development of textile and leather hub in addition to investment promotion.

As a result of the undertakings, the EPZ programme in year ended June 2019 maintained an upward trend. It recorded growth in principal indicators like exports, expenditure on local goods & services and employment. Direct local employment expanded by 4.5%, while expenditure on local goods & services rose by 4.8% in the year to June 2019. While on the other hand exports and total sales rose by 1.4% and 2.7% respectively.

The implementation of Export Business Accelerator (EBA) -Incubator, has improved export business by small scale indigenous enterprises. The number of EPZ firms with local ownership has risen to 37.5% from 36.6% reported in the previous year. This performance went to contribute towards Kenya's economic growth in 2018.

The challenges encountered in the implementation of the EPZ programme were Transition from Customs Simba System to Integrated Customs Management System (ICMS) which slowed down activities, challenge in execution of bonds by EPZ firms as the insurance companies which deal with it had not been captured by ICMS. In addition, getting work permits and lack of affordable funds has been a challenge to EPZ firms.

The growth achieved in 2018 is expected to be sustained in 2019. This is because of political truce "handshake", continued government support and enhanced EPZ investment promotion activities.

##### **APPRECIATION**

I would like to express my sincere appreciation to the Board Members, Management and the staff for their dedication which has enabled the continuous growth of the programme. The growth has also been possible through the continued support of our investors and other stakeholders.

Finally, I would like to thank the government for the continued support, guidance and a good working relationship.

  
Chairman

## **V. REPORT OF THE CHIEF EXECUTIVE OFFICER**

I am delighted to present to you EPZ Authority's Annual report and financial statements for the year ended 30th June, 2019.

### **Operating Results**

The Authority posted an operating gain of Kshs 0.744 million, a rise by 91%% from a deficit of Kshs 8.54 million realized in the previous financial year. This gain is attributed to cost-cutting measures as well as non-monetary transactions arising from recognition of deferred income from government grant.

Authority's total revenue rose to 5% from 2% during the year to close at Kshs 479.81 million up from Kshs 455.36 million reported in FY 2017/18. Appropriation-in-Aid was Kshs 476.54 million (2017/2018, Kshs 419.76 million) while the recurrent grant from the government of Kenya (GOK) totalled Kshs 3.27 million (2017/18, Kshs 35.6 million). The Authority also received Kshs 810.00 million (FY 2017/18, Kshs 560.67 million) in development grant.

Total expenditure rose by 5% during the year to settle at Kshs 481.89 million from 460.00 reported in FY 2017/18.

### **Performance of EPZ Programme**

In the year ended June 2019, most of the performance indicators exhibited an upward trend compared to the year 2017. The number of gazette zones rose to 72 in 2019 from 70 in 2018.

Exports and total sales value increased by 1.4% and 2.7% to stand at Kshs 73,563 million and Kshs 77,435 million respectively. Sales to the domestic market stood at Kshs 3,872 million in 2019 from Kshs 2,883 million in 2018. Direct employment expanded by 4.5% from 58,122 persons recorded in 2018 to 60,733 persons in 2019.

Cumulative investment for the operating enterprises and zones in the form of machinery, equipment, machinery, funds and assets invested stood at Kshs 105,762 million in 2019 from Kshs 95,902 million in 2018, representing an increase of 10.3%.

Imports increased by 14.8% to stand at 33,744 million in 2019 from Kshs 29,387 million in 2019.

Expenditure on local goods and services increased by 4.8% in 2019 to stand at Kshs 30,508 million from Kshs 29,112 million recorded in the year 2018. This translates to an average of Kshs 2,543 million being injected into the economy by EPZ firms monthly in the year 2019 compared to Kshs 2,426 million in the previous year.

These resources go to the payment of local workers' salaries/wages, local supply of inputs/consumables; electricity, telecommunication, water, rent and transportation among others, which at the end of the day stimulate demand and growth of the domestic economy. These expenditures explain growth in areas surrounding EPZ zones in their respective geographical locations and beyond.

## **REPORT OF THE CHIEF EXECUTIVE OFFICER (Continued)**

### **Operational Challenges**

The performance of the program would have been enhanced if certain negative factors had not impacted the EPZ program.

Cost of doing business is still an issue affecting performance of the EPZ investors. Inadequate supply of water to Athi River zone has necessitated firms to obtain the commodity at an inflated rate, hence adversely affecting their operations and performance. There has been Government directive of transporting goods by Standard Gauge Railway (SGR) from Mombasa port to Inland Container Depot (ICD) Nairobi. This is a positive measure; however, delays and increased costs have been experienced because containers have to be transported by trucks from ICD to the factories. It is therefore prudent that they be given an option to choose whichever mode of transport is convenient for them. Minimum labour wage and cost of power in Kenya is higher compared to the competitors within the region, hence poses threat in terms of competitiveness of country as investment destination and by extension, the EPZ program.

EPZ agro processing enterprises have been facing inadequate supply of the raw materials especially the macadamia nuts. The situation has been aggravated by the emergence of brokers in the sector which have interfered with pricing and availability of these raw materials.

Transition from Customs Simba System to Integrated Customs Management System (ICMS) slowed down activity within the program as the investors took time to not only learn the system but also its operations, hence caused some lag. The EPZ firms experienced some challenge in execution of bonds as the insurance companies which deal with it had not been captured by ICMS. In addition, the system had a challenge on how data was captured, like the stock and raw materials.

There was also the challenge of getting the work permits as the immigration department kept introducing some new conditions. For instance, effective year 2019, a company applying for work permits had to first produce and submit tax compliance certificate.

Lack of affordable funds has been a challenge to EPZ investors especially the small enterprises, hence made them unable to meet their operational obligations on a timely basis.

EPZ firms are constrained by limited East African Community (EAC) market to only 20% of their total production. This is an important market and especially with South Sudan having joined it. Thus, to encourage expansion of existing firms and new companies, the cap should be increased.

Poor infrastructure in rural areas where some EPZ zones/enterprises are located has made it difficult for the product to reach port of export in a timely manner especially flowers and vegetables. Consequently, the firms face losses, increase cost of production and reduce their competitiveness.

At the global level, inward looking policy trends as witnessed by United Kingdom opting out of the European Union while USA is focusing on domestic policy. This is affecting exports from Kenya because these markets are likely to be protected.

  
**Chief Executive Officer**

## **VI. CORPORATE GOVERNANCE STATEMENT**

### **Corporate Governance Practices**

The Board is committed to maintaining a high standard of corporate governance practices and devotes considerable effort to clarify and formalize best practices. The Authority is controlled by the Board of Directors who are committed to maintaining a high standard of corporate governance practices and devotes considerable effort to identify and formalize best practices.

### **The Board**

The Board is currently comprised of 14 members whose biographical details are provided in the Board of Directors and Senior Management section of this annual report. Day to day operations of the Authority is delegated to the management led by the Chief Executive Officer. The management is closely monitored by the Board and is accountable for the performance of the Authority as measured against the corporate goals and targets set by the Board in the Authority's Performance Contract.

The Authority provides information on its operations to the Board and on a yearly basis organizes a Board and Management retreat to enable the Board meet with senior management so as to gain better understanding of the workings of the Authority and the general EPZ programme. The Board has in place a board charter that was revised and adopted in August, 2015.

The positions of Chairman and Chief Executive Officer of the Authority are separate to ensure a clear distinction between the Chairman's responsibility to manage the Board and the Chief Executive Officer's responsibility to manage the Authority's affairs. The division of responsibilities between the Chairman and the Chief Executive Officer is clearly established and set out in writing.

### **PRACTICES OF THE BOARD**

#### **Board Responsibilities**

The basic responsibility of the Board members is to exercise their best judgment and to act in a manner that they reasonably believe to be in the best interest of the Authority and its stakeholders. In discharging that obligation, the members should be entitled to rely on the honesty and integrity of the Authority's management, staff and its external professional advisors and auditors.

#### **Board Meetings**

The Board meets regularly, at least four times a year at quarterly intervals and holds special meetings as and when the Board thinks appropriate. During the Financial year 2018/2019, 4 quarterly meetings and 16 special meetings were held. Notices of at least 14 days were issued to the Directors, minutes of Board meetings prepared by the acting Corporate Secretary with details of decisions reached and resolutions passed by the Board. The Board members play an active role in participating at the Authority's meetings through contribution of their professional opinions and active participation in discussions.

## **CORPORATE GOVERNANCE STATEMENT (Continued)**

The attendance record of each of the Directors during the financial year is as follows: -

Meetings attended/held during the Financial Year

Name of Director	Board Meetings/ Special Meetings (20)	Finance and Staff Board Committee (9)	Strategy, Investments & Special Projects Committee (7)	Board Audit Committee (7)	Board HR and Admin Committee (15)

Mr. George Makateto	15	6	6	-	14

**\*Representatives of Board Members**

### **Board Committees**

To effectively discharge its mandate, the Board has established committees with specific terms of reference. This is in order to ensure the operational efficiency and that specific issues are being handled with relevant expertise. The Board has appointed Committee members with requisite skills and competence to discharge allocated responsibilities. In the event that a committee lacks specific skills within its membership, the Board may with the approval of the oversight body, co-opt skilled non- Board members to serve on the Committee, provided the Chair of the Board is not co-opted member or Chair. The Board also has the mandate to rotate Board members between Committees.

The Board remains collectively responsible for the decisions and actions taken by any committee. The committees only perform tasks delegated to it by the Board and are not to exceed the authority or powers of the Board.

## CORPORATE GOVERNANCE STATEMENT (Continued)

The committees report to the Board deliberations made during committee meetings through the Chair of the respective committee for the ratification and adoption by the Board.

### BOARD COMMITTEE MEMBERSHIP FINANCIAL YEAR 2018/2019

<b>Finance and Staff Board Committee</b>		
<b>Chairperson</b>	<b>Dr. Regina Mwatha</b>	<b>Private Sector</b>
	Mr. Stanley Maina Kagera	Representing Principal Secretary/The Treasury

	Acting Chief Executive/EPZA	Member

## **Board Induction and Continuous Skills Development**

The Board provides new Board member with an effective induction programme in order to familiarize them with their responsibilities as directors, general principles of corporate governance and Board practices. The induction programme also provides the Board member with an orientation of the organization, strategic plans, financial status and policies, risk management, compliance programmes and the Code of Conduct and Ethics.

The Board also ensures that members of the Board attend at least two days of professional development.

## **Board Remuneration**

Board members are remunerated for their services in accordance with the prevailing relevant legislative provisions and/or guidance from the relevant Government Authority.

## **Board Performance**

The Board conducts an annual evaluation to appraise its performance. This evaluation will be carried out in accordance with the Board Evaluation Tool developed by the State Advisory Committee (SCAC).

## **Board and Management Succession**

The board will put in place a succession plan for both the Board and management and review the same regularly.

## **Governance Audit**

The Board should ensure that a governance audit of the organization is undertaken on an annual basis. The purpose of the governance audit is to ensure that the organization conforms to the highest standards of good governance

## **VII. MANAGEMENT DISCUSSION AND ANALYSIS**

### **Operating Results**

The Authority posted an operating gain of Kshs 0.744 million, a rise by 91% from a deficit of Kshs 8.54 million realized in the previous financial year. This gain is attributed to cost-cutting measures as well as non-monetary transactions arising from recognition of deferred income from government grant.

Authority's total revenue rose to 5% from 2% during the year to close at Kshs 479.81 million up from Kshs 455.36 million reported in FY 2017/18. Appropriation-in-Aid was Kshs 476.54 million (2017/2018, Kshs 419.76 million) while the recurrent grant from the government of Kenya (GOK) totalled Kshs 3.27 million (2017/18, Kshs 35.6 million). The Authority also received Kshs 820.00 million (FY 2017/18, Kshs 560.67 million) in development grant.

Total expenditure rose by 5% during the year to settle at Kshs 481.89 million from 460.00 reported in FY 2017/18.

## **EPZA's Compliance with Statutory Requirements**

During the FY 2018/19, the Authority did not have any major non-compliance issue that was likely to expose it to potential contingent liabilities. However, the Authority has had ongoing disputes and defaults that may potentially impact negatively on the overall performance.

These include:

Prolonged contestation that EPZA is not a registered water supplies entity. This is likely to reduce water sales contribution should it be ruled out that the Authority should not supply water outside Athi River Zone.

There is a litigation case regarding the ownership of a parcel of land Oloolotikoshi/Kitengela/70. The case is in Law Court and the Authority has to wait/await for the outcome. The land was valued at 2.25 million as at 30 June 2014.

Included in the trade and other receivables is an outstanding debt of Kshs 9.92 million relating to ex-staff (former CEO and Accounts Assistant). The Ethics and Anti-Corruption Commission is pursuing the case and Authority is awaiting the outcome. The debt has also been forwarded to the Authority's external debt collector.

## **Key Projects and Investment Decisions the Authority is implementing**

The Authority is currently implementing two major capital projects namely; the textile Centre of Excellence at Athi River and Industrial Leather Park at Kenanie. These projects are wholly funded by GoK.

## **Major Risks Facing EPZA**

The Authority's activities expose it to a variety of financial risks, market risks (including foreign exchange risk, fair value interest rate risk, cash flow interest risk and price risk), credit risks and liquidity risks. The Authority's overall risk management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on its performance.

### **Credit Risk**

Included in the in the trade receivables (Rent, licence and water) is Kshs 234.13 million and Kshs 261.19 million categorized as Doubtful Debts and Bad Debts respectively. These debts have proved to be uncollectable and adequate provision for the doubtful debts should be made as well as writing-off bad debts.

### **Liquidity Risk**

Doubtful Debt and Bad Debt categories are unlikely to be collected and this poses a liquidity risks to the financial operations of the Authority.

### **Capital Risk**

The Authority is currently implementing two major capital projects namely; the textile Centre of Excellence at Athi River and Industrial Leather Park at Kenanie. These projects are wholly funded by GoK. Their continuity is largely dependent on continued government funding and timely disbursement of funds by the government.

## **Material Arrears in Statutory/Financial Obligations**

Delayed disbursement and reduction in development grant has led to the in completion of the ongoing projects (textile Centre of Excellence at Athi River and Industrial Leather Park at Kenanie). This exposes the Authority to possible litigations by the contractors/ suppliers for delay to make payments for the works done.

## **The Authority's Financial Probity and Serious Governance Issues**

The Authority had neither known financial improbity as reported by internal audit/Board audit committee, external auditors, or other National Government Agencies providing oversight nor serious governance issues among the Board or member of the Board and top management including conflict of interest as at 30th June, 2019.

## **VIII. CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING**

In order to realize the impact of EPZA existence in areas of our jurisdiction, the EPZ Authority works with various stakeholders towards realizing the objective of identifying and offering help in deserving needy areas in the community. In this regard, the EPZ Authority undertook three CSR activities for the financial year ending June 2018.

### **The Chemususu Dam Half Marathon, 15th September 2018**

The Authority sponsored 4 members of staff to participate in the Chemususu Dam Half Marathon in Eldama Ravine, Baringo County on 15th September 2018. The event aims at raising funds for conservation of the dam. The staff participated in the 10 kilometre run for both men and women.

### **Donations**

In the spirit of giving back to the community, the Authority made donations to both Bible Translation Literacy (BTL) and Beyond Zero campaign. The donation to BTL was to support the launch of Bible Translation Trust.

The Beyond Zero Campaign is an initiative launched by Kenya's First Lady, Margaret Gakuo Kenyatta. Its goals are to improve maternal and child health in Kenya, and to reduce new HIV infections among children. The campaign was unveiled in 2013 on World AIDS Day, and launched on 24 January 2014

### **Golf Tournament, 31st July and 1st August 2018**

The Authority Sponsored Ladies Coast Open 2018 Golf Tournament at Nyali Sports Club in Mombasa County. The activity also saw the Authority use the platform to promote the EPZ program among potential investors as it seeks to expand and grow more investments in the counties.

## I. REPORT OF THE DIRECTORS

The Directors submit their report together with the audited financial statements for the year ended June 30, 2019 which show the state of the EPZ Authority's affairs.

### Principal activities

The principle activities of the EPZA are promotion and facilitation of export-oriented investments and the development of an enabling environment for such investments as stipulated in the EPZ Act Cap 517.

### Results

The results of the Authority for the year ended June 30, 2019 are set out on pages 1 to 27

### Directors

The members of the Board of Directors who served during the year are shown on pages viii to xi.

### Dividends/Surplus remission

In accordance with Section 219 (2) of the Public Financial Management Act regulations, regulatory entities shall remit into Consolidated Fund, ninety per centum of its surplus funds reported in the audited financial statements after the end of each financial year. Provisional draft Annual Financial Statement indicate that EPZA made a surplus of Kshs. 1,520,447. Once Audit is complete, 90% of the Amount will be remitted to the Consolidated Fund.

### Auditors

The Auditor General is responsible for the statutory audit of the Export Processing Zones Authority (EPZA) in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015.

### By Order of the Board

  
**CORPORATE SECRETARY**  
Export Processing Zones Authority

Date..... 29/01/19 .....

## II. STATEMENT OF DIRECTORS' RESPONSIBILITIES

Section 81 of the Public Finance Management Act, 2012 and section 14 of the State Corporations Act, require the Directors to prepare financial statements in respect of the EPZA, which give a true and fair view of the state of affairs of the EPZA at the end of the financial year/period and the operating results of the EPZA for that year/period. The Directors are also required to ensure that the EPZA keeps proper accounting records which disclose with reasonable accuracy the financial position of the EPZA. The Directors are also responsible for safeguarding the assets of the EPZA.

The Directors are responsible for the preparation and presentation of the EPZA's financial statements, which give a true and fair view of the state of affairs of the EPZA for and as at the end of the financial year (period) ended on June 30, 2019. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the EPZA; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Directors accept responsibility for the EPZA's financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012 and the State Corporations Act. The Directors are of the opinion that the EPZA's financial statements give a true and fair view of the state of EPZA's transactions during the financial year ended June 30, 2019, and of the EPZA's financial position as at that date. The Directors further confirm the completeness of the accounting records maintained for the EPZA, which have been relied upon in the preparation of the EPZA's financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Directors to indicate that the EPZA will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

The EPZA's financial statements were approved by the Board on 27<sup>th</sup> SEPT 2019 and signed on its behalf by:

  
Chairman of the Board

  
Director

  
Chief Executive Officer

## **REPORT OF THE AUDITOR-GENERAL ON EXPORT PROCESSING ZONES AUTHORITY FOR THE YEAR ENDED 30 JUNE, 2019**

---

### **REPORT ON THE FINANCIAL STATEMENTS**

#### **Qualified Opinion**

I have audited the accompanying financial statements of Export Processing Zones Authority set out on pages 1 to 37, which comprise of the statement of financial position as at 30 June, 2019, statement of financial performance, statement of changes in net assets, statement of cash flows and the statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the Export Processing Zones Authority as at 30 June, 2019, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Export Processing Zones Authority Act, Cap 517 of 2015 (Revised) of the Laws of Kenya and the Public Finance Management Act, 2012.

#### **Basis for Qualified Opinion**

##### **Lack of Land Ownership Documents**

As previously reported, included in property, plant and equipment balance of Kshs.11,279,542,493 are two (2) parcels of land with a book value of Kshs.2,250,000. However, although the parcels of land were acquired and gazetted through Gazette Notice Nos.2802 and 2803 of July, 1991, the Authority had not obtained the respective ownership documents as at 30 June, 2019. Further, as previously reported, the Authority acquired a piece of land at Kshs.6,500,000, which acquisition process started in 2015/2016, but the ownership documents had not been obtained as at 30 June, 2019. The Authority has not valued its assets in the last seven (7) years to take cognizance of the gradual changes in their value as the last valuation of the assets was conducted in 2011.

As a result, the ownership of the parcels of land worth Kshs.8,750,000 and the fair value of the property, plant and equipment as at 30 June, 2019 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Export Processing Zones Authority Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

### **Other Matter**

### **Unresolved Prior Year Matters**

In the audit report of the previous year, several issues were raised. However, the Management has not resolved the issues nor given any explanation for failure to adhere to the provisions of the Public Sector Accounting Standards Board templates and The National Treasury's Circular.

## **REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES**

### **Conclusion**

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

### **Basis for Conclusion**

#### **1.0 Decommissioning of Dumpsite and Construction of a Dam and Other Civil Works**

As previously reported, the Authority awarded a tender to a company for decommissioning of dumpsite and construction of a dam and other civil works at Athi-River EPZ at a contract sum of Kshs.150,260,710. The commencement date of the contract was 21 September, 2017 to be completed by 20 June, 2019. At the time of audit, an amount of Kshs.31,810,320 had been paid and compared well with the works which was at 20% complete. However, the report on the feasibility study on recommending the decommissioning of the dumpsite was not provided for audit review and in absence of an alternative site, dumping was still being done at the same dumpsite.

Further, the source of the water to feed the dam was not indicated thereby casting doubts on the of the sustainability of the project while no approval certificates from the relevant government regulatory agencies mainly National Environmental Management Authority, NEMA and Water Resource Management Authority, WARMA assenting to the construction of the dam the were provided for audit review. A physical verification undertaken at the site revealed that no works were on going and the contractor was not on site despite having been paid Kshs.31,810,320.

In the circumstances, I am unable to confirm whether the public will obtain value for money from the public resources used.

## **2.0 Irregular Issue of License**

As previously reported, the Authority issued an Export Processing Zone Business Service Permit to a local company to run a petrol station and convenience store on land parcels owned by the Authority. The company had started the construction of the petrol station. The degazetment of the parcels of land was not done before issuing the business permit to exempt it from the provision of the Export Processing Zones Authority Act, Cap 517 of 2015 (Revised) of the laws of Kenya.

Consequently, the Management is in breach of the law.

## **3.0 Irregular Award of Contract**

The Authority awarded a tender to a company for construction of Kenya Leather Park internal access roads and civil works at a contract price of Kshs.146,111,497. The work was to commence on 26 September, 2016 and be completed on 25 September, 2017 but was later extended to 31 December, 2018. The Authority introduced additional work for box culvert and construction of temporary holding ponds which varied the contract upward by Kshs.26,075,000 contrary to Section 139(1)(a) of the Public Procurement and Asset Disposal Act, 2015. Further, the bills of quantities for the additional works were not availed for audit review.

In the circumstances, the Management is in breach of the law.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

## **REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE**

### **Conclusion**

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

## **Basis for Conclusion**

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

## **Responsibilities of Management and Board of Directors**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management is aware of the intension to liquidate the Authority or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

The Board of Directors is responsible for overseeing the Authority's financial reporting process, reviewing the effectiveness of how the Authority monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

## **Auditor-General's Responsibilities for the Audit**

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but

is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on

the Authority's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Authority to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Authority to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

## **Notes to the Budget**

### **Revenue**

The Authority Managed to generate Kshs. 479.81 million against the revenue target of Kshs. 475.37 million.

The Improved performance of the Revenue is mainly as a result of other income from stand premium following the increased uptake of plots by investors, indicating high interest and demand by potential EPZ investors in manufacturing sector.

The Authority did not manage generate the expected application and Licence fee. The shortfall was as a result of most investors under EPZ program being at the development stage.

Water sales marked 15% decline from the target revenue of Kshs 151.82 million.

## **NOTES TO THE FINANCIAL STATEMENTS**

### **1. GENERAL INFORMATION**

The Export Processing Zones Authority (EPZA) is established by and derives its authority and accountability from EPZ Act. The EPZ Authority is wholly owned by the Government of Kenya and is domiciled in Kenya. The EPZA's principal activity is the promotion and facilitation of export-oriented investments and the development of an enabling environment for such investments as stipulated in the EPZ Act Cap 517.

### **2. STATEMENT OF COMPLIANCE AND BASIS OF PREPARATION**

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying the EPZA's accounting policies.

The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the EPZA.

The financial statements have been prepared in accordance with the PFM Act, the State Corporations Act and International Public Sector Accounting Standards (IPSAS). The accounting policies adopted have been consistently applied to all the years presented.

## NOTES TO THE FINANCIAL STATEMENTS (Continued)

### 3 ADOPTION OF NEW AND REVISED STANDARDS (Continued)

ii. New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2018

Standard	Effective date and impact:
IPSAS 40: Public Sector Combinations	Applicable: 1st January 2019: The standard covers public sector combinations arising from exchange transactions in which case they are treated similarly with IFRS 3 (applicable to acquisitions only). Business combinations and combinations arising from non-exchange transactions which are covered purely under Public Sector combinations as amalgamations.

iii. Early adoption of standards

The entity did not early-adopt any new or amended standards in year 2018.

### 4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### a) Revenue recognition

##### i. Revenue from Non-Exchange Transactions

##### Fees

The Authority recognizes revenues from fees when the event occurs and the asset recognition criteria are met. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, deferred income is recognized instead of revenue. Other non-exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to the entity and the fair value of the asset can be measured reliably. The Authority's revenue from Non-Exchange Transactions comprises of licence and application fees.

##### Transfers from other Government Entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the entity and can be measured reliably. Recurrent grants are recognized in the statement of comprehensive income. Development/capital grants are recognized in the statement of financial position and realised in the statement of comprehensive income over the useful life of the assets that has been acquired using such funds.

## **ii. Revenue from Exchange Transactions**

### **Rendering of Services**

The Authority recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours.

Where the contract outcome cannot be measured reliably, revenue is recognized only to the incurred are recoverable.

### **Sale of Goods**

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably and it is probable that the economic benefits or service potential associated with the transaction will flow to the Authority.

### **Interest Income**

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

## **b) Budget information**

A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts.

In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actual as per the statement of financial performance has been presented under section XV of these financial statements.

## **b) Taxes**

### **Current income tax**

The Authority is Zero rated in its tax status. Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the area where the Entity operates and generates taxable income.

Current income tax relating to items recognized directly in net assets is recognized in net assets and not in the statement of financial performance. Management periodically evaluates positions

taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**c) Property, Plant and Equipment (PPE)**

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly.

Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

**d) Leases**

Operating leases are leases that do not transfer substantially all the risks and benefits incidental to ownership of the leased item to the Authority.

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease.

**f) Intangible assets**

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred. The useful life of the intangible assets is assessed as either finite or indefinite.

**e) Inventories**

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

Raw materials: purchase cost using the weighted average cost method

Finished goods and work in progress: cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost.

Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution.

Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Authority.

**f) Provisions**

Provisions are recognized when the Authority has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Where the Authority expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain.

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

**Contingent liabilities**

The Authority does not recognize a contingent liability, but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

**Contingent assets**

The Authority does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Authority in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

**g) Nature and Purpose of Reserves**

The Authority creates and maintains reserves in terms of specific requirements. Surplus made during the year is credited to the accumulated surplus reserve while deficit is debited to the accumulated reserve at the end of financial year.

**h) Changes in Accounting Policies and Estimates**

The Authority recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

**i) Employee benefits Retirement Benefit Plans**

The Authority operates defined contribution retirement benefit scheme for its employees while employees who are on contract qualify for gratuity upon end of the contract. The Authority and

all its employees also contribute to the appropriate national Social Security Fund, which are defined contribution schemes.

A defined contribution plan is a pension plan under which the Authority pays fixed contributions into a separate entity. The Authority has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

For defined contribution plans, the Authority pays contributions to publicly or privately administered plans on a mandatory, contractual or voluntary basis. The Authority has no further payment obligations once the contributions have been paid. The contributions are recognised as an employee benefit expense when they are due.

**j) Foreign Currency Transactions**

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

**k) Related Parties**

The Authority regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the Authority, or vice versa. Members of key management are regarded as related parties and comprise the directors, the CEO and senior managers.

**l) Cash and Cash Equivalents**

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

**m) Comparative Figures**

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

**n) Subsequent Events**

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2019.

## **5. SIGNIFICANT JUDGMENTS AND SOURCES OF ESTIMATION UNCERTAINTY**

The preparation of the EPZA's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

### **Estimates and Assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The EPZA based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the EPZA. Such changes are reflected in the assumptions when they occur. IPSAS 1.140

### **Useful lives and residual values**

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Entity
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- The nature of the processes in which the asset is deployed
- Availability of funding to replace the asset
- Changes in the market in relation to the asset

### **Provisions**

Provisions were raised and management determined an estimate based on the information available. Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date, and are discounted to present value where the effect is material.

**6. REVENUE**

		<b>2018-2019</b>	<b>2017-2018</b>

**26. FINANCIAL RISK MANAGEMENT**

The EPZA's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The Authority's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The Authority does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The Authority's financial risk management objectives and policies are detailed below:

**i. Credit risk**

The entity has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments.

Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the company's management based on prior experience and their assessment of the current economic environment.

Included in the in the trade receivables (Rent, licence and water) is Kshs 234.13 million and Kshs 261.19 million categorized as Doubtful Debts and Bad Debts respectively. These debts have proved to be uncollectable and adequate provision for the doubtful debts should be made as well as writing-off bad debts.

## **(ii) Liquidity risk management**

Ultimate responsibility for liquidity risk management rests with the Authority's directors, who have built an appropriate liquidity risk management framework for the management of the Authority's short, medium and long-term funding and liquidity management requirements. The Authority manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

## **(iii) Market risk**

The board has put in place an internal audit function to assist it in assessing the risk faced by the entity on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

The Authority's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day to day implementation of those policies.

There has been no change to the Authority's exposure to market risks or the manner in which it manages and measures the risk.

### **a) Foreign currency risk**

The Authority has transactional currency exposures. Such exposure arises through rendering of services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of receipt is done using the prevailing exchange rate.

The Authority manages foreign exchange risk from future commercial transactions and recognised assets and liabilities by projecting for expected sales proceeds and matching the same with expected payments.

### **b) Interest rate risk**

Interest rate risk is the risk that the entity's financial condition may be adversely affected as a result of changes in interest rate levels. The Authority's interest rate risk arises from bank deposits. This exposes the Authority to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the company's deposits.

### **Management of interest rate risk**

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

### **Sensitivity analysis**

The Authority analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. The analysis has been performed on the same basis as the prior year.

## 27 CONTINGENT ASSETS AND CONTINGENT LIABILITIES

Description	2017-2018	2016-2017

Total	4,871,980,922	5,272,608,209

## 29 SURPLUS REMISSION

Provisional draft Annual Financial Statement indicate that EPZA made a surplus of Kshs. 1,520,447. Once Audit is complete, 90% of the Amount will be remitted to the Consolidated Fund.

## 30 EVENTS AFTER THE REPORTING PERIOD

There were no material adjusting and non- adjusting events after the reporting period.

## 31 ULTIMATE AND HOLDING ENTITY

The Export Processing Zones Authority is a State Corporation/ or a Semi- Autonomous Government Agency under the Ministry of Industry, Trade and Cooperatives, State department for Industrialization . Its ultimate parent is the Government of Kenya.

## 32 Currency

The financial statements are presented in Kenya Shillings (Kshs).

**XVII. APPENDIX 1: PROGRESS ON FOLLOW UP OF AUDITOR RECOMMENDATIONS**

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved. The following is the summary of issues raised by the external auditor, and management comments that were provided to the

auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Focal Point person to resolve the issue (Name and designation)	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)
1	Land As previously reported included in property, plant and equipment balance of Kshs 9,476,115,000 as at 30 June 2016 are two parcels of land Ref .LR. No. Olooloitikoshi/Kitengela/61 and 70, measuring 2 hectares and valued at Kshs 2,250,000. Although the parcels of land were acquired and gazetted through Gazette notice Nos.2802 and 2803 of 5 July 1991, the Authority had not obtained the title documents as at 30 June 2014.	(i) The Authority is in the process of obtaining ownership documents for LR. No. Olooloitikoshi/Kitengela/61 measuring approx. 1 hectare. The land was surveyed and beacons placed on the ground with the concurrence of the owner. The Authority is currently following up with the owner to formally transfer the land to EPZA. (ii) On the issue of ownership of LR. No. Olooloitikoshi/Kitengela/70 the matter is in court and the Authority is awaiting a Court's decision. As of now, the Authority has to wait for the outcome of the court case.	CEO and GM-Commercial & Technical Services.	Not Resolved	On going

2	<p>Boreholes</p> <p>In 2007, the then Ministry of Water and Irrigation developed two (2) boreholes on EPZA land, one at the disputed parcel of land next to PCEA Church Kitengela Township and the other next to the EPZA police post. The management has indicated that ownership of</p>	<p>i) The Authority is currently liaising with the Ministry of Environment, Water and Natural Resources who dug and equipped the borehole at the elevated water tank to have the bore-hole's asset formally transferred to EPZA. Attached please find the relevant correspondence.</p> <p>ii) The Borehole next to EPZA police post is situated on EPZA land and ownership is further supported by implied and</p>	CEO and GM-Commercial & Technical Services.	Not Resolved	On going
---	---	--	---	--------------	----------

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Focal Point person to resolve the issue (Name and designation)	Status: (Resolved / Not Resolved)		Timeframe: (Put a date when you expect the issue to be resolved)
	<p>boreholes was handed over to the Authority without formal documentation and that the boreholes have been tested and confirmed to be economically viable. However, no evidence has been provided for audit review to confirm that the two boreholes have been valued and recognized as the assets of the Authority.</p> <p>In the circumstances, it has not been possible to confirm that the Property, Plant and Equipment balance of Kshs.9,476,115,000 as at 30 June 2016 is fairly stated.</p>	adverse possession over the years.				
3	<p>Trade and Other Receivables</p> <p>As previously reported, included in trade and other receivables balance of Kshs 548,866,000 as at 30 June 2016 is an amount of Kshs. 10,969,276 which relates to advances and outstanding imprests issued to ex-staff. The figure includes Kshs. 8,690,786 issued to former Chief Executive</p>	The former CEO was dismissed and ordered to pay the Authority all outstanding monies. This matter was forwarded to Ethics and Anti-Corruption Commission and the former officer is under investigation pending conclusion.	CEO	Not Resolved		<p>On-going.</p> <p>The former CEO's case will be dependent upon the EACC conclusion of the matter.</p>

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Focal Point person to resolve the issue (Name and designation)	Status: (Resolved / Not Resolved)		Timeframe: (Put a date when you expect the issue to be resolved)
	<p>Officer of the Authority. The former CEO disregarded the Government code of regulations (H10) on advance of salary which provides that an advance of not more than one month salary may be granted to an officer owing to circumstances beyond his/her control.</p> <p>It further provides that advance may be granted only when an officer has no other outstanding salary advance and should not be more than two within one year. The Authority's internal management policy also provides that in the absence of a written arrangement, recoveries of advance to staff should be done through the payroll which was contravened.</p> <p>Further by the former CEO using the Authority's senior officers approved and authorized salary advances and other forms of advances</p>					

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Focal Point person to resolve the issue (Name and designation)	Status: (Resolved / Not Resolved)		Timeframe: (Put a date when you expect the issue to be resolved)
	<p>for himself without seeking approval from the Board of Directors. This was in total disregard of Government regulation and the Authority's staff manual governing salary advances.</p> <p>In addition, amount of Kshs.980,919 granted to him as imprest should have been surrendered within 48 hours after completion of assignment for which the imprest was issued. This amounts to violation of existing regulation and abuse of office by former CEO. Consequently, the accuracy and recoverability of trade and other receivables balance of Kshs.548, 866,000 as at 30 June 2016 could not be confirmed.</p>
