**THIRDWAY ALLIANCE KENYA'S MEMORANDUM ON THE  
CONSTITUTIONAL (AMENDMENT) BILL No.2 OF 2018.**

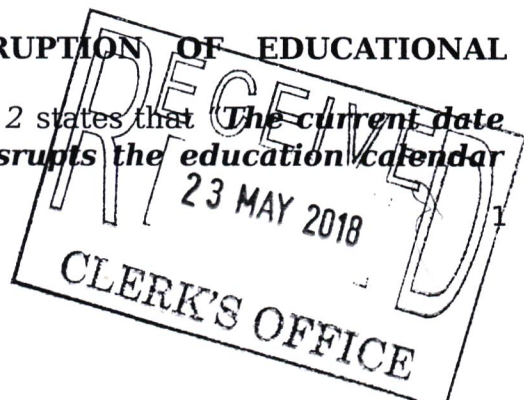

**INTRODUCTION**

We have reviewed and analyzed the proposed *Constitutional (Amendment) Bill No. 2 of 2018* (hereinafter, "*Constitutional Amendment Bill No. 2*") as well as the reasons purportedly advanced by the Hon. Chris Wamalwa. His main reasons merely attempt to justify the *Constitutional Amendment Bill No. 2*. In fact, his reasons are not convincing at all, as we expound further below.

From the outset, we are vehemently opposed to the proposed *Constitutional Amendment Bill no. 2* because the issues advanced by Hon. Chris Wamalwa are not in any way sufficient to justify amendment of our Constitution of Kenya 2010 (hereinafter the "**CoK 2010**"). We contend that the **CoK 2010** should only be amended to remedy issues that shall be conclusively resolved after the amendment. Below, we enumerate our CONGENT reasons why the constitution with regard to the Elections date should not be amended. In fact, an election date is non-issue in our CoK 2010. There are more pressing concerns that would warrant amending the CoK 2010. An election date is not one of those issues.

**1. ON THE PURPROTED DISRUPTION OF EDUCATIONAL CALENDAR.**

The *Constitutional Amendment Bill No. 2* states that **The current date for the general elections unduly disrupts the education calendar**

**and most importantly the conduct of national examinations in the case of either a fresh election, a 'run off' or the invalidation of a Presidential election".**

We differ with the above proposal as follows:

- I. **An election date should be a normal day.** Our country need to adopt best practices as they obtain in other jurisdictions where elections are not seen as a disrupting on normal life including school. In many progressive countries of the world, an election date does not have to be a holiday; it can be a normal day in which business proceeds as normal including education. It is our conviction as a party that when we reform our electoral process and change the nature of our politics from its current confrontational and conflictual to conversational and issued-based one, election does not have to be disruptive; rather just another day. We must as much as possible change our character of politics, and that way, nothing can be disrupted including an educational calendar.
- II. **The proposed December date.** This would still 'disrupt' the education calendar in the event that there is a fresh election, a runoff or invalidation of a Presidential election. Therefore, the reason advanced in the Bill that wants to move the election date from August to December is merely speculative. If the operative reason is disruption of education calendar because of a speculative run-off or fresh election, this could still happen in December at a much bigger scale as well, which will also disrupt the education calendar in the new year as well as the much needed holiday by Kenyans. In fact, for that reason, the August date still remains the most appropriate date based on the principle of proportionality. In addition, experience of the 2017 election shows that a run-off and a fresh election did not disrupt the education calendar. It is actually the proposed date of December that is a real danger to the education calendar if we are to go by the reasons advanced in the *Constitutional Amendment Bill no. 2*. The education calendar is therefore safer with the August date than with the December date.
- III. **August date does not fall within the school calendar.** The *Constitutional Amendment Bill no. 2* to honestly state that the current general election date does not fall within the school calendar. That proposal is therefore misleading. As it is the the tradition, secondary schools, primary schools and Kindergartens are on recess and holiday in August.
- IV. The *Constitutional Amendment Bill no. 2* fails to demonstrate how the proposed amendments will resolve the disruption of the education calendar. It is our position that any amendment to our CoK 2010, must be able to demonstrate the value that comes with it. It cannot just be mere suggestion or speculation; to amend the CoK 2010 with that kind of approach would be to open a Pandora's box for its mutilation.
- V. **No consideration given to Article 140 of CoK 2010.** The *Constitutional Amendment Bill No. 2* proposes that election date

should be held on the 3<sup>rd</sup> Monday of the month of December (that is 19<sup>th</sup> December 2022). This is 3 weeks into the month, which means if you took into account the conduct of elections including when the results must be announced, this will be on 26<sup>th</sup> December 2022. In the event of a petition, as our tradition has shown, it must be filed 2<sup>nd</sup> January 2023. On this point alone, the August date is still the best. In addition to the foregoing, the *Constitutional Amendment Bill No. 2* fails to cite the provisions of **Article 140 (1)**, which provides that a Presidential election petition must be filed within seven (7) days, and the petition heard within 14 days after filing as per **Article 140 (2)**, which will obviously move any election petition hearings to January of the following year. In fact, whether the Supreme Court confirms the results of the election, this would still eat into the education calendar. Furthermore, and should the Supreme Court nullify the election or orders for fresh election, the elections will be held within 30 days for the runoff and 60 days for the fresh elections respectively, hence the repeat elections will automatically fall within the education calendar of January to early April. Failure to factor in provisions of **Article 140** therefore confirms why the election date must remain in August of the election year.

- VI. **Report of the Committee of Experts (CoE).** The report of the CoE, which is deposited with Parliament has a comprehensive rationale for holding elections in August and not in December. It may be useful for Parliament to appraise itself of that report of the CoE.

## 2. BUDGET READING DATES

The *Constitutional Amendment Bill no. 2* states in part that ***“the tradition of reading the Budget Concurrently in East Africa has been disrupted by the current election date”***. For the following reasons, we find this proposal false and misleading:

- I. This allegation does not in any way demonstrate that the Republic of Kenya has suffered any loss due to the change of dates in the election year. The holding of an election is a sovereign act that cannot be dictated by happenings in another country.
- II. We contend that this can be remedied through other avenues such as negotiations with member states and also change of Parliamentary calendars. Elections only come every 5 years. National budgets are read annually. The reading of a budget in the 5<sup>th</sup> year can be made exceptional, as it has happened in the past and or the experience of Supplementary budgets dictate.
- III. We further wish to state that a tradition that was still in practice before the promulgation of the *CoK 2010* cannot be used as a basis to amend the Constitution. There are many more avenues that can be used to address that.

- IV. The CoK remains the supreme of our land than any other policy directive, agreement and or any other law whether agreed within the Union of the Treaty establishing the East African Community.

### **3. RESTORING OF TOURISM SEASON**

The *Constitutional Amendment Bill No. 2* also purportedly “**seeks to restore the tourism high season and the aspirations of a section of Kenyans who are not able to get time of their busy schedule to take part in the general election at their places of preference**”. For the following reason, we further oppose the *Constitutional Amendment Bill no. 2* as follows:

- I. **Lack of empirical evidence.** The foregoing argument that the amendment will “restore the tourism season” is not backed by any empirical evidence and is just a non-factual statement that does not conform to reality.
- II. **Tourism season.** The month of December is in Kenya’s peak season; both local and international tourist plan for their holiday to coincide with Christmas holidays. In fact, Kenya’s traditional tourism market, the European tourists, travel to Kenya in droves due to the harsh winter season in the northern hemisphere. December, as opposed to August is the holiday month for both local and international visitors.
- III. **Family reunion season.** In fact, most Kenyans would like to get time off their busy schedule during the Christmas holiday and spend time with their families. An election during this time is actually very disruptive of the holiday and family re-union seasons.

### **4. CLARIFY THE DATE OF NEXT ELECTIONS**

This assertion is misleading and untruthful. The date for the next general elections is known. One just needs to check the calendar and they will be able to know the date of next general election is “**the second Tuesday in the month of August in the 5 year**”, and for the avoidance of doubt, the date for the next general election in 2022 will be on **August 9th, 2022**. To, therefore, claim that the amendment seeks to clarify the date of next election is the weakest and most fallacious of all the arguments advanced in the *Constitutional Amendment Bill no.2*

### **5. CONCLUSION**

For the above reasons, amongst others, we conclude as follows:

#### **I. NO CONVINCING REASONS TO AMEND THE CoK 2010**

The proposed *Constitutional Amendment Bill No. 2* fails to raise any cogent reasons that would justify amending *CoK 2010* in order to move the dates of general elections from August to December.

We believe that Hon. Chris Wamalwa is aware that the 2007 elections were held in December and the associated tension and tribal clashes interfered with the education calendar in 2008.

The proposed *Constitutional Amendment Bill No. 2* has failed to cite any reasons that would demonstrate that December would be a better general election date than August. Whatever eventuality that could happen in August, could still happen in December. In fact, election in December holds a much higher risk to many things: school calendar, holiday/tourism season, and family reunions amongst other reasons advanced above.

## II. EXTENDING TERM OF CURRENT ELECTED OFFICIALS

In fact, the *Constitutional Amendment Bill no. 2* seems to extend (through the backdoor) the term of the current elected officials whose term will have ended in August 2022; any extension of their term will only result in additional financial burden to the tax payer.

## III. CREATE UNCERTAINTY

The Kenyan voters signed a 5-year contract with all the elected officials on August 8th, 2017 whose end date is August of 2022 when the next general election shall be held. To extend the term would simply amount to extending the employment contracts without the consent of the employers (voters).

The Bill has not addressed the vacuum that will be created by the exit of elected officials as the *CoK 2010* does not address the proposed scenario, where all the following positions will be vacant for almost 5 months:

- a) President
- b) Deputy President
- c) Governor
- d) Deputy Governor
- e) Members of Parliament and
- f) Members of the county assemblies

**We therefore oppose the *Constitutional Amendment Bill No. 2* for the above grounds.**

## **A. Introduction**

1. The Kenya National Commission on Human Rights is an independent National Human Rights Institution created under Article 59 of the Constitution with a broad mandate to promote the culture and the respect of human rights in the Republic of Kenya. The operations of the Commission are guided by the United Nations Paris Principles on the establishment and functioning of Independent National Human Rights Institutions commonly referred to as the Paris Principles.
2. The Commission under Article 249 of the Constitution also has a mandate to secure observance of all state organs of democratic values and principles and to promote constitutionalism. One of the strategies pursued by the Commission to secure observance of all state organs of democratic values and principles is through the issuance of advisories. It is in this regard, that the Commission issues this advisory on proposed amendment to change the election date from Tuesday of the Second week in August to the third Monday in December every fifth year.
3. Article 10 of the Constitution requires all state organs to ensure they uphold constitutionalism and the rule of law whenever they make public policy decisions or interpret the Constitution. Article 2 underscores the supremacy of the Constitution and declares as invalid any action contrary to its dictates.
4. The repealed Constitution of Kenya, provided the term of office for a President to be 5 years and (s)he could only serve for two terms.<sup>1</sup> Unlike the current Constitution, there was no certainty on the date of the General election and no legal provision setting the exact date when a General Election would be conducted; the presidency and Electoral Commission would then set the general election in December every five years; the dates however varied.
5. The Constitution of Kenya, 2010 (Article 101(1) of the Constitution) provides that, '*A general election of members of Parliament shall be held on the second Tuesday in August in every fifth year; Articles 136(2)(a),177(1)(a) and 180(1) sets the same*

---

<sup>1</sup> S 9 Constitution of Kenya (Repealed).

election date for the President, Members of the County Assembly and the Governor respectively.

6. Various matters have previously been filed before the Courts to seeking clarification on the election date.<sup>2</sup> In the first case challenging the first election under the new Constitution (*John Harun Mwau & 3 others Attorney General & 2 others* [2012] eKLR and *Center for Rights Education and Awareness & 2 others v John Harun Mwau & 6 others* [2012] eKLR), the Courts upheld the date set by the Independent Electoral and Boundaries Commission (IEBC) of 4th March 2013 which was within sixty days after dissolution of Parliament (14th January 2013).

#### **B. The Proposed Bill**

7. The proposed Constitution of Kenya (Amendment) (No. 2) Bill, 2018 seeks to amend Articles 101 (1), 136 (2) (a), 177 (1) (a) and 180 (1) of the Constitution of Kenya by changing the existing date for the General Election for Members of Parliament, the President, Member of County Assembly and the County Governors from second Tuesday of August in every fifth year to third Monday in December in every fifth year.
8. The proposed amendment raises serious constitutional questions concerning the exercise of the right of every citizen to vote as enshrined under Article 38(2) as well as the term of the President, Members of Parliament, Members of County Assemblies and the County Governors. The Amendment also raises a critical question on the process of effecting the amendment pursuant to Chapter Sixteen of the Constitution.
9. The Memorandum of Objects and Reasons states that the amendment seeks to ensure that the date of elections reflects the unique circumstances and tradition of Kenya; restores the tourism high season; clarify the exact date of the next general elections and the term of the current Parliament. The Bill's Memorandum of Objects rationalises the proposed amendment as taking into account the challenges that most Kenyans face in trying to get time off their places of work and vote in their places of preference. Secondly, that the current date of conducting elections in August may

---

<sup>2</sup> In *Re The Matter of the Interim Independent Electoral Commission* [2011] eKLR; *John Harun Mwau & 3 others v Attorney General & 2 others* [2012] eKLR; *Andrew Kiplimo Sang Muge & 2 others v Independence Electoral and Boundaries Commission & another* [2017] eKLR.

disrupt the normal learning schedule of school going children especially the final examinations in the event of a re-run or a fresh election as evidenced in the repeat presidential election of 2017.

### **C. Amendment to the Constitution**

10. An amendment to the Constitution must be done in line with the provisions of Chapter sixteen of the constitution. Article 255 of the Constitution prescribes two ways in which the Constitution may be amended. The first method is by way of referendum if the amendments relate to:

- (i) The supremacy of the Constitution
- (ii) The territory of Kenya
- (iii) The sovereignty of the people
- (iv) The National Values and Principles of Governance referred to in Article 10 (2) (a) to (d)
- (v) **The Bill of Rights**
- (vi) **The term of office of the President** [Emphasis added]
- (vii) The independence of the Judiciary and the Commission and Independent Offices to which Chapter Fifteen applies
- (viii) The functions of Parliament
- (ix) The object, principles and structure of devolved governments
- (x) The provisions on amendment of the Constitution

11. Any other amendment relating to matters not listed within Article 255 (1) of the Constitution, may be amended through parliamentary initiative or by the people through a popular initiative.

12. The Constitution of Kenya (Amendment) (No.2) Bill, 2018 which seeks to amend the election date, from August to December effectively alters the term of office of Members of Parliament, the President, the County Governors and the Members of County Assemblies. In addition, the amendment has implication on the exercise of the right to vote as enunciated in Article 38 (2) of the Constitution- the Bill of Rights as the exercise of political rights is tied to the entire framework of participating in elections.

13. Article 255(1) of the Constitution prescribes that any amendment that has an effect on the term of the President, in this case extending the term (cumulatively to serve

five years and four months) must be subjected to a referendum. The Constitution must be read as a whole. The exercise of political rights should happen within the framework of the Constitution.

14. Moreover, the change of the election date to December will affect the ability of Kenyans to exercise their democratic right to vote. As stated in the statement of objects and reasons, 'the amendment seeks to restore the aspirations of a section of Kenyans who are not able to get time out of their busy schedules to take part in the general elections at their place of preference.' This is a right enshrined under the Bill of rights to which Article 255 should apply.

#### **D. Conclusion**

15. The Commission is neutral as to whether or not the election date should be changed and has no particular opposition to the change. However, and based on the foregoing, the Commission is categorical that the proposed amendment must be subjected to a referendum as required under the Constitution as it has implications on the term of the President and exercise of the right to free, fair and regular elections based on universal suffrage. This is what Article 255 demands.

16. In closing, the Commission further wishes to draw the attention of the House to the Court's recommendation in the case of *Andrew Kiplimo Sang Muge & 2 others v Independence Electoral and Boundaries Commission & another* [2017] eKLR in which the Court at Paragraph 50 pointed out on the need 'to amend the Constitution to align the tenure of the MCAs with that of the Members of Parliament and other elective state officers of the national and county governments, in order not only to remove the liability to pay for the remainder of the MCAs term of office that will always remain unexpired when elections are held as they must be on the second Tuesday of August of every fifth year'.

25.05.2018

The Chair,  
 Justice and Legal Affairs Committee,  
 P. O. Box 41842-00100  
 Nairobi.

Dear Hon. Mr. Cheptumo,

**Ref: Memorandum for Constitution of Kenya Amendment Bills; No 1 of 2018 and No. 2 of 2018**

This is a memorandum developed by Mzalendo Trust on certain provisions of the above Bill.

**Mzalendo Trust** is a non-partisan entity that keeps an eye on Kenyan Parliament with a mission to facilitate public participation in Parliamentary processes through Information Sharing, Research and Networking. Our vision is to see Informed, Empowered and Engaged citizens transforming society by holding their leaders to account.

At Mzalendo, we have embraced advancements in technology by utilizing social media, online and mobile platforms to promote public participation and get views from Kenyans on various issues affecting the country. One of our platforms is called DOKEZA ([www.dokeza.mzalendo.com](http://www.dokeza.mzalendo.com)). DOKEZA is an online website where selected Bills from Parliament are put up for comments, analysis and reactions from citizens, which inform memoranda that are submitted to inform, appraise or amend the Bills before they are passed.

It is based on these platform that we have generated information to address you as follows:

#### **1. ON THE TWO THIRD GENDER PROPOSAL**

At Mzalendo, we have always espoused and promoted constitutional principles. We would love to fully associate ourselves and support the proposed amendment to create special nomination seats to ensure the two third gender rule is reflected in Parliament. Our support is based on the following;

While the proposal is gender neutral, we acknowledge that its inspiration is based on the fact that women are not sufficiently represented in Parliament. The **current representation of 22% in the current Parliament is no reflection of the gender rule.**

Furthermore, history and voting analyses have proven that representation of women in Parliament cannot be achieved through direct elections. This is because of unequal power and socio-cultural beliefs that have made women bear the brunt of long historical disempowerment. We thereby submit that the creation of special seats is morally justifiable.

Constitutionally, the proposal is well within the confines of the constitution. The constitution provides under Article 100 as follows;

*Parliament shall enact legislation to promote the legislation in Parliament of [among others] (a) women*

The requirement is fortified in Article 27 (6) as follows;

*To give full effect to the realization of the rights guaranteed under this Article, the State shall take legislative and other measures, including affirmative action programmes and policies designed to redress any disadvantage suffered by individuals or groups because of past discrimination.*

Even more evident, is a direct obligation placed upon Parliament by the Constitution under Article 27 (8) that states as follows;

*In addition to the measures contemplated in clause (6), the State shall take legislative and other measures to implement the principle that not more than two-thirds for the members of elective or appointive bodies shall be of the same gender.*

This is a direct obligation placed on Parliament with a further requirement under the Fifth Schedule, and echoed by the Supreme Court Advisory Opinion No 2 of 2012, that Parliament needed to have complied with it within 5 years of the Constitution's enactment.

The peril that befalls our esteemed Parliament should it fail to comply with the provision was highlighted in *Centre for Rights Education and Awareness & 2 others v Speaker the National Assembly & 6 others [2017] eKLR*, where the court stated;

*Parliament's failure to enact the required legislation amounts to failure to recognize the important task conferred on the legislature by the Constitution to respect, protect, promote and fulfill the rights in the Bill of Rights.*

We believe that a Parliament that fails to reflect the spirit and enforce the obligations of the constitutional is unconstitutional itself and should not prevail. This position was illustrated in the above case when the court ruled,

*That it is further ordered that if Parliament fails to enact the said legislation within the said period of SIXTY (60) DAYS from the date of this order, the Petitioners or any other person shall be at liberty to petition the Honourable the Chief Justice to advise the President to dissolve Parliament.*

While this proposals are way after the courts and constitutional time limits, we elect to support you in this quest because we believe in building bridges to make our country better.

Even beyond our borders, we have a duty to align ourselves with international instruments which we are signatories of. Some of these instruments, which we shall not delve so much into require and support the proposal to have a Parliament that reflects the two third gender rule. They include, **Article 3 of the International Covenant on Civil and Political Rights, Article 2 of the International Covenant of Peoples and Political Rights, Article 3 of the Convention on Elimination of all forms of Discrimination Against Women, Article 2 of the African Charter on Human and Peoples' Rights**

We would however wish to firmly advice you as follows with regard to the amendment;

1. Should the proposal go through, the implementation mechanism to enforce it must also incorporate or reflect efforts to empower women to be able to compete and win Parliamentary positions even without affirmative action.
2. The criteria of those who will be nominated must be clearly set out and be objective. The nominees must be persons who will add value to the legislature. It must also reward those who have made substantial political, social and developmental progress.
3. Even though the implementation is welcome, it has always been an unquestionable truth that Parliament's wage bill is very high compared to other countries. We therefore wish to warn that the journey should be taken with an eye on rationalizing salaries for MPs.

## **2. ON THE CHANGE OF ELECTIONS FROM AUGUST TO DECEMBER**

We would love to support this position on the following grounds

- a. Most Kenyans travel upcountry for the Christmas festivities during December and having elections within this period reduces the need to travel only to vote. This is because most Kenyans also tend to vote upcountry.
- b. Most schools close in mid-November due to the national primary and secondary examinations. This period would give sufficient time for preparation of polling stations by IEBC, participation as election staff by persons in the education sector, as well as avoid campaign interference with students. It is evident that campaigns become intense during periods close to the elections.

Those are our humble submissions.

Sincerely,

Jessica Musila

**EXECUTIVE DIRECTOR**

**Subject:** Constitution of Kenya (Amendment)(No.2) Bill, 2018: Submission of Memoranda

Dear Sirs,

I note that the proposed day for the General Election shall be the 3rd Mon of every 5th Year.

I feel that's too close to Christmas and should the elections be delayed by circumstances beyond the IEBC, then the festive season shall be ruined.

Thus it's my submission that you reconsider pushing back the proposed date to the 1st or 2nd Mon of every 5th Year.

SUBMISSION FROM CHIMASIA NDETA (MR. DIRECTOR - "CHIMASIA NDETA FOUNDATION")

D EDUCATION :

The school calendar should begin in September, to run to 31<sup>st</sup> May the following year: for 9 months, with a two-week break to allow children to team up with their parents for X-mas Holidays.

Between June, July and August, the children <sup>to</sup> stay with their parents. This will give parents time to know their children characterwise. Our system is so distorted that the parents do not know their children deeply. Discipline has gone to the dogs in our children because of the on and off education system (i.e. April, August and December), children come home. The learning is interfered with; a week each as half-half. Educationists will tell you that everytime children come home, they return to school less the material they grasped in class before they came home. Psychologists know that a normal human being forgets every after 8 units of time. Therefore our children return to school raw, 6 times in a year. No wonder, education standards have dwindled!

Secondly, the budget is read in June and disbursement of funds comes not later than September sometimes ~~not~~ later than November. Authority to Incur Expenses (A-I E<sup>s</sup>) come and take time to mature, thus making schools to strain financially not forgetting other ministries.

② GENDER DISPARITY :

Boys are discriminated. The country is losing her males due to this. Girls' schools/institutions

are cared for like an egg. Boys' schools do not <sup>②</sup> benefit from most NGOs, our leaders etc etc. Compare the infrastructure in boys' and girls' schools. Most boys schools are ~~dist~~ dilapidated. Most rescue homes are for girls. No wonder we have more boys on the streets due to this - 'DISCRIMINATION'!

THANKS.

~~June~~

JUSTICE & LEGAL AFFAIRS

Suggestions

1. Elections to be taken to December due to the Kenya National Examinations which are always done between October and December. This will give students enough time to revise and do exams without much tension like last election 2017.
2. No candidate should be give privilege to intimidate others because he/she is still in power. When parliament is declared vacant then powers should be take off from those Seating MP.
3. After the term of the president is over it should be given to chief of defence/ chief Justice as campaigns continue to avoid injustices done by the Seating president who is using government Machinery to intimidate other candidates.
4.  $\frac{1}{3}$  gender rule is okay. This must be implemented with immediate effect.

Elect

## Recommendation By Chitanshu Mishra

1. Change of date of election to be December - article 101 (1) Be amended.
2. Quota gender rule (elaborate and formation by the parliament towards the membership of the National Assembly. Article 97 whereby the Constitution give 290 members - without creating special seat for women or men plus the Article 90 (the parties list Allocation. Question - Should the issue of gender be subjected to the parties or the parliament or should we increase the 290 members with a burden to the tax payers (parliament to create).
3. No referendum now but when Decision come then they should include the referendum in the election.
4. article 97 sub-1 clause (b) The forty seven women rep are they within the third gender? Explain to public.
- 5) Article 100 (1) person with disabilities has parliament elected the legislation.

Village Elder - I ~~started~~ <sup>recomend</sup> ~~recomend~~ that  
Village Elder should be paid a small  
Salary for the work done to the  
Community. All the money been stolen  
Corruption - Corruption. every day people  
are tired of the same.

RECOMMENDATIONS BY J. CHEGE MURUGI  
V. ELDER KAPSOYA WARD  
KINAKOI SUB-COUNTY,

RE: SUBMISSION OF MEMORANDA  
TO AMEND ARTICLES 101 (1) 136 (2) (a) 177 (a)  
AND 180 (1) OF THE CONSTITUTION OF KENYA

Dear Sir;

Reference is here-by made to  
the above referenced Memoranda, and  
as it was advertised in the Daily  
Nation of 20<sup>th</sup> 03 2018.

I therefore submit my personal  
views as requested.

DLS

to advise  
CMA  
27/3/18

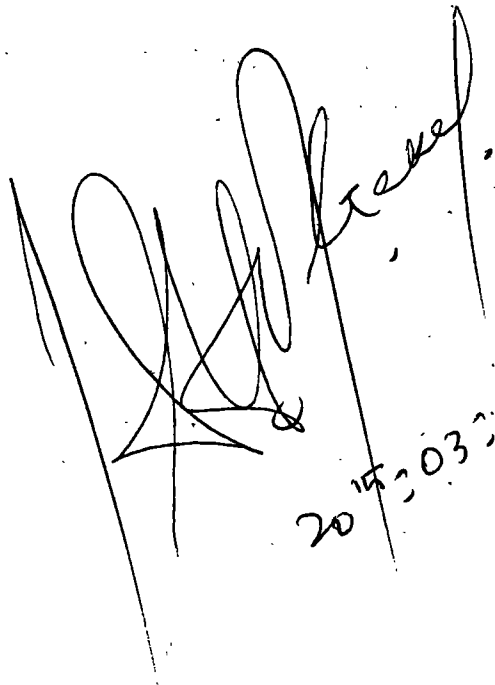

This Memoranda refers to "THE  
CONSTITUTION OF KENYA 2010 (AMENDMENT,  
BILL) (NO 2) BILL 2018 On Article 118 (1)  
(6) of the Constitution on parliament  
facilitating public participation and  
involvement on the Legislative and Other  
Businesses and its Various Committees.  
In effect this is to: AMEND ARTICLES  
1) 101 (1) 136 (2) (a) 177 (a) and 180 (1)  
of the Constitution by: "CHANGING THE  
EXISTING DATE FOR THE GENERAL  
ELECTIONS OF MEMBERS OF 1) PARLIAMENT  
2) THE PRESIDENCY 3) THE GOVERNORS  
4) THE SENATORS 5) THE M.C.A'S AND THE  
6) WOMEN REPRESENTATIVES — from the  
Second Tuesday of August of every  
five (5) years to the 13<sup>th</sup> Monday of  
December.

RECEIVED  
26 MAR 2018

So I forward to the Department  
Committee on Justice and Legal Affairs  
for Considerations and Report to the

Abhesh Dnyanesh Gokhe

20<sup>th</sup> 03<sup>rd</sup> 2018

House Pursuant to Article 118 (1) (b) and Standing Order 127 (3).

Sir; My personal Memoranda and views are based on the following Experiences and Observations of the just ended 2017 August elections and Repeat elections in 2017 "inter Alia".

1) There is a complete stand-still in both social, Economic, political and elsewhere - because (apart from religious <sup>Worshipper</sup> <sup>conduct</sup> <sup>undisturbed</sup>); all other Areas of our Nation's <sup>Operations</sup> come to a stagnation.

2) The Hullabaloo of Politics affect <sup>both</sup> for Losers and Winners is nearly the same - and when they are fighting e.g. in petitions and Counter petitions - THE COMMON MAN suffers as the saying goes "When two Bulls fight the grass-suffers"

3) Generally the Electioneering period creates a certain very Unique Animal <sup>istic</sup> behaviour in Us <sup>KENYANS</sup> - e.g. As people support or Unsupport different political parties and Aspirants. You see Sir, even my Mother of 80s, my Sister my wife, my Kids and Others of their ilk will go On and On and On On Uhuru, Raila, Mudavadi, Kalanzo and Wentangula even Nyagarama <sup>80thers</sup> whom they have never met NOR SEEN in their whole lives except the posters, Tv. pictures, Radio News and may-be me who at least met <sup>them</sup> or physically seen <sup>them</sup> (Live) Trying to woo them to VOTE for my Clinica - To

Abdesh Onyancha Gene  
ID. 0963572 | 63

 Gene  
20<sup>th</sup> 03, 2018

NO-Avail The Pros & cons, The attributes & non Attributes  
go on and on and ab initio -

4) The Disruption of Electioneering  
was more Mostly felt On 3 fronts

1. SECURITY

2. EDUCATION

3. BUSINESSES (Here in NYAMIRA

County) i.e. KEBIRIGO MKT & NYAMIRA TOWN.

1) ON SECURITY: All energies were and

by Security <sup>forces</sup> spent on trying to Quell the Heat and  
Hot Temperatures of Campaigning &

Riotous mobs. So the other several  
Security <sup>Areas</sup> in our <sup>ordinary</sup> affairs were neglected -

VERY SERIOUS "INDEED!!!!" Leave alone

the Day of Election ~~even~~ counting of  
votes and after math of Contesters  
bickerings and repeat Countings which  
took (in some places a whole week)

(Here please I will specifically mention  
our DEPUTY COUNTY COMMISSIONER  
MRS. MONICAH KANGETHE) whom, after

undergoing a very, very, very tedious  
and wearisome problems of Dealing  
with unruly & un-reliable IDPs - She was

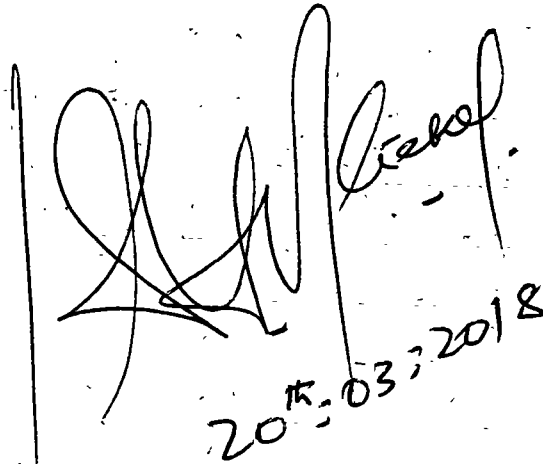

again

plunged into elections - Let me tell  
you Mr. Michael Siatai - The Lady looks  
10 year Older than I saw her in her  
office when newly posted to NYAMIRA  
County. So every-one involved was affected in one way  
or the other

2) EDUCATION: This one is obvious  
and was quite <sup>controlled</sup> taken of by DR. Fred  
Matiangi in both his (two (2) Roles.  
It affected the Parents, Teachers and  
above all Students, & Pupils of all  
Classes - Ages et al.

Yabbesh Dnyan cha Gera  
ID 09635721

63

A highly stylized handwritten signature in black ink, possibly reading 'Yabbesh Dnyan'.  
20<sup>th</sup> 03, 2018

3] ON BUSINESSES: The Worst Experience was during Campaigns - Most Campaigners and their Entourages Used to target Market Centres. There was a Complete Break-down of Free movement and destruction of Goods <sup>and SERVICES</sup> especially on Matatus ferrying ~~peop~~ passengers to and fro (whichever destinations they were heading). Road-side Mama mbogas, Hawkers and others were so much affected whenever any political party was in town - Here, I am talking about Nyamira town and Kebitiro market and I believe all over Kenya Nairobi Mombasa, Nakuru Kisumu and other Hot spot-Areas.

My Submissions therefore are below enumerated and suggested as follows:-  
 (a) The Electioneering period should be shortened to One week. You see any next Leader aspiring for a seat in 2022 should be on SHOW NOW up to then - Ditto !!!

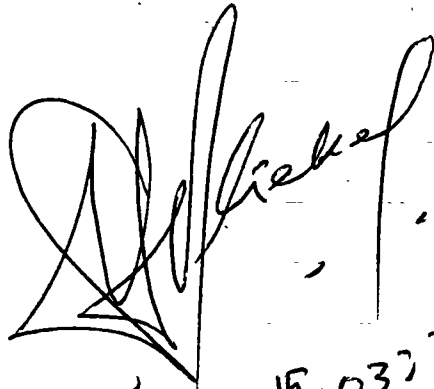

(b) With December <sup>Month</sup> day of Elections - I have no problem - ~~But~~ We KENYANS should be given Six-Days to vote for the Six Seats - Each Day for a particular seat - This AVOIDS the very <sup>e</sup>harrising experience of voting for all six <sup>seats</sup> at a go, and we will not see Security lapses Even Cheating or stealing or Even RIOTING.

(c) Every-candidate should visit every <sup>constituents</sup> for that matter more so

Yabbesh Onyancha Gera

W 09635721

manipulating the electoral process in favour of President Uhuru Kenyatta, has already seen some of the targeted companies, among them Safaricom, report serious disruption in services.

An equally worrying development to any established authority is NASA's mobilisation of supporters in its strongholds to form what it has designated as 'Peoples' Assemblies (PAs)

Already, a number of county assemblies have tabled and approved proposals for formation of PAs, with express authority to form and operate within the jurisdiction of those counties. Regardless of whether the PAs are constituted as legal, constitutional or not, the reality of their emergence cannot be dismissed offhand.

The formation of these so called peoples assemblies is a new phenomenon in Kenya's political parlance and one that begs for serious interrogation and scrutiny as its existence brings totally new dimensions to the whole political and

supports. NASA or Jubilee, the emergency of PAs is something the government must address clearly and unequivocally. Since independence a move of this magnitude has never been contemplated, leave alone undertaken by an opposition political faction in this country.

**Secession calls**

Closely related and equally troubling is the renewed and more forceful secession pressure that has been pronounced by unaffected counties in the Coast and Western Kenya. That the intensified secession debate has focused on the feeling of marginalisation and unequal distribution and sharing of the national cake in all its forms cannot be ignored.

It forms the most potent form of dissent against the Jubilee government, which has widely been accused of concentrating key and crucial appointments in government and direction of development energies and resources in areas and communities that support Jubilee.

by NASA that have had their business in Nairobi, Mombasa and Kisumu; forcing businesses closure for days on end.

These constitute serious threats to Kenya's nationhood that no government can sweep under the carpet or channel delegated responses through junior functionaries like government spokespersons. These are matters that demand direct, firm and unequivocal responses from none other than the president.

Regardless of whether politicians acknowledge it or not, their actions, whether intended or by default, have driven a wedge in the country's fabric and the president must assuage this situation as a matter of agency.

# ARE ALL AFRICANS BORN THIEVES? Then, Why Are All African Presidents Thieves?

Please decipher this Italian sentence in Ekegusii. "*Piche chinque il suo unigenito figliuolo affinché chiundue crede in Lui non perisca ma abbia vita eterna.*"

Shauri yako if you did not get it. However, in a nutshell, in Ekegusii it means, *Enehogu indotungi na emori yaye indotungi!* In English, "Like mother like daughter". It does not matter whether my interpretation is correct. After all, it is likely you are not an Italian. But it also means that if our presidents are thieves, we must all be thieves or have a propensity for thievery!

Now there you go, saying that I must be mad. Don't you know that mad men are the most honest and sincere people? Ok; then tell me why you voted for the person who bribed you or who is your relative or from your clan/tribe. Is that not, in other words, corruption, nepotism and bigotry/tribalism? Yet you claim these the very vices that are ruining this country. So, who is ruining the country?

In Gusii, we work on Tuesdays, Wednesdays and Thursdays - reserving the other days for funerals,

wednesdays and church activities. Thus, we only work for three days a week. This is stealing from ourselves. Yet we expect to become a rich community! God said we work for six days, but we are only working for three days. Is God therefore, to blame for our poverty?

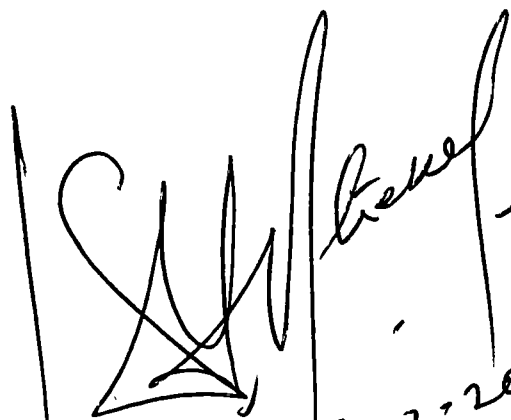

Even MCA, Hon Robinson Mocheche, who normally pays me for abusing him, can agree with me on the indolence of our people. As you all know, the workers in Gusii are the County Government workers. They work three days a week, but steal from the county coffers seven days a week! How can we expect any meaningful development from such parasites?

In most of Africa, men (both young and old) outnumber women as permanent idlers on any given working day and they dare call themselves husbands and fathers! On the other hand, our women are forever gossiping, even when they are pretending to work. In other words, our men are busy looting while the women are busy gossiping. All the while, their leaders are busy looting from them! Is this any wonder then why we remain poor and backward?

P/S; NB:

This is my latest column in the Gusii Chronicle magazine and can be Replicated Very many other Newspapers & Magazine

# This Crazy World!

## Thoughts about Me, You and the Animal World

Yes, the world is getting crazier and crazier. No, it is not just me that is crazy. Take my neighbour for example. He has been telling people that he was going to buy a camel because of its nutritious milk. But he just bought a cow the other day. *Kwani* he doesn't know the difference between a camel and a cow?

But first let introduce myself. My name is Yabbesh. That is my Seventh Day Adventist (SDA) name. The Catholics call me Mark or Marko or Mariko, depending on their level of education or westernisation. The Muslims know me as Yassin, though I do not remember being to a mosque.

Then there are those who argue whether being baptised in a swimming pool or a flowing river is better than the other. Shem, my Pastor and Mentor tells me it doesn't matter whether you get baptised in a heated swimming pool or a raging river. All that matters is the quality of your faith and practice.

God is not concerned about the nature of the water that you got baptised in but the purity of your thoughts and actions!

Some of you preach water and drink *chang'aa* and imagine their baptism automatically gives them a ticket to heaven.

I recently came face to face with a rhino or rhinoceros by its full name, yaani *ekeobiria!* It is a heavy majestic animal. God must have been in a generous mood when he created it, though I think he should have given it bigger eyes. That is not blasphemy, just an innocent opinion. The rhino looked at me suspiciously. I couldn't guess what it was thinking, but I felt scared and took off.

I am kind of comfortable with zebras. They are much cuter than

donkeys, but they are impossible to tame. So you can't have one for a pet.

Some people say they can't eat donkey meat. However those in Nakuru, Naivasha and Nairobi, often eat zebra meat in the guise of beef (cow meat). Who is crazy here? Is it those who stealthily slaughter zebra and sell them as cow meat or those who pretend or imagine they are eating cow meat when they are eating zebra meat?

In March and April this year (2017) I witnessed this herd of zebras crossing a certain river or swimming to another mainland. It was rather risky, considering that there were crocodiles in that river. So I wondered why they were taking that kind of risk. But I was not able to know what they were thinking or planning. In other words, I did not understand why they had to cross that dangerous river. However, on second thoughts, I asked myself what business of mine it was to understand their reason for crossing the river.

You realise most people are like that -- wanting to know about other people's or animals' affairs, when it really doesn't concern them. So I

left the zebras alone. Then I saw two female lions walking majestically with their cubs. Each lioness was being followed closely, but in no hurry or fear, by its respective cubs. The first with two

cubs and the other with three cubs: Really leaders, those lionesses. It

was as if they were displaying "BORN TO LEAD" posters. It reminded me of Women Reps.

Then I asked myself, "Why vote for a Woman Rep, when I am a man? These women are supposed to represent women interests, so technically as a man I have no business voting for any of them. However one of the contenders is my aunt and she wants me to not only vote for her but also campaign for her!

She promised to sponsor my boda-boda rides as I campaign for her. The idea sounds good, especially after getting my first KShs. 1,000. No sooner do I pocket the money, than my wife pops up from nowhere and demands a share of the money. Women!

Next time, I will tell you why marriage has been such a nightmare for me, and perhaps for a few other men.
