Kakamega County Rural Water and Sanitation Company Limited

Annual Report and Financial Statements for the year ended June 30, 2022

I. Key Entity Information

Background information

Kakamega County Rural Water and Sanitation Company Limited (KACRUWASCO) is a creation of the Kakamega County Water and Sanitation Services Act, 2021. It was incorporated on March 12, 2021 under the Companies' Act, 2015. The company is 100% owned by the County Government of Kakamega. The newly established company has eight (8) Directors as members of the Board (BOD), which is the highest decision-making organ of the company, with its head office currently located in Mumias town. The company is still in its initial phase of setting up its systems and structures to be fully suited to discharge its mandate as a Water Service Provider (WSP) as required by the national sector regulator, Water Services Regulatory Board (WASREB).

Principal activities of Kakamega County Rural Water and Sanitation Company

The services to be provided by the Company are as follows;

1. Provision of water and sanitation / sewerage services within Kakamega rural.
2. Operations and maintenance of water and sanitation facilities
3. Planning, design and development of water and sewerage infrastructure
4. Managing commercial operations (meter reading, billing, revenue collection, handling customer relations, efficient utilization of revenues)
5. Extending water distribution and sewer network, or sanitation services to increase coverage
6. Sourcing, treatment, storage, transmission and distribution of water
7. Collection, treatment and safe disposal of wastewater to regulatory standards
8. Conservation of water

Our Vision: To be the best rural water and sanitation services provider

Our Mission statement: To provide quality, reliable and sustainable water and sanitation services to our customers

Our values: The mission and vision of the company shall be realized by embracing the following core values;

- Customer focus
- Innovation
- Professionalism

IV. Chairman's Statement

It is with great honour on behalf of the Board of Directors, staff of Kakamega Rural Water and Sanitation Company limited (KACRUWASCO), the County Government of Kakamega and our esteemed stakeholders to present our financial report of the company for the year ended 30th June 2022.

Our mandate as a company is to ensure provision of water and sanitation services within our area of jurisdiction. Our first priority after achievement of this milestone is to acquire the license from the sector regulator, WASREB so that we discharge our mandate with full legal status and to enable us opportunities for resources mobilization.

Currently, the situation of water and sanitation services in our service area and is not satisfactory. Our supply is far below the daily demand, no adequate sanitation and we start from a point of non-existence of sewerage infrastructure. Water production facilities are broken down and are not adequately repaired and maintained to assure their design capacity. We also need properly trained, experienced and motivated workforce who can live up to the challenges of today. Consequently, the urgent need to reverse the inadequate water problem cannot be overemphasized.

We are extremely grateful to the County Government of Kakamega through the Governor for making this Company autonomous and to finance its operations at its initial stage as it works to be self-sustaining.

I look forward to more cooperation that will enable the company to improve its service delivery.

Thank you.

Mr. Peter Khamusali Ingosi
CHAIRMAN OF THE BOARD

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

V. Report Of the Managing Director

It is my obligation to present to you the business performance highlights for the year ended 30th June 2022 and give insights to key areas of our operations that underlies the reported financial performance.

In 2021, the County Government of Kakamega, while exercising its devolved function in respect of water services provision according to the Water Act 2016, decided to form KACRUWASCO to compliment the services of Kakamega County Water and Sanitation Company. This was done to accelerate achievement of water service coverage in the larger areas falling outside of Kakamega town and the several townships and urban centres within our County. Our area of service is not yet fully determined but is approximately 2,100 square kilometres, with a population estimated at 1.774 million people.

Strategic plan and business plan

The company developed a five-year strategic plan and business plan to give guidance and direction on where the company wishes to be and how to. The management takes key interest in all aspects to ensure that our vision and mission is achieved.

Internet connectivity

The company has installed internet in its headquarter offices which greatly helps to improves operations of the company especially in matters billing. In years to come the internet connectivity could be spread to the other schemes in the company.

Billing system

The company has moved from manual billing to system billing. A billing system, Sulis was procured and successfully installed. Efficiency in billing has been enhanced and billing related complaints have greatly reduced.

License application

Acquiring a license from Water Services Regulatory Board (WASREB) gives the company authority and mandate to operate. The management has already submitted application for the license from the governing authority. Thereafter a tariff negotiation will be done.

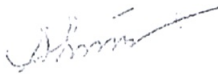

Benchmarking

Being a new company, the board and its management saw the need to benchmark with similar water companies so as to learn and adopt good practices of operations.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

On behalf of management, I wish to thank the Board of Directors of Kakamega County Rural Water and Sanitation Company for its prudence, guidance and direction to the business and employees. I wish to express my appreciation to the entire staff for their dedication and support to the Company and its processes.

I also appreciate our customers for the unwavering support to the company. As we work together as a team, KACRUWASCO will be great. God bless KACRUWASCO, God bless Kenya

Mr. Fredrick Atwa
Managing Director

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

VI. Statement Of Performance Against Predetermined Objectives for FY 2021/2022

Seven key strategic objectives have been developed in this Strategic Plan together with a number of strategic activities required to achieve each strategic objective.

This is illustrated in the table below;

Strategic Objective No.1	To improve water services coverage from 35 % in 2022		Achievements
Strategies	1.1	Develop a Water Master Plan for Kakamega County overall -Project development plans	Master plan is in place at the county level.
	1.2	Develop a Sewer Master Plan for Kakamega Rural Jurisdiction - Project development plans	No sewer plan in place yet
	1.3	Augment/ rehabilitate/renew existing water supply schemes (10 No) to improve production from 887 m ³ / day to 1,187 m ³ / day in 2022.	Rehabilitated two schemes
	1.4	Complete the construction and commissioning of the Lumino Dam project to increase production by additional 3,000 m ³ per day and Lwakhupa Water supply project by additional 750 m ³ per day by end of 2022.	The two projects were completed and operational
	1.5	Complete the construction and commissioning of the Mungakha Water Project to increase production by additional 168 m ³ per day by end of 2022.	Completed and operational
	1.6	Increase water supply production by additional 9,000 m ³ /day by 2026, through construction and commissioning of three (3) Water supply projects within the 3 regions (subject to feasibility study)	Misango, Musembe and Lwakhupa complete and operational
	1.7	Distribution pipelines, storage/break pressure tanks and customer reticulation network	Pipeline distribution commenced and it is a continuous process
	1.8	Introduce Exhauster services to manage septic waste sites to dispose from 150 premises in 2022.	No exhauster services yet
Strategic Objective No.2	To be a commercially viable water and sanitation services company		
Strategies	2.1	Undertake commercial viability and sustainability studies for the Company	With support from KIWASH, we have done for three schemes namely Musembe, Lumino and Navakholo
	2.2	Support implementation of recommended strategies to increase capacity, viability and sustainability of the company.	Strategies to increase capacity and sustainability of the company have been implemented
	2.3	Increase number of customers from 2700 to 3500 by end of 2022	Customers increased to 3000
	2.4	Develop and adopt a new Water and sewer tariff	Yet to adopt water and sewer tariff

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

	2.5	Purchase and install suitable customer water meters progressively as follows; 3,450 meters in 2022	No meter installed as at June 2022
	2.7	Embrace ICT in billing and revenue management.	Sulis billing system has been incorporated.
	2.8	Improve water revenue collection from average Kshs 200,000 per month in February 2022 to Kshs 500,000 per month in 2022	Increased revenue collection to Kshs 500,000
	2.9	Progressively reduce the number of customers on flat rate to nil by 2023 with installation of meters using innovative methods	No meter installed as at June 2022
Strategic Objective No.3	To achieve sound Operations and Maintenance Practices for improved efficiency		
	3.1	Undertake continuous training of staff in water supply operations and plant maintenance (KEWI courses)	Staff training done across all the schemes
	3.2	Recruit qualified technical staff from 2022-2024	No staff recruited but qualified staff are seconded from KACWASCO and the county government from time to time
	3.3	Outsourcing relevant technical services where necessary, eg pump servicing	Technical services are outsourced on need basis
	3.4	Adoption of modern technology in O & M, eg solar, biogas, and automation	Hybrid solar system across all the water supplies to replace electricity
	3.5	. Procure 3 No Pick-up vehicle for O & M functions	No motor vehicle procured in the financial year
	3.6	Procure 7 No motor cycles for O & M activities (Two per each Region & one for HQ)	Received 10 motor cycles through donation from the county government and have serviced and maintained therefore no need to procure the same
Strategic Objective No.4	To achieve progressive improvement of water and sanitation services to from 2,750 water customers to reach 4,000 water customers and 1,000 sanitation customers by 2022		
	4.1	Increase water distribution network by completion and commissioning of Matunda Water Project, Lumino Dam Water Supply Project, Mungakha Water Supply Project to cover additional 130 km	Completed and commissioned except for Matunda water project
	4.2	Facilitate customer service lines by 130 km to serve additional 7,000 customers in Matunda (2,000), Lumino dam area (2,000),Lwakhupa (2,000) and Mungakha area (1,000).	Customer service lines done across all the three except Matunda water project
	4.3	Increase sewer network from Nil in 2022 to 10 km in 2026 in townships to improve safe disposal and protect the environment.	No sewer services yet

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

VII. Corporate Governance Statement

The Company is governed by the Board of Directors comprising of Eight (8) including the Chief Executive Officer. The Board does not have a Company Secretary. The operational day-to-day management is the responsibility of the corporate management team (CMT) headed by the Managing Director under supervision of the Board of Directors.

The role of the BOD is to provide policy guidelines for the management of the company. It has the responsibility to establish and maintain full and effective control over the strategic, financial and operational direction of the company as well as ensuring compliance with company policies and procedures.

The Board has delegated its functions to three committees, namely;

1. Finance & Human Resource Committee
2. Technical Committee
3. Audit Committee

It is proposed that the Technical committee be renamed; Strategy, Technical and Business Development Committee.

The committees report to the Full Board, which is chaired by the Company Chairman, who is the overall head of the Board of Directors and the Company.

Board Meetings

The Board holds meetings on a quarterly basis while special meetings are called when it is deemed necessary to do so in order to handle a back log or an urgent matter that cannot otherwise await a normal Board meeting.

Committees of the Board

The Board has set up the following Board Committees which meet under well-defined terms of reference set by the Board. This is intended to facilitate efficient decision making of the Board in the discharge of its mandate and obligations;

(i) Audit and Risk Committee

The Board Audit Committee by extension is mandated to ensure the fulfilment of corporate governance practices as outlined in the Mwongozo code of governance for Companies.

(ii) Finance Committee

The committee assists the Board in fulfilling its oversight responsibilities relating to the Company's finance, procurement, investment strategies, monitor project implementation and related activities.

(iii) Technical Committee

The Committee assists the Board in fulfilling its oversight activities such as Non-Revenue Water, Water quality, monitor production, network expansion and maintenance and related activities.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

IX. Environmental and Sustainability Reporting

Kakamega County Rural Water and Sanitation Company recognize its obligations to act responsibly, ethically and with integrity in its dealings with staff, customers, neighbours and the environment as a whole. We remain firmly committed to courses that positively impact our society and influence sustainability of our business. In the coming years, we wish to grant our support through CSR activities e.g. supporting the less fortunate and vulnerable members of society and tree planting.

To this end: -

1. The Company plans to have a separate environmental policy statement clarifying its commitment to delivering a net positive impact on the environment.
2. The Company will establish a Corporate Social Responsibility budget line within its annual budget through which it supports its social responsibility objectives.
3. The company plans to undertake annual health and safety workplace audits
4. Ethically the Company is committed to doing the right things, conducting ourselves in a legal, ethical and trust worthy manner.

The company is committed to upholding our regulatory obligations

VIII. Management Discussion and Analysis

a) Net loss

This net loss for the financial year was contributed to by the low sales and the increased cost of Operation and Maintenance during the financial year

b) Sales

The company realized sales of Kshs 5,468,874 during the financial year.

c) Cost of Sales

Electricity cost during the year was Kshs 1,866,799 since most of the schemes use pumping. Chemicals were not used in the schemes that were being operated during the year.

d) Strategic and Business Plans

The company successfully developed and validated a strategic and business plans which will give a roadmap and guide the company to achieve its short and long term goals.

e) Schemes

More viable schemes are to be taken up so as to improve the revenues for the company in order for it to meet its operation and maintenance cost and the personnel cost.

f) Billing system

There was a need to acquire a billing system so as to improve on efficiency. An automated system helps to reduce errors and other human related inefficiency which are brought about through manual billing.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

X. Report Of the Directors

The Directors submit their report together with the audited financial statements for the year ended as at June 30th, 2022 which shows the state of Kakamega County Water and Sanitation Company (KACRUWASCO) affairs.

Principal activities of KACRUWASCO

The services to be provided by the Company are as follows;

1. Provision of water and sanitation / sewerage services within Kakamega rural.
2. Operations and maintenance of water and sanitation facilities
3. Planning, design and development of water and sewerage infrastructure
4. Managing commercial operations (meter reading, billing, revenue collection, handling customer relations, efficient utilization of revenues)
5. Extending water distribution and sewer network, or sanitation services to increase coverage
6. Sourcing, treatment, storage, transmission and distribution of water
7. Collection, treatment and safe disposal of wastewater to regulatory standards
8. Conservation of water

i) Results

The results of the company for the year ended June 30, 2022 are set out on page 1 to 3

Below is summary of the profit or loss made during the year.

ii) Dividends

The board has not recommended the payment of dividend to shareholders in order to strengthen the Company's financial position and improve our growth prospects since it is still a new company.

iii) Directors

The members of the Board of Directors who served during the year are shown on page v. In accordance with *Regulation of the company's Articles of Association*.

iv) Auditors

The Auditor General is responsible for the statutory audit of the company in accordance with article 229 of the Constitution of Kenya and the Public Audit Act 2015 for the period ended June 30, 2022.

XI. Statement Of Directors' Responsibilities

Section 164 of the Public Finance Management Act, 2012 and companies Act 2015 require the Directors to prepare financial statements in respect of that Company, which give a true and fair view of the state of affairs of the Company at the end of the financial year/period and the operating results of the Company for that year/period. The Directors are also required to ensure that the Company keeps proper accounting records which disclose with reasonable accuracy the financial position of the Company. The Directors are also responsible for safeguarding the assets of the Company.

The Directors are responsible for the preparation and presentation of the Company financial statements, which give a true and fair view of the state of affairs of the Company for and as at the end of the financial year (period) ended on June 30, 2022.

This responsibility includes:

- (i) Maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period;
- (ii) Maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the company;
- (iii) Designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud;
- (iv) Safeguarding the assets of the Company;
- (v) Selecting and applying appropriate accounting policies; and
- (vi) Making accounting estimates that are reasonable in the circumstances.

The Directors responsibility for the Company financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Financial Reporting Standards (IFRS), and in the manner required by the PFM Act, 2012, water act 2016 and companies Act 2015.

The Directors are of the opinion that the Company's financial statements give a true and fair view of the state of Company's transactions during the financial year ended June 30, 2022, and of the Company's financial position as at that date. The Directors further confirm the completeness of the

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

accounting records maintained for the Company, which have been relied upon in the preparation of the company financial statements as well as the adequacy of the systems of internal financial control. Nothing has come to the attention of the Directors to indicate that the Company will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

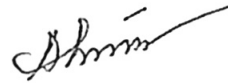

The company financial statements were approved by the Board on 15/09/2022 and signed on its behalf by:

REPORT OF THE AUDITOR-GENERAL ON KAKAMEGA COUNTY RURAL WATER AND SANITATION COMPANY LIMITED FOR THE YEAR ENDED 30 JUNE, 2022

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure Government achieves value for money and that such funds are applied for the intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment and the internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Kakamega County Rural Water and Sanitation Company Limited set out on pages 1 to 48 which comprise of the statement of financial position as at 30 June, 2022, and the statement of profit or loss and

Report of the Auditor-General on Kakamega County Rural Water and Sanitation Company Limited for the year ended 30 June, 2022

other comprehensive income, statement of changes in equity, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of Kakamega County Rural Water and Sanitation Company Limited as at 30 June, 2022, and of its financial performance and its cash flows for the year then ended, in accordance with International Financial Reporting Standards and comply with the Public Finance Management (County Governments) Act, 2012 and the Companies Act 2015.

Basis for Qualified Opinion

1. Material Uncertainty Related to Going Concern

The statement of profit or loss and other comprehensive income reflects a loss of Kshs.3,104,145. Further, the statement of financial position reflects current liabilities of Kshs.10,845,187 which exceeds current assets of Kshs.7,107,901 by Kshs.3,737,286. This is an indication of the existence of material uncertainty which casts doubt on the Company's ability to continue to operate as a going concern and meet its obligations as and when they fall due.

In the circumstances, the continued ability of the Company to continue to operate is dependent on continued County Government support.

2. Unsupported Ordinary Shares

The statement of financial position reflects ordinary share capital balance of Kshs.100,000 as disclosed in Note 19 to the financial statements. However, Note 19 indicates that the Company has 50 authorized, issued and fully paid up ordinary shares of Kshs.200 per value each translating to a share capital balance of Kshs.10,000. The variance of Kshs.90,000 has not been explained or reconciled. Further, copies of share certificates were not provided to support the balance.

In the circumstances, the accuracy and completeness of ordinary share capital balance of Kshs.100,000 could not be confirmed

3. Unsupported Investment

The statement of financial position reflects a balance of Kshs.100,000 in respect of investments which, as disclosed in Note 16 to the financial statements, relates to additions to investment shares during the year. However, copies of share certificates to support the balance were not provided for audit.

In the circumstances, the accuracy and completeness of the investments balance of Kshs.100,000 could not be confirmed.

4. Unsupported Property, Plant and Equipment Balance

The statement of financial position reflects a balance of Kshs.430,606 in respect of property, plant and equipment which, as disclosed Note 14 to the financial statements includes Kshs.272,200 relating to computers and related equipment. However, supporting documents including stores register, goods received note and issue vouchers, bin cards, delivery notes, inspection and acceptance committee report and stores ledger were not provided for audit.

In the circumstances, the accuracy and completeness of the property, plant and equipment balance of Kshs.430,606 could not be confirmed.

The audit was conducted in accordance with the International Standards for Supreme Audit Institutions (ISSAIs). I am independent of the Kakamega County Rural Water and Sanitation Company Limited Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Emphasis of Matter

Budgetary Control and Performance

The statement of comparison of budget and actual amounts reflects receipts budget and actual on comparable basis amounts of Kshs.71,576,879 and Kshs.24,990,553 respectively, resulting to under-funding of Kshs.46,586,326 or 65% of the budget. Similarly, the Company expended Kshs.28,094,697 against an approved budget of Kshs.71,576,879 resulting to under-expenditure of Kshs.43,482,182 of 61% of the budget.

The under-funding and under-performance affected the planned activities and may have impacted negatively on service delivery to the public.

My opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Non-Revenue Water

Review of water records revealed that during the year under review, the Company produced 393,597 cubic meters of water valued at Kshs.9,412,652. However, out of this production only 228,685 cubic meters valued at Kshs.5,468,874 were billed, as reflected in the statement of profit or loss and other comprehensive income, resulting to an unaccounted for 164,912 cubic meters or 42 % of water valued at Kshs.3,943,778 representing non - revenue water. The loss of 42% of water was above the 25% threshold allowed by the Water Service Regulatory Board (WASREB). No justifiable explanation was provided for the 17% excess loss through unaccounted for water.

In the circumstances, Management was in breach of the law.

2. Use of Outdated Tariff Structure

Under Report of the Managing Director, it has been indicated under license application that the Company is yet to negotiate for and adopt new tariffs approved by Water Services Regulatory Board (WASREB). Instead, the Company is using outdated tariffs inherited from the defunct Kakamega-Busia Water Company Limited. This was contrary to Section 72 of Water Act, 2016 which requires Water Services Regulatory Board (WASREB) to evaluate and recommend water and sewerage tariffs to the County water services providers and approve the imposition of such tariffs in line with consumer protection standards.

In the circumstances, Management was in breach of the law.

3. Late Submission of Financial Statements

The financial statements of the Company for the year ended 30 June, 2022 were submitted to the Auditor-General on 18 September, 2023, which is 12 months after the statutory deadline of 30 September, 2022. This was contrary to Section 47(1) of the Public Audit Act, 2015 which requires financial statements of a public entity to be submitted to the Auditor-General within three months after the end of the fiscal year to which the accounts relate.

In the circumstances, Management was in breach of the law.

4. Lack of Approved Budget

Management did not provide the approved budget for the year under review. This is contrary to Regulation 30(8) of the Public Finance Management (County Governments) Regulations, 2015 which requires County Government entities to prepare and submit annual budgets to the respective County Assemblies for approval. In addition, the source and approval of the amounts reflected in the statement of comparison of budget and actual amounts could not be confirmed.

In the circumstance, Management was in breach of the law.

The audit was conducted in accordance with the International Standards for Supreme Audit Institutions (ISSAI) 4000. The Standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON THE EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance section of my report, I confirm that, nothing else has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

1. Lack of Risk Management Policy and Strategy

The Company Management had not put in place risk management policy, strategies, and risk register to mitigate against risk. It was, therefore, not clear how Management manages risk exposures. This is contrary to Regulation 158 (1)(a) and (b) of the Public Finance Management (County Governments) Regulations, 2015 which requires the Accounting Officer to ensure that the county government entity develops risk management strategies, which include fraud prevention mechanism; and the county government entity develops a system of risk management and internal control that builds robust business operations.

In the circumstances, the existence of effective risk management measures could not be confirmed.

2. Lack of an Effective Internal Audit Function and an Audit Committee of the Board

The Company has not established an effective internal audit function and an Audit Committee of the Board. This is contrary to Section 155 of the Public Finance Management Act, 2012 which provides for the establishment of the internal audit function and an Audit Committee of the Board. As such the Company did not benefit from the assurance and advisory services from the internal audit function as well as oversight from the Audit Committee.

In the circumstances, the effectiveness of internal controls could not be confirmed.

3. Lack of Scheme of Service

The Company did not have an approved scheme of service detailing job grading structure, job descriptions and appointment specifications, standards for recruitment, training, advancement, career planning and succession management across the various cadres as established.

In the circumstances, the qualifications for applicants to fill the positions established within the Company organizational structure could not be confirmed.

The audit was conducted in accordance with the International Standards of Supreme Audit Institutions (ISSAIs) 2315 and 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by the Companies Act, I report based on my audit, that:

- i. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit;
- ii. In my opinion, adequate accounting records have been kept by the Company, so far as appears from the examination of those records; and,
- iii. The Company's financial statements are in agreement with the accounting records and returns.

Responsibilities of Management and Board of Directors

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management is aware of the intention to liquidate the Company or to cease its operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements comply with the authorities which govern them and that public resources are applied in an effective way.

The Board of Directors is responsible for overseeing the Company's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken because of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal controls in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal controls would not necessarily disclose all matters in the internal controls that might be material weaknesses under the ISSAIs. A material weakness is a condition in

Report of the Auditor-General on Kakamega County Rural Water and Sanitation Company Limited for the year ended 30 June, 2022

which the design or operation of one or more of the internal controls components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal controls may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the Company's policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Company to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and where applicable, related safeguards.

FCPA Nancy Gathungu, CBS
AUDITOR-GENERAL

Nairobi

The company did not receive all the grants from the County Executive of ksh 48,921,879 causing under collection of revenue by 65%

The company did not have supplementary budget

XVIII. Notes to the Financial Statements

1. General Information

Kakamega County Rural Water and Sanitation Company Ltd is established by and derives its authority and accountability from Company Act (486). The Company is wholly owned by the Kakamega County Government and is domiciled in Kenya. The Company's principal activity is provision of water and sanitation services within the rural areas in Kakamega County.

For Kenyan Companies Act reporting purposes, the balance sheet is represented by the statement of financial position and the profit and loss account by the statement of profit or loss and other comprehensive income in these financial statements.

2. Statement of Compliance and Basis of Preparation

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Financial Reporting Standards (IFRS) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying the Company's accounting policies.

The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the Company. The figures are rounded to the nearest Kenyan shilling.

The financial statements have been prepared in accordance with the PFM Act, the State Corporations Act, Water Act 2016 and the Company's Act and International Financial Reporting Standards (IFRS). The accounting policies adopted have been consistently applied to all the years presented.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

3. Application of New and Revised International Financial Reporting Standards (IFRS)

i. New and amended standards and interpretations in issue effective in the year ended 30 June 2022

Title	Description	Effective Date
Amendments to IAS 16 titled Property, Plant and Equipment: Proceeds before Intended Use (issued in May 2020)	The amendments, applicable to annual periods beginning on or after 1 January 2022, prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing an asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in profit or loss	The amendments are effective for annual periods beginning on or after January 1, 2022. Early application is permitted.
Amendments to IAS 37 titled Onerous Contracts - Cost of Fulfilling a Contract (issued in May 2020)	The amendments clarify that for the purpose of assessing whether a contract is onerous, the cost of fulfilling the contract includes both the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts. They are effective for contracts for which an entity has not yet fulfilled all its obligations on or after 1 January 2022.	The amendments are effective for annual periods beginning on or after January 1, 2022. Early application is permitted
Amendment to IFRS 1 titled Subsidiary as a First-time Adopter	The amendment, applicable to annual periods beginning on or after 1 January 2022, provides a subsidiary that becomes a first-time adopter later than its parent with an exemption relating to the measurement of its assets and liabilities. The exemption does not apply to components of equity.	The amendments are effective for annual periods beginning on or after January 1, 2022. Early application is permitted.

Annual Report and Financial Statements for the year ended June 30, 2022

Title	Description	Effective Date
Amendment to IFRS 9 titled Fees in the '10 per cent' Test for Derecognition of Financial Liabilities	The amendment, applicable to annual periods beginning on or after 1 January 2022, to IFRS 9 clarifies the fees that a company includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability.	The amendments are effective for annual periods beginning on or after January 1, 2022. Early application is permitted
Amendment to IAS 41 titled Taxation in Fair Value Measurements (issued in May 2020 as part of the Annual Improvements to IFRS Standards 2018-2020)	The amendment, applicable to annual periods beginning on or after 1 January 2022, to IAS 41 removed the requirement to exclude taxation cash flows when measuring fair value. This amendment aligned the requirements in IAS 41 on fair value measurement with those in other IFRS	The amendments are effective for annual periods beginning on or after January 1, 2022. Early application is permitted.

The Directors have assessed the applicable standards and amendments. Based on their assessment of impact of application of the above, they do not expect that there will be a significant impact on the company's financial statements.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Application of New and Revised International Financial Reporting Standards (IFRS)

ii. **New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2022.**

Title	Description	Effective Date
IAS 1 — Presentation of Financial Statements	IAS 1 "Presentation of Financial Statements" sets out the overall requirements for financial statements, including how they should be structured, the minimum requirements for their content and overriding concepts such as going concern, the accrual basis of accounting and the current/non-current distinction. The standard requires a complete set of financial statements to comprise a statement of financial position, a statement of profit or loss and other comprehensive income, a statement of changes in equity and a statement of cash flows.	The amendments are effective for annual periods beginning on or after January 1, 2023. Earlier application is permitted.
Amendments to IAS 1 titled Classification of Liabilities as Current or Non-current (issued in January 2020)	The amendments, clarify a criterion in IAS 1 for classifying a liability as non-current: the requirement for an entity to have the right to defer settlement of the liability for at least 12 months after the reporting period.	The amendments are effective for annual periods beginning on or after January 1, 2023. Earlier application is permitted.
Amendments to IAS 1 titled Disclosure of Accounting Policies (issued in February 2021)	The amendments, applicable to annual periods beginning on or after 1st January 2023, require entities to disclose their material accounting policy information rather than their significant accounting policies	The amendments are effective for annual periods beginning on or after January 1, 2023. Earlier application is permitted.

Title	Description	Effective Date
IAS 12 — Income Taxes	IAS 12, "Income Taxes" implements a so-called 'comprehensive balance sheet method' of accounting for income taxes which recognizes both the current tax consequences of transactions and events and the future tax consequences of the future recovery or settlement of the carrying amount of an entity's assets and liabilities. Differences between the carrying amount and tax base of assets and liabilities, and carried forward tax losses and credits, are recognized, with limited exceptions, as deferred tax liabilities or deferred tax assets, with the latter also being subject to a 'probable profits' test.	The amendments are effective for annual reporting periods beginning on or after January 1, 2023. Early adoption is permitted.
IAS 8- Accounting Policies, Errors and Estimates	The amendments, applicable to annual periods beginning on or after 1st January 2023, introduce a definition of 'accounting estimates' and include other amendments to IAS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates.	The amendments are effective for annual reporting periods beginning on or after January 1, 2023. Early adoption is permitted.

The Directors do not plan to apply any of the above until they become effective. Based on their assessment of the potential impact of application of the above, they do not expect that there will be a significant impact on the company's financial statements.

iii. Early adoption of standards

The entity did not early – adopt any new or amended standards in year 2021/2022

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continues)

4. Summary of Significant Accounting Policies

The principle accounting policies adopted in the preparation of these financial statements are set out below:

a) Revenue recognition

Revenue is measured based on the consideration to which the entity expects to be entitled in a contract with a customer and excludes amounts collected on behalf of third parties. The entity recognizes revenue when it transfers control of a product or service to a customer.

- i) Revenue from the sale of goods and services** is recognised in the year in which the Company delivers products/services to the customer, the customer has accepted the products/services and collectability of the related receivables is reasonably assured.
- ii) Grants from Government Entities** are recognised in the year in which the Company actually receives such grants. Recurrent grants are recognized in the statement of comprehensive income. Development/capital grants are recognized in the statement of financial position and realised in the statement of comprehensive income over the useful life of the assets that has been acquired using such funds.
- iii) Finance income** comprises interest receivable from bank deposits and investment in securities, and is recognised in profit or loss on a time proportion basis using the effective interest rate method.
- iv) Dividend income** is recognised in the income statement in the year in which the right to receive the payment is established.
- v) Rental income** is recognised in the income statement as it accrues using the effective interest implicit in lease agreements.
- vi) Other income** is recognised as it accrues.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

b) In-kind contributions

In-kind contributions are donations that are made to the Company in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment, utilities or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Company includes such value in the statement of comprehensive income both as revenue and as an expense in equal and opposite amounts; otherwise, the contribution is not recorded but disclosed.

c) Property, plant and equipment

All categories of property, plant and equipment are initially recorded at cost less accumulated depreciation and impairment losses.

Certain categories of property, plant and equipment are subsequently carried at re-valued amounts, being their fair value at the date of re-valuation less any subsequent accumulated depreciation and impairment losses. Where re-measurement at re-valued amounts is desired, all items in an asset category are re-valued through periodic valuations carried out by independent external valuers.

Increases in the carrying amounts of assets arising from re-valuation are credited to other comprehensive income. Decreases that offset previous increases in the carrying amount of the same asset are charged against the revaluation reserve account; all other decreases are charged to profit or loss in the income statement. Gains and losses on disposal of items of property, plant and equipment are determined by comparing the proceeds from the disposal with the net carrying amount of the items, and are recognised in profit or loss in the income statement.

Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

d) Depreciation and impairment of property, plant and equipment

Freehold land and capital work in progress are not depreciated. Capital work in progress relates mainly to the costs of ongoing but incomplete works on buildings and other civil works and installations.

Depreciation on property, plant and equipment is recognized in the income statement on a straight-line basis to write down the cost of each asset or the re-valued amount to its residual value over its estimated useful life. The annual rates in use are:

Item	Years	Rates
Buildings and civil works	25	2,5%
Plant and machinery	12.5	12.5%
Motor vehicles, including motor cycles	4	25%
Computers and related equipment	3	33.3%
Office equipment, furniture and fittings	12.5	12.5%

depreciation charge is calculated from the date of purchase of assets.

Items of property, plant and equipment are reviewed annually for impairment. Where the carrying amount of an asset is assessed as greater than its estimated recoverable amount, an impairment loss is recognised so that the asset is written down immediately to its estimated recoverable amount.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

e) Intangible assets

Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

f) Amortisation and impairment of intangible assets

Amortisation is calculated on the straight-line basis over the estimated useful life of the intangible asset. All intangible assets are reviewed annually for impairment. Where the carrying amount of an intangible asset is assessed as greater than its estimated recoverable amount, an impairment loss is recognized so that the asset is written down immediately to its estimated recoverable amount.

g) Investment property

Investment property, which is property held to earn rentals and/or for capital appreciation (including property under construction for such purposes), is measured initially at cost, including transaction costs. Subsequent to initial recognition, investment property is measured at fair value. Gains or losses arising from changes in the fair value of investment property are included in profit or loss in the period in which they arise. An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognized.

Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

h) Right of Use Asset

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses. Whenever the entity incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognized and measured under IAS 37. To the extent that the costs relate to a right-of-use asset, the costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories. Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the entity expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease. The right-of-use assets are presented as a separate line in the statement of financial position.

i) Fixed interest investments (bonds)

Fixed interest investments refer to investment funds placed under Central Bank of Kenya (CBK) long-term infrastructure bonds and other corporate bonds with the intention of earning interest income upon the bond's disposal or maturity. Fixed interest investments are freely traded at the Nairobi Securities Exchange. The bonds are measured at fair value through profit or loss.

j) Quoted investments

Quoted investments are classified as non-current assets and comprise marketable securities traded freely at the Nairobi Securities Exchange or other regional and international securities exchanges. Quoted investments are stated at fair value.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

k) Unquoted investments

Unquoted investments stated at cost under non-current assets, and comprise equity shares held in other Government owned or controlled entities that are not quoted in the Securities Exchange.

l) Inventories

Inventories are stated at the lower of cost and net realizable value. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Cost is calculated using the weighted average cost method. Net realizable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

m) Trade and other receivables

Trade and other receivables are recognized at fair values less allowances for any uncollectible amounts. These are assessed for impairment on a continuing basis. An estimate is made of doubtful receivables based on a review of all outstanding amounts at the year end. Bad debts are written off after all efforts at recovery have been exhausted and when the necessary approval to write off is granted.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

n) Taxation

i) Current income tax

Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the area where the Company operates and generates taxable income. Current income tax relating to items recognized directly in net assets is recognized in net assets and not in the statement of financial performance.

Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the area where the Entity operates and generates taxable income.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

o) Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

Deferred tax liabilities are recognized for all taxable temporary differences, except in respect of taxable temporary differences associated with investments in controlled entities, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except in respect of deductible temporary differences associated with investments in controlled entities, associates and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside surplus or deficit is recognized outside surplus or deficit. Deferred tax items are recognized in correlation to the underlying transaction in net assets. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

p) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. To the extent that variable rate borrowings are used to finance a qualifying asset and are hedged in an effective cash flow hedge of interest rate risk, the effective portion of the derivative is recognized in other comprehensive income and reclassified to profit or loss when the qualifying asset impacts profit or loss. To the extent that fixed rate borrowings are used to finance a qualifying asset and are hedged in an effective fair value hedge of interest rate risk, the capitalized borrowing costs reflect the hedged interest rate. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

q) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at various Commercial Banks at the end of the reporting period. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

r) Borrowings

Interest bearing loans and overdrafts are initially recorded at fair value being received, net of issue costs associated with the borrowing. Subsequently, these are measured at amortised cost using the effective interest rate method. Amortised cost is calculated by taking into account any issue cost and any discount or premium on settlement. Finance charges, including premiums payable of settlement or redemption are accounted for on accrual basis and are added to the carrying amount of the instrument to the extent that they are not settled in the period in which they arise. Loan interest accruing during the construction of a project is capitalised as part of the cost of the project.

s) Trade and other payables

Trade and other payables are non-interest bearing and are carried at amortised cost, which is measured at the fair value of contractual value of the consideration to be paid in future in respect of goods and services supplied, whether billed to the entity or not, less any payments made to the suppliers.

t) Retirement benefit obligations

The Company operates a defined contribution scheme for all full-time employees from July 1, 2021. The scheme is administered by an in-house team and is funded by contributions from both the company and its employees. The company also contributes to the statutory National Social Security Fund (NSSF). This is a defined contribution scheme registered under the National Social Security Act. The company's obligation under the scheme is limited to specific contributions legislated from time.

u) Provision for staff leave pay

Employees' entitlements to annual leave are recognised as they accrue. A provision is made for the estimated liability for annual leave at the reporting date.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

v) Exchange rate differences

The accounting records are maintained in the functional currency of the primary economic environment in which the entity operates, Kenya Shillings. Transactions in foreign currencies during the year/period are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Any foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

w) Budget information

The original budget for FY 2021/2022 was approved by the Board of directors. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the company upon receiving the respective approvals in order to conclude the final budget.

The Company's budget is prepared on accrual basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actual as per the statement of financial performance.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continues)

x) Service concession arrangements

The Company analyses all aspects of service concession arrangements that it enters into in determining the appropriate accounting treatment and disclosure requirements. In particular, where a private party contributes an asset to the arrangement, the Company recognizes that asset when, and only when, it controls or regulates the services the operator must provide together with the asset, to whom it must provide them, and at what price. In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the Company also recognizes a corresponding liability, adjusted by a cash consideration paid or received.

y) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

z) Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2022.

5. Significant Judgments and Sources of Estimation Uncertainty

The preparation of the Company's financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continues)

a) Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

b) Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Company
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- The nature of the processes in which the asset is deployed
- Availability of funding to replace the assets

c) Provisions

Provisions were raised and management determined an estimate based on the information available.

27. Financial Risk Management

The Company's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The company's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The company does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The company's financial risk management objectives and policies are detailed below:

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

(i) Credit risk

The Company has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments.

Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the company's management based on prior experience and their assessment of the current economic environment.

The carrying amount of financial assets recorded in the financial statements representing the entity's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

	Total amount Kshs	Fully performing Kshs	Past due but not Impaired Kshs	Past due and Impaired Kshs
At 30 June 2022				
Trade Receivables	0	0	0	0
Other Receivables	0	0	0	0
Investments	0	0	0	0
Bank balances	0	0	0	0
Total	0	0	0	0

Other Receivables	0	0	0	0
Investments	0	0	0	0
	0	0	0	0
Bank balances	0	0	0	0
Total	0	0	0	0

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Credit Risk (Continued)

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the company has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts.

The board of directors sets the company's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

ii) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Company's directors, who have built an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

The table below represents cash flows payable by the company under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Less than 1 month	Between 1-3 months	Over 5 months	Total
	Kshs	Kshs	Kshs	Kshs
At 30 June 2022 current year				
Trade payables	0	0	0	0
Current portion of borrowings	0	0	0	0
Provisions	0	0	0	0
Deferred income	0	0	0	0
Employee benefit obligation	0	0	0	0
Total	0	0	0	0
At 30 June 2021 previous year	0	0	0	0

Current portion of borrowings	0	0	0	0
Provisions	0	0	0	0
Deferred income	0	0	0	0
Employee benefit obligation	0	0	0	0
Total	0	0	0	0

(iii) Market risk (Tailor as appropriate)

The board has put in place an internal audit function to assist it in assessing the risk faced by the Company on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

The company's Department in charge of risk management is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day to day implementation of those policies.

There has been no change to the Company's exposure to market risks or the manner in which it manages and measures the risk.

a) Foreign currency risk

The Company has transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of payment is done using the prevailing exchange rate.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

(iii) Market risk (Continued)

The carrying amount of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

	Ksh	Other currencies	Total
	Kshs	Kshs	Kshs
At 30 June 2022 Current Year			
Financial assets			
Investments	0	0	0
Cash	0	0	0
Debtors	0	0	0
Financial Liabilities	0	0	0
Trade and other payables	0	0	0
Borrowings	0	0	0
Net foreign currency asset/(liability)	0	0	0

The Company manages foreign exchange risk from future commercial transactions and recognised assets and liabilities by projecting for expected sales proceeds and matching the same with expected payments.

	Ksh	Other currencies	Total
	Kshs	Kshs	Kshs
At 30 June 2021 Previous year			
Financial assets

Financial Liabilities	0	0	0
Trade and other payables	0	0	0
Borrowings	0	0	0
Net foreign currency asset/(liability)	0	0	0

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

b) Foreign currency sensitivity analysis

The following table demonstrates the effect on the company's statement of comprehensive income on applying the sensitivity for a reasonable possible change in the exchange rate of the three main transaction currencies, with all other variables held constant. The reverse would also occur if the Kenya Shilling appreciated with all other variables held constant.

	Change in currency rate	Effect on Profit before tax	Effect on equity
	Kshs	Kshs	Kshs
2022 Current FY			
Euro	10%	0	0
USD	10%	0	0
2021 Previous FY		0	0
Euro	10%	0	0
USD	10%	0	0

c) Interest rate risk

Interest rate risk is the risk that the Company's financial condition may be adversely affected as a result of changes in interest rate levels. The company's interest rate risk arises from bank deposits. This exposes the company to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the company's deposits.

i) Management of interest rate risk

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

ii) Sensitivity analysis

The Company analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. The analysis has been performed on the same basis as the prior year.

iii) Fair value of financial assets and liabilities

a) Financial instruments measured at fair value

Determination of fair value and fair values hierarchy

IFRS 7 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources; unobservable inputs reflect the Company's market assumptions. These two types of inputs have created the following fair value hierarchy:

- i)** Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities. This level includes listed equity securities and debt instruments on exchanges.
- ii)** Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- iii)** Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs). This level includes equity investments and debt instruments with significant unobservable components. This hierarchy requires the use of observable market data when available. The Company considers relevant and observable market prices in its valuations where possible.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

The following table shows an analysis of financial and non- financial instruments recorded at fair value by level of the fair value hierarchy:

At 30 June 2022 Current FY	Level 1 Kshs	Level 2 Kshs	Level 3 Kshs	Total Kshs
Financial Assets				
Quoted equity investments	0	0	0	0
Non- financial Assets	0	0	0	0
Investment property	0	0	0	0
Land and buildings	0	0	0	0
	0	0	0	0
At 30 June 2021 Previous FY				
Financial Assets				
Quoted equity investments	0	0	0	0
Non- financial Assets	0	0	0	0
Investment property	0	0	0	0
Land and buildings	0	0	0	0

There were no transfers between levels 1, 2 and 3 during the year.

Financial instruments not measured at fair value

Disclosures of fair values of financial instruments not measured at fair value have not been made because the carrying amounts are a reasonable approximation of their fair values.

Kakamega County Rural Water and Sanitation Company Limited
Annual Report and Financial Statements for the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

iv) Capital Risk Management

The objective of the Company's capital risk management is to safeguard the Board's ability to continue as a going concern. The Company's capital structure comprises of the following funds:

	2021-2022	2020-2021
	Kshs	Kshs
Revaluation reserve	0	0
Retained earnings	0	0
Capital reserve	0	0
