## **1. Key Fund Information and Management**

### **a) Background information**

The Baringo County Community Conservation Fund is established by and derives its authority and accountability from section 116(1) of the Public Finance Management Act 2012 of 28<sup>th</sup> November 2014. The Fund is wholly owned by the County Government of Baringo and is domiciled in Kenya.

The fund's objective is to fund the community in the development, sustainability, exploitation, utilization and conservation in accordance with article 69 of the Constitution.

The Fund's principal activity is to meet expenditures characterized as:

- i. recreational, viewpoints, camps and picnic sites;
- ii. Community conservancy development;
- iii. Environmental conservation initiatives e.g. indigenous tree nurseries;
- iv. Eco-tourism facilities;
- v. Community based tourism enterprises;
- vi. Rural Conservation tools and equipment such as GPS, Radio communications, motor vehicles
- vii. Training and capacity development;
- viii. Nature Trails and geo-parks development.

### **b) Principal Activities**

- i. The principal activity/mission/ mandate of the Fund is to mitigate adverse environmental impacts of human activities that has led to extinction of species and habitats;
- ii. The grant shall provide an incentive for hosting wildlife in community areas,
- iii. The grant seeks to halt down ward this trend wildlife and habitat and restore to former status;
- iv. The grant shall act as a consolation mechanism on adverse effects of Human Wildlife Conflicts;
- v. The grant shall support alternative livelihood opportunities that can be derived or accrued from conservation.

**Fund Chairperson's Report**

***Baringo County Community Conservation Fund***  
**Annual Report and Financial Statements for the year ended June 30, 2022**

---

The performance of the Baringo County Community Conservation Fund was disbursed as stipulated in the law. The budget allocated was not available and the physical progress based on outputs, outcomes and impacts since establishment of Baringo County Community Conservation Fund is that there has been increase in fund beneficiaries due to continuous budget allocation. The value-for-money has been achieved since the needy bright students who were supported through the fund had been increasing while most of them have completed their courses. The implementation challenges of strategic objectives for the Baringo County Community Conservation Fund may include the time taken being too long due to the procedure followed till the approval of the real achievement of the desired list of beneficiaries and its future outlook is encouraging as the budget allocation for the coming year of substantial amount will enable the Fund to undertake its mandate in line with the fund's strategic plan.

Some of the key risk management strategies include frequent changes of the management team members as well as delay in funds disbursement by the County Treasury and improper record keeping.

Name: John Kisung

Chairperson

**4. Report of the Fund Administrator**

The operations of the Baringo County Community Conservation Fund were carried out as stipulated in the Law. The Fund did not receive allocated budget funds. Despite financial constraints, the fund was able to utilize the available resources at its disposal to meet its objectives. The induction and training, administration committee members and member's performance is not usually done due to insufficient management resources. During the year under review, the Grant did not witness any changes in the composition of its Board and Management

*Rambo*

*fr* Name: *RICHARD RUTO*

**Fund Administrator**

**5. Statement of Performance against the County Fund's Predetermined Objectives**

**Introduction**

Section 164 (2) (f) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Accounting Officer when preparing financial statements of each County government in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of the county government performance against predetermined objectives.

The key development objectives of the Baringo County Community Conservation Fund 2021-2022 plan are to:

- a) Community conservancy development;
- b) Environmental conservation initiatives e.g. indigenous tree nurseries;
- c) Eco-tourism facilities;
- d) Community based tourism enterprises;
- e) Rural recreational, viewpoints, camps and picnic sites;
- f) Conservation tools and equipment such as GPS, Radio communications, motor vehicles
- g) Training and capacity development;
- h) Nature Trails and geo-parks development

**Progress on attainment of Strategic development objectives**

Below we provide the progress on attaining the stated objectives:

Program	Objective	Outcome	Indicator	Performance
Community Conservation	To ensure timely and efficient disbursement of funds for Community conservancy development	Efficient development of conservancy in the community	Reduced human-Wildlife conflict and increased conservancy development	In FY 21/22 we increased Community Conservancy development
Community Conservation	To receive and address complaints and disputes and take any appropriate action in Environmental conservation initiatives e.g. indigenous tree nurseries	Tree nurseries in place	Access to indigenous tree seedlings at convenient points in the community	In FY 21/22 we planted seedlings under low costs through the community volunteering teams

## **6. Corporate Governance Statement**

The Fund Administration Committee held 3 meetings whose attendance was satisfactory.

### **Succession Plan**

When a member resigns or retires or is removed from office a new member shall be appointed or replaced on such terms and conditions as may be specified in the instruments of appointment. An appointed committee member shall hold office, for a period of five years or until new members of the committee are appointed. A member is removed from Office by the Governor on recommendation of the Fund Administrator Committee if a member has been absent for three consecutive meetings of the committee without its permission or if a member is convicted of a criminal offence that amounts to a felony under the law of Kenya, or is incapacitated by prolonged physical or mental illness for a period exceeding six months; or is otherwise unable or unfit to discharge his duties

### **Roles and Functions**

- a. The executive committee Member for Tourism and Wildlife chairs the meetings.
- b. The County Chief Officer in charge of Finance is the financial advisor.
- c. The County Chief Officer Tourism and Wildlife is the Secretary and Fund Administrator.
- d. The four members appointed by the Governor represent the interest of the public.
- e. The County Director of Tourism and Wildlife, as member is to support proper implementation Community Wildlife Conservation policies.
- f. The Chairperson Baringo County Conservation Association represents the interest of Conservancy development strategies.
- g. The County Director of Tourism and Wildlife assists in ascertaining the development of Wildlife Conservation.

### **The induction and Training**

Training is only done when there are sufficient resources.

### **Conflict of Interest**

The Committee members are advised to avoid any conflict of interest during implementation of Community Conservation. Members are encouraged to declare any conflicts of interest.

### **Remuneration**

***Baringo County Community Conservation Fund***  
**Annual Report and Financial Statements for the year ended June 30, 2022**

---

The Members of the board are entitled for remuneration. The allocation of 3% of the Fund, administrative expenses is used to pay sitting allowances and transport reimbursement during the meetings held.

**Integrity**

The members are guided by Chapter Six of the Constitution. Thus they are expected to have integrity when working.

**Recruitment and appointment**

All members shall be considered through a transparent, equitable and fair process that is Community-based in order to ensure that prospective benefits of the fund are available to a widespread cross-section of the Community.

## **7. Management Discussion and Analysis**

The Fund had a balance as at June 30<sup>th</sup> 2022 of **Kshs 627.55 and incurred charges of Kshs 350.00** as Bank Charges. The Fund's Objective is to fund the community in the development, sustainment, exploitation, utilization and conservation, utilization and conservation of wildlife in accordance with Article 69 of the constitution. The Fund's principal activity is to meet incurred expenditures and since no expenditure was incurred, therefore there is no project or investment decision implemented or ongoing; The Fund is prepared in accordance with section 116(1) of the Public Finance Management Act 2012 on 28<sup>th</sup> November 2014. There are no major risks facing the Fund since no transaction were undertaken during the period under review.

## **8. Environmental and Sustainability Reporting**

Baringo County Conservation Fund exists to transform lives. This is our purpose; the driving force behind everything we do. It's what guides us to deliver our strategy, which is founded on Community Conservation pillars: putting the customer/Citizen first, delivering relevant goods and services, and improving operational excellence. Below is a brief highlight of our achievements in each pillar;

### **1. Sustainability Strategy for Community Conservation**

The top management especially the accounting officer made reference to sustainable efforts, broad trends in Tourism and Wildlife assistance affecting sustainability of conservancy development, in reference to the best practices for fair and equitable wildlife conservation.

### **2. Sustainability strategy for Conservancy Development**

The fund provides evidence of the policy that guides the Conservation development programme to the community conservation for the sake of sustainable livelihood thereafter

### **3. Employee welfare**

The Fund set aside 3% of the total budget allocation to cater for the Administration Expenses during board, Management and ward meeting allowances and transport reimbursements.

### **4. Market place practices**

The Fund tries its best give notices for applicants to take opportunity at equal chance through proper communication

#### **a) Responsible competition practice.**

All applicants are vetted through a transparent, democratic, equitable and fair process that is community-based in order to ensure that prospective benefits of the Fund are available to widespread cross-section of the community in the entire Baringo County.

#### **b) Responsible Supply chain and supplier relations**

The Fund ensures that every Community wishing to be considered for conservancy funds shall make an application to the committee by filling a prescribed application forms.

#### **c) Responsible marketing and advertisement**

The Fund ensures that every applicant gets the prescribed form at convenient point that is at the community level and at low costs.

#### **d) Product stewardship**

The Fund enables applicants to deposit their forms at the community level

## **5. Community Engagements**

The fund engages the Community in the conservancy and board committees. Respective community committee members composed of Tourism and Wildlife administrator as secretary, one youth, two women and two men appointed by Executive Committee Member of Tourism and Wildlife, a person with disability, a religious person and a chief in the respective community. In the board there are four community members appointed by the Governor.

**9. Report of the Fund Administrator**

The Operations of Baringo County Community Conservation funds were carried out as stipulated in the Law. The Fund did not receive allocated budget funds. Since establishment of Baringo County Community Fund there has been an increase in fund beneficiaries due to continuous budget allocation. The value for money has been achieved due to support of needy bright children through the fund. One of the challenges faced by the fund in implementing its strategic objectives pertains to the prolonged time taken from approval of implication of beneficiaries for the fund facilities. Its future outlook is encouraging as the budget allocation for the coming year of the substantial amount will enable the fund to undertake its mandate in line with the funds strategic plan. Some of the key management risks include; frequent changes of the management team members; delay in funds disbursement by the county treasury and improper record keeping.

**Principal activities**

The principal activities of the Fund are;

- a) To mitigate adverse environmental impacts of human activities that has led to extinction of species and habitats;
- b) The grant shall provide an incentive for hosting wildlife in community areas,
- c) The grant seeks to halt down ward this trend wildlife and habitat and restore to former status;
- d) The grant shall act as a consolation mechanism on adverse effects of Human Wildlife Conflicts;
- e) The grant shall support alternative livelihood opportunities that can be derived or accrued from conservation.

**Results**

The results of the Fund for the year ended June 30, 2022 are set out on Page 1

**Trustees**

The members of the Fund who served during the year are shown on Page vi.

**Auditors**

The Auditor General is responsible for the statutory audit of the Fund in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015.

By Order of the Fund Administration Committee

Baringo County Community Conservation Fund

### 10. Statement of Management's Responsibilities

Section 167 of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Administrator of the Baringo County Community Conservation Fund established by section 116(1) of the Public Finance Management Act 2012 on 28<sup>th</sup> November 2014 shall prepare financial statements for the Fund in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board.

The Administrator of the Baringo County Community Conservation Fund is responsible for the preparation and presentation of the Fund's financial statements, which give a true and fair view of the state of affairs of the Fund for and as at the end of the financial year ended on June 30, 2022. This responsibility includes:

- (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period;
- (ii) Maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Fund;
- (iii) Designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud;
- (iv) Safeguarding the assets of the Fund;
- (v) Selecting and applying appropriate accounting policies; and
- (vi) Making accounting estimates that are reasonable in the circumstances.

The Administrator of the Baringo County Community Conservation Fund accepts responsibility for the Fund's financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012 and Baringo County Community Conservation Fund section 116(1) of the Public Finance Management Act 2012 on 28<sup>th</sup> November 2014. The Administrator of the Fund is of the opinion that the Fund's financial statements give a true and fair view of the state of Fund's transactions during the financial year ended June 30, 2022, and of the Fund's financial position as at that date. The Administrator further confirm the completeness of the accounting records maintained for the Fund, which have been relied upon in the preparation of the Fund's financial statements as well as the adequacy of the systems of internal financial control. In preparing the financial statements, the Administrator of the Baringo County Community Conservation Fund has assessed the Fund's ability to continue as a going concern and disclosed, as applicable, matters relating to the use of going concern basis of preparation of the financial statements. Nothing has come to the attention of the Administrator to indicate that the Fund will not remain a going concern for at least the next twelve months from the date of this statement.

#### Approval of the financial statements

The Fund's financial statements were approved by the Baringo County Community Conservation Fund Board on 28<sup>th</sup> September, 2022 and signed on its behalf by:

## **REPORT OF THE AUDITOR-GENERAL ON BARINGO COUNTY COMMUNITY CONSERVATION FUND FOR THE YEAR ENDED 30 JUNE, 2022**

---

### **PREAMBLE**

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure Government achieves value for money and that such funds are applied for the intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment and the internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

### **REPORT ON THE FINANCIAL STATEMENTS**

#### **Opinion**

I have audited the accompanying financial statements of Baringo County Community Conservation Fund set out on pages 1 to 36, which comprise the statement of financial position as at 30 June, 2022 and the statement of financial performance, statement of

changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Baringo County Community Conservation Fund as at 30 June, 2022 and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Public Finance Management Act, 2012 and the Public Finance Management (Baringo County Community Conservation Fund), 2014.

### **Basis for Opinion**

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Baringo County Community Conservation Fund Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

## **REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES**

### **Conclusion**

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

### **Basis for Conclusion**

#### **1. Performance Against County Government Fund's Predetermined Objectives**

The statement of performance against County Fund's predetermined objectives indicate that the Fund attained the community conservation programme by planting seedlings under low costs through the community volunteering teams during the year under review. However, no documentary evidence in support of the achievement was provided for audit

verification. Further, no expenditure on the programmes have been disclosed in the financial statements. The Fund has also been dormant for the last three years. Management has not provided any explanation for failure to source funds as provided for in Regulation 5 of the Public Finance Management (Baringo County Community Conservation Fund) Regulations, 2014.

In the circumstances, the Management was in breach of the law.

## **2. Cash and Cash Equivalents**

The statement of financial position reflects cash and cash equivalents balance of Kshs.627 held in an account maintained by a Sacco Society. This is contrary to Regulation 82(1 & 2) of the Public Finance Management (County Governments) Regulations, 2015 which stipulates that all County Exchequer Accounts and all County Government bank accounts shall be opened at the Central Bank of Kenya except for imprest bank accounts for petty cash. No explanation has been provided for not maintaining the Fund bank account in the Central Bank of Kenya. Further, the authority to open the fund bank account, cashbook and board of survey were not provided for audit verification.

In the circumstances, the Management was in breach of the law.

## **3. Lack of an Approved Annual Budget**

The Baringo County Community Conservation Fund did not have an approved budget. This is contrary to Regulation 29 of the Public Finance Management (County Governments) Regulations, 2015 which stipulates that the Accounting Officer is responsible for ensuring that all services which can be reasonably foreseen are included in the estimates and that they are within the capacity of her or his County Government entity during the financial year, the estimates have been prepared and are complete and accurate as possible and the requisite authority has been obtained, where necessary, before the provision is made in the estimates. Further, the County Executive of Baringo did not make a budget provision for the Fund in the 2021/2022 annual budget.

In the circumstances, the Management was in breach of the law.

## **4. The Fund Management Committee**

The background information in the financial statements reflects a Fund Administration Committee comprised of seven (7) members. This is contrary to Regulation 8(1) of the Public Finance Management (Baringo County Community Conservation Fund) Regulations, 2014 which establishes a committee known as County Fund Management Committee with sixteen (16) members and three ex-officio members. The Fund Management Committee is therefore not properly described and constituted.

In the circumstances, the Management was in breach of the law.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

## REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

### **Conclusion**

As required by Section 7(1)(a) of the Public Audit Act, 2015 based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

### **Basis for Conclusion**

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

### **Responsibilities of Management and those Charged with Governance**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Fund or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Fund's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

### **Auditor-General's Responsibilities for the Audit**

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Fund to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Fund to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

## **2. Notes to the Financial Statements**

### **1. General Information**

Baringo County Community Fund is established by and derives its authority and accountability from section 116(1) of the Public Finance Management Act 2012 on 28<sup>th</sup> November 2014. Act. The fund is wholly owned by the Baringo County Government and is domiciled in Kenya. The Fund's Objective is to fund the community in the development, sustainment, exploitation, utilization and conservation, utilization and conservation of wildlife in accordance with Article 69 of the constitution

#### **2. Statement of compliance and basis of preparation**

The Fund's financial statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS). The financial statements are presented in Kenya shillings, which is the functional and reporting currency of the Fund. The accounting policies have been consistently applied to all the years presented.

The financial statements have been prepared on the basis of historical cost, unless stated otherwise. The cash flow statement is prepared using the direct method. The financial statements are prepared on accrual basis.

#### **3. Adoption of new and revised standards**

##### **(i) Relevant new standards and amendments to published standards effective for the year ended 30 June 2022**

IPSASB deferred the application date of standards from 1<sup>st</sup> January 2022 owing to Covid 19. This was done to provide entities with time to effectively apply the standards. The deferral was set for 1<sup>st</sup> January 2023.

*Baringo County Community Conservation Fund*

**Annual Report and Financial Statements for the year ended June 30, 2022**

**(ii) New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2022**

Standard	Effective date and impact:
<p><b>IPSAS 41: Financial Instruments</b></p>	<p><b>Applicable: 1<sup>st</sup> January 2023:</b>                      The objective of IPSAS 41 is to establish principles for the financial reporting of financial assets and liabilities that will present relevant and useful information to users of financial statements for their assessment of the amounts, timing and uncertainty of an Fund's future cash flows. IPSAS 41 provides users of financial statements with more useful information than IPSAS 29, by:</p> <ul style="list-style-type: none"> <li>• Applying a single classification and measurement model for financial assets that considers the characteristics of the asset's cash flows and the objective for which the asset is held;</li> <li>• Applying a single forward-looking expected credit loss model that is applicable to all financial instruments subject to impairment testing; and</li> <li>• Applying an improved hedge accounting model that broadens the hedging arrangements in scope of the guidance. The model develops a strong link between an Fund's risk management strategies and the accounting treatment for instruments held as part of the risk management strategy.</li> </ul>
<p><b>IPSAS 42: Social Benefits</b></p>	<p><b>Applicable: 1<sup>st</sup> January 2023</b>                      The objective of this Standard is to improve the relevance, faithful representativeness and comparability of the information that a reporting Fund provides in its financial statements about social benefits. The information provided should help users of the financial statements and general-purpose financial reports assess:</p> <ol style="list-style-type: none"> <li>(a) The nature of such social benefits provided by the Fund;</li> <li>(b) The key features of the operation of those social benefit schemes; and</li> <li>(c) The impact of such social benefits provided on the Fund's financial performance, financial position and cash flows.</li> </ol>
<p>Amendments to Other IPSAS resulting from IPSAS 41, Financial Instruments</p>	<p><b>Applicable: 1st January 2023:</b></p> <ol style="list-style-type: none"> <li>a) Amendments to IPSAS 5, to update the guidance related to the components of borrowing costs which were inadvertently omitted when IPSAS 41 was issued.</li> <li>b) Amendments to IPSAS 30, regarding illustrative examples on hedging and credit risk which were inadvertently omitted when IPSAS 41 was issued.</li> <li>c) Amendments to IPSAS 30, to update the guidance for accounting for financial guarantee contracts which were inadvertently omitted when IPSAS 41 was issued.</li> </ol> <p>Amendments to IPSAS 33, to update the guidance on classifying financial instruments on initial adoption of accrual basis IPSAS</p>

**Baringo County Community Conservation Fund**  
**Annual Report and Financial Statements for the year ended June 30, 2022**

Standard	Effective date and impact:
	which were inadvertently omitted when IPSAS 41 was issued.
Other improvements to IPSAS	<p><b>Applicable 1<sup>st</sup> January 2023</b></p> <ul style="list-style-type: none"> <li>• <i>IPSAS 22 Disclosure of Financial Information about the General Government Sector.</i></li> </ul> <p>Amendments to refer to the latest System of National Accounts (SNA 2008).</p> <ul style="list-style-type: none"> <li>• <i>IPSAS 39: Employee Benefits</i></li> </ul> <p>Now deletes the term composite social security benefits as it is no longer defined in IPSAS.</p> <ul style="list-style-type: none"> <li>• <b>IPSAS 29: Financial instruments: Recognition and Measurement</b></li> </ul> <p>Standard no longer included in the 2021 IPSAS handbook as it is now superseded by IPSAS 41 which is applicable from 1<sup>st</sup> January 2023.</p>
IPSAS 43	<p><b>Applicable 1<sup>st</sup> January 2025</b></p> <p>The standard sets out the principles for the recognition, measurement, presentation, and disclosure of leases. The objective is to ensure that lessees and lessors provide relevant information in a manner that faithfully represents those transactions. This information gives a basis for users of financial statements to assess the effect that leases have on the financial position, financial performance and cash flows of an Fund.</p> <p>The new standard requires entities to recognise, measure and present information on right of use assets and lease liabilities.</p>
IPSAS 44: Non-Current Assets Held for Sale and Discontinued Operations	<p><b>Applicable 1<sup>st</sup> January 2025</b></p> <p>The Standard requires,</p> <p>Assets that meet the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less costs to sell and the depreciation of such assets to cease and:</p> <p>Assets that meet the criteria to be classified as held for sale to be presented separately in the statement of financial position and the results of discontinued operations to be presented separately in the statement of financial performance.</p>

**(iii) Early adoption of standards**

The fund did not early – adopt any new or amended standards in the year 2022.

**1. Significant Accounting Policies**

**a) Revenue recognition**

**i. Revenue from non-exchange transactions**

Transfers from other government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the fund and can be measured reliably.

**ii. Revenue from exchange transactions**

*Interest income*

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

**b) Budget information**

The original budget for FY 2021-2022 was approved by the County Assembly on 30<sup>th</sup> June 2022. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the fund upon receiving the respective approvals in order to conclude the final budget. Accordingly, the Fund did not record additional appropriations the FY 2021-2022 budget following the governing body's approval.

The fund's budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts.

In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of financial performance has been presented under section 167 of these financial statements.

***Summary of Significant Accounting Policies (Continued)***

**c) Property, plant and equipment**

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the fund recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

**d. Intangible Assets**

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred.

The useful life of the intangible assets is assessed as either finite or indefinite.

**a) Financial instruments**

***Financial assets***

***Initial recognition and measurement***

Financial assets within the scope of IPSAS 29 Financial Instruments: Recognition and Measurement are classified as financial assets at fair value through surplus or deficit, loans and receivables, held-to-maturity investments or available-for-sale financial assets, as appropriate. The Fund determines the classification of its financial assets at initial recognition.

***Loans and receivables***

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. Losses arising from impairment are recognized in the surplus or deficit.

***Baringo County Community Conservation Fund***  
**Annual Report and Financial Statements for the year ended June 30, 2022**

---

***Summary of Significant Accounting Policies (Continued)***

***Held-to-maturity***

Non-derivative financial assets with fixed or determinable payments and fixed maturities are classified as held to maturity when the Fund has the positive intention and ability to hold it to maturity. After initial measurement, held-to-maturity investments are measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The losses arising from impairment are recognized in surplus or deficit.

***Impairment of financial assets***

The Fund assesses at each reporting date whether there is objective evidence that a financial asset or a fund of financial assets is impaired. A financial asset or a fund of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the fund of financial assets that can be reliably estimated. Evidence of impairment may include the following indicators:

- The debtors or a fund of debtors are experiencing significant financial difficulty
- Default or delinquency in interest or principal payments
- The probability that debtors will enter bankruptcy or other financial reorganization
- Observable data indicates a measurable decrease in estimated future cash flows (e.g. changes in arrears or economic conditions that correlate with defaults)

***Financial liabilities***

***Initial recognition and measurement***

Financial liabilities within the scope of IPSAS 29 are classified as financial liabilities at fair value through surplus or deficit or loans and borrowings, as appropriate. The Fund determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, plus directly attributable transaction costs.

***Loans and borrowing***

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in surplus or deficit when the liabilities are derecognized as well as through the effective interest method amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate.

*Summary of Significant Accounting Policies (Continued)*

**b) Inventories**

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

- Raw materials: purchase cost using the weighted average cost method
- Finished goods and work in progress: cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost.

Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution.

Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Fund.

**c) Provisions**

Provisions are recognized when the Fund has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Where the Fund expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain.

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

***Contingent liabilities***

The Fund does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

***Baringo County Community Conservation Fund***  
**Annual Report and Financial Statements for the year ended June 30, 2022**

---

***Summary of Significant Accounting Policies (Continued)***

***Contingent assets***

The Fund does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Fund in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

**d) Nature and purpose of reserves**

The Fund creates and maintains reserves in terms of specific requirements.

**e) Changes in accounting policies and estimates**

The Fund recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

**f) Employee benefits – Retirement benefit plans**

The Fund provides retirement benefits for its employees and directors. Defined contribution plans are post-employment benefit plans under which an fund pays fixed contributions into a separate fund (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable.

Defined benefit plans are post-employment benefit plans other than defined-contribution plans. The defined benefit funds are actuarially valued tri-annually on the projected unit credit method basis. Deficits identified are recovered through lump sum payments or increased future contributions on proportional basis to all participating employers. The contributions and lump sum payments reduce the post-employment benefit obligation.

**g) Foreign currency transactions**

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

***Summary of Significant Accounting Policies (Continued)***

**h) Borrowing costs**

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance.

**i) Related parties**

The Fund regards a related party as a person or an fund with the ability to exert control individually or jointly, or to exercise significant influence over the Fund, or vice versa. Members of key management are regarded as related parties and comprise the directors, the CEO and senior managers.

**j) Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

**k) Comparative figures**

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

**l) Events after the reporting period**

There were no material adjusting and non- adjusting events after the reporting period.

**m) Ultimate and Holding Fund**

The Baringo County Community Fund is a County Public Fund established by section 116(1) of the Public Finance Management Act 2012 in 28<sup>th</sup> November 2014 under the department of Tourism and Wildlife. Its ultimate parent is the County Government of Baringo.

**n) Currency**

The financial statements are presented in Kenya Shillings (Kshs).

*Summary of Significant Accounting Policies (Continued)*

**5. Significant judgments and sources of estimation uncertainty**

The preparation of the Fund's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

State all judgements, estimates and assumptions made e.g.

**a) Estimates and assumptions** – The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Fund based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Fund. Such changes are reflected in the assumptions when they occur. IPSAS1.140.

**b) Useful lives and residual values**

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Fund
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- The nature of the processes in which the asset is deployed
- Availability of funding to replace the asset
- Changes in the market in relation to the asset

**c) Provisions**

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note xxx.

Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.

**25. Financial risk management**

The Fund's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The Fund's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The Fund does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The Fund's financial risk management objectives and policies are detailed below:

**a) Credit risk**

The Fund has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments.

Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the fund's management based on prior experience and their assessment of the current economic environment.

The carrying amount of financial assets recorded in the financial statements representing the fund's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

	<b>Total amount Kshs</b>	<b>Fully performing Kshs</b>	<b>Past due Kshs</b>	<b>Impaired Kshs</b>
<b>At 30 June 2022</b>				
Receivables From Exchange Transactions	-	-	-	-

Bank Balances	-	-	-	-
<b>Total</b>	-	-	-	-

***Baringo County Community Conservation Fund***  
**Annual Report and Financial Statements for the year ended June 30, 2022**

*(NB: The totals column should tie to the individual elements of credit risk disclosed in the fund's statement of financial position)*

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the fund has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts.

The fund has significant concentration of credit risk on amounts due from xxxx

The board of trustees sets the Fund's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

**b) Liquidity risk management**

Ultimate responsibility for liquidity risk management rests with the Fund Administrator, who has built an appropriate liquidity risk management framework for the management of the fund's short, medium and long-term funding and liquidity management requirements. The fund manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

The table below represents cash flows payable by the Fund under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

**Annual Report and Financial Statements for the year ended June 30, 2022**

**c) Market risk**

The Fund Administration Committee has put in place an internal audit function to assist it in assessing the risk faced by the fund on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the fund's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

The Fund's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day-to-day implementation of those policies.

There has been no change to the fund's exposure to market risks or the manner in which it manages and measures the risk.

**i. Foreign currency risk**

The fund has transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of payment is done using the prevailing exchange rate.

The carrying amount of the fund's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

		<b>Other currencies</b>	<b>Total</b>

**Foreign currency sensitivity analysis**

The following table demonstrates the effect on the Fund’s statement of financial performance on applying the sensitivity for a reasonable possible change in the exchange rate of the three main transaction currencies, with all other variables held constant. The reverse would also occur if the Kenya Shilling appreciated with all other variables held constant.

	<b>Change in currency rate</b>	<b>Effect on surplus/ deficit</b>	<b>Effect on equity</b>
	<b>Kshs</b>	<b>Kshs</b>	<b>Kshs</b>
<b>2022</b>			
Euro	10%	-	-
USD	10%	-	-
<b>2021</b>		-	-
Euro	10%	-	-
USD	10%	-	-

**ii. Interest rate risk**

Interest rate risk is the risk that the fund’s financial condition may be adversely affected as a result of changes in interest rate levels. The fund’s interest rate risk arises from bank deposits. This exposes the Fund to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the Fund’s deposits.

***Management of interest rate risk***

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

***Sensitivity analysis***

The Fund analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. The analysis has been performed on the same basis as the prior year.

**d) Capital risk management**

The objective of the Fund’s capital risk management is to safeguard the Fund’s ability to continue as a going concern. The fund capital structure comprises of the following funds:

	<b>2021-2022</b>	<b>2020-2021</b>
