“Two-year declaration” means a declaration made in accordance with section 26(1) of the Act.

Scope of Application

3. These Procedures shall apply to the administration of Part IV of the Act with respect to employees of the Board.

PART II—PROCEDURE IN RELATION TO DECLARATIONS

Administration of the Procedures

4. (1) The Secretary shall administer these Procedures on behalf of the Board.

(2) The Secretary may designate officer(s) from among the employees of the Board to administer the Procedures or any part thereof in respect to any specified category of employees of the Board.

(3) The designation under sub-paragraph (2) shall be in writing and shall outline the specific tasks to be performed by the designated Officer.

5. Procedure in Submitting Declarations

(1) An employee shall submit a declaration in the Form set out in the Schedule to the Act.

(2) The Board may use such measures as may be appropriate to facilitate an employee to acquire the form referred to in sub-paragraph (1).

(3) The Board may publish the declaration form in a format that may permit the declaration form—

(a) to be rendered in digital format; or

(b) to be downloaded from a website and printed out in paper format.

(4) Where an employee is required to make an initial, two-year or final declaration, the Secretary or Designated Officer may issue a notification to the employee not less than thirty (30) days before the due date for the declaration.

(5) For avoidance of doubt, failure to provide a declaration form or to issue a notification under this paragraph shall not be construed as a waiver of the responsibility of the employee to submit a declaration under the Act.

Completion and Submission of Declarations

6. (1) An employee shall complete and submit the declaration form to the Secretary.

Register of Declarations

7. (1) The Board shall maintain a register containing details of each employee who is required to make a declaration in accordance with the Act. The register shall include—

- (a) name; personal number; designation; directorate; department or unit
- (b) date the employee submitted the declaration form;
- (c) type of declaration (initial, two-year or final);
- (d) name and signature of the designated officer acknowledging receipt of the declaration;
- (e) total number of employees who have submitted declarations as at the due date;
- (f) total number of employees required to submit declarations; and
- (g) any remarks relating to the declarations.

(2) A register under this part may be maintained in separate documents.

Reports on Compliance

8. (1) The Board shall submit to the Commission a report containing the following information:

- (a) In relation to two-year declaration –
 - (i) the number of employees on the payroll as at 31st October of the year of declaration;
 - (ii) a certified copy of the register maintained in accordance with paragraph 6;
 - (iii) the total number of employees who have complied with the requirement for declarations;
 - (iv) the total number of employees who have not complied with the requirement for declarations;
 - (v) action taken by the Board in relation to any employee who has not complied;
 - (vi) any relevant remarks on the submissions.
- (b) In relation to the initial and final declaration—
 - (i) number of employees required to make a declaration;
 - (ii) the number of employees who have complied with the requirement for declaration;
 - (iii) number of employees who have not complied with the requirement for declarations;
 - (iv) action taken in relation to any employee who has not complied; and
 - (v) any relevant remarks on the submissions.

(2) The report under this part shall:

- (a) In relation to a two-year declaration, be submitted to the Commission, not later than 31st July, of the year following the declaration.
- (b) In relation to initial and final declarations, be submitted to the Commission not later than 31st July following the end of the financial year within which the declarations were made.

PART III—PROCEDURE IN RELATION TO CLARIFICATIONS

Requests for Clarification

9. (1) The Secretary or the designated officer shall review each declaration to ascertain if any of the following conditions exist –

- (a) on the face of the declaration, or in light of any other information the Board may have, there is reason to suspect the declaration may be false or incomplete;
- (b) the assets of the declarant appear disproportionate to his or her known income;
- (c) the income, assets or liabilities of the declarant raise concerns of impropriety or conflict of interest.

(2) If it is suspected that any of the conditions in subparagraph (1) exist, the Secretary or Designated Officer shall give the declarant an

opportunity to make a clarification in accordance with section 28(1) of the Act.

(3) Request for a clarification shall be made in writing.

(4) The Secretary or designated officer shall, in the register of declarations, document the particulars of clarification sought, the mode of communication, the time given to respond, the date and particulars of response, if any.

(5) If no explanation is given, or if after considering any explanation the declarant may give, the Secretary or designated officer is of the opinion that the conditions in subparagraph (1) (b) still exist, the Secretary or Designated Officer may, in addition to any other action including investigations and commencement of civil proceedings, take disciplinary or other appropriate action against the employee.

PART IV—PROCEDURE FOR THE ACCESS OR PUBLICATION OF INFORMATION IN A DECLARATION

Access and Publication of Information in a Declaration

10. (1) The Board or any other person shall not disclose, access, acquire or publish the information in the declaration form except as may be provided in the Act, the Regulations, these Procedures, or any other written law.

(2) A person who wishes to gain access or to publish information in relation to a declaration under the Act shall—

- (a) apply to the Board in the form set out in Appendix I; and
- (b) demonstrate to the Board that he or she has a legitimate interest in the information; and
- (c) demonstrate to the Board that the access to or publication of that information shall be for a good cause and in furtherance of the objectives of the Act.

(3) Where the information is intended to be disclosed or publicized, the applicant shall expressly state so in the application.

(4) Where a person has made an application to the Board in accordance with this paragraph—

- (a) the Board shall issue the applicant with an acknowledgement in the form set out in Appendix II;
- (b) the Board shall inform the declarant of the application in writing;
- (c) the Board shall give the declarant an opportunity to make a representation in writing in relation to the application within fourteen (14) days; and
- (d) the Board shall take into consideration the representation by the public officer while determining the application.

(5) The Board shall determine an application made in accordance with this paragraph and communicate its decision in writing to the applicant within thirty (30) days of receipt of the application.

(6) For the avoidance of doubt, the Board shall not release or part with the original declaration made by any employee in satisfying the requirement of this paragraph, unless required for investigation by a law enforcement agency or by any written law.

PROVIDED that where an original declaration is released under 10(4) above the Board shall always retain a certified copy of the declaration;

(7) The Board shall maintain a register of applications and decisions made under this paragraph setting out—

- (a) the name of each applicant;
- (b) the date each application was received;
- (c) the name and personal number of the employee who is the subject of the application;
- (d) the department or other unit to which the employee belongs;
- (e) a brief description of the information applied for;
- (f) whether the employee accepts or opposes to the information applied for;

- (g) a brief description of the decision made in relation to the application including reasons for denial where applicable; and
- (h) date when the decision was communicated to the applicant.

Access by Declarant

11. An Application for access by an employee to his or her declaration may be determined by the Secretary.

Proof of Identity

12. The Board shall not give access to the information in a declaration to—

- (a) the employee unless the employee proves his or her identity; or
- (b) a representative of the employee unless that representative—
 - (i) provides proof of his or her authority to act as a representative of the employee; and
 - (ii) provides proof of identity of the employee.

Decision to be Final

13. (1) Except as provided under the Act, Regulations and these Procedures, the decisions of the Board in relation to a declaration by an employee shall be final.

(2) Any person dissatisfied with the decision may appeal in accordance with the procedures set out in the Public Officer Ethics (Management, Verification, and Access to Financial Declarations) Regulations, 2011.

Regulations to Apply to this Part

14. This part shall be read and construed together with the Public Officer Ethics (Management, Verification, and Access to Financial Declarations) Regulations, 2011.

PART V—PROCEDURE IN RELATION TO STORAGE AND RETENTION OF DECLARATION FORMS

Mechanisms for Storage, Retention and Retrieval

15. (1) The Board shall ensure that appropriate mechanisms are put in place for the safe and secure storage, retention and easy retrieval of the declarations

(2) The mechanisms established under sub-paragraph (1) may include manual, electronic, microfilm or any other form as the Board may consider appropriate.

Cessation of Retention of Information

16. (1) Where the period for retaining information obtained in accordance with Part IV of the Act has lapsed, the Board shall determine the action to be taken in relation to that information.

(2) The Secretary may make a written proposal to the Board in relation to the action to be taken by the Board in accordance with sub-paragraph (1).

PART VI—GENERAL PROVISIONS

Powers of the Board

17. (1) Notwithstanding delegation of any function or power by the Board for the purposes of these Procedures, the Board may—

- (a) exercise the delegated power or perform the delegated function; or
- (b) on its own motion or request by any person, revise a decision of the Secretary made for the purposes of these Procedures.

(2) The Board may from time to time review the operational procedures put in place by the secretary in the application of these procedures.

Matters not covered by these Procedures

18. The Board may issue written instructions in relation to any matter that has not been provided for in these procedures.

Representations to the Board

19. The Board may consider representations from any person in the application of these Procedures.

Review

20. (1) The Board may from time to time review the operational arrangements put in place by the Secretary in the application of these Procedures.

(2) The Board may review these Procedures from time to time as may be necessary.

THE COMPETITION ACT

(No. 12 of 2010)

THE PROPOSED ACQUISITION OF CONTROL OF IGNAZIO MESSINA AND C.S.P.A AND RORO ITALIA S.R.L BY MARINVEST S.R.L

AUTHORIZATION

PURSUANT to the provisions of section 46 (6) of the Competition Act, 2010, it is notified for general information that in exercise of the powers conferred upon the Competition Authority by section 46 (6) (a) (ii) of the Competition Act, the Competition Authority has authorized the proposed transaction as set out herein on condition that:

The target, Ignazio Messina (IM), continues to operate in these routes independently of the acquiring group, Marininvest Shipping Company (MSC), post-merger through ring-fencing of their operations on the EAF-SAF and SAF-EAF routes. The ring fencing shall exist for as long as MSC has a stake in IM.

Ring Fencing Conditions

- (i) The IM East Africa Business will be kept separate from the MSC East Africa Business and no steps will be taken to integrate or otherwise align the activities or conduct of IM and MSC's respective East African Operations.
- (ii) The day-to-day affairs and business of IM's East African Operations shall be managed by IM, in accordance with its business trading policies and practices as at the Approval Date, except as may be necessary to comply with any changes in applicable law or good industry practice.
- (iii) The IM East Africa Business shall exercise, in its sole discretion, final and determinative power regarding the strategic marketing and/or pricing policies of IM's East African Operations and will operate the East African Operations in the Ordinary Course of Business independently of MSC.
- (iv) MSC and IM shall ensure that none of the MSC representatives (or representatives of MSC affiliate companies) appointed to the board of directors of IM shall be engaged in the direct day to-day management of the IM East Africa Business.
- (v) MSC and IM shall ensure that no Competitively Sensitive Non-Public Information of the IM East Africa Business is discussed at IM board meetings unless the MSC board representatives (or representatives of MSC affiliate companies) first recuse themselves from such discussion.
- (vi) MSC and IM shall establish "information barriers" between the operations of the IM East Africa Business, on one hand, and MSC, on the other hand, so as to ensure that:
 - (a) Information barriers exist in relation to Competitively Sensitive Non-Public Information of the IM East Africa Business (as determined by IM, acting reasonably in its discretion) and that of MSC (i.e. in order to prevent any flow of such information between IM and MSC). These barriers may consist of both physical and procedural measures, as determined by IM, acting reasonably in its discretion; and
 - (b) All members of the board of IM who obtain lawful access to the IM East Africa Business' Competitively Sensitive Non-Public Information shall retain same in secret and confidentially other than for use as permitted in terms of the Shareholders Agreement.
 - (c) IM, acting reasonably in its discretion, can establish any other practical and/or operational measures necessary to maintain the segregation of the IM East Africa Business' Competitively Sensitive Non-Public Information from that of MSC, as well as the independent operation of IM's East African Operations. These measures shall not impede MSC (or MSC affiliate companies) from: (i) complying with its reporting and/or disclosure obligations under any applicable law; and/or (ii) obtaining legal or other professional advice; and/or (iii) legitimately protecting its rights as a shareholder in IM.

(vii) For the avoidance of doubt, nothing in the above conditions will prevent or otherwise limit the ability of IM and MSC to integrate their operations outside of East Africa. This includes any initiatives to engage in joint purchasing or other input procurement initiatives from Global Suppliers, even if such initiatives have an impact on the procurement activities of IM's East African Operations.

(viii) In addition, nothing in the above Conditions will prevent or otherwise limit the ability of IM and MSC to enter into consortia agreements, or to enter into arm's length agreements for the provision of inland operational services (including but not limited to cargo handling and warehousing, cargo inland transportation or containers logistics (i.e. storage, repairs or positioning).

Duration

(ix) The Ring-fencing Condition will apply for as long as MSC has a stake in IM.

Monitoring of compliance with the conditions

(x) MSC and IM shall produce an annual report which details their compliance with the conditions contemplated in paragraph 3 above. Such report will be submitted to the Authority within one month of each anniversary of the Approval Date and will be accompanied by affidavits or declarations attesting to the accuracy thereof by directors of MSC and IM respectively.

Dated the 5th March, 2020.

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY FOR THE PROPOSED CONSTRUCTION OF 66KV OVERHEAD TRANSMISSION LINE FROM WEST KENYA SUGAR FACTORY (KAKAMEGA) TO PAN PAPER MILLS (WEBUYE)

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, West Kenya Sugar Company Limited, is proposing to construct 66kv overhead transmission line from West Kenya Sugar Factory in Kakamega to Pan Paper Mills in Webuye. The proposed project involves the construction of the proposed 66KV 30km long Overhead Transmission Line and associated sub-stations from West Kenya Sugar Factory to Pan Paper Mills in Webuye to dispatch 14MW of excess power generated from bagasse so as to promote manufacturing at Pan-Paper Mills.

The following are the anticipated impacts and proposed mitigation measures:

Impact	Mitigation Measures
Air quality	<ul style="list-style-type: none"> • Watering of all construction sites with appreciable dust should be mandatory. • Workers in dusty areas on the site should be issued with appropriate PPE, according to their nature of work and working area. • Use of well serviced machinery and company vehicles to reduce exhaust smoke levels.

<i>Impact</i>	<i>Mitigation Measures</i>	<i>Impact</i>	<i>Mitigation Measures</i>
Liquid waste management	<ul style="list-style-type: none"> Ensuring there is no grey water runoff or uncontrolled discharges from the site/working areas. Prevent runoff loaded with sediment and other suspended materials from the site/working areas. Construct impervious wash areas to reduce pollution on the environment. 		<ul style="list-style-type: none"> Provide the appropriate Personal Protective Equipment for staff. Provide an insurance cover for the workmen.
Solid waste management	<ul style="list-style-type: none"> Contract a licensed garbage collecting company to manage waste. Properly collect, store, recycle or reuse construction waste to ensure that materials that would otherwise be disposed of as waste are diverted for productive uses. 	Vegetation	<ul style="list-style-type: none"> Conduct selective clearing of vegetation on the way-leave corridor. Avoid unnecessary vegetation clearing. With assistance from community, KeNHA, KFS and KWS, initiate a tree planting exercise.
Noise, vibration disturbances	<ul style="list-style-type: none"> Equip workers operating noisy equipment with noise protection gear including ear muffs and plugs. Observance of strict working hours (preferably 8 a.m.– 5 p.m.) during construction. Ensure that noise levels emanating from machinery, vehicles and noisy construction activities (e.g. excavation, blasting) are kept at a minimum for the safety, health and protection of workers within the vicinity of site and nearby communities. Install signs prohibiting unnecessary hooting and revving by project vehicles. 	Wildlife	<ul style="list-style-type: none"> Ensure no worker engage in acts of poaching. Restrict construction to day time. Observe applicable Forest Reserve regulations. Undertake wire marking to alert birds of the presence of power lines.
Oil spill hazards	<ul style="list-style-type: none"> Install oil trapping equipment in areas where there is a likelihood of oil spillage. Collect the used oils and re-use, re-sell, or dispose of appropriately. Immediately institute clean up measures in case of an oil spill. 	Changes in landscape	<ul style="list-style-type: none"> Undertake extensive public consultation during the planning of the project. Design structures at the site in such a way as to improve the beauty of the surroundings. Restore site areas through backfilling, landscaping and planting of trees, shrubs and grass on the open spaces to re-introduce visual barriers. Design and implement an appropriate landscaping programme.
Public safety	<ul style="list-style-type: none"> Cordon off the construction sites and only allow access to authorized personnel. Place warning signs on strategic places. Conduct education and awareness campaigns to dispel fear among community on the effects of electrostatic and magnetic forces. 	Land take and resettlement	<ul style="list-style-type: none"> Conduct a detailed and elaborate RAP where necessary. Conduct consultation meetings with Project Affected Persons. Ensure timely compensation for loss of property and land use. Ensure adherence to country legal legislations and World Bank Safeguard Policy 4.12 on Involuntary Resettlement.
Soils	<ul style="list-style-type: none"> Apply soil erosion control measures such as levelling of the project site to reduce run-off velocity and increase infiltration of storm water into the soil. Overburden removed during excavation to be used to fill or landscape the project area or in other areas. Compact soils to reduce susceptibility to erosion. Immediate re-vegetation and landscaping works to be carried out after the works to protect soils that have been exposed. 	Hiring of labourers	<ul style="list-style-type: none"> Employs the locals in liaison with local leaders and administration in unskilled and semi-skilled duties. Make deliberate efforts to include at least 33% of women as employees within the project. Put in place a code of conduct to prevent sexual harassment / exploitation of female employees.
Occupational health and safety	<ul style="list-style-type: none"> Ensure strict adherence to the safety designs established. Ensure that access to the live sections of the project should only be by authorization and trained personnel. Comply with all standard and legally required health and safety regulations as promulgated by Factories and Other Places of Work Act, OSHA, 2007 and its subsidiary legislation and also the ILO Guidelines on Safety and Public Health in, the construction activities. Set up a standard first aid station on site. Employ a Safety Officer on site with relevant training and knowledge of safety procedures. 	Social vices	<ul style="list-style-type: none"> Conduct periodic sensitization forums for employees on ethics, morals, general good behaviour and the need for the project to co-exist with the neighbours. Offer guidance, counselling and support on HIV/AIDS and other STDs to employees.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED INSTALLATION AND OPERATION OF
INCINERATOR PLANT ON PLOT L.R. NO. 23961 (PART)
PORTIONS 8, 9 AND 10, KINANIE LOCATION, ATHI-RIVER,
MACHAKOS COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Green City Incinerators Limited, is proposing the installation of an incinerator that will contribute to safe and proper treatment of hazardous waste from Machakos County and the surrounding counties.

The following are the anticipated impacts and proposed mitigation measures:

CONCERNS DURING SITE CONSTRUCTION AND
INSTALLATION PHASE AND PROPOSED MITIGATION
MEASURES

<i>Impacts</i>	<i>Mitigation Measures</i>
Dust disturbances	<ul style="list-style-type: none"> • Employees involved in the construction and installation work to be provided with dust masks. • Green City Incinerators Limited and contractor to enforce strict use of personal protective clothing. • Complains of dust related ailments among employees given access to medical attention. • Sprinkle water on site.
Solid waste	<ul style="list-style-type: none"> • Solid waste and other excavated materials to be managed according to the Waste Management Regulations of 2006. • Waste handling bins to be provided for workers onsite, each bin should have a lid which should always be covered. • Colour code to be used to distinguish waste bins of different waste. • In a case of cement bagging be stored recycled or put into different usage.
Occupational injuries	<ul style="list-style-type: none"> • Appropriate personal protective equipment such as safety belts for workers working at height to be provided. • Proper use of PPE provided. • Appropriate training of workers of ways of working safely. • Appropriate supervision at workplace. • Rest times to be strictly observed to reduce stress.

POTENTIAL CONCERNS DURING OPERATIONAL PHASE
AND PROPOSED MITIGATION MEASURES

Air pollution (emission of toxic pollutants, flue gases, particulate matter and	<ul style="list-style-type: none"> • Screening incoming wastes at the incinerator to reduce incineration of wastes (such as batteries) that are non-combustible and are likely to produce air pollutants when burned.
---	--

combustion
products)

- Limiting the ash content of the waste feed via source control or selection.
 - Optimize voltage and other electric conditions of an ESP (to maximize capture of particles)
 - Having well-trained and certified employees that ensure that the combustor is operated to maximize combustion efficiency and that the emission control devices are operated to optimize conditions for pollutant capture or neutralization
 - Installation of well-designed and well-operated fine-particle of Air pollution Control device (APCD) such as filtration collectors, including primary fabric filters (baghouses); electrostatic collectors, including dry and wet electrostatic precipitators (ESPs) and ionizing wet scrubbers; and wet inertial-impaction collectors, including enture scrubbers and advanced designs that use flux-force condensation-enhancement techniques.
 - Optimize furnace operation, including temperature, oxygen concentration, and carbon monoxide concentration by optimizing grate speeds; under-fire and over-fire air-injection rates, locations, and directions; and operating auxiliary burners.
 - Maintain a maximum gas flow-rate limit to ensure adequate residence time in the combustion chamber and proper operation of the air pollution control equipment.
 - Installation acid gas scrubbers such as packed-bed absorber. The scrubbing liquid can be water or an alkaline solution, which reacts with the acid-gas constituents to form neutral salts.
 - Optimize flue-gas temperature in control devices (to minimize dioxin formation and to maximize condensation and capture of pollutants while avoiding gas dewpoint problems.
 - Installation of stack-gas monitors
 - Combustion-furnace designs, combustion-process modifications, or add-on controls such as ammonia or urea injection through selective or nonselective catalytic reduction.
 - Injecting activated carbon into the flue gas, or by passing the flue gas through a carbon sorbent bed, which adsorbs the trace gaseous constituents and mercury.
 - Limiting the Pb content of the waste feed via source control (Highly recommended)
 - Carbon removal through of finely divided activated carbon particles into the flue gas stream ahead of the particulate APCD.
 - Systematic injection of granular or powdered activated carbon upstream in the incinerator to remove dioxins and furans.
- Hazardous/infectious solid wastes
- Use of hazardous bags/ liners in handling the waste.
 - Hazardous waste to be handled managed and disposed according to the Environmental Management and Co-ordination (Waste Management) Regulations, 2006.
 - Use of NEMA licensed waste dealer to be the collecting all waste from the points of generation the incinerator site.

- Only NEMA licensed vehicles to be used to collect and hazardous transport waste to the facility.
 - Collection trips or take such other measures needed to eliminate or minimise the mixing of incinerable and non-incinerable wastes.
- Ash handling at the site (bottom ash, fly ash, miscellaneous waste streams and other residues like such as lime and activated carbon) and disposal
- The ash be contained at all times both inside and outside the facility.
 - Use of water to quench the ash, simultaneously reducing dust generation and minimizing the possibility of ash-dust inhalation or ingestion by workers.
 - Enclosed ash-handling systems throughout the incinerator.
 - Fly ash residues to be disposed off only after it has been solidified in the incineration plant.
 - Ash be handled and disposed in a secure hazardous-waste landfill that is designed to ensure that there will be no groundwater pollution.
 - Regular testing of ash to determine its toxicity.
- Greenhouse gases emissions
- GHC Emissions be reduced by modifying operating characteristics reagent type, and injection rate, and by selecting optimal combustor designs and emission-control technologies.
 - Use and continued calibration and maintenance of continuous monitors of emissions and process characteristics provide real-time feedback and facilitate maintenance of optimal operating conditions at all times by incineration operators.
 - Computerized continuous emission monitors (CEMs) for CO, O₂, Sox, Nox, and HCl.
 - Quarterly stack emission assessment of the incinerator.
 - Certification procedure for incinerator control-room operators.
- Scrubber waste water
- Wet-scrubber wastewater be discharged to on-site wastewater-treatment system in conjunction with EPZA.
- Occupational hazards
- Plant operators and worker training in hazardous-material management and annual refresher courses.
 - Employees should be provided with protective gear (Safety boots, overalls, helmets, goggles, earmuffs, respirators/masks and gloves).
 - A fully equipped first aid kit should be provided within the site and be managed by qualified person.
 - Provision of workmen's compensation cover (WIBA).
 - Safe operation procedures/ clear instruction provided to the workers and general public to ensure that safety is maintained.
 - Workers operating within the high temperature zones should not exceed 2hrs continuous presence or/as may be directed by the Occupational Health and Safety Experts.
 - Mounting of safety signages within and outside the incinerator plant.

- Site flooding from storm water generation
 - Rainwater from the constructed roofs within the site to be harvested and collected and stored in underground collected tanks for later use.
 - Appropriate site landscaping to be employed.
 - Planting of trees on all open area to reduce surface run off.
- Increased vehicular traffic
 - Company vehicles using Athi-River-Kinanie road to always observe traffic rules guaranteeing residents, pedestrians, cyclist and other road users their space and safety while using the Road.
 - Speed limits to be strictly observed.
 - Motorist to be sensitised to use unleaded fuel as opposed to leaded fuel.
- Social issues conflict
 - Continuous public participation and engagement for improving the environmental impact assessment and increasing total welfare of different interest groups in Kinanie location and beyond as far as the incinerator operation is concerned.
 - Pursuing economic achievements with regard to social, public health and environmental issues that of concern to the locals through CSR.

POTENTIAL CONCERNS DURING DECOMMISSIONING AND PROPOSED MITIGATION MEASURES

- | <i>Impacts</i> | <i>Mitigation Measures</i> |
|-------------------------------------|--|
| Occupational injuries | <ul style="list-style-type: none"> • Appropriate personal protective equipment provided and proper use. • Appropriate training of dismantling team and operators workers of ways of working safely. • Rest times to be strictly observed to reduce stress. |
| Solid waste | <ul style="list-style-type: none"> • Un-recyclable material to be transported by licensed waste transporters and disposed on NEMA approved landfill sites. • Ensure safety precautions have been observed at decommissioning especially in regard to sharp debris, heavy metals, etc. • Careful removal of lined ash pit on site • Use of NEMA approved waste handlers |
| Site restoration and rehabilitation | <ul style="list-style-type: none"> • Notify NEMA and other relevant authorities on intension to decommission operations at least 6 months in advance. • Carry out a decommissioning report and submit report to NEMA for review six months in advance. • Re-vegetate the project site with as much indigenous trees as possible • Monitor the site for one year. |

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

DRAFT STRATEGIC ENVIRONMENT ASSESSMENT REPORT FOR THE PROPOSED NAIVASHA SPECIAL ECONOMIC ZONE MASTER PLAN ON L.R. NO. 8396/56 IN NAKURU COUNTY

INVITATION OF PUBLIC COMMENTS

IN light of the provisions of section 57 A of the Environment Management and Co-ordination Act (EMCA) 1999, regulations 42 and 43 of Environmental (Impact Assessment and Audit) Regulations Legal Notice No. 101 of 2003, the National Environmental Management Authority (NEMA) has received a Draft Strategic Environmental Assessment report for the proposed Naivasha Special Economic Zone Master Plan on L.R. No. 8396/56 in Nakuru County. The SEA findings are expected to integrate the existing sectoral plans and programs to establish sustainable development mechanisms.

Special Economic Zones Authority (SEZA) is the PPP owner. The Master Plan for the Naivasha SEZ has been conceived by SEZA, a lead agency in the Ministry of Industrialization and Enterprise Development (MOIED) that is mandated to implement development activities under SEZ programs on behalf of the Government of Kenya. Naivasha Special Economic Zone is being developed on one thousand (1,000) acres located within Naivasha Sub-County in Nakuru County. The land is located about 14 km from Mai-Mahiu along Mai-Mahiu – Narok Road on the left-hand side and adjacent to Pipeline Road. The land touches the Standard Gauge Railway (SGR) on the lower boundary. The land is divided into two with 150 acres allocated for Internal Container Depot (ICD) and 850 acres allocated to the development Special Economic Zone.

The objectives of this SEA are to identify, describe, and assess:

- The likely significant sustainability effects of implementing the Special Economic Zones (SEZ) Master plan for Naivasha.
- The key issues/ constraints regarding implementation of the strategic action.
- The opportunities for enhancing positive impacts, avoiding and/ or mitigating negative ones (including synergistic and cumulative ones).
- Promote public participation.
- compensate for the loss of valuable features and benefits.
- Protection and conservation of natural surroundings of scenic beauty.
- Identify the best option for the strategic action.
- Ensure that the strategic action does not exceed limits which irreversible damage from impacts may occur (Limits of Acceptable Change -LAC).

Aspect	Potential adverse impact	Management strategy	Recommended management and monitoring action
Environmental and Landscape Changes	<ul style="list-style-type: none"> • Negative visual impact due to loss of visual amenity from dense industrial and other urban structures. • Increased risk of flooding due to increase in storm water generated on site. • Poor ambient air quality and increase in 	Protection of endangered/threatened/vulnerable species and habitats, enhancement of biodiversity on site.	<ul style="list-style-type: none"> • Ensure adequate tree cover and gardens within developed areas to provide shade and cooling effect. • Ensure adequate drainage of the site through drainage works. Plenty of gardens and green areas within developed areas will enable percolation of rainfall and reduce runoff. • Ensure plenty of vegetation cover (trees and shrubs) as buffers between land-uses to reduce noise

Aspect	Potential adverse impact	Management strategy	Recommended management and monitoring action
	<ul style="list-style-type: none"> • background noise levels. • Increased noise levels generated on site. 		<ul style="list-style-type: none"> • effects. • Enforcement of pollution control measures for air pollution sources in the Naivasha SEZ. • Tarmacking all major roads to enhance movement in all-weather and to avoid dust generation.
Waste Management	<ul style="list-style-type: none"> • High generation of solid and effluent waste from commercial, industrial and residential areas. 	Removal of agents of environmental pollution and proper disposal of wastes.	<ul style="list-style-type: none"> • Adoption of an integrated solid waste management plan that includes reduction, reuse, recycling, incineration, composting and land filling. • Pursue waste minimization at source principles e.g. zero generation, reduction, re-use and/or recycling. • segregation of domestic and industrial waste to be done and managed separately. • Provide mechanisms to segregate wastes at source to enable recycling. • Provision of transfer stations from where waste will be disposed in designated areas and ensure that all wastes are stored temporarily at the designated transfer stations, and that they are regularly carried away for disposal in designated areas.
Biodiversity and Nature Conservation	<ul style="list-style-type: none"> • Modification of vegetation • Loss of wildlife habitats 	Protection of endangered/threatened/vulnerable species and habitats, enhancement of biodiversity on site.	<ul style="list-style-type: none"> • Management and Monitoring Action. • Protection of the environment and establishment reserve management plan. • Establishment of a wildlife management plan in collaboration with KWS. • EIAs to be undertaken for all development activities.
Energy Resources	<ul style="list-style-type: none"> • High water demand in industrial zones, administrative zone, commercial center and residential areas. 	Conservation of energy resources through lowering of consumption levels.	<ul style="list-style-type: none"> • Energy conservation through installation/use of energy efficient appliances/fittings. • Adoption of green energy sources e.g. solar energy, waste to energy projects etc • Use of green building designs that allow for passive heating and cooling, and maximum utilization of natural light in

Aspect	Potential adverse impact	Management strategy	Recommended management and monitoring action
			<ul style="list-style-type: none"> • buildings. • Creating of energy conservation awareness programmes. • Continually seek avenues for energy conservation as international best practices evolve.
Water Resources	<ul style="list-style-type: none"> • High water demand in industrial areas, commercial and residential areas. • Decline in groundwater levels. 	Conservation of water resources through sustainable utilization.	<ul style="list-style-type: none"> • Rain water harvesting. • Conservative water use in low volume fixtures in buildings. • Use of recycled and harvested storm water in cleaning and watering of plants. • Incorporate water accounting systems and metering for all areas. • Continually seek new avenues for water conservation as international best practices evolve. • Undertake a hydrogeological study in collaboration with WRA to determine the sustainable groundwater abstraction levels.
Social Aspect (Increased insecurity, cultural dilutions)	Community and developer disputes.	Conservation of the area social and cultural practises/activities of the area.	<ul style="list-style-type: none"> • Inclusion of the community in activities associated with the development of the Naivasha SEZ. • Work with the National Police Service to develop a security policy/strategy for the SEZ. • Promote community policing. • Organize cultural days.
Workplace issues (employment, workplace safety, emergency response).	Injuries at workplace and employment injustices.	Ensure the work environment is conducive.	<ul style="list-style-type: none"> • Provision of PPEs for employees. • Develop a local content framework. • Undertake a skills demand analysis. • Work with local TIVET institutions to proactively train potential workforce.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement, etc.*:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the National or County Governments. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly, Senate or County Assemblies.
- (4) *Act Supplement* contains Acts passed by the National Assembly, Senate or County Assemblies.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typed with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE HUMAN RESOURCE POLICIES AND PROCEDURES MANUAL FOR THE PUBLIC SERVICE —

Kenya Gazette

A.30 (1) All communication for publication in the *Kenya Gazette* should reach the Government Printer not later than Friday of the week before publication is desired.

(2) A State Department will be required to meet the cost of advertising in the *Kenya Gazette*.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
