## PROGRAMME-PERFORMANCE BASED BUDGETS (PBB)

---

**Vote No:** 1261

**Vote Title:** The Judiciary

### **Part A: Mission**

The Judiciary's Mission statement is: *"To deliver Justice fairly, impartially and expeditiously, promote equal access to justice and advance local Jurisprudence by upholding the rule of law"*.

### **Part B: Vision**

The Judiciary's Vision is: *"To be the Independent custodian of Justice in Kenya"*.

### **Part C: Strategic Objectives**

**Programme:** Dispensation of Justice

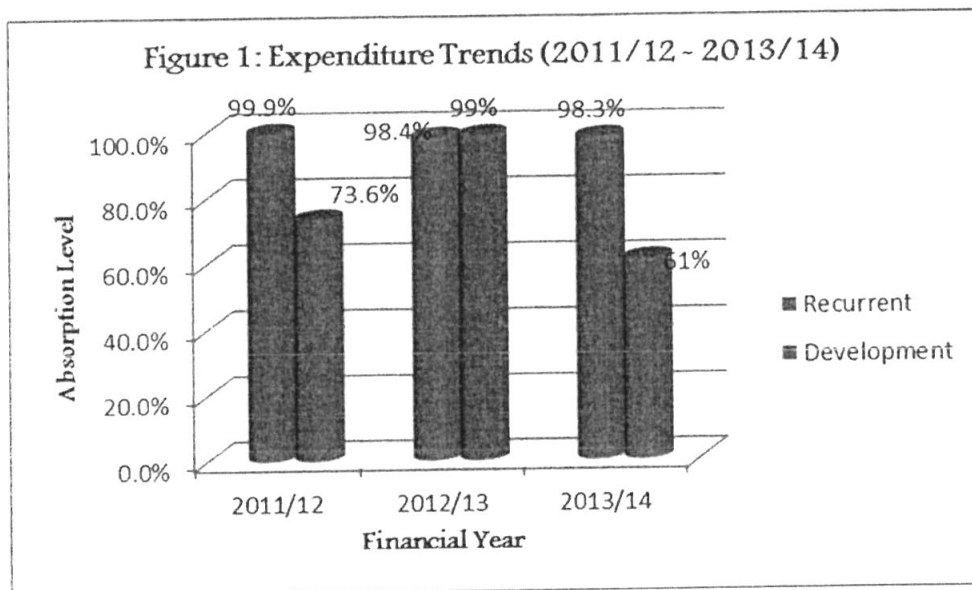

#### **Strategic Objective**

The overriding goal for the Judiciary is to provide equitable access to and expeditious delivery of justice. This will be achieved by the objectives set out in the four pillars of the Judiciary Transformation Framework (2012 – 2016) namely: i) People-centred delivery of Justice; ii) Transformative Leadership, Organisational Culture and Professional, Motivated Staff; iii) Adequate resources and sufficient infrastructure; and iv) Harnessing ICT as an Enabler for Justice.

### **Part D: Context for Budget Intervention** **Review of MTEF period 2011/12 - 2013/14**

#### **Expenditure trends**

Absorption of the recurrent budget was within the target in the period under review as shown in Figure 1. Downward fluctuation in absorption rate for development vote in FY 2013/14 was due to suspension of construction works owing to challenges in the procurement process and supervision.

### Analysis of Programme Expenditure

The Judiciary has one program: Dispensation of Justice. This programme has two sub-programs namely; Access to Justice and Judicial Services.

### Recurrent Expenditure

The table below outlines recurrent expenditure of the sub-programs for the FY 2011/12 – 2013/14.

**Table 1: Expenditure review by Sub-program (Ksh. Million)**

Year	2011/12		2012/13		2013/14	
	Approved Estimates (Ksh. Million)	Actual Estimates (Ksh. Million)	Approved Estimates (Ksh. Million)	Actual Estimates (Ksh. Million)	Approved Estimates (Ksh. Million)	Actual Estimates (Ksh. Million)
Access to Justice	4,673	4,435	7,544	7,513	7,621	6,989
Judicial services	2,873	2,876	4,613	4,448	4,256	4,226
<b>Total Expenditures</b>	<b>7,546</b>	<b>7,311</b>	<b>12,157</b>	<b>11,961</b>	<b>11,877</b>	<b>11,215</b>

The access to justice sub-program received over 60% of the recurrent budget allocation in the period under review.

The table below shows the approved estimates and actual expenditures for the recurrent budget over the period under review. It also shows the ratio of recurrent vote to the overall budget, growth in allocations as well as the utilization levels.

**Table 2: Analysis of Recurrent Expenditure**

	Approved Expenditure (Million) Kshs	Actual Expenditure (Million) Kshs	Approved Expenditure (Million) Kshs	Actual Expenditure (Million) Kshs	Approved Expenditure (Million) Kshs	Actual Expenditure (Million) Kshs
	Recurrent	6,142	6,137	10,221	10,025	11,215

% Growth over previous year	85%		66%		10%	
% Utilization- Recurrent		99.9%		98.4%		98.3%

The new constitution demanded for reforms in the Judiciary that led to expansion in its establishment as well as creation of new agencies. This led to sharp increase in recurrent budget in FY 2011/12. The resource allocation for the recurrent expenditure constituted 81% of the approved expenditure in FY2011/12 and grew to 88% in FY 2013/14. The recurrent budget rose by 85% in FY 2012/12, 66% in FY 2012/13 and 10% in FY 2013/14. The utilization of the budget has been within the target.

**Development Expenditure**

The table below shows the approved estimates and actual expenditures for the development budget. It also shows the ratio of development vote to the overall budget, growth in allocations as well as the utilization rates for the period under review.

**Table 3: Analysis of Development Expenditure**

	2011/12		2012/13		2013/14

% Growth over previous year	138%		37.9%		-23%	
% Total vote Utilization		73.6%		99%		61%

The share of development vote in the total Judiciary budget has been on a decline from 19 percent in 2011/12 to 12 percent in 2013/14. In FY 2011/12 the development allocation increased by 138% as compared to the previous year. It increased by 37.9% in FY 2012/13 but declined by 23% in FY 2013/14. The increase in the development budget was necessitated by the need to construct new court stations and refurbishment of the dilapidated court structures. The absorption of the development funds declined from 99% in FY 2012/13 to 87% in FY 2013/14 due to review of development projects.

### Major achievements for the period 2013/14

The Judiciary is committed to its core programme of Delivery of Justice to all. Towards delivering this programme's objectives, the following achievements were accomplished in the FY 2013/14:-

- a) The Judiciary renovated and refurbished existing courts and established mobile courts towards improving access to justice. In this regard 20 courts were refurbished/renovated while 19 mobile courts were established across the country. The Judiciary also networked 17 high court stations, 6 magistrate courts and 4 offices to enhance communication and interconnectivity.
- b) Towards meeting statutory requirement of establishing a high court in each county, a high court station was established in Homabay. The high court established circuits in Kitui and Migori. The Environment and Land Court established a circuit in Kericho. Three magistrate courts were also established in Mbita, Migwani, and Githongo.
- c) The Judiciary increased the number of judicial officers by hiring 11 judges of the high court and 51 magistrates towards clearing case backlog and speedy disposal of cases. Additionally, 28 legal researchers were recruited. The Judiciary established Internal Audit unit to strengthen internal controls, compliance with laws, regulations and policies, and governance. Further, 132 administrative professionals were employed to strengthen administrative functions including those that were earlier carried out by judicial officers and 12 members and chairpersons of the tribunals.
- d) The Judiciary Case Audit and Institutional Capacity Survey was conducted in the year under review. The survey provides baseline data on the case backlog in Judiciary system. It details the nature and status of all pending cases. The report is expected to inform policy for specific and targeted interventions on reducing case backlog.
- e) In the FY 2013/14, 457,040 cases were resolved. This represented a clearance rate of 87%, which was an improvement from 76% in the previous period.

- f) Access to information was enhanced through development of service charters, IEC materials and customer care desk to assist litigants. The Judiciary also participated in ASK shows in Nairobi, Mombasa, Nyeri, and Bungoma to engage the public. The Judiciary also organized a criminal service week where over 1,500 cases were concluded.
- g) Reform initiatives were undertaken to enhance Judiciary's revenue collection. Agency banking including introduction of mobile banking in all court stations was rolled out to ease payments of fees and fines. This also led to a significant increase in revenue. The total revenue collected in 2013/14 saw an increment of 42% from Ksh. 1.48 billion in 2012/13 to Ksh. 2.11 billion in 2013/14.
- h) The Judiciary partnered with the Traffic department, Prisons, NTSA and DPP to set up mobile traffic courts in the major highways where instant penalties are imposed on traffic offenders. This has led to faster disposal of traffic cases.
- i) The Ombudsperson of the Judiciary received 2,000 complaints from the public in the year under review and resolved 1,819. This is geared towards improving service delivery in the Judiciary.
- j) The Political Parties Disputes Tribunal was domiciled in the Judiciary. The Tribunal received 60 cases filed and determined over 50 matters in the period under review. The PPDT enhanced its legal and administrative framework by developing the following: Strategic Plan covering the period 2013– 2018; Electoral and Political Dispute Resolution rules; Model rules - a document which intended to reduce conflicting rules on political party disputes; Rules of procedure - a legal and administrative framework which has enhanced processes to facilitate efficient resolution of political disputes; Compendium - a comprehensive handbook on the legal framework and analysis of decided cases.
- k) The National Council on Law Reporting (NCLR) created and implemented a digital library and archival system to obtain a repository of all public legal information on a digital platform; Published and printed 2 volumes of the Kenya Law Reports and 8 specialized publications; Deployed a unix operating system to guarantee security of both the physical infrastructure and virtual workspace and enhance reliability and efficiency of the Council's ICT infrastructure, processes and equipment; developed a new look website that conforms with World Wide Web Consortium (W3C) guidelines to enhance universal website accessibility to all, including those who are visually impaired; Enhanced the NCLR staff count in line with the organization structure by recruiting 7 officers which strengthened NCLR administrative capability.
- l) The Auctioneers Licensing Board (ALB) determined 50% of the 109 cases that were filed. It further licensed 124 Class A and 224 Class B auctioneers.
- m) The National Council on Administration of Justice (NCAJ) expanded the Court User Committee program by constituting them in all the stations across the country and strengthening their capacity.

## **Constraints and challenges in budget implementation and how they are being addressed**

The Judiciary has continued to experience several challenges in the implementation of its budgetary programmes. During the period under review, the judiciary experienced the following challenges:-

- 1) **Inadequate human resource** - The inadequate number of Judicial Officers and Prosecutors hampered the expeditious disposal of cases.
- 2) **Slow reforms within the justice sector** - The slow pace of the reforms in the justice chain particularly in the criminal justice system continues to undermine the gains the judiciary is making.
- 3) **Delay in processing land ownership documents** – This delay impacts on the pace of construction of courts and absorption rate of allocated resources.
- 4) **Lack of capacity in specialized service ministries/departments** – most specialized service ministries have no capacity to deliver the requisite documents and materials within stringent timelines.
- 5) **Underfunding of the Judiciary** - Year after year, lack of funds postpones necessary infrastructure work—delays the operations of the Judiciary across the country, and makes it harder for the Judiciary to operate effectively in order to ensure that Kenyans have access to expeditious justice.
- 6) Exchequer shortfalls leading to pending bills.

## **Major services/outputs to be provided in MTEF period 2015/16 – 2017/18**

In an effort to improve access to justice, we recommend the following:-

- i. Operationalization of the judiciary fund as provided for by the Constitution.
- ii. Adequate funding for judiciary operations, programmes and projects.
- iii. Strengthened stakeholder engagements and increased funding to NCAJ
- iv. Implementation of Section 7 of the Judicature Act which sets out the capping on the number of Judges for the superior courts.
- v. Fast track reforms in the Justice sector.
- vi. Logical Conclusion of the Vetting of Judicial Officers.
- vii. Capacity building at specialized service ministries.

**Part D: Context for Budget Intervention**

The Judicial Service Commission (JSC) is established under Article 171 of the Constitution of Kenya to ensure efficient, effective administration of justice and an accountable Judiciary. JSC came into operation in the year 2011/12. One of the core programmes under JSC is enhancement of Jurisprudence. In cognizance of this, JTI was established in 2008 to provide judicial education for judges, judicial officers and Judiciary staff. In line with the current Judiciary Transformation Framework, JTI will be the interface between the Judiciary and contemporary developments in society, on the one hand, and learning interaction between the Judiciary and other agencies, on the other. It will provide the intellectual anchor in making our courts the hearth and home of a robust and functional jurisprudence that meets the aspirations of Kenyans.”

To help in staff in gaining general information about Judiciary, gain practical skills and also meet interaction needs with existing employees, the Institute facilitated an induction program for officers recruited in the financial year to strengthen the functions of the various directorates.

S/No	Name of Training	No Trainee	Remarks
1	Induction for newly recruited directorate staff	168	Staff hired to strengthen the directorates
2	Induction for Chief Registrar of the Judiciary	1	Presentations were made by Registrars, Directors and Commissioners from JSC.

### 2.1.3 Other Achievements

In addition to continuous education and training, the JTI also achieved the following during the year under review:

#### (i) Research & Policy Development

JTI spearheads the formulation of various policies for the Judiciary. Developments of the following policies were initiated and are at different stages of completion, these policies include; Sexual Harassment Policy, Disability Mainstreaming policy and Training Policy.

#### (ii) Change Management

To harness synergy for the efficient and effective delivery of services by the Judiciary, JTI facilitated an inaugural sports day bringing together national representation of judiciary employees totalling to over 600. This was further expected to improve working relationships between all cadres of employees which has been found to be important for administration of justice by the Judiciary.

### **Constraints and challenges in budget implementation and how they are being addressed**

1. Insufficient staff establishment. To address this constraint various Judicial officers and staff have been recruited in the recent past, however this process will continue until the optimal staff in the establishment is achieved.
2. Infrastructure. The Judicial Training Institute currently operates in property under lease. Proposal has been made to acquire a home for JTI to ensure that they achieve their mandate effectively and efficiently.
3. The Judicial Service Commission relies on the Integrated Financial Management Information System (IFMIS) manned by the National Treasury in execution of all its transactions. This means that in case of any fault of the system, the operations within the Judicial Service Commission are disrupted hence payment are delayed.
