9.	Orthopaedic and Trauma technologist	

#### **IV. Chairman's Statement**

There was no chairman's statement

#### **V. Report of The Chief Executive Officer**

**(Two-to-three pages)**

*{(Under this section, the Medical Superintendent will give his report which highlights the same issues as the Chairman in a more detailed format. The Medical Superintendent may also mention at a high level the financial performance of the organisation)}.*

*(The report should be signed by the Medical Superintendent.)*

Mogotio Sub County Hospital is a level 4 public hospital located in Mogotio Sub County, Baringo. It is regulated by the Ministry of Health and was registered by the Kenya Medical Practitioners and Dentists Council (KMPDC) in August 2017 under registration number GK009010. The hospital was upgraded from a dispensary to a level 4 hospital in November 2018 and bears MFL code 20005.

The hospital offers a wide range of services including, but not limited to consultation, immunization, ante natal and post-natal services, nutrition, family planning, child welfare services, laboratory, pharmacy, specialized clinics, maternity and inpatient admissions. The hospital intends to expand its scope of services to include services not currently being offered including blood transfusion services and additional diagnostic services. The current bed capacity of the hospital stands at 120.

The hospital challenges include lack of automation of services, lack of a hospital ambulance, lack of hospital land title deed, lack of staff to offer some essential services e.g. physiotherapy and dental services. However, the hospital has some opportunities including more intersectoral collaborations, installation and use of electronic medical records, private insurance schemes, public private partnerships and Universal Health Coverage (UHC) program.

Threats faced by the hospital include dwindling partner support due to budget cuts, high levels of poverty in the neighboring communities, inadequate resource allocation for health, retrogressive socio-cultural

practices such as herbal remedies, climate change, unforeseen natural disasters such as drought & epidemics and drug & alcohol abuse.

The hospital has gradually increased its own revenue sources by expanding its scope of services and advocating for NHIF especially Linda mama program. To further increase its revenue, the hospital will focus on the following areas: advocate for the County Assembly (through relevant channels) to increase the current allocation fund allocation to health department, create linkages and networks with external and internal donors for monetary support, increase demand for services to generate internal income (operationalize theatre, IGA through the oxygen plant, build a mortuary etc.), identification of resource mobilization activities and establishing a monitoring framework on prudent utilization of funds.

Strategic issues and priority areas that the hospital focuses on include: securing the premises of the facility (acquisition of title deed, fencing off the facility, planting of trees), operationalize the currently dormant functions (Improve the pharmaceutical store, complete and equip the kitchen, operationalize fully the medical wards), ensure provision of adequate water for the facility (drilling of boreholes through donor or county government support), expand the range of specialized services provided at the facility (operationalize the theatre, optimize use of the oxygen plant, construct a mortuary, acquisition of an ambulance) and expansion of infrastructure for and to ensure equitable distribution of curative and rehabilitative service.

**VI. Statement Of Performance Against Predetermined Objectives**

*(Two-to-three pages)*

Section 164 Subsection 2 (f) of the Public Finance Management Act, 2012 requires the accounting officer to include in the financial statement, a statement of the County Government entity’s performance against predetermined objectives.

XXX has X strategic pillars/ themes/issues and objectives within the current Strategic Plan for the FY xx-FY xx. These strategic pillars/ themes/ issues are as follows;

Pillar /theme/issue 1:

Pillar/theme/issue 2:

XXX develops its annual work plans based on the above X pillars/Themes/Issues. Assessment of the Board’s performance against its annual work plan is done on a quarterly basis. The XXX achieved its performance targets set for the FY 20xx/20xx period for its xx strategic pillars, as indicated in the diagram below:

<b>Strategic Pillar/Theme/Issues</b>	<b>Objective</b>	<b>Key Performance Indicators</b>	<b>Activities</b>	<b>Achievements</b>
Pillar/ theme/ issue 1:				
Pillar/ theme/ issue 1:				

*(Under this section therefore, the management should include performance against the strategic objectives of the organisation. The management should outline the strategic Pillars, activities towards their achievement and outputs under each strategic pillar. The organisation should also briefly outline how they have tied achievements to performance contracts)*

## **VII. Corporate Governance Statement**

Two-to-three pages

*(Under this section, include the number of Board meetings held and the attendance to those meetings by members, succession plan, existence of a Board charter, process of appointment and removal of Board members, roles and functions of the Board, induction, and training, Board and member performance, conflict of interest, board remuneration, ethics, and conduct as well as governance audit.)*

## **VIII. Management Discussion and Analysis**

Two- four pages

*(Under this section, the management gives a report on the operational and financial performance of the organisation during the period, entity's key projects or investments decision implemented or ongoing, entity's compliance with statutory requirements, major risks facing the organisation, material arrears in statutory and other financial obligations, and any other information considered relevant to the users of the financial statements.)*

The management should make use of tables, graphs, pie charts and other descriptive tools to make the information as understandable as possible. The information should show a trend for the last three years. Some of the details to be included under this section are;

### **Clinical/operational performance**

- Bed capacity of the hospital.
- Overall patient attendance during the year for both inpatient and outpatient.
- Accident and Emergency attendance
- Specialised clinic attendance
- Average length of stay for in patient
- Bed occupancy rate
- Mortality rate
- Surgical theatre utilisation (number of operations over a period of time)
- Sponsorships and partnerships

### **Financial performance that includes**

- revenue sources,
- utilisation of funds etc

*(The management discussion and analysis should be signed by the Chief Executive Officer/Medical Superintendent)*

## **IX. Environmental And Sustainability Reporting**

### **Two-to-three pages)**

Mogotio Sub County Hospital exists to transform lives. It's what guides us to deliver our strategy, putting the client/Citizen first, delivering health services, and improving operational excellence. Below is an outline of the organisation's policies and activities that promote sustainability. *(Tailor make as appropriate).*

#### **i) Sustainability strategy and profile**

*The top management especially the accounting officer should make reference to sustainable efforts, broad trends in political and macroeconomic affecting sustainability priorities, reference to international best practices and key achievements and failure.*

#### **ii) Environmental performance**

*Outline clearly, environmental policy guiding the organisation, provide evidence of the policy. Outline successes, shortcomings, efforts to manage biodiversity, waste management policy and efforts to reduce environmental impact of the organisation's products.*

#### **iii) Employee welfare**

*Give account of the policies guiding the hiring process and whether they take into account the gender ratio, whether they take in stakeholder engagements and how often they are improved. Explain efforts made in improving skills and managing careers, appraisal and reward systems. The organisation should also disclose their policy on safety and compliance with Occupational Safety and Health Act of 2007, (OSHA.)*

#### **iv) Market place practices-**

*The organisation should outline its efforts to:*

##### **a) Responsible competition practice.**

*Explain how the organisation ensures responsible competition practices with issues like anti-corruption, responsible political involvement, fair competition, and respect for competitors.*

##### **b) Responsible Supply chain and supplier relations**

*Explain how the organisation maintains good business practices, and treats its own suppliers responsibly by honouring contracts and respecting payment practices.*

##### **c) Responsible marketing and advertisement**

*Outline efforts to maintain ethical marketing practices.*

**d) *Product stewardship***

*Outline efforts to safeguard consumer rights and interests.*

**e) *Corporate Social Responsibility / Community Engagements***

*The organisation gives details of CSR activities carried out in the year and the impact to the society. Give evidence of community engagement including charitable giving (cash and material), Corporate Social Investment and other forms of community engagements.*

## **X. Report of The Board of Management**

The Board members submit their report together with the Audited Financial Statements for the year ended June 30, 2022, which show the state of the *hospital's* affairs.

### **Principal activities**

The principal activities of the entity are preventive, curative and surgical interventions.

### **Results**

The results of the entity for the year ended June 30 are set out on page ....

### **Board of Management**

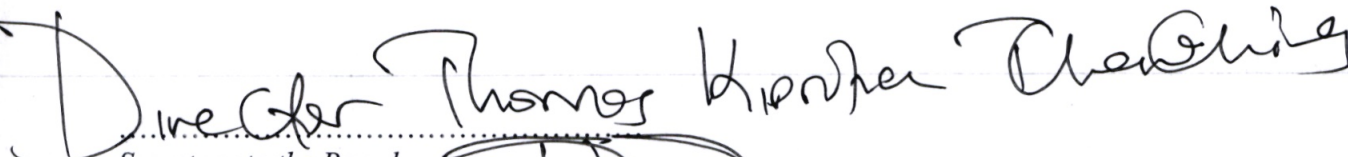

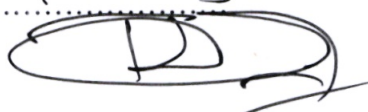

The members of the Board who served during the year are shown on page xxx. During the year xxx director retired/ resigned and xxx was appointed with effect from xxxx date.

(the above be done by administrator, and board chair/member then I'll sign when complete)

### **Auditors**

The Auditor General is responsible for the statutory audit of the *entity* in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015 or XYZ Certified Public Accountants were nominated by the Auditor General to carry out the audit of the *entity* for the year/period ended June 30, xxx in accordance to section 23 of the Public Audit Act, 2015 which empowers the Auditor General to appoint an auditor to audit on his behalf.

By Order of the Board

  
Secretary to the Board 

## XI. Statement of Board of Management's Responsibilities

Section 164 of the Public Finance Management Act, 2012 (*entities should quote the applicable legislation under which they are regulated*) requires the Board of Management to prepare financial statements in respect of that *entity*, which give a true and fair view of the state of affairs of the *entity* at the end of the financial year/period and the operating results of the *entity* for that year/period. The Board of Management is also required to ensure that the *entity* keeps proper accounting records which disclose with reasonable accuracy the financial position of the *entity*. The council members are also responsible for safeguarding the assets of the *entity*.

The Board of Management is responsible for the preparation and presentation of the *entity's* financial statements, which give a true and fair view of the state of affairs of the *entity* for and as at the end of the financial year (period) ended on June 30, 2022. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period, (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the *entity*, (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud, (iv) safeguarding the assets of the *entity*; (v) selecting and applying appropriate accounting policies, and (vi) making accounting estimates that are reasonable in the circumstances.

The Board of Management accepts responsibility for the *entity's* financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012 and (*– entities should quote applicable legislation as indicated under*). The Board members are of the opinion that the *entity's* financial statements give a true and fair view of the state of *entity's* transactions during the financial year ended June 30, 2xxx, and of the *entity's* financial position as at that date. The Board members further confirm the completeness of the accounting records maintained for the *entity*, which have been relied upon in the preparation of the *entity's* financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Board of management to indicate that the *entity* will not remain a going concern for at least the next twelve months from the date of this statement.

### Approval of the financial statements

The Hospital's financial statements were approved by the Board on 26/4/2024 and signed on its behalf by

Name: Prisca Chepkorir  
Chairperson  
Board of Management

Name: Prisca Chepkorir  
Accounting Officer

(I'll sign with the chair once done)

## REPORT OF THE AUDITOR-GENERAL ON MOGOTIO SUB-COUNTY LEVEL 4 HOSPITAL FOR THE YEAR ENDED 30 JUNE, 2022 - COUNTY GOVERNMENT OF BARINGO

---

### PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure Government achieves value for money and that such funds are applied for the intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment and the internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

### REPORT ON THE FINANCIAL STATEMENTS

#### Qualified Opinion

I have audited the accompanying financial statements of Mogotio Sub-County Level 4 Hospital - County Government of Baringo set out on pages 1 to 51, which comprise the

---

*Report of the Auditor-General on Mogotio Sub-County Level 4 Hospital - for the year ended 30 June, 2022 - County Government of Baringo*

statement financial position as at 30 June, 2022 and the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of Mogotio Sub-County Level 4 Hospital - County Government of Baringo as at 30 June, 2022 and its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Public Finance Management Act, 2012, the Health Act, 2017 and the County Governments Act, 2012.

### **Basis for Qualified Opinion**

#### **1. Variance in Transfers from the County Government**

The statement of financial performance reflects transfer from the County Government revenue amount of Kshs.3,646,635 as disclosed in Note 6 to the financial statements. However, analysis of bank statement revealed an amount of Kshs.3,071,132 resulting to unreconciled variance of Kshs.575,503.

In the circumstances, the accuracy and completeness of transfer from the County Government amount of Kshs.3,646,635 could be confirmed.

#### **2. Undisclosed Revenue from Non-Exchange Transactions**

The statement of financial performance reflects revenue from non-exchange transactions of Kshs.3,646,635 as disclosed in Note 6 to the financial statements. However, analysis revealed in-kind contributions from the County Government in form of medical drugs amounting to Kshs.2,065,970, donations and program commodities amount of Kshs.1,651,219 and Universal Health Care (UHC) products of Kshs.33,969 totalling Kshs.3,751,158.

In the circumstances, the accuracy and completeness of revenue from non-exchange transactions of Kshs.3,646,635 could not be confirmed.

#### **3. Cash and Cash Equivalents Balance**

The statement of financial position reflects cash and cash equivalents balance of Kshs.596,608 and as disclosed in Note 27 to the financial statements. The following anomalies were noted:

- i. The cashbook reflects a balance of Kshs.188,257 resulting in unreconciled variance of Kshs.408,351.
- ii. The balance excludes one account with a balance of Kshs.705,408 operated by the County Treasury.

- iii. The balance differs from cash and cash equivalents balance of Kshs.688,341 reflected in the statement of cash flows resulting in unreconciled variance of Kshs.91,733.
- iv. Bank reconciliation statements for the undisclosed account were not provided for audit.

In the circumstances, the accuracy and completeness of cash and cash equivalents balance of Kshs.596,608 could not be confirmed.

#### **4. Inaccuracy of Receivable from Exchange Transactions Balance**

The statement of financial position reflects Nil balance in respect to receivables from exchange transactions while dues from National Health Insurance Fund (NHIF) whose records indicate a balance of Kshs.15,625.

In the circumstances, accuracy and completeness of receivable from exchange transactions balance could not be confirmed.

#### **5. Non-Disclosure of Property, Plant and Equipment Balance**

The statement of financial position reflects Nil balance in respect of property, plant and equipment balance. However, review of Hospital records and physical verification revealed various assets including land, buildings, motor vehicles, furniture, computers and equipment which were not disclosed in the financial statements. Further, the ownership document for the land occupied by the Hospital was not provided for audit.

In the circumstances, the accuracy, completeness and ownership of property, plant and equipment balance could not be confirmed.

#### **6. Inaccuracy in Payables Balance**

The statement of financial position reflects Nil payables balance while analysis of Hospital pending bills reflects balance of Kshs.1,128,670.

In the circumstances, the accuracy and completeness of payables balance could not be confirmed.

#### **7. Unsupported Other Income**

The statement of financial performance reflects an amount of Kshs.756,371 in respect to other income. However, Note 14 to the financial statements had Nil amount in respect to the same. Further, no schedules were provided to support the amount.

In the circumstances, the accuracy and completeness of other income amount of Kshs.756,371 could not be confirmed.

#### **8. Unsupported Inventory Balance**

The statement of financial position reflects a balance of Kshs.91,733 in respect to inventories. However, Note 30 to the financial statements had Nil balance in respect to the same. Further, no schedules were provided to support the balance.

In the circumstances, the accuracy and completeness of inventory balance of Kshs.91,733 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Mogotio Sub-County Level 4 Hospital Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

## **REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES**

### **Conclusion**

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

### **Basis for Conclusion**

#### **1. Failure to Prepare Budget Estimates**

The statement of financial performance reflects total revenue amount of Kshs.6,092,690 and total expenditure amount of Kshs.5,404,349. However, the Management did not prepare budget estimates for both revenue and expenditure. This contravenes Regulation 29(2)(a) of the Public Finance Management (County Governments) Regulations, 2015 which states that the Accounting Officer is responsible, in particular for ensuring that all services which can be reasonably foreseen are included in the estimates and that they are within the capacity of her or his county government entity during the financial year.

In the circumstances, Management was in breach of the law.

#### **2. Irregular Engagement of Casuals Workers**

The statement of financial performance reflects employee costs amount of Kshs.1,066,000 as disclosed in Note 16 to the financial statements. The expenditure relates to twelve (12) casual workers who have been working for more than five (5) years without contract of service contrary to Section 37 of the Employment Act, 2007 on conversion of causal employment to term contract.

In the circumstances, the Management was in breach of the law.

### 3. Service Delivery Gaps

Review of Hospital records and interviews conducted revealed that during the year under review, the Hospital did not meet the requirements of Kenya Quality Model for Health Policy Guidelines due to staff deficits as analyzed in the table below:

Item	Level 4 Standard	Current Number	Variance
Medical Officers	16	3	13
Anesthesiologists	2	1	1
General Surgeons	2	0	2
Gynecologists	2	0	2
Pediatricians	2	0	2
Radiologists	2	0	2
Registered Community Health Nurses	75	18	57

Further, the Hospital had deficits in services and equipment as indicated in the table below:

Item	Level 4 Standard	Current Number	Variance
Bed Capacity	150	120	30
Incubators (Newborn)	5	3	2
Functional ICU Beds	6	5	1
HDU Beds	6	0	6
Renal Unit with Dialysis Machines	5	0	5
Functional Operating Theaters Maternity and General	2	1	1

The deficiencies contravene the First Schedule of Health Act, 2017 and imply that accessing the highest attainable standard of health, which includes the right to health care services, including reproductive health care as required by Article 43(1) of the Constitution of Kenya, 2010 may not be achieved.

In the circumstances, the understaffing and inadequate medical equipment may have negatively impacted health service delivery to the public.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

# REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

## **Conclusion**

As required by Section 7(1)(a) of the Public Audit Act, 2015 and based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Effectiveness of Internal controls, Risk Management and Governance section of my report, I confirm that nothing else has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

## **Basis for Conclusion**

### **1. Stock-Outs of Medical Commodities**

Review of inventory records indicated that eleven (11) commodities were stocked out for a period between one (1) and three (3) months. In addition, there were no policy guidelines on the required re-order levels to confirm whether commodities were procured within the required stock levels.

In the circumstances, the effectiveness of internal controls over medical commodities management could not be confirmed.

### **2. Unfulfilled Orders**

Review of ordering records revealed that the Hospital made quantity orders of 49,436 units of various medical commodities from Kenya Medical Supplies Authority (KEMSA) out of which only 28,987 or 59% of the orders were received resulting to unfulfilled orders of 20,449 or 41%. There was no evidence to indicate that the unfulfilled orders to provide all time availability of medical commodities, were procured from other sources

In the circumstances, the effectiveness of Management to satisfy the medical commodities demand could not be confirmed.

### **3. Weak Controls on Issuance of Medical Products**

Review of delivery notes indicated the Hospital received medical products of Kshs.3,751,158. However, the stock cards did not indicate the batch number and the expiry dates to determine whether the issuance was through First Expiry First Out (FEFO) method. This was contrary of the Ministry of Health Guidelines on Management of Health Products and Technologies 2020 which requires medical products to be issued from the store through the principle of First Expiry First Out (FEFO).

In the circumstances, the effectiveness of management controls over issuance of medical products could not be confirmed.

### **4. Management of Inventory**

Statement of financial position reflects inventory balance of Kshs.91,733 as disclosed in Note 30 to the financial statement. However, review of stock cards revealed that the stock cards were not updated with the value of the drugs received in and issued from the store.

In the circumstances, the effectiveness of internal controls over management of inventory could not be confirmed.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

### **Responsibilities of Management and Board of the Management**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Hospital's ability to continue to sustain its services, disclosing, as applicable, matters related to the sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Hospital or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the Hospital's activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public money is applied in an effective manner.

The Board of Management is responsible for overseeing the Hospital's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

### **Auditor-General's Responsibilities for the Audit**

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could

reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance review is planned and performed to express a conclusion with limited assurance as to whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution. The nature, timing and extent of the compliance work is limited compared to that designed to express an opinion with reasonable assurance on the financial statements.

Further, in planning and performing the audit of the financial statements and review of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal controls may not prevent or detect misstatements and instances of noncompliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Hospital's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to

the date of my audit report. However, future events or conditions may cause the Hospital to cease to continue to sustain its services.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Hospital to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and where applicable, related safeguards.

  
FCPA Nancy Gathungu, CBS  
AUDITOR-GENERAL

## XVIII. Notes To the Financial Statements

### 1. General Information

Mogotio Sub County Hospital is established by and derives its authority and accountability from xxx Act. The entity is wholly owned by the Baringo County Government and is domiciled in Baringo County in Kenya. The entity's principal activity is provision of health care services.

### 2. Statement Of Compliance And Basis Of Preparation

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant, and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying the *entity's* accounting policies. The areas involving a higher degree of judgment or complexity, or where assumptions and estimates are significant to the financial statements, are disclosed in Note xx The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the *entity*.

The financial statements have been prepared in accordance with the PFM Act, and (*include any other applicable legislation*), and International Public Sector Accounting Standards (IPSAS). The accounting policies adopted have been consistently applied to all the years presented.

### 3. Adoption of New and Revised Standards

IPSASB deferred the application date of standards from 1<sup>st</sup> January 2022 owing to Covid 19. This was done to provide entities with time to effectively apply the standards. The deferral was set for 1<sup>st</sup> January 2023.

Notes to the Financial Statements (Continued)

i. New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2022.

Standard	Effective date and impact:
<p><b>IPSAS 41:</b> Financial Instruments</p>	<p><b>Applicable: 1<sup>st</sup> January 2023:</b></p> <p>The objective of IPSAS 41 is to establish principles for the financial reporting of financial assets and liabilities that will present relevant and useful information to users of financial statements for their assessment of the amounts, timing and uncertainty of an Entity's future cash flows.</p> <p>IPSAS 41 provides users of financial statements with more useful information than IPSAS 29, by:</p> <ul style="list-style-type: none"> <li>• Applying a single classification and measurement model for financial assets that considers the characteristics of the asset's cash flows and the objective for which the asset is held;</li> <li>• Applying a single forward-looking expected credit loss model that is applicable to all financial instruments subject to impairment testing; and</li> <li>• Applying an improved hedge accounting model that broadens the hedging arrangements in scope of the guidance. The model develops a strong link between an Entity's risk management strategies and the accounting treatment for instruments held as part of the risk management strategy.</li> </ul>
<p><b>IPSAS 42:</b> Social Benefits</p>	<p><b>Applicable: 1<sup>st</sup> January 2023</b></p> <p>The objective of this Standard is to improve the relevance, faithful representativeness and comparability of the information that a reporting Entity provides in its financial statements about social benefits. The information provided should help users of the financial statements and general-purpose financial reports assess:</p> <ul style="list-style-type: none"> <li>(a) The nature of such social benefits provided by the Entity;</li> <li>(b) The key features of the operation of those social benefit schemes; and</li> </ul>

**Mogotio Sub County Hospital (Baringo County Government)**  
**Annual Report and Financial Statements for The Year Ended 30<sup>th</sup> June 2022**

	(c) The impact of such social benefits provided on the Entity’s financial performance, financial position and cash flows.
Amendments to Other IPSAS resulting from IPSAS 41, Financial Instruments	<p><b>Applicable: 1st January 2023:</b></p> <p>a) Amendments to IPSAS 5, to update the guidance related to the components of borrowing costs which were inadvertently omitted when IPSAS 41 was issued.</p> <p>b) Amendments to IPSAS 30, regarding illustrative examples on hedging and credit risk which were inadvertently omitted when IPSAS 41 was issued.</p> <p>c) Amendments to IPSAS 30, to update the guidance for accounting for financial guarantee contracts which were inadvertently omitted when IPSAS 41 was issued.</p> <p>Amendments to IPSAS 33, to update the guidance on classifying financial instruments on initial adoption of accrual basis IPSAS which were inadvertently omitted when IPSAS 41 was issued.</p>
Other improvements to IPSAS	<p><b>Applicable 1<sup>st</sup> January 2023</b></p> <ul style="list-style-type: none"> <li>• <i>IPSAS 22 Disclosure of Financial Information about the General Government Sector.</i></li> </ul> <p>Amendments to refer to the latest System of National Accounts (SNA 2008).</p> <ul style="list-style-type: none"> <li>• <i>IPSAS 39: Employee Benefits</i></li> </ul> <p>Now deletes the term composite social security benefits as it is no longer defined in IPSAS.</p> <ul style="list-style-type: none"> <li>• <b>IPSAS 29: Financial instruments: Recognition and Measurement</b></li> </ul> <p>Standard no longer included in the 2021 IPSAS handbook as it is now superseded by IPSAS 41 which is applicable from 1<sup>st</sup> January 2023.</p>
IPSAS 43	<p><b>Applicable 1<sup>st</sup> January 2025</b></p> <p>The standard sets out the principles for the recognition, measurement, presentation, and disclosure of leases. The objective is to ensure that lessees and lessors provide relevant information in a manner that faithfully represents those transactions. This information gives a basis for users of financial statements to assess the effect that leases have on the financial position, financial performance and cashflows of an Entity.</p>

	The new standard requires entities to recognise, measure and present information on right of use assets and lease liabilities.
IPSAS 44: Non-Current Assets Held for Sale and Discontinued Operations	<p><b><i>Applicable 1<sup>st</sup> January 2025</i></b></p> <p>The Standard requires,</p> <p>Assets that meet the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less costs to sell and the depreciation of such assets to cease and:</p> <p>Assets that meet the criteria to be classified as held for sale to be presented separately in the statement of financial position and the results of discontinued operations to be presented separately in the statement of financial performance.</p>

**ii. Early adoption of standards**

The entity did not early – adopt any new or amended standards in the year xx/xx

**4. Summary Of Significant Accounting Policies**

**a) Revenue recognition**

**i) Revenue from non-exchange transactions**

**Transfers from other Government entities**

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (*cash, goods, services, and property*) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the entity and can be measured reliably.

*Notes to the Financial Statements (Continued)*

**Revenue from exchange transactions**

**Rendering of services**

The entity recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours. Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

**Sale of goods**

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably, and it is probable that the economic benefits or service potential associated with the transaction will flow to the entity.

**Interest income**

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income for each period.

**Dividends**

Dividends or similar distributions must be recognized when the shareholder's or the entity's right to receive payments is established.

**Rental income**

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

*Notes to the Financial Statements (Continued)*

**b) Budget information**

The original budget for FY xxx was approved by Board on xxxx. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the entity upon receiving the respective approvals in order to conclude the final budget. Accordingly, the entity recorded additional appropriations of xxxx on the FY xxx budget following the Board's approval. The entity's budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget.

A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget. A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of financial performance has been presented under section xxx of these financial statements.

*Notes to the Financial Statements (Continued)*

**c) Taxes**

**Sales tax/ Value Added Tax**

Expenses and assets are recognized net of the amount of sales tax, except:

- When the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
- When receivables and payables are stated with the amount of sales tax included. The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

**d) Investment property**

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property.

Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. Subsequent to initial recognition, investment properties are measured using the cost model and are depreciated over a period of ~~xxx~~ years. Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition. Transfers are made to or from investment property only when there is a change in use.

**e) Property, plant and equipment**

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity recognizes such parts

as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

*Notes to the Financial Statements (Continued)*

**f) Leases**

Finance leases are leases that transfer substantially the entire risks and benefits incidental to ownership of the leased item to the Entity. Assets held under a finance lease are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the future minimum lease payments. The Entity also recognizes the associated lease liability at the inception of the lease. The liability recognized is measured as the present value of the future minimum lease payments at initial recognition.

Subsequent to initial recognition, lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in surplus or deficit.

An asset held under a finance lease is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Entity will obtain ownership of the asset by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating leases are leases that do not transfer substantially all the risks and benefits incidental to ownership of the leased item to the Entity. Operating lease payments are recognized as an operating expense in surplus or deficit on a straight-line basis over the lease term.

**g) Intangible assets**

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred. The useful life of the intangible assets is assessed as either finite or indefinite

*Notes to the Financial Statements (Continued)*

**h) Research and development costs**

The Entity expenses research costs as incurred. Development costs on an individual project are recognized as intangible assets when the Entity can demonstrate:

- The technical feasibility of completing the asset so that the asset will be available for use or sale
- Its intention to complete and its ability to use or sell the asset
- The asset will generate future economic benefits or service potential
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development.

Following initial recognition of an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized over the period of expected future benefit. During the period of development, the asset is tested for impairment annually with any impairment losses recognized immediately in surplus or deficit.

**i) Financial instruments**

**Financial assets**

**Initial recognition and measurement**

Financial assets within the scope of IPSAS 29 Financial Instruments: Recognition and Measurement are classified as financial assets at fair value through surplus or deficit, loans and receivables, held-to-maturity investments

or available-for-sale financial assets, as appropriate. The Entity determines the classification of its financial assets at initial recognition.

**Loans and receivables**

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. Losses arising from impairment are recognized in the surplus or deficit.

**Notes to the Financial Statements (Continued)**

**Held-to-maturity**

Non-derivative financial assets with fixed or determinable payments and fixed maturities are classified as held to maturity when the Entity has the positive intention and ability to hold it to maturity. After initial measurement, held-to-maturity investments are measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The losses arising from impairment are recognized in surplus or deficit.

**Impairment of financial assets**

The Entity assesses at each reporting date whether there is objective evidence that a financial asset or an entity of financial assets is impaired. A financial asset or an entity of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that have occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the entity of financial assets that can be reliably estimated. Evidence of impairment may include the following indicators:

- The debtors or an entity of debtors are experiencing significant financial difficulty
- Default or delinquency in interest or principal payments
- The probability that debtors will enter bankruptcy or other financial reorganization
- Observable data indicates a measurable decrease in estimated future cash flows (e.g. changes in arrears or economic conditions that correlate with defaults)

**Financial liabilities**

**Initial recognition and measurement**

Financial liabilities within the scope of IPSAS 29 are classified as financial liabilities at fair value through surplus or deficit or loans and borrowings, as appropriate. The Entity determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, plus directly attributable transaction costs.

**Notes to the Financial Statements (Continued)**

**Loans and borrowing**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in surplus or deficit when the liabilities are derecognized as well as through the effective interest method amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate.

**i) Inventories**

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for as follows:

- Raw materials: purchase cost using the weighted average cost method
- Finished goods and work in progress: cost of direct materials and labour, and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs

After initial recognition, inventory is measured at the lower cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower cost and the current replacement cost. Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Entity.

**j) Provisions**

Provisions are recognized when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Where the Entity expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain.

**Notes to the Financial Statements (Continued)**

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

**Contingent liabilities**

The Entity does not recognize a contingent liability, but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

**Contingent assets**

The Entity does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

**k) Nature and purpose of reserves**

The Entity creates and maintains reserves in terms of specific requirements. *(Entity to state the reserves maintained and appropriate policies adopted.)*

**l) Changes in accounting policies and estimates**

The Entity recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

**m) Employee benefits**

**Retirement benefit plans**

The Entity provides retirement benefits for its employees and directors. Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity (a fund), and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable. Defined benefit plans are post-employment benefit plans other than defined-contribution plans. The defined benefit funds are actuarially valued tri-annually on the projected unit credit method basis. Deficits identified are recovered through lump-sum payments or increased future contributions on a proportional basis to all participating employers. The contributions and lump sum payments reduce the post-employment benefit obligation.

*Notes to the Financial Statements (Continued)*

**n) Foreign currency transactions**

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

**o) Borrowing costs**

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance.

**p) Related parties**

The Entity regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the Entity, or vice versa. Members of key management are regarded as related parties and comprise the directors, the CEO/principal and senior managers.

**q) Service concession arrangements**

The Entity analyses all aspects of service concession arrangements that it enters into in determining the appropriate accounting treatment and disclosure requirements. In particular, where a private party contributes an asset to the arrangement, the Entity recognizes that asset when, and only when, it controls or regulates the services. The operator must provide together with the asset, to whom it must provide them, and at what price. In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the Entity also recognizes a corresponding liability, adjusted by a cash consideration paid or received.

**Notes to the Financial Statements (Continued)**

**r) Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

**s) Comparative figures**

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

**t) Subsequent events**

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 20XX.

**5. Significant Judgments and Sources of Estimation Uncertainty**

The preparation of the Entity's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

**Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur.( IPSAS 1.140)

*Notes to the Financial Statements (Continued)*

**Useful lives and residual values**

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Entity.
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes.
- The nature of the processes in which the asset is deployed.
- Availability of funding to replace the asset.
- Changes in the market in relation to the asset.

**Provisions**

---

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note xxx.

Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.

*(Include provisions applicable for your organisation e.g provision for bad debts, provisions of obsolete stocks and how management estimates these provisions).*

**6. Transfers From The County Government**

*Notes to the Financial Statements (Continued)*

**42. Financial Risk Management**

The entity's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The company's overall risk management programme focuses on the unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The company does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The entity's financial risk management objectives and policies are detailed below:

**(i) Credit risk**

The entity has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments. Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the company's management based on prior experience and their assessment of the current economic environment. The carrying amount of financial assets recorded in the financial statements representing the entity's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

**Mogotio Sub County Hospital (Baringo County Government)**  
**Annual Report and Financial Statements for The Year Ended 30<sup>th</sup> June 2022**

**Notes to the Financial Statements (Continued)**

<b>Description</b>	<b>Total amount</b>	<b>Fully performing</b>	<b>Past due</b>	<b>Impaired</b>
	Kshs	Kshs	Kshs	Kshs
<b>At 30 June 2020</b>				
Receivables from exchange transactions	0	0	0	0
Receivables from –non-exchange transactions	0	0	0	0
Bank balances	0	0	0	0
<b>Total</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>
<b>At 30 June 2022</b>				
Receivables from exchange transactions	0	0	0	0
Receivables from –non-exchange transactions	0	0	0	0
Bank balances	0	0	0	0
<b>Total</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>

*(NB: The totals column should tie to the individual elements of credit risk disclosed in the entity's statement of financial position)*

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the company has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts. The entity has significant concentration of credit risk on amounts due from xxxx

The board of management sets the company's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

**(ii) Liquidity risk management**

Ultimate responsibility for liquidity risk management rests with the hospital's board of management who have built an appropriate liquidity risk management framework for the management of the entity's short, medium and long-term funding and liquidity management requirements. The entity manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

The table below represents cash flows payable by the company under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

*Mogotio Sub County Hospital (Baringo County Government)  
Annual Report and Financial Statements for The Year Ended 30<sup>th</sup> June 2022*

Provisions	0	0	0	0
Deferred income	0	0	0	0
Employee benefit obligation	0	0	0	0
<b>Total</b>	0	0	0	0

**(iii) Market risk**

The hospital has put in place an internal audit function to assist it in assessing the risk faced by the entity on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls. Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

**Mogotio Sub County Hospital (Baringo County Government)**  
**Annual Report and Financial Statements for The Year Ended 30<sup>th</sup> June 2022**

**Notes to the Financial Statements (Continued)**

The company's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day-to-day implementation of those policies. There has been no change to the entity's exposure to market risks or the way it manages and measures the risk.

**a) Foreign currency risk**

The entity has transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of payment is done using the prevailing exchange rate. The carrying amount of the entity's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

	<b>KShs</b>	<b>Other currencies</b>	<b>Total</b>
	<b>Kshs</b>	<b>Kshs</b>	<b>Kshs</b>
<b>At 30 June 20xx</b>			
Financial assets (investments, cash, debtors)	0	0	0
Liabilities			
Trade and other payables	0	0	0
Borrowings	0	0	0
Net foreign currency asset/(liability)	0	0	0

The entity manages foreign exchange risk from future commercial transactions and recognised assets and liabilities by projecting expected sales proceeds and matching the same with expected payments.

	<b>KShs</b>	<b>Other currencies</b>	<b>Total</b>
	<b>Kshs</b>	<b>Kshs</b>	<b>Kshs</b>
<b>At 30 June 20xx</b>			
Financial assets (investments, cash, debtors)	0	0	0
Liabilities	0		
Trade and other payables	0	0	0
Borrowings	0	0	0
Net foreign currency asset/(liability)	0	0	0

**Notes to the Financial Statements (Continued)**

**Foreign currency sensitivity analysis**

The following table demonstrates the effect on the company's statement of financial performance on applying the sensitivity for a reasonable possible change in the exchange rate of the three main transaction currencies, with all other variables held constant. The reverse would also occur if the Kenya Shilling appreciated with all other variables held constant.

	<b>Change in currency rate</b>	<b>Effect on Profit before tax</b>	<b>Effect on equity</b>
	<b>Kshs</b>	<b>Kshs</b>	<b>Kshs</b>
<b>20xx</b>			
Euro	10%	0	0
USD	10%	0	0
<b>20xx</b>			
Euro	10%	0	0
USD	10%	0	0

**Interest rate risk**

Interest rate risk is the risk that the entity's financial condition may be adversely affected as a result of changes in interest rate levels. The company's interest rate risk arises from bank deposits. This exposes the company to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the company's deposits.

**Management of interest rate risk**

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

**Sensitivity analysis**

The entity analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. The analysis has been performed on the same basis as the prior year.

**Notes to the Financial Statements (Continued)**

Using the end of the year figures, the sensitivity analysis indicates the impact on the statement of financial performance if current floating interest rates increase/decrease by one percentage point as a decrease/increase of KShs xxx (20xx: KShs xxx). A rate increase/decrease of 5% would result in a decrease/increase in surplus of KShs xxx (20xx – KShs xxx).

**iv) Capital Risk Management**

The objective of the entity’s capital risk management is to safeguard the Hospital’s ability to continue as a going concern. The entity capital structure comprises of the following funds:

	2021/22
	Kshs
Revaluation reserve	0
Retained earnings	0
Capital reserve	0
<b>Total funds</b>	0
Total borrowings	0
Less: cash and bank balances	0

**47. Events After The Reporting Period**

There were no material adjusting and non- adjusting events after the reporting period.

**48. Ultimate And Holding Entity**

The entity is a State Corporation/ or a Semi- Autonomous Government Agency under the Ministry of xxx. Its ultimate parent is the Government of Kenya.

**49. Currency**

The financial statements are presented in Kenya Shillings (Kshs).

XIX. Appendices

**Appendix 1: Progress on Follow Up Of Auditor Recommendations**

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)

**Guidance Notes:**

- (i) Use the same reference numbers as contained in the external audit report.
- (ii) Obtain the "Issue/Observation" and "management comments", required above, from the final external audit report that is signed by Management.
- (iii) Before approving the report, discuss the timeframe with the appointed Focal Point persons within your entity responsible for the implementation of each issue.
- (iv) Indicate the status of "Resolved" or "Not Resolved" by the date of submitting this report to National Treasury.
