The Petition

On 10th October, 2017 pursuant to standing order 224 (2) (b) of the Senate Standing Orders, the Speaker of the Senate reported to the House a petition presented through the Clerk of the Senate by Mr. Ali Shebwana Bwana, Rev. Isaac Ngiri Muringih, Ms. Susan Sagina Adongo, Mr. Adan Yusuf Deis and Ms. Dorcas Waithera Mbugua who were then the chairpersons of the County Wildlife Conservation and Compensation Committees for Lamu, Embu, Nairobi, Wajir and Nakuru counties respectively and who also claimed to represent the other 42 chairpersons.

The Committee considered the prayers of the petitioners. The Committee in the process procured evidence, reviewed documents and invited stakeholders. The evidence obtained from these exercises informed the determination of the prayers of the petitioners by the Committee.

1.0 Background to the petition

1. The Standing Committee on Land, Environment and Natural Resources is mandated under the standing order 226 of the Senate Standing Orders to consider and report on any petition committed to it by the House.
2. On 10th October, 2017, pursuant to standing order 224 (2) (b) of the Senate Standing Orders, the Speaker of the Senate reported to the Senate a Petition presented through the Clerk of the Senate by Mr. Ali Shebwana Bwana, Rev. Isaac Ngiri Muringih, Ms. Susan Sagina Adongo, Mr. Adan Yusuf Deis and Ms. Dorcas Waithera Mbugua who were then the chairpersons of the County Wildlife Conservation and Compensation Committees for Lamu, Embu, Nairobi, Wajir and Nakuru counties respectively and who also claimed to represent the remaining 42 chairpersons.

1.1 The Petition

3. The petitioners are essentially petitioning the Senate to see to the operationalization of some provisions of the Wildlife Conservation and Management Act (No. 47 of 2013).
4. The petitioners drew the attention of the Senate to the following-
 - (1) *That they were on 6th March, 2015 appointed chairpersons of their respective County Wildlife Conservation and Compensation Committees by the then Cabinet Secretary for Environment, Water and Natural Resources for a term of three years effective 27th February, 2015.*
 - (2) *That despite being inducted, attending stakeholder engagements and fulfilling their duties under the Act, they were yet to be paid their allowances as stipulated under section 21 of the Act. This, they claimed, may be attributed to a standoff between the parent ministry, which is required to settle the allowances, and the Salaries and Remuneration Commission, which is required to determine the allowances payable.*
 - (3) *That they have not been supplied with the necessary resources to enable them carry out their functions as stipulated under section 19 of the Act, which includes the funds necessary to settle the outstanding compensation claims before their respective committees;*
 - (4) *That the responsible Cabinet Secretary is yet to make regulations necessary for the performance of their functions under the Act;*

(5) *That they faced numerous challenges in the course of the execution of their duties, among them lack of consultation in the formulation of policies, regulations and guidelines affecting the sector as required by law as well as other operational and administrative challenges.*

(6) *Further that despite trying to have their concerns addressed by the relevant parties, their efforts have not borne fruit thus their resorting to petitioning the senate to ensure that their concerns are properly addressed.*

5. In their Petition, the petitioners pray that the Senate investigates this matter with a view to ensuring that-

(1) *The CWCCC Chairpersons and members are paid their monthly honoraria from the 27th February 2015 to the remainder of their term;*

(2) *Funds are provided to facilitate the CWCCC activities in the counties as provided for in the Wildlife Conservation and Management Act;*

(3) *Adequate participation during the formulation of wildlife conservation and compensation guidelines and regulations;*

(4) *Funds are provided to the CWCCC to clear compensation backlog and feedback meetings as per Wildlife Conservation and Management Act; and*

(5) *Additional funds are provided for wildlife conservation sector to improve quality and performance of the Kenya Wildlife Service.*

1.2 The right to petition

6. The right of Kenyan citizens to petition public authorities and Parliament is a right guaranteed under Articles 37 and 119 of Constitution. This right is governed by the Petition to Parliament (Procedure) Act 2012 as well as the Standing Orders of the Senate. The right to petition is an essential citizen participatory tool, as it provides an avenue for Members of Parliament and citizens to interact on the issues that concern citizens and also demonstrates that Parliament is prepared to directly intervene on issues of concern in order to promote and protect the rights of citizens.

1.3 The basis of the petition

7. The petitioners in this case are the chairpersons of the County Wildlife Conservation and Compensation Committees appointed in accordance with section 18 of the Wildlife Conservation and Management Act, 2013. The chairpersons were appointed vide Legal Notice No. 22 of 6th March, 2015 together with 4 community representatives and who

received their letters of appointment sometime in June 2015. Their letters of appointment clearly spelt out their duties and responsibilities

8. Section 18 of the Wildlife Conservation and Management Act establishes County Wildlife Conservation and Compensation Committees in each county and provides its membership while section 19 of the Act provides their functions.

9. Section 16(2), (1)(b) and (c) of the Wildlife Conservation and Management Act provide that—

(1) At least three months before the commencement of each financial year, the Board or Trustees shall cause to be prepared estimates of revenue and expenditure of the Service for the ensuing year.

(2) The annual estimates shall make provision for the estimated expenditure of the Kenya Wildlife Service for the financial year, and in particular, the estimates shall provide for—

(b) payment of salaries, allowances, pensions, gratuities and other charges in respect of the county wildlife conservation and compensation committees, as the case may be;

(c) payment of allowances in respect of the County Wildlife Conservation and Compensation Committees;

10. Section 16(3) of the Wildlife Conservation and Management Act on the other hand provides that *“The members of the County Wildlife Conservation and Compensation Committee shall be paid such allowances as may be approved by the Cabinet Secretary on the advice of the Salaries and Remuneration Commission”*.

11. Section 21 of the Wildlife Conservation and Management Act provides that *“A member of the County Wildlife Conservation and Compensation Committee shall be entitled to be paid such allowances as the Salaries and Remuneration Commission may determine”*.

12. Article 230(4) of the Constitution provides clarity as it states—

The powers and functions of the Salaries and Remuneration Commission shall be to—

(a) set and regularly review the remuneration and benefits of all State officers; and

(b) advise the national and county governments on the remuneration and benefits of all other public officers.

13. Section 25(3) and (5) of the Wildlife Conservation and Management Act addresses the issue of compensation and provides that—

(3) The Cabinet Secretary shall consider the recommendations made under subsection (2) and where appropriate, pay compensation to the claimant as follows—

(a) in the case of death, five million shillings;

(b) in the case of injury occasioning permanent disability, three million shillings;

(c) in the case of any other injury, a maximum of two million shillings, depending on the extent of injury.

(5) The County Wildlife Conservation and Compensation Committee shall review the claim and award and pay a compensation valued at the ruling market rates:

Provided that no compensation shall be paid where the owner of the livestock, crops or other property failed to take reasonable measures to protect such crops, livestock or property from damage by wildlife or his land use practices are in compatible with the ecosystem-based management plan for the area.

13. With regard to making regulations and the requirement for public participation in the law making under this Act, Section 25(7) thereof provides that “*The Cabinet Secretary may, by notice in the Gazette, prescribe such regulations and guidelines as are necessary and appropriate to carry out the purposes of this section*” whereas the Constitution under Article 69(1)(d) provides that “*the state shall encourage public participation in the management, protection and conservation of the environment*” while Article 232(1)(d) of the Constitution as read together with sub-article (2)(a) provides that the value and principle of involving the people in the process of policy making applies to all State organs in both levels of government.

2.0 The approach

The Committee analyzed the Petition committed to it by the House and purposed to respond to the prayers of the petitioners. The Committee invited the petitioners, the Kenya Wildlife Service, the Salaries and Remuneration Commission and the Cabinet Secretary responsible for Tourism and Wildlife. The sole objective of the Committee was to respond to the prayers of the petitioners conclusively.

2.1 Issues for determination from the prayers of the petitioners

To respond to the petitioner's prayers the Committee analysed the petition and set to determine whether: -

1. the County Wildlife Conservation and Compensation Committees were legally entitled to the payment of allowances and honoraria for the performance of their roles and responsibilities under the law and circumstances underlying non-payment of their allowances and honoraria;
2. the County Wildlife Conservation and Compensation Committees were properly facilitated in carrying out their function under the Act; and
3. the Cabinet Secretary involved the public and other stakeholders in the formulation of the policies and regulations in the wildlife sector.

2.2 Committee Proceedings

The committee held deliberative sessions and reviewed documents at the centre of the prayers of the petitioners to determine the issues raised therein.

i. Deliberative sessions

In the exercise of its mandate the Committee held deliberative sessions to closely examine and hear presentations from petitioners, The Kenya Wildlife Service and the Cabinet Secretary for Tourism and Wildlife. The Minutes of these sessions as well as the documents and evidence presented to the committee are annexed to the report.

ii. Documents review

The Committee reviewed documents presented to it by the different parties. The documents tabled by the parties have been annexed to this report.

3.2 Submissions from the Cabinet Secretary for Tourism & Wildlife, Hon. Najib Balala

The Cabinet Secretary, who was accompanied by the Principal Secretary for Wildlife, Dr. Margaret Mwakima and various directors, began by taking the Committee through his presentation and informing the Committee that indeed the Act has some loopholes that need to be filled (*Refer to Annex 34*).

Following his presentation, members were able to surmise that the Ministry has paid all members of the CWCCCs their sitting allowances as directed by SRC. They have however not paid the honoraria requested by the petitioners as SRC denied the proposal to pay the same, stating that the only amounts payable to the petitioners was the sitting allowances. The payments were made through the Kenya Wildlife Service which is present in each county and facilitates the work of the CWCCCs.

The Committee requested the Ministry to furnish it with the list of allowances paid and to whom they were paid, noting to show any outstanding balances.

Chapter 4

Committee Observations

The Committee noted that most of the advertisements for the position of chairperson to the CWCCCs were not clear on whether they were part time or full time positions as had been alleged by the petitioner. Further scrutiny of the advertisements indeed showed reference to the position advertised being a part time position. This was confirmed by the Cabinet Secretary, Ministry of Tourism and Wildlife who stated that the positions were only part time as committee members and as such could not have been advertised as full time positions. A perusal of the Act also shows that its intention was for the chairpersons to hold part time positions.

The Committee also noted the backlog of pending compensations as matter of worrying concern. It agreed that the backlog needed to be cleared to facilitate the payment of outstanding compensation claims and assist those adversely affected by the prevalent wildlife human conflict. The Committee also appreciated that CWCCCs needed to be properly facilitated to ensure they deliver their mandate as stipulated under the Act.

The Committee further noted that there seemed to be adequate consultations with the CWCCCs in the making of regulations as evidenced by the letter from the Kenya Wildlife Service calling CWCCCs to give their views on the guidelines as well as the advertisement published in the dailies calling for public participation. The claim by the petitioner that there was no adequate public participation therefore could not stand.

The Committee lauded the CWCCC chairpersons' initiative to request the Ministry to utilize the e-Citizen portal to assist complainants follow up their claims digitally. The Committee resolved to follow up with the Ministry on the steps they are taking to enhance the digital growth of the Ministry on matters compensation.

The Committee determined as follows with regard to the prayers of the petitioners:

On the first prayer of the Petition that the CWCCC Chairpersons and members are paid their monthly honoraria from 27th February 2015 to the remainder of their respective terms, the Committee determined that the prayer could not succeed as the Wildlife Conservation and Management Act does not provide for the payment of honoraria to CWCCC Chairpersons. Any such payment would be an illegality unless the Act is amended to provide for the same, and in which case the payment would only accrue after such an amendment. The Committee agreed that the mandate of the CWCCCs under the Act was wide and that proper remuneration ought to be paid to all the CWCCCs members who do not draw a monthly salary from either level of government. Their hands were however tied by the law and they could not make a determination contrary to the Act.

The Committee noted that contrary to the claims made by the petitioners that they had not been paid their allowances as provided under the Act, they had been paid all allowances under the Act and their only outstanding claim was for the payment of the monthly honoraria. Indeed the petitioners did not adduce evidence to support their claim of non-payment of allowances. The Cabinet Secretary for Tourism did confirm that all allowances due to the petitioners and indeed all members of the CWCCCs for the meetings they had undertaken had been settled. The Committee therefore determined that the members of the CWCCCs had received their allowances as stipulated by the Act and advised by the Salaries and Remuneration Commission.

On the second prayer of the Petition that funds be provided to facilitate the CWCCC activities in counties as provided under the Act, the Committee determined that this is a valid prayer, noting the importance of CWCCCs in counties, especially with respect to resolving disputes on the prevalent human wildlife conflict.

On the third prayer of the Petition that there be adequate participation during the development of Wildlife Conservation and Compensation guidelines and regulations, the Committee determined that adequate public participation was undertaken in the formulation of the guidelines and regulations. The Cabinet Secretary for tourism and wildlife provided the Committee evidence

that the Ministry not only invited the public for their views through newspaper advertisements but also specifically wrote to the CWCCC chairpersons requesting for their input in the same.

On the fourth prayer of the Petition that funds be provided to the CWCCCs to clear compensation backlog and conduct feedback meetings as per the Act, the Committee determined that it was extremely valid and of key importance. The Committee, noting the importance of compensation of victims and families of victims of wildlife conflict, agreed that the issue of outstanding compensation ought to be prioritized and the payments be made forthwith. The Committee noted that victims and their families were suffering due to the delay in the settlement of the outstanding claims.

On the fifth and final prayer of the Petition that additional funds are provided for the wildlife conservation sector to improve quality and performance of the Kenya Wildlife Service, the Committee determined that it was valid, noting that the lack of funds contributed to the Service's inability to facilitate and provide adequate resources for the CWCCCs to perform their duties and pay compensation to victims and their families, as the case may be.

1. The Wildlife Conservation and Management Act to be amended to remove inconsistencies and streamline it, to provide a proper mechanism for the remuneration of the unsalaried members of the CWCCCs commensurate with their functions under the Act;
2. The Cabinet Secretaries responsible for wildlife and the National Treasury to, within three (3) months, issue a report on the establishment and utilisation of the Wildlife Compensation Scheme in accordance with section 24 of the Wildlife Conservation and Management Act;
3. The Cabinet Secretary responsible for wildlife to forthwith and in any case, within six (6) months, settle all valid and outstanding compensation claims as stipulated under section 25 (3) of the Wildlife Conservation and Management Act to alleviate the continued suffering of victims and their families;
4. The Cabinet Secretary responsible for wildlife to, within six (6) months, provide funds to the various CWCCCs to facilitate the settlement of all valid and outstanding compensation claims as stipulated under section 25 (5) of the Wildlife Conservation and Management Act to alleviate the continued suffering of the affected claimants;
5. The Cabinet Secretary responsible for wildlife to provide adequate funds to the Kenya Wildlife Service to enable it facilitate CWCCC activities in each county;
6. Kenya Wildlife Service to provide adequate resources for the performance of CWCCC functions under the Wildlife Conservation and Management Act;
7. The Cabinet Secretary responsible for wildlife to conduct adequate public participation before formulating any regulations or guidelines; and
8. The Cabinet Secretary responsible for wildlife to provide an online platform, preferably on the *eCitizen* portal, for the submission and tracking of compensation claims under the Wildlife Conservation and Management Act.
