## List of Recommendation

Based on the Observations, Investigations, evidence adduced and submission made, the Committee makes the following recommendations.

1. THAT, the Director of Public Prosecution and the Director of Criminal investigation:
  - a) investigates the perpetrators of the heinous crime of destroying properties and displacing residents of Ndalani ward (Kwa Mwaura) from their homes with a view of persecuting the culprits;
  - b) investigates the legality of the eviction orders used to evict the Residents in Ndalani ward (Kwa Mwaura) and report back to Parliament within 60 days from the date of tabling the report;
2. THAT, the State Department in charge of Special Programme to consider compensating the victims of the crimes;
3. THAT, The Government through the National Lands Commission and the Ministry of Lands and Physical Planning Implement fully the recommendations of the Ministerial Plot Committee report of 1994 and also Implement the resolution of County government of Machakos within twelve months of tabling of the report.

## 1.0 INTRODUCTION

1. The Petitioners wished to draw to the attention of the House on the following, that:-
  - a) The Ndalani Ward residents have lived on the land plot Nos. 12,81, 88,89, 90, 95, 102, 121, 122, 125, 126, 154, 166, 167, 210, 249, 272, 279, 282, 292, 471 for over thirty years;
  - b) The area residents do not at present hold title deeds to the land in question;
  - c) In the recent past, unknown persons from a different community have been raiding Kivingoni sub-location in Ndalani ward at night, forcefully taking over the aforementioned pieces of land;
  - d) The said people have not only been chasing residents of the area from their land but have also been destroying existing homes and properties in the process;
  - e) This has caused tension between the two communities which might consequently lead to ethnic violence if not addressed immediate effect; and
  - f) The matter in respect of which this petition is made is not pending before any court of law.
  
2. The petitioners prayed that the National Assembly, through the Departmental Committee on Lands:
  - a) Visits the affected area with the relevant Ministry and the National Land Commission inquiries into the matter and ensure that the rightful owners of the Land receive their titles;
  - b) Recommends that action be taken against all those found culpable and/or complicit in causing the displacement of area residents from their homes;
  - c) Recommends that area residents who have had their homes and other property destroyed be compensated and also provided with humanitarian aid; and
  - d) Makes such other further order or direction that it deems fit in the circumstances of the case.

## **2.0 EVIDENCE**

### **2.1 Evidence from the Member for Yatta Constituency**

Hon. Francis Mwangangi, MP, informed the Committee as follows:- that;

3. The Ndalani Ward residents have lived on the land plot Nos. 12,81, 88,89, 90, 95, 102, 121, 122, 125, 126, 154, 166, 167, 210, 249, 272, 279, 282, 292, 471 for over thirty years;
4. The area residents do not at present hold title deeds to the land in question;
5. In the recent past, unknown persons from a different community have been raiding Kivingoni sub-location in Ndalani ward at night, forcefully taking over the aforementioned pieces of land;
6. The said people have not only been chasing residents of the area from their land but have also been destroying existing homes and properties in the process;
7. This has caused tension between the two communities which might consequently lead to ethnic violence if not addressed immediate effect;

### **2.2 Evidence from the Cabinet Secretary Ministry of Lands and Physical Planning**

Prof. Jacob Kaimenyi, Cabinet Secretary for the Ministry of Lands and Physical Planning appeared before the Committee and informed the Committee as follows:-

8. The Scheme is one of the Haraka Settlement Schemes in Yatta sub-county which were established in 1960's and 70's;
9. Nzukini Phase IV Settlement Scheme was established in 1969 and was registered in 1991. It measures 1720 hectares and comprised of a total of 284 plots. The Scheme, like most of the Haraka Settlement Schemes, was faced with challenges which include;
10. Absent allottees due to drought, famine and diseases which were experienced in 1975 and 1976
  - a) Problem of squatter invasion.
  - b) Double allocation
  - c) Sale of plots by the legal allottees.
11. The Ministry of Lands and Settlement in 1994 formed a Ministerial Plot Committee (MPC) to come up with recommendations on how to overcome these challenges;
12. In 2012, The District Settler Selection Committee (DSSC) in liaison with the local leadership carried out ground verification. The DSSC recommended that the plots which were squatted to be sub-divided equally to accommodate both legal allottees and squatters;

13. The recommendations of the DSSC were implemented to resolve the challenges facing the settlement scheme. However, some squatters resisted the sub-division of the plots to accommodate the legal allottees leading to hostilities between the two groups;

14. My Ministry is not conversant with the issues affecting these particular plots listed in the petition and we intend to carry out further ground verification on the plots with a view to finding a lasting solution once the problems have been identified.

### 2.3 Submission from Machakos County Settlement Officer

Ms. Maina appeared before the Committee and informed the Committee as follows:-  
That

15. The Petition touches on the following plot Nos. 12, 81, 89, 90, 95, 102, 122, 121, 125, 126, 154, 166, 167, 210, 249, 272, 279, 282, 292 and 471;
16. The most affected plots are in Nzukini phase iv settlement scheme no. 456 which is one of the YattaHaraka settlement schemes;
17. Haraka settlement schemes is one of the oldest scheme initiated by the government of Kenya in the 1960s and 1970s with a view of settling deserving Kenyans;
18. Haraka settlement scheme are mainly in Yatta and Masinga Sub-Counties. They are 11 in numbers and have a total of about 3128 parcels of land some of which have title deeds;
19. Out of the 11 settlement schemes the most affected by squatters are in Ndalani Phase I & II, Nzukini Phase I,II,III & IV and few cases in Ngoliba 'B & D';
20. During the initial allocation of the said plots in these settlement schemes there arose many problems such as:-
  - a) Double allocation;
  - b) Disputing claimants;
  - c) Double Payments;
  - d) Sale of Plots; and
  - e) Squatters problems.
21. All these problems slowed down the documentation process;

22. Several divisional and district committees were set up to resolve the squatter problems but none of those committees recommendation were ever implemented;
23. In 1988 another team (Ministerial Plot Committee) was formed by the then Minister of Lands and settlement in conjunction with the then provincial administration to resolve the long standing squatters/allotees dispute in this settlement scheme;
24. The main problem established by the ministerial committee included:-
  - a) Absent land owners(allotees);
  - b) Double allocation of plots;
  - c) Sale of plots;
  - d) Cases of deceased land owners/ inheritance issues;
  - e) Boundary disputes; and
  - f) Allotees being denied their plots by the squatters.
25. The Ministerial plots committee completed its probe in 1994 but only managed to conduct comprehensive report in Ndalani location covering 7 settlement schemes with a total of 2556 plots and identified 746 plots with squatters issues leaving out 2 settlement schemes i.e.Ngaliba 'A & B' with a total of 872 plots;
26. The Committee documented its reports/findings with specific recommendations that both legal allottees and squatters equally share the disputed plots. However, the recommendation were not implemented successfully due to disagreements between the local leadership and the governments officials as the local leadership wanted entire land given to squatters while the government officials wanted equal subdivision between all identified parties;
27. During the financial year 2011/2012 through the district settlers selection committee in liaison with local leadership they conducted a ground status verification on the 746 plots identified as problematic by the ministerial plot committee the 7 of the YattaHaraka Settlement Scheme with the aim of establishing the ground occupancy vis a vi ministerial committee report in an attempt to implement it;
28. On 22nd March 2011 the then Minster for lands while responding to a parliamentary question form the then Yatta member of parliament on Nadalani squatters made a commitment that the way forward on the squatter issues in Ndalani would be informed by the findings and recommendations of the then plots verification exercise undertaken by the district settlers selection committee;
29. The exercise was completed and endorsed by the then District Settlers Selection Committee in 27/ 2/2012 and forwarded for policy direction on the implementation and issuance of letters of offer;
30. The recommendations were based on the ground findings on occupancy and accommodated both allottee and squatters on equal subdivision and/or entire ownership in cases where only one party was found on the ground. However, to date this recommendation have not been fully implemented except for a few plots where the

- allottee and squatter are in agreement and the settlement office has been facilitating mutation survey;
31. From 1<sup>st</sup> July, 2012 to 30<sup>th</sup> October, 2012 the County government in liaison with land adjudication and settlement department conducted a ground status verification on all plots in Ngoliba B settlement scheme and ground status report completed and forwarded to the director of land adjudication/settlement with the following request:-
    - a) Provision of letters of offer to all the plots in the scheduled titled plots free for documentation;
    - b) Authority to raise mutation survey for plots in the schedule titled subdivision;
    - c) Authority to reposes plots which were found to be an occupied for the purposes of reallocation by the settlement fund trust to needy Kenyans;
  32. The rest of the plots were to be documented upon the successful lodge of succession cause or dispute resolution mechanism undertaken by the concerned parties;
  33. In the FY 2012/2013 the department of lands adjudication and settlement and county government through the settlement fund trustee embarked on ground verification on all the plots in Ngoliba B settlement scheme. The report was presented to district settler's selection committee on 21st February 2013 and thereafter to the director of lands adjudication/settlement with similar recommendations and requests as those for Ngoliba B settlement scheme;
  34. The said reports findings and recommendations have never been fully implemented and this has resulted to hostility between squatters and allottees who have been attempting to come back to the lands they once occupied;
  35. The number of squatters has significantly increased and due to this plots which initially had no squatters issues some with title deeds are now occupied by squatters;
  36. In September 2013 the county government forwarded accountability list of all the settlement schemes in the county top the director of lands and settlement for documentation in compliance with the ongoing country wide titling program. This however, is yet to be realized;
  37. The County government to Machakos recommends the following to be done as a way of bringing a lasting solution to the squatter issues in Ndalani Ward:-
    - a) Implement the ground status report of 2011/2012 and 2012/2013 which were conducted by the county government in conjunction with the then district settler selection committee by documenting the people on the ground;
    - b) Conduct ground verification status on the rest of the plots ( about 1,500 plots) not included in the Ministerial committee report of 1988 and of the 2011/2012 and 2012/2013 ground status report in order to capture new generation of squatters in order to capture new generation of squatters and implemented the findings;
    - c) All titled deeds in parcels of lands earmarked for subdivision in the ministerial plots committee report of 1988 be recalled;
    - d) Identify and document new and genuine squatters on the ground;

- e) Sensitize the allottees of these parcels of lands on the process of documentations and issuance of title deeds in settlement schemes;
- f) Sensitize squatters against selling/subdividing settlement land before acquiring legal documents except for the specific plots recommended for subdivision;
- g) Sensitize the local people on the importance of appreciating local diversity and embracing peaceful coexistence for development.

## 2.5 Evidence from the residents of Ndalani Ward

Ms. Wavinya Mutua, Ms. Veronica Mwendwa, Mr. Pius Wambua, Mr. Christopher Ndolo and Francis Kilango informed the Committee as follows, that:-

- 38. During the subdivision in 1971 the residents of Ndalani were promised that they would be given first priority in the allocations. However, people from other areas were allocated land;
- 39. Their grandparents have lived in the said land for long;
- 40. Since the creation of the Ndalani settlement scheme they have continuously been threatened with evictions with subsequent provincial administration regimes;
- 41. There was time when the Ministerial plot recommended that both legal allottees and squatters equally share the disputed plots but the Ndalani residents objected to the idea;
- 42. Ndalani area is a cosmopolitan area and therefore the land dispute there cannot be viewed on tribal angle;
- 43. There are many absentee land lords with fake title deeds;
- 44. The residents have been attacked by hired goons of recent being a case where big number of suspected mungiki sect members were ferried to the area under supervision of the then OCS Matuu Ms. Gladys Wanajala; they demolished houses and harassed the residents of Ndalani Ward;
- 45. Several leaders in the pretext of helping Ndalani ward residents have enriched themselves by acquiring big chunks of land i.e. Mutiso Wa Yatta – 200 acres, Fred Mati – 100 acres, Mwaura (Former head of prisons) 100 acres.

### 3.0 FINDINGS, OBSERVATIONS AND CONCLUSIONS

Based on the Observations, Investigations, evidence adduced and submission made, the Committee made the following recommendations Findings, Observations and Conclusions.

1. THAT, There is evidence of violence in the area whereby people houses were demolished burnt and destroyed at night by hired goons;
2. THAT, There are clear cases of absentee land lords occasioned by people having been allocated land who moved in and left the area because of drought, famine and diseases;
3. THAT, Services e.g roads and water have now been provided in the area making the land attractive and habitable hence increase in the number of people moving into the area;
4. THAT, The ministerial plot committee was formed by the Minister of Lands and settlement in 1994 to solve the problem.

#### 4.0 RECOMMENDATION

Based on the Observations, Investigations, evidence adduced and submission made, the Committee makes the following recommendations.

1. THAT, the Director of Public Prosecution and the Director of Criminal investigation:
  - a) investigates the perpetrators of the heinous crime of destroying properties and displacing residents of Ndalani ward (Kwa Mwaura) from their homes with a view of persecuting the culprits;
  - b) investigates the legality of the eviction orders used to evict the Residents in Ndalani ward (Kwa Mwaura) and report back to Parliament within 60 days from the date of tabling the report;
2. THAT, the State Department in charge of Special Programme to consider compensating the victims of the crimes;
3. THAT, The Government through the National Lands Commission and the Ministry of Lands and Physical Planning Implement fully the recommendations of the Ministerial Plot Committee report of 1994 and also Implement the resolution of County government of Machakos within twelve months of tabling of the report.

ADOPTION OF THE REPORT ON THE  
PETITION BY HON. FRANCIS  
MWANGANGI, MP CONCERNING  
IRREGULAR ACQUISITION OF LAND IN  
NDALANI WARD YATTA CONSTITUENCY

The Committee considered the report and upon deliberations made the following observations:-

1. THAT, There is evidence of violence in the area whereby people houses were demolished burnt and destroyed at night by hired goons;
2. THAT, There are clear cases of absentee land lords occasioned by people having been allocated land who moved in and left the area because of drought, famine and diseases;
3. THAT, Services e.g roads and water have now been provided in the area making the land attractive and habitable hence increase in the number of people moving into the area;
4. THAT, The ministerial plot committee was formed by the Minister of Lands and settlement in 1994 to solve the problem.

Upon making the above-mentioned observations the Committee resolved as hereunder:-

1. THAT, the Director of Public Prosecution and the Director of Criminal investigation:
  - a) investigates the perpetrators of the heinous crime of destroying properties and displacement residents of Ndalani ward residents (Kwa Mwaura) from their homes with a view of persecuting the culprits;
  - b) investigates the legality of the eviction orders used to evict the Residents in Ndalani ward residents (Kwa Mwaura) and report back to Parliament within 60 days from the date of tabling the report;
2. THAT, the State Department in charge of Special Programme to consider compensating the victims of the crimes;
3. THAT, The Government through the National Lands Commission and the Ministry of Lands and Physical Planning Implement fully the recommendations of the Ministerial Plot Committee report of 1994 and also Implement the resolution of County government of Machakos within twelve months of tabling of the report.

Consequently, the report was proposed and adopted unanimously by the Members present and signed by the Chair.

**MEETING WITH THE MINISTRY OF LANDS AND PHYSICAL PLANNING**

Prof Jacob Kaimenyi and the Principal Secretary appeared before the Committee and informed the Committee as follows:-

**Petition by Hon. Francis Mwangangi, MP concerning irregular acquisition of land in Ndalani Ward Yatta Constituency**

1. The Scheme is one of the Haraka Settlement Schemes in Yatta sub-county which were established in 1960's and 70's;
2. Nzukini Phase IV Settlement Scheme was established in 1969 and was registered in 1991. It measures 1720 hectares and comprised of a total of 284 plots. The Scheme, like most of the Haraka Settlement Schemes, was faced with challenges which include;
3. Absent allottees due to drought, famine and diseases which were experienced in 1975 and 1976
  - a) Problem of squatter invasion.
  - b) Double allocation
  - c) Sale of plots by the legal allottees.

4. The Ministry of Lands and Settlement in 1994 formed a Ministerial Plot Committee (MPC) to come up with recommendations on how to overcome these challenges;
5. In 2012, The District Settler Selection Committee (DSSC) in liaison with the local leadership carried out ground verification. The DSSC recommended that the plots which were squatted to be sub-divided equally to accommodate both legal allottees and squatters;
6. The recommendations of the DSSC were implemented to resolve the challenges facing the settlement scheme. However, some squatters resisted the sub-division of the plots to accommodate the legal allottees leading to hostilities between the two groups;

**MEETING AT THE COUNTY COMMISSIONER'S OFFICE MURANGA COUNTY**

**Muranga County Commissioner**

Mr. John Elungata Wavinya informed the Committee as follows:

Shareholders of Twin Hill Ranching Company Limited purchased the said land in 1966 from a white settler;

In 1977 people allegedly from the then Machakos District invaded the land and up to now they are still residing there.

**Hon. Benson Mbai, MP for Masinga Constituency**

The Honorable member declared his interest in the said Petition having said that the land known as LR. No. 3567 is in Masinga Constituency, Machakos County the he represents;

He further informed the Committee that there is tension in the area due to the issue. He requested the Committee to confirm with the authorities where the said land sits on before continuing with visit.

**Hon. Humprey Njuguna, MP for Gatanga Constituency**

The land bought by shareholders of Twin Hill Rancing Company LR. No. 3567 is within Muranga County and it borders Machakos County;

The shareholders have done a thorough search and confirmed that the land is indeed in Muranga County, Gatanga Constituency;

The land was purchased in 1966 from a white settler known as Mrs. Kirstein Christensen;

In 1977 squatters allegedly from Machakos County invaded and occupied the land and since then the genuine owners have not been able to utilize their land and efforts to resolve the matter have been futile.

In 1990 the said land was subdivided and shareholders issued with title deeds but they couldn't still occupy the land due to the presence of 3,000 squatters;

During the same period the then President Moi formed a commission and the owners of LR. No. 3567 were requested to hand over their title deeds; until today shareholders of Twin Hill Rancing Company don't have access to their original title deeds only photocopies;

**Committee Resolution:**

The Committee resolved not to visit the ground until it establishes the correct location of LR. No. 3567;

The County Commissioners of both Muranga and Machakos Counties together with the area Members of Parliaments for Gatanga and Masinga Constituency to ensure prevalence of a conducive environment before the Committee visits the ground;

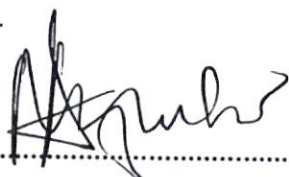

Ministry of Lands and Physical Planning to provide details of all transfers on LR. No. 3567;

Ms Wavinya Mutua, Ms. Veronica Mwendwa, Mr. Pius Wambua, Mr. Christopher Ndolo and Francis Kilango informed the Committee as follows:

During the subdivision in 1971 the residents of Ndalani were promised that they would be given first priority in the allocations. However, people from other areas were allocated land

Their grandparents have lived in the said land for long;

Since the creation of the Ndalani settlement scheme they have continuously been threatened with evictions with subsequent provincial administration regimes;

There was time when the Ministerial plot recommended that both legal allottees and squatters equally share the disputed plots but the Ndalani residents objected to the idea;

Ndalani area is a cosmopolitan area and therefore the land dispute there cannot be viewed on tribal angle;

There are many absentee land lords with fake title deeds;

The residents have been attacked by hired goons of recent being a case where big number of suspected mungiki sect members were ferried to the area under supervision of the then OCS Matuu Ms. Gladys Wnjala; they demolished houses and harassed the residents of Ndalani Ward;

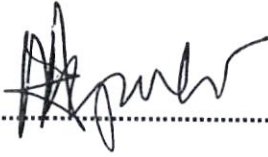

Several leaders in the pretext of helping Ndalani ward residents have enriched themselves by acquiring big chunks of land i.e. Mutiso Wa Yatta – 200 acres, Fred Mati – 100 acres, Mwaura (Former head of prisons) 100 acres;

## MINISTRY OF LANDS AND PHYSICAL PLANNING

### DEPARTMENTAL COMMITTEE ON LANDS

---

#### PETITION

Petition by Hon. Francis Mwangangi, MP concerning irregular acquisition of land in Ndalani Ward Yatta constituency:-

- a) Chronological history of land ownership and current status of plot Nos.12,81,88,89,90,95,102,121,125,154,166,167,210, 249,272,279,282,292,471;
- b) What the Ministry doing to ensure that the squatted area settled and issued with title deeds on the land in question;
- c) If the Ministry is aware of the dispute in the said land; and
- d) Any other information relevant to solving the petition

#### Response

- a) Chronological history of land ownership and current status of plot Nos. 12, 81, 88,89,90,95,102,121,125,154,166,167,210, 249,272,279,282,292 and 471.

## **I. Background**

The petitioner failed to specify the settlement scheme in which the subject plots are located. However, we established that the affected plots could be in Nzukini Phase IV Settlement Scheme in Yatta Sub-County. The Scheme is one of the Haraka Settlement Schemes in Yatta sub-county which were established in 1960's and 70's.

Nzukini Phase IV Settlement Scheme was established in 1969 and was registered in 1991. It measures 1720 hectares and comprised of a total of 284 plots. The Scheme, like most of the Haraka Settlement Schemes, was faced with challenges which include.

- (i) Absent allottees due to drought, famine and diseases which were experienced in 1975 and 1976
- (ii) Problem of squatter invasion.
- (iii) Double allocation
- (iv) Sale of plots by the legal allottees.

### **b) What the Ministry is doing to ensure that the squatted area settled and issued with title deeds on the land in question**

#### **i. Initiative to Solve the Squatter Problem**

To counter the above-mentioned challenges, the Ministry of Lands and Settlement in 1994 formed a Ministerial Plot Committee (MPC) to come up with recommendations on how to overcome these challenges.

In the year 2012, The District Settler Selection Committee (DSSC) in liaison with the local leadership carried out ground verification. The DSSC recommended that the plots which were squatted to be sub-divided equally to accommodate both legal allottees and squatters. The recommendations of the DSSC were implemented to resolve the challenges facing the settlement scheme. However, some squatters resisted the sub-division of the plots to accommodate the legal allottees leading to hostilities between the two groups.

**ii. Ownership status of the plots listed in the petition:**

REPORT ON IMPLEMENTATION OF THE MINISTERIAL PLOT COMMITTEE'S  
RECOMMENDATION/RESOLUTIONS IN YATTA HARAKA SETTLEMENT SCHEMES-  
MACHAKOS DISTRICT

1.0 EXECUTIVE SUMMARY

1.1 BACKGROUND: The report covers the implementation of the recommendation/resolutions of the Ministerial Plot Committee which endorsed an earlier inspection teams' report that went to the field to identify the particular aspects of disputes and the disputing parties on the affected plots.

The various earlier probe committees instituted by the Ministry of Lands & Settlement in conjunction with the Provincial Administration in trying to resolve the long outstanding squatter disputes in the 7 affected Haraka Schemes had not yielded much success. The MPC's resolutions were therefore deemed the fairest and most appropriate to all disputing parties to which most of them highly appreciated.

The exercise was undertaken by senior staff from Surveys and Land Adjudication and Settlement departments in attending to each of the affected disputed plots. These entailed either subdivisions to accommodate the legal allottees and squatters; squatters alone and or documenting same to the party concerned as were found on the ground and as per the specific cases.

The affected settlement schemes in the exercise were Mamba; Ndalani "A" & "B" and Nzukini I to IV comprising of a total of 2556 plots.

1.2 PLOTS WITHOUT PROBLEMS: The earlier report of the Probe Committees instituted by the Provincial Commissioner, Eastern though biased in some cases, reflected that some 1829 plots did not have squatters nor any other ownership disputes. The MPC therefore in its meeting of 10th May, 1994 resolved that transfers for titles for the said plots be prepared for issues to the allottees. After the recent exercise, these have been reduced to 1811 plots with some 745 plots having had varied disputes.

1.3 DISPUTED PLOTS: The balance of some 745 plots out of 2556 plots in the 7 settlement schemes had either problems of double allocation; disputing claimants and or squatter problems. The implementation exercise entailed attending to

each of the disputed plots on the ground whereby their respective peculiar problems were resolved on the basis of legality of claims; status of developments, fairness in arbitration and thereby ensuring minimum disturbances of the involved parties. The resolutions reached therefore were in agreement with most parties wishes in terms of area occupied and developed, duration of stay on plots and other such like aspects. These consideration gave assurance to the affected allottees and the squatters alike of security for their respective portions.

#### 1.4 TERMS OF REFERENCE

The terms of reference as a guideline in the implementation clearly stipulated what was to be done in every aspect of the disputed/squatter problem plots. These were keenly adhered to so as to determine the specific resolutions as follows:-

- (a) Determine the developed area of each plot against the parties/developers of same.
- (b) Determine the occupancy of the plots and if th parties thereon lived in harmony.
- (c) Verify payments made for each plot against the payees.
- (d) Determine who warrants consideration for the plot based on occupancy, developments done among legal allottees and genuine squatters and or subdivision to cater for both.
- (e) Identify the legal allottees and or real squatters who could not be accommodated in the scheme owing to limiting acreage and or potentiality for alternative plots.
- (f) Verify any other valuable information which could help determine make appropriate resolutions.
- (g) In the final analysis come up with final resolutions for each disputed plot versus legal allottees and genuine squatters.

### 1.5 SUMMARY OF IMPLEMENTATION EXERCISE

As tabulated herebelow a total of some 745 plots were attended to on the ground in order to resolve the respective problems peculiar to each.

#### 1.5.2 Schemes' Plots Schedules:

The full details of each plot are as outlined in the attached schemes' plots schedules, scheme by scheme indicating the plot numbers; areas of subdivided portions, documented occupants/claimants and other particulars as per the specific remarks.

Attached to each scheme's plot schedule is an annex of some extra plots which though they were not in the report recommendations were raised and attended to accordingly. These make a total of 25 plots out of 40 plots earlier reported. On further scrutiny of the genuineness of the claims affecting the 40 plots, it came to light that parties with plots of their own were lodging claims as squatters on other peoples plots whereby they did not have any meaningful developments to support their claims. These were automatically disregarded and the remaining 25 subdivided extra plots were genuine with the two parties having lived harmoniously on the said plots.

1.6 REPORT IMPLEMENTATION RATIONALE

1.6.1 Ownership Problem: Apart from squatter problems, the implementation teams noted that some plots did have other ownership problems e.g succession, family disputes, sales with squatters on plots, unfinalized transfers, non existent squatters, and fictitious claims. The teams therefore took such problems in arriving at its resolutions as quoted in the remarks against each plot. In particular the teams scrutinised the following aspects.

1.6.2 Term of Reference: As stipulated in paragraph 1.4 these formed a guideline to the resolutions.

1.6.3 Legality: Until the plots are registered and transferred to the respective allottees, Settlement Fund Trustees is the registered owner of all the plots in the schemes. During the period and conditions of letters of Allotment S.F.T. could enter any plot to make changes to plans, relocation, realignment for the benefit of the allottees, the public or the scheme in general. In so doing, it has to take into account the interests of the allottees.

1.6.4 Developments: The respective developments done by the allottees and or the squatters were taken into account in arriving at the resolutions as per the remarks.

1.6.5 Payments for plots: For those who had paid fully for their plots, these were given second priority.

1.6.6 Legal Allottees: These were given third priority and it was of the general feeling that they be given every opportunity to settle on their plots; respective portions where possible or be given alternative plots. This step was felt appropriate so to create confidence and avoid legal actions. Again this view is strengthened by the nature of the problems and the durations it has taken to resolve them.

1.6.7 COexistence: Where the legal allottees and the genuine squatters and or squatters alone coexisted harmoniously, the plots were subdivided to accommodate them if

*[Handwritten signature]*

Land Settlement Officer  
District

potentially viable and practicable.

- 1.6.8 Court actions: Where courts had determined plots ownership, the courts decision were upheld e.g. in succession cases, unconsented sales and the like.
- 1.6.9 Sales and Transfers: Where these had taken place supported by documentary proof of consent and or sale agreements these were upheld and same rresolved to document the affected parties.
- 1.6.10 Squatters: To ensure stability and security, genuine and deserving squatters were considered for the plots and or portions they have developed. However, for those who were not in occupation of the plots recorded against their names had their claims disregarded. At the same time for those who occupied/claimed more than one plot were considered for one plot/portion only where their developments were.
- 1.6.11 Family squables: Where these involved spouses as legal allottees, it was resolved to register the husband and or wife as the legal allottee as per the remarks against such cases. Where the legal allottees are deceased and succession cases remained unfinalised, it was resolved to register the name of the deceased legal allottee awaiting legal action to determine the rightful heir(s).

1.7 ALTERNATIVE PLOTS FOR DISPLACED ALLOTTEES

1.7.1 Ndalani I: Some 11 plots are needed to accommodate the 10 displaced legal allottees and one squatter from Ndalani I whose alternative plots were not specified in the recomendations. The squatters who have extensively developed their portions of the allottees plots were considered for the same and particularly where the allottees have not done any developments. At the same time the plots being too small to accommodate both squatters and allottees coupled with rocky terrain of low potentiality necessitated same being recommended for alternatives.

Only one squatter Mutali M.Kyengo on plot 364 should be considered for alternative plot whereas Mwamuli N.Waiko is accommodated on plot 300 having been subdivided to cater for him and the legal allottee, as per the comments on the Appendices 2 & 3 attached.

1.7.2 Ndalani II: As detailed on the appendix 4 attached, some 5 alternative plots have to be sought to accommodate displaced allottees in Ndalani II. One N.Ngotho of plot 94 is accommodated in another plot 229 of Syongombe Ndegwa wife whereas James Kangethe is caterd for onplot

**RE: PETITION BY HON. FRANCIS MWANGANGI, MP CONCERNING IRREGULAR ACQUISITION OF LAND IN NDALANI WARD, YATTA CONSTITUENCY.**

The above petition touches on the land ownership of the following plot numbers, 12,81,88,89,90,95,102,122,121,125,126,154,166,167,210,249, 272, 279, 282, 292 & 471. The petition however does not specify the name/s of the affected settlement schemes whereas we have seven settlement schemes in Ndalani ward. Further consultation with one of the local leaders Mr. Francis Kilango gave an indication that most of the affected plot numbers are in Nzukini phase IV settlement scheme No. 456 which is one of the Yatta Haraka Settlement Schemes.

**Background Information; Yatta Haraka settlement schemes.**

Haraka settlement schemes are among the oldest settlement schemes initiated by the Kenya Government in the 1960's and 70's aimed at settling landless poor Kenyans whose cases were viewed to be needy and deserving. In Machakos County, Haraka settlement schemes are mainly in Yatta and Masinga Sub-counties and comprise of such settlement schemes as:

1. Ndalani phase I settlement scheme - Yatta sub - county
2. Ndalani phase II settlement scheme - Yatta sub - county
3. Mamba settlement scheme - Yatta sub - county
4. Nzukini phase I settlement scheme - Yatta sub - county
5. Nzukini phase II settlement scheme - Yatta sub - county
6. Nzukini phase III settlement scheme - Yatta sub - county
7. Nzukini phase IV settlement scheme. - Yatta sub - county
8. Ngoliba phase II ( 'B' ) settlement scheme - Yatta sub - county

9. Ngoliba phase IV ( 'D' ) settlement scheme - Yatta sub - county
10. Ndithini phase I settlement scheme - Masinga sub- county
11. Ndithini phase II settlement scheme - Masinga Sub- county.

All the above listed settlement schemes are registered and have a total of about 3128 parcels of land some of which have title deeds.

Out of the 11 settlement schemes, the most affected by squatter issues are Ndalani phase I & II settlement schemes, Nzukini phases I,II,III & IV settlement schemes and Mamba settlement scheme all in Ndalani Ward. A few cases are also reported in Ngoliba 'B' & 'D' Settlement Schemes in Mavoloni area of ndalani ward.

During the initial allocation of plots in these settlement schemes, there arose many problems such as double allocations, disputing claimants, double payments, sale of plots, squatter problems, e.t.c. and this slowed down the documentation process. Several Divisional and District Committees were set up to resolve the squatter problems, but none of those committees' recommendations were ever implemented.

In 1988, another team ( Ministerial plots committee- MPC) was formed by the then ministry of lands and settlement in conjunction with the then provincial administration to resolve the long standing squatters/allottees' disputes in these settlement schemes. The main issues/problems established by the MPC included:

- absent land owners (allottees) due to various reasons as; draught and famine experienced in the years 1975 and 1976, diseases, wild animals, and poor transport/communication. The absence of the legal allottees gave a leeway for other people to settle on this land, hence the issue of squatters. Other findings by the committee were issues related to;
- Double allocation of plots.
- Sale of plots (whole/part).
- Cases of deceased land owners/inheritance issues.
- Boundary disputes.
- Allottees being denied entry into their plots by the squatters.

This Ministerial Plots Committee ( MPC) completed its probe in 1994 but only managed to conduct comprehensive probe in Ndalani location covering seven ( 7 ) settlement schemes with a total of 2556 plots and identified 746 plots with squatters issues, leaving out 2 settlement schemes, i.e. Ngoliba 'B' and 'D' settlement schemes with a total of 872 plots. The committee documented its report/ findings with specific recommendations that both legal allottee and squatter equally share the disputed plots. This Ministerial Plots Committee (MPC) report of 1994 was not successfully implemented due to disagreements between the local leadership and the government officials as the local leadership wanted entire land given to squatters while the government officials wanted equal sub-division between all identified parties ( allottee and squatter). As a result of these disagreements and failure to have this report implemented, squatter issues have become more and more complex with time.

During the financial year 2011/2012, through the District Settlers' Selection Committee ( DSSC) in liaison with local leadership, this office conducted a ground status verification on the 746 plots identified as problematic by the MPC in the seven of the Yatta Haraka settlement schemes namely ; Ndalani phases I & II, Mamba, Nzukini phases I,II,III, & IV with the aim of establishing the ground occupancy vis a vis the MPC report in an attempt to implement the report.

On 22<sup>nd</sup> March 2011, the then Honorable Minister for Lands while responding to a parliamentary question from the then Yatta Member of parliament on Ndalani Squatters made a commitment that the way forward on these squatter issues in Ndalani would be informed by the findings and recommendations of the then ongoing plots verification exercise undertaken by the DSSC and this office.

We completed the exercise, had it endorsed by the then District Settlers' Selection Committee (DSSC) meeting of 27/2/2012 and forwarded it for policy direction on implementation and issuance of letters of offer. Our recommendations were based on the ground findings on occupancy and accommodated both allottee and squatter on equal sub-division and/or entire ownership in cases where only one party was found on the ground. To date, these recommendations have not been fully implemented, except for a few plots where the allottee and squatter are in agreement and this office has been facilitating mutation survey.

From 1<sup>st</sup> July 2012 to 30<sup>th</sup> Oct 2012, this office in liaison with the land adjudication and settlement department conducted a ground status verification on all the plots in Ngoliba 'B' settlement scheme and ground status report compiled and forwarded to the Director of land adjudication/settlement with the following requests:

- Provision of Letters of Offer for all plots in the schedule titled plots free for documentation.
- Authority to raise mutation survey for plots in the schedule titled subdivision.
- Authority to repossess plots which were found to be un-occupied for the purposes of reallocation by the settlement fund trustee to needy Kenyans.

The rest of the plots were to be documented upon the successful lodge of succession cause or dispute resolution mechanism undertaken by the concerned parties.

In the financial year 2012/2013, the department of Land Adjudication and Settlement and this office through the Settlement Fund Trustee embarked on ground verification on all the plots in Ngoliba 'D' settlement scheme. The ground status verification report was presented to D.S.S.C. on 21/02/2013 and thereafter to the Director of land adjudication/settlement with similar recommendations and requests as those for Ngoliba 'B' Settlement Scheme.

The above reports' findings and recommendations have never been fully implemented and this has led to hostility between squatters and allottees who have been attempting to come back to the land they once abandoned. The number of squatters has also greatly increased from the initial number as the initial squatters' children are now grown up people who have also settled on these plots leading to unofficial sub-divisions of most of these plots. Also, due to the increased number of squatters, plots which

initially had no squatter issues , some with title deeds are now occupied by squatters. Such allottees have been coming with their land title deeds threatening squatters with eviction with some seeking eviction orders from the court.

Sometimes in September 2013, this office forwarded accountability lists of all the settlement schemes in the county to the Director of Land Adjudication & Settlement for documentation in compliance with the ongoing country wide titling program which we thought would settle these challenges once and for all. This is however yet to be realized.

Below is a summary of the Yatta Haraka Settlement schemes showing the no of squatters in each settlement scheme as documented in the MPC report of 1988- 1994.

The plot numbers in the Hon Yatta MP's petition are mostly those captured in the Ministerial plots committee of 1988 and were earmarked for sub division between legal allottees and squatters in equal shares. A few however have title deeds as has been established from the lands registry in Machakos.

Below please see the status of the petitioned plot numbers all in Nzukini phase IV settlement scheme No. 456.

The greatest challenge in the above plot numbers is that in some cases, the title holders are not the ones on ground and they have been acquiring eviction orders from the law courts and evicting squatters from their land, thus bringing about much hostility amongst the legal allottees and squatters.

### **Recommendations/Way forward**

This office recommends the following to be done as a way of bringing a lasting solution to the squatter issues in Ndalani Ward:

1. Implement the ground status reports of 2011/2012 & 2012/2013 which were conducted by this office in conjunction with the then DSSC.
2. Conduct ground status verification on the rest of the plots (about 1500 plots) not included in the MPC report and the 2011/2012 & 2012&2013 ground status reports in order to capture the new generation of squatters and implement the findings.
3. Repossess all abandoned plots which have no title deeds and re-allocate them to needy Kenyans.
4. Sensitize squatters against selling/subdividing settlement land before acquiring legal documents except for the specific plots recommended for subdivision.
5. Sensitize the local people on the importance of appreciating National diversity and embracing peaceful co-existence for development.

comfortable as they say they do not know their fate. He said there is need for the stakeholders to make a decision that will have an impact on these people's lives.

**Agenda 1/6/2011: Reading of last meeting's minutes.**

The minutes were read by the secretary and proposed by Senior Chief Mavoloni Location Mr. Francis K Ndunga and seconded by the Chief Ndalani location Mr. Peter M. Masila.

**Agenda 2/6/2011: Matters arising.**

The District land Adjudication and settlement officer said the backbone of this meeting was Agenda 8/2/2011 of the previous DSSC meeting, that is the Verification of squatter affected plots, and the MPC report.. He noted that the Ministerial Plots committee report has never been implemented, but there has been attempts to make the ministry implement the report. He further said that he has been contracted in the 2010/2011 performance contract by the Director of Land Adjudication and Settlement to verify the affected plots, compare the current ground status with the Ministerial plots committee's report and give recommendations.

**Agenda 3/6/2011: Ground status report of Haraka squatter verification process of ministerial plots committee implementation report.**

The District land Adjudication /Settlement officer took the members through the Haraka settlement squatter issues by providing a detailed background of the ministerial plots committee major objectives and findings; Acceleration of squatter problem, Recommendations of the Ministerial plots committee, Emerging issues of the ground verification report and record status with aim of making a way forward.

- 3.1 Back ground information.
- 3.2 The Ministerial plots committee objectives.
- 3.3 Findings of the Ministerial plots committee.
- 3.4 Acceleration of Squatters problem.
- 3.5 Recommendations of the Ministerial plots committee.
- 3.6 Emerging issues of ground reports and record status.
- 3.7 Way forward.
- 3.8 D.S.S.C Resolution of:

- Un-implemented ministerial plots committee recommendations.
- Decision of Mutual consents of buying and selling between legal Allottee and squatter's.
- New squatters on the ground who are not captured in the Ministerial plots committee report.
- Incomplete ground status verification of Ngoliba 'B' and 'D' settlement schemes in Mavoloni Location.

**(a) Unimplemented M.P.C report.**

The members felt that lack of implementation of the report for the last 23 years was largely due to lack of involvement of all interested stakeholders and failure to get the input of the local D.D.C by then.

Further delay to implement the report has led to it being overtaken by realities and time as by that time 1998 average household of the squatter family unit was approximately 3 members as compared to the current approximately 7 members a family per household.

The members lauded the District land Adjudication /settlement department's effort to solve the matter in liason by settlement fund trustee (SFT) Headquarters in the current year 2010/2011.

**Resolutions.**

The members resolved to have the M.P.C report as both a working and reference document as basic data of the issues are fairly captured. However implementation now will be impossible, and they proposed the following alternatives steps to be taken by the Ministry of Lands to solve the matter at once.

First, the District land Adjudication and settlement officer was requested to put a caveat, cautions, encumbrances in all the plots captured in the M.P.C report whether title deeds have been issued or not.

Secondly, the local provincial Administration to liaise with the Ministry of lands to put up intervening measures to those plots which have been issued title deeds and the owners are evicting the squatter, and to put all plans at hold until the government finds a lasting solution.

Thirdly, the implementation of M.P.C report should be done if it complies and matches with ground status Verification exercise conducted by the District Settlers' Selection committee. Any contradiction arising out of the two approaches, the latter takes precedence with prerequisite that all those people who are substantially settled physically on the ground either legal Allottee, squatter and / or joint, both must be prioritized as per the ground occupancy sketched.

Fourthly, incase of a legal Allottees who are not on the ground, they should be provided by alternative land by the S.F.T as a priority or be refunded their money paid to the Settlement Fund Trustee (SFT) altogether.

Fifthly, they advocated for Zero disturbances or disruptions of the family structures on these plots due to social economic implications of the exercise projected to have far reaching consequences of the affected population of approximately 3500 persons.

(b) Decision of mutual consents of buying and selling between legal Allottee and the squatter.

The District Land Adjudication/settlement officer provided a list of plots where there are transactions done to benefit both deserving legal Allottee and squatter by way of selling and buying. Members appreciated that to be a very patriotic approach by both parties.

**Resolutions.**

The transactions to be verified and be encouraged to go through the Land control Board.

**(c) New squatter on the ground not captured on the M. P.C.**

There have been some plots with new squatters whose origin was difficult to know, although DSSC hinted that they are indirectly related to the earlier squatters because they live harmoniously.

**Resolutions**

They should be given ownership as per the ground sketched occupancy.

**(d) Incomplete ground status and M.P.C. report implementation.**

The District Land Adjudication & Settlement officer informed the meeting that the M.P.C failed to conduct implementation at Ngoliba B and D settlement schemes totaling to 870 plots due to lack of funds, thus DLASO ground verification exercise was also limited to those already captured.

Further, the members felt that leaving out Ngoliba B & D will lead to a bigger problem.

**Resolutions.**

The meeting recommended DLASO to raise a budget for S.F.T. consideration and funding for base ground report and verification exercise due in the next financial year 2011/2012.

**(e) Way forward for M.P.C and ground status verification exercise.**

The Hon MP for Yatta Charles Kilonzo gave an account of how the Minister for Lands was committed vide parliamentary question No NA.IOA/4/Q/2011/757 dated 22/march 2011.

The Minister for lands' way forward will be informed by the findings and recommendations of the verification exercise which is expected to be completed by the end of June 2011. Thereafter, a leaders' meeting vide the DDC will be convened to ratify the recommendations of the DSSC meeting which will be forwarded to the Hon. minister of lands for policy direction.

### Resolutions.

The meeting resolved to have a meeting of DDC programmed for 30/6/2011 to ratify the decisions.

### Agenda 4/6/2011: Proposed S.F.T Shirika developments projects Financial Year 2011/2012.

The District Land Adjudication /Settlement officer told the members that Settlement Fund Trustee has been carrying out development projects in the settlement schemes and the following projects are proposed to be carried out in the next financial year 2011/2012.

1. Shirika Development Projects
  - (a). Water access and sewerage.
    - Equipping of Nthungululu borehole at a cost of Ksh. 4.5 M.
  - (b). Opening road of access  
Kaseve -Kangemi road at a cost of ksh. 4.0 M.
2. S.F.T Activities.
  - Ground status verification of Ngoliba B and D 870 plots at accost of Ksh 2.M

### Reactions

The Hon MP Yatta applauded the Settlement department's involvement in development projects as they are very beneficial to the local community for the last two financial years. The members observed that there is a general management problem in the community and recommended that the management of the water projects be put under the water company Yatta for sustainability.

### Resolutions.

The members requested DLASO to find the best way of handing over the completed water projects.

### Agenda 5/6/2011: A.O.B

Titles Deeds of plots without loans in the various settlement schemes.

Members observed that there are plots in these schemes that have not been discharged, yet they have no disputes and, no SFT loan arrears sought an explanation as to why the ministry was keen only in recovering the loans and there is no equal input of releasing the transfer documents.

### Reaction;

The District land Adjudication/settlement officer told members that he has raised the issue with the Director of land adjudication and settlement, and that the processing of discharges (Settlement Land Transfer Documents) is going at the headquarters adding that there is a scheduled officer at Ardhi House appointed to fast track the processing of discharge for the District.

### Resolutions.

Members asked DLASO to ensure that all the SFT loans cleared plots get the discharges by July 2011.

### Nzukini phase IV plot 288.

The above plot is said to have administrative boundary dispute between Yatta and Masinga Districts and members felt that there is need to establish the where this plots belongs.

**Reactions.**

The DLASO said that the District Surveyor is in a better position to clarify the boundaries. He said that any developments on this plot should go through the DDC for approval.

**Resolutions.**

It resolved that the District Commissioners of the two Districts to liaise with the District Surveyor to solve the issue.

**3. Titled disputed plots.**

The Hon MP Yatta raised the issue of disputed plots that have been issued with title deeds and squatters were facing eviction. He gave the following list of cases that had been forwarded to him;

S/NO.	NAME OF SQUATTER	SCHEME	PLOT. NO.
1	Bernard Muoki Makau	Ndalani phase I.	364
2	Mbithi Wambua Mutua (deceased)	Ndalani phase I.	235
3	Mutiso Kiilu	Ndalani phase I.	55
4	Agnes Mbuu Mutua (deceased)	Ndalani phase I.	434
5	Muia Kamau	Nzukini IV	83
6	David Kilonzi	Nzukini III	137

**Resolutions.**

Members agreed that all disputed plots should be subjected to caveat against issuance of title deeds a solution should be sought for the already issued title deeds.

Having no any other business, the meeting ended at 1.30pm with a word of prayer by Betty Mwangangi of MYWO.

Secondly, the local provincial Administration to liaise with the Ministry of lands to put up intervening measures to those plots which have been issued title deeds and the owners are evicting the squatter, and to put all plans at hold until the government finds a lasting solution.

Thirdly, the implementation of M.P.C report should be done if it complies and matches with ground status Verification exercise conducted by the District Settlers' Selection committee. Any contradiction arising out of the two approaches, the latter takes precedence with prerequisite that all those people who are substantially settled physically on the ground either legal Allottee, squatter and / or joint, both must be prioritized as per the ground occupancy sketched.

Fourthly, incase of a legal Allottees who are not on the ground, they should be provided by alternative land by the S.F.T as a priority or be refunded their money paid to the Settlement Fund Trustee (SFT) altogether.

Fifthly, they advocated for Zero disturbances or disruptions of the family structures on these plots due to social economic implications of the exercise projected to have far reaching consequences of the affected population of approximately 3500 persons.

The report was proposed for adoption by Mr. Judas M. Ndawa and seconded by Mr. Jackson Muinga

The members' unanimously agreed with the resolution of the DSSC and adopted the report and gave the DLASO authority to move with the recommendations in the minutes of 6<sup>th</sup> June 2011 and the DDC minutes of 1<sup>st</sup> July 2011

#### MIN 5/6/DDC/2011- KYEP

The officer reported that the program is anchored in the office of Prime Minister and it's in 8 counties Machakos being one of them. The officer represents Yatta and Masinga districts. He noted that the programme will be undertaken by three departments which are water, forest and roads.

On the issue of wages the DFO (forest) noted that the payments are not same because some are paying kshs. 250 and while others kshs. 298.

#### MIN 6/6/DDC/2011- DEPATMENTAL PROGRESS REPORT

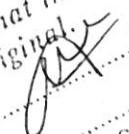

The chair (DC) reported that his office has received 3M to cater for road curb insecurity in the district. The road identified is Kisiiki – kwakulu -Thika and the contractor is on site soon. The supervision will be done by DRE. He also noted that it will not be under KKV but the youth will be engaged in bush clearing.

The chair reminded the CDF FAM that proposals to be funded should emanate from the PMCs' but not from CDF as it was in the latter addressed to DR. Alfred Mutua and copied to his office.

#### DVO

The officer reported that there is an outbreak of anthrax and vaccination campaign has been launched and requested the members to tell the locals. All the members agreed to sensitize and educate the public on the precautionary measures to avoid instances of the spread of the disease.

**PARLIAMENTARY QUESTION: NO.NA.10A/4/Q/2011/757**

Member of Parliament for Yatta (Hon. Charles Kilonzo) to ask the  
Minister for Lands:

**QUESTION**

- a) Could the Minister table the report by the probe committee conducted on 1989 to 1990 led by the then Deputy Provincial Commissioner, Calistus Akello, on the problem of squatters in Ndalani Location of Yatta District?
- b) Why has the Government failed to solve the problem of the squatters?
- c) What action is the Government taking to ensure that these squatters are not harassed and/or evicted by the "absence landlords"?

**ANSWER**

Mr. Speaker Sir I beg to reply,

- a) I hereby table the report by the probe Committee in respect of the problems of squatters in Ndalani Location of Yatta District.
- b) The recommendations of the probe committee have not been implemented due to disagreements between the local leadership and the Government on subdivision of the plots between the legal allottees and the squatters. The local leaders want the entire land left for squatters who have invaded the land by displacing the rightful allottees. The new generation squatters, who are now adults, are children of the

original beneficiaries. Plots that did not have disputes have been invaded by this new generation of squatters, hence perpetuating the squatter problem.

- c) Plot verification exercise is currently being undertaken by a team comprising of the District Settlers Selection Committee (DSSC) to establish the current grounds status. The ground report will be matched with the ministerial probe committee report to determine the current ground and record status.

The way forward will be informed by the findings and recommendations of the verification exercise which is expected to be completed by end of June 2011. In July, 2011, a leaders meeting will be convened to ratify the recommendations of the District Settlers Selection Committee which will then be forwarded to me for policy direction. Meanwhile, the status quo remains until the exercise is completed and its recommendations implemented.

### SUPPLEMENTARY INFORMATION: QUESTION NO.NA.10A/4/Q/2011/757

The schemes in Ndalani location Yatta District falls under "Haraka Settlement Scheme Programme". These schemes were established by the government about forty years ago to settle the deserving and needy cases. In 1988, a probe committee was constituted by the Ministry of Lands in conjunction with the Provincial Administration to resolve the long standing squatter disputes in the schemes. The schemes under the Haraka programme include the following:-

S/NO.	SCHEME NO.	SCHEME NAME	SIZE IN HA.	NO. OF PLOTS	DISTRICT	REMARKS
1	435	Ndalani phase I	1,643.0	512	Yatta District

### Findings of the Ministerial Plots Committee

- The ministerial plots committee established that one of the main causes of squatter problem in the Haraka settlement schemes is absent land owners who abandoned their plots due to reasons such as:

a) Drought and famine experienced between 1975 and 1976.

b) Diseases in the early 1970s which affected newcomers who were not resistant to climatic conditions of the area, e.g malaria.

c) Wild animals

d) Poor transport and communication means hence many plots were abandoned giving way to squatter invasion.

e) Other findings of the committee were on issues relating to:

- Double payments
- Double allocation
- Sale of plots (whole or part)
- Succession/ inheritance cases
- Boundary disputes
- Allottees who are hampered from entering into their plots either by squatters or local administration.

- Decision on each of the above cases was done on merit and is contained in the Ministerial Plot Committee report.

- Some allottees have shown willingness of coming back as many of the problems that existed have been reduced. Infrastructure has improved and this is creating tension between the allottees and the squatters.

- The committee recommended subdivision between the legal allottees and squatters and specified the acreage that each was to occupy. The information is documented in the Ministerial Plots Committee report.

the licence has expired. It receives a court order; it continues to let the airport operate and to show that it is operating, the documents I handed to him and which I laid on the table clearly show that even after the March letter by the aerodrome, this airport has been in use. The Prime Minister and several Ministers have been frequenting the airport. It is not their fault, but it is the fault of your department which is allowing it to operate when it has been asked to rectify several things. Are you waiting for an accident to happen or shall you enforce the court order and the directive of your own department?

**Mr. Ogari:** Mr. Speaker, Sir, as I said, we are aware that the airport is operating and the KCAA is carrying on with its mandate of safety, security and surveillance. We are aware that it is totally licensed. I saw the passenger manifest that she attached without regard to the names. But that is just to prove that the airport is operating.

**Mr. Speaker:** Order, Assistant Minister! This is a very simple position. The Member for Gichugu has tabled evidence here to show that there is a court order. She has also tabled a letter from your department saying that there is no licence issued. Surely, if that is the position and we all subscribe to the rule of law, why do you not undertake that when you get served with the order, you will comply? Please, confirm that!

**Mr. Ogari:** Mr. Speaker, Sir, I would like to confirm that once we get that court order, we shall comply.

**Mr. Speaker:** Very well! Next Question by Member for Keiyo South!

EVICION OF BERNARD MUOKI MAKAU  
FROM NDALANI PLOT

**Mr. C. Kilonzo** asked the Minister for Lands:-

(a) under what circumstances Mr. Bernard Muoki Makau, who has been in possession of Plot No. 364 of Phase 1 in Ndalani for 37 years was evicted from the plot; and,

(b) what steps he is taking to ensure that he regains the property.

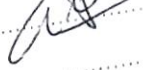

**The Assistant Minister for Lands (Mr. Rai):** Mr. Speaker, Sir, I beg to reply.

(a) I am aware that Bernard Muoki Makau was evicted from Plot No.37 in Ndalani Phase I Settlement Scheme following a court order dated 27<sup>th</sup> October 2008 in Civic Case No.224 of 2008.

(b) I am investigating the matter with a view to assisting Mr. Bernard Muoki Makau.

**Mr. C. Kilonzo:** Mr. Speaker, Sir, there are over 450 families in Ndalani Settlement Scheme who have been in occupation for over 40 years. Mr. Bernard Muoki is

I Certify that this is a true Copy

a son of a lady who passed on, and she had lived on that land for about 40 years. The previous governments; the Kenyatta Government and the Moi Government decided that it was not reasonable to give absentee landlords title deeds when there were people on the land. Why has the Government decided to give title deeds to absentee landlords who are now coming to evict these legitimate owners of the land who have been in occupation of the land for over 40 years?

**Mr. Rai:** Mr. Speaker, Sir, the fact of the matter is that, it is true that Mr. Bernard Muoki has actually been on that piece of land for over 37 years, but what actually happened to the extent that he was evicted, is a matter that I am investigating so that I get to know why he was evicted. By right, he ought not to have been evicted from that particular piece of land.

**Mr. Konchella:** Mr. Speaker, Sir, there are a lot of incidences like these all over the country. For example, in Kibera, the Nubi Community has lived there since 19<sup>th</sup> Century and they still do not own the land. They had to go to court to try and enforce their rights. The other week, there was an issue of a family in Mombasa which found that their title deed had been issued by the Government or whoever. Could the Assistant Minister, therefore, assure Kenyans that those Kenyans, like Mr. Makau, have a place to redress their issues so that they do not suffer, because when their parents die, other people come and take their title deeds? Could the Assistant Minister set up a department in his office where people like these can come and make their complaints and he can take care of their issues immediately?

**Mr. Rai:** Mr. Speaker, Sir, in some of these areas we have already actually set up some taskforces to look into these issues of the landless in various areas. This is one of the cases where, in fact, we have actually set up a Ministerial Plot Committee to investigate. Once I get a report, I can assure the hon. Member that Mr. Makau will be settled.

**Mr. Speaker:** Last question, Member for Yatta!

**Mr. C. Kilonzo:** Mr. Speaker, Sir, since the matter involves another 450 families, could the Assistant Minister consider cancelling those title deeds as the Ministry looks into the matter? This is the fourth family to be evicted.

**Mr. Rai:** Mr. Speaker, Sir, I had actually spoken to him and informed him that we are actually looking into this issue and various other issues which are still hostile and hot. I can assure the hon. Member that once that report is actually before me, Mr. Makau will be settled because he actually should not have been displaced from this particular land.

#### *Question No.736*

#### NON-PAYMENT OF DEBTS OWED TO M/S ISMAJ GARAGE TRANSPORTERS BY NWCPC

**Mr. Affey:** Mr. Speaker, Sir, I had an occasion to consult with the Minister and we agreed that since he is collecting some information, perhaps, he will be able to answer it tomorrow.

**Mr. Speaker:** Very well! I will defer the Question to tomorrow morning.

**Agenda 2/2/2012: Reading of Previous minutes of 6/6/2011.**

The minutes were read by the secretary and proposed by Councilor Gregory and seconded by Betty Mwangangi of Maendeleo ya Wanawake.

**Agenda 3/2/2012: Matters arising.**

**a). Record facts**

The District land Adjudication and settlement officer said the backbone of this meeting is based on agenda 3/6/2011 of the previous DSSC meeting and DDC of 1/7/2011 ratification minute No. 4/6/DDC/2011 with the following recommendations:

First, the District land Adjudication and settlement officer was requested to put a caveat, cautions, encumbrances in all the plots captured in the M.P.C report whether title deeds have been issued or not.

Secondly, the local provincial Administration to liaise with the Ministry of lands to put up intervening measures to those plots which have been issued title deeds and the owners are evicting the squatter, and to put all plans at hold until the government finds a lasting solution.

Thirdly, the implementation of M.P.C report should be done if it complies and matches with ground status Verification exercise conducted by the District Settlers' Selection committee. Any contradiction arising out of the two approaches, the latter takes precedence with prerequisite that all those people who are substantially settled physically on the ground either legal Allottee, squatter and / or joint, both must be prioritized as per the ground occupancy sketched.

Fourthly, incase of a legal Allottee who are not on the ground, they should be provided by alternative land by the S.F.T as a priority or be refunded their money paid to the Settlement Fund Trustee (SFT) altogether.

Fifthly, they advocated for Zero disturbances or disruptions of the family structures on these plots due to social economic implications of the exercise projected to have far reaching consequences of the affected population of approximately 3500 persons.

**b). Emerging Issues**

During the course of implementation, there are few issues which have come up and required intervention measures administratively by DLASO office and further ratification by this DSSC meeting as a technical recommending committee for completion of the work.

i). Deceased squatters. The ground status report captured original allottees and squatters in matters of how the families were settled on the ground to avoid distortion of record facts .However, in implementation for the signing part as a mandatory requirement, deceased squatters next of kin cannot trace a national identification number thus DLASO intervened and requested that the surviving family members consent in writing who should sign on their behalf in whole name or by just signing.

**Resolutions**

Members agreed to have the lists signed by the next of kin of the deceased land owners, but letter of offer to be processed in the deceased persons names. It was also agreed that the area chief should confirm to the settlement office the true next of kin of the deceased land owners/squatters, and the MPC report to remain as a reference document.

Members were opposed to sub division of land to family members on the ground, arguing that this would slow down the exercise. The land to be registered under one person, or in jointly.

ii). New invasions/passion to sell .There is new evidence that even where the legal allottee land was respected without a squatter, there are incidences of the current squatters neighboring these plots deliberately invaded/ sold to their next of kin and it is portending

**Resolutions**

Members agreed not to have the new invaders on board, and that all recent squatters' names be listed and be notified by DLASO that such occupancy is illegal.

iii). Several other legal Allottee have come up with title deeds so not all the squatters will be captured for documentation.

**Resolutions**

Members requested DLASO's office to identify vacant plots, after which the DSSC will recommend re-allocation of such land to those squatters who are on titled land.

It was also agreed that an inventory of all legal allottees on ground, all squatters who have bought land, legal squatters on titled land. Members recommended that these people be called and be guided on how to go about sub- division.

iv). Official search is a requirement included to ensure the documentation is not duplicated. The squatters will be allowed to sign for letters of offer to be issued but the letters of offer will be documented once the official search is produced to verify ownership.

### Resolutions

Members agreed that official searches on all squatter plots be obtained as a requirement for documentation to start.

v). Some squatters are reluctant to come and sign due to fear of the legal Allottee and other unknown factors. The DLASO has requested the local provincial administration and political leadership (stakeholders) to mobilize the squatters to sign by 28/02/2012.

### Resolutions

DLASO was requested to have a list of all the squatters who have not signed against their names given to the area chief for the squatters to sign by 2/3/2012.

vi). Others

Squatters not captured in the MPC report, and they are on ground.

### Resolutions.

Members also resolved that all such squatters to be listed for consideration of re-allocation on vacant land later.

### Implementation variables.

The DLASO brought the attention of the committee that below was implementable indicators as per the letter written to DLAS on 18/8/2011 ref. No. LA/MKS/26/VOL. VI/110

S/NO	Name of scheme	No. of plots free for documentation	No of plots for subdivision	No of plots wholly sold	No of plots for repossession	Total
1	Nzukini I	23	1	1	NIL	25
2	Nzukini II	68	30	21	8	119
3	Nzukini III	53	17	21	2	83
4	Nzukini IV	161	40	2	2	185
5	NDALANI I	123	27	18	NIL	159
6	NDALANI II	64	16	15	NIL	95
7	MAMBA	18	9	13	NIL	40
<b>TOTALS</b>		<b>510</b>	<b>133</b>	<b>90</b>	<b>12</b>	<b>745</b>

However, during implementation exercise coupled with emerging issues, the implementable indicators have been simplified into:

- i. **Plots free for documentation:** These are plots where the parties are on the ground and all plots whose owner is not original allottee are for repossession to the squatters/ new owners.
- ii. **Plots free for sub- division:** These are plots where various parties are on ground with known marked boundaries and they are recommended for sub division
- iii. **Plots free for transfer:** These are plots that have selling transactions.
- iv. **Plots with title deeds pending official searches:** These are plots which have preliminary indication that they have title deeds, and some have squatters.e.g Ndalani I/386:The squatters are Beth Kanini and Muhu Nzau Mutua but the title deed has been issued to Timothy Wambua Mumangi and Wambua Nzomo. Mamba 323 title deed issued to George Musembi Maveke , but there is an identified squatter. Mamba plot No. 300, Peter Mwangangi was a squatter and purchased it from the legal allottee.
