KEY COMMISSION INFORMATION AND MANAGEMENT

1. Background information

The Independent Electoral and Boundaries Commission (IEBC) is established by Articles 88 and 248 of the Constitution of Kenya 2010. The Articles set out the mandate of the Commission. The Commission is responsible for conducting and supervising referenda and elections for any elective body or office established by the Constitution and any other elections as prescribed by an Act of Parliament.

2. General Information

The Independent Electoral and Boundaries Commission is established under Article 88 of the Constitution of Kenya, 2010 and is a legal entity. It is operationalized through IEBC Act 2011.

The IEBC Act provides that the funds of the Commission are held in a fund known as the Independent Electoral and Boundaries Commission Fund. The fund has not been operationalized.

The financial year of the Commission is a period of twelve months ending on 30th June each year.

The Commission is mandated to submit its Annual Financial Statements to the Auditor-General and a copy of the statement to the Controller of Budget, the National Treasury and the Commission on Revenue Allocation within the statutory timelines as stipulated in Section 81 of the Public Finance Management Act, 2012. The Act requires the financial reports to be submitted by 30th September each year to The National Treasury, Controller of Budget and the Office of the Auditor General.

3. Key Management

CORPORATE GOVERNANCE STATEMENT

The Commission is accountable to the public and stakeholders through Parliament for ensuring that it complies with the highest standards of corporate governance and operational ethics. The Commission has embraced corporate governance by promoting the right corporate culture and values.

The Commission exercises reasonable care to ensure that the management of the Commission is carried out in the best interest of the citizens of Kenya. The overall management of the Commission is the responsibility of the Commissioners.

The Commission recognizes the need to conduct its affairs with integrity and in accordance with generally accepted corporate practices and internationally developed principles of corporate governance.

The Commission

The size, composition and appointment of the Commission is prescribed by Article 250 of the Constitution and by the IEBC Act 2011. There were three Commissioners who worked on a full time basis during the year under review. Each member was appointed to serve for a single term of six years.

The Commission is well composed in terms of range and diversity of skills, knowledge, age and experience in various sectors which makes it effective and provides an appropriate skills balance for the oversight of the Commission's mandate.

The Commission Committees and their Responsibilities

The Commission delegates certain functions to committees without abdicating its own responsibilities. The Commission has developed a committee structure that assists in the execution of its duties, powers and authorities. The Committees are appropriately constituted drawing membership from amongst the Commissioners with the appropriate set of skills and experience and directors co-opted from various directorates.

The Commission has in place an independent Audit Committee that is chaired by a non-executive member. It also has two independent audit committee members, from the National Treasury and Ministry of ICT, and one Commissioner.

The Audit, Risk and Compliance Committee oversees the internal audit activity charged with the responsibility of continuous review and providing assurance on effectiveness of the Commission's Governance, Risk and Control.

The Commission has the following committees;

Committee	Responsibility
Finance and Procurement	Procurement and Finance Oversight.
Audit, Risk and Compliance	Advisory on Governance, Risk and Compliance.
Human Resources, Training and Administration	Advisory and oversight on Human Resource functions.
Elections, Technical and Operations	Oversight on Election Planning and Implementation.
Boundaries Delimitation	Oversight on Boundaries Review and delimitation.
Legal Reforms, Enforcement of Code of Conduct and Compliance	Legal Oversight and Compliance.
ICT, Research and Development	Advisory on use of Technology in Elections.
Political Parties Liaison and Campaign Finance Control	Advisory on Engagement with Political Party and Campaign Financing.
Voter Education, Partnerships and Media	Voter Education, Partnership and Collaboration advisory.
Dispute Resolutions	Resolve Disputes on Party Primaries.

Impartiality and Independence of Members

Every member of the Commission and employee shall perform their functions impartially and independently without influence from any person, authority or organization.

Disclosure of Conflict of Interests

If a member of the Commission or an employee is directly or indirectly interested in any matter before the Commission and is present at any meeting of the Commission at which the matter is the subject of consideration, he/she shall as soon as practicable disclose the fact and shall not take part in the consideration or discussion of, or vote on, any questions with respect to the matter or be counted in the quorum of the meeting during consideration of the matter.

A member or employee whose personal interest conflicts with their official duties shall in writing, declare as soon as practicable the personal interests to their supervisor or other appropriate person or body and comply with any directives given to avoid the conflict and refrain from participating in any deliberations with respect to the matter.

MANAGEMENT DISCUSSION AND ANALYSIS

Operational and Financial Performance

During the period under review, the Commission successfully conducted; Migori senatorial by-election, three (4) parliamentary by-elections i.e Embakasi South, Ugenya, Baringo South Constituency, Wajir West and three (3) County of Assembly Ward by elections i.e Lelan Ward, North Kadem Ward, Sakwa Central Ward and Bobasi Chache Ward by-elections which realized an average of 49.3% voter turnout and launched the post-election evaluation report.

Post-Election Evaluation is part of the electoral cycle and is in line with the best electoral management practices. Such evaluation is useful in identifying strengths and weaknesses, as well as successes and failures not only in the organization of the elections, but also in the Commission's administrative operations and our linkages with stakeholders.

The results of the evaluation will inform operational and legal electoral reforms and plans for future elections starting the 2022 General Elections. It will also inform the formulation of the Commission's next 5-year Strategic Plan that covers 2018-2022 electoral cycle. The internal PEE activities are being finalized and the Commission is at the stage of engaging external stakeholders.

The Commission undertook the preliminary processes for the Second Review of Boundary Delimitation.

The Commission however faced liquidity and financial constraints which resulted into inability to settle all the 2017 General elections pending bills. As at the end of the year, pending bills amounting Ksh. 4.3billion remained unpaid.

Compliance with Statutory Requirements

The Commission being a creation of the law respects the rule of law. The Commission complied with its tax obligations and all its statutory obligations in the implementation of its mandate.

Key Projects and Investment

The Commission had planned to construct its own building to house its head office to enhance security and efficiency in its operations. However, the project was not funded during the year under review. The commission will continue to pursue funding to implement the project since the Commission offices are currently located in a rented building which is not conducive for its operations due to congestions, uncontrolled movement in and out of the offices and disruptions to the business enterprises during heightened political activities.

Further, the Commission commenced the procurement of the constructing five (5) county warehouses to standardize and reduce the cost of renting such a critical facility.

Risk Management Activities

The Commission has put in place a risk management framework for risk identification and mitigation. Further, it has embedded risk management in all its planning, execution, evaluation and business continuity arrangements.

Some of the key risks facing the Commission include:

- **Strategic Risks:** These are risks that affect the ability to carry out the long term goals and objectives as articulated in the IEBC Policy.
- **Compliance Risks:** These are risks associated with non-compliance with applicable laws and regulations which could result in litigation and conflicts of interest.
- **Political Risks:** This is a major risk factor affecting staff performance and safety. These risks could also be attributed to political perception of major political parties on the Commission's role.
- **Reputational Risks:** The risk of significant negative public opinion and or perception that results in a critical loss of confidence in the institution.
- **Financial Risks:** The risk of financial loss that may include ineffectiveness of internal controls, financial processes for reporting, budgeting, and fiscal stewardship as well as the monitoring of full financial and performance reporting. These risks may also affect the ability to acquire assets, technology, etc.
- **Technological Risks:** This a possibility of failure of technology employed by the Commission in the conduct of elections and rapid technological change resulting to obsolescence.
- **Operational Risks:** The risk of direct or indirect loss or inability to provide core services, especially to stakeholders, resulting from inadequate or failed internal processes, resources (including human resources, equipment malfunction), and systems.

Statutory and Financial Obligations

During the year under review, the Commissions' **internal audit department** validated and verified pending bills amounting to Kshs 3.7 billion as per the guidelines from the National Treasury. The pending bills arose from election operations and petitions in the 2017/2018 financial year. However, the Commission received Kshs. 500m from the National Treasury which was used to defray part of the pending bills. By the close of the financial year, the outstanding pending bills amounted to Kshs. 4.3billion.

Financial Probity and Governance

The Commission incurred actual expenditure amounting to Kshs 4.6 Billion as at the end of the of 2018/2019 financial year.

To obtain assurance on compliance and prudence in the management of the election finances, the Commission has collaborated with the relevant statutory oversight bodies and continues to undertake internal financial reviews whose outcome enables the Commission to strengthen its operational and financial systems.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

The theme of the Commission CSR policy, “**connecting with the voter**” guides its CSR initiatives. The initiatives are geared towards promoting positive attitude, Social and perceptual change towards the Commission in order to realize its constitutional mandate.

During the period under review, the Commission undertook continuous voter and civic education, visited prisons and undertook planning in various counties and constituencies.

The Commission has continued to organize and support the conduct of school student council elections in primary, secondary and tertiary institutions as a way of giving back to society as well as nurturing the young minds to uphold democratic tenets at young levels and embrace the democratically elected leadership.

REPORT OF THE CEO/COMMISSION SECRETARY

The Public Finance Management Act, 2012, requires the Accounting Officer to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the Commission as at the end of each financial year and of its operating results. It also requires the Accounting Officer to ensure that the Commission maintains proper accounting records that disclose, with reasonable accuracy at any time, the financial position of the Commission. The Accounting Officer is also responsible for safeguarding the Commission's assets.

The Accounting Officer is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (IPSAS) and in a form that complies with the standards prescribed by the Public Sector Accounting Standards Board (PSASB). This responsibility includes: designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, safeguarding the assets, selecting and applying appropriate accounting policies, and making accounting estimates that are reasonable in the circumstances.

The Accounting Officer accepts responsibility for the annual financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012. The Accounting Officer is of the opinion that the financial statements give a true and fair view of the state of financial affairs of the Commission and of its financial position. The Accounting Officer further accept responsibility for the maintenance of accounting records that may be relied upon in the preparation of financial statements, as well as adequate systems of internal financial control.

Nothing has come to the attention of the Accounting Officer to indicate that the Commission will not remain a going concern for at least the next twelve months from the date of this statement.

Marjan Hussein Marjan

Ag. Commission Secretary/CEO

REPORT OF THE CHAIRPERSON

It gives me great pleasure to present the Commission's annual financial statements for the year ended 30th June 2019.

During the period under review, National Treasury allocated to the Commission Kshs. 4.9 billion under the recurrent vote while the Commission incurred total expenditure of Kshs. 4.6 billion. In addition, the Commission collected Kshs. 1.4 million in form of Appropriation in Aid (AIA). These funds were applied to fund various operational activities of the Commission.

It is noteworthy that the Commission, inter alia, successfully conducted nine by-elections, launched the Post-Election Evaluation Report, carried out the Annual Voter Education Week (AVEW) exercise, developed guidelines to superintend various proposed Referendum Initiatives, reviewed electoral laws reforms through developing proposed amendments to be enacted by the National Assembly and reviewed the Commissions policies and procedures relating to Human Resource, Risk, Finance, Procurement and ICT.

The abovementioned successes do not diminish the need for sufficient monetary allocation by Treasury to fund the core mandate of the Commission and settle pending bills which continue to attract interest for non-payment.

In Conclusion, I applaud the Members and Staff of the IEBC as well as all partners and stakeholders for their support towards fulfilling Commission's mandate as enshrined in the Constitution of Kenya 2010.

REPORT OF THE AUDITOR-GENERAL ON INDEPENDENT ELECTORAL AND BOUNDARIES COMMISSION FOR THE YEAR ENDED 30 JUNE, 2019

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Independent Electoral and Boundaries Commission set out on pages 18 to 45, which comprise the statement of financial position as at 30 June, 2019, and the statement of financial performance, statement of changes in net assets, statement of cash flows and combined budget execution statement for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the Independent Electoral and Boundaries Commission as at 30 June, 2019, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Public Finance Management Act, 2012.

Basis for Qualified Opinion

1. Property, Plant and Equipment

The statement of financial position reflects a balance of Kshs.3,163,667,000 for property, plant and equipment, which as disclosed under Note 17 to the financial statements includes a balance of Kshs.116,424,000 for buildings. However, the value of forty-one constituency office block buildings has not been included in the amount disclosed in the financial statements. In addition, as disclosed under Note 17, the Commission is yet to obtain ownership documents for several parcels of land allocated to it by the National and County Governments, and whose values have similarly not been disclosed in the financial statements.

Further, during the year under review, the Commission did not maintain a comprehensive register of land and buildings indicating registration number of each parcel of land or building and the terms under which it was held with reference to;

conveyance, address, area, date of acquisition, disposal or major change in use, capital expenditure, lease hold terms, maintenance contracts and other pertinent management details as required under Regulation 143(2) of Public Finance Management (National Government) Regulations, 2015.

In the circumstances, it has not been possible to ascertain the accuracy and completeness of the balance of Kshs.3,163,667,000 for property, plant and equipment included in the financial statements as at 30 June, 2019.

2. Inventories

The Commission held significant quantities of strategic and non-strategic election materials in various stores and warehouses located at its county and constituency offices across the country. However, the value of these inventories was not determined and disclosed in the financial statements. Consequently, the Commission did not bring to account a significant value of inventories that should have been reflected in the Statement of Financial Position as at 30 June, 2019.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Independent Electoral and Boundaries Commission in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Emphasis of Matter

Contingent Liability

I wish to draw attention to Note 27 to the financial statements under which the Commission has disclosed that it was a defendant or co-defendant in various election petition litigations and claims. According to the Commission, the outcome of these litigations and claims were yet to be determined as of 30 June, 2019. The Commission, consequently, did not factor in possible future obligations relating to legal fees on the pending court cases and claims in the financial statements for the year ended 30 June, 2019.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matter

Account Payables

The statement of financial position reflects a balance of Kshs.4,334,280,000 against pending bills as at 30 June, 2019 (2018 - Kshs.4,429,917,000). The Commission has

explained that accumulation of the pending bills was due to failure by the National Treasury to release funds from the Exchequer for payments of the same. However, failure to settle bills during the year to which they relate distorts the financial statements for the year, and adversely affects the provisions for the subsequent year to which they have to be charged.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

Uncollected Revenue

Disclosed in Note 26 to the financial statements are contingent assets amounting to Kshs.59,854,000 (taxed costs) and Kshs.205,060,000 (capped costs), being court awarded costs relating to 2017 general election petitions. No satisfactory explanation has been provided for failure to collect promptly the taxed costs and for the delay in taxation of the capped costs.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether processes and systems of internal control, risk management and overall governance

were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the ability of Independent Electoral and Boundaries Commission to sustain services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to dissolve the Commission or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the financial reporting process, reviewing the effectiveness of how the entity monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1) (a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Commission to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report

to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Commission to cease sustaining its services.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Commission to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 30th June 2019

1. Statement of compliance and basis of preparation – IPSAS 1

The Commission's financial statements have been prepared in accordance with and comply with the International Public Sector Accounting Standards (IPSAS). The financial statements are presented in Kenya shillings, which is the functional and reporting currency of the Commission and all values are rounded to the nearest thousand (Kshs 000) which may in some cases make the added decimal balances to vary. The accounting policies have been consistently applied in all the years presented.

The financial statements have been prepared on the basis of historical cost, unless where stated otherwise. The cash flow statement is prepared using the indirect method. The financial statements are prepared on accrual basis.

2. Summary of significant accounting policies:

a) Revenue Recognition - Revenue from Non-Exchange Transactions (Fees, Charges and Fines) – IPSAS 23

The Commission recognizes revenues from nomination fees and fines when the event occurs and the asset recognition criteria are met. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, deferred income is recognized instead of revenue. Other non-exchange revenues are recognized when it is probable that future economic benefits or service potential associated with the asset will flow to the Commission and the fair value of the asset can be measured reliably.

Transfers from Other Government Entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the Commission and can be measured reliably.

Interest Income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

b) Budget Information – IPSAS 24

The annual budget is prepared and presented in a single statement to determine the needs of the Commission. The Commission has adopted the standard which requires budget information to be presented in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 30th June 2019

c) Taxes – IAS 12

Income tax

Income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the area where the Commission operates and generates taxable income.

Current income tax relating to items recognized directly in net assets is recognized in net assets and not in the statement of Financial Performance. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

d) Property, Plant and Equipment – IPSAS 17

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the Commission recognizes such parts as individual assets with specific useful lives and depreciates them accordingly.

Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

The depreciation rates are 30% for Computers, 25% for motor vehicles, 12.5% for office equipment, 12.5% for furniture and fittings and buildings at 2.5% on reducing balance basis.

e) Intangible Assets – IPSAS 31

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange.

Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred.

The useful life of the intangible assets is assessed as either finite or indefinite.

The amortization rate for intangible assets of the Commission is 30% on reducing balance basis.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 30th June 2019

f) Research and Development costs

The Commission expenses research costs as incurred. Development costs on an individual project are recognized as intangible assets when the Commission can demonstrate:

- The technical feasibility of completing the asset so that the asset will be available for use or sale
- Its intention to complete and its ability to use or sell the asset
- How the asset will generate future economic benefits or service potential
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

Following initial recognition of an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized over the period of expected future benefit. During the period of development, the asset is tested for impairment annually with any impairment losses recognized immediately in surplus or deficit.

g) Provisions – IPSAS 19

Provisions are recognized when the Commission has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Where the Commission expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain.

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

i. Contingent Liabilities

The Commission does not recognize a contingent liability, but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

ii. Contingent Assets

The Commission does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Commission in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 30th June 2019

will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

h) Nature and Purpose of Reserves

The Commission creates and maintains reserves in terms of specific requirements. Commission to state the reserves maintained and appropriate policies adopted.

i) Changes in Accounting Policies and Estimates – IPSAS 3

The Commission recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

j) Employee Benefits – IPSAS 25

Retirement Benefit plans

The Commission provides retirement benefits for its full-time employees. It operates a defined contribution plan which is a post-employment benefit plan under which the Commission pays fixed contributions into a separate Commission (fund), and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable. The Scheme is administered by ICEA Lions Asset Management Ltd.

k) Foreign Currency Transactions – IPSAS 4

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

l) Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

m) Comparative Figures

Comparative figures for the year have been provided.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 30th June 2019

n) Significant Judgments and Sources of Estimation Uncertainty – IPSAS 1

The preparation of the Commission's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

i. Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Commission based its assumptions and estimates on parameters available when the financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Commission. Such changes are reflected in the assumptions when they occur. (IPSAS 1.140)

ii. Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Commission
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- The nature of the processes in which the asset is deployed
- Availability of funding to replace the asset
- Changes in the market in relation to the asset

o) Subsequent events – IPSAS 14

There were non-adjusting events, matters or circumstances that arose subsequent to the end of the financial year that may not materially affect the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 30th June 2019

3. Exchequer issues

	2018/2019	2017/2018

Foreign travel & subsistence	24,743	117,285
Gratuity	-	17,571
Total	2,637,907	10,742,461

The employee costs decreased from Kshs. 10.7 billion to Kshs. 2.64 billion. This change is attributable to 2017 general election salaries and wages for poll officials that was incurred in the 2017/2018 financial year.

Salaries and wages of contractual employees include salaries and wages to poll officials and Punguza Mizigo Initiative verification clerks engaged during the period under review.

8. Gratuity expense

The Commission operates an unfunded gratuity scheme for all its contracted employees. The amount paid in the year and provision for gratuities payable are as per the table below:

	2018/2019	2017/2018
	Shs 000	Shs 000
Accrued gratuities payable in the year	10,756	-

Witness expenses	-	234
Parking charges	12,000	5,652
Payment of duty & taxes	51,844	-
Total	452,653	2,767,558

The operating expenses decreased from Kshs. 2.8 billion to Kshs. 0.5 billion. The significant reduction is attributed to the 2017 general election legal fees that were accrued in the 2017/2018 financial year.

A significant amount of those accrued legal fees had not been settled as at the end of 2018/2019 financial year.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 30th June 2019

12. General expenses

The following items have been factored as general expenses:

	2018/2019	2017/2018

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 30th June 2019

22. Related party transactions

Entities and other parties related to the entity include those parties who have abilities to exercise control or exercise significant influence over its operating and financial decisions. Related parties include management personnel, their associates and close family members. The Government of Kenya is the principal financier to the Commission's activities by way of exchequer releases.

During the period under review, the Commission had significant transactions detailed as follow:

	2018/2019	2017/2018
	Shs 000	Shs 000
Commissioners' allowances	-	-
Salary advances to staff at zero interest rate	2,001	387
Exchequer funds returned to National Treasury	962,006	263
Total	964,007	650

The IEBC Commissioners work on full time basis and their salaries and other allowances are paid by the National Treasury.

23. Disclosure on prior year adjustments

During the 2018/2019 financial year, the Commission adjusted the buildings values to incorporate depreciation rate at a rate of 2.5% on a reducing balance basis.

The adjustments made are as described below:

23.1 Prior Year adjustment on Buildings

	2018/2019	2017/2018
	Shs 000	Shs 000
Buildings balances b/f as previously reported	132,806	132,806
Adjustments:		
Adjustment for the reduction in the value of buildings as a result of depreciation effected but had been omitted in the prior year(s).*	(13,396)	-
Buildings balances b/f as adjusted	119,410	132,806

* The contra entry has been processed through accumulated surplus/ (deficit) balance and the buildings book values as at 1st July, 2018.

This prior adjustment has reduced the buildings' book values and increased the reported negative financial position status.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 30th June 2019

23.2 Prior Year adjustment on gratuities payable:

	2018/2019	2017/2018
	Shs 000	Shs 000
Gratuities payable b/f as previously reported	-	-
Adjustments:		
Adjustment for gratuities expenditure incurred but not provided for in the prior year(s).*	24,152	-
Gratuities payable b/f as adjusted	24,152	-

This prior adjustment has increase the Commission's liabilities i.e gratuity payables and increased the reported negative financial position status.

24. IEBC Staff Car Loan and Mortgage Scheme

In the 2018/2019 financial year, the Commission prepared a separate IEBC Staff Car Loan and Mortgage financial statements unlike in the 2017/2018 financial year.

25. Budget information & other disclosures

The original budget for 2018/2019 financial year was approved by the National Assembly on June 2018. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the entity upon receiving the respective approvals in order to conclude the final budget. Accordingly, the entity recorded additional appropriations of Kshs.506 million on the 2018/2019 financial year budget to cater for pending bills.

The Commission's budget execution statement is prepared on a cash basis and is informed by the actual income and expenditure as reflected in the IFMIS system. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the cash basis to the accrual basis. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

During the year under review, the Commission was allocated a total budget of Kshs 4.9 billion to fund the management of electoral processes and delimitation of electoral boundaries in the 2018/2019 financial year.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 30th June 2019

The material variances in the budget execution statement can be explained as follows:

a) AIA collection stood at 32%:-

Appropriation in aid earned by the Commission was mainly from nomination fees and fines paid by election candidates in the by-elections. The amounts of appropriation-in-aid (AIA) receivable is largely dependent on the number and type of by-elections held.

b) Social benefits expenditure stood at 36%:-

Some of the contractual staff contracts are expected to expire in the course of the next (2019/2020) financial year. A provision for gratuity has been provided in the period under review.

c) Acquisition of Fixed Assets was low at 26%:-

This was due to procurement planning and execution challenges.

d) Routine Maintenance under delimitation of electoral boundaries was low at 28%:-

The boundary delimitation funds were reallocated to cater for the unplanned by-elections as advised the National Treasury due to budgetary constraints/tight fiscal policy.

26. Contingent assets

IPSAS 19 prescribes the accounting treatment for provisions, contingent liabilities and contingent assets and defines their identification and recognition.

During the prior year, the Commission was awarded costs amounting to Kshs.59.854 million (taxed costs) and Kshs. 205.060 million (capped costs). However, collection of capped costs will require taxation before determination of actual amount collectable. Further, some petitions were filed by indigent litigants acting as surrogates for politicians out to cushion themselves against award of costs. This makes the awards qualify as contingent assets.

27. Contingent liabilities

The Commission has been sued in various cases with the potential exposure of Kshs. 157.351 million to pay various general election pending bills which have not been validated by the National Treasury's internal audit department or have pending court cases.

A civil suit No. 352 of 2014 between Royal Media Services Ltd vs IEBC and three others on non-payment of a bill amounting Kshs. 182 million was dismissed with costs at Milimani Commercial & Tax Division High Court in 5th April, 2019. The ruling has significantly reduced the amount of contingent liabilities to Kshs.157.35 million.

The Commission is a defendant or co-defendant in various election petition litigations and claims. The outcomes of these litigations and claims are yet to be determined. The Commission has not factored in possible future obligations relating to legal fees on pending court cases and bills owed to suppliers in these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 30th June 2019

28. Employee benefits- Defined Contribution Scheme

IPSAS 25 prescribes the accounting and disclosure requirements for employee benefits and establishes the matching principle that the cost of the employee benefits should be recognized in the period in which the employee provides the services to the entity and not when they are paid or become payable.

The Commission runs a defined contribution pension scheme. The assets of the scheme are held in a separate trustee administered fund, which is funded by contributions from both the Commission as the employer at 15% and employees at 7.5% of basic salary. The scheme is currently managed by ICEA Lion Asset Management.

The Commission's contributions to the above scheme are charged to the income and expenditure account in the period to which they relate.

The last audited fund financial position is as reflected below:

IEBC Defined Contribution Scheme	2018/2019	2017/2018
	Shs 000	Shs 000
Balance at beginning of the year	1,897,769	1,524,750
Contribution during the year	264,251	232,835
Benefits payable to seceding members	(102,809)	(29,427)
Net returns on investments	159,310	173,585
Administrative expenses	(7,774)	(3,974)
Total	2,210,747	1,897,769

Under the terms of their appointment, ICEA LION Asset managers (Kenya) Limited are responsible for the investment of the scheme's funds. However, the overall responsibility and performance lies with the trustees.

29. Number of employees

The average number of permanent and pensionable employees for the Commission as at 30th June, 2019 stood at eight hundred and seventy six (876).

	2018/2019	2017/2018
Permanent and pensionable employees	876	893
Total	876	893

The Commission however engages contractual staff on a need basis.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 30th June 2019

30. Entity tax status

The Commission is a government agency, fully funded by the government and is therefore tax exempt. The Commission pays taxes as per the regulations.

31. Subsequent events

The Commission is not aware of any matter or circumstances arising after the end of the financial year, not otherwise dealt with in the financial statements, which would significantly affect the financial position and the results of its operations as laid out in these financial statements.
