3. Foreword By the CECM Finance and Economic Planning

It is my pleasure to present the Annual Financial Statements for Mombasa County Revenue Fund for the fiscal year ended 30th June 2024. These financial statements have been prepared in strict adherence to the provisions stipulated in the Public Financial Management Act of 2012, section 167 and Article 207 of the Kenyan constitution 2010. This legal requirement mandates the County Treasury to compile annual financial reports at the conclusion of each fiscal year. These financial statements serve as a comprehensive representation of Mombasa County Government's financial performance throughout the past year.

The purpose of the County Revenue Fund as envisioned by the Kenyan constitution Article 207 and section 109 of the PFM Act of 2012 is to receive all monies raised or received by or on behalf of the county government. The Laws of Kenya tasks the responsibility of administering the CRF on behalf of the County Government to the County Treasury of the executive arm of the County Government.

The County Revenue Fund held at the Central Bank of Kenya being a critical fund for the county government as it holds the resources required by county executive and the assembly to discharge their mandate to its citizens. Funds withdrawn are in accordance with the county Appropriation Act and approval by the Controller of Budget.

Financing of the County Governments

The financial resources of the Mombasa County Government are derived from multiple avenues, including:

- **Equitable Share from National Government:** Mombasa County receives a portion of its funding through the equitable share allocation from the National Government. This allocation is determined annually under the County Allocation of Revenue Act (CARA) in accordance with Article 202 of the Constitution of Kenya. The specific allocation formula is developed by the Commission on Revenue Allocation and subsequently endorsed by Parliament as per Article 217 of the Constitution.
- **Conditional Grants from Donors and Development Partners:** The County Government also benefits from conditional grants provided by various donors and development partners. These funds are designated for specific projects and initiatives, further contributing to the County's financial resources.
- **Own Source Revenue:** Mombasa County actively pursues strategies to boost its own source revenue collection by embracing new technological advancements and actively training revenue officers on revenue enhancement.

*Receiver Of Revenue
County Government Of Mombasa
Revenue Statements for the Period Ended 30th June 2024*

Local revenue generation in Mombasa County encompasses various streams, with key sources including:

- *Single Business Permits*: Revenue generated from issuing permits to businesses operating within the County.
- *Parking Fees*: Income generated from parking fees collected within the County.
- *Market Fees*: Revenue derived from fees levied on vendors and traders in local markets.
- *Cess*: Funds collected through cess payments, often related to specific activities or services.
- *Sand & Gravel*: Income generated from sand-related activities within the County.
- *Land Rates*: Revenue collected from property owners based on the value of their land.
- *Development Plan Approvals*: Fees associated with the approval of development plans and permits.
- *Advertising Fees*: Funds acquired through charges for advertising within the County.
- *Various Other Administrative Charges*: Additional revenue streams that result from administrative fees and charges.

Mombasa County continues to explore innovative strategies to enhance its local revenue collections, demonstrating a commitment to financial sustainability and efficient resource utilization. These efforts are aligned with the County's dedication to meet the changing needs of its residents and embrace advancements in technology and service delivery

These measures have paid dividend, since inception of Devolution, own source revenue has continued to increase each year as highlighted below:

Own Source Revenue Collection

Figure 1: Mombasa County revenue sources in FY 2023/2024

FINANCIAL PERFORMANCE

Budget Performance Against Actual Amounts

a) Revenue

For the fiscal year ending on 30th June 2024, Mombasa County anticipated total revenues amounting to KShs 15,990,000,000. This sum can be further broken down into two primary categories: KShs 5,856,356,997 generated from Own Source Revenue and KShs 10,133,643,003 sourced externally, encompassing County Allocation received through the Exchequer and donor funds.

A graphical representation of the revenue budget is as shown below:

Figure 2: Mombasa County revenue sources FY 2023/2024

Receiver Of Revenue
County Government Of Mombasa
Revenue Statements for the Period Ended 30th June 2024

County Allocation of Revenue Act (CARA) funds continue to constitute the most substantial portion of our revenue budget, contributing 63% to our overall budget. Meanwhile, revenues generated internally account for the remaining 37% of our budget. Out of the projected revenue, Mombasa County successfully achieved Kshs 13,419,048,423.65 in actual revenues, representing a 84% performance level. This success was driven by 92% realization of the County Allocation through the Exchequer and an 76% achievement in terms of our self-generated revenues.

The table below shows an analysis of revenue performance during the year ended 30th June 2024.

Revenue Classification	Revenue Budget (KShs)	Actual (KShs)	Realisation (%)
Exchequer releases	7,861,523,820	7,232,601,918.00	92%
Transfers from other government agencies	1,661,315,449	1,105,702,211.15	67%
Own Source Revenue	5,856,356,997	4,463,397,995	76%
Balance b/f FY 2022/2023	610,803,734	617,346,299.50	101%
Total	15,990,000,000	13,419,048,423.65	84%

Table 1: Revenue performance in FY 2023/2024

From the total of Kshs 4,463,397,995 realized from our internally generated revenue sources, an amount of Kshs 3,353,113,041.45 was disbursed to the County Revenue Fund (CRF) Account. Additionally, Kshs 1,102,769,118.25 was collected by Coast Province General Hospital Facility Improvement Fund (FIF) in accordance with the stipulations outlined in Section 40 (2) of the Mombasa County Health Act of 2018. This provision mandates that the funds, specifically the revenues, collected by the health facility are to be disbursed into the FIF account.

b) Transfers

In the year under review, the County Government of Mombasa made transfer payments of KShs 10,994,217,107.00 and KShs 950,807,393.00 to County Executive and County Assembly respectively.

	Period ended June 2024	Comparative period
	Kshs.	Kshs.
Recurrent Account	8,871,471,775.00	8,689,273,398.00
Development Account	1,503,007,866.00	826,652,503.00
Special purpose Accounts	619,737,466.00	637,134,375.00
Others (<i>Specify</i>)	0	0
Total	10,994,217,107.00	10,153,060,276.00

Table 2: Transfers to County Executive

I would like to express my gratitude at this moment to H.E. the Governor and the Deputy Governor for their invaluable support. I also extend my appreciation to my fellow colleagues, the County Executive

*Receiver Of Revenue
County Government Of Mombasa

Committee Members responsible for various departments. We have collaboratively worked towards fulfilling Mombasa County's mission.

I extend my thanks to all the staff in the Department of Finance and Economic Planning, with special recognition for the Revenue Directorate. Despite numerous challenges, they have consistently demonstrated unwavering commitment and dedication, diligently fulfilling their responsibilities for the betterment of the people of Mombasa County.

.....
**CECM Finance and Economic Planning
County Government of Mombasa**

4. Management Discussion and Analysis

The County Revenue Fund is treated as an entity itself for the purpose of preparing its report and financial statements. The funding sources for the County Government are derived from three primary channels: the Equitable share received from the National Government, Conditional grants provided by Donors and Development Partners, and internally generated Source Revenue collected from a diverse range of revenue streams. The Constitutional framework, as articulated in Article 202 of the Kenyan Constitution, mandates the equitable distribution of revenue generated at the national level between the National Government and County Governments.

Withdrawals from this account for the purpose of expenditure are done through the office of the controller of budget which is aimed at ensuring that all expenditures are within the county budget.

FINANCIAL PERFORMANCE

Own Source Revenue Performance

The County was able to record its highest ever own source revenue collection in the financial year under review and achieved through new and innovative ways such as:

- Automation of revenue collection system
- Sealing revenue leakages

These measures have paid dividend, since inception of the County, own source revenue has continued to increase each year as highlighted below:

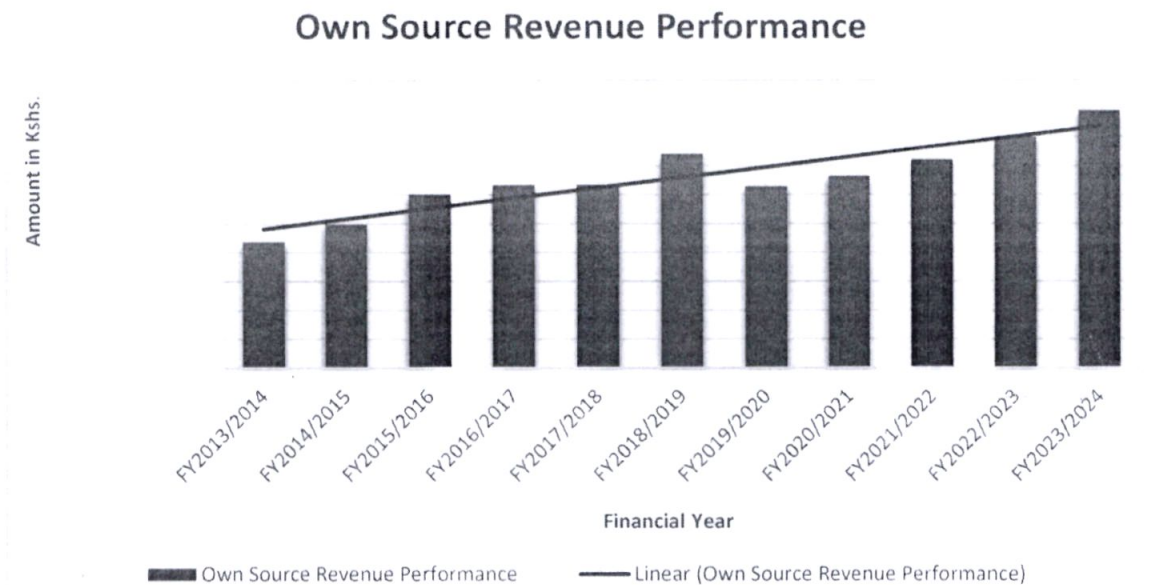

Figure 3: Mombasa County Own source revenue trend

5. Statement of Receiver of Revenue's responsibilities

Section 165 (1) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, a receiver of revenue for a county government shall prepare an account in respect of the revenue collected, received and recovered by the receiver during that financial year.

The Receiver of Revenue is responsible for the preparation and presentation of the *receiver of revenue account*, which gives a true and fair view of the state of affairs of the *receiver of revenue* for and as at the end of the financial year (period) ended on June 30, 2024. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period, (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the statement of assets and liabilities of the entity, (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud, (iv) safeguarding the assets of the entity, (v) selecting and applying appropriate accounting policies, and (vi) making accounting estimates that are reasonable in the circumstances.

The Receiver of Revenue in charge accepts responsibility for the *entity's receiver of revenue* accounts, which have been prepared on the Cash Basis method of financial reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS) and relevant legal framework of the Government of Kenya. The Receiver of Revenue is of the opinion that the *entity's receiver of revenue* account gives a true and fair view of the state of *entity's receiver of revenue* transactions during the financial year ended June 30, 2024, and of the *entity's* statement of assets and liabilities as at that date. The Receiver of Revenue further confirms the completeness of the accounting records maintained, which have been relied upon in the preparation of the *receiver of revenue account* as well as the adequacy of the systems of internal financial control.

The Receiver of Revenue confirms that the *entity* has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable). The Receiver of Revenue confirms that the revenue statements have been prepared in a form that complies with relevant accounting standards as prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the Revenue Statements

The *revenue* statements were approved and signed by the Receiver of Revenue on 13/1/2024

REPORT OF THE AUDITOR-GENERAL ON RECEIVER OF REVENUE - COUNTY GOVERNMENT OF MOMBASA FOR THE YEAR ENDED 30 JUNE, 2024

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements;
- B. Report on Lawfulness and Effectiveness in the Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose; and,
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, risk management environment and internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

A Qualified Opinion is issued when the Auditor-General concludes that, except for material misstatements noted, the financial statements are fairly presented in accordance with the applicable financial reporting framework. The Report on Financial Statements should be read together with the Report on Lawfulness and Effectiveness in the Use of Public Resources, and the Report on Effectiveness of Internal Controls, Risk Management and Governance.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the

Public Finance Management Act, 2012, and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.
REPORT ON THE REVENUE STATEMENTS

Qualified Opinion

I have audited the accompanying revenue statements of Receiver of Revenue - County Government of Mombasa set out on pages 1 to 274, which comprise the statement of financial assets and liabilities and the statement of arrears of revenue as at 30 June, 2024 and the statement of receipts and disbursements, the statement of comparison of budget and actual amounts for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the revenue statements present fairly, in all material respects, the financial position of Receiver of Revenue - County Government of Mombasa as at 30 June, 2024 and of its financial performance for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with the Public Finance Management Act, 2012 and the County Government Act, 2012.

Basis for Qualified Opinion

Unsupported Revenue on Physical Planning and Development

The statement of receipts and disbursements and Note 10 to the revenue statements reflects County Own Source Generated revenue of Kshs.4,463,397,995 which include Kshs.345,283,567 for revenue on physical planning and development. The physical planning and development revenue in turn include land valuation and registration fees, architectural design by county officers, plot transfer fees, plot charges fee and survey of Kshs.3,792,194 and Kshs.7,453,450 respectively. However, the supporting schedules were not provided for audit review.

In the circumstances, the accuracy and completeness of the revenue on physical planning and development of Kshs.345,283,567 could not be confirmed.

2. Unconfirmed Cash and Cash Equivalents

The statement of financial assets and liabilities and Notes 19 and 20 to the revenue statements reflect total cash and cash equivalents balance of Kshs.79,708,658, held in six (6) bank accounts and ten (10) mobile money paybill accounts. However, only the month of June 2024 cashbook and bank reconciliations for four bank accounts were provided leaving out two bank accounts. In addition, Main Revenue bank account with a

balance of Kshs.2,924,724 was reported to have a balance of Kshs.134,649. The variances of Kshs.2,790,075 was not reconciled or explained.

In the circumstances, the accuracy and completeness of cash and cash equivalent balance of Kshs.79,708,658 could not be confirmed.

3. Undisclosed and Unapproved Revenue

The statement of receipt and disbursements reflects County Own Source Generated Revenue amounting to Kshs.4,463,397,995. Review of the data from E-Land Rate Service revealed that twenty-nine thousand three hundred and twenty-eight (29,328) new lands were registered into the system and assessment/valuation fees per plot charged at a fee of Kshs.5,000, hence expected land fees totalling to Kshs.146,640,000. However, the revenue source was not included in the Finance Act, 2023 and in the revenue statements.

In the circumstances, County Own Source Generated Revenue amounting to Kshs.4,463,397,995 could not be confirmed.

The audit was conducted in accordance with International Standards for Supreme Audit Institutions (ISSAIs). I am independent of the Receiver of Revenue - County Government of Mombasa Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Emphasis of Matter

Budgetary Control and Performance

The statement of comparison of budget and actual amounts reflects final receipts target and actual amounts on comparable basis of Kshs.5,856,356,997 and Kshs.4,463,397,995 respectively, resulting to under realization of Kshs.1,392,959,002, or 24% of the target. However, no report was provided by the Receiver of Revenue to the County Executive Committee Member (CECM) – Finance and Economic Planning detailing the reasons for difficulties in revenue collection as required by Regulation 63(2) of the Public Finance Management (County Governments) Regulations, 2015 which provides that where there are difficulties in revenue collection a Receiver of Revenue shall report the circumstances to the CECM – Finance.

The under realization affected the planned activities and may have impacted negatively on the service delivery to the public.

My opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. Except for the matters described in the basis of qualified opinion section, I have determined that there are no other key audit matters to communicate in my report.

Other Matter

Unresolved Prior Year Matters

In the audit report of the previous year, several issues were raised under the Report on the Revenue Statements and Report on Lawfulness and Effectiveness in Use of Public Resources. However, the issues were not disclosed in the revenue statements and they remained unresolved as at 30 June, 2024 as the Management await to appear before the relevant oversight committee.

Other Information

Management is responsible for the other information set out on page iv to xv which comprise of Key Entity Information and Management, Foreword by the CECM Finance and Economic Planning, Management Discussion and Analysis and Statement of Receiver of Revenue's Responsibilities. The Other Information does not include the revenue statements and my audit report thereon.

In connection with my audit on the Receiver of Revenue-County Government of Mombasa revenue statements, my responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the revenue statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information and I am required to report that fact. I have nothing to report in this regard.

My opinion on the financial statements does not cover the Other Information and accordingly, I do not express an audit opinion or any form of assurance conclusion thereon.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN THE USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution and based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in the Use of Public Resources section of my report, I

confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Failure to Prepare Statement of Arrears of Revenue

As previously reported, the Receiver of revenue did not prepare the statement of arrears of revenue, contrary to Section 165 of Public Finance Management Act, 2012 which states that; (1) at the end of each financial year, a receiver of revenue for a County Government shall prepare an account in respect of the revenue collected, received and recovered by the receiver during that financial year; (2) The account under subsection (1) shall include; (a) a statement of receipts and disbursements in a form prescribed by the accounting standards Board from time to time; and (b) a statement of arrears of revenue.

In the circumstances, Management was in breach of the law.

2. Use of Outdated Land Valuation Roll

The statements of receipts and disbursements reflects County Own Source Generated revenue totaling Kshs.4,463,397,995 which includes land rate amounting to Kshs.934,629,934. However, the County applied land valuation on rateable properties based on valuation roll of the year 2002 from the defunct Municipal Council of Mombasa. This was contrary to Valuation for Rating Act, 1956, Section 3 which states that every local authority shall from time to time, but at least once in every ten years or such longer period as the Minister may approve, cause a valuation to be made of every rateable property within the area of the local authority in respect of which a rate on the value of land is, or is to be imposed, and the values to be entered in a valuation roll.

In the circumstances, Management was in breach of the law.

The audit was conducted in accordance with ISSAI 3000 and ISSAI 4000. The standards require that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015 and based on the audit procedures performed, I confirm that, nothing else has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk Management and overall governance were operating effectively in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of the Management and Receiver of Revenue

Management is responsible for the preparation and fair presentation of these revenue statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of revenue statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management is aware of the intention to cease operations.

Management is also responsible for the submission of the revenue statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the revenue statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the revenue statements comply with the authorities which govern them and that public resources are applied in an effective way.

The Receiver of Revenue is responsible for overseeing the Receiver of Revenue reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

My responsibility is to conduct an audit of the financial statements in accordance with Article 229(4) of the Constitution, Section 35 of the Public Audit Act, 2015 and the International Standards for Supreme Audit Institutions (ISSAIs). The standards require that, in conducting the audit, I obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with Section 48

of the Public Audit Act, 2015. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with IFPP will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In conducting the audit, Article 229(6) of the Constitution also requires that I express a conclusion on whether or not in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way. In addition, I consider the entity's control environment in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015.

Further, I am required to submit the audit report in accordance with Article 229(7) of the Constitution.

Detailed description of my responsibilities for the audit is located at the Office of the Auditor-General's website at: <https://www.oagkenya.go.ke/auditor-generals-responsibilities-for-audit/>. This description forms part of my auditor's report.

11. Significant Accounting Policies

The principal accounting policies adopted in the preparation of these revenue statements are set out below:

1. Statement of Compliance and Basis of Preparation

The revenue statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS) with particular emphasis on Cash Basis Financial Reporting under the Cash Basis of Accounting and relevant legal framework of the County Government of Mombasa. The financial statements comply with and conform to the form of presentation prescribed by the Public Sector Accounting Standards Board of Kenya.

The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the *entity*. The accounting policies adopted have been consistently applied to all the years presented.

The revenue statements have been prepared on the cash basis following the standard chart of accounts. The cash basis of accounting recognises transactions and events only when cash is received or paid by the *entity*.

2. Recognition of Receipts

The *entity* recognises all receipts from the various sources when the related cash has been received by the *entity*.

3. Budget

The County Revenue budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the financial statements. The County budget was approved as required by law. The original budget was approved by the County Assembly on 30th June 2023 for the period 1st July 2023 to 30 June 2024 as required by law. There was 1 number of supplementary budgets passed in the year. A high-level assessment of the County's actual performance against the comparable budget for the financial year under review has been included in these financial statements.

4. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include revenue collection accounts held at Commercial banks.

Receiver Of Revenue
County Government Of Mombasa
Revenue Statements for the Period Ended 30th June 2024

5. Revenue in Arrears

This relates to revenue earned and is yet to be received or collected by the receiver of revenue. These arrears are disclosed under the statement of arrears as required under the PFM Act, 2012 Section 165 (2) (b) which is a memorandum statement.

6. Disbursements to CRF

The Receiver of Revenue has an arrangement for transfer of funds from its bank account to the CRF account. Total disbursements to the CRF are as a result of the transfer arrangement during the year. *(Include the receiver's actual policy on disbursements)*

7. Comparative Figures

Where necessary, comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

8. Subsequent Events

There have been no events subsequent to the financial year end with a significant impact on the revenue statements for the year ended June 30, 2024
