

RESPONSE TO A STATEMENT REQUESTED BY THE HON. SAMUEL MOROTO FROM THE CHAIRPERSON OF THE DEPARTMENTAL COMMITTEE (K) ON LANDS

PARLIAMENT OF KENYA LIBRARY
Mr. Speaker Sir,

On Thursday 23rd May 2013, the Hon Member for Kapenguria, Hon. Samuel Moroto requested a Ministerial statement from the Chairperson of the Departmental Committee on Lands, on double allocation and issuance of allotment letters in Chepchoina Settlement Scheme.

Mr. Speaker Sir,

The Committee invited the Member for Kapenguria, who appeared before the Committee and briefed Members on the status of the allocations. The Member was also in attendance during the initial meeting with the Cabinet Secretary.

The Committee also invited the Cabinet Secretary for Lands, Housing and Urban Development who appeared before the Committee twice to answer the Member's request and address Members concerns over the issue.

The Committee also toured the Chepchoina Settlement Scheme and held a total of three sittings in Trans Nzoia to consider the matter. The Committee held meetings with the Trans Nzoia County Commissioner, County Lands officials, County leaders and local security leaders and thereafter toured the settlement scheme.

Mr. Speaker Sir,

I wish to report to the House as follows:

The Member for Kapenguria had sought the following:

- Reasons for the double issuance of allotment letters in respect to the same piece of

land

- Tabling of a list of all beneficiaries of the said allocations, indicating the bona fide owners of the land
- An indication on whose instructions the police officers were acting in the evictions and why
- Measures taken by the government to solve the problem and ensure that peace prevailed in the area.

Mr. Speaker Sir,

- i. The Cabinet Secretary had carried out investigations on the matter which investigations did not give indications of double allocation in the scheme. She further stated that the role of the Ministry was to demarcate, survey and formalize the allocations already done by the Agricultural Development Corporations and the Provincial Administration through issuance of letters of offer. The Farm belonged to the Agricultural Development Corporation, which in 1997, handed it over to the Settlement Fund Trustees to administer the settlement scheme.
- ii. An ad hoc squatter settlement committee was elected to verify and ensure that all bona fide beneficiaries' interests were safeguarded.
- iii. A list of beneficiaries for phases I and II was provided to the Committee which I now wish to table.

Mr. Speaker Sir,

Phase I

The Phase covers L.R. Nos 8029/3 and 8028 with an area of approximately 4,436 acres. Demarcation for the phase was completed in the year 2007, yielding 656 plots.

The first 492 plots were allocated by the Trans Nzoia East District Settler Selection

Committee vide Minutes of 1st April, 2008. The remaining 164 plots were allocated by the Committee in a meeting chaired by the District Commissioner, Kwanza.

The phase was fully settled and Settlement Fund Trustee land loan repayment was in progress whereby over 90% of the allottees are from the Pokot community.

Phase II

The phase covers L.R. Nos. 8026/1, 8026/2 and 4140/9 comprising approximately 10,343 acres. Demarcation and survey for the phase commenced in 2008 and was completed in 2009.

The decision to plan and subdivide phase II into 2.5 and 5 acres of arable land was arrived at by the selection committee to accommodate as many landless poor as possible. Identification and vetting of beneficiaries was done by a committee elected by the local communities in a public baraza held on 7th January 2011 and a total of 1681 people were identified and the list forwarded to the Ministry headquarters on 17th June 2011. Furthermore the genuine allottees who appeared in the ADC records and were not considered in phase I were accommodated in phase II

Phase III

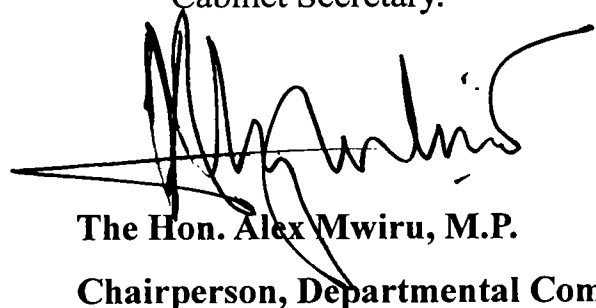

The phase comprises 3000 acres. Demarcation and survey of the plots has been completed with a total number of 950 plots. The local verification committee has identified the beneficiaries from various communities and the Ministry awaits the list from the local settler committee for approval by the Cabinet Secretary and eventual issuance of letters of offer.

Furthermore, the Cabinet Secretary had instructed her officers on the ground to carry out a verification exercise to determine whether some squatters had been left out with a view to resolving any outstanding problems through the phase.

COMMITTEE'S CONCERNS

The Committee noted various complaints from the area residents in the allotment process for Phases I and II and made the following recommendations:

- i. The Cabinet Secretary should urgently address individual complaints on allocation/omissions in phase I and II.
- ii. The local selection committee, including elected leaders in the area, should verify and certify the list of allottees for phase III, before submission of the same to the Cabinet Secretary.

The Hon. Alex Mwiru, M.P.
Chairperson, Departmental Committee (K) on Lands

Clarifications

- Pokots + Turkana - 90%
- Chelanga giving Land

① Table select Committee
