1. Acronyms and Definition of Key Terms

A. Acronyms

BOG	Board of Governors
ICPAK	Institute of Certified Public Accountants of Kenya
IPSAS	International Public Sector Accounting Standards
PFM	Public Finance Management
PSASB	Public Sector Accounting Standards Board
TTI	Technical Training Institute
TTC	Teacher Training College
TVC	Technical Vocational College

B. Definition of Key Terms

Fiduciary Management - Members of Management directly entrusted with the Emsos TVC's financial resources.

Comparative Year- Means the prior period.

2. Key Emsos TVC Information and Management

(a) Background information

Emsos Technical & Vocational College (ETVC) is a national TVET institution established in the sixty (60) technical colleges phase. It is located in Chesumei Sub-County, 10 kilometres from Mosoriot trading centre along Mosoriot –Kabiyet- Kaiboi road.

It is situated in scenic rural road setting in the heart of Nandi county renown for dairy and crop farming and also within a serene environment conducive for effective learning and training.

The institution is a center of excellence in agricultural value addition offering a variety of technical and business courses ranging from Horticulture production, Food processing technology, Science Laboratory Technology, Food and Beverage, Plumbing, Electrical Engineering, Accountancy among others.

The college started with an enrollment of 100 students with 17 staff which has seen grown to a current enrollment of 600 students with a staff establishment of 45 trainers.

The institution has enjoyed support from the local leadership who have offered bursaries and sponsorships to needy students.

(b) Principal Activities

Emsos Technical and Vocational college is therefore mandated via legal instruments to:

- i. Provide relevant and quality technical and vocational education and training programs that meet the needs of individuals, industries, and the economy.
- ii. Implement competency-based curricula that align with industry standards and promote practical skills development.
- iii. Foster partnerships and collaboration with industries, employers, and other stakeholders to enhance the relevance and effectiveness of TVET programs.
- iv. Ensure equitable access to TVET opportunities for all individuals, including marginalized and vulnerable groups.
- v. Facilitate the integration of TVET graduates into the labor market and support their transition to employment or entrepreneurship.
- vi. Promote innovation, research, and continuous improvement in TVET delivery methods, technologies, and practices.
- vii. Uphold standards of excellence, integrity, and professionalism in all aspects of TVET provision and administration.

Vison Statement

To be a premier institution in agricultural value addition and technical training

Mission Statement

To produce innovative and competent manpower to meet the dynamic needs of society and industry.

Emsos Technical and Vocational College
Annual Report and Financial Statements for the year ended 30th June 2025

(c) Key Management

The Emsos TVC's day-to-day management is under the following key organs:

The Emsos Tvc day-to-day management is under the following key organs:

- Board of Governors.
- Accounting officer/ Principal.
- Top Management.

(d) Fiduciary Management

The key management personnel who held office during the financial year ended 30th June 2025 and who had direct fiduciary responsibility were:

SN.	Designation	Name
1.	Principal	Mark Kitongo
2.	Deputy principal Administration	Emmy Lagat
3	Deputy principal Academics	Lordvico Too
4	Registrar	Emmanuel Kimutai
5	Head of Finance	Joyce Busienei
6	Head of Procurement	Viola Jerop
7	Accountant	Thomas Tanui

(e) Fiduciary Oversight Arrangements

- The Board committees facilitate the decision –making to assist the Board of Governors in the execution of its duties, power and authority.
- Board committees being;

Audit and Risk Committee

S/No	Name	Title
1	Ms. SCOLASTICA TUWEI	CHAIRPERSON
3	Dr. PETER M. MAWIOO	MEMBER

The Committee's responsibilities include, but are not limited to:

- a) Reviewing and recommending improvements to the institution's internal control systems, risk management processes, and compliance procedures.
- b) Reviewing and recommending changes to the institution's internal audit plans and programs. Monitoring the independence and effectiveness of the internal audit function.
- c) Reviewing and approving the appointment, performance, evaluation and removal of the Internal Auditor.
- d) Reviewing and providing guidance on the annual internal audit budget and resources.

5. Chairman's Statement

The year under review has been one of remarkable progress, growth, and consolidation of our collective efforts to strengthen Emsos Technical and Vocational College as a center of excellence in skills training and innovation.

The Board of Governors remained steadfast in providing strategic oversight and policy direction to ensure that the institution aligns with its mandate, the national TVET objectives, and Vision 2030. Through this leadership, we guided decision-making processes that enhanced governance, accountability, and sustainability.

The Board held its meetings as scheduled, providing an opportunity to deliberate on key issues affecting the institution. Critical activities, projects, and policies were discussed and approved to ensure smooth operations. The timely approval of initiatives contributed significantly to the successful execution of institutional programs.

Recognising the pivotal role of human resources in delivering quality training, the institution continued to prioritize staffing. While we have made strides in attracting competent trainers and administrative staff, gaps still exist, especially in specialized technical areas. The Board is actively engaging relevant stakeholders, including the Government and partners, to address these gaps.

Infrastructure improvement remained a key focus during the year. Notable progress was made in upgrading practical rooms and ICT Digital Lab (Jitume) thereby enhancing the teaching and learning environment. However, the need for expanded facilities remains pressing due to rising student enrolment. Plans are underway to mobilize resources for additional infrastructure projects to cater to the growing population.

The College continued to successfully implement the Competency-Based Education and Training (CBET) curriculum, ensuring that students acquire industry-relevant skills. Industrial linkages were strengthened through collaborations with county government and local industries, providing trainees with opportunities for attachment and hands-on experience. These efforts are central to producing graduates who are competitive in the job market.

The institution recorded impressive growth in enrolment, rising from 405 to 602 students. This growth reflects the confidence that parents, students, and stakeholders have in the quality of training offered. We are particularly grateful to Member of Parliament for Chesumei constituency who extended partial scholarships to needy students. This support has gone a long way in improving access to technical education and reducing dropout rates.

Despite the progress made, challenges persist. These include inadequate funding, infrastructural gaps, shortage of specialized trainers, and the need for more modern equipment to match industry standards.

Looking ahead, the Board of Governors is committed to consolidating the gains made and addressing the challenges highlighted. We will continue to strengthen partnerships with government, industry, and development partners to mobilize additional resources. Our priorities will remain anchored on improving infrastructure, recruiting and retaining skilled staff, expanding access to training opportunities, and maintaining high standards of governance. In conclusion, I extend my sincere appreciation to the Council members, management, staff, students, partners, and stakeholders who contributed to the institution's growth during the year.

6. Report of the Senior Principal

The financial year 2024/2025 marked an important milestone in the growth and development of our college as we continued to consolidate gains in quality training, institutional expansion, and financial accountability.

The college registered remarkable growth in student enrolment, rising from 405 trainees in the previous year to 602 trainees in the year under review. This represents a growth of nearly 49%, an indication of the confidence that parents, guardians, and the community at large have in our programs. The increase can be attributed to our enhanced visibility, strengthened marketing efforts, rebranding initiatives, and the successful rollout of industry-relevant courses aligned with the Competency-Based Education and Training (CBET) curricular.

The full implementation of the CBET curricular has been one of the most significant achievements of this year. Our trainers have successfully adopted and embraced CBET pedagogy, ensuring that learning is outcome-driven and competency-based. This transition has not only improved the quality of training but has also enhanced the employability of our graduates. To support this, several staff development sessions and workshops were conducted to build trainer capacity in CBET delivery, assessment, and integration of industry standards. The college signed Memoranda of Understanding (MOUs) with strategic partners, particularly in key sectors such as agriculture, ICT, and manufacturing. These partnerships have created platforms for industrial attachment, curriculum support, and industry-based training, thereby bridging the gap between theory and practice. Such collaborations continue to position the institution as a trusted partner in delivering demand-driven skills for Kenya's socio-economic development.

A major highlight of the year was the establishment of the Jitume Lab, an ICT innovation hub that will offer trainees access to digital work opportunities, online learning resources, and entrepreneurship incubation. This lab has opened new frontiers in digital literacy, enabling our students to compete in the global digital economy.

Additionally, the college completed the construction of training sheds to enhance practical training, particularly in Building technology. These sheds have expanded the capacity of our training environment, ensuring students gain hands-on skills in conducive, industry-simulated conditions.

Staff capacity building remained a top priority during the year. Several trainers benefited from workshops, seminars, and short courses covering cross-cutting issues such as digital literacy, environmental sustainability, and effective CBET delivery. Such continuous professional development initiatives ensure that our staff remain well-equipped to deliver quality training while also aligning with the national TVET agenda.

The college successfully undertook its third cycle of performance contracting, demonstrating our continued commitment to accountability, efficiency, and quality service delivery. Performance targets were largely met, reflecting steady progress in governance, academic delivery, and institutional management.

Furthermore, the college benefited from the posting of additional trainers by the Public Service Commission (PSC). This increased our human resource capacity and reduced trainer-to-student ratios, thereby improving the overall teaching and learning environment.

On financial matters, the institution recorded moderate performance as it experienced lower revenues from student fees, government capitation, and scholarships. The untimely release and

Emsos Technical and Vocational College
Annual Report and Financial Statements for the year ended 30th June 2025

at times non- disbursement of government funds, resulted to the inability to execute all critical institutional obligations.

As we look ahead to the next financial year, the college remains steadfast in its commitment to:

- Strengthening student support services to improve retention and completion rates.
- Expanding infrastructure, with a focus on work spaces.
- Deepening industry collaborations to ensure graduates acquire relevant, market-ready skills.
- Enhancing our financial sustainability strategy through diversified income-generating initiatives.

The institution will continue to align its strategic direction to the national development agenda, Kenya’s Vision 2030, the Bottom-Up Economic Transformation Agenda (BETA), and the TVET sector reforms.

8. Corporate Governance Statement

Appointment

The members of the Board shall be appointed by the Cabinet Secretary, Ministry of Education after wide consultation from strategic partners and individuals who share the same value, commitments and have an interest to work with Emsos technical and vocational College. The recruitment of Board members shall be through head hunting, recommendations by management, government administrative arm, and political leadership drawn from institution's immediate area of jurisdiction.

The membership of the Board of Governors shall comprise—

- (a) A chairperson;
- (b) A representative of the Principal Secretary in the Ministry responsible for technical and vocational training;
- (c) A representative of the county Governor of the county within which Emsos Technical and Vocational College is located; and
- (d) A six other persons appointed on the basis of their knowledge and experience in—
 - i) Leadership and management;
 - ii) Financial management;
 - iii) Technology;
 - iv) Industry;
 - v) Engineering;
 - vi) Information communication technology or Law.

Removal

Membership to the Board shall be for a period of three [3] years. Retiring of a Board members who has successfully completed their constitutional term in office are eligible for re-appointment for a period of one [1] term.

Roles of board members

- a) Oversee the conduct of education and training at Emsos TVC in accordance with the provisions of the TVET Act and any other written law;
- b) Promoting and maintaining standards, quality and relevance in education and training in Emsos TVC.
- c) Administer and manage the property of the institution
- d) Develop and implement Emsos TVC strategic plan
- e) Prepare annual estimates of revenue and expenditure for EMSOS Technical and Vocational College and incurring expenditure on its behalf

Emsos Technical and Vocational College
Annual Report and Financial Statements for the year ended 30th June 2025

- f) Receiving, on behalf of the institution, fees, grants, subscriptions, donations, bequests or other moneys and to make disbursement to EMSOS Technical and Vocational College or other bodies or persons;
- g) Determining the fees payable and prescribing conditions under which fees may be remitted in part or in whole in accordance with the guidelines developed under the provisions of this Act;
- h) Mobilizing resources for the institutions;
- i) Developing and reviewing programs for training and to make representations thereon to the Board;

Conflict of Interest

In compliance with TVET Act of 2013 second schedule article 15, Board members shall:

1. If a member is directly or indirectly interested in any contract, proposed contract or other matter before a Board of Governors and is present at a meeting of the Board of Governors at which the contract, proposed contract or other matter is the subject of consideration, he shall, at the meeting and as soon as reasonably practicable after the commencement thereof, disclose the fact and shall not take part in the consideration or discussion of, or vote on, any questions with respect to the contract or other matter, or be counted in the quorum of the meeting during consideration of the matter.
2. A disclosure of interest made under this paragraph shall be recorded in the minutes of the meeting at which it is made.
3. A member of the Board of Governors who contravenes subparagraph (1) commits an offence and shall be liable as stipulated in the Act.

Board meetings

Regular meetings of the Board shall be held each quarter, that is, between July – September and October – December, January – March; April – June; each financial year.

Emsos Technical and Vocational College
Annual Report and Financial Statements for the year ended 30th June 2025

9. Management Discussion and Analysis

Operational and Financial Performance

In FY 2024/2025, Emsos TVC generated a total revenue of Ksh. 23,619,936, mainly from tuition fees. However, the total expenses amounted to Ksh. 28,045,426.

Revenue Breakdown

- Income from non-exchange transactions: Ksh. 2,040,425(8.64%)
- Income from exchange transactions Ksh. 21,579,511(91.36%)

Expense Breakdown

- Use of goods and services: Ksh. 13,540,805 (57%)
- Employee costs: Ksh. 4,331,264 (18%)
- Board expenses: Ksh. 957,400 (4%)
- Depreciation & amortization: Ksh. 6,551,284 (27%)
- Repairs & maintenance: Ksh. 2,664,673 (11%)

Compliance with Statutory Requirements

- Tax Compliance: All PAYE, NSSF, and NHIF remittances submitted up to June 2025, with minor delays in prior months now regularized.
- Regulatory Reporting: TVET Authority accreditation requirements met and reports submitted on time.

Major Risks Facing the Institution

- Financial Sustainability Risk: Rising operating expenses against constrained revenue sources.
- Dependency Risk: Heavy reliance on tuition fees (over 90% of revenue) makes income vulnerable to fluctuations in student enrollment.
- Infrastructure Risk: Ageing facilities requiring frequent repairs, increasing costs.
- Regulatory Risk: Changes in government policies on TVET funding and capitation may impact revenue.

Other Obligations

At the end of the reporting period, pending bills amounted to Ksh 1,376,509.

Other Relevant Information

- Emsos TVC has embarked on partnerships with local industries to improve internship placements.

Emsos Technical and Vocational College
Annual Report and Financial Statements for the year ended 30th June 2025

- Community engagement activities (tree planting, free medical clinics, bursaries) continue to strengthen the institution's visibility and goodwill.

10. Environmental and Sustainability Reporting Statement

Sustainability strategy and profile

The management commits for effective financial planning ensuring that the institution aligns its financial resources with its strategic objectives. The budgeting process involves forecasting revenues and expenditures, ensuring that resources are allocated efficiently. Emsos Tvc follows an annual budgeting process, incorporating input from key stakeholders to ensure comprehensive financial planning.

Revenue Sources The institution commits generate revenue from multiple sources, including:

- Government funding and grants
- Tuition and fees
- Donations and endowments
- Investment income

Environmental performance

The organization is committed to minimizing its environmental footprint by conserving resources, protecting biodiversity, reducing waste, mitigating climate change, and promoting sustainability in all operations.

- Compliance with national and international environmental laws and standards.
- Promotion of sustainable use of natural resources.
- Prevention of pollution through waste management (reduce, reuse, recycle).
- Incorporation of clean technologies and renewable energy.
- Engagement of stakeholders (employees, suppliers, community) in environmental conservation.

. Evidence of Implementation

- Establishment of an **Environmental Management Committee** to oversee sustainability practices.
- Employee sensitization programs on greening of TVET
- Regular environmental audits and reporting.
- Partnerships with environmental agencies and county government of Nandi

Successes

- Reduced single-use plastics by introducing refillable water dispensers and discouraging bottled water.
- Increased tree cover.
- Installation of waste segregation bins (organic, plastics, paper, e-waste).

Emsos Technical and Vocational College
Annual Report and Financial Statements for the year ended 30th June 2025

- Adoption of biodegradable packaging for products and services.
- Implementation of solar lighting systems in buildings and compounds.

Shortcomings

- Limited awareness and training among employees on sustainable practices.
- High initial costs of renewable energy technologies and green buildings.
- Occasional overreliance on paper in official communications despite automation efforts.

Mitigation Measures

- Strengthening enforcement of environmental guidelines across departments.
- Continuous awareness training for staff and partners.
- Seeking external funding and partnerships for renewable energy and green projects.
- Adoption of an internal environmental audit system to track progress.
- Incentives for departments/individuals that champion green initiatives.

Effective Waste Management

- Reduce: Encourage minimal printing, double-sided printing, refillable stationery, and use of energy-efficient appliances.
- Reuse: Repurposing office furniture and ICT equipment.

Efforts to Reduce Environmental Impact of Products.

- Encouraging staff to use reusable bottles instead of single-use plastics.
- Provision of clearly labeled waste segregation bins across the compound.

Climate Change Initiatives

- Promotion of climate-smart technologies (drought-resistant crop varieties in community CSR projects).
- Community awareness programs on climate resilience and adaptation.

Employee welfare

Emsos TVC hiring process is guided by a Human resource Policy which is anchored on the principles of fairness, meritocracy, inclusivity, and equal opportunity.

The organization has a Training and Development Policy that emphasizes continuous professional growth.

- Skill Improvement: Annual training needs assessments are conducted, followed by in-house training, external workshops, and sponsorship for professional certification programs.
- Career Management: Employees are encouraged to pursue structured career paths through mentorship programs, job rotations, and exposure to new projects.

Emsos Technical and Vocational College

Annual Report and Financial Statements for the year ended 30th June 2025

- Capacity Building for Youth: Graduate trainee and internship programs provide youth with hands-on skills to prepare them for long-term employment.

The organization uses a performance management system (PMS), where employees are appraised annually against agreed targets and key performance indicators (KPIs).

The organization has a Workplace Health and Safety Policy aligned with the Occupational Safety and Health Act (OSHA) 2007. Through:

- Provision of safe working environments through hazard identification and risk assessments.
- Mandatory safety training and drills for employees.
- Availability of Personal Protective Equipment (PPEs) for staff in high-risk areas.
- Formation of a Health and Safety Committee to oversee workplace safety.
- Emergency preparedness through fire extinguishers, alarms, and evacuation procedures.

Introduction of an Employee Wellness Program (counseling, health checks, stress management) to reduce risks linked to fatigue and poor health.

Market place practices-

a) Responsible competition practice.

The organization is committed to fair and transparent competition, anchored in ethical principles and compliance with the Constitution of Kenya, the Public Procurement and Disposal Act, and international anti-corruption conventions.

b) Responsible Supply chain and supplier relations

The organization recognizes that sustainable supply chain management is critical for building trust and delivering value.

Efforts include:

- **Contractual Integrity:** All supplier contracts are honored fully, and obligations are met in line with agreed terms.
- **Fair Procurement:** Suppliers are competitively selected through transparent processes, with opportunities given to SMEs, women, youth, and PWD-owned enterprises.
- **Payment Practices:** Suppliers are paid within stipulated timelines to avoid financial strain and ensure trust.

c) Responsible marketing and advertisement or Responsible engagement with the citizens.

Emsos Technical and Vocational College Annual Report and Financial Statements for the year ended 30th June 2025

The organization promotes ethical communication and citizen engagement to strengthen trust and accountability.

Measures include:

- **Ethical Marketing:** Avoiding exaggerated or misleading claims in advertisements and public communications.
- **Transparency in Information:** Service/product information is disseminated through brochures, official websites, call centers, and regular media updates.
- **Public Outreach:** Holding stakeholder consultative forums, community barazas, and customer satisfaction surveys.
- **Respect for Diversity:** Messaging and outreach respect cultural, ethnic, and gender diversity, avoiding stereotypes and anti-social messaging.

d) Product stewardship or Awareness Creation

Consumer and citizen rights are safeguarded through compliance with local and international protection standards.

Key Initiatives:

- **Health & Safety:** Products and services undergo quality and safety checks before release.
- **Adequate Information:** Consumers are provided with clear user guides, service instructions, or access to FAQs on platforms.
- **Dispute Resolution & Redress:** A customer care/helpdesk system allows clients to lodge complaints and seek redress.
- **Data Protection:** Compliance with the **Kenya Data Protection Act (2019)** ensures consumer/citizen privacy is respected. Sensitive data is encrypted, and access is controlled.

Corporate Social Responsibility / Community Engagements

As part of our mandate to deliver technical training while fostering sustainable community development, Emsos Technical and Vocational College (Emsos TVC) actively engaged in various Corporate Social Responsibility (CSR) initiatives during the 2024/2025 financial year. These activities not only complemented our core training functions but also strengthened our relationship with the local community, enhanced environmental stewardship, and promoted social welfare.

1. Distribution of Tree Seedlings

In partnership with community leaders, the College distributed tree seedlings to Chiefs' offices, neighbouring schools, and local churches. This initiative supported the government's tree-growing campaign, contributed to afforestation, and promoted environmental sustainability. The beneficiaries were encouraged to nurture the seedlings, thereby fostering a culture of environmental conservation.

2. Free Loan Application Services to Students

Recognizing the financial challenges many students face, the College provided free assistance in processing Higher Education Loans Board (HELB) applications for new students. This service reduced barriers to access and enabled more students from financially constrained backgrounds to enroll and continue their training.

3. Career Guidance and Mentorship

Emsos TVC extended career services to neighboring secondary schools. Through career talks and mentorship sessions, students were sensitized on TVET opportunities, employable skills, and pathways for professional growth. This engagement empowered young learners to make informed choices and positioned the College as a reliable partner in the education sector.

4. Protection of Riparian Zones

The institution undertook environmental protection initiatives focusing on safeguarding riparian areas within its locality. Efforts included awareness campaigns, tree planting along water bodies, and sensitizing the community on sustainable practices. These actions were in line with national policies on environmental protection and ensured responsible land and water use.

5. Hosting of Public Events

Emsos TVC made its grounds available for the celebration of public and national days by the local community. This gesture not only created a conducive space for communal gatherings but also promoted inclusivity, strengthened partnerships with local leaders, and positioned the institution as a hub for community development.

Going forward, the College will continue to integrate CSR activities within its strategic plan to expand community impact, support government priorities, and enhance its role as a partner in socio-economic transformation.

11. Report of the Board of Governors

The Board members submit their report together with the audited financial statements for the year ended June 30, 2025, which show the state of the Emsos TVC affairs.

Principal activities

Emsos Technical and Vocational college is therefore mandated via legal instruments to:

- i. Provide relevant and quality technical and vocational education and training programs that meet the needs of individuals, industries, and the economy.
- ii. Implement competency-based curricula that align with industry standards and promote practical skills development.
- iii. Foster partnerships and collaboration with industries, employers, and other stakeholders to enhance the relevance and effectiveness of TVET programs.
- iv. Ensure equitable access to TVET opportunities for all individuals, including marginalized and vulnerable groups.
- v. Facilitate the integration of TVET graduates into the labor market and support their transition to employment or entrepreneurship.

Emsos Technical and Vocational College
Annual Report and Financial Statements for the year ended 30th June 2025

- vi. Promote innovation, research, and continuous improvement in TVET delivery methods, technologies, and practices.
- vii. Uphold standards of excellence, integrity, and professionalism in all aspects of TVET provision and administration

Results

The results of the Emsos TVC for the year ended June 30 are set out on page 1-6

Emsos Technical and Vocational College
Annual Report and Financial Statements for the year ended 30th June 2025

Board of Governors

The members of the Board who served during the year are shown on page ix-xi. During the year the board of Governors term lapsed on 22nd March, 2025. The term for Seven (7) members expired. Term for one member is still valid until 2027.

Auditors

The Auditor General is responsible for the statutory audit of the Emsos TVC in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015 for the period ended June 30, 2025, in accordance to section 23 of the Public Audit Act, 2015 .

By Order of the Board

Mark Kironko

.....
Secretary of the Board

Nairobi

Date:

28/8/25

12. Statement of Board of Governors Responsibilities

Section 81 of the Public Finance Management Act, 2012 and section 29 of schedule 2 of the Technical and Vocational Education and Training Act, 2013 require the council members to prepare financial statements in respect of that Emsos TVC, which give a true and fair view of the state of affairs of the Emsos TVC at the end of the financial year and the operating results of the Emsos TVC for that period. The Council members are also required to ensure that the Emsos TVC keeps proper accounting records which disclose with reasonable accuracy the financial position of the Emsos TVC. The council members are also responsible for safeguarding the assets of the Emsos TVC.

The Council members are responsible for the preparation and presentation of the Emsos TVC financial statements, which give a true and fair view of the state of affairs of the Emsos TVC for and as at the end of the financial year ended on June 30, 2025. This responsibility includes:

- i. maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period,
- ii. maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Emsos TVC,
- iii. designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud,
- iv. safeguarding the assets of the Emsos TVC,
- v. selecting and applying appropriate accounting policies, and
- vi. making accounting estimates that are reasonable in the circumstances.

The Council members accept responsibility for the Emsos TVC financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012 and the TVET Act) The council members are of the opinion that the Emsos TVC financial statements give a true and fair view of the state of Emsos TVC transactions during the financial year ended June 30, 2025, and of the Emsos TVC financial position as at that date. The Council members further confirm the completeness of the accounting records maintained for the Emsos TVC, which have been relied upon in the preparation of the Emsos TVC financial statements as well as the adequacy of the systems of internal financial control. In preparing the financial statements, the Principal has assessed the Emsos TVC ability to continue as a going concern

Assessment:

- Management has assessed the organization's financial position, cash flows, and future projections.

Emsos Technical and Vocational College
Annual Report and Financial Statements for the year ended 30th June 2025

- Based on this assessment, the organization has adequate resources to continue operations for at least 12 months from the reporting date.
- Key indicators considered include revenue streams, government funding commitments and liquidity levels

Nothing has come to the attention of the Council members to indicate that the Emsos TVC will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

The Emsos TVC financial statements were approved by the Board on 28/8/25 and signed on its behalf by:

SCDRASTICA J. TUNREI
.....
Name SCDRASTICA J. TUNREI

REPORT OF THE AUDITOR-GENERAL ON EMSOS TECHNICAL AND VOCATIONAL COLLEGE FOR THE YEAR ENDED 30 JUNE, 2025

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements;
- B. Report on the Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose; and,
- C. Report on the Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, risk management environment and internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

A Qualified Opinion is issued when the Auditor-General concludes that, except for material misstatements noted, the financial statements are fairly presented in accordance with the applicable financial reporting framework. The Report on Financial Statements should be read together with the Report on Lawfulness and Effectiveness in the Use of Public Resources, and the Report on Effectiveness of Internal Controls, Risk Management and Governance.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012, and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Emsos Technical and Vocational College set out on pages 1 to 60, which comprise of the statement of financial position as at 30 June, 2025 and the statement of financial performance, statement of changes in net

assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of Emsos Technical and Vocational College as at 30 June, 2025 and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with Section 81 subsection 2(f) of the Public Finance Management Act, 2012 and Technical and Vocational Education and Training Act of 2013.

Basis for Qualified Opinion

1. Presentation, Accuracy and Disclosure in the Financial Statements

Review of the annual report and financial statements presented for audit revealed the following errors and inaccuracies:

1.1 Presentation of the Financial Statements

The financial statement submitted for audit were not prepared in accordance with the reporting template provided by the Public Sector Accounting Standards Board (PSASB) for the financial year 2024/2025. The following anomalies were noted:

- i. The reference numbers and the titles of the Audit observation in Appendix 1 has been omitted.
- ii. Inter entity confirmation letter under Appendix III to the financial statements was not signed by Head of Accounts Department at the State Department of Technical and Vocational Education Training (disbursing entity). In addition, the table has omitted figures for the totals row.

1.2 Accuracy and Disclosure in the Financial Statements

Review of the financial statements revealed the following inaccuracies:

- i. Page xxiii indicates depreciation & amortization and pending bills of Kshs.6,551,284 and Kshs.1,376,509 respectively whereas the statement of financial performance and position reflects Kshs.6,626,284 and Kshs.1,541,509 respectively resulting into variances of Kshs.75,000 and Kshs.165,000 respectively.
- ii. The statement of changes in Net Asset reflects Kshs.40,008,025 as accumulated fund opening balance whereas the Auditor General Certificate for the previous year reflects a balance of Kshs.32,826,701 resulting into a variance of Kshs.7,181,324.

- iii. The statement of changes in Net Asset reflects Kshs.42,134,492 as balance for accumulated fund as at 30 June, 2025. However, the re-casted balance is Kshs.42,133,819 resulting into a variance of Kshs.673.
- iv. The row for Closing Cash and Cash Equivalent as per the statement of Cash flows which as per the re-casted balance is Kshs.3,335,976 has been omitted in the budget reconciliation in page 7. In addition, the re-casted balance of Kshs.3,335,976 does not reconcile with the cash and cash equivalent balance of Kshs.2,455,015.
- v. A comparative balance of Kshs.10,000 for CDACC has been omitted in Note 15 to the financial statements.
- vi. Note 27(a) reflects a balance of Kshs.20,284,654 as current receivables from exchange whereas Note 27(c) on Ageing analysis of receivables from exchange transaction reflects a balance of Kshs.27,179,699 resulting to a variance of Kshs.6,895,045.

In the circumstances, the accuracy and completeness of the financial statements could not be confirmed.

2. Current Portion of Receivables from Exchange Transactions

i. Provision for Bad and Doubtful Debts

The statement of financial position reflects current portion of receivables from exchange transactions balance of Kshs.27,179,699 which differs with Kshs.20,284,654 as disclosed in Note 27(a) to the financial statements resulting to an unreconciled variance of Kshs.6,895,045. In addition, the balance was not supported by ageing analysis and no provision made for likely impairment by way of provision for bad and doubtful debts.

In the circumstances, the accuracy, completeness and recoverability of the trade receivables balance of Kshs.27,179,699 could not be confirmed.

ii. Long Outstanding Receivables

Review of an ageing analysis of receivables from exchange transactions revealed that Kshs.14,863,411 was owed for less than one (1) year, Kshs.5,421,243 had been owed for between 1-2 years and Kshs.6,895,045 had been owed for between 2-3 years. However, there is no evidence that Management has instituted measures and interventions in place to collect the receivables which had accrued for a period of more than 1 (one) year. Further, no impairment allowance provisions had been made by Management on the outstanding debts.

In the circumstances, the recoverability of receivables from exchange transactions balance of Kshs.5,421,243 and Kshs.6,895,045 could not be confirmed.

3. Unsupported Trade Payables

The statement of financial position reflects trade and other payables balance of Kshs.1,541,509 as disclosed in Note 36 to the financial statements. However, the balance

was not supported with a detailed schedule showing invoice number, date, description and amount.

In the circumstances, the accuracy and completeness of the trade and other payables balance of Kshs.1,541,509 could not be confirmed.

The audit was conducted in accordance with the International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Emsos Technical and Vocational College Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Emphasis of Matter

Budgetary Control and Performance

The statement of comparison of budget and actual amounts reflects final revenue budget and actual on comparable basis of Kshs.23,609,805 and Kshs.23,619,936 respectively thereby resulting into revenue over-realization of Kshs.10,131 or 0.05% of the budget. Similarly, the institution incurred total expenditure of Kshs.21,494,142 against actual revenue of Kshs.23,619,936 resulting into an under-expenditure of Kshs.2,125,794 or 10% of the actual revenue.

The underfunding and underperformance affected the planned activities and may have impacted negatively on service delivery to the public.

My report is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. Except for the effect of the matters described in the Basis for Qualified Opinion section, I have determined that there are no other key audit matters to communicate in my report.

Other Matter

Unresolved Prior Year Matters

In the audit report of the previous year, several issues were raised under report on Financial Statements, Report on Lawfulness and Effectiveness in the use of Public Resources and Report on effectiveness of Internal Controls, Risk management and Governance. However, they remain unresolved. See **Appendix I**

Other Information

Management is responsible for the Other Information set out on page iii to xxxiii which comprise of Key Information and Management, The Board of Governors, Key Management Team, Chairman's Statement, Report of Senior Principal, Statement of

Performance against Pre-determined Objectives, Corporate Governance Statement, Management Discussion and Analysis, Environmental and Sustainability Reporting Statement, Report of the Board of Governors and Statement of Board of Governors of Governors' Responsibilities. The Other Information does not include the financial statements and my audit report thereon.

In connection with my audit on the Institute's financial statements, my responsibility is to read the Other Information and in doing so, consider whether the Other Information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work I have performed, I conclude that there is a material misstatement of this Other Information; I am required to report that fact. I have nothing to report in this regard.

My opinion on the financial statements does not cover the Other Information and accordingly, I do not express an audit opinion or any form of assurance conclusion thereon.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN THE USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in the Use of Public Resources section of my report, I confirm that nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Lack of a Human Resource Officer

Review of documents provided for audit revealed that the College does not have a Human Resource Officer and this has been the situation since the college was founded in the year 2019. This is contrary to Ministry of Education – State Department for Vocational and Technical Training Circular No. MOE/TT/ADM/CONF/2/5/27 requires TVET institutions to recruit a competent Human Resource Officer.

In the circumstances, Management was in breach of the law.

2. Un-Approved Board Almanac

Review of board expenses presented for audit indicated total expenditure of Kshs.957,400. However, scrutiny of the board ALMANAC guiding the operational activities of the board to be undertaken during the financial year revealed that the almanac did not contain statutory obligation of the board and the annual budget as required by Circular number OP/CAB.9/1A dated 11 March, 2020 on board meetings from the head of public service. In addition, the Annual Almanac has been prepared and signed by the secretary of the board but was not forwarded to the parent ministry as at 30 June, 2024

contrary to circular ref; OP/CAB.9/1A from head of Public Service dated 11 March, 2020 which requires all Board of Directors to submit their annual ALMANAC to SCAC through the parent Ministry by 30 June of every year.

In the circumstances, Management was in breach of the law.

The audit was conducted in accordance with ISSAI 3000 and ISSAI 4000. The standards require that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that nothing has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk management and overall governance were operating effectively in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of the Management and the Board of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the College's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management is aware of the intention to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements

Appendix I: Unresolved Prior Year Matters

No	Report on the Financial Statements
1	Inaccuracies in the financial statements
2	Unsupported transfers from other National Government entities
3	Valuation of property, plant and equipment
	Report on Lawfulness and Effectiveness in the Use of Public Resources
4	Non-Compliance with Law on Staff Ethnic Composition
	Report on Effectiveness of Internal Controls, Risk Management and Governance
5	Failure to tag assets
6	Weaknesses in internal audit
7	Lack of an approved Information Communication Technology (ICT) Policy

comply with the authorities which govern them and that public resources are applied in an effective way.

The Board of Management is responsible for overseeing the College's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

My responsibility is to conduct an audit of the financial statements in accordance with Article 229(4) of the Constitution, Section 35 of the Public Audit Act, 2015 and the International Standards of Supreme Audit Institutions (ISSAIs). The standards require that, in conducting the audit, I obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with Section 48 of the Public Audit Act, 2015. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In conducting the audit, Article 229(6) of the Constitution also requires that I express a conclusion on whether or not in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way. In addition, I consider the entity's control environment in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015.

Further, I am required to submit the audit report in accordance with Article 229(7) of the Constitution.

Detailed description of my responsibilities for the audit is located at the Office of the Auditor-General's website at: <https://www.oagkenya.go.ke/auditor-generals-responsibilities-for-audit/>. This description forms part of my auditor's report.

19. Notes to the Financial Statements

1. General Information

Emsos TVC is established by and derives its authority and accountability from PFM Act 2012. The Emsos TVC is wholly owned by the Government of Kenya and is domiciled in Kenya. The Emsos TVC's principal activity is to provide Technical Training.

2. Statement of Compliance and Basis of Preparation

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS) allows the use of estimates and assumptions. It also requires management to exercise judgment in the process of applying the Emsos TVC accounting policies. The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the Emsos TVC. The values are rounded off to the nearest shilling. The financial statements have been prepared in accordance with the PFM Act and International Public Sector Accounting Standards (IPSAS). The accounting policies adopted have been consistently applied to all the years presented.

Emsos Technical and Vocational College
Annual Report and Financial Statements for the year ended 30th June 2025

3. Adoption of New and Revised Standards

- i. New and amended standards and interpretations in issue effective in the year ended 30 June 2025.

There are no new and amended standards issued in the financial year.

- ii. New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2025.

Standard	Effective date and impact:
IPSAS 43: Leases	<i>Applicable 1st January 2025</i> The standard sets out the principles for the recognition, measurement, presentation, and disclosure of leases. The objective is to ensure that lessees and lessors provide relevant information in a manner that faithfully represents those transactions. This information gives a basis for users of financial statements to assess the effect that leases have on the financial position, financial performance and cashflows of an Emsos TVC. The new standard requires entities to recognise, measure and present information on right of use assets and lease liabilities.
IPSAS 44: Non- Current Assets Held for Sale and Discontinued Operations	<i>Applicable 1st January 2025</i> The Standard requires, Assets that meet the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less costs to sell and the depreciation of such assets to cease and: Assets that meet the criteria to be classified as held for sale to be presented separately in the statement of financial position and the results of discontinued operations to be presented separately in the statement of financial performance.
IPSAS 45: Property Plant and Equipment	<i>Applicable 1st January 2025</i> The standard supersedes IPSAS 17 on Property, Plant and Equipment. IPSAS 45 has additional guidance/ new guidance for heritage assets, infrastructure assets and measurement. Heritage assets were previously excluded from the scope of IPSAS 17 in IPSAS 45, heritage assets that satisfy the definition of PPE shall be recognised as assets if they meet the criteria in the standard. IPSAS 45 has an additional application guidance for infrastructure assets, implementation guidance and illustrative examples. The standard has clarified existing principles e.g. valuation of land over or under the infrastructure assets, under- maintenance of assets and distinguishing significant parts of infrastructure assets.
IPSAS 46: Measurement	<i>Applicable 1st January 2025</i> The objective of this standard was to improve measurement guidance across IPSAS by: i. Providing further detailed guidance on the implementation of commonly used measurement bases and the circumstances under which they should be used.

**Emsos Technical and Vocational College
Annual Report and Financial Statements for the year ended 30th June 2025**

	<ul style="list-style-type: none"> ii. Clarifying transaction costs guidance to enhance consistency across IPSAS. iii. Amending where appropriate guidance across IPSAS related to measurement at recognition, subsequent measurement and measurement related disclosures. <p>The standard also introduces a public sector specific measurement bases called the current operational value.</p>
IPSAS 47: Revenue	<p><i>Applicable 1st January 2026</i></p> <p>This standard supersedes IPSAS 9- Revenue from exchange transactions, IPSAS 11 Construction contracts and IPSAS 23 Revenue from non- exchange transactions. This standard brings all the guidance of accounting for revenue under one standard. The objective of the standard is to establish the principles that an Emsos TVC shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flow arising from revenue transactions.</p>
IPSAS 48: Transfer Expenses	<p><i>Applicable 1st January 2026</i></p> <p>The objective of the standard is to establish the principles that a transfer provider shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of expenses and cash flow arising from transfer expense transactions. This is a new standard for public sector entities geared to provide guidance to entities that provide transfers on accounting for such transfers.</p>
IPSAS 49: Retirement Benefit Plans	<p><i>Applicable 1st January 2026</i></p> <p>The objective is to prescribe the accounting and reporting requirements for the public sector retirement benefit plans which provide retirement to public sector employees and other eligible participants. The standard sets the financial statements that should be presented by a retirement benefit plan.</p>
IPSAS 50: Exploration For & Evaluation of Mineral Resources	<p><i>Applicable 1st January 2027</i></p> <p>The objective of this Standard is to specify the financial reporting for the exploration for and evaluation of mineral resources. The Standard requires:</p> <ul style="list-style-type: none"> i. Limited improvements to existing accounting practices for exploration and evaluation expenditures. ii. Entities that recognize exploration and evaluation assets to assess such assets for impairment in accordance with this Standard and measure any impairment in accordance with IPSAS 26. iii. Disclosures that identify and explain the amounts in the Emsos TVC's financial statements arising from the exploration for and evaluation of mineral resources and help users of those financial statements understand the amount, timing and certainty of future cash flows from any exploration and evaluation assets recognized.

iii. Early adoption of standards

The Emsos TVC did not early – adopt any new or amended standards in the financial year

4. Summary of Significant Accounting Policies

a) Revenue recognition

i) Revenue from non-exchange transactions

Transfers from other government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the Emsos TVC and can be measured reliably. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, the amount is recorded in the statement of financial position and realised in the statement of financial performance over the useful life of the assets that have been acquired using such funds.

ii) Revenue from exchange transactions

Rendering of services

The Emsos TVC recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours. Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably, and it is probable that the economic benefits or service potential associated with the transaction will flow to the Emsos TVC.

Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

b) Budget information

The original budget for FY 2024/2025 was approved by the Board on 27th June, 2024. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the Emsos TVC upon receiving the respective approvals to conclude the final budget. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget. A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of Cashflows has been presented.

c) Taxes

Current income tax

The Emsos TVC is exempt from paying taxes.

Sales tax/ Value Added Tax

Expenses and assets are recognized net of the amount of sales tax, except:

- When the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
- When receivables and payables are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

d) Investment property

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property. Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition. Transfers are made to or from investment property only when there is a change in use.

e) Property, plant and equipment

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition or construction of the item of property appropriately according to the acronyms you use in your financial statements plant and equipment. When significant parts of property, plant and equipment are required to be replaced at intervals, the Emsos TVC recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus, or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

f) Leases

Finance leases are leases that transfer substantially the entire risks and benefits incidental to ownership of the leased item to the Emsos TVC. Assets held under a finance lease are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the future minimum lease payments. The Emsos TVC also recognizes the associated lease liability at the inception of the lease. The liability recognized is measured as the present value of the future minimum lease payments at initial recognition. Subsequent to initial recognition, lease payments are apportioned between finance charges and reduction of the lease liability to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in surplus or deficit. An asset held under a finance lease is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Emsos TVC will obtain ownership of the asset by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term. Operating leases are leases that do not transfer substantially all the risks and benefits incidental to ownership of the leased item to the Emsos TVC. Operating lease payments are recognized as an operating expense in surplus or deficit on a straight-line basis over the lease term.

g) Intangible assets

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred. The useful life of the intangible assets is assessed as either finite or indefinite. Intangible assets with an indefinite useful life are assessed for impairment at each reporting date.

h) Biological Assets

The Emsos TVC recognizes biological assets when it controls the assets due to past events, it is probable that future economic benefits associated with the asset will flow to the Emsos TVC, and when the fair value or cost of the asset can be measured reliably. Biological assets are initially and subsequently measured at fair value less costs to sell, except where fair value cannot be reliably determined. In such cases, the asset is measured at its cost less accumulated depreciation and any accumulated impairment losses. Changes in fair value less costs to sell are recognized in surplus/deficit in the period in which they occur.

i) Research and development costs

The Emsos TVC expenses research costs as incurred. Development costs on an individual project are recognized as intangible assets when the Emsos TVC can demonstrate:

- The technical feasibility of completing the asset so that the asset will be available for use or sale.
- Its intention to complete and its ability to use or sell the asset.
- How the asset will generate future economic benefits or service potential
- The availability of resources to complete the asset.
- The ability to measure reliably the expenditure during development.

Following initial recognition of an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete, and the asset is available for use. It is amortized over the period of expected future benefit. During the period of development, the asset is tested for impairment annually with any impairment losses recognized immediately in surplus or deficit.

j) Financial instruments

IPSAS 41 addresses the classification, measurement and de-recognition of financial assets and financial liabilities, introduces new rules for hedge accounting and a new impairment model for financial assets. The Emsos TVC does not have any hedge relationships and therefore the new hedge accounting rules have no impact on the Company's financial statements. A financial instrument is any contract that gives rise to a financial asset of one Emsos TVC and a financial

liability or equity instrument of another Emsos TVC. At initial recognition, the Emsos TVC measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through surplus or deficit, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

Financial assets

Classification

The Emsos TVC classifies its financial assets as subsequently measured at amortised cost, fair value through net assets/ equity, or fair value through surplus and deficit on the basis of both the Emsos TVC's management model for financial assets and the contractual cash flow characteristics of the financial asset. A financial asset is measured at amortized cost when the financial asset is held within a management model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. A financial asset is measured at fair value through net assets/ equity if it is held within the management model whose objective is achieved by both collecting contractual cashflows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. A financial asset shall be measured at fair value through surplus or deficit unless it is measured at amortized cost or fair value through net assets/ equity unless an Emsos TVC has made an irrevocable election at initial recognition for particular investments in equity instruments.

Subsequent measurement

Based on the business model and the cash flow characteristics, the Emsos TVC classifies financial Assets into amortized cost or fair value categories for financial instruments. Movements in fair value are presented in either surplus or deficit or through net assets/ equity subject to certain criteria being met.

Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, and that are not designated at fair value through surplus or deficit, are measured at amortized cost. A gain or loss on an instrument that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is de-recognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through net assets/ equity

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through net assets/ equity. Movements in the carrying amount are taken through net assets, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in surplus/deficit. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through surplus or deficit

Financial assets that do not meet the criteria for amortized cost or fair value through net assets/equity are measured at fair value through surplus or deficit. A business model where the Emsos TVC manages financial assets with the objective of realizing cash flows through solely the sale of the assets would result in a fair value through surplus or deficit model.

Trade and other receivables

Trade and other receivables are recognized at fair values less allowances for any uncollectible amounts. Trade and other receivables are assessed for impairment on a continuing basis. An estimate is made of doubtful receivables based on a review of all outstanding amounts at the year-end.

Impairment

The Emsos TVC assesses, on a forward-looking basis, the expected credit loss ('ECL') associated with its financial assets carried at amortized cost and fair value through net assets/equity. The Emsos TVC recognizes a loss allowance for such losses at each reporting date.

Financial liabilities

Classification

The Emsos TVC classifies its liabilities as subsequently measured at amortized cost except for financial liabilities measured through profit or loss.

k) Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

- Raw materials: purchase cost using the weighted average cost method.
- Finished goods and work in progress: cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs.

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost.

Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Emsos TVC.

l) Provisions

Provisions are recognized when the Emsos TVC has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Emsos TVC expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

Contingent liabilities

The *Emsos TVC* does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

Contingent assets

The Emsos TVC does not recognize a contingent asset but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Emsos TVC in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

m) Social Benefits

Social benefits are cash transfers provided to

- i. specific individuals and/or households that meet the eligibility criteria
- ii. mitigate the effects of social risks and
- iii. Address the need of society as a whole.

The Emsos TVC recognises a social benefit as an expense for the social benefits scheme at the same time that it recognises a liability. The liability for the social benefit scheme is measured at the best estimate of the cost (the social benefit payments) that the Emsos TVC will incur in fulfilling the present obligations represented by the liability.

n) Nature and purpose of reserves

The Emsos TVC does not create and maintains reserves in terms of specific requirements.

The Emsos TVC recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

o) Employee benefits

Retirement benefit plans

The Emsos TVC does not provide for retirement benefits for its employees and directors. Defined contribution plans are post-employment benefit plans under which an Emsos TVC pays fixed contributions into a separate Emsos TVC (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable. Defined benefit plans are post-employment benefit plans other than defined-contribution plans. The defined benefit funds are actuarially valued tri-annually on the projected unit credit method basis. Deficits identified are recovered through lump sum payments or increased future contributions on proportional basis to all participating employers. The contributions and lump sum payments reduce the post-employment benefit obligation.

p) Foreign currency transactions

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. At each reporting date, foreign currency monetary items are translated using the closing rate. Non-monetary items measured in historical cost are translated using the exchange rate at the date of the transaction, and those measured at fair value are translated using the exchange rates at the date when the fair value was determined. Exchange differences arising from the settlement of monetary items or translation of monetary/non-monetary items at rates different from those at which they were initially reported are recognized in surplus or deficit in the period.

q) Borrowing costs

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance.

r) Related parties

The Emsos TVC regards a related party as a person or an Emsos TVC with the ability to exert control individually or jointly or to exercise significant influence over the Emsos TVC, or vice versa. Members of key management are regarded as related parties and comprise the directors, the Principal and management.

s) Service concession arrangements

The Emsos TVC analyses all aspects of service concession arrangements that it enters into in determining the appropriate accounting treatment and disclosure requirements. In particular, where a private party contributes an asset to the arrangement, the Emsos TVC recognizes that asset when, and only when, it controls or regulates the services. The operator must provide together with the asset, to whom it must provide them, and at what price. In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the Emsos TVC also recognizes a corresponding liability, adjusted by a cash consideration paid or received.

t) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short-term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

u) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

v) Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2025.

5. Significant Judgments and Sources of Estimation Uncertainty

The preparation of the Emsos TVC financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and assumptions.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Emsos TVC based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Emsos TVC. Such changes are reflected in the assumptions when they occur. IPSAS 1.140

Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Emsos TVC.
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes.
- The nature of the processes in which the asset is deployed.
- Availability of funding to replace the asset.
- Changes in the market in relation to the asset

Provisions

Provisions were raised and management determined an estimate based on the information available.

Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.

(The total of this statement should tie to the cash flow section on net cash flows from/ used in operations)

48. Financial Risk Management

The Emsos TVC's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The company's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The company does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The Emsos TVC's financial risk management objectives and policies are detailed below:

(i) Credit risk

The Emsos TVC has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments.

Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the company's management based on prior experience and their assessment of the current economic environment.

The carrying amount of financial assets recorded in the financial statements representing the Emsos TVC's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

Description	Total amount Kshs	Fully performing Kshs	Past due Kshs	Impaired Kshs
At 30 June 2024 (previous year)				
Receivables from exchange transactions	14,643,846	-	-	-
Receivables from non-exchange transactions	12,196,876	-	-	--
Bank balances	4,753,110	-	-	-
Total	31,593,832	-	-	-
At 30 June 2025(current year)				
Receivables from exchange transactions	20,284,654	-	-	-
Receivables from non-exchange transactions	12,196,876	-	-	-
Bank balances	2,305,016	-	-	-
Total	34,786,546	-	-	-

Emsos Technical and Vocational College
Annual Report and Financial Statements for the year ended 30th June 2025

Financial risk management

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the company has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts.

The Emsos TVC has significant concentration of credit risk on amounts due from xxxx

The board of directors sets the company's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

(ii) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Emsos TVC's directors, who have built an appropriate liquidity risk management framework for the management of the Emsos TVC's short, medium and long-term funding and liquidity management requirements. The Emsos TVC manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

The table below represents cash flows payable by the company under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

Description	Less than 1 month	Between 1-3 months	Over 5 months	Total
	Kshs	Kshs	Kshs	Kshs
At 30 June 2024 (previous year)

Provisions	-	-	-	-
Deferred Income	-	-	-	-
Employee Benefit Obligation	-	-	-	-
Total	1,376,509	-	-	-

(iii) Market risk

The Emsos TVC has put in place an internal audit function to assist it in assessing the risk faced by the Emsos TVC on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the Emsos TVC's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

The Emsos TVC's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day-to-day implementation of those policies.

There has been no change to the Emsos TVC's exposure to market risks or the manner in which it manages and measures the risk.

a) Foreign currency risk

The Emsos TVC has transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of payment is done using the prevailing exchange rate. The carrying amount of the Emsos TVC's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Description	In Kshs	Other currencies	Total
	Kshs	Kshs	Kshs
At 30 June 20XX			
Financial Assets (Investments, Cash, Debtors)	-	-	-
Liabilities			
Trade and Other Payables	-	-	-
Borrowings	-	-	-
Net Foreign Currency Asset/(Liability)	-	-	-

The Emsos TVC manages foreign exchange risk from future commercial transactions and recognised assets and liabilities by projecting for expected sales proceeds and matching the same with expected payments.

Foreign currency sensitivity analysis

The following table demonstrates the effect on the company's statement of comprehensive income on applying the sensitivity for a reasonable possible change in the exchange rate of the three main transaction currencies, with all other variables held constant. The reverse would also occur if the Kenya Shilling appreciated with all other variables held constant.

u	Change in currency rate	Effect on Profit before tax	Effect on equity
	Kshs	Kshs	Kshs
20xx			
Euro	10%	-	-
Usd	10%	-	-
20xx			
Euro	10%	-	-
Usd	10%	-	-

b) Interest rate risk

Interest rate risk is the risk that the Emsos TVC's financial condition may be adversely affected as a result of changes in interest rate levels. The company's interest rate risk arises from bank deposits. This exposes the company to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the company's deposits.

Management of interest rate risk

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

Sensitivity analysis

The Emsos TVC analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. The analysis has been performed on the same basis as the prior year.

Emsos Technical and Vocational College
Annual Report and Financial Statements for the year ended 30th June 2025

iv) Capital Risk Management

The objective of the Emsos TVC's capital risk management is to safeguard the Emsos TVC's ability to continue as a going concern. The Emsos TVC capital structure comprises of the following funds:

Description	FY 2024-2025	FY 2023-2024

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)
		scale remain inhibitors to this process.		
OAG/ERO/2023-2024-1-01-1064-23-EMSTVC/12/(2).	The statement of financial position and as disclosed in Note32 to the financial statements reflects Ksh.152,279,542 in respect to property, plant and equipment which included plant and machinery, computers and related equipment, office equipment ,furniture and fittings. However, physical inspection conducted on February 2025 revealed most of assets of the institution were not tagged for identification.	The management acknowledges that at the time of audit some assets which had just been acquired for FY 2024-2025 were not tagged. Though they were adequately captured in asset register Also the process of asset tagging was delayed due to inadequate funding.	Resolved	
OAG/ERO/2023-2024-1-01-1064-23-EMSTVC/12/(2).	During the year under review, the institution did not have a functional internal audit department and substantively appointed internal auditor The college occasionally used the services of an internal auditor from a neighboring national polytechnic.	The management acknowledges that at the time of audit some assets which had just been acquired for FY 2024-2025 were not tagged. Though they were adequately	Resolved	30 th June ,2026
