The Committee thanks the Office of the Speaker and the Clerk of the National Assembly for the necessary support extended to it in the process of considering the President's reservations to the Finance Bill, 2018.

The Chairperson thanks all the Members of the Committee and the secretariat for their sacrifice and commitment in considering the President's reservations to the Finance Bill, 2018.

## EXECUTIVE SUMMARY

The Finance Bill, 2018 was passed by the National Assembly on Thursday, 30<sup>th</sup> August, 2018. The Bill was seeking to amend various laws relating to taxes and duties and for matters incidental thereto. In line with the powers conferred by Article 115 of the Constitution, H.E the President expressed his reservation to assent to the Finance Bill, 2018. Consequently, the Memorandum was sent to the National Assembly on Thursday, 13<sup>th</sup> September, 2018 detailing the reasons for his reservations. Thereafter, the Speaker vide a communication dated **18<sup>th</sup> September, 2018** conveyed the President's Memorandum on the Finance Bill, 2018 and subsequently referred it to the Departmental Committee on Finance and National Planning for consideration. H.E expressed his reservations together with recommendations as follows: -

1. Insertion of a new definition in Section 2 of the ITA on the term winnings.
2. Deletion of Clause 18(b) relating to the First Schedule to the VAT Act, 2013 which was proposing the extending of the exemption from VAT on Petroleum products from September 2018 to a further period of two years i.e. September 2020.
3. Insertion of a new paragraph in Section 5(2) of the VAT Act, 2013 to provide for VAT for Petroleum products to be at 8 % from 16 % as per the amendment of the VAT Act in 2016. The proposal will also ensure that the taxable value of petroleum products exclude excise duty, fees and other charges and further ensure that the section comes into effect upon passage of the Supplementary Appropriations (No.2) Act, 2018.
4. Proposed amendments to Part I of the First Schedule to the Excise Duty Act, 2015 to provide for levying of excise duty on sugar confectionery (including white chocolate) of tariff heading 17.04; chocolates blocks, slabs or bars of tariffs nos. 1806.31.00, 106.32.00 and 8806.90.00 at the rate of Kshs. 20 per kg.
5. Proposed amendments to Part II of Paragraph 3 of the First Schedule to the Excise Duty Act, 2015 by deleting paragraph I (as contained in the Excise Duty Act, 2015) and substituting with the paragraph as follows "telephone and internet data services shall be charged excise duty at a rate of fifteen percent of their excisable value." Further proposals on the same clause relate to the excise duty on fees for money transfer services by banks, money transfer agencies and other financial service providers at the rate of twenty (20%) percent from the current 10%. The net effect of this move would result in

the doubling of the excise duty on fees charged by banks, money transfer agencies and other financial service providers. The effect of this on the national revenue will yield additional revenue.

6. Insertion of new sections in the Betting, Lotteries and Gaming Act which is meant to reduce betting, lottery gaming, price competition tax payable by the companies from the current 35 % to 15%. Through the amendment made in the Tax Laws Act, 2018, the ITA was amended to provide for the tax payable from winnings at the rate of 20 %. However, the tax payable by companies remained at 35%. The original intention in the tax laws Act was to ensure that the tax burden of 35 % was shared at the ratio of 20: 15 by punters and companies respectively.
7. Insertion of new definitions in Section 2 of the Employment Act to provide for the definition of the terms employee contribution, employer contribution, employees earning and the National Housing Development Fund.
8. Insertion of a new section 31A to the Employment Act to support the housing pillar of the Governments Big Four Plan to have a mandatory contribution of one point five percent of the employee' monthly basic salary contributed by both employer and employee.
9. Insertion of a new section to the Miscellaneous, Fees and Levies Act to include the anti-adulteration levy to illuminating kerosene. This is meant to eliminate adulteration of diesel with kerosene as this will bring at per the cost of kerosene to that of diesel. The levy on illuminating kerosene shall be eighteen shillings per litre of the customs value to be paid by importers at the time of entry into Kenya.

In line with the Speakers Communication, the Committee proceeded to consider the President's Memorandum on the same day. Subsequent meetings were also held on 19<sup>th</sup> September, 2018 where the Committee engaged the National Treasury. The deliberations formed the basis on which the Committee made its decisions.

The Committee having considered the President's Memorandum and recommendations therein adopts the President's proposed amendments to the Finance Bill, 2018 with an exception of the proposal to levy excise duty on sugar confectionery (including white chocolate) of tariff heading 17.04; chocolates blocks, slabs or bars of tariffs nos. 1806.31.00, 106.32.00 and 8806.90.00 at the rate of Kshs. 20 per kg. The Committee is of the view that this will have a negative effect on

the manufacturing pillar of the Big Four Agenda and also make the country uncompetitive within the region.

## **2 CONSIDERATION OF THE PRESIDENT’S RESERVATIONS TO THE FINANCE BILL, 2018**

The Committee held meetings on 18<sup>th</sup> and 19<sup>th</sup> September, 2018 to deliberate on the President’s reservations to the Finance Bill, 2018 and resolved as follows:-

### **2.1 Insertion of a new definition in Section 2 of the ITA – As proposed by the President**

Section 2 of the Income Tax Act is amended by deleting the definition of “winnings” and substituting therefor the following new definition:

“winnings” include winnings of any kind and a reference to the amount or to the payment of winnings shall be construed accordingly”

#### **2.1.1 The Committee’s recommendation**

The Committee agreed to the President’s recommendation to insert a new Clause 2A to the Income Tax Act.

#### **2.1.2 Justification**

This will widen the tax base, remove complexities in computation of the tax and for consistency with the Betting, Lotteries and Gaming Act. The Government projects to collect additional Kshs. 25 billion from this proposal.

### **2.2 Clause 18 – As proposed by the President**

Deletion of Clause 18(b)

### **2.2.1 The Committee's Recommendation**

The Committee agreed to the proposal of the President to delete Clause 18(b) that was seeking to extend the period of imposition of excise duty on Petroleum products by a further two years i.e. September 2020.

### **2.2.2 Justification**

The National Treasury had projected to collect close to Kshs. 35 billion to finance the budget and hence with the extension of period, it was going to leave the budget with a shortfall of Kshs. 35 billion.

### **2.3 Insertion of a new paragraph in Section 5(2) of the VAT Act, 2015 – As proposed by the President**

Inserting New Clause 18A

Section 5 of the VAT Act, 2013 is amended in subsection 2 by inserting the following new paragraph immediately after paragraph (a)

(aa) in the case of goods listed in Section B of Part I of the First Schedule, eight percent (8%) of the taxable value, effective from the date of assent:

Provided that-

- (i) the taxable value in respect of these goods shall exclude excise duty, fees and other charges;
- and
- (ii) despite section 1 of the Finance Act, 2018, this paragraph comes into effect upon enactment of the Supplementary Appropriation Act.

### **2.3.1 The Committee's recommendation**

The Committee agreed to the President's recommendation to insert new clause 18A but also amended by moving the commencement date to clause 1 of the Finance Bill, 2018 and further make reference to Supplementary Appropriation Act (no. 2) of 2018 for specificity.

### 2.3.2 Justification

The intent of this amendment is to ensure that the exemptions in the VAT Act are reduced since this is the best practice for VAT regime. This will widen the tax base hence increasing revenue collection. The National Treasury projects to collect Kshs. 17.5 billion from this tax.

### 2.4 Proposed amendments to Part I of the First Schedule to the Excise Duty Act, 2015 – As proposed by the President

Part I of the First Schedule of the proposal be amended by adding the following new item:

Description	Rate of Excise Duty
Sugar confectionary (including white chocolate) of tariff heading 17.04; chocolate blocks, slabs or bars of tariffs nos. 1806.31.00, 1806.32.00 and 8806.90.00	Shs. 20 per kg

#### 2.4.1 The Committee's Recommendation

The Committee rejected the President's recommendation to Part I of the First Schedule to the Excise Duty Act, 2015.

#### 2.4.2 Justification

- i. Enactment of this recommendation will be against the manufacturing pillar of the Big Four Agenda.
- ii. The amount of money projected to be collected from this tax is only Kshs. 473 million.
- iii. It will make Kenya uncompetitive in the region in terms of confectioneries due to the increased prices as a result of the tax.
- iv. Some confectionery industries may move to neighboring countries hence leading to job losses.

### 2.5 Proposed amendments to Part II of Paragraph 3 of the First Schedule to the Excise Duty Act, 2015 – As proposed by the President

Part II of the First Schedule be amended:

- (i) by deleting paragraph 1 and substituting therefor the following new paragraph:  
Telephone and internet data services shall be charged excise duty at a rate of fifteen percent of their excisable value.
- (ii) by deleting paragraph 2 and substituting therefor the following new paragraph:  
Excise duty on fees charged for money transfer services by banks, money transfer agencies and other financial service providers shall be twenty percent of their excisable value.
- (iii) by deleting paragraph 4 and substituting therefor the following new paragraph:  
Excise duty on other fees charged by financial institutions shall be twenty percent of their excisable value.

### **2.5.1 The Committee's Recommendation**

The Committee agreed to the President's recommendation to amend Part II of Paragraph 3 of the First Schedule to the Excise Duty Act, 2015.

### **2.5.2 Justification**

- i. This recommendation is replacing the 'Robin Hood Tax' which would be more expensive and complicated to compute.
- ii. The revenue collected through this recommendation will be used to finance universal health care.
- iii. The National Treasury projects to collect 20.2 billion from this.

### **2.6 Insertion of new sections in the Betting, Lotteries and Gaming Act**

Insert the following new Sections in the Act-

Section 29A of the Betting, Lotteries and Gaming Act is amended in subsection (1) by deleting the expression "thirty-five" and substituting therefor the expression "fifteen".

Section 44A of the Betting, Lotteries and Gaming Act is amended in subsection (1) by deleting the expression "thirty-five" and substituting therefor the expression "fifteen".

Section 55A of the Betting, Lotteries and Gaming Act is amended in subsection (1) by deleting the expression “thirty-five” and substituting therefor the expression “fifteen”.

Section 59B of the Betting, Lotteries and Gaming Act is amended in subsection (1) by deleting the expression “thirty-five” and substituting therefor the expression “fifteen”.

### **2.6.1 The Committee’s Recommendation**

The Committee agreed to the President’s recommendation to insert new sections in the Betting, Lotteries and Gaming Act.

### **2.6.2 Justification**

The intent of this recommendation is to distribute the tax burdens fairly between the winnings and the companies. The high taxation has a net effect of encouraging the players to bet on international platforms where the tax is not punitive. The recommendation is expected to raise revenue from Kshs. 8.7 billion to between Kshs. 24 billion and Kshs. 30 billion.

### **2.7 Insertion of new definitions in Section 2 of the Employment Act – As proposed by the President**

Section 2 of the Act be amended by defining the following terms-

“employer contribution” means the employer’s contribution payable into the National Housing Development Fund;

“employee contribution” means a contribution payable under this Act for his or her benefit;

“employee earnings” means the taxable amount determined under the ITA for purposes of levying income tax on the employee emoluments.

“National Housing Development Fund” means the Fund established under section 6 of the Housing Act.

### **2.7.1 The Committee's Recommendation**

The Committee's agreed to the President's recommendation to insert new definitions in Section 2 of the Employment Act.

### **2.7.2 Justification**

The proposed Section 31A uses terms that are technical in nature that require to be defined for clarity.

### **2.8 Insertion of a new section 31A to the Employment Act – As Proposed by the President**

The Employment Act is amended by inserting the following new section:

31A (1) An employer shall pay to the National Housing Development Fund in respect of each employee-

- a) the employer's contribution at one point five per centum of the employee's monthly basic salary; and
- b) the employee's contribution at one per centum of the monthly basic employee's salary: Provided that the sum of the employer and employee contributions shall not exceed five thousand shillings monthly.

(2) the benefits to an employee shall accrue as follows-

- a) for employees who qualify for affordable housing, the contributions accrue to the employee and shall be used to finance the purchase of a house under the affordable housing scheme; or
- b) for employees who are not eligible for affordable housing, upon the expiry of fifteen years from the date of the start of making the contributions, or after the attainment of retirement age, whichever is sooner-
  - i. a transfer of their contributions to a pension scheme registered with the Retirement Benefits Authority;

- ii. a transfer of their contributions to any person registered and eligible for affordable housing under the National Housing Development Fund; or
- iii. a transfer of their contributions to their spouse or dependent children; or
- iv. to receive their contributions in cash;

Provided that contributions paid out in cash shall be subject to tax at the prevailing rates.

(3) All contributions shall get a return based on the return on the Fund.

(4) The employer shall remit both employee and employer contributions to the National Housing Development Fund before the ninth day of the following month.

(5) If the contributions due under this section are not paid on or before the day on which the payments are due, a penalty of five percent of the contributions shall be payable by the employer for each month or part thereof during which the contributions remain unpaid, and any such penalties shall be recoverable as a sum due and payable to the National Housing Development Fund.

(6) This section shall become effective upon the Gazettement of Regulations prescribing the requirements for qualification to the scheme by the Cabinet Secretary responsible for housing in consultation with the Cabinet Secretary responsible for finance.

### **2.8.1 The Committee's Recommendation**

The Committee agreed to the President's recommendation to insert a new Section 31A to the Employment Act.

### **2.8.2 Justification**

- i. This will support the Government's agenda on affordable housing.

- ii. The proposal provides for the benefit that will accrue for employees who are not eligible for affordable housing, upon the expiry of fifteen years from the date of the start of making the contributions, or after the attainment of retirement age.
- iii. The recommendation provides for the transfer of one's shares on retirement or if they are not eligible for affordable housing.

## **2.9 Insertion of a new section to the Miscellaneous, Fees and Levies Act – As proposed by the President**

The Miscellaneous Fees and Levies Act is amended by inserting the following new section 8A immediately after section 8-

8A(1) there shall be paid a levy to be known as the anti-adulteration levy, on all illuminating kerosene imported into the country for home use.

(2) the levy shall be at the rate of eighteen shillings per litre of the customs value of the illuminating kerosene and shall be paid by the importer at the time of entering the illuminating kerosene into the country.

### **2.9.1 The Committee's Recommendation**

The Committee agreed to the President's recommendation to insert new section 8A to the Miscellaneous, Fees and Levies Act.

### **2.9.2 Justification**

- i. Fuel adulteration has led to immense losses in the country including loss of business to other countries, damaging of vehicles and pollution.
- ii. The Government projects to raise Kshs. 9.8 billion from the anti-adulteration levy.

#### **MIN.NO.NA/F&NP/2018/380: CONSIDERATION OF THE PRESIDENT'S MEMORANDUM ON THE FINANCE BILL, 2018**

The Chairperson invited the CS, National Treasury, Mr. Henry Rotich to make a submission on the President's memorandum on the Finance Bill, 2018. The CS briefed the meeting as follows:-

1. **Insertion of a new definition in Section 2 of the ITA**

- i. The intent of this recommendation is to widen the tax base, remove complexities in computation and for consistency with the Betting, Lotteries and Gaming Act.
- ii. The Government projects to collect Kshs. 25 billion through this.

## **2. Deletion of Clause 18(b)**

This is to enable the government to Finance the budget for the FY 2018/19.

## **3. Insertion of a new paragraph in Section 5(2) of the VAT Act, 2015**

The intent of this amendment is to ensure that the exemptions on the VAT Act are reduced. This is the best practice for VAT. The narrow tax base has resulted in loss of revenue.

## **MEMBERS' DELIBERATIONS**

- i. On why the enactment of the 16% VAT on petroleum products had been postponed, the CS informed the meeting that this was done due to public outcry.
- ii. On the effects of the 16% VAT on petroleum products on the inflation of the country, the CS informed the meeting that the country's inflation was at 4% in August. The impact of the 16% VAT on petroleum products will be determined from the September inflation which is yet to be determined.
- iii. On which taxes are levied on petroleum products, the meeting was informed that the taxes are excise at 20% and road maintenance levy at 18/= per litre. The 8% VAT will be the third tax on petroleum products and the excisable value will exclude the other existing taxes.
- iv. On the expected revenue from the 8% VAT, the CS informed the meeting that the projected revenue from the tax is 17.5 billion for each FY.
- v. The CS informed the meeting that small retailers do not meet the VAT threshold and will therefore not pay the 8% VAT on sales.

- vi. The meeting noted that it was important to tie the effecting of this tax to this year's Supplementary Appropriation Act as opposed to leaving it open as it was in the President's memorandum.
- vii. The CS undertook to share the total revenue collected from each tax including the projected revenue from the 8% VAT.

#### **4. Proposed amendments to Part I of the First Schedule to the Excise Duty Act, 2015**

The intent of this excise tax is mainly for health reasons because sugar has been listed as one of the items that are creating health risks by WHO and also to increase revenue collection.

#### **MEMBERS' DELIBERATIONS**

- i. The meeting was concerned that the introduction of this tax will result in closure of confectionary industries. The CS assured them that this would not happen because the Government was dealing with the issue of importing contraband goods in the country and this will in turn result in the growth of the confectionery industries and other industries in the country.
- ii. On the expected revenue from this tax, the CS informed the meeting that they were projecting to collect Kshs. 473 million.
- iii. On whether the taxes will make Kenya less competitive in the region, the CS informed the meeting that harmonization of taxes in the region was ongoing and therefore neighboring countries will move to a similar tax regime hence issues of competitiveness will not arise.
- iv. On why the excise tax had not been set at a percentage of the cost, the meeting was informed that excise tax was moved to be specific because at times dealers manipulate prices thus reducing revenue collection.
- v. The tax on beer, cigarettes, soft drinks etc was amended two years ago with an automatic adjustment of 5% on the base.

## **5. Proposed amendments to Part II of Paragraph 3 of the First Schedule to the Excise Duty Act, 2015**

The intent of this is to compensate for the Robin Hood Tax which was complex and to expand the tax coverage.

### **MEMBERS' DELIBERATIONS**

- i. On the revenue projections, the CS stated that the expected revenue from the excise duty is Kshs. 19.2 billion.
- ii. The meeting CS undertook to think through how tax on cash can be implemented in order to discourage money laundering in future.

## **6. Insertion of new sections in the Betting, Lotteries and Gaming Act**

The intent of this recommendation is to prevent over taxation of the sector which can lead to underground betting.

### **MEMBER'S DELIBERATIONS**

- i. Members' noted that it is important for the Government to explain to the public the forms of gambling that are being discouraged by the Government and those that are being taxed.
- ii. The CS stated that the industry needs to be properly regulated and that the Betting Control and Licensing Board was working on regulations. He further stated that the Betting, Gaming and Lotteries Act needs to be modernised.
- iii. On the projected revenue, the CS informed the meeting that they were expecting to collect a revenue of between Kshs. 24 billion to Kshs. 30 billion up from the Kshs. 8.7 billion that they have been collecting. He undertook to provide a breakdown of the revenue expected from the 20% tax on winnings and that expected from the 15%.
- iv. Members were concerned that Kenyans will opt to bet on international platforms where they will not pay taxes. The CS assured them that mechanisms had been put in place to ensure that those who bet on international platforms pay taxes.

**7. Insertion of new definitions in Section 2 of the Employment Act and Insertion of a new section 31A to the Employment Act**

The intent of this is to provide affordable housing to Kenyans.

**MEMBERS' DELIBERATIONS**

- i. Members were noted that it would be unfair to tax contributions paid out in cash. The CS informed them that the contributions will be tax exempt and it would therefore in order for the cash to be taxed.
- ii. On how much the Government will pay for its employees to the fund, the CS informed the meeting that the Government will pay Kshs. 10 billion per annum.
- iii. On the time within which one will receive their money back if they apply for it, the CS stated that this will be provided for in the regulations.
- iv. On public participation, the CS informed the meeting that it had been extensively done as seen from consultative meetings held with stakeholders.

**8. Insertion of a new section to the Miscellaneous, Fees and Levies Act**

Fuel adulteration has led to immense losses in the country including loss of business to other countries, damaging of vehicles and pollution.

The Government will promote the use of cheaper sources of lighting and cooking to the citizenry.

**MIN.NO.NA/F&NP/2018/381: ANY OTHER BUSINESS**

The CS undertook to address the issue of interest rate capping at a later date.
