Ref. No. MOR/

20th August, 2009

To all Members of Parliament

Dear *Waheshimiwa*

Maintenance of Roads under Constituencies Fuel levy Funding

As you are aware the Government through the Ministry of Roads has carried out reforms in the road sub sector in an effort to improve the management of the roads. The road network plays a pivotal role in economic development of our country with current estimates showing that roads account for about 94% of freight transportation. Substantial progress has been realised since the adoption by Parliament of Sessional Paper No. 6 of 2006 which amongst other proposals, recommended the creation of autonomous Road Authorities to take over implementation of road works from the Central Government i.e the Ministry of Roads.

A major milestone of the reform process was realized in the month of September, 2007 with the enactment by Parliament of the Kenya Roads Act 2007. The Act set in motion the creation of three autonomous road authorities namely;

Kenya National Highways Authority (KeNHA) to manage the national/trunk roads
Kenya Rural roads Authority (KeRRA) to manage the rural roads network and
Kenya Urban Roads Authority (KURA) for management of the urban roads network

All the three road authorities were inaugurated by the Right Honourable Prime Minister on 12th September, 2008.

The authorities have since become operational and have taken over their respective mandates with regard to implementation of works in their respective areas of jurisdiction from FY2009/2010.

Kenya Rural Roads Authority is responsible for development, rehabilitation and maintenance of the rural road network that is inclusive of all constituency roads. To be in line with its statutory requirements and to ensure a smooth transition from the Ministry to KeRRA all fuel levy funded constituency work plans as submitted by the District Roads Engineers and approved by the Kenya Roads Board for FY2009/2010 have been adopted by KeRRA for implementation.

KeRRA will ensure all fuel levy funded constituency work plans are implemented taking due regard to quality, time and value for money. KeRRA shall also coordinate all other players in rural roads development and maintenance such as;

- Town and county councils
- Development partners as in our Roads 2000 programmes
- Cess and levy contributions
- CDF contributions
- Exchequer development funding

Attached herewith please find constituency work plans that have already been adopted by the KeRRA Board of Directors for implementation.

On several occasions, I have received complaints from Members of Parliament that works are executed without their knowledge.

The purpose of this letter is to:-

- (i) Bring to your attention the approved work plans.
- (ii) Request you to forward any comments you may have on the work plans direct to the Director General, Kenya Rural Roads Authority with copies to this office.

Funds will be disbursed through KeRRA after due consultations have been completed with Ministry of Finance.

Yours *Sincerely*

Eng. M.S.M Kamau, CBS, HSC
PERMANENT SECRETARY

Encl.
