FOREWORD

I am pleased to present the National Government Budget Implementation Review Report for the first six months of the Financial Year (FY) 2023/24 covering 1st July to 31st December 2023. It has been prepared in fulfilment of Article 228 of the Constitution of Kenya and Section 9 of the Controller of Budget (COB) Act, 2016, which require the Controller of Budget to submit to Parliament quarterly budget implementation reports of the National and County governments within thirty days after the end of each quarter.

The report provides information on budget implementation on the approved budget for FY 2023/24 for the Government. It contains data on receipts into the Consolidated Fund, which is meant to fund government, funds released to support expenditure, budget absorption and key issues identified to be hampering budget implementation and requisite recommendations to address the issues. The report is based on data from the latest approved budget estimates for the FY 2023/24, financial reports submitted to the Controller of Budget Ministries, Department and Agencies (MDAs) in compliance with Section 83(4) of the Public Finance Management Act, 2012, data from the Integrated Financial Information Management System and information gathered by COB when executing her mandate.

The report provides an avenue for the COB to publicize information on budget implementation for the government in line with Section 39(8) of the Public Finance Management Act, 2012. In this regard, it specifically informs the legislature as they play a key role in budget approval and overseeing its implementation, and the Executive who implements the budget. I therefore invite readers of the report to give feedback on matters relating to budget implementation contained in this report.

I take this opportunity to appreciate MDAs' for submitting the financial and non-financial reports to my office and my staff for compiling this report. I commit to remaining steadfast in ensuring budget implementation information is prepared and publicized in line with the law.

EXECUTIVE SUMMARY

The National Government Budget Implementation Review Report for the first six months of FY 2023/24 covers 1st July to 31st December 2023. It has been prepared in fulfilment of Article 228 of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016, which require the CoB to submit quarterly budget implementation reports for the National and County governments to Parliament.

The FY 2023/24 budget is being implemented under the auspices of the Bottom-up Economic Transformation Agenda (BETA). It is the first budget to be implemented under the fourth Medium-Term Plan (MTP) covering 2023 to 2027 of Kenya's Vision 2030 and aims at achieving economic turnaround and inclusive growth by increasing investments in at least five sectors that are envisaged to have a major impact on the economy and household welfare. These sectors include Agricultural Transformation, Micro, Small, and Medium Enterprises (MSMEs), Housing and Settlement, Healthcare, Digital Superhighway, and the Creative Industry. Further, the Agenda also focuses on increasing employment, equitable distribution of income, and social security, while expanding the tax revenue base and increasing foreign exchange earnings.

Already, tax measures outlined in the Finance Act 2023, as well as other proposed strategies laid out in the National Treasury's drafted medium-term revenue plan evidence implementation of this agenda. Additionally, the rollout of several Housing Development Projects under the Housing Development and Human Settlement Programme and the digitisation and financial inclusion for the MSMEs programme, which was allocated Kshs.8.52 billion in FY 2023/24 indicate the implementation progress.

The original gross budget for the National Government for FY 2023/24 was Kshs.4.34 trillion, revised to Kshs.4.54 trillion compared to Kshs.3.67 trillion in FY 2022/23. It comprised Kshs.783.22 billion for ministerial development expenditure (17 per cent of the revised gross budget), and Kshs.3.76 trillion for recurrent expenditure (comprising of Kshs.1.68 trillion for recurrent ministerial expenditure (37 per cent) and Kshs.2.08 trillion for Consolidated Fund Services (CFS) (45.8 per cent).

Receipts into the Consolidated Fund amounted to Kshs.1.44 trillion, representing 33.7 per cent of the revised annual estimates of Kshs.4.28 trillion, compared to Kshs.1.44 trillion (40.5 per cent) received in the first half of FY 2022/23. The total exchequer issues from the Consolidated Fund to MDAs, CFS, and County Governments amounted to Kshs.1.44 trillion, representing 33.7 per cent of the revised net estimates, compared to Kshs.1.37 trillion (38.6 per cent) recorded in the first six months of FY 2022/23. The exchequer issues comprised Kshs.70.41 billion (15.4 per cent) for ministerial development expenditure, Kshs.560.99 billion (41.2 per cent) for ministerial recurrent expenditure, Kshs.667.95 billion (32.1 per cent) to CFS and Kshs.142.47 billion as shareable revenue to County governments (37.0 per cent) of the revised net estimates.

The total expenditure by the National Government amounted to Kshs.1.64 trillion, representing 36.1 per cent of the revised gross estimates of Kshs.4.54 trillion compared to Kshs.1.44 trillion (39.1 per cent) recorded in the first half of FY 2022/23. The expenditure comprised ministerial development expenditure at Kshs.197.41 billion (absorption rate of 25.2 per cent) compared to Kshs.171.61 billion (absorption rate of 24 per cent), recurrent ministerial expenditure at Kshs.752.92 billion (absorption rate of 44.8 per cent) compared to Kshs.677.04 billion (absorption rate of 48.2 per cent) and CFS at Kshs.668.35 billion (32.1 per cent) compared to Kshs.593.65 billion (37.8 per cent) recorded in a similar period FY 2022/23.

The highest development expenditure categories included; capital transfers by the MDAs in the form of subsidies, grants, or direct transfers to Semi-Autonomous Government Agencies (SAGAs) at Kshs.156.87 billion, representing 79.5 per cent of the gross development expenditure. Other budget items were the Purchase of Specialised Plant, Equipment and Machinery at Kshs.9.02 billion and the Construction and Civil Works at Kshs.7.25 million, representing 4.6 per cent and 3.7 per cent, respectively of the gross development expenditure.

A review of the recurrent expenditure shows that Kshs.291.28 billion was spent on personnel emoluments and represents 38.6 per cent of the gross recurrent expenditure by MDAs. However, this amount does not include personnel costs for the National Intelligence Service and the Military. Total Grants/transfers to other government institutions were Kshs.346.62 billion, use of goods and services at Kshs.83.56 billion, while subsidies amounted to Kshs.27.84 billion.

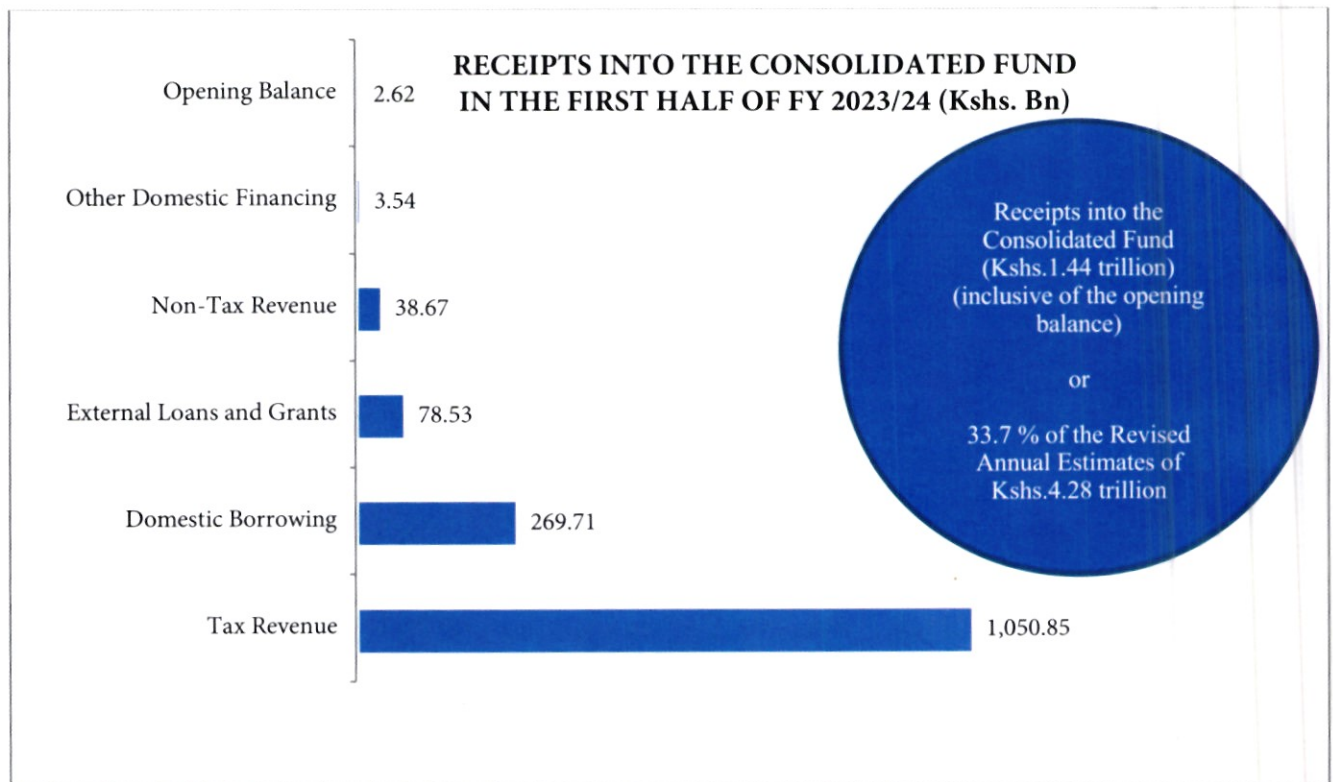

During the reporting period, the Controller of Budget identified key issues and made recommendations to address them. They included: delays in the release of exchequer to both MDAs and Counties, Overdrawn budget lines due to budget rationalisation without considering expenditure already incurred, and a high level of public debt.

To address the challenges, the Controller of Budget recommends the timely release of exchequer issues, regularization of overdrawn budget lines in the Supplementary Budget II and ensuring compliance with the set public debt ceiling to curb further growth in public debt which results in high public debt expenditure.

1 INTRODUCTION

The Office of the Controller of Budget (OCOB) is an independent office established under Article 228 of the Constitution of Kenya. Its primary mandate is to oversee the implementation of the budgets of the National and County governments by authorizing withdrawals from Public Funds under Articles 204, 206, and 207 of the Constitution, any other public fund and to report on the implementation of the budgets of the National and County governments to each House of Parliament every four months.

This report covers the first half of FY 2023/24 and is prepared in line with Section 9(5) of the COB Act 2016, which states that despite the first quarterly report of the year submitted under Section 9, each subsequent report shall contain cumulative amounts from the beginning of that year. In the period under review, the government revised the initial budget through Supplementary Budget I, which was approved by Parliament and assented to by the President. The budget revisions were aimed at implementing presidential directives to cut down on non-core activities. It was during this period, that the government targeted to boost revenue by introducing changes in the tax regime and directed that monies collected by all MDAs and SAGAs be paid through a single paybill account.

The report is presented in six chapters. Chapter One is the introduction. Chapter Two presents receipts into the Consolidated Fund and exchequers issued from the Consolidated Fund to fund expenditures for the Consolidated Fund Services, ministerial development and recurrent budgets and the equitable shareable revenue to the forty-seven counties.

Chapter Three presents a summary of budget performance by the government highlighting both the national government and the forty-seven counties, pending bills status, Consolidated Fund Services and MDAs' expenditure by economic classification disaggregated into major budget items. Consolidated Fund Services comprise Public debt, Salaries, allowances and Miscellaneous Services, Pensions and gratuity.

Chapter Four presents the budget performance of eighty-one MDAs. This contains budget allocations, exchequer issues as a percentage of net estimates and budget absorption by each MDAs. The absorption rate is the proportion of expenditure to the gross budget and expresses the implementation percentage of the budget cumulatively in the financial year. It also presents budget performance by programmes and sub-programmes and key achievements in terms of non-financial deliverables and ongoing projects by MDAs in each of the ten sectors. The ten sectors include (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure, and Information Communications Technology, (iv) Environment Protection, Water and Natural Resources, (v) General Economic and Commercial Affairs, (vi) Governance, Justice, Law and Order, (vii) Health, (viii) National Security, (ix) Public Administration and International Relations, (x) Social Protection, Culture, and Recreation sector.

Chapter Five presents the key issues the Controller of Budget identified as restraining seamless budget implementation in the first six months of FY 2023/24 and the recommended remedies to address these challenges. Chapter Six provides the report's conclusion.

Annexes support the chapters. Annex I shows major foreign currencies exchange rate trend to Kenya shilling, Annex II presents Capital Transfer to SAGAs, Annex III shows MDAs' recurrent performance by economic classification, Annex IV Current Transfer to SAGAs, Annex V shows MDAs pending bills as of 31st December 2023, Annex VI shows State Corporations/State Owned Enterprises/SAGAS pending bills as of 31st December 2023, Annex VII shows MDAs' development expenditure, Annex VIII recurrent expenditure, Annex IX MDAs' development expenditure by sector, Annex X shows MDAs' recurrent spending by sector and Annex XI MDAs' total expenditure by sector.

2 ANALYSIS OF RECEIPTS AND EXCHEQUER ISSUES

2.1 Introduction

This chapter presents the receipts into the Consolidated Fund (CF) and funds released from the CF in the first six months of FY 2023/24. Funds released comprise disbursements to MDAs for development and recurrent expenditure, Consolidated Fund Services and transfers to the forty-seven Counties.

2.2 Revenue Estimates and Receipts into the Consolidated Fund

This section presents a summary of receipts into the Consolidated Fund for the first six months of FY 2023/24. The Consolidated Fund is established under Article 206(1) of the Constitution of Kenya and refers to the account into which all money raised or received by or on behalf of the national government is paid. It nonetheless, excludes monies reasonably excepted by an Act of Parliament and payable into other public funds established for a specific purpose or is retained by the State organ that received it to defray its expenses. It is noteworthy that at the beginning of FY 2023/24, the government directed all money collected by MDAs and SAGAs as a fee on services offered to be deposited into a centralized pay bill account, 222222.

2.2.1 Revenue Estimates for FY 2023/24

The initial FY 2023/24 revenue estimate was Kshs.4.13 trillion in the Approved Budget. This amount was subsequently revised to Kshs.4.28 trillion in Supplementary Budget I and is an increase compared to Kshs.3.62 trillion in FY 2022/23. The growth is attributed to an increase in tax revenue projections.

To finance the budget, the government, through the National Treasury, budgeted to raise revenue from various sources, which include Tax revenue (Kshs.2.50 trillion), Non-tax revenue (Kshs.80.93 billion), Domestic borrowing (Kshs.851.9 billion- comprises of net domestic borrowing Kshs.471.36 billion and internal debt redemption/roll-over Kshs.380.54 billion), External Loans and Grants (Kshs.849.76 billion) and other Domestic financings at Kshs.3.19 billion.

2.2.2 Receipts into the Consolidated Fund

In the first six months of FY 2023/24, total receipts into the Consolidated Fund were Kshs.1.44 trillion, representing 33.7 per cent of the revised annual target, compared to Kshs.1.43 trillion (40.5 per cent of the annual target) recorded in a similar period of FY 2022/23. The receipts comprised opening balances from the previous financial year (FY 2022/23), Tax and Non-Tax Revenue, Domestic borrowing, External Loans and Grants, and Other Domestic Financing. Table 2.1 presents the statement of receipts into the Consolidated Fund for the First Six months of FY 2023/24.

Trend analysis shows a marginal growth of 0.4 per cent (Kshs.6.20 billion) in receipts for the first six months of FY 2023/24 compared to a similar time in FY 2022/23.

2.3 Net Exchequer Issues by the National Treasury

The approved budget estimates have an allocation to all eighty-one MDAs, the forty-seven Counties and three Consolidated Fund Service Votes.

All revenue raised nationally is shared equitably between the national and county governments in line with Articles 202 and 203 of the Constitution. Further, the disbursement of the equitable share of revenue raised nationally to the 47 County Governments from the Consolidated Fund by the National Treasury is expected to be made as per the approved disbursement schedule.

During the first six months of FY 2023/24, net exchequer issues to the National and County governments amounted to Kshs.1.44 trillion, representing 33.7 per cent of the revised annual net estimates, compared to Kshs.1.37 billion (38.6 per cent) issued in a similar period of FY 2022/23. Table 2.2 summarizes exchequer issues by the National Treasury in the first six months of FY 2023/24.

2.4 Exchequer Issues by Sector

The MDAs are classified into ten sectors according to the Classification of Functions of Government (COFOG), which is designed to support fiscal analysis by breaking down Government Fiscal Statistics for comparability across sectors. The ten sectors are (i) Agriculture, Rural and Urban Development, (ii) Education (iii) Energy, Infrastructure, and Information Communications Technology, (iv) Environment Protection, Water and Natural Resources (v) General Economic and Commercial Affairs (vi) Governance, Justice, Law, and Order (vii) Health (viii) National Security (ix) Public Administration and International Relations and (x) Social Protection, Culture and Recreation.

In the first six months of FY 2023/24, exchequer issues to MDAs amounted to Kshs.631.39 billion, representing 34.7 per cent of their annual net estimates compared to 41.9 per cent (Kshs.672.32 billion), recorded in a similar period FY 2022/23. Table 2.3 summarises the sector's exchequer issues First Six months of FY 2023/24.

The GJLO Sector received the highest proportion of exchequer issues to its revised net estimates at 47.4 per cent, while the EI & ICT Sector received the lowest exchequer issues at 15.8 per cent. On the other hand, the GJLO Sector had overall exchequer issues of 47.4 per cent against its net estimates of Kshs.238.34 billion.

2.4.1 Ministerial Development Exchequer Issues by Sector

In FY 2023/24, the initial gross development expenditure budget estimates were Kshs.807.64 billion, which was revised to Kshs. 783.22 billion in Supplementary Budget I, representing 31.8 per cent of the gross ministerial budget of Kshs.2.46 trillion, compared to Kshs.715.35 billion allocated in FY 2022/23. Further analysis shows that the

development Votes received 17.2 per cent of the gross national budget of Kshs.4.54 trillion. Table 2.4 shows sectoral development gross estimates and exchequer issues in the first six months of FY 2023/24.

2.4.2 Ministerial Recurrent Exchequer Issues by Sector

In FY 2023/24, the initial gross ministerial recurrent budget was Kshs.1.68 trillion. This was revised to Kshs.1.36 trillion in Supplementary Budget I, representing 68.2 per cent of the ministerial expenditure allocation of Kshs.2.46 trillion, compared to Kshs.1.4 trillion allocated in FY 2022/23. Further analysis shows that recurrent ministerial expenditure allocation was 37 per cent of the gross national budget of Kshs.4.54 trillion. Table 2.6 shows the sectorial

recurrent estimates and exchequer issues first six months of FY 2023/24.

2.4.3 Exchequer Issues to the Consolidated Fund Services

The CFS comprises funds allocated towards (i) Repayment of Public Debt (domestic and foreign) and government-guaranteed loans to parastatals, (ii) Pensions and Gratuities, (iii) Salaries and Allowances to Constitutional Officeholders and Miscellaneous Services, and (iv) Subscriptions to International Organizations.

The initial allocation to CFS in FY 2023/24 amounted to Kshs.1.96 trillion. This was revised to Kshs.2.08 trillion in Supplementary Budget I, representing 45.8 per cent of the gross national budget of Kshs.4.54 trillion, compared to Kshs.1.57 trillion allocated in FY 2022/23. The growth of 32.5 per cent (Kshs.51 billion) towards CFS in FY 2023/24 in comparison to FY 2022/23 is attributable to increased debt payment obligations. Table 2.8 shows the exchequer issues to CFS in the first six months of FY 2022/23.

In the first six months of FY 2023/24, exchequer issues to CFS were Kshs.667.95 billion, representing 32.1 per cent of the annual net estimates, compared to 35.4 per cent (Kshs.555.81 billion), issued in a similar period FY 2022/23. The increase is attributed to increased debt payment obligations, which was adversely affected by depreciation of the Kenyan shilling against major foreign currencies for foreign debt. Annex 1 shows the trend in exchange rate movement for July to December 2023, specified on page 126

Salaries, Allowances & Miscellaneous Services received the highest proportion of exchequer issues to revised net estimates at 34.6 per cent, while Pensions and Gratuities received the lowest at 31.2 per cent.

2.4.4 Exchequer Approvals and Issues Under Article 223 of the Constitution of Kenya

Article 223 of the Constitution allows the MDAs to access additional funding during the budget implementation process if the amount appropriated for any purpose under the Appropriation Act is insufficient or a need has arisen for expenditure for a purpose for which no amount has been claimed by that Act or money has been withdrawn from the Contingencies Fund.

In the first six months of FY 2023/2024, the Controller of Budget authorised a total of K.shs.3.29 billion under Article 223 of the Constitution. This amount was 0.07 per cent of the gross budget estimates and, therefore, within the 10 per cent ceiling set out in Article 223 of the Constitution. Table 2.9 shows exchequer issues under Article 223 of the Constitution of Kenya in the reporting period.

The cumulative exchequer issues under Article 223 amounted to Kshs.3.29 billion, representing 0.2 per cent of the MDAs' revised net estimates budget of Kshs.1.82 trillion appropriated by Parliament.

In line with Article 223 (2) of the Constitution, the consent of Parliament should be obtained or sought within two months after the first withdrawal of the money. If Parliament is not sitting during the time contemplated in clause (2) or is sitting but adjourns before the approval has been sought, the approval should be sought within two weeks after its next sitting.

2.4.5 Approval for Withdrawals from the Equalization Fund

The Equalisation Fund is established under Article 204 (1) of the Constitution of Kenya, which requires that half a per cent (0.5 per cent) of all the revenue collected by the National government each year, calculated based on the most recent audited revenue received, as approved by the National Assembly, to be paid into the Fund. Article 204(2) of the Constitution provides that the National Government shall use the Equalisation Fund only to provide essential services, including Water, Roads, Health Facilities, and Electricity to marginalised areas to the extent necessary to bring the quality of those services in those areas to the level generally enjoyed by the rest of the nation, so far as is possible.

In the period under review, the Controller of Budget authorized Kshs.95.27 million from the Equalisation Fund comprising Kshs.24.27 million for development expenditure for projects implemented by the State Department of Water and Sanitation, and Kshs.71 million related to the Equalisation Fund Secretariat expenses. Table 2.10 below shows the approval for withdrawals from the Equalisation Fund in FY 2022/23.

3 OVERALL BUDGET PERFORMANCE

3.1 Introduction

This chapter presents the budget implementation summary for the National Government in the first six months of FY 2023/24. The summary is disaggregated by development and recurrent expenditure. Consolidated Fund Services is classified as recurrent expenditure and provides information on Public debt, Pensions, and Gratuities, as well as Salaries and Allowances to Constitutional Office holders and Miscellaneous services. The chapter further disaggregates expenditure by MDAs under major economic items for the development and recurrent votes, respectively.

3.2 FY 2023/24 Overall Budget

The National government original gross budget for FY 2023/24 amounted to Kshs.4.34 trillion, revised to Kshs.4.54 trillion in Supplementary Budget I, compared to Kshs.3.67 trillion in FY2022/23. This comprised of Kshs.807.64 billion for ministerial development expenditure, revised to Kshs.783.22 billion in Supplementary Budget I (see Annex I, referenced on page 167) and Kshs.1.56 trillion for ministerial recurrent expenditures, revised to Kshs.1.68 trillion in Supplementary Budget I (see Annex II referenced on page 170) and Kshs.1.96 trillion for CFS revised to Kshs.2.08 trillion in Supplementary Budget I. This recorded growth compared to Kshs.715.35 billion for ministerial development expenditure, Kshs.1.40 trillion for ministerial recurrent expenditure, and Kshs.1.57 trillion for CFS allocated in FY 2022/23.

To fund the budget, the Government targeted to raise Kshs.4.13 trillion revised to Kshs.4.28 trillion in Supplementary Budget I, comprising of tax revenue of Kshs.2.5 trillion, Non-Tax Revenue of Kshs.80.93 billion, and Other Domestic Financing of Kshs.3.19 billion. The budget will also be funded by domestic borrowings amounting to Kshs.851.89 billion and External Loans and Grants amounting to Kshs.849.76 billion. The domestic borrowing comprises of net domestic borrowing of Kshs.471.36 billion and internal debt redemptions (roll-overs) of Kshs.380.54 billion. The actual receipts in the Consolidated Fund for the first six months of FY 2023/24 were Kshs.1.44 trillion, including an opening balance of Kshs.2.62 billion brought forward from FY 2022/23.

Table 3.1 shows the overall budget performance of the National Government in the first six months of FY 2023/24.

The public debt stock increased by 8.4 per cent from Kshs.10.28 trillion as of June 30th 2023 to Kshs.11.14 trillion as of December 31st 2023. External debt recorded the highest growth at 11.8 per cent while domestic debt recorded 4.5 per cent. High growth in external debt is majorly attributed to the depreciation of the Kenya Shilling against major world currencies since external debt stock is recorded in foreign currencies. Figure 3.4 depicts the trend in public debt stock from December 31st, 2019 to December 31st, 2023.

The original allocation for public debt servicing in FY 2023/24 amounted to Kshs.1.75 trillion. This amount was revised to Kshs.1.87 trillion in Supplementary Budget I, representing 89.8 per cent of the CFS budget, an increase of 34.7 per cent compared to Kshs.1.39 trillion allocated in FY 2022/23 (as at 31st December 2022). The increase is attributed to Kshs.336.26 billion external public debt that will be maturing within the financial year, as indicated in Table 3.4.

The revised Public debt allocation for FY 2023/24 of Kshs.1.87 trillion, comprised of Kshs.918.84 billion for interest payments and Kshs.947.2 billion for redemptions (principal payments). Allocation towards servicing of external debt amounting to Kshs.839.14 billion comprising Kshs.566.66 billion for redemption and Kshs.272.48 billion for interest payments. Allocation to domestic debt amounted to Kshs.1.03 trillion, comprising Kshs.380.54 billion for redemption and Kshs.646.36 billion for interest-payments.

Total expenditure on public debt in the first six months of FY 2023/24 was Kshs.597.56 billion, representing 32 per cent of the revised annual estimates, compared to Kshs.526.02 billion (37.8 per cent) recorded in a similar period FY 2022/23. The expenditure comprised Kshs.234.86 billion towards principal redemption, Kshs.355.18 billion towards interest payments, Kshs.6.69 billion as other charges and Kshs.833.85 million as commitment fees.

External debt servicing amounted to Kshs.238.08 billion, consisting of Kshs.133.19 billion for redemption, Kshs.97.36 billion for interest payment, Kshs.6.69 billion as other charges and Kshs.833.85 million as commitment fees. External debt was affected by the negative effects of a weak shilling as indicated on Annex XII. The total domestic debt payment was Kshs.359.48 billion, comprising of Kshs.101.67 billion and Kshs.257.81 billion for redemption and interest payments, respectively.

3.3.2 Overdraft Facility

The overdraft facility is a temporary source of funds primarily used to finance the shortfall in payment of domestic debt instruments such as matured Treasury Bills and bonds. The government overdraft is managed by the Central Bank of Kenya (CBK), and it is restricted to a maximum of 5 per cent of the most recently audited revenues. According to Section 15 (3) of the PFM Act, it must be paid off by the end of the financial year.

For the financial year 2023/24, the overdraft limit is set at Kshs.97.05 billion and is charged at the prevailing CBK rate on the amount outstanding at the end of each month. During the first six months of FY 2023/24, the CBK rate was 10.5 per cent.

During the first six months of FY 2023/24, the total charge on the overdraft facility amounted to Kshs.4.21 billion, which is an increase of 105.8 per cent compared to the overdraft facility charges of Kshs.2.04 billion during a similar period in FY 2022/23. This increase is due to the gradual change in the CBK rate from 8.75 per cent to 10.5 per cent from 1st July to 30th November and 12.5 per cent in December 2023 respectively. Further, the overdraft limit increased from Kshs.80.05 billion in FY 2022/23 to Kshs.97.05 billion in FY 2023/24. This was after the revision of the Government advances facility as per Section 46(3) of the Central Bank of Kenya Act 2015 CAP 491, which is 5 per cent of Kshs.1.94 trillion audited gross ordinary revenue as of 30th June 2023, excluding domestic borrowing, external loans, and external grants. Table 3.5 shows the charges on overdraft facility by month in the first six months of FY 2023/24.

3.3.3 Salaries and Allowances and Miscellaneous Services

In FY 2023/24, the allocations for Salaries and allowances and Miscellaneous Services (SAM) amounted to Kshs.4.74

billion. This was later revised to Kshs.4.80 billion in Supplementary Budget I compared to Kshs.4.62 billion allocated in FY 2022/23. The 3.7 per cent growth in the budget is attributed to Kshs.45 million budget allocation for employer contribution to the housing levy and other offices including the Office of the Director of Public Prosecutions.

In the first six months of FY 2023/24, the total expenditure on SAM was Kshs.1.64 billion, which is 34.1 per cent of the revised annual estimates as compared to Kshs.1.62 billion (35.1 per cent) recorded in a similar period in FY 2022/23. Figure 3.5 shows the trends in budgetary allocations and expenditures for salaries, allowances, and miscellaneous services from FY 2019/20 to FY 2023/24.

When undertaking her oversight role, the Controller of Budget observed the absorption of SAM, National Gender and Equality Commission budget performance stood at 121.9 per cent against its annual allocation. This is attributed to underbudgeting, and the Controller of Budget recommends the regularisation in the Supplementary Budget II. Additionally, the Controller of Budget noticed that the average SAM budget performance in the first six months was 34.1 per cent, with several SAM categories having less than 50 per cent budget performance as illustrated in Table 3.6. Therefore, the Controller of Budget recommends that the National Treasury address the factors that affect SAM budget performance or rationalise the SAM budget allocations during the remaining period of FY 2023/24.

3.3.4 Guaranteed Debt

As of 31st December 2023, the guaranteed debt stock stood at Kshs.183.08 billion compared to Kshs.170.23 billion as of 30th June 2023 with the increase attributed to the depreciation of the Kenya Shilling against major foreign currencies. Table 3.7 shows the list of guaranteed loans as of 31st December 2023.

In FY 2023/24, the allocation towards payment for guaranteed debt was Kshs.17.19 billion revised to Kshs.18.92 billion in Supplementary Budget I. The total amount paid on guaranteed loans during the first six months of FY 2023/24 amounted to Kshs.6.85 billion, which was payment for Kenya Airways Guarantee with Kshs.5.46 billion being redemption of loan and Kshs.1.39 billion being interest payment.

3.3.5 Pensions and Gratuities

The allocation for Pensions and Gratuity for the FY 2023/24 amounted to Kshs.189.09 billion, a 10 per cent increase from the previous financial year's allocation of Kshs.171.83 billion. This allocation is in four categories: Ordinary Pensions of Kshs.82.93 billion, Commuted Pensions and Gratuities of Kshs.77.56 billion, Other Pension Schemes of Kshs.134.1 million, and the Public Service Superannuation Scheme (PSSS) at Kshs.28.46 billion.

The increase in the Pensions and Gratuity Budget for FY 2023/24 is mainly attributed to the additional allocation towards ordinary pension by Kshs.13.38 billion (19.2 per cent) and the Public Service Superannuation Scheme by Kshs.2.59 billion (10 per cent). This increase brings the total FY 2023/24 allocation towards ordinary pensions to Kshs.82.93 billion and the Public Service Superannuation Scheme to Kshs.28.46 billion.

Total payments towards Pensions and Gratuities in the first six months of FY 2023/24 amounted to Kshs.82.30 billion, representing 43.5 per cent of the gross estimates, compared to Kshs.63.18 billion (36.8 per cent) recorded in FY 2022/23. Table 3.8 shows the performance for various pension categories in the first six months of FY 2023/24.

Notably, the budget implementation of Pensions and Gratuities has been impacted by the downtime of the Pension Information System. Additionally, there has been underfunding from the Exchequer, as evidenced by the release of Kshs.59.01 billion compared to the reported expenditure of Kshs.82.3 billion. Furthermore, the Government of Kenya's contribution (as the employer) remitted to the PSSS had a six-month contribution arrears as the Kshs.4.59 billion remitted to PSSS was payment for May and June 2023. Figure 3.6 shows the Pensions and gratuities performance trend from 31st December 2019 to 31st December 2023.

The Controller of Budget recommends timely funding of Pension and Gratuities Votes and clearance of arrears on Government contribution remittances to PSSS.

3.4 Ministries, Departments, and Agencies Expenditure by Economic Classification

3.4.1 Introduction

This section presents MDAs' expenditure breakdown by economic items for development and recurrent activities in the first six months of FY 2023/24. Development expenditure major economic items include Capital Transfers to SAGAs, Civil Works and Construction of Residential and Non-Residential Buildings, Refurbishment of Buildings/infrastructure, Purchase of Specialised Plant, Equipment, and Machinery, and Pre-Feasibility studies.

Recurrent expenditure major economic items include Compensation to Employees and use of Goods and Services Grants, Subsidies, Social security benefits, Acquisition of Fixed assets and Non-fixed Assets among others. Some of the economic items under use of Goods and Services includes Travelling, Printing and Advertising, Rentals and Rates for Non-Residential Buildings, Training, Hospitality, Maintenance Expenses for motor vehicles and other assets.

3.4.2 Ministries, Departments, and Agencies Economic Items Analysis

Ministerial allocation in FY 2023/24 amounts to Kshs.2.37 trillion, revised to Kshs.2.64 trillion in Supplementary Budget I, comprising Kshs.783.22 billion for development activities and Kshs.1.68 trillion for recurrent programmes. In the first six months of FY 2023/24, the ministerial expenditure was Kshs.950.33 billion (absorption rate of 38.6 per cent), consisting of Kshs.197.41 billion for development activities representing 25.2 per cent and Kshs.752.92 billion for recurrent activities representing 44.8 per cent. Annex XI, referenced on page 132 gives a breakdown of MDAs recurrent performance by economic classification expenditure.

3.4.3 Ministries, Departments, and Agencies Development Expenditure Analysis

In FY 2023/24, gross allocations towards Ministerial development activities amounted to Kshs.807.64 billion, revised to Kshs.783.22 billion in Supplementary Budget I, compared to Kshs.715.35 billion allocated in FY 2022/23. Gross ministerial development expenditure in the first six months of FY 2023/24 amounted to Kshs.197.41 billion, recording an absorption rate of 25.2 per cent, compared to 24 per cent (Kshs.171.61 billion), recorded in a similar period of FY 2022/23. Table 3.9 shows ministerial development expenditure breakdown analysis by economic items in the first six months of FY 2023/24.

Analysis of MDAs' development expenditure by economic classifications shows that the highest expenditure by category was on Capital Transfers by MDAs at Kshs156.87 billion, representing 79.5 per cent of the gross development expenditure. Capital Transfers by the MDAs may be in the form of subsidies, grants, or direct transfers to Semi-Autonomous Government Agencies (SAGAs, which are meant to complement activities and mandates executed on behalf of parent ministries. A summary of the Capital Transfers is annexed to this report (see Annex II referenced on page 127).

Other budget items with significant expenses included Purchase of Specialised Plant, Equipment and Machinery at Kshs.9.02 billion and Construction and Civil Works at Kshs.7.25 billion, representing 4.6 per cent and 3.7 per cent, respectively.

Further analysis shows that the State Department for Economic Planning had the highest Capital Transfers at Kshs.27.69 billion, representing 18.2 per cent of the total Capital Transfers, followed by the State Department for Transport at Kshs.20.08 billion, which represented 13.2 per cent of the total capital transfers.

Figure 3.7 shows the composition of MDAs' development expenditure in the first six months of FY 2023/24.

3.4.4 Ministries, Departments, and Agencies Recurrent Expenditure Analysis

In FY 2023/24, gross allocation to ministerial recurrent expenditure amounted to Kshs.1.56 trillion, revised to Kshs.1.68 trillion in Supplementary Budget I, compared to Kshs.1.40 trillion allocated in FY 2022/23. Gross recurrent expenditure by MDAs in the first six months of FY 2023/24 was Kshs.752.92 billion, representing 44.8 per cent of the revised gross recurrent budget, compared to Kshs.671.88 billion (47.9 per cent) recorded in a similar period FY 2022/23.

A breakdown of expenses by economic items for ministerial recurrent expenditure in the first six months of FY 2023/24 is presented in Table 3.10.

This report has disaggregated ministerial recurrent expenditure into Compensation to Employees, use of Goods and Services, Grants, Subsidies, Social benefits, Acquisition of Fixed assets and Non-fixed Assets. This report annexes the current expenditure performance for Semi-Autonomous Government Agencies/State-Owned Enterprises/State Corporations (see Annex III and IV referenced on page 132 and 136).

3.4.5 Compensation to Employees

Compensation to Employees includes basic salaries for permanent employees, wages for temporary employees, and personal allowances paid as part of the salary, among other payments to staff. The total expenditure under compensation to employees was Kshs.291.28 billion, representing 38.6 per cent of the ministerial gross recurrent spending. This doesn't include expenditure for National Intelligence Services and Kenya Defence Forces, both under the National Security Sector.

3.4.6 Use of Goods and Services

Some of the economic items under this category includes Traveling, Printing, and Advertising, Rent and Rates for non-residential buildings, Training, Hospitality, Legal fees, Insurance, Maintenance expenses for motor vehicles and other assets.

In the first six months of FY 2023/24, Traveling expenditure amounted Kshs.11.38 billion, compared to Kshs.8.11 billion recorded in a similar period FY 2022/23. This comprised domestic travel at Kshs.7.67 billion and Kshs.3.71 billion on foreign travel. Expenditure on insurance was Kshs.12.48 billion, rent and rates on non-residential buildings were Kshs.4.3 billion, Specialised materials and supplies were Kshs.4.92 billion, while hospitality was Kshs.2.91 billion.

3.4.7 Grants

Grants to the MDAs may be in the form of Grants and other transfers, Current Transfers, and emergency relief, which are meant to complement activities and mandates executed on behalf of the parent ministry. In the first six months of FY 2023/24, the total grants reported by MDAs amounted to Kshs.346.62 billion, representing 46.1 per cent of the MDAs' gross recurrent expenditure. Grants comprise of:

- i. **Grants and other transfers-** *The total expenditure reported by MDAs was Kshs.173.34 billion, with the Ministry of Defense reporting the highest transfers of Kshs.68.87 billion followed by the State Department for Roads at Kshs.29.08 billion.*
- ii. **Current transfers (Grants and transfers to other Government Units)-** *The expenditure by MDAs was Kshs.141.40 billion, with the State Department for Basic Education reporting the highest at Kshs.72.77 billion, followed by the National Treasury at Kshs.16.59 billion.*
- iii. **Other transfers and Emergency Relief-** *The total expenditure by MDAs was Kshs.31.91 billion, with the State Department for Higher Education and Research reporting the highest transfer of Kshs.15.03 billion, seconded by the State Department for Social Protection, Pensions and Senior Citizen Affairs at Kshs.12.83 billion..*

3.4.8 Subsidies

This category includes Subsidies to Private enterprises and Subsidies to Public Corporations. In the first six months of FY 2023/24, the total Subsidies reported by MDAs amounted to Kshs.27.84 billion, representing 3.7 per cent of the gross recurrent expenditure. The amount was spent under the State Department for Petroleum towards fuel prices stabilisation by the government.

3.4.9 Social Benefits

This category includes government pensions and retirement benefits, Social Security benefits, Employer social benefits, and Gratuities. MDAs reported a total expenditure of Kshs.142.81 million in the first six months of FY 2023/2024. The State Department for Foreign Affairs recorded the highest Social Benefits at Kshs.29.24 million.

3.4.10 Acquisition of Financial Assets

This category includes domestic loans to other levels of government, Domestic loans to Financial Institutions, Domestic loans to Individuals and households and Domestic Lending and on-lending. MDAs reported a total expenditure of Kshs.390.74 million in the first six months of FY 2023/2024. The Judiciary recorded the highest at Kshs.264.02 million.

3.4.11 Acquisition of Non-Financial Assets

This category includes Refurbishment of Buildings, Purchase of vehicles and other transport equipment, Purchase of furniture and General equipment, and Purchase of Specialized Plant equipment and Machinery. MDAs reported a total expenditure of Kshs.2.66 billion under the category. The State House recorded the highest at Kshs.566.68 million, followed by the National Police Service at Kshs.477.17 million. Figure 3.8 shows the composition of MDAs' recurrent expenditure in the first six months of FY 2023/24.

3.5 Pending Bills for National Government

The total outstanding National government pending bills as of 31st December 2023 amounted to Kshs.538.82 billion, compared to Kshs.481.00 billion reported on 31st December 2022. This comprises Kshs.447.31 billion (83 per cent) for State Corporations (compared to Kshs.400.7 billion) and Kshs.91.51 billion (17 per cent) for MDAs compared to Kshs.80.3 billion recorded in a similar period FY 2022/23.

Table 3.11 presents a summary of pending bills as of 31st December 2023.

*MDAs pending bills do not include bills under litigation which are handled by the Office of the Attorney General

MDAs' pending bills are mainly historical pending bills comprising Kshs.63.0 billion (68.83 per cent) for recurrent expenditure and Kshs 28.51 billion (31.2 per cent) for development expenditure. In the first six months of FY 2023/24, the amount paid for pending bills by MDAs was Kshs.29.69 billion, comprising Kshs.23.64 billion for recurrent and Kshs.6.05 billion for development expenditure. Ineligible pending bills declared in the first six months of FY 2023/24 amounted to Kshs.5.61 million. Annex V shows pending bills for MDAs referenced on page 150.

The State Corporations' pending bills include payments due to contractors/projects, suppliers, unremitted statutory and other deductions, and pension arrears for Local Authorities Pension Trust. The highest percentage of the State Corporations' pending bills (Kshs.209.42 billion as of 31st December 2023) was for Contractors/ Projects (Development). Further, the category of pending bills with the highest increase under State Corporations was the National Health Insurance Fund that increased by 155.9 per cent from Kshs.33.89 million as of 30th June 2023 to Kshs.87.73 million as of 31st December 2023. Pending bills under the State Corporations recording a decrease was Pension Arrears with a decline of 33.2 per cent from Kshs.46.81 million as of 30th June 2023 to Kshs.31.26 million as of 31st December 2023. State Corporations/State Owned Enterprises/SAGAs recorded a decline of 18 per cent (Kshs.46.04 billion) in development pending bills. Annex VI shows pending bills for Enterprises/SAGAs referenced on page 155.

4 BUDGET PERFORMANCE BY SECTOR

4.1 Introduction

MDAs are classified into ten sectors according to the Classification of Functions of Government, which is designed to support fiscal analysis by breaking down Government Fiscal Statistics for comparability. This chapter presents the performance of MDAs by Sector in the first six months of FY 2023/24. It provides budget allocations per Sector detailing specific MDAs' exchequer issues, expenditure, and absorption on the budget (See Annex VII to XI referenced from page 161 to page 170. The chapter also presents the performance of MDAs' programmes and sub-programmes and spending on development projects in the first six months of FY 2023/24.

Sector performance is presented in alphabetical order as follows: (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT), (iv) Environment Protection, Water and Natural Resources (EWNRR) (v) General Economic and Commercial Affairs (GECA) (vi) Governance, Justice, Law and Order (GJLO) (vii) Health (viii) National Security (ix) Public Administration and International Relations (PAIR) (x) Social Protection, Culture and Recreation (SPCR) Sectors.

4.2 Agriculture, Rural and Urban Development Sector

4.2.1 Introduction

Agriculture is a devolved function under the fourth schedule of the Constitution of Kenya. It is a critical sector in the economic pillar of the Kenya Vision 2030.

The ARUD Sector comprises five sub-sectors, namely: The State Department for Lands and Physical Planning; the State Department for Livestock Development; the State Department for the Blue Economy and Fisheries; the State Department for Crop Development/Agriculture Research and the National Land Commission (NLC) together with affiliated Semi-Autonomous Government Agencies and Training Institutions.

During the MTEF period 2023/24-2025/26, the Sector has planned to implement programmes to facilitate food and nutrition security, agro-processing, employment creation, and utilisation of the blue economy. The Sector aims to attain national food and nutrition security, sustainable fisheries, and land management and utilisation of the blue economy.

4.2.2 Budget Performance for ARUD Sector

The budget allocated to the ARUD sector for the financial year 2023/24 was Kshs.87.94 billion, which was later revised to Kshs.98.09 billion in Supplementary Budget I, compared to the Kshs.94.2 billion allocated in the FY 2022/23. This amount represents 2.2 per cent of the revised gross national budget of Kshs.4.54 trillion and 4.0 per cent of the MDAs' budget of Kshs.2.64 trillion. The allocation included Kshs.65.58 billion (66.9 per cent) for development activities and Kshs.32.51 billion (33.1 per cent) for recurrent expenditure. The State Department for Crop Development/Agriculture Research received the highest budgetary allocation of Kshs.60.41 billion (61.6 per cent of the Sector's budget), while the National Land Commission had the lowest budgetary allocation of Kshs.1.60 billion (1.6 per cent of the ARUD Sector allocation).

The high allocation to the State Department for Crop Development/Agriculture Research is due to its vital role in agricultural policy and research management, National food policy, strategic food reserves, crop development, phytosanitary services, international standards compliance, agricultural farmers' training and agricultural land resources inventory and management. Figure 4.1 shows the trend of budgetary allocation for the ARUD sector for the period FY 2019/20 to FY 2023/24.

The total exchequer issues to the ARUD sector amounted to Kshs.24.31 billion, representing 30.8 per cent of the Sector's net estimates. This amount comprised Kshs.15.69 billion for development expenditure, representing 27.4 per cent of development net estimates, and Kshs.8.63 billion for recurrent activities, representing 39.7 per cent of recurrent net estimates. Table 4.1 shows the ARUD sector analysis of exchequer issues and expenditures first six months of FY 2023/24.

In the first six months of FY 2023/24, the State Department for Blue Economy and Fisheries received the highest proportion of development exchequer issues to development net estimates for both development and recurrent expenditure at 34.6 per cent and 47.1 per cent respectively. The State Department for Livestock received the lowest proportion of development exchequer issue to net estimate at 15.4 per cent while State Department for Crop Development/Agriculture Research received the lowest for recurrent budget at 34.4 per cent. National Land Commission did not receive development exchequer issues. Figure 4.2 shows the exchequer issues in ARUD Sector in the first six months of FY 2023/24.

Figure 4.2: Exchequer Issues to ARUD Sector

The total expenditure for the ARUD Sector amounted to Kshs.33.05 billion, representing 33.7 per cent of the revised gross estimates, compared to Kshs.35.96 billion (52.1 per cent) recorded in a similar period FY 2022/23. This amount comprised Kshs.21.78 billion for the development budget representing an absorption rate of 33.2 per cent, compared to 50.0 per cent recorded in FY 2022/23, and Kshs.11.27 billion for recurrent expenditure representing 34.7 per cent of the recurrent gross estimates, compared to 55.5 per cent recorded in a similar FY 2022/23. The sector recorded a decline compared to a similar period in FY 2022/23.

The State Department for Lands and Physical Planning recorded the highest absorption of the development budget at 45.8 per cent, while the National Land Commission recorded the lowest at 6.2 per cent. This is attributed to effective land administration and management of land resources. The State Department for Lands and Physical Planning recorded the highest recurrent expenditure to gross estimates at 48.0 per cent, while the State Department for Livestock recorded the lowest at 24.2 per cent.

4.2.3 Budget Execution by Programmes and Sub-Programmes for ARUD Sector

The allocation to the ARUD sector was to fund twelve (12) programmes. Table 4.2 summarises the budget execution by programmes and sub-programmes in the first six months of FY 2023/24.

Analysis of Programmes and Sub-programmes shows that the National Land Commission's Land Dispute and Conflict Resolution programme has the highest recurrent absorption rate of 80.0 per cent.

4.2.4 Key Achievements by MDAs in the ARUD sector

During the period under review, the State Department for Crop Development/Agriculture Research analysed 208 samples of pest control products and availed them to the users, under the pest control products board delivery unit of the Agricultural Research and Development programme. Further, the Department also provides value chain support services by training 260 groups against a target of 250. Also, under the agribusiness and market development sub-programme, the Department capacity-built 497 farmers on rice production technologies for enhancement of rice production.

The State Department for Livestock has only one programme to promote, regulate and facilitate the livestock sector for social-economic development and industrialization. Under the livestock policy development and capacity building sub-programme, the State Department trained in collaboration with other stakeholders 357 trained pastoralists against a target of 340 in Narok and Isiolo counties under the regional pastoral resource centre delivery unit. The Department also inspected 26,775 milk handling premises for quality and safety standards of marketed dairy produce against a target of 17,500. Under the livestock disease management and control sub-programme, 2 surveillance missions were carried out on Rift Valley fever and bird flu in Machakos and Kakamega counties respectively against a target of one.

The State Department for Blue Economy and Fisheries is responsible for the facilitation of sustainable management and development of fisheries resources, aquaculture and blue economy for accelerated socio-economic development. Under fisheries policy, strategy and capacity building sub-programme, 50 per cent of Fish Levy Trust Fund regulations (FLTF) were operationalized, drafted human resource operation manual, fish levy order, and funds disbursement guidelines. In addition, under the spatial planning and coastal zone management sub-programme, 60 per cent of marine spatial plans were developed under the directorate of the blue economy development delivery unit.

The State Department for Lands and Physical Planning registered and issued 185,366 title deeds against an annual target of 405,000 under the development planning and land administration sub-programme. Further, 2,070 landless/squatter households were settled, in Transzoia (1684), Taita Taveta- matter village phase 1 (386) against the annual target of 12,000. In addition, 11,158 land parcels were geo-referenced to produce cadastre maps and plans. The preliminary activities for the preparation of the physical and land use development plan for Olkalou town in Nyandarua County and Holili border town in Taita Taveta County were completed, which was undertaken through land use sub-programme

Through the land Administration and Management Sub programme, the National Land Commission prepared 44 letters of allotment, and processed 2 consents on land leasing on public institutional lands and state agencies against the target of 1. The Commission also published public notices on regularization and approved allocation of 5 plots surpassing their annual target of 4 and the commission monitored 4 county spatial plans against the annual target of 7.

4.2.5 Project Implementation for ARUD Sector

Most of the development projects are multi-year in nature and implemented over some time. In the first six months of FY 2023/24, the ARUD Sector incurred a development expenditure of Kshs.21.78 billion, representing an absorption rate of 33.2 per cent. Table 4.3 summarises some of the projects with the highest expenditure in the reporting period for the ARUD sector.

4.3 Education Sector

4.3.1 Introduction

The Education Sector comprises four MDAs, which include the State Department for Vocational and Technical Training, the State Department for Higher Education and Research, the State Department for Basic Education and the Teachers Service Commission (TSC), together with their affiliated Agencies and Institutions.

The Sector envisions attaining “*Quality and inclusive education, training and research for sustainable development*” in Kenya. The Sector’s strategic objectives include: enhancing access, equity, quality and relevance in education, training and research; establishing, maintaining and managing professional teaching and learning services for all early learning centres, primary, secondary and tertiary institutions; enhancing development capacities for Science Technology and Innovations; enhance mechanisms for dissemination and commercialisation of research findings; improve data quality and sharing in education, training, research and labour market; promote vibrant industry - institutional linkages in the area of skilling for employability; and integrate ICT in Education, Training and Research for management, teaching and learning at all levels.

Worth noting is that the ongoing education transitions from the 8-4-4 to the 2-6-6-3 system will require substantial investment in infrastructure, equipment, and human capital in FY 2023/24 and the medium term 2023/24 to 2025/26.

4.3.2 Budget Performance for the Education Sector

The budgetary allocation to Education in FY 2023/24 amounted to Kshs.628.58 billion, which was later revised to Kshs.689.61 billion in Supplementary Budget I, compared to the Kshs.568.22 billion allocated in FY 2022/23. This amount represents 15.2 per cent of the revised gross national budget of Kshs.4.54 trillion and 28.0 per cent of the MDAs’ budget of Kshs.2.64 trillion. The allocation included Kshs.33.95 billion (4.9 per cent) for development activities and Kshs.655.66 billion (95.1 per cent) for recurrent expenditure. Teachers Service Commission received the highest budgetary allocation of Kshs.343.40 billion (49.8 per cent of the Sector’s budget), while the State Department for Vocational and Technical Training had the lowest budgetary allocation of Kshs.24.83 billion (4.8 per cent of the Education Sector allocation).

The high allocation to the Teachers Service Commission is attributed to its role in teacher management for basic education. Figure 4.3 shows the budgetary allocation trends of the Education sector for the period FY 2019/20 to FY 2023/24.

The total exchequer issues to the Education sector amounted to Kshs.232.59 billion, representing 37.8 per cent of the Sector's revised net estimates. This amount comprised Kshs.10.95 billion for development expenditure, representing 38.1 per cent of development revised net estimates, and Kshs.221.64 billion for recurrent activities, representing 37.8 per cent of recurrent net estimates. Table 4.4. shows the Education sector analysis of exchequer issues and expenditures for the first six months of FY 2023/24.

The total expenditure for the Education Sector amounted to Kshs.308.23 billion, representing 44.7 per cent of the revised gross estimates, compared to Kshs.243.16 billion (44.7 per cent) recorded in a similar period of FY 2022/23. This amount comprised Kshs.8.80 billion for the development budget representing an absorption rate of 25.9 per cent, compared to 8.27 billion (28.6 per cent) recorded in a similar period FY 2022/23, and Kshs.299.44 billion for recurrent expenditure representing 45.7 per cent of the recurrent revised gross estimates, compared to Kshs.234.89 billion (45.6 per cent) recorded in a similar period 2022/23.

The State Department for Vocational and Technical Training recorded the highest absorption of the development budget at 34.2 per cent, while the State Department for Higher Education and Research recorded the lowest at 7.1 per cent. The State Department for Basic Education recorded the highest proportion of recurrent expenditure to gross estimates at 62.0 per cent, while the State Department for Higher Education and Research recorded the lowest

at 28.3 per cent.

4.3.3 Budget Implementation by Programmes and Sub-Programmes for Education Sector

The Education sector's budgetary allocation was to fund thirteen programmes.

Analysis of Programme and sub-programmes shows that the School Health, Nutrition and Meals sub-programme under the State Department for Basic Education had the highest absorption of 100 per cent while the Examination and Certification sub-programme recorded the lowest absorption of 15.7 per cent.

4.3.4 Key achievements by MDAs in the Education sector

The State Department for Teachers Service Commission under the Teacher Resource Management sub-programme targeted to recruit 20,000 intern teachers, and as of 31st December 2023, it achieved the target. The Teachers Service Commission set out to improve the quality of learning in schools through the Governance and Standards Programme. The Teacher Management Unit for Secondary trained 6,346 teachers on the School-Based Teacher Support System and trained 800 teachers on peer-to-peer support. The Governance and Standards unit improved the quality of learning by appraising 94.2% of teachers on Teacher Performance Appraisal and Development (TPAD), sensitized 1,177 field officers on TPAD and trained 1,177 teachers on personal computers and TPAD. The Teacher Capacity Development unit trained 45,362 teachers and 985 tutors on the Competency-Based Curriculum (CBC).

The State Department for Higher Education and Research aimed at improving the quality of university education. The Kenya Universities and Colleges Central Placement Service (KUCCPS) placed 140,107 students in universities, and 168,947 students placed in Technical and Vocational Training institutions. Further, sensitized 844 teachers on career guidance and guided 650 secondary schools on career choices. Commission for University Education (CUE) audited 7 universities against a target of 9, quality assured and accredited 10 institutions and evaluated 80 per cent of programme applications. Higher Education Support Services provided student financing services to 468,019 students in Public Universities, sponsored 68,994 students to Private Universities and awarded 356,182 student loans as an incentive for students to further their education.

4.3.5 Project Implementation for the Education Sector

Most of the development projects are multi-year in nature and implemented over some time. In the first six months of FY 2023/24, the Education Sector incurred a development expenditure of Kshs.8.80 billion, representing an absorption rate of 25.9 per cent.

Table 4.6 summarises the development of some of the projects with the highest expenditure in the reporting period in the Education sector.

4.4 Energy, Infrastructure, and Information Communications Technology (EI & ICT) Sector

4.4.1 Introduction

This Sector consists of ten MDAs: The State Department for Roads; Transport; Shipping and Maritime Affairs; Housing and Urban Development; Public Works; Information Communications Technology and Digital Economy; Broadcasting and Telecommunications; Energy; and Petroleum.

The EI&ICT sector aims to provide sustainable infrastructure development, a vibrant shipping and maritime industry, universal access to Information Communications Technology (ICT), Transport and built environment services, and accessible, affordable, quality and competitive energy and petroleum products.

The EI&ICT Sector plays a vital role as an enabler of the country's socio-economic development. It is a crucial sector in realising Vision 2030 and the BETA Agenda.

4.4.2 Budget Performance for EI & ICT Sector

The budgetary allocation to the EI&ICT sector in FY 2023/24 was Kshs.528.15 billion, revised to Kshs.528.15 billion in Supplementary Budget I, compared to the Kshs.344.13 billion allocated in the previous financial year. This amount represents 11.6 percent of the revised gross national budget of Kshs.4.54 trillion and 21.4 percent of the MDAs' budget of Kshs.2.46 trillion. The allocation comprised of Kshs.349.41 billion (66.2 percent) for development activities and Kshs.178.74 billion (33.8 percent) for recurrent expenditure. The State Department for Roads received the highest budgetary allocation of Kshs.232.69 billion (44.1 percent of the Sector's budget), while the State Department for Shipping and Maritime had the lowest budgetary allocation of Kshs.3.26 billion (0.6 percent of the EI & ICT Sector allocation).

Figure 4.5 shows the budgetary allocation trend for the EI & ICT Sector for FY 2019/20 to FY 2023/24.

The total exchequer issues to the EI&ICT sector amounted to Kshs.21.50 billion, representing 15.8 per cent of the Sector's net estimates. This amount comprised Kshs.13.48 billion for development expenditure, representing 11.3

per cent of development net estimates, and Kshs.8.02 billion for recurrent activities, representing 46.7 per cent of recurrent net estimates. Table 4.7 shows an EI&ICT sector analysis of exchequer issues and expenditure in the first six months of FY 2023/24.

The total expenditure for the EI&ICT Sector amounted to Kshs.128.44 billion, representing 24.3 per cent of the revised gross estimates, compared to Kshs.155.33 billion (38.1 per cent) recorded in similar period, FY 2022/23. This amount comprised Kshs.69.52 billion for the development budget representing an absorption rate of 38.9 per cent, compared to 21.7 per cent recorded in a similar period 2022/23, and Kshs.58.92 billion for recurrent expenditure representing 16.9 per cent of the recurrent gross estimates, compared to 72.7 per cent recorded in a similar period FY 2022/23.

The State Department for Broadcasting Telecommunication recorded the highest absorption of development budget at 67.8 per cent, while the State Department of Shipping and Maritime Affairs recorded the lowest at 0.8 per cent. This is attributed to formulation, review and implementation of appropriate broadcasting and telecommunication policies, legal and institutional frameworks that improve the efficiency of public service delivery.

The State Department for petroleum recorded the highest recurrent expenditure to gross estimates at 51.4 per cent, while the State Department for transport recorded the lowest at 10.4 per cent and is attributed to inadequate funding /delay in exchequer release.

4.4.3 Budget Performance by Programmes and Sub-Programmes for EI&ICT Sector

The EI & ICT sector budgetary allocation was to fund twenty-five programmes. Table 4.8 shows budget execution by programmes.

Analysis of Programme and sub-programmes shows that Human Resources and Support Services sub programme under the State Department for Transport has over absorption rate of 83.0. while General Administration Planning and Support Services programme under the State Department for Housing and Urban Development had the lowest absorption at 0.5 per cent.

4.4.4 Key Achievements by MDAs In The EI&ICT Sector

The State Department for Transport is responsible for efficient and safe transport services, reducing transport and traffic congestion costs, ensuring efficient, secure and safe maritime transport and enhancing air transport safety, security, and connectivity. During period under review, the department trained 846 plant operators, 395 contractors, 696 artisan/ technician against annual target of 1,910 operators, 1,300 contractors, 2,120 artisans/technicians respectively under Kenya institute of highways and building technology (KIHBT) delivery unit. The department also constructed 23 bridges under the construction of roads, and bridges sub programme against a target of 23. In addition, under maintenance of road sub programme, the department maintained 17,983 km of under routine roads against a target of 32,396 km.

Further, under the coastline infrastructure pedestrian access sub programme, the state department for public works constructed the New Makowe Jetty whose implementation was at 99 per cent against a target of 100 percent. Further the department constructed county government headquarters with following percentages of completion; Isiolo county (60%), Tharaka Nithi county (82%), and Lamu county (60%). The department also implemented the Voi pool housing from 70 per cent to 71 per cent under stalled and new government building sub programme.

The State Department for Energy, under geothermal development sub programme constructed the 83.3-Megawatt Olkaria 1 unit 6 power plant to 99 per cent completion. The department also trained 79 persons on nuclear energy

against a target of 50 under the nuclear development sub programme. Further the department connected 256,206 customers to power against annual target of 350,000 customers. It also constructed 5 sub stations against a target of 9 under the national grid system sub programme. A total of 170 public facilities were connected to electricity against a target of 340 under rural electrification sub programme.

4.4.5 Project Implementation for the EI&ICT Sector

Most of the development projects are multi-year in nature. In the first six months of FY 2023/24, the EI&ICT Sector incurred a development expenditure of Kshs.58.92 billion, representing an absorption rate of 16.9 per cent.

Table 4.9 summarises the development of some of the projects with the highest spending in the reporting period in the EI&ICT sector.

4.5 Environmental Protection, Water, and Natural Resources Sector

4.5.1 Introduction

The Environment Protection, Water, and Natural Resources (EPWNR) Sector consists of six (6) MDAs: State Departments for Environment & Climate Change; Forestry; Water and Sanitation; Irrigation; Wildlife; and Mining. The Sector has several Autonomous Agencies and Semi-Autonomous Government Agencies. In addition, the Sector has the following entities: The National Environmental Complaint Committee, the National Environment Tribunal, the Hydrologists Registration Board, and the Wildlife Clubs of Kenya.

The goal of the Sector is ensuring sustainable development in a clean and secure environment with various objectives, including enhancing climate change resilience and low carbon emission, improving utilisation of land through irrigation and land reclamation, and promoting equitable and sustainable use of wildlife resources.

The Sector plays a pivotal role in securing, stewarding, and sustaining the environment, Kenya's natural capital, water provision, and generating foreign exchange for the country. The Sector promotes socio-economic development to realise the Kenya Vision 2030 and BETA Agenda.

4.5.2 Budget Performance for EPWNR Sector

The annual budgetary allocation to the EPWNR sector in FY 2023/24 amounted to Kshs.120.56 billion, revised to Kshs.125.52 billion in Supplementary Budget I, compared to the Kshs.95.63 billion allocated in the previous financial year of 2022/23. This amount represents 28.3 per cent of the revised gross national budget of Kshs.4.54 trillion and 5.1 per cent of the MDAs' budget of Kshs.2.46 trillion. The allocation comprised Kshs.90.79 billion (72.3 per cent) for development activities and Kshs.34.72 billion (27.7 per cent) for recurrent expenditure. The State Department for Water and Sanitation received the highest budgetary allocation of Kshs.64.91 billion (51.7 per cent of the Sector's budget), while the State Department for Mining had the lowest budgetary allocation of Kshs.3.78 billion (0.7 per cent of the EPWNR Sector allocation).

Figure 4.7 shows the budgetary allocation trend for the EPWNR Sector for FY 2019/20 to FY 2023/24.

The total exchequer issues to the EPWNR sector amounted to Kshs.18.96 billion, representing 25.3 per cent of the Sector's revised net estimates. This amount comprised Kshs.10.91 billion for development expenditure, representing 19.8 per cent of development revised net estimates, and Kshs.8.05 billion for recurrent activities, representing 40.7 per cent of recurrent revised net estimates. Table 4.10 shows EPWNR sector analysis of exchequer issues and expenditure in the first six months of FY 2023/24.

The State Department for Irrigation received the highest proportion of development exchequer issues to development revised net estimates at 32.3 per cent in the period under review while the State Department for Wildlife received the lowest at 9.0 per cent. The State Department for Forestry recorded the highest proportion of recurrent exchequer issues to recurrent revised net estimates of 52.8 per cent compared to the State Department for Mining, which recorded the lowest ratio of 22.1 per cent. Figure 4.8 shows the exchequer issues to the EPWNR Sector in the first six months of FY 2023/24.

The total expenditure for the EPWNR Sector amounted to Kshs.35.55 billion, representing 28.3 per cent of the gross estimates, compared to Kshs.23.64 billion (22.1 per cent) recorded in a similar FY 2022/23. This amount comprised

Kshs.24.16 billion for the development budget representing an absorption rate of 26.6 per cent, compared to 16.1 per cent recorded in a similar period FY 2022/23, and Kshs.11.39 billion for recurrent expenditure representing 32.8 per cent of the recurrent revised gross estimates, compared to 42.1 per cent recorded in the first six months FY 2022/23.

The State Department for Irrigation recorded the highest absorption of the development budget at 28.0 per cent, while the State Department for Wildlife recorded the lowest at 11.4 per cent. The State Department for Environment and Climate Change recorded the highest recurrent expenditure to gross estimates at 42.2 per cent, while the State Department for Water and Sanitation recorded the lowest at 23.3 per cent.

4.5.3 Budget Performance by Programmes and Sub-Programmes for EPWNR Sector,

The budgetary allocation to the EPWNR sector was to fund sixteen programmes. Table 4.11 shows budget execution by programmes and sub-programmes in the first six months of FY 2023/24.

Analysis of Programme and sub-programmes analysis shows that Water Towers Rehabilitation and Conservation under the State Department for Environment and Climate Change recorded 100 per cent absorption of budgetary allocation.

4.5.4 Key Achievements by MDAs in the EPWNR Sector

The State Department for Water and Sanitation under the Water Policy Management sub-programme through Kenya Water Institute graduated 1,282 trainees recording 100 per cent of graduating of all enrolled students. Under the Water Resources and Conservation and Protection sub-programme, additional water permits issued exceeded the target of 525 permits by 319 permits. In addition, water quality monitoring in rivers targeting to map pollution hotspots and discharges upstream of Thwake dam, Kiambu, Nairobi and Middle Athi recorded 100 per cent against 100 per cent of the annual target.

The State Department for irrigation under Irrigation and Drainage sub-programme, 4,300 acres rehabilitated against a target of 4,276 acres at the Bura Irrigation Scheme. This was occasioned by acreage opened up in the commercial farm and by the outgrowers. In addition, acreage under irrigation at Thiba Dam and irrigation area was 26,310 acres against targeted 35,000 and variance to be covered in the remaining period of the year.

Wildlife Security, Conservation and Management under the State Department for Wildlife, 4 water pans were constructed in Tsavo Conservation Area through collaborations with partners against a target of 2. The department also recorded 100 per cent response rate to clinical interventions.

The State Department for Mining, under the directorates of mines sub-programme operationalized 19 Online Transactional Mining Cadastre Portals against the annual target of two.

4.5.5 Project Implementation for EWPNR Sector

Most of the development projects are multi-year in nature and implemented over time. In the first six months of FY 2023/24, the EWPNR Sector incurred a development expenditure of Kshs.24.16 billion, representing an absorption rate of 26.6 per cent. Table 4.12 summarises the development of some of the projects with the highest expenditure in the reporting period in the EWPNR sector.

4.6 General Economic and Commercial Affairs Sector

4.6.1 Introduction

The General Economic and Commercial Affairs (GECA) sector consists of eight MDAs, namely the State Departments for Trade; ASALs and Regional Development; Cooperatives; Industry; Micro, Small and Medium Enterprises Development; Investment Promotion; East African Community; and Tourism together with their affiliated Agencies and Institutions.

The main objectives of the Sector over the MTEF period are to transform the Micro, Small and Medium Enterprise (MSMEs), promote and sustain tourism, promote industrial development investments promotion, enhance trade

and ease of doing business, promote growth and development of cooperatives and MSMEs Sector, promote regional integration as well as to promote equitable and sustainable ASALs and regional development.

4.6.2 Budget Performance for GECA Sector

The budgetary allocation to the GECA sector in FY 2023/24 amounted to Kshs.61.42 billion revised to Kshs.72.4 billion in Supplementary Budget I, compared to the Kshs.29.08 billion allocated in FY 2022/23. This amount represents 1.6 per cent of the revised gross national budget of Kshs.4.54 trillion and 2.9 per cent of the ministerial budget of Kshs.2.46 trillion. The allocation includes Kshs.32.87 billion (45.4 per cent) for development activities and Kshs.39.58 billion (54.6 per cent) for recurrent expenditure. The State Department for the ASALs and Regional Development received the highest budgetary allocation of Kshs.24.06 billion (33.2 per cent of the Sector’s budget), while the State Department for East African Community had the lowest budgetary allocation of Kshs.927.71 million (1.3 per cent of the Sector’s allocation).

The high allocation to the State Department for the ASALs and Regional Development is due to the high allocation for Accelerated ASAL Development amounting to Kshs.16.08 billion, Figure 4.9 shows the budgetary allocation trend for the GECA sector for the period FY 2019/20 to FY 2023/24.

The total exchequer issues to the GECA sector amounted to Kshs.14.21 billion, representing 25.1 per cent of the Sector’s revised net estimates. This amount comprised Kshs.3.91 billion for development expenditure, representing 12.1 per cent of development revised net estimates, and Kshs.10.30 billion for recurrent activities, representing 42.6 per cent of recurrent revised net estimates. Table 4.13 analyses exchequer issues and expenditures to the GECA sector in the first six months of FY 2023/24.

The total expenditure for the GECA Sector amounted to Kshs.20.20 billion, representing 27.9 per cent of the gross estimates, compared to Kshs.5.84 billion (22.4 per cent) recorded in a similar period FY 2022/23. This amount comprised Kshs.6.97 billion for the development budget representing an absorption rate of 21.2 per cent, compared to Kshs.906.33 million (13.1 per cent) recorded in FY 2022/23, and Kshs.13.23 billion for recurrent expenditure representing 33.4 per cent of the recurrent revised gross estimates, compared to Kshs.4.93 billion (25.6 per cent) recorded in a similar period FY 2022/23.

The State Department for Cooperatives recorded the highest absorption of the development budget at 97.7 per cent, while the State Department for Industry recorded the lowest at 9.3 per cent. The State Department for the ASALs and Regional Development recorded the highest recurrent expenditure to gross estimates at 53.6 per cent, while the State Department for Tourism recorded the lowest at 3.6 per cent.

4.6.3 Budget Performance by Programmes and Sub-Programmes for GECA Sector

The budgetary allocation was to fund twenty programmes. Table 4.14 shows budget execution by programmes and sub-programmes by the GECA sector in the first six months of FY 2023/24.

Analysis of Programme and sub-programmes analysis shows that Marketing, Value Addition and Research under State Department for Cooperatives had the highest absorption of 97.1 per cent while Industrial Research, Development and Innovation under State Department for Industry had the lowest absorption of 0.4 per cent.

4.6.4 Key achievements by MDAs in the GECA sector

The State Department for Tourism set up the Tourism, Promotion and Marketing programme to improve international arrivals, Tourism Receipts, Domestic Bed Nights and Brand Awareness. In each sector, they had targets of which they achieved 77, 77, 86, and 90 per cent respectively. Under Tourism, Product Development and Diversification, the Tourism Infrastructure Development sub-programme achieved all the targets they set up for the Tourism Fund, in terms of grants and levies collected.

The State Department for East African Community set up the East African Affairs and Regional Integration to improve the Directorate of Economic Affairs. They aimed at having preferential treatment for Kenyan Products and Merchandise in the EAC, which was achieved. The programme reduced and stopped 267 Non-Tariff Barriers against a target of 280 and increased the value of Kenyan exports to the EAC to Kshs.226 billion against a target of Kshs.205 billion. Further, the EAC Regional Standards developed and adopted a cumulative number of 1,165 standards which were adopted by Kenya.

The State Department for Investment Promotion, under the Investment Development Promotion programme achieved several targets through the Export Processing Zones (EPZ) delivery unit. For example, they set up 11 newly gazetted EPZ zones against their target of 11 and increased the value of exports to Kshs.28.29 million against a target of Kshs.29 million and increased the value of local purchases to Kshs.3.79 million against a target of Kshs.4.6 million. As a result, they created 1783 jobs against their target of 2500 during harsh economic times.

The State Department for Micro, Small and Medium Enterprises Development managed to create 7500 jobs against their target of 7500 through the Kenya Youth Employment Opportunities Programme. In addition to this, created market access to businesses by increasing the number of MSMEs exposed to local markets by 316 and to EAC trade fair (Nguvu Kazi) to 346 against a target of 350.

4.6.5 Project Implementation for the GECA Sector

Most of the development projects are multi-year in nature and implemented over some time. In the first six months of FY 2023/24, the GECA Sector incurred a development expenditure of Kshs.6.97 billion, representing an absorption rate of 21.2 per cent. Table 4.15 summarises some of the development projects with the highest expenditure in the reporting period in the GECA sector.

4.7 Governance, Justice, Law and Order Sector

4.7.1 Introduction

The Governance, Justice, Law and Order (GJLO) Sector consists of sixteen MDAs, which include the State Department for Correctional Services; the State Department for Immigration and Citizen Services; the National Police Service; the State Department for Internal Security and National Administration; the State Law Office; the Judiciary; the Ethics and Anti-Corruption Commission (EACC); the Office of the Director of Public Prosecutions (ODPP); the Office of the Registrar of Political Parties (ORPP); the Witness Protection Agency (WPA); the Kenya National Commission on Human Rights (KNHCR); the Independent Electoral and Boundaries Commission (IEBC); the Judicial Service Commission (JSC); the National Police Service Commission (NPSC); the National Gender and Equality Commission (NGEC); and the Independent Policing Oversight Authority (IPOA), as well as SAGAs and tribunals each with specific functions and mandates.

The Sector creates a conducive environment for the country's economic, social, and political development necessary for fulfilling the objectives of the Kenya Vision 2030. It comprises institutions with linkages to peace- and security-building, interpretation of the law, correctional services, immigration and population management, legal advisory services to government agencies, representation of the national government in civil proceedings and matters

before foreign courts and tribunals, and dispensation of justice. Further, the Sector promotes good governance and integrity and spearheads the fight against corruption, public prosecutions, registration and regulation of political parties, protection of witnesses, protection and promotion of human rights, delimitation of electoral boundaries and management of electoral process, promotion of gender equality, inclusion of marginalised groups and communities.

The Sector is also responsible for the development and implementation of citizenship and refugee management and immigration services, regulation of the gaming industry, provision of population management, eradication of drugs and substance abuse, crime research, government printing, and policing oversight.

4.7.2 Budget Performance for GJLO Sector

The budgetary allocation to the GJLO Sector in FY 2023/24 was Kshs.230.40 revised to Kshs.240.34 billion in Supplementary Budget I, compared to the Kshs.240.88 billion allocated in the previous financial year of 2022/23. This amount represents 5.3 per cent of the revised gross national budget of Kshs.4.54 trillion and 9.8 per cent of the MDAs’ budget of Kshs.2.46 trillion. The allocation comprised Kshs.15.17 billion (6.3 per cent) for development activities and Kshs.225.16 billion (93.7 per cent) for recurrent expenditure. The National Police Service received the highest budgetary allocation of Kshs.106.32 billion (44.9 per cent of the Sector’s budget), while the National Gender and Equality Commission had the lowest budgetary allocation of Kshs.440.29 million (0.2 per cent the GJLO Sector allocation).

Figure 4.11 shows the budgetary allocation trend for the GJLO sector for the period FY 2019/20 to FY 2023/24.

Analysis of Programme and sub-programmes analysis shows that, National Police Service Human Resource Management programme under the State Department for National Police Service Commission had the highest absorption rate of 100.9 per cent while the NGO Regulatory Services under the State Department for Internal Security and National Administration had the lowest absorption of 10.8 per cent.

4.7.4 Key Achievements by MDAs In the GJLO Sector

The Judicial Service Commission set out to improve the policy and advisory services by increasing the number of policies reviewed and approved. Through the Human Resources Management, they recruited 70 Judicial officers and 406 Judicial staff. The Judicial Training Institute trained 41 judges and 41 judicial officers. Lastly, improved Stakeholder Relations Services through 49 Stakeholder Forums held during the reporting period.

The Ethics and Anti-Corruption Commission investigated 210 corruption and economic crimes to completion, completed 40 investigations on unethical violations and prevented the loss of public funds worth Kshs.2.71 billion. The Assets Tracing and Recovery Services unit preserved illegally obtained and unexplainable assets worth Kshs.1.22 billion, recovered corruptly acquired assets, unexplained wealth and irregularly obtained benefits worth Kshs.1.45 billion. The Preventive Services Directorate trained 804 persons on matters ethics and integrity and sensitized 11,170 learners on value-based education in institutions of learning.

The National Police improved security in the country and reduced the number of crime rate per population of 100,000 from 148 to 131, increased the coordination of National Police Services by 100 per cent and increased assorted security equipment by 29.3 per cent against a target of 30 per cent. The Internal Affairs Unit resolved 95 per cent of the public complaints. The National Police Reservists Unit neutralized 80 per cent of security threats in various regions. The Kenya Police Services improved community policing services by implementing 100 per cent community policing in all police stations. As a result, increased security in the counties, sub-county level, and ward level thus promoting public safety. Lastly, maintenance of police vehicles and communication gadgets increased by 70 per cent.

State Law Office enhanced rule of law, access to justice, good governance and provision of quality legal services for all through various delivery units. The Civil Litigation Department unit concluded 720 cases filed against the government, researched legal opinions in 321 civil disputes within 7 days and filed 2362 pleadings in all cases against or by the government within 14 days. The Advocates Complaints Commission Unit investigated complaints against advocates, subjected them to Alternative Dispute Resolution sessions and finalized on those cases. As a result, managed to file 128 affidavits of charges against Advocates at the Disciplinary Committee.

The State Department for Immigration and Citizen Services issued 68,508 passports, processed 12,723 work permits during the half year, processed all 575,271 visa applications, cleared 2,364,052 persons at JKIA and finally cleared 3,639,657 Kenyan Citizens and Foreigners at border points through facial recognition. The Department of Refugee Affairs processed 92,654 asylum-seeking applications and relocated 699 refugees against a target of 2,500 due to inadequate resources.

The Prisons Service Unit Improved Containment Services by supervising 134 penal facilities against a target of 137, provided 60,000 inmates with medical services against a target of 57,000, and provided 12,000 inmates with beddings against a target of 20,000. The Staff Welfare Services provided 31,217 staff with medical insurance covers against a target of 32,202 and kitted 32,200 prison officers against a target of 10,000. Finally, the Custodial Offender Rehabilitation Services Unit offered 60,000 offenders psychological counselling services, vocational training 5,469 offenders, registered 880 offenders for KCPE and 104 offenders for KCSE.

4.7.5 Project Implementation for GJLO Sector

Most of the development projects are multi-year in nature and implemented over some time. In the first six months of FY 2023/24, the GJLO Sector incurred a development expenditure of Kshs.11.09 billion, representing an absorption rate of 73. per cent. Table 4.18 summarises the development of some of the projects with the highest expenditure in the reporting period in the GJLO sector.

4.8 Health Sector

4.8.1 Introduction

Health is largely a devolved function under the Fourth Schedule of the Constitution of Kenya. At the national level, the health sector is responsible for providing and coordinating health policy formulation, ensuring quality service delivery, and regulating health care. The sector comprises two MDAs, namely: The State Department for Medical Services and the State Department for Public Health and Professional Standards. The Sector delivers services

through several SAGAs and entities, including the Kenyatta National Hospital, Moi Teaching and Referral Hospital, Kenya Medical Research Institute, Kenya Medical Supplies Authority, Kenya Medical Training College, National Syndemic Disease Control Council, Kenyatta University Teaching, Referral and Research Hospital, National Cancer Institute of Kenya, and the Kenya Nuclear Regulatory Authority.

The Sector envisions “a healthy, productive and globally competitive nation” achieved through strategic objectives under equity, efficiency, and people-centred principles with a multi-sectoral approach as outlined in the Kenya Health Policy (2014-2030). The Health Sector implements its strategic objectives through eight budgetary programmes, four under the State Department for Medical Services and four under the State Department for Public Health and Professionals.

4.8.2 Budget Performance for the Health Sector

The budgetary allocation to the Health sector in FY 2023/24 was Kshs.141.19 billion, revised to Kshs.138.85 billion in Supplementary Budget I, compared to Kshs.122.52 billion allocated in FY 2022/23. This amount represents 3.1 per cent of the revised gross national budget of Kshs.4.54 trillion and 5.6 per cent of MDAs’ budget of Kshs.2.46 trillion. The allocations comprised Kshs.50.65 billion (36.5 per cent) for development activities and Kshs.88.19 billion (63.5 per cent) for recurrent expenditure. Figure 4.13 shows the budgetary allocation for the Health Sector for FY 2019/20 to FY 2023/24.

Total exchequer issues to the Health sector amounted to Kshs.26.27 billion, representing 27 per cent of the sector’s revised net estimates, comprised of Kshs.1.49 billion for development expenditure, representing 3.9 per cent of development revised net estimates and Kshs.24.79 billion for recurrent spending representing 41.6 per cent of recurrent revised net estimates. Table 4.19 shows the Health Sector analysis of exchequer issues and expenditures in the first six months of FY 2023/24.

The total expenditure for the Health Sector under review amounted to Kshs.50.57 billion, representing 36.4 per cent of the gross budget compared to Kshs.33.57 billion (27.4 per cent) recorded in a similar period FY 2022/23. This amount is comprised of Kshs.18.5 billion spent on development activities, representing an absorption rate of 35.8

per cent, compared to 20.9 per cent (Kshs.11.29 billion) in a similar period FY 2022/23 and Kshs.32.42 billion on recurrent activities, representing 36.8 per cent on recurrent gross estimates, compared to 32.5 per cent (22.28 billion) recorded in a similar period FY 2022/23.

4.8.3 Budget Execution by Programmes and Sub-Programmes for Health Sector

The Health sector allocation was to fund eight (8) programmes. Table 4.20 shows budget execution by programmes and sub-programmes in the Health sector in the first six months of FY 2023/24.

Analysis of programme and sub-programmes analysis shows that the Research and Innovation on Health in the State Department for Public Health and Professionals Standard had the highest absorption rate of 91.0 per cent. This was followed by the Finance and Planning Sub-Programme in the State Department for Medical Services at 95.5 per cent. Specialized Medical Equipment Sub-Programme under the State Department for Medical Services had the lowest absorption rate at less than 1 per cent.

4.8.4 Key Achievements by MDAs in the Health Sector

The state Department instituted several interventions in response to the Covid-19 pandemic including vaccination, enhanced testing, acquisition of more critical care facilities and oxygen supply. At the end of the review period, 31.9% of the adult population had been fully vaccinated against COVID-19. To strengthen cancer surveillance, the number of cancer centres for notifying cases increased from 12 county-based registries in FY 2020/21 to 19 county-based registries in FY 2021/22 with over 40,000 patients entering the National Cancer Registry. To ensure the delivery of quality cancer care, 58 cancer centers were designated across public, private, and faith-based facilities.

Mwai Kibaki Hospital formerly KNH Othaya was handed over to KNH management and was fully operationalized. Patient numbers increased from 133,216 in the FY 2021/22 to 285,901 in the FY 2022/23. New services introduced increased from 6 in the FY 2021/22 to 13 in the FY 2022/23. The hospital further renovated the Critical Care Unit

(CCU), expanded its capacity from 6 to 21 beds, and constructed and operationalized an oxygen plant with a capacity to produce 1,500 litres of oxygen per minute. During the same period, KNH was handed over the management of the Mama Margaret Uhuru Hospital (former Mathare North Level IV Hospital), to be an annex of the Hospital to improve its service delivery.

MTRH invested approximately Kshs.1.39 billion towards infrastructure development and equipping the Chandaria Cancer and Chronic Diseases Centre (CCCDC), which is a One-Stop-Shop Point of Care for Cancer and other Chronic Diseases. It also invested in 2,000 litres per minute (LPM) Oxygen oxygen-generating plant to ensure consistent availability of oxygen to patients at the Points of Care. This is the biggest Hospital Based Oxygen Generating Plant in Eastern and Central Africa. In service delivery, 1,426,746 laboratory tests were done, 1 radiology examinations, 25,688 deliveries were conducted, 18 Kidney Transplants and 2,502 haemodialysis for children and 100 Open Heart Surgeries were conducted amongst other services offered at the facility. To strengthen the Human Resource for Health Capacity in Kenya, 132 Research Projects were undertaken, and 3,424 Internship/Attachment Opportunities were provided. KUTRRH established the Integrated Molecular Imaging Center (IMIC) Commissioned. The center provides PET scans, before which the services were not readily available in the country. Since its establishment, the Center has performed 4,824 successful FDG PET/CT scans and 592 PSMA. The hospital also established a center of excellence in cancer care and has managed to install a Brachytherapy machine for the treatment of cancer patients in addition, LINAC Machine and the Cyber Knife S7. This has enabled 1246 Brachytherapy sessions to be carried out in the period under review. To ramp up its service delivery, KUTRRH Operationalized the 15-bed Neonatal Intensive Care Unit, commissioned a 20,000-litre liquid oxygen tank, and invested in a state-of-the-art cardiovascular diagnosis and treatment facility.

4.8.5 Project Implementation for the Health Sector

Most of the development projects are multi-year in nature and implemented over some time. In the first six months of FY 2023/24, the Health Sector incurred a development expenditure of Kshs.18.15 billion, representing an absorption rate of 35.8 per cent. Table 4.21 summarises development projects with the highest expenditure in the reporting period in the Health sector.

4.9 National Security Sector

4.9.1 Introduction

The National Security sector comprises the Ministry of Defence and the National Intelligence Service (NIS). The sector's mandate is to ensure the country's security against any threats from within or outside the Kenyan borders, defend the country, and support the civil powers in maintaining peace and order.

4.9.2 Budget Performance for the National Security Sector

The budgetary allocation to the National Security sector in FY 2023/24 amounts to Kshs.189.24 billion, revised to Kshs.199.29 billion in Supplementary Budget I, compared to Kshs.176.61 billion allocated in the FY 2022/23. This amount represents 4.4 per cent of the revised gross national budget of Kshs.4.54 trillion and 8.1 per cent of MDAs' budget of Kshs.2.46 trillion. The allocation comprised Kshs.3.25 billion for development expenditure (1.6 per cent of the sector's budget) and Kshs.196.03 billion for recurrent expenditure (98.4 per cent of the Sector's allocation). Ministry of Defence was allocated Kshs.153.44 billion (77.0 per cent of the sector's budget), while NIS was allocated Kshs.45.85 billion (23.0 per cent of the sector's allocation).

Figure 4.15 below shows the budgetary allocation trend for the National Security sector for FY 2019/20 to FY 2023/24.

4.10 Public Administration and International Relations Sector

4.10.1 Introduction

The Public Administration and International Relations (PAIR) sector consists of twenty-three MDAs, namely; The Executive Office of the President, Office of the Deputy President, Office of the Prime Cabinet Secretary; State Department for Parliamentary Affairs, State Department for Performance and Delivery Management; State Department for Cabinet Affairs; State House; State Department for Devolution; State Department of Economic Planning; State Department for Foreign Affairs; State Department for Diaspora Affairs; The National Treasury; State Department for Public Service; Parliamentary Service Commission; National Assembly; Parliamentary Joint Services; Senate; The Commission on Revenue Allocation (CRA); Public Service Commission; Salaries and Remuneration Commission; The Auditor General (OAG); The Controller of Budget (COB); and The Commission on Administrative Justice (CAJ) together with affiliated SAGAs and entities.

The Sector provides national leadership, oversight, and policy direction towards the realisation of the country's development agenda. It promotes prudent public finance management and accountability in the Public Sector, coordinates national and sectoral development planning, oversees an efficient and effective Public Service. It also coordinates Kenya's foreign policy and diaspora affairs, wage bill management, development of a sound legislative and regulatory framework, and enforces administrative justice and the right to information.

The Sector has prioritised programmes and projects aligned with the Post-COVID-19 Economic Recovery Stimulus Programme (PC-ERS); the Bottom-Up Economic Transformation Agenda, and the Fourth Medium Term Plan of Kenya Vision 2030. Priority was also accorded to ongoing interventions supporting the Big Four" agenda and the newly established institutions.

4.10.2 Budget Performance for the PAIR Sector

The budgetary allocation to the PAIR sector in FY 2023/24 amounted to Kshs.310.19 billion, which was later revised to Kshs.299.33 billion in Supplementary Budget I, compared to the Kshs.345.14 billion allocated in the previous financial year of 2022/23. This amount represents 6.6 percent of the revised gross national budget of Kshs.4.54 trillion and 12.1 percent of the MDAs' budget of Kshs.2.46 trillion. The allocation included Kshs.116.50 billion (38.9 percent) for development activities and Kshs.182.82 billion (61.1 percent) for recurrent expenditure. The State Department for national treasury received the highest budgetary allocation of Kshs.111.26 billion (37.2 percent of the Sector's budget), while the State Department for performance and delivery management had the lowest budgetary allocation of Kshs.355.17 million (0.1 percent of the PAIR Sector allocation).

The high allocation to the State Department for national treasury is due to increasing reliability, stability and sound financial sector and ensuring macroeconomic environment. Figure 4.17 shows the budgetary allocation trend for the PAIR Sector for FY 2019/20 to FY 2023/24.

The total exchequer issues to the PAIR sector amounted to Kshs.79.32 billion, representing 29.2 per cent of the Sector's revised net estimates. This amount comprised Kshs.8.45 billion for development expenditure, representing 8.4 per cent of development revised net estimates, and Kshs.70.86 billion for recurrent activities, representing 41.6 per cent of recurrent revised net estimates. Table 4.24 analyses exchequer issues and expenditure in the first six months of FY 2023/24 for the PAIR Sector.

In the first six months of FY 2023/24, the State Department for State House received the highest proportion of development exchequer issues to development net estimates at 56.6 per cent, while the State Department for foreign affairs received the lowest at 0.1 per cent. The State Department for Performance and Delivery Management recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 83.9 per cent. The State Department for Diaspora Affairs recorded the lowest ratio of 22.3 per cent. Figure 4.18 shows the PAIR sector's exchequer issues in the first six months of FY 2023/24.

Figure 4.18: Exchequer Issues to the PAIR Sector

The total expenditure for the PAIR Sector amounted to Kshs.129.80 billion, representing 43.4 per cent of the gross estimates, compared to Kshs.123.55 billion (36.4 per cent) recorded in FY 2022/23. This amount comprised Kshs.36.50 billion for the development budget representing an absorption rate of 31.3 per cent, compared to 24.1 per cent recorded in FY 2022/23, and Kshs.93.30 billion for recurrent expenditure representing 51.0 per cent of the recurrent gross estimates, compared to 45.2 per cent recorded in FY 2022/23.

The State Department for State House recorded the highest absorption of development budget at 58.4 per cent, while the State Department for Foreign Affairs recorded the lowest at 2.0 per cent. This is attributed to enhanced operation and maintenance expenses, refurbishment of buildings and other civil works. The State Department for Devolution recorded the highest recurrent expenditure to gross estimates at 62.3 per cent, while the State Department for Diaspora Affairs recorded the lowest at 26.2 per cent and is attributed to low funding/budget cuts in state department of cabinet affairs.

4.10.3 Budget Execution by Programmes and Sub-Programmes for the PAIR Sector

The PAIR sector allocation in FY 2023/24 was to fund forty-seven programmes.

Table 4.25 shows budget execution by programmes and sub-programmes in the PAIR sector in the first six months of FY 2023/24.

4.11 Social Protection, Culture and Recreation Sector

4.11.1 Introduction

The Social Protection, Culture and Recreation (SPCR) Sector comprises the six MDAs: State Departments for Youth Affairs and the Arts; Sports; Culture and Heritage; Labour and Skills Development; Social Protection and Senior Citizen Affairs; and Gender and Affirmative Action.

The strategic roles played by the Sector in the country's transformation and socio-economic development include Promoting and supporting youth empowerment and development; strengthening youth mainstreaming in all sectors; spearheading the management of youth policy and legislations; promoting engagement with youth for national development; promotion of sustainable employment, harmonious industrial relations, and productive workforce; promotion of gender equity and equality; empowerment of communities and vulnerable groups, safeguarding children's rights; and advancement of diverse cultures, arts and sports to enhance cohesiveness and Kenya's regional and international competitiveness.

4.11.2 Budget Performance for the SPCR Sector

The budgetary allocation to the SPCR sector in FY 2023/24 amounts to Kshs.70.64 billion revised to Kshs.72.85 billion in Supplementary Budget I, compared to the Kshs.83.57 billion allocated in the previous financial year of 2022/23. This amount represents 1.6 per cent of the revised gross national budget of Kshs.4.54 trillion and 3.0 per cent of the MDAs' budget of Kshs.2.46 trillion. The allocation comprises of Kshs.25.03 billion (34.4 per cent) for development activities and Kshs.47.82 billion (65.6 per cent) for recurrent expenditure. The State Department for Social Protection and Senior Citizen Affairs received the highest budgetary allocation of Kshs.38.23 billion (52.5 per cent of the Sector's budget), while the State Department for Culture and Heritage had the lowest budgetary allocation of Kshs.2.82 billion (4.2 per cent of the SPCR Sector allocation).

The high allocation to the State Department for Social Protection and Senior Citizen Affairs is attributed to the high budgetary allocation towards social assistance for vulnerable groups through the National Social Safety Net programme. Figure 4.19 shows the budgetary allocation trend for the SPCR sector for FY 2019/20 to FY 2023/24.

Figure 4.19: Budgetary Allocation Trend for the SPCR Sector

The total expenditure for the SPCR Sector amounted to Kshs.29.27 billion, representing 40.2 per cent of the revised gross estimates, compared to Kshs.26.02 billion (35.5 per cent) recorded in a similar period FY 2022/23. This amount comprised Kshs.8.94 billion for the development budget representing an absorption rate of 35.7 per cent, compared to 25.3 per cent recorded in a similar period FY 2022/23, and Kshs.20.33 billion for recurrent expenditure representing 42.5 per cent of the recurrent gross estimates, compared to 13.9 per cent recorded in a similar period FY 2022/23.

The State Department for Youth Affairs recorded the highest absorption of the development budget at 48.1 per cent, while the State Department for Social Protection and Senior Citizen Affairs recorded the lowest at 23.1 per cent. The State Department for Labour and Skills Development recorded the highest recurrent expenditure to gross estimates at 52.1 per cent, while the State Department for Gender and Affirmative Action recorded the lowest at 21.8 per cent.

4.11.3 Budget Execution by Programmes and Sub-Programmes for SPCR Sector

The SPCR sector allocation was to fund eighteen programmes. Table 4.28 shows budget execution by programmes and sub-programmes by the SPCR sector in the first six months of FY 2023/24.

4.11.4 Project Implementation for the SPCR Sector

Most of the development projects are multi-year in nature and implemented over some time. In the first six months of FY 2023/24, the SPCR Sector incurred a development expenditure of Kshs.8.94 billion, representing an absorption rate of 35.7 per cent. Table 4.29 summarises some of the development projects with the highest expenditure in the reporting period in the SPCR sector.

5 KEY ISSUES AND RECOMMENDATIONS

This chapter highlights key issues that the COB identified in the first six months of FY 2023/24 and provides recommendations for effective budget implementation.

5.1 Delays in Exchequer Releases

During the period under review, the National Treasury released a total of Kshs.1.44 trillion to the MDAs for both development and recurrent expenditure, Consolidated Fund Services and County Governments representing 33.7 per cent of the revised annual net estimates. This was below the projected target of 50 per cent of the annual allocations by the end of the first six months. Ministerial development expenditure received 15.4 per cent, recurrent expenditure received 35.7 per cent (ministerial recurrent 41.2 per cent and Consolidated Fund Services at 32.1 per cent) and County governments received 37.0 per cent of the shareable equitable revenue.

In the FY 2023/24, the National Treasury projected to raise Kshs.4.28 trillion to finance the budget. However, as of 31st December 2023, receipts into Consolidated Fund were Kshs.1.44 trillion recording 33.7 per cent of the annual target against the 50 per cent target by the first half. Shortfall in receipts into the Consolidated Fund is responsible for the delay in release of funds which may hamper the execution of planned activities by MDAs and County governments.

The Controller of Budget recommends that the government enhances revenue mobilization to enable the National Treasury to release funds to MDAs and County Governments on time, based on the work plans and the cash flow projections to ensure effective implementation of the planned activities.

5.2 Overdrawn Budget Lines

In the first half of FY 2023/24, the Government rationalized budgetary allocations for FY 2023/24 to reduce the budget for non-core activities and free resources for the implementation of government-priority activities. While the budget revision was necessary, it did not fully consider the incurred expenditure on some budget lines. Analysis of financial reports submitted to the Controller of Budget shows that some expenditures were more than the budgeted amounts, resulting in overdrawn budget lines. This is attributed to budget cuts during Supplementary Budget I, approved during the period under review.

To regularise the overdrawn budget lines, the Controller of Budget recommends MDAs to liaise with the National Treasury to ensure the overdrawn items are regularised in the subsequent Supplementary Budget. In addition, MDAS should reallocate funds to budget lines with the likelihood of the planned activities not likely to be delivered as planned to those that will absorb funds.

5.3 A Public Debt that Exceeded the Legal Limit

As of 31st December 2023, the Public debt stock stood at Kshs.11.14 trillion, comprising of Kshs.6.09 trillion (54.7 per cent) dues to external lenders and Kshs.5.05 trillion (45.3 per cent) dues to domestic lenders. The public debt stock has increased by 8.4 per cent from Kshs.10.28 trillion as of June 30th, 2023, to Kshs.11.14 trillion as of December 31st, 2023. External debt recorded the highest growth at 11.8 per cent while domestic debt recorded 4.5 per cent. A large proportion of the growth in external debt is attributed to the depreciation of the Kenya Shilling against major world currencies since external debt stock is recorded in foreign currencies.

Section 50(2) of the PFMA 2012 states that “the national government may borrow money under this Act or any other legislation and shall not exceed the limit set by Parliament” The Public debt ceiling was set at 55 per cent of the Gross Domestic Debt by Parliament (Kshs.10 trillion as at end of December 2023). Notably, the public debt stock surpassed the parliamentary limits. e Controller of Budget recommends that there is a need to reduce deficit budget financing through fiscal consolidation to curb further growth of public debt. Further growth in public debt strains revenue since public debt is a first charge to the Consolidated Fund.

6 CONCLUSION

This report sought to provide budget performance for the National Government in the first half of FY 2023/24 covering 1st July 2023 to 31st December 2023. It provided progress on budget performance by the National Government in terms of financing, expenditure, absorption of funds and key issues affecting budget execution.

The total exchequer issues to National and County governments amounted to Kshs.1.44 trillion, representing 33.7 per cent of the annual net estimates, compared to Kshs.1.37 trillion (38.6 per cent of the annual estimates) issued in a similar period FY 2022/23. This was a 5.1 per cent growth (Kshs.70 billion in absolute terms). However, the report noted a high uptake of the exchequer towards the Consolidated Fund Services Vote at 46.3 per cent (Kshs.667.94 billion) with Salaries, Allowances & Miscellaneous Services taking 34.6 per cent out of Kshs.667.94 billion disbursed towards CFS. Ministerial development received the lowest at 15.4 per cent (Kshs.70.41 billion), ministerial recurrent received 35.7 per cent (Kshs.560.99 billion) and County governments received 37.0 per cent (Kshs.142.46 billion).

Total expenditure for the National government was Kshs.1.64 trillion representing an absorption rate of 36.1 per cent, compared to 39.1 per cent recorded in a similar period FY 2022/23. The ministerial development budget recorded the lowest absorption at 25.2 per cent (Kshs.197.41 billion) while the recurrent budget recorded an absorption rate of 44.8 per cent (Kshs.752.92 billion). The low absorption of the development budget is attributed to the delay in uploading Procurement Plans into IFMIS and the delay in the disbursement of funds by the National Treasury which is attributed to a shortfall of receipts into the Consolidated Fund.

The Controller of Budget identified key issues that affected effective budget implementation and made recommendations to address them. They included: delay in the release of exchequer to both MDAs and Counties, Overdrawn budget lines due to budget rationalisation without considering expenditure incurred and high public debt that exceeded the legal limit.

To address the challenges, the Controller of Budget recommends the timely release of exchequer issues, regularization of overdrawn budget lines in the Supplementary Budget II and ensuring compliance with the set public debt ceiling to curb further growth in public debt.
