5. Fund Chairperson's Report

I am pleased to present to you my report as the Chairman of Nakuru County Executive (Staff) Car loan Scheme Fund.

The Nakuru County Executive (Staff) Car Loan Scheme Fund was initially combined with Nakuru County Executive Mortgage (Staff) Scheme Fund. The two operated as one fund from May 2018. In accordance to The Public Finance and Management (Nakuru County Executive Mortgage (Staff) scheme fund) regulations, 2018, they were separated in 17th September 2021. Currently the fund is operating on its own as The Nakuru County Executive (Staff) Car Loan Fund Scheme.

Out of the total budget allocation of Kshs 10,000,000, we expect to receive Kshs 10,000,000 from the County Treasury through requisition. As at 30/6/2025, the money way yet to be received by the Fund. We noticed a challenge in delays in approval of requisitions by the Controller of budget.

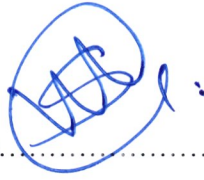

At the start of Financial year 2024-2025, the Fund started its operations with an opening cash balance of Kshs 3,868,938.58. The Fund recovered Kshs 13,744,540 from the loan beneficiaries, Kshs 10,000,000 expected transfers from the county Treasury and the Fund earned an interest of Kshs 713,312 from bank Account deposits. The total amount available for disbursement to the beneficiaries in the financial year 2024-2025 was Kshs. 27,613,478.58.

Twenty-Nine (29) members have benefited from Nakuru County Executive (Staff) Car Loan Scheme Fund since inception of this Fund. Out of the 29 members, eighteen (21) members were male while Eight (8) members were female. This particular period 3 members benefited from the funds of which 3 members were male.

The fund accounts' statement of financial performance for the period ended 30th June 2025 showed a surplus of Nine hundred and Fifty-Eight Thousand Eight hundred and Sixty-Seven shillings only (Ksh. 958,867). The fund noted an increase of surplus by Kshs. 461,560 from the prior period. This is an indicator that the Fund is doing well.

The committee continue to view the year ahead with confidence and hope that the fund will continue to grow.

REPORT OF THE AUDITOR-GENERAL ON NAKURU COUNTY EXECUTIVE (STAFF) CAR LOAN SCHEME FUND FOR THE YEAR ENDED 30 JUNE, 2025

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in the Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure that the Government achieves value for money and that such funds are applied for the intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, risk management environment and internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

A Qualified Opinion is issued when the Auditor-General concludes that, except for material misstatements noted, the financial statements are fairly presented in accordance with the applicable financial reporting framework. The Report on Financial Statements should be read together with the Report on Lawfulness and Effectiveness in the Use of Public Resources, and the Report on Effectiveness of Internal Controls, Risk Management and Governance.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012, and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Nakuru County Executive (Staff) Car Loan Scheme Fund set out on pages 1 to 45, which comprise of the statement of financial position as at 30 June, 2025 and the statement of financial

performance, statement of changes in net assets, statement of cash flows and the statement of comparison of budget and actual amounts for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of Nakuru County Executive (Staff) Car Loan Scheme Fund as at 30 June, 2025 and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Public Finance Management (The Nakuru County Government Car Loan (Staff) Scheme Fund) Regulations, 2018 and the Public Finance Management Act, 2012.

Basis for Qualified Opinion

1. Unsupported Loan Balances – Receivables from Exchange Transactions

The statement of financial position reflects long term receivables from exchange transactions balance of Kshs.20,025,904 as disclosed in Note 18 to the financial statements. However, supporting documents including bank statements and individual borrower loan account statements from the financial institution were not provided for audit verification.

In the circumstances, the accuracy and completeness of the long-term receivables from exchange transactions balance of Kshs.20,025,904 as at 30 June, 2025 could not be confirmed.

2. Default in Repayment of Car Loans

The statement of financial position reflects current portion of long-term receivables from exchange transactions balance of Kshs.11,488,952 and as disclosed in Note 18(a) to the financial statements. However, review of the loan repayment statements revealed that four (4) officers failed to repay the loan on diverse months ranging from one (1) to five (5) months of default by the respective officers.

In the circumstances, the accuracy completeness and recoverability of the loan repayment balance of Kshs.11,488,952 as at 30 June, 2025 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Nakuru County Executive (Staff) Car Loan Scheme Fund Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. There were no key audit matters to communicate in my report.

Emphasis of Matter

Unbalanced Budget

The statement of comparison of budget and actual amounts reflects total budgeted revenue amount of Kshs.1,634,360 against budgeted expenditure amount of Kshs.675,493 resulting to unexplained and unreconciled variance of Kshs.958,867. The unbalance budget is contrary to Regulation 31(c) of the Public Finance Management (County Government) Regulations, 2015 which provides that budget revenue and expenditure appropriations shall be balanced.

Other Matter

Unresolved Prior Year Matters

In the audit report of the previous year, several issues were raised under Report on Financial Statements and Report on Lawfulness and Effectiveness in Use of Public Resources. However, Management has not resolved the issues or given any explanation for the failure to do so.

Other Information

The Management are responsible for the Other Information set out on page iii to xxi which comprise of Key Entity Information and Management, The Fund Administration Committee, Management Team, Fund Chairperson's Statement, Report of the Fund Administrator, Statement of Performance Against Predetermined Objectives, Corporate Governance Statement, Management Discussion and Analysis, Environmental and Sustainability Reporting, Report of the Trustees and Statement of Management's Responsibilities. The Other Information does not include the financial statements and my audit report thereon.

In connection with my audit on the Fund's financial statements, my responsibility is to read the Other Information and in doing so, consider whether the Other Information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this Other Information and I am required to report that fact. Based on the audit procedures performed and the matters described in my Basis for Qualified Opinion, I confirm that Other Information is not materially inconsistent with the financial statements.

My opinion on the financial statements does not cover the Other Information and accordingly, I do not express an audit opinion or any form of assurance conclusion thereon.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN THE USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the effects of the matter described in the Basis for Conclusion

on Lawfulness and Effectiveness in the Use of Public Resources section of my report, I confirm that nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

Implementation of Recommendations by Legislative Committees and Auditor-General

The Fund Management did not provide any evidence in form of reports on the progress made in implementing the prior year auditor's recommendations or explanations in writing to Parliament on why the report has not been acted upon. This was in contravention of the Public Sector Accounting Standards Board reporting framework and Section 53(1) of the Public Audit Act, 2015.

Further there was no evidence of Implementation of the Legislative Committees' Recommendations for the Auditor-General's reports for the previous years.

In the circumstances, Management is in breach of the law.

The audit was conducted in accordance with ISSAI 3000 and ISSAI 4000. The standards require that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance section of my report, I confirm that nothing else has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

Basis for Conclusion

1. Lack of Fraud and Risk Management Strategies

The Fund did not have in place a fraud management policy to assist in detecting and preventing fraud during the year under review. Further, Management did not have a risk management policy or strategy in place and therefore, had no approved processes and guidelines on how to mitigate operational, legal and financial risks. This is contrary to Regulation 158 of the Public Finance Management (County Governments) Regulations, 2015.

In addition, the Fund lacks disaster recovery plan or business continuity plan which outlines how it will continue operating during an unplanned disruption in service. Management has not instituted its own policies and procedures to guide key financial processes and controls for the management of personnel and related expenditure.

Further, the Management did not perform formal risk assessments during the financial year audited.

In the circumstances, Management may not be in a position to evaluate, rank and prioritize critical risks and channel resources towards mitigating identified risks.

2. Composition of the Staff Car Loan Management Committee

Review of the Fund Administration Committee membership of the Fund revealed that the Committee has five (5) Members instead of the seven (7) required by the Regulations. Management did not provide any explanation for this unsatisfactory situation. This is contrary to Regulation 6(1) of the Public Finance Management (The Nakuru County Government Car Loan (Staff) Scheme Fund) Regulations, 2018 which indicates that the Staff Car Loans Committee shall consist of seven (7) members.

In the circumstances, oversight role of the Fund Administration Committee may not be effective.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk Management and overall governance were operating effectively in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Fund or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements comply with the authorities which govern them and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Fund's financial reporting process, reviewing the effectiveness of how Management monitors

compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

My responsibility is to conduct an audit of the financial statements in accordance with Article 229(4) of the Constitution, Section 35 of the Public Audit Act, 2015 and the International Standards of Supreme Audit Institutions (ISSAIs). The standards require that, in conducting the audit, I obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with Section 48 of the Public Audit Act, 2015. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In conducting the audit, Article 229(6) of the Constitution also requires that I express a conclusion on whether or not in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way. In addition, I consider the entity's control environment in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015.

Further, I am required to submit the audit report in accordance with Article 229(7) of the Constitution.

Detailed description of my responsibilities for the audit is located at the Office of the Auditor-General's website at: <https://www.oagkenya.go.ke/auditor-generals-responsibilities-for-audit/>. This description forms part of my auditor's report.

19. Notes to the Financial Statements

Significant Accounting Policies

1. General Information

Nakuru County Executive (Staff) Car Loan Scheme Fund is established by and derives its authority and accountability from The Public Finance and Management (Nakuru County Executive (Staff) Car Loan Scheme Fund) regulations, 2018 Act. The Nakuru County Executive (Staff) Car Loan Scheme Fund is wholly owned by the Nakuru County Government and is domiciled in Kenya. The Nakuru County Executive (Staff) Car Loan Scheme Fund’s principal activity is to provide affordable Car loan facilities to its member staff.

2. Statement of compliance and basis of preparation

The Nakuru County Executive (Staff) Car Loan Scheme Fund’s financial statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS). The financial statements are presented in Kenya shillings, which is the functional and reporting currency of the Fund. The accounting policies have been consistently applied to all the years presented. The financial statements have been prepared on the basis of historical cost, unless stated otherwise. The cash flow statement is prepared using the direct method. The financial statements are prepared on accrual basis.

3. Adoption of new and revised standards

(i) New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2025

There were no new and amended standards issued in the financial year.

(ii) New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2025.

Standard	Effective date and impact:
IPSAS 43: Leases	<p><i>Applicable 1st January 2025</i></p> <p>The standard sets out the principles for the recognition, measurement, presentation, and disclosure of leases. The objective is to ensure that lessees and lessors provide relevant information in a manner that faithfully represents those transactions. This information gives a basis for users of financial statements to assess the effect that leases have on the financial position, financial performance and cashflows of an Entity.</p> <p>The new standard requires entities to recognize, measure and present information on right of use assets and lease liabilities.</p>

<p>IPSAS 44: Non- Current Assets Held for Sale and Discontinued Operations</p>	<p><i>Applicable 1st January 2025</i> The Standard requires, Assets that meet the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less costs to sell and the depreciation of such assets to cease and: Assets that meet the criteria to be classified as held for sale to be presented separately in the statement of financial position and the results of discontinued operations to be presented separately in the statement of financial performance.</p>
<p>IPSAS 45: Property Plant and Equipment</p>	<p><i>Applicable 1st January 2025</i> The standard supersedes IPSAS 17 on Property, Plant and Equipment. IPSAS 45 has additional guidance/ new guidance for heritage assets, infrastructure assets and measurement. Heritage assets were previously excluded from the scope of IPSAS 17 in IPSAS 45, heritage assets that satisfy the definition of PPE shall be recognised as assets if they meet the criteria in the standard. IPSAS 45 has an additional application guidance for infrastructure assets, implementation guidance and illustrative examples. The standard has clarified existing principles e.g. valuation of land over or under the infrastructure assets, under- maintenance of assets and distinguishing significant parts of infrastructure assets.</p>
<p>IPSAS 46: Measurement</p>	<p><i>Applicable 1st January 2025</i> The objective of this standard was to improve measurement guidance across IPSAS by: <ul style="list-style-type: none"> i. Providing further detailed guidance on the implementation of commonly used measurement bases and the circumstances under which they should be used. ii. Clarifying transaction costs guidance to enhance consistency across IPSAS. iii. Amending where appropriate guidance across IPSAS related to measurement at recognition, subsequent measurement and measurement related disclosures. The standard also introduces a public sector specific measurement bases called the current operational value.</p>
<p>IPSAS 47: Revenue</p>	<p><i>Applicable 1st January 2026</i> This standard supersedes IPSAS 9- Revenue from exchange transactions, IPSAS 11 Construction contracts and IPSAS 23 Revenue from non- exchange transactions. This standard brings all the guidance of accounting for revenue under one standard. The objective of the standard is to establish the principles that an entity shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flow arising from revenue transactions.</p>
<p>IPSAS 48: Transfer Expenses</p>	<p><i>Applicable 1st January 2026</i> The objective of the standard is to establish the principles that a transfer provider shall apply to report useful information to users of financial statements about the</p>

	nature, amount, timing and uncertainty of expenses and cash flow arising from transfer expense transactions. This is a new standard for public sector entities geared to provide guidance to entities that provide transfers on accounting for such transfers.
IPSAS 49: Retirement Benefit Plans	<i>Applicable 1st January 2026</i> The objective is to prescribe the accounting and reporting requirements for the public sector retirement benefit plans which provide retirement to public sector employees and other eligible participants. The standard sets the financial statements that should be presented by a retirement benefit plan.
IPSAS 50: Exploration For & Evaluation of Mineral Resources	<i>Applicable 1st January 2027</i> The objective of this Standard is to specify the financial reporting for the exploration for and evaluation of mineral resources. The Standard requires: <ul style="list-style-type: none"> i. Limited improvements to existing accounting practices for exploration and evaluation expenditures. ii. Entities that recognize exploration and evaluation assets to assess such assets for impairment in accordance with this Standard and measure any impairment in accordance with IPSAS 26. iii. Disclosures that identify and explain the amounts in the entity's financial statements arising from the exploration for and evaluation of mineral resources and help users of those financial statements understand the amount, timing and certainty of future cash flows from any exploration and evaluation assets recognized.

(i) Early adoption of standards

The Nakuru County Executive (Staff) Car Loan Scheme Fund did not early – adopt any new or amended standards in the financial year.

4. Summary of Significant Accounting Policies

a) Revenue recognition

i. Revenue from non-exchange transactions

Transfers from other government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the entity and can be measured reliably.

ii. Revenue from exchange transactions

Nakuru County Executive (Staff) Car Loan Scheme Fund
Annual Report and Financial Statements for the year ended June 30, 2025

Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

Dividends

Dividends or similar distributions must be recognized when the shareholder's or the Nakuru County Executive (Staff) Car Loan Scheme Fund's right to receive payments is established.

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

b) Budget information

The original budget for **FY 2024-2025** was approved by the County Assembly on **25 June 2024**. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the Nakuru County Executive (Staff) Car Loan Scheme Fund upon receiving the respective approvals in order to conclude the final budget. Accordingly, the Fund recorded additional appropriations of **Kshs 10,000,000** on the FY 2024-2025 budget following the governing body's approval.

The Nakuru County Executive (Staff) Car Loan Scheme Fund's budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts.

Summary of Significant Accounting Policies (Continued)

In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of financial cash flows has been presented.

c) Property, plant and equipment

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

a) Intangible Assets

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred.

The useful life of the intangible assets is assessed as either finite or indefinite.

b) Investment property

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property. Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition.) Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition.

Summary of Significant Accounting Policies (Continued)

c) Financial instruments

IPSAS 41 addresses the classification, measurement and de-recognition of financial assets and financial liabilities, introduces new rules for hedge accounting and a new impairment model for financial assets. A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. At initial recognition, the Nakuru County Executive (Staff) Car Loan Scheme Fund measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through surplus or deficit, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

Financial assets

Classification of financial assets

The Nakuru County Executive (Staff) Car Loan Scheme Fund classifies its financial assets as subsequently measured at amortised cost, fair value through net assets/ equity or fair value through surplus and deficit on the basis of both the entity's management model for financial assets and the contractual cash flow characteristics of the financial asset. A financial asset is measured at amortized cost when the financial asset is held within a management model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. A financial asset is measured at fair value through net assets/ equity if it is held within the management model whose objective is achieved by both collecting contractual cashflows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. A financial asset shall be measured at fair value through surplus or deficit unless it is measured at amortized cost or fair value through net assets/ equity unless an entity has made irrevocable election at initial recognition for particular investments in equity instruments.

Subsequent measurement

Based on the business model and the cash flow characteristics, the Nakuru County Executive (Staff) Car Loan Scheme Fund classifies its financial assets into amortized cost or fair value categories for financial instruments. Movements in fair value are presented in either surplus or deficit or through net assets/ equity subject to certain criteria being met.

Summary of Significant Accounting Policies (Continued)

Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, and that are not designated at fair value through surplus or deficit, are measured at amortized cost. A gain or loss on an instrument that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is de-recognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through net assets/ equity

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through net assets/ equity. Movements in the carrying amount are taken through net assets, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in surplus/deficit. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through surplus or deficit

Financial assets that do not meet the criteria for amortized cost or fair value through net assets/ equity are measured at fair value through surplus or deficit. A business model where the Nakuru County Executive (Staff) Car Loan Scheme Fund manages financial assets with the objective of realizing cash flows through solely the sale of the assets would result in a fair value through surplus or deficit model.

Trade and other receivables

Trade and other receivables are recognized at fair values less allowances for any uncollectible amounts. Trade and other receivables are assessed for impairment on a continuing basis. An estimate is made of doubtful receivables based on a review of all outstanding amounts at the year end.

Impairment

The Nakuru County Executive (Staff) Car Loan Scheme Fund assesses, on a forward-looking basis, the expected credit loss ('ECL') associated with its financial assets carried at amortized cost and fair value through net assets/equity. The Nakuru County Executive (Staff) Car Loan Scheme Fund recognizes a loss allowance for such losses at each reporting date. Critical estimates and significant judgments made by management in determining the expected credit loss (ECL) are set out in *Note xx*.

Financial liabilities

Classification

The Nakuru County Executive (Staff) Car Loan Scheme Fund classifies its liabilities as subsequently measured at amortized cost except for financial liabilities measured through profit or loss.

d) Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

- Raw materials: purchase cost using the weighted average cost method
- Finished goods and work in progress: cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost. Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Entity.

e) Provisions

Provisions are recognized when the Nakuru County Executive (Staff) Car Loan Scheme Fund has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Entity expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

f) Social Benefits

Social benefits are cash transfers provided to i) specific individuals and / or households that meet the eligibility criteria, ii) mitigate the effects of social risks and iii) Address the need of society as a whole. The entity recognizes a social benefit as an expense for the social benefit scheme at the same time that it recognises a liability. The liability for the social benefit scheme is measured at the best estimate of the cost (the social benefit payments) that the entity will incur in fulfilling the present obligations represented by the liability.

Summary of Significant Accounting Policies (Continued)

g) Contingent liabilities

The Nakuru County Executive (Staff) Car Loan Scheme Fund does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

Contingent assets

The Nakuru County Executive (Staff) Car Loan Scheme Fund does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Nakuru County Executive (Staff) Car Loan Scheme Fund in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

h) Nature and purpose of reserves

The Nakuru County Executive (Staff) Car Loan Scheme Fund creates and maintains reserves in terms of specific requirements.

i) Changes in accounting policies and estimates

The Nakuru County Executive (Staff) Car Loan Scheme Fund recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

j) Employee benefits – Retirement benefit plans

The Nakuru County Executive (Staff) Car Loan Scheme Fund provides retirement benefits for its employees and directors. Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable.

Defined benefit plans are post-employment benefit plans other than defined-contribution plans. The defined benefit funds are actuarially valued tri-annually on the projected unit credit method basis. Deficits identified are recovered through lump sum payments or increased future contributions on proportional basis to all participating employers. The contributions and lump sum payments reduce the post-employment benefit obligation.

Summary of Significant Accounting Policies (Continued)

k) Foreign currency transactions

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

l) Borrowing costs

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance.

m) Related parties

The Nakuru County Executive (Staff) Car Loan Scheme Fund regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the Nakuru County Executive (Staff) Car Loan Scheme Fund, or vice versa. Members of key management are regarded as related parties and comprise the directors, the CEO and senior managers.

n) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

o) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

Summary of Significant Accounting Policies (Continued)

5. Significant judgments and sources of estimation uncertainty

The preparation of the Nakuru County Executive (Staff) Car Loan Scheme Fund's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

State all judgements, estimates and assumptions made e.g.

a) Estimates and assumptions –

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Nakuru County Executive (Staff) Car Loan Scheme Fund based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Nakuru County Executive (Staff) Car Loan Scheme Fund. Such changes are reflected in the assumptions when they occur. IPSAS 1.140.

b) Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Nakuru County Executive (Staff) Car Loan Scheme Fund
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- The nature of the processes in which the asset is deployed
- Availability of funding to replace the asset
- Changes in the market in relation to the asset

c) Provisions

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note xxx.

Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.

33. Financial risk management

The Nakuru County Executive (Staff) Car Loan Scheme Fund's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The Nakuru County Executive (Staff) Car Loan Scheme Fund's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The Nakuru County Executive (Staff) Car Loan Scheme Fund does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The Nakuru County Executive (Staff) Car Loan Scheme Fund's financial risk management objectives and policies are detailed below:

a) Credit risk

The Nakuru County Executive (Staff) Car Loan Scheme Fund has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments. Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the entity's management based on prior experience and their assessment of the current economic environment. The carrying amount of financial assets recorded in the financial statements representing the Nakuru County Executive (Staff) Car Loan Scheme Fund's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

Description	Total amount Kshs	Fully performing Kshs	Past due Kshs	Impaired Kshs
At 30 June 2025				
Receivables From Exchange Transactions	-	-	-	-
Receivables From Non-Exchange Transactions	-	-	-	-

Receivables From Non-Exchange Transactions	-	-	-	-
Bank Balances	-	-	-	-
Total	-	-	-	-

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the entity has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts.

The Nakuru County Executive (Staff) Car Loan Scheme Fund has significant concentration of credit risk on amounts due from xxxx

The board of trustees sets the Nakuru County Executive (Staff) Car Loan Scheme Fund's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

b) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Fund Administrator, who has built an appropriate liquidity risk management framework for the management of the entity's short, medium and long-term funding and liquidity management requirements. The Nakuru County Executive (Staff) Car Loan Scheme Fund manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

The table below represents cash flows payable by the Fund under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

c) Market risk

The board has put in place an internal audit function to assist it in assessing the risk faced by the Nakuru County Executive (Staff) Car Loan Scheme Fund on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

The Nakuru County Executive (Staff) Car Loan Scheme Fund's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day-to-day implementation of those policies.

There has been no change to the Nakuru County Executive (Staff) Car Loan Scheme Fund's exposure to market risks or the manner in which it manages and measures the risk.

i. Foreign currency risk

The Nakuru County Executive (Staff) Car Loan Scheme Fund has transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of payment is done using the prevailing exchange rate.

The carrying amount of the Nakuru County Executive (Staff) Car Loan Scheme Fund's foreign currency-denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

ii. Interest rate risk

Interest rate risk is the risk that the Nakuru County Executive (Staff) Car Loan Scheme Fund's financial condition may be adversely affected as a result of changes in interest rate levels. The Nakuru County Executive (Staff) Car Loan Scheme Fund's interest rate risk arises from bank deposits. This exposes the Nakuru County Executive (Staff) Car Loan Scheme Fund to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the Nakuru County Executive (Staff) Car Loan Scheme Fund's deposits.

Management of interest rate risk

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

Sensitivity analysis

The Nakuru County Executive (Staff) Car Loan Scheme Fund analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. The analysis has been performed on the same basis as the prior year. Using the end of the year figures, the sensitivity analysis indicates the impact on the statement of comprehensive income if current floating interest rates increase/decrease by one percentage point as a decrease/increase of Kshs... (2025: Kshs -). A rate increase/decrease of 5% would result in a decrease/increase in profit before tax of Kshs - (2025 – Kshs -).

d) Capital risk management.

The objective of the Nakuru County Executive (Staff) Car Loan Scheme Fund’s capital risk management is to safeguard the Nakuru County Executive (Staff) Car Loan Scheme Fund’s ability to continue as a going concern. The Nakuru County Executive (Staff) Car Loan Scheme Fund capital structure comprises of the following funds:
