2. FORWARD BY THE COUNTY EXECUTIVE COMMITTEE (CEC)

It is my pleasure to present the County Government of Bungoma financial statements for the year ended 30th June 2020. The financial statements present the financial performance of the County Government over the past year.

The promulgation of the Constitution of Kenya, 2010, under Chapter 11 ushered Kenya into a new system of governance, replacing the centralized system with a devolved system of governance. The devolved system of governance consists of the National Government and 47 County Governments.

Financing of the County Governments

Article 202 of the Constitution of Kenya provides that revenue raised nationally shall be shared equitably among the National Government and the County Governments. Each County Government's equitable share of revenue raised nationally, is determined yearly through the County Allocation of Revenue Act (CARA). The revenue sharing formula is developed by the Commission on Revenue Allocation and approved by Parliament in accordance with Article 217 of the Constitution.

The County also finances its operations through own generated revenues. These are revenues collected within the County. The key local revenue sources for Bungoma County included business permits, land rates, cesses, market fees, parking fees, Administrative service fees, public health facilities' fees, among others.

Financial Performance

a) Revenue

In the year ended 30 June 2020, the County had projected revenues of Kshs.13,836,129,303 consisting of Kshs.919,174,079 from own sources and Kshs.12,916,955,224 from other sources.

A Graphical Representation of the Revenue Budget Is as Shown Below:

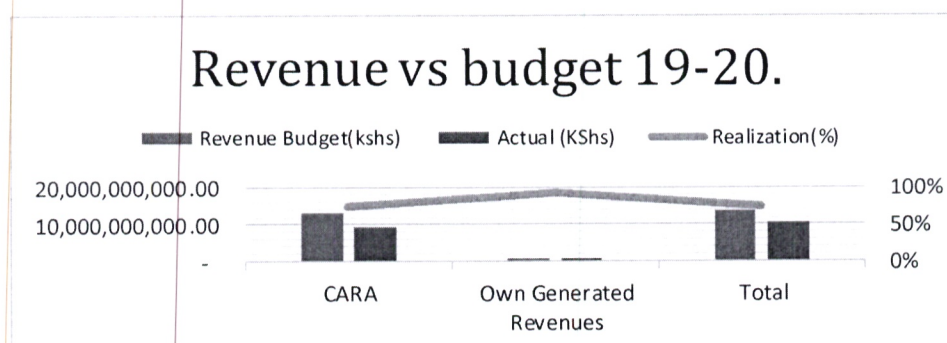

Figure 1: Bungoma County Revenue Sources in FY 2019/20.

3. STATEMENT OF PERFORMANCE AGAINST COUNTY PREDETERMINED OBJECTIVES

Introduction

Section 164 (2) (f) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Accounting officer when preparing financial statements of each County Government entity Government entities in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of the county government entity's performance against predetermined objectives.

Strategic development objectives.

The County's 2018-2022 CIDP has identified nine (9) key strategic development objectives. Broadly, these objectives have been identified through a participatory process that reviewed the development priorities of the Governor's Manifesto, the National Government's "Big Four", NIUPLAN, SDGs and the MTP III.

The strategic objectives are a synthesised product of the afore-mentioned planning frameworks that amalgamate the thematic focus and development aspirations in these policy frameworks.

The key development objectives of the Bungoma County's 2018-2022 CIDP are to:

- a) Create an enabling environment for sector development;
- b) Increase productivity and outputs in the sector;
- c) Improve market access, commercialization of sector products and trade;
- d) Contribute to County and national food security;
- e) Strengthen institutional capacity for efficient and effective service delivery;
- f) Enhance the role of youth and women in the sector;
- g) Ensure accessibility, equity and sustainable management of land resource for social and economic development
- h) Enhance secure storage, access and retrieval of land information; and
- i) Enhance sustainable utilization of Resources and the blue economy.

Progress on attainment of Strategic development objectives.

For purposes of implementing and cascading the above development objectives to specific sectors, all the development objectives were made specific, measurable, achievable, realistic and time-bound (SMART) and converted into development outcomes. Attendant indicators were identified for reasons of tracking progress and performance measurement: Below we provide the progress on attaining the stated objectives:

4. CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING

The County Government of Bungoma exists to transform lives. This is our purpose; the driving force behind everything we do. It is what guides us to deliver our strategy, which is founded on four pillars: putting the customer/Citizen first, delivering relevant goods and services, and improving operational excellence. Below is a brief highlight of our achievements;

- ✓ The Department of Water in conjunction with the Sang'alo Institute undertook town cleaning and clearance of drainage and sewer systems in three towns, Bungoma, Misikhu and Ndivisi.
- ✓ As the world was fighting Covid19 through all possible means, the Governor's Office in Bungoma County was not left behind; it conducted education about the Covid protocols in place and provided the tools required to do the same.
- ✓ The Ministry of Lands Urban and urban planning conducted education barazas in line with the requirements in place before one starts constructing a permanent building; this is in a quest to reduce the number of structures coming up illegally which have in the recent past raised concern after buildings have collapsed and led to loss of lives and to avoid construction on prohibited places.
- ✓ In the spirit of giving back to the Community, the Ministry of Lands, Urban and Physical Planning conducted land clinics through which the members of the public were enlightened about procedures involved when one wants to acquire land and the types of transfer of title that exist.
- ✓ After the emergency of Covid19 and being a year in which the Bukusu conduct their initiation, the Ministry went out of its way to actively educate the public about the dangers of undergoing this practise as is normal. The elders and administrators were engaged in various places to help spread this information about safe practises in the prevailing circumstances.
- ✓ While construction works of roads are being undertaken, the communities around have time and again suffered from unwanted relationships with engaged workers leading to pregnancies in school children and increased cases of transmission of HIV. In a bid to curb this, the Ministry undertook trainings to create awareness about the same.
- ✓ Organising for medical camps where they invite specialist who provide specialist services to the residents of Bungoma County. So far two medical camps have been held one in

Reports and Financial Statements

For the year ended June 30, 2020

5. STATEMENT OF MANAGEMENT RESPONSIBILITIES

Sections 163,164 and 165 of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the County Treasury shall prepare financial statements of each County Government entity, receiver of receipts and consolidated financial statements for all County Government entities in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board.

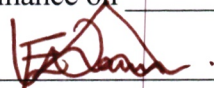

The County Executive Committee (CEC) member for finance of the County Government is responsible for the preparation and presentation of the County Government's financial statements, which give a true and fair view of the state of affairs of the County Government for and as at the end of the financial year ended on June 30, 2020. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the County Government; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the County Government; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The CEC member for finance accepts responsibility for the County Government's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The CEC member for finance is of the opinion that the County Government's financial statements give a true and fair view of the state of the County Government's transactions during the financial year ended June 30, 2020, and of its financial position as at that date. The CEC member for finance further confirms the completeness of the accounting records maintained for the County Government which have been relied upon in the preparation of the its financial statements as well as the adequacy of the systems of internal financial control.

The CEC member for finance confirms that the County Government has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the County Government's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for. Further the CEC member for finance confirms that the County Government's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the financial statements

The County Government's financial statements were approved and signed by the CEC member for finance on 8/12/2020.

REPORT OF THE AUDITOR-GENERAL ON COUNTY EXECUTIVE OF BUNGOMA FOR THE YEAR ENDED 30 JUNE, 2020

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of County Executive of Bungoma set out on pages 1 to 59, which comprise the statement of assets and liabilities as at 30 June, 2020, and the statement of receipts and payments, statement of cash flows, summary statements of appropriation - recurrent and development combined for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the County Executive of Bungoma as at 30 June, 2020, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with the Public Finance Management Act, 2012 and the County Governments Act, 2012.

Basis for Qualified Opinion

Variations Between Financial Statements and IFMIS Records

The following balances reflected in the financial statements were at variance with the balances reflected in the County Executive's Integrated Financial Management Information System (IFMIS) generated financial statements as detailed below:

	Amount as per Financial Statements (Kshs.)	Amount as per IFMIS Records (Kshs.)	Variance (Kshs.)
Receipts	10,298,407,290	11,005,028,247	(706,620,957)
Compensation of Employees	4,575,821,138	4,538,978,422	36,842,716
Use of Goods and Services	2,435,568,065	2,149,490,157	286,077,908
Transfers to Other Government Units	1,022,394,769	1,346,181,217	(323,786,448)
Other Grants and Transfers	1,405,248,658	170,000,000	1,235,248,658
Acquisition of Assets	1,433,943,390	1,433,351,067	592,323

	Amount as per Financial Statements (Kshs.)	Amount as per IFMIS Records (Kshs.)	Variance (Kshs.)
Other Payments	298,106,780	285,956,485	12,150,295
Assets	1,525,797,831	5,029,414,775	(3,503,616,944)
Liabilities	245,929,312	4,512,137,396	(4,266,208,084)
Fund Balance	1,279,868,520	4,559,328,099	(3,279,459,579)

The Management has attributed the above variances to the non-operational cash management module, mis-posting of revenues captured in IFMIS to the ledger and use of journal entries to record most of the use of goods and services expenditures relating to health facilities and dispensaries.

Under the circumstances, the accuracy and completeness of the balances reflected in the financial statements for the year ended 30 June, 2020 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the County Executive of Bungoma Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. I have determined that there are no key audit matters to communicate in my report.

Other Matter

1. Budgetary Control and Performance

The summary statement of appropriation - recurrent and development combined reflects an approved revenue budget of Kshs.13,836,129,303 against actual receipts of Kshs.10,298,407,291, resulting in an overall net under collection of Kshs.3,537,722,013 or 26%. Similarly, the statement reflects an approved expenditure budget of Kshs.13,836,129,303 against actual expenditure of Kshs.11,186,957,978, resulting to an overall under expenditure of Kshs.2,649,171,925 or 19%. The underfunding and underperformance constrained execution of planned activities and delivery of services to the residents of Bungoma County.

2. Late Exchequer Releases

During the year under review, the County Executive of Bungoma had budgeted for Exchequer releases of Kshs.10,846,450,004 but received a total of Kshs.9,184,320,428, out of which Exchequer releases totalling Kshs.2,351,512,079 were released in the month of June and July, 2020 as shown below:

Date Received	EFT No.	Amount (Kshs.)
04 June, 2020	FT20156HR2YS	933,833,250
24 June, 2020	FT20176TLKYR	800,428,500
15 June, 2020	FT2016750P2W	13,359,375
30 June, 2020	FT20182FZLV1	9,975,000
04 June, 2020	FT20156KT84R	26,964,149
04 June, 2020	FT20156X8TP6	32,837,307
02 July, 2020	FT201848HS1B	8,800,000
02 July, 2020	FT201844CBWR	215,270,498
04 June, 2020	FT20156G3KXH	213,714,000
06 July, 2020	FT20188PB7Z8	66,330,000
02 July, 2020	FT201840F18C	30,000,000
Total		2,351,512,079

As a result of the delayed receipt of funds, the County Executive did not have sufficient time to absorb its total budget for the year.

3. Pending Bills

As disclosed in Note 7.9(1) and Annex 2 to the financial statements, the County Executive had pending bills totalling Kshs.322,771,151 which were due to suppliers of goods and services as at 30 June, 2020. The balance includes long outstanding payables of Kshs.47,584,498 dating from 15 September, 2012 to 31 December, 2019. Further, pending bills amounting to Kshs.7,817,181 settled during the year under review were not in the lists of pending bills for 2017/2018 and 2018/2019 financial years. Failure to settle pending bills in the year to which they relate affects the budget for the following year and may attract penalties and interest in case of litigations.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Projects Implementation Performance

During the financial year under review, the County Executive was to implement a total of 437 projects or programmes with a total budget of Kshs.11,048,122,237 by different sectors. However, analysis of the projects implementation performance indicated that thirty-eight (38) or 9% of the projects had not started, two hundred and thirty-five (235) or 54% projects were on-going, eleven (11) or 3% projects had been halted, fifteen (15) or 3% of the projects, though complete, had defects, and one hundred and thirty-eight (138) or 32% of the projects had been completed.

Under the circumstances, the County Executive may not have achieved its targets as approved by the County Assembly hence service delivery may not be fully realized by the residents of Bungoma County.

2. Long Outstanding Imprests

The statement of assets and liabilities reflects an accounts receivables – outstanding imprests balance of Kshs.67,189,354 as at 30 June, 2020. Review of the position on 15 December, 2020 indicated that imprests totalling Kshs.8,936,000 had been accounted for, leaving a balance of Kshs.58,253,354 still outstanding. This is contrary to Regulation 93(5) of the Public Finance Management (County Governments) Regulations, 2015 which requires imprest holders to surrender or account for imprests within seven working days after returning to duty station.

In the circumstances, Management was in breach of the law.

3. Non-Compliance with Public Finance Management Fiscal Responsibility Principles

The statement of receipts and payments reflects total expenditure of Kshs.11,186,957,378 which comprised of recurrent and development expenditure of Kshs.8,602,595,740 and Kshs.2,584,361,638, respectively. However, development expenditure accounted for 23% of the total expenditure which is below the 30% threshold stipulated by Section 25(1)(g) of the Public Finance Management (County Governments) Regulations, 2015.

Further, the statement reflects an expenditure of Kshs.4,575,821,138 under compensation of employees which is 44% of the actual total revenue for the year of Kshs.10,298,407,291. This is contrary to the maximum limit of 35% set under Section 25(1)(b) of the Public Finance Management (County Governments) Regulations, 2015.

The Management was, therefore, in breach of the law.

4. Failure to Submit Revenue Statements for Audit

Information available indicates that the receiver of revenue for the County Government of Bungoma did not prepare and submit the quarterly and annual revenue statements as required by Sections 158 and 165 of the Public Finance Management Act, 2012. The statements and information not availed included the following:

- a) Statement of receipts and disbursements
- b) Statement of arrears of revenue, classified by financial year;
- c) Reasons for material differences between approved estimates and the actual revenue collected.
- d) The actual revenue received by the receiver and transmitted to the county exchequer account;
- e) The actual revenue received by the receiver and not transmitted to the county exchequer account;

- f) A responsibility statement by the receiver of revenue on the revenue statement.

Consequently, Management was in breach of the law.

5. Compensation of Employees

5.1 Non-Adherence to One Third Basic Salary Rule

Analysis of the payrolls revealed that one hundred and seventeen (117) employees drew net salary that was below one third of their basic pay contrary to Section 19(3) of the Employment Act, 2007 which requires that the total amount of all deductions which may be made by an employer from the wages of his employee at any one time shall not exceed two-thirds of the basic pay.

In the circumstance, the Management is in breach of the law.

5.2 Engagement of Temporary Workers

During the year under review, the County Executive spent an amount of Kshs.242,671,993 on basic wages of temporary employees, an increase of Kshs.64,587,778 from the previous year's expenditure of Kshs.178,084,215. However, scrutiny of employees records revealed that out of the expenditure of Kshs.242,671,993, an amount of Kshs.235,888,852 was not supported with the following documents:

- i) Evidence of how the temporary employees were hired, the work for which they were hired, and their terms and conditions of services.
- ii) Muster roll showing attendances of casual work.
- iii) Approval by the County Public Services Board, authorizing Departments to recruit casual employees.
- iv) Listing of all temporary workers engaged by various Departments.

In the circumstance, the Management is in breach of the law.

5.3 Over-Employment of People from the Dominant Ethnic Community

Review of human resource records revealed 5,205 or 84% of all the County Executive's employees were from the dominant local community in the County. This is contrary to the provisions of the National Cohesion and Integration Act, 2008 which stipulates that at least 30% of employees should be from communities other than the dominant one.

Consequently, the Management is in breach of the law.

6. Payment of Legal Dues/Fees

Information available indicates that the Department of County Secretary paid five (5) legal firms legal dues/fees totaling Kshs.8,001,644 for representing the County Executive in various cases during year under review. However, the following anomalies were noted:

- a) Two (2) of the legal firms were not in the list of prequalified firms to provide legal services to the County Government. Management indicated that one of the legal firms was prequalified by the defunct County Council of Bungoma and Municipal Council of Bungoma, while the other was prequalified in the year 2014.
- b) Further, Management did not provide details of how the legal fees/dues totalling to Kshs.8,001,644 were arrived at and the current status of the cases involving the County Government.

In the circumstances, the County Government may not have received value for money totalling Kshs.8,001,644 incurred on legal services.

7. Construction of Ward Offices

During the year under review, the Department of Public Service Management and Administration implemented several Ward Offices construction projects which included three projects costing a total of Kshs.12,274,440. However, the following anomalies were noted;

Project Name	Cost (Kshs.)	Findings
Ward Administrators Offices in Soysambu, Tongaren and Ndalu Wards	7,500,000	<ul style="list-style-type: none"> - Land had no title deed, - Fencing not done, - Offices not complete <p>Management indicated, without providing documentary evidence, that the process of acquiring title deeds was ongoing and that the office at Tongaren was complete and in use.</p>
Ward Administrators Offices in Maraka, Ndivisi and Mihuu Wards	3,887,248	<ul style="list-style-type: none"> - Land had no title deed - Project stalled <p>Management indicated that the Maraka and Ndivisi offices were complete and in use, while Mihuu office was 90% complete, but did not provide documentary evidence to support the explanation.</p>
Ward Administrators Offices in Misikhu and Bokoli Wards	887,192	<ul style="list-style-type: none"> - Land had no title deed - Project stalled <p>Management explained without providing documentary evidence, that the project had been delayed by a court case and was 75% complete.</p>
Total	12,274,440	

In the circumstances, the County Executive may not have received value for money on the expenditure of Kshs.12,274,440.

8. Supply and Installation of Networking Equipment and CCTVs

During the financial year 2017/2018, the Department of Public Service Management and Administration awarded a tender for supply, delivery and installation of networking equipment and closed circuit televisions (CCTVs). The tender was awarded to a local firm at a contract sum of Kshs.10,832,178 and was fully paid as at 30 June, 2020. However, the audit of the contract, in October, 2020 revealed the following anomalies:

- a) The networking items were not tagged.
- b) The networking equipment installed in the Departments of Environment, Water and Tourism; and Agriculture, Livestock, Fisheries, and Cooperative Development were not working, due to a damaged router.

In view of the foregoing, the County Executive may not have obtained value for money on the expenditure of Kshs.10,832,178 and the purpose for which the equipment and CCTVs were procured may not be achieved.

9. Delayed Completion of High Altitude Training Centre in Mt. Elgon Sub-County

A local contractor was awarded a tender for proposed completion of the High Altitude Training Center in Mt. Elgon Sub-County at a contract sum of Kshs.37,068,629. The contract commenced on 11 April, 2016 and was expected to be completed on 12 December, 2016. As at the time of audit in October, 2020, the contractor had been paid Kshs.14,606,224. However, audit inspection revealed that the project was not complete, despite several extensions of the contract period. Further, ownership documents for the parcel of land on which the Training Centre stands were not provided for audit review.

In the circumstances, the County Executive may not have received value for money on the expenditure of Kshs.14,606,224 and the Training Centre may not be completed to benefit the residents of Bungoma County.

10. Delayed Completion of Market Stalls

On 2 May, 2020, the Department of Trade, Energy and Industrialization engaged a local Technical Training Institute to supply and fabricate 50 modern market stalls in Bungoma Town at a total cost of Kshs.9,500,400. The stalls were to be made from ten (10) containers, with each container accommodating five (5) stalls. The work was to commence on 2 May, 2020 and end on 30 September, 2020, a period of five months. However, the following was noted;

- (i) As at the time of audit on 16 October, 2020, the Department had paid a total of Kshs.5,700,240 to the Institute. However, physical verification carried out on 16 October, 2020 revealed that no single-stall had been erected. Management attributed the delay in constructing the stalls to inability by the Institute to transport containers from Mombasa during the lock-down period brought about by the Covid-19 pandemic and delay in receiving funds from the Exchequer.
- (ii) An audit inspection of the project on 26 January, 2021 revealed that out of the ten containers (fifty stalls), eight containers (forty stalls) had been supplied and partly fabricated, while two containers (ten stalls) had not been supplied.

- (iii) Further, out of the forty stalls supplied, thirty had been installed at two sites, one site with four containers (twenty stalls) and the other site with two containers (ten stalls). However, the latter ten stalls had been occupied by homeless boys.
- (iv) The remaining two containers (ten stalls) had not been installed and were lying idle. Management explained that the site where these ten stalls and the ten not yet delivered were to be installed had dispute and therefore, the Department was looking for an alternative site.

In the circumstances, the County Executive may not receive value for money on the expenditure Kshs.5,700,240 and the targeted traders may not benefit from the project.

11. Non-Operational Market Sheds

During the year under review, the County Executive, through the Department of Trade, Energy and Industrialization, awarded a local company contracts to construct two (2) Mama Mboga Sheds at Bukembe Market at a cost of Kshs.1,116,312 and three (3) Mama Mboga Sheds at Malakisi Market at a cost of Kshs.1,430,423. The contract periods were 60 days and 90 days respectively and the total contract sum of Kshs.2,546,735 was paid to the contractor. During field verification exercise, it was observed that although the Mama Mboga Sheds existed, they were not being used by the intended beneficiaries because they did not have walls as well as merchandise worktops. Instead, the traders were using their own makeshift stalls at the roadside. Management indicated that the walls and merchandise worktops were not part of the work procured but did not clarify why they were excluded.

In the circumstances, the purpose for which the sheds were constructed may not have been achieved and the expenditure of Kshs.2,546,735 may have been a waste of public resources.

12. Non-Operational Water Projects

During the year under review, the County Government awarded contracts for drilling of three boreholes to three contractors at a total cost of Kshs.8,481,061 as detailed below:

Project Name	Payment Voucher No.	Amount (Kshs.)
Mwibale, Sikalame and Mwikhupo	280	3,662,018
Bukembe market borehole	245	3,176,970
Sangalo market borehole	248	1,642,072
Total		8,481,060

Review of water analysis report and physical verification of the boreholes conducted on 15 October, 2020, revealed that although the boreholes had been sunk and the hand pumps installed, the water that was flowing therefrom was contaminated and was, therefore, not fit for human consumption. Management indicated that the County Executive had engaged chemists from Nzoia Water and Sanitation Company Limited to purify the water.

In the circumstances, the County Executive may not obtain value for money in the expenditure of Kshs.8,481,060 and the intended purpose of the boreholes may not be achieved.

13. Chebukwabi-Kibingei Water Project

The County Executive through the Department of Environment, Water and Tourism signed three interlinked contracts with a local company to construct intake, pipeline, and two water tanks (100m³) at Kamuneru and Sambocho and Kamuneru Sacho community water project at a total cost of Kshs.50,589,665 as detailed below:

Details	Tender No.	Amount (Kshs.)
Construction of intake pipeline and tanks at Chebukwabi-Kibingei water project	BGM/CNTY/OT/WTR/96/2017-2018	38,390,917
Construction of Sambocho water project	BGM/CNTY/WTR/DT/291/2018-2019	4,964,000
Kamuneru Sacho Community water project	BGM/CNTY/WTR/127/2017-2018	7,243,748
Total		50,598,665

As at the time of audit inspection on 15 October, 2020, the contractor had been paid a total of Kshs.48,890,169. It was also observed that the intake was complete with the pipeline running up to the tank at Kamuneru and another one up to the tank at Sambocho. However, the water was not flowing and Management attributed lack of flow of water to vandalism of pipeline, control valves and air valves said to be perpetrated by the neighbouring communities of Sambocho and Kamuneru.

In view of the foregoing, the County Executive may not obtain value for money on the expenditure of Kshs.48,890,169 and the residents of Kamuneru and Sambocho may not get the expected water.

14. Land Procured Without Ownership Documents

The summary of fixed assets register, at Annex 5 to the financial statements, indicates that the County Executive had land costing Kshs.11,724,035,015 as at 30 June, 2020, which includes land valued at Kshs.40,910,000 acquired during the year under review. However, the following audit issues were noted:

14.1 Purchase of 12 Parcels of Land

The Department of Lands, Urban Physical Planning and Housing purchased twelve (12) parcels of land during the year ended 30 June, 2020 at a total cost of Kshs.20,550,000. However, information provided indicates that the Department did not have ownership documents for all the parcels of land. Further, the Department did not budget for administrative costs which would have been used to cover valuation fees, survey fees, stamp duty, registration fees, laying of beacons, and fencing/securing charges. Management indicated that the process of acquiring title deeds for the parcels of land was on-going while administrative costs of Kshs.7,460,000 were factored in the 2020/2021 budget.

14.2 Purchase of 3 Acres of Land

The Department of Environment, Water and Tourism purchased three (3) acres of land at Chepyuk Phase I Settlement Scheme/1262, under Korea International Cooperation Agency (KOICA) project at a cost of Kshs.1,800,000. Management explained that the land was acquired from beneficiaries of the Settlement Scheme who did not have title deeds but were issued with allotment letters. However, copies of the allotment letter in respect of the 3 acres of land purchased was not provided for audit verification.

In the absence of the title deed and allotment letter, the ownership of land costing Kshs.22,350,000 could not be confirmed.

15. Upgrading of Misikhu-Naitiri-Brigadier Road

The Department of Roads, Infrastructure and Public Works awarded a contract for the upgrading of forty (40) km Misikhu-Naitiri-Brigadier Road to a construction company at a contract sum of Kshs.1,115,939,198. Available documents indicated that out of the contract sum of Kshs.1,115,939,198, the National Government was to contribute Kshs.700,000,000, while the balance of Kshs.415,939,198 was to be met by the County Government of Bungoma. The scope of work entailed site clearance and demolition, earth works, excavation and filling for structures, culverts and drainage works, passage of traffic, natural material base and sub-base, bituminous surface treatment and surfaces dressing, concrete works and road furniture repair and maintenances. The contract period was twenty-four months, from 19 December, 2016 to 19 December, 2018. The completion date was later extended by eleven (11) months twice to November 2020. As at 30 June, 2020, payments on contract amounted to Kshs.617,538,270, representing 55% of contract sum. However, the audit of the project revealed the following unsatisfactory matters:

- a) The Kshs.700,000,000 expected from the National Government had not been received as at 30 June, 2020, which adversely affected implementation of the project. Management indicated that the National Government had factored Kshs.200,000,000 in the budget of the Kenya Rural Roads Authority. It was also explained that the contract for the section of the road that had not been undertaken was to be terminated and re-advertised by KeRRA.
- b) Physical inspection of the road on 11 October, 2020 revealed the following:
 - i) Only 18.65Km of the road had been tarmacked.
 - ii) The contractor had partially done earthwork on 2.2Km of the untarmacked section which was impassable due to heavy rains.
 - iii) The contractor was not on site and no material or workers were seen at the site, an indication of no work in progress. Management explained that this was due to ongoing discussions between the National Government and County Government on completion of the remaining section of the road.
 - iv) There were no road signage. According to Management, the road signage had been installed but were later vandalized.

- v) The culvert and drainage work had not been done beyond the first 10km of the road because the quantities provided in the Bills of Quantities were exhausted.
- vi) Some sections of road had started developing potholes as result of use of the road by heavier trucks than intended in the design of the road.
- vii) Stone pitching indicated in the Bills of Quantities was poorly done on a section of the road, while it had not been done on other sections due to exhaustion of quantities provided in the Bills of Quantities.

In view of the foregoing, it may take a long period of time for the residents of Bungoma County to fully benefit from the road and the County Executive may not achieve value for money from the expenditure of Kshs.617,538,270.

16. Non-Operational Generators

The Department of Health and Sanitation procured 7 generators consisting of five (5) 11KV generators for Sinoko Hospital, Kimilili Hospital, Mechimeru Health Centre, Bumula Sub-County Hospital and Sirisia Sub-County Hospital and two (2) 20KV generators for Kapsokwony and Chwele Sub-County Hospitals. The contract for supply of the generators was awarded to a local company which was paid Kshs.9,460,690 on 16 June, 2020. Physical inspection carried out in October, 2020 revealed that the generators were not operational, which Management attributed to failure by the health facilities to install 3-phase power supply since the generators were to be on standby in case of power outage.

In the circumstances, the Department may not have received value for money for the expenditure of Kshs.9,460,690 and the people of Bungoma County may not obtain services efficiently from the hospitals as intended due to lack of reliable electric power.

17. Un-Procedural Borrowings - Department of Health and Sanitation

- a) The County Executive, through the Department of Health and Sanitation, borrowed Kshs.51,068,602 from Bungoma County Referral Hospital over a period stretching from 3 June, 2015 to 24 March, 2020. The borrowed funds were in form of temporary imprests issued to the staff of the County Executive for various reasons, including Covid-19 pandemic awareness campaign. However, it was not clarified why the borrowed amount was not first received in the County Treasury accounts before being paid out as imprests. Further, available records indicated that as at 30 June, 2020, only Kshs.15,208,719 had been refunded to the Hospital, while the balance of Kshs.35,859,883 had not been refunded. Management indicated, that out the outstanding amount of Kshs.35,859,883, Kshs.28,000,000 was refunded through purchase of specialized materials for the hospital. In addition, the imprest warrants and supporting documents for Kshs.51,068,602 were not provided for audit verification.
- b) The County Executive, through the Department of Health and Sanitation, borrowed Kshs.6,598,100 from Webuye Sub-County Hospital through temporary imprests issued to several officers of the County Executive to facilitate County activities, despite the County Executive having its own budget lines and Exchequer funding. Further, it was not clarified why the borrowed amount was not first received in the County Treasury accounts before being paid out as imprests. In addition, the imprest warrants and surrender vouchers for Kshs.6,598,100 were not provided for audit verification and although a sum of

Kshs.2,744,880 had been refunded to the Hospital as at 30 June, 2020, the balance of Kshs.3,853,220 was still outstanding.

In the circumstances, the County Executive may not have obtained value for money on the expenditure of Kshs.57,666,702 and the outstanding amounts of Kshs.39,713,103 may not be refunded to the hospitals, which may adversely affect service delivery by the two hospitals.

18. Stalled and Non-Operational Projects

Physical audit verification of a sample of eight (8) projects with a budget of Kshs.94,535,078 and actual expenditure of Kshs.75,147,848 under the Department of Health and Sanitation revealed the following unsatisfactory implementation status:

Project Name	Location of the Project	Budget (Kshs.)	Expenditure (Kshs.)	Absorption (%)	Status as at 10/12/2020	Comments
Construction of Maternal/Child Ward Block at Bungoma County Referral Hospital	BCRH	25,045,531	25,045,531	100	48% Complete	Stalled (contractor not on site) despite full payment

Project Name	Location of the Project	Budget (Kshs.)	Expenditure (Kshs.)	Absorption (%)	Status as at 10/12/2020	Comments
						painting and no drainage
Purchase of medical equipment for casualty wing at BCRH	Bungoma	13,010,000	7,090,940	55	50% Complete	Complete but not operational due to lack of equipment.
Total		94,535,078	75,147,848	79		

In the circumstances, the County Executive may not have received value for money on the expenditure of Kshs.75,147,848 and residents of Bungoma County may not benefit from these projects.

19. Sub-Standard Works at Kamasielo and Kamuneru Primary Schools

The Department of Education and Vocational Training contracted two local companies to construct Early Childhood Development (ECD) classrooms at Kamasielo Primary School (Kimaeti) and Kamuneru Primary School (Mt. Elgon) at costs of Kshs.2,373,810 and Kshs.1,673,340 respectively, for each classroom both totaling Kshs.4,047,150. As at 30 June, 2020, the two contractors had been paid Kshs.631,005 and Kshs.1,670,851 respectively, both amounting to Kshs.2,301,856. Physical inspection of the projects carried out in October, 2020 revealed the following;

- (i) Flooring of the classrooms was poorly done and did not conform to the specifications in the Bills of Quantities.
- (ii) Further, the high cement sand screed skirting with rounded junction, wall finishing and coved junction had started chipping and cracking. Management indicated that the contractor would not be paid the remaining amount until they completed work.

Consequently, the County Executive may not have received value for money on the expenditure of Kshs.2,301,856.

20. Incomplete Works on Construction of Classrooms

In the year 2018/2019, the Department of Education and Vocational Training awarded a contract for construction of one classroom each in Toroso and Kimambo Polytechnics to a local contractor at a contract sum of Kshs.5,819,220. Site visits done in October, 2020 revealed that the two classrooms were not complete and the contractor had left the sites without providing explanation, after being paid Kshs.2,750,383.

Consequently, the County Executive may not have received value for money on the expenditure of Kshs.2,750,383 and the students of Toroso and Kimambo polytechnics may not enjoy decent learning environment as planned.

21. Stalled and Non-Operational Projects

- a) During the year 2018/2019, the Department of Agriculture, Livestock, Fisheries and Cooperative Development awarded a tender for the proposed construction of a chicken production unit at Mabanga Agricultural Training College (ATC) to a local

company at a contract sum of Kshs.2,556,375. A payment of Kshs.1,063,888 was made to the Contractor on 2 June, 2020. However, physical audit inspection of the project in October, 2020 revealed that the project, though complete, was not operational. Management indicated that the project was not operational because the Department had not yet purchased the chickens.

- b) The Department also awarded a tender for the proposed erection and completion of a zero grazing unit at Mabanga ATC to a local company at a contract sum of Kshs.2,112,307. A payment of Kshs.1,142,971 was made to the Contractor on 19 March, 2020. However, physical audit inspection of the project in October, 2020 revealed that the project had stalled due to existence of gaps in the Bills of Quantities prepared by the Department of Works.

Consequently, the County Executive may not receive value for money from the payments Kshs.2,206,859 and residents of Bungoma County may not receive benefits from the two projects as planned.

22. Purchase and Distribution of Maize Seeds to County Wards

Information available indicates that the Department of Agriculture, Livestock, Fisheries and Co-operative Development purchased 7,274 bags of maize seeds - Western Seed Varieties (WS) Hybrids at unit price of Kshs.2,500 for Kshs.18,185,000 which was paid on 16 June, 2020. The seeds were delivered to all the 45 wards of Bungoma County. However, the supplier was identified through direct method of procurement and no convincing reasons were provided to satisfy the conditions specified in Section 103(2) of the Public Procurement and Asset Disposal Act, 2015 for using this procurement method.

In the circumstances, the County Executive was in breach of law.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the matter described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance section of my report, I confirm that nothing else has come to my attention to cause me to believe that internal controls, risk management, and overall governance were not effective.

Basis for Conclusion

Internal Control Weakness in Health Facilities

During the year under review, the County Executive, through the Department of Health and Sanitation, spent an amount of Kshs.269,705,782 on specialized materials and

supplies which included medical drugs, lab reagents, equipment, dressing and other non-pharmaceutical items. During audit inspection of health facilities in the County, the following internal control weaknesses were noted:

- a) Bungoma County Referrals Hospital (BCRH) had a very small store and supplies procured by the Department and the Hospital were crammed there in such a way that it was very difficult to trace an item. Management indicated that construction of a commodity store had been initiated.
- b) BCRH procured a Health Management Information System to facilitate the smooth running of the Hospital. However, the store module was not fully operational.
- c) In the Sirisia Sub-County Hospital, the store's records were not properly kept and the balances in the ledgers were not matching the actual balances in the stores. For instance, the bin cards for catheters and urine bags and Canular gauges had balances of 615 and 1820, while the actual balances in the store were 21 and 24 respectively.
- d) Bumula Sub-County Hospital did not have a fuel register.

The weaknesses noted may lead to irregularities and losses in the Department, which may lead to loss of public funds.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management, and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the County Executive's ability to sustain services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to dissolve the County Executive or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements

are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the County Executive of Bungoma financial reporting process, reviewing the effectiveness of how the entity monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the County Executive policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the County Executive's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the County Executive to cease to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the County Executive to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

7.8. SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of Accounting, as prescribed by the PSASB and set out in the accounting policy notes below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions.

The receivables and payables are disclosed in the Statement of Assets and Liabilities.

The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the entity all values are rounded to the nearest Kenya Shilling. The accounting policies adopted have been consistently applied to all the years presented.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

2. Reporting entity

The financial statements are for the County executive. The financial statements encompass the reporting entity as specified under section 164 of the PFM Act 2012.

3. Recognition of receipts and payments

a) Recognition of receipts

The County Government recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the Government.

Tax receipts

Tax Receipts is recognized in the books of accounts when cash is received. Cash is considered as received when notification of tax remittance is received.

Transfers from the Exchequer

Transfer from Exchequer is recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

For the year ended June 30, 2020

SIGNIFICANT ACCOUNTING POLICIES (Continued)

External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

Donations and grants

Grants and donations shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/donation in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice.

Proceeds from borrowing

Borrowing includes Treasury bill, treasury bonds, corporate bonds; sovereign bonds and external loans acquired by the entity or any other debt the County Government may take on will be treated on cash basis and recognized as receipts during the year of receipt.

Undrawn external assistance

These are loans and grants at reporting date as specified in a binding agreement and relate to funding for projects currently under development where conditions have been satisfied or their ongoing satisfaction is highly likely and the project is anticipated to continue to completion. During the year ended 30th June 2020, there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loans. The amount of undrawn external assistance for the year is detailed in the notes

County Own Generated Receipts

These include Appropriation-in-Aid and relates to receipts such as trade licences, cess, fees, property income among others generated by the County Government from its citizenry. These are recognised in the financial statements the time associated cash is received.

Returns to CRF Issues

These relate to unspent balances in the development, recurrent and deposit accounts at the end of the year which are returned to the County Revenue Fund (CRF) and appropriated through a supplementary budget to enable the County to spend funds. These funds are recognised once appropriated through a supplementary budget process.

b) Recognition of payments

The entity recognises all expenses when the event occurs and the related cash has actually been paid out by the entity.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensation of employees

Salaries and Wages, Allowances, Statutory Contribution for employees are recognized in the period when the compensation is paid.

Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

Interest on borrowing

Borrowing costs that include interest are recognized as payment in the period in which they incurred and paid for.

Repayment of borrowing (principal amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. The stock of debt is disclosed as an annexure to the County consolidated financial statements.

Acquisition of fixed assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

4. In-kind contributions

In-kind contributions are donations that are made to the Bungoma County executive in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the county executive includes such value in the statement of receipts and payments both as receipts and as an expense in equal and opposite amounts; otherwise, the contribution is not recorded.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Third Party Payments

This relates to payments done directly to supplier on behalf of the county governments such as; national government may fund the operation of health or education program, a donor may pay directly for construction of a given market etc. Details of payments by third parties on behalf of the county government is detailed in the notes to this financial statement.

6. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

Restriction on cash

Restricted cash represents amounts that are limited /restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation.

Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits. As at 30th June 2020, this amounted to **Kshs 245,929,312** compared to **Kshs 212,152,684** in prior period as indicated on note 15.

There were no other restrictions on cash during the year

7. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

8. Accounts Payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized as accounts payables. This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted and prescribed by the Public Sector Accounting Standards Board. Other liabilities including pending bills are disclosed in the financial statements.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

9. Non-current assets

Non-current assets are expensed at the time of acquisition while disposal proceeds are recognized as receipts at the time of disposal. However, the acquisitions and disposals are reflected in the entity fixed asset register a summary of which is provided as a memorandum to these financial statements.

10. Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they are recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the county at the end of the year. Pending bill form a first charge to the subsequent year budget and when they are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

11. Contingent Liabilities

A contingent liability is:

- a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- b) A present obligation that arises from past events but is not recognised because:
 - (i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
 - (ii) The amount of the obligation cannot be measured with sufficient reliability.

Some of contingent liabilities may arise from: litigation in progress, guarantees, and indemnities. Letters of comfort/ support, insurance, Public Private Partnerships,

The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote. Annex 6 of this financial statement is a register of the contingent liabilities in the year.

Section 185 (2) (i) of the PFM Act requires the County Government to report on the payments made, or losses incurred, by the county government to meet contingent liabilities as a result of loans during the financial year, including payments made in respect of loan write-offs or waiver of interest on loans

BUNGOMA COUNTY GOVERNMENT

SIGNIFICANT ACCOUNTING POLICIES (Continued)

12. Contingent Assets

The Entity does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

13. Budget

The budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the financial statements. The County budget was approved as required by Law and as detailed in the County Revenue Allocation Act. The County Assembly approved the original budget on 5th July 2019 for the period 1st July 2019 to 30 June 2020 as required by law. There were two number of supplementary budgets passed in the year. A high-level assessment of the county executive actual performance against the comparable budget for the financial year under review has been included in an annex to these financial statements.

14. Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

15. Subsequent events

Events subsequent to submission of the financial year end financial statements to the National Treasury and other stakeholders with a significant impact on the financial statements may be adjusted with the concurrence of National Treasury.

16. Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.

17. Related party transactions

Related party transactions involve cash and in-kind transactions with the National Government, National Government entities and County Government entities. Specific information with regards to related party transactions is included in the disclosure notes.

2. PROGRESS ON FOLLOW UP OF AUDITOR RECOMMENDATIONS

The following is the summary of issues raised by the Auditor-General in 2015/2016, 2016/2017 and 2017/2018, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

Ref No.	Issue / Observations from Auditor	Management comments	Focal person to resolve the issue	Point to (Resolved/Not Resolved)	Status	Timeframe:
2015/2016 FINANCIAL YEAR						
REPORT ON THE FINANCIAL STATEMENTS						
Basis for Adverse Opinion						
1.0	Accuracy and Completeness of the Financial Statements - Expenditures amounting to Kshs.194,867,503 were not recorded IFMIS	The variance of KShs.194,867,505 was expenditure incurred by the health facilities that were not captured in IFMIS at the time of audit. The amount was subsequently captured in IFMIS as per the attached IFMIS print out and Analysis.	Head of Treasury(Accounts)		Partially resolved	By 30 June 2021
2.0	Outstanding Imprest The statement of assets reflects outstanding imprests totaling Kshs.24,065,317.	The analysis of imprest outstanding includes the imprest holders and dates issued as well as the current status as per the attached schedule	Various Accounting Officers		Resolved	
3.0	Pending Accounts Payable – Pending bills amounting to Kshs.45,957,983 as at 30 June 2016 despite availability of cash-and-cash-equivalents balance of Kshs.870,653,893 as at the same date. Further, there were staff pending payables of Kshs.24,065,317 (Note 17.2) which balance is identical to the account receivables balance under Note 14 to the financial statements. No explanation has been provided for this anomaly. In addition, the statement of assets reflects accounts payables - Deposits and Retention of Kshs.93,371,821 that have not been analysed and supported.	KShs. 24,065,317 captured in note 17.2 is the accounts receivable, reported under Note 14 (outstanding imprests) that is already analyzed. Note 17.2(that was erroneous) did not affect the financial statements as only Note 14 was reflected in the statement of assets and liabilities (page 9 of the financial statements). Similarly, Annex 2 is the analysis of outstanding imprests. Pending bills The pending bills of KShs. 45,957,983 accrued due to the IFMIS instability and delay in exchequer releases. The pending bills have since been paid. Retention of KShs. 93,371,821 See the attached analysis	Chief Officer-Finance and Economic Planning.		Resolved

5.3	Department of Water and Natural Resources During the year under review, the Department procured works totaling Kshs 3,006,509. However, the tender evaluation minutes were not provided for audit review.	The evaluation minutes have been provided	Chief Officer-Water		Resolved	
7.0	Purchase of Motor Bicycles The County Executive purchased motor cycles from Toyota Kenya Ltd at a cost of Kshs.2,230,150. However, the supplier did not supply the motorcycles, reportedly because withholding tax withheld by KRA was not reflected in the suppliers statement of account	The motorcycles were subsequently delivered by the supplier after the issue on taxes was resolved and they are in use as per the attachment	Chief Officer-Roads, Public Works		Resolved	
8.0	Un-refunded Borrowings - Department of Health The Department of Health through various letters borrowed monies totaling Kshs.3,999,400 during the year under review from Bungoma Referral Hospital without involving the County Treasury.	The borrowing was necessitated by some urgent requirements that came up when the Department had run out of liquidity. However, the funds have since been refunded verified by the auditor	Chief Officer-Health and Sanitation		Resolved	
9.0	Women and Youth Fund					
9.1	Loan Repayments Defaults As at 30 June 2016, only Kshs.7,987,144.00 and Kshs.13,467,984 had been recovered resulting in doubtful debts of Kshs.15,862,856 and Kshs.10,032,016 owed by youth and women groups respectively. Further, analysis of the loan repayment performance revealed that 324 and 288 youth and women groups respectively were behind the repayment schedule with 87 and 18 groups respectively having not started repaying the loans	The two Funds experienced challenges as explained to the auditor. However, the Management has taken some action including but not limited to: <ul style="list-style-type: none"> Renewal of the 12 months contract with the group members under new terms. Introduction of mobile banking with a special short messaging service to remind the loanees of the balances Further to this, the initiatives have seen the previously defaulted amounts reduce gradually	Chief Officer-Culture, Gender, Youth and Sports		Partially resolved	By 31 March 2021
9.2	Sustainability of the Youth and Women Funds Youth and Women Funds received interests	Currently, with the revised Regulations, staff remuneration costs are currently zero as all positions of the Fund Ambassadors were scrapped	Chief Officer-Culture, Gender, Youth and Sports		Not resolved

8.1	Irregularities in Recruitment by the CPSB The County Public Service Board recruited 120 Early Childhood Development Centre ECD teachers whose positions were advertised internally. As a result, the recruitment was not conducted competitively and the best available talent could have missed selection	The board advertised the above vacancies internally through adverts that were circulated to respective county offices. The reason for this was due to financial constraints. The process was still competitive based on the number of applicants as the County Government received 1,080 number of applications for the 120 positions. The interview score sheets have also been verified by the auditor.	County Public Service Board	Resolved	
8.2	Procurement of Legal Services The County Public Service Board procured legal services from a firm at a cost of Kshs.3,035,230. However, the firm was not among legal firms prequalified by the County Executive to offer legal services. Also, the CPSB did not provide procurement documents for audit to confirm that the firm was procured competitively.	This payment were in relation to court cases that were actively in courts from July 2014 when the firm was engaged.	Secretary, CPSB	Resolved

12. PROGRESS ON FOLLOW UP OF PRIOR YEAR AUDITOR'S RECOMMENDATIONS

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Focal Point person to resolve the issue (Name and designation)	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)

Guidance Notes:

- a) Use the same reference numbers as contained in the external audit report;
- b) Obtain the "Issue/Observation" and "management comments", required above, from final external audit report that is signed by Management;
- c) Before approving the report, discuss the timeframe with the appointed Focal Point persons within your entity responsible for implementation of each issue;
- d) Indicate the status of "Resolved" or "Not Resolved" by the date of submitting this report to County Treasury.
