THE ETHICS AND ANTI-CORRUPTION COMMISSION

THE FIRST QUARTERLY REPORT COVERING THE PERIOD FROM 1ST
JANUARY, 2020 TO 31ST MARCH, 2020

Preamble

The Ethics and Anti-Corruption Commission (the Commission) is required under section 36 of the Anti-Corruption and Economic

Crimes Act, 2003 (ACECA), to prepare quarterly reports setting out the number of reports made to the Director of Public Prosecutions (DPP) under section 35 of the ACECA, 2003 as read with section 11 (1) (d) of the Ethics and Anti-Corruption Commission Act, 2011, (EACCA).

Section 36 of ACECA provides that:

1. The Commission shall prepare quarterly reports setting out the number of reports made to the DPP under section 35 and such other statistical information relating to those reports, as the Commission considers appropriate.

2. A quarterly report shall indicate if a recommendation of the Commission to prosecute a person for corruption or economic crime was accepted or not accepted.

3. The Commission shall give a copy of each quarterly report to the Attorney General.

4. The Attorney General shall lay a copy of each quarterly report before the National Assembly.

5. The Commission shall cause each quarterly report to be published in the Gazette.

This report is therefore made pursuant to section 36 of ACECA. The report covers the First Quarter and is for the period commencing 1st January, 2020 to 31st March, 2020.

INVESTIGATION REPORT COVERING THE PERIOD 1ST
JANUARY, 2020 TO 31ST MARCH, 2020

1. EACC/KSI/FI/INQ/07/2017

Investigations into Allegations of Wilful Failure to Comply with Procurement Law and Abuse of Office Regarding the Procurement of Telemedicine Equipment for Kendu Adventist Hospital against Officials of Constituency Development Fund Committee.

The Commission learnt of this investigation from the Directorate of Criminal Investigation (DCI), Homabay County. The complaints in question ranged from mismanagement of the Constituency Development Fund (CDF) kitty, fictitious projects, unprocedural awarding of contracts to fraudulent payments for either uncompleted or non-existing projects.

Investigations established that a teleconferencing idea was introduced to the concerned Member of Parliament (MP) by a certain Company. The idea was meant to ease communication between the MP from his office in Nairobi and his Constituents back at home without him travelling all the way to his constituency. The teleconferencing equipment was installed and operationalized. A year later, however, the equipment was stolen and the matter reported to the police. The concerned Company was never paid for the said equipment.

Around the same time, an idea of telemedicine was shared with the MP. He promised to assist Kendu Adventist Hospital in the procurement of the said equipment. In September, 2014, CDF officials delivered the equipment to the Hospital. The Hospital treated it as a donation from the MP. The proposal for procurement of the equipment was passed by the Constituency Development Fund Committee (CDFC) and money set aside for the purchase of the same.

Requests for quotations were allegedly done and three firms responded. One Company won the tender and was tasked with the supply, delivery and installation of the equipment. The CDFC officials approved payment to the Company. Nonetheless, it emerged that the Company did not supply, deliver nor install the equipment at the Hospital.

On 21st January, 2020, a report was compiled and forwarded to the DPP with recommendations that the MP, MP's Personal Assistant, CDFC officials, and the Director of the Company that won the subject tender be charged with the following offences; conspiracy to commit an economic crime contrary to section 47A, abuse of office contrary to section 46, willful failure to comply with the applicable procedures and guidelines relating to procurement and tendering of contracts contrary to section 45 (2) (b), fraudulent payment for goods not supplied contrary to section 45 (2) (a) (ii), fraudulent acquisition of public property contrary to section 45 (1) (a), all as read with section 48 of ACECA. Collusion contrary to section 42 (1) (c) of the Public Procurement and Disposal Act, 2005 and forgery contrary to section 345 as read with section 349 of the Penal Code.

On 4th June, 2020, the DPP returned the inquiry file accepting the Commission's recommendation for prosecution.

2. EACC/FI/INQ/23/2015

Inquiry into Allegations of Irregular Procurement of Rig Move Services at Geothermal Development Company in the Financial Year 2012/2013.

The Commission commenced investigations following a complaint of irregular procurement of rig move services at the Geothermal Development Company (GDC). The nature of the allegations were that in the FY 2010/2011, GDC entered into a contract with a certain Company to rig move services at a cost of KSh. 19,550,000 per rig move. In the FY 2012/2013, GDC procured the same service from the same Company at KSh. 42,476,000 per rig move. In the FY 2013/2014, the Kenya Generating Company Limited (Kengen) contracted the same Company for a similar service at KSh. 20,253,660/- per rig move.

It emerged that the amount paid for this service in the FY 2012/2013 was 100% more than what was paid in the FY 2010/2011. Further, that the said price was not guided by market rates therefore the Government did not get value for money. The Commission upon conclusion of investigations forwarded a statutory report to the Director of Public Prosecutions (DPP) on 28/10/2015. On 12/11/2015, the DPP concurred with the recommendations and the suspects were accordingly arraigned in court. The matter however came to a cropper following the decision in Eng. Michael Sistu Mwaura Kamau v EACC and 4 others.

The DPP based on this decision withdrew the case under section 87 (a) of the Criminal Procedure Code (CPC) on 18th October, 2017 and returned the file to the Commission. Later an official of GDC filed a judicial review challenging the charges facing her. The High Court granted the official prohibitory orders but the same was overturned on appeal. On the strength of this decision and given that no stay orders were granted the Commission proceeded to investigate this matter afresh.

On 21st January, 2020, a report was compiled and forwarded to the DPP with recommendations that various officials of GDC be charged with willful failure to comply with the law relating to procurement contrary to section 45 (2) (b), and abuse of office contrary to section 46 both as read with section 48 of ACECA. 26. EACC/MLD/OPS/INQ/13/2018

Inquiry into Allegations of Corruption Levelled against the Assistant County Commissioner serving in Malindi Sub-County in Kilifi County

The Commission received a complaint wherein the County Official was accused of demanding initially a bribe of Ksh. 10,000. This amount was reduced to KSh. 3,000 and was meant to facilitate the release of one of the complainants herein from custody and to solve an alleged marital dispute between the complainants.

Investigations established criminal culpability namely receiving of bribe, on the part of the official on the basis of which the Commission recommended his prosecution.

On 21st January, 2020, a report was compiled and forwarded to DPP with recommendations that the suspect be charged with receiving a bribe contrary to section 6 (1) (b) of the Bribery Act, 2016, as read together with section 18 (1) of the Bribery Act.

On 4th May 2020, the DPP returned the inquiry file recommending further investigations.

27. EACC/KSM/OPS/INQ/9/2018

Inquiry into Allegations of Corruption against a Clerk at Bondo Law Courts.

The Commission commenced investigations following a complaint from the complainant that the clerk was requesting a financial advantage of KSh. 10,000 from him so as to withdraw an assault case in which he was the complainant.

Investigations established that the complainant had been assaulted and sustained injuries. He sued the persons involved. Later, he approached the prosecution seeking an out of court settlement which he was advised was not possible at the time. He then approached the Clerk who demanded for Ksh. 1,000 in order for him to approach the Magistrate with the Complainant's request. After allegedly discussing with the Magistrate the Clerk demanded for Ksh. 10,000 which he received in form of treated money.

On 13th February, 2020, a report was compiled and forwarded to DPP with recommendations that the Clerk be charged with soliciting and receiving a bribe contrary to section 6 (1) (a) as read with section 18 (1) (2) of the Bribery Act.

On 15th May 2020, the DPP returned the inquiry file recommending further investigations.

28. EACC/OPS/INQ/47/2018

Inquiry into Allegations of Bribery against Eight Traffic Police Officers attached to Juja Police Station.

The Commission commenced this investigation following intelligence report that Traffic Police Officers from Juja Traffic Base request and receive bribes from motorists along the Nairobi-Thika Super Highway. To ascertain the veracity of the said allegations an undercover surveillance was carried out between 1st March, 2018 to 4th May, 2018 along the said Nairobi-Thika Super Highway at Juja.

Investigations could not reveal the identity of the officers involved from the surveillance videos. In fact, even their boss refused to identify them and could not produce a duty roster claiming that the same had been destroyed. Further, the fact that no sting operation was conducted after the said surveillance harmed the investigation. Also the investigation officer claimed not to have observed any corrupt conduct. According to him the officers conduct only displeased him.

On 13th February, 2020, a report was compiled and forwarded to DPP recommending that the inquiry file be closed with no further action owing to lack of sufficient evidence.

On 15th April, 2020, the DPP returned the inquiry file accepting the Commission's recommendation for closure.

 - Drainage channels should be installed in all areas that generate or receive surface water such as car parking, drive ways and along the building block-edges of the roofs.
 - Channels should be covered by approved materials to prevent occurrence of accidents and entry of dirt that would compromise flow of run-off.
 - Drainage channels should ensure safe disposal of run-off/surface water and should be self-cleaning.
 - Paving of the side walkways, driveways and other open area should be done using pervious materials to encourage recharge and thus reducing water run-off volume.
