CHAIRMAN'S STATEMENT

In reference to the Board of Director's mandate, powers, and roles of oversight and supervision in the management of the company as stipulated in Water Act 2016, we have managed to achieve the following:

a) Meetings

Lamu Water and Sewerage Company Board of Directors have been meeting quarterly to discuss the best ways to improve water provision to the people of Lamu.

Through the meetings:

- We have approved Lamu Water and Sewerage Company budget 2021-2022
- We have reviewed Lamu Water and Sewerage Company 5 years' strategic plan.
- We have reviewed the status of the company's staff through promotions
- We have recruited new staff in the revenue section, customer care, and electrical technicians to boost our water infrastructure.

b) Empowerment

- We have organized training for all staff and the board members to boost water governance and maintenance.
- Familiarization with the Water Act 2016

c) Relationships

We have been practicing cordial relations with the County Governor, WSTF, WRA, CWWDA, and WASREB to find ways of improving water services.

OUTCOME/RESULTS OF OUR OPERATIONS

- Revenue/tariff collection has registered slow improved.
- Application of new tariff and awarded 2year interim license that expires 31st August 2023
- More staff and volunteer recruitment has improved operations efficiency.
- Expansion of Lamu Water and Sewerage Company services to the islands of Pate and Kiunga started through signing an MOU with the county Government of Lamu.
- More water consumers have registered for LAWASCO services.

CHALLENGES

- Vandalism of water systems by individuals
- Frequent electricity/power failure affects water provision to a great extent.
- Lack of enough funding to recruit more staff in technical areas and also management.
- Water pollution and adverse climatic change.
- Huge electricity bills.

Lamu Water and Sewerage Company Limited
Annual Reports and Financial Statements
For the year ended June 30, 2022

CHAIRMAN STATEMENT (continued)

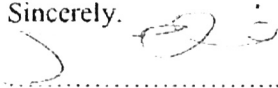

SOLUTIONS TO THE CHALLENGES

As Board, have requested the County Government to continue assisting us with funding to cater for huge electricity bills and other cost incurred during operation and maintenance cost of Lamu water and sewerage Company.

Awareness creation to consumers to make them well informed on existing LAWASCO infrastructure.

I take this opportunity again to thank the County Government of Lamu through His Excellency, Governor Fahim Yassin Twaha and the County Department of Agriculture, Irrigation, and Water for their blossom maximum support in improving the water service provision to the Residents of Lamu.

Sincerely,

.....
Chairman- LAWASCO

Lamu Water and Sewerage Company Limited
Annual Reports and Financial Statements
For the year ended June 30, 2022

REPORT OF THE MANAGING DIRECTOR

Lamu Water and Sewerage Company Limited, as a service provider has managed the provision of water within its area of jurisdiction as licensed by Water Service Regulatory Board (WASREB). The company established in November 2006 has provided water services in Lamu town in Lamu Island and Mokowe area in Lamu mainland. The Company has also increased its coverage area to 80% from 70% after extending its services to Shella Village and Manda Island.

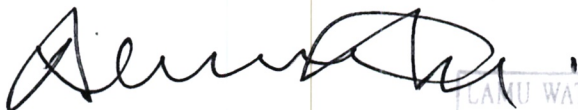

The company is in the process of taking over all water stations in Lamu East. The County Government of Lamu created new water stations in the islands where the county Government invested in water systems. The Lamu East water supply projects had seen Faza, Kizingitini, Siyu, Kiwayu and Kiunga connected to water meter by December 2021.

In most of these stations, water is produced by desalination plant for supply. Maintenance of reverse osmosis plant, diesel and electricity bills is still a toll order to maintain. However, the discussions are still ongoing with county government to have Lamu Water and Sewerage Company limited funded for sustainability of this station. The company have also been tasked to undertake the water supply survey for Lamu West where the county has budgeted to invest over 150 million for water extension. The survey work has started earnestly.

The Company is still faced with high water demand against the daily low water production from lack of a permanent water source, which would not be affected by drought. The water facility has remained undeveloped and therefore the Company has been faced with many challenges of high level of non-revenue water, aging infrastructure, low water production, which has affected the Company's water services and revenue collection.

Lamu Water and Sewerage Company has not yet realized a full cost recovery of providing services to the customers in the medium and long term and therefore the Regulator (Water Regulatory Services Board) through the approved tariff 2017- 2020 which has now expired, the Company has applied for new tariff. Gazette Notice No. 7538 stipulated strategies for ensuring that the Company operates on a commercially sustainable basis, and hence directed that Lamu County Government provide Lamu Water and Sewerage Company with a subsidy of Kshs 30 million per year. This if achieved will take LAWASCO to acceptable performance level, in water services, and achieving coverage of operation and maintenance costs.

The U-vision billing system supplied to the company by Coast Water Works has never worked. The installation of the system has unnecessarily delayed for many years. However, we have put in place measures to get correct debtor balances and enhance the recovery of bad and doubtful debts.

Salim Issa Twahir
Ag. Managing Director

Date...21/03/2023

STATEMENT OF PERFORMANCE AGAINST PREDETERMINED OBJECTIVES FOR FY 2021/2022

Section 81 Subsection 2 (f) of the Public Finance Management Act, 2012 requires the accounting officer to include in the financial statement, a statement of the national government entity's performance against predetermined objectives.

Lamu Water and Sewerage Company limited has 4 strategic issues and objectives within the current Strategic Plan for the FY 2019- FY 2023. These strategic issues are as follows:

Issue 1: Financial Resources

Finance is critical to the self-sustainability of the Company. The Company intends to seek funding in addition to its own resources to rehabilitates some of the existing wells and develop additional water sources, sewerage and sanitation services.

CWSB support will be required in carrying out a feasibility study to establish the extent to which sewerage and sanitation services are required. The financial management systems will be streamlined with specific focus on customer database, billing system, revenue collection, procurement processes and procedures, accounting systems, budgeting and budgetary control and Management Information System generally.

Issue 2: Power Supply

The cost of electricity is very high coupled with intermittent power outages that compound the problem. There is need to carry out a feasibility study on alternative sources of power such as green energy and wind generated power.

Issue 3: Water Sources

The current sources of water are inadequate due to increased demand for water for industrial and household use. It is proposed to expand water sources through rehabilitation of water wells and construction of new ones including rain water harvesting.

Issue 4: Human Resources

Human Resources Management (HRM) has a strategic dimension and involves the total deployment of all the human resources available to the organization.

Broad issues to be addressed include the aggregate size of the Company's labour force in context of the overall corporate plan, how much to spend on training and development given the strategic decisions on productivity levels, product/service prices, target quality and range of services.

Lamu Water and Sewerage Company limited develops its annual work plans based on the above 4 Issues. Assessment of the Board's performance against its annual work plan is done on a quarterly basis. Lamu Water and Sewerage Company limited achieved its performance targets set for the FY 2021/2022 period for its xx strategic pillars, as indicated in the diagram below:

Lamu Water and Sewerage Company Limited

CORPORATE GOVERNANCE STATEMENT

Lamu Water and Sewerage Company is committed to operating under a clear governance framework and strongly adheres to sound management and control practices committed to ensuring that its business and operations are conducted with integrity, professionalism, and in compliance with the law, internationally accepted principles, and best practices in corporate governance.

Lamu Water and Sewerage Company is committed to ensuring compliance with the provisions of Water Act 2016 among other regulatory and supervisory corporate governance requirements. Essential to the establishment of a good governance framework are formal governance structures designed to ensure accurate reporting to the Board to facilitate an informed decision-making process, assessment, and improvement of conformances.

The Corporate Governance of Lamu Water and Sewerage Company takes place within a framework, which exists to regulate and/or guide the conduct of Board members, staff, customers, and members of the public in assessing the Company's facilities and services. The objective of the framework is to provide for the effective, ethical, and accountable governance and management of the Company. The key instruments within the governance framework are:

- The Kenya Constitution
- The Water Act 2016
- The Public Financial Management Act (2012)
- The Public Procurement and Asset Disposal Act (2015)
- The Lamu Water and Sewerage Company Service Charter
- The Company approved policies and procedures
- International Financial Reporting Standards (IFRS Accrual)

For the sake of coherence and legitimacy, it was in the best interest of the Company that its conduct is regulated by the most appropriate type of governance instrument.

Lamu Water and Sewerage Company Ltd have the pride of serving the community since 2006. We have continued the long-standing tradition of providing the community with high quality and affordable Water.

We are a family of people who care about the staff, customers, the community, and the environment in which we live, work and serve.

Lamu Water and Sewerage Company Limited

Annual Reports and Financial Statements

For the year ended June 30, 2022

MANAGEMENT DISCUSSION AND ANALYSIS

Lamu Water and Sewerage Company is dealing with the challenge of improving water production and supply to the residents of Lamu due to consistent power failure. The total number of connections has increased from 4826 in June 2021 to 4952 in June 2022, representing a 2.61% increase in connections during the financial year, this shows a reduction of total number of connections of 2.61% in FY 2021-2022 down from 2.96% in the previous year FY 2020-2021. The total volume of water produced decreased from 600,563 m³ in June 2020 to 548,534 m³ in June 2022; this represents a decrease of 8.66% during the year under review. This shows an improvement of water production reduction of 8.66% in FY 2021-2022 up from 12% in the previous year FY 2020-2021.

Total revenue decreased from Kshs 35,686,034 in 2021 to 23,709,020 in 2022, a 33.56% decrease during the year. This is attributed due to constant unaccounted of 44% water from 44%. The total subsidy from Lamu County Government during the year amounted to Kshs 30.5M which met the condition of WASREB Gazette notice No.7538 dated, 4th August 2017. We further received 23.99M conditional grant from Lamu county government to clear the two years pending bills for suppliers. We further received 4M from Conditional Support Liquidity Grant (CSLG) to clear pending bills.

Below is a schedule detailing key indicators compared to the previous year.

INDICATOR	EXPECTED & BUDGET	2022	2021	% CHANGE
Total revenue	40,000,000	23,709,020	35,686,034	-33.56%
Subsidy from Lamu County Government	60,303,485	58,490,357	35,034,641	66.95%
Total number of connections	-	4952	4826	2.61%
The total volume of produced water	-	548,534	600,563	8.66%
Water Coverage %	77%	77%	77%	-
Non-Revenue water	31%	41%	44%	-
Water quality standards	100%	100%	100%	-
Hours of Supply	10	10	10	-
Metering ratio	100%	100%	100%	-
Staff per 1,000 Connections	10	48	19	-
Collection efficiency				

Lamu Water and Sewerage Company Limited exists to transform lives. Supply of water is the driving force behind everything we do. It's what guides us to deliver our strategy, putting the customer/Citizen first by delivering water and improving operational excellence. Below is an outline of the organisation's policies and activities that promote sustainability.

i) Sustainability strategy and profile

This list describes a range of sustainability goals along with examples of LAWASCO's approaches to address them.

Improve compliance - Establish collaborative partnerships with neighbouring utilities to increase or maintain technical, managerial, or financial capacity or to share information and expertise.

Reduce energy cost - Invest in more energy efficient equipment or explore operational changes that can enhance energy optimization (such as pumping at night when the rate is lower).

Reduce overall infrastructure costs to communities - Partner with other community agencies to coordinate infrastructure projects such as road repairs with lead service line replacement and installation of pipelines.

Extend the projected adequacy of current water supplies - Consumer water conservation programs implemented through water metering, fixing distribution system leaks, or making use of reclaimed water.

Address wet weather impacts - Implement a mix of non-traditional infrastructure alternatives such as green infrastructure solutions with integrated storm water and combined sewer overflow control.

Preserve critical ecological areas in the community - Adopt management programs for septic systems to reduce nutrient loadings to lakes or employ "green" treatment chemicals.

Improve the economic vitality of the existing community - Target water infrastructure projects to support existing community infrastructure and encourage redevelopment.

Enhance community liveability- Incorporate green space or recreational opportunities into projects.

Reduce long-term system operational costs - Use natural energy consuming treatment systems, such as green energy, to reduce the input of energy during treatment.

Improve operational resilience - Understand operational, financial, and potential climate vulnerabilities and incorporate them into alternatives analysis as part of a broader risk management strategy.

Reduce vulnerability to water supply disruption or contamination - Conduct real-time water quality monitoring, install isolation shutoff valves, or provide connections to alternative water supplies.

Ensure a sustainable workforce - Implement steps to ensure a safe workplace, knowledge retention, and incorporating new knowledge through training.

Supply Chains-The Company maintains a list of sustainable friendly vendors and makes it a priority to use only organizations/suppliers that embrace sustainable business practices and all contracts negotiated with this expectation made clear.

Recycling Program-The Company has an in-house program for recyclable products like: fluorescent light-bulbs, electronics, computers and monitors, paper products and supplies.

Chemical Management- Lamu Water and Sewerage Company Limited engages chemical vendors to help train employees on the proper use of green products and disposal of chemicals.

Purchase of Only Energy Efficient Products to enhance Sustainable Work Policies-The Company looks for energy-efficient electronic products and use environmentally friendly settings on all LAWASCO stations.

Lamu Water and Sewerage Company Limited
Annual Reports and Financial Statements
For the year ended June 30, 2022

i) Environmental performance

LAWASCO recognizes our key impacts to be in the areas of:

Procurement, Energy use, Raw material use, Waste generation and management and Water use.

We will strive to comply with legal requirements and voluntary commitments, Prevent pollution, reduce risk, Use resources sustainably, communicate our environmental policy, Train and increase Awareness, Improve Continually

This Environmental Policy is applicable to Lamu Water and Sewerage Company Limited and will be updated from time to time to reflect the emerging changes in the Company.

ii) Employee welfare

- a. Below are the guidelines and procedure followed during the recruitment and hiring of high caliber staffs:

The Board of Directors shortlist, interview and recruit a candidate for the position of the Managing Director in accordance with relevant legislations and regulations governing this process. Where a vacancy in other cadres falls open or it is known that it shall occur, the Head of Department liaise with the Human Resources office with a view to filling the existing vacancy. The Human Resources Officer evaluate the vacancy and advice the Managing Director whether the vacancy can be filled from within or externally. The Board also outsource the shortlisting and interviewing of senior staff to a consultant who submit the names of at least three of the most qualified candidates to the Board which appoint one of them. The Human Resources Office in collaboration with the user department shortlist and interview other levels of staff in consultation with the Board. Applicants being interviewed are required to present their original academic and professional certificates to the interviewing panel. Appointment to permanent and pensionable posts shall be restricted to candidates above 18 years and below 45 years of age. Canvassing through a Director in the Board or Management directly or indirectly for any appointment or promotion in the company shall disqualify the candidate.

b. On- the-job training

The Company ensures that on-the-job training of staff is undertaken in order to improve their skills and capabilities. It also encourages staff to advance academically by allowing staffs to apply for study leaves and exam leaves.

c. Staff Performance and Appraisal Systems

The supervisors regards appraisal as being a continuous exercise. Whenever an employee displays some weaknesses in his work, the supervisor must discuss with him in order to reinforce the performance. Employees must be advised by their supervisors at all times whether verbally or in writing of any faults or shortcomings, the remedy of which may reasonably be within their power as soon as these become apparent. Heads of Departments and other authorized officers must satisfy themselves that, employees serving under them whose performance is unsatisfactory are promptly informed of the fact and that any adverse report made on them is recorded on their personal files.

d. Policy and Safety Compliance with OSHA, 2007

Lamu water and Sewerage Company Limited provides a safe and health place of work. However, it is the duty of every employee to safeguard themselves and others while at work and if any hazard is encountered, to report the same to the Head of Human Resource and Administrative Services. Lamu water and Sewerage Company Limited's premises are a non-smoking zone.

Lamu Water and Sewerage Company Limited

Annual Reports and Financial Statements

For the year ended June 30, 2022

To reduce loss of man hours due to work related risks and hazards, the following measures are put in place:

- (i) Use of protective equipment's and clothes by employees at risk.
- (ii) Provision of First Aid kits which shall be maintained by the Administration Services Manager. If she/he is not available a duplicate key is kept by the head of Human. Resource and Administrative Services.
- (iii) Maintenance of firefighting equipment in the place of work: In the event of fire or emergency, employees shall be requested to immediately vacate the office using the nearest fire exit. It is advisable not to stop to clear desks or collect personal belongings.
- (iv) Training employees to avoid or counter any risk or hazard.
- (v) Regular maintenance of plant and equipment to minimize risks in the work place.
- (vi) Regular medical check-ups on employees exposed to risk and hazards.
- (vii) An HIV/AIDS policy shall be prepared and approved by the Board. Such policy shall be based on confidentiality on personal information for the infected, non-discrimination on the basis of the disease, voluntary testing, prevention, education and counselling for the employees and assisting the infected to access medication.

iii) Market place practices-

Lamu water and Sewerage Company Limited has the following marketing practices

a) Responsible competition practice.

Lamu water and Sewerage Company Limited is in the process of establishing anti-corruption committee to curb issues of anti-corruption, adoption to new technology to efficiently curb competition in provision of water and ensure quick response to political involvement in a proper way like using the website.

b) Responsible Supply chain and supplier relations

Lamu water and Sewerage Company Limited maintains a list of sustainable friendly vendors and makes it a priority to use only organizations/suppliers that embrace sustainable business practices and all contracts negotiated with this expectation made clear.

c) Responsible marketing and advertisement

Lamu water and Sewerage Company Limited thrives to attain the best marketing practice so as to attain efficiency and positive feedback from their customers. Protecting Consumer data and privacy, responding meaningfully to consumer Concerns, Commit to Sustainability and Human Rights and transparency are core ethical practices that enhances marketing.

d) Product stewardship

Lamu water and Sewerage Company Limited has a comprehensive service charter that outlines clearly and direct the customer on the relevant services that can assist in customer satisfaction.

CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING

MANGROVE TREE PLANTING DRIVE BY MANAGING DIRECTOR

The Company and other stakeholders jointly organized a Mangrove tree planting drive at Kizingitini on Friday, June 11th 2021. The event was presided over by Managing Director.

The Managing Director said the tree planting drive will help mitigate against the effects posed by climate change. “Climate change is a consequence of our action. Our participation today in this noble exercise is commendable as it will go a long way in restoring our ecosystem and biodiversity.” He further stated that the global environment continues to face numerous challenges ranging from pollution, deforestation, desertification and scarcity of natural resources.

He also noted that forests have multiple benefits and called upon stakeholders to seek for innovative solutions to restore water towers. “We must be better advocates and champions of environmental conservation in order to contribute to a healthy ecosystem. Forests ensures there is food security besides it being of medicinal value.” He said.

LAWASCO DROUGHT RESPONSE MEASURES IN LAMU COUNTY

- Water trucking to hot spot areas in the County i.e. Mtangawanda, Shanga Rubu, Shanga Ishakani, Patte, Hindi and Bargoni.
- Desalting of open water sources Lamu West Sub- County.
- Installation of solar powered water systems e.g., desalination plants in Kiunga, Ndau, Faza, Siyu, Kizingitini and Mkokoni Villages.
- Promotion of rainwater harvesting, repair of Djabias, roof catchment areas, installation of gutters and tanks in Kiunga, Mkokoni, Ndau, Kiwayuu, Faza, Siyu and Hindi Villages and Government Institutions. Before the onset of the short rains.

Lamu Water and Sewerage Company also provide internship and practical skills attachment opportunities for the local Youth Polytechnic to assist in promoting professional and experienced personnel in the community.

With continued loyalty and support, we are confident that July 2021-June 2022 was another successful year of more improved social responsibility.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

Section 81 (1) of the Public Finance Management Act, 2012 and section 14 of the State Corporations Act, require the Directors to prepare financial statements in respect of that company, which gives a true and fair view of the state of affairs of the company at the end of the financial year and the operating results of the company for that year. The Directors are also required to ensure that the company keeps proper accounting records which disclose with reasonable accuracy the financial position of the company. The Directors are also responsible for safeguarding the assets of the company.

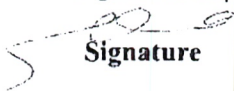

The Directors are responsible for the preparation and presentation of the company's financial statements, which give a true and fair view of the state of affairs of the company for the financial year ended on June 30, 2022. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of Lamu Water And Sewerage Company limited; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of Lamu Water And Sewerage Company limited; (v) selecting and applying appropriate accounting policies, and (vi) making accounting estimates that are reasonable in the circumstances.

The Directors accept responsibility for the Lamu Water And Sewerage Company limited financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with International Financial Reporting Standards (IFRS), and in the manner required by the PFM Act and the State Corporations Act. The Directors believe that the financial statements give a true and fair view of the state of Lamu Water And Sewerage Company limited transactions during the financial year ended June 30, 2022, and of the company's financial position as at that date. The Directors further confirm the completeness of the accounting records maintained for the company, which have been relied upon in the preparation of the Lamu Water And Sewerage Company limited financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Directors to indicate that Lamu Water And Sewerage Company limited will not remain a going concern for at least the next twelve months from the date of this statement.

REPORT OF THE AUDITOR-GENERAL ON LAMU WATER AND SEWERAGE COMPANY LIMITED FOR THE YEAR ENDED 30 JUNE, 2022

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure Government achieves value for money and that such funds are applied for the intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment and the internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Adverse Opinion

I have audited the accompanying financial statements of Lamu Water and Sewerage Company Limited set out on pages 1 to 40, which comprise of the statement of financial position as at 30 June, 2022 and the statement of profit or loss and other comprehensive income, statement of changes in equity, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended and a summary of

significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, because of the significance of the matters discussed in the Basis for Adverse Opinion section of my report, the financial statements do not present fairly, the financial position of the Lamu Water and Sewerage Company Limited as at 30 June, 2022 and of its financial performance and its cash flows for the year then ended, in accordance with International Financial Reporting Standards (IFRS) and do not comply with the Public Finance Management Act, 2012, the Water Act, 2016 and the Companies Act, 2015.

Basis for Adverse Opinion

1. Non-Compliance with the Prescribed Reporting Template

Review of the financial statements prepared and submitted for audit revealed the following instances of non-compliance with the prescribed template:

- i. The disclosure information on the Board of Directors did not include the directors' age, key academic/professional qualifications and work experience.
- ii. It was not indicated whether the directors were independent or executive and the committees they were chairing where applicable.
- iii. The pages containing the statement of directors' responsibilities and statement of financial position did not contain page numbers.
- iv. The statement of financial performance was not signed by the Head of Finance as required by the Financial Reporting Template (Revised June, 2022) issued by the Public Sector Accounting Standards Board.

In the circumstances, the financial statements did not fully comply with the Annual Financial Reporting Template (Revised June, 2022) issued by the Public Sector Accounting Standards Board.

2. Inaccuracies in the Comparative Balances

The statement of profit or loss and other comprehensive income reflects opening balance of general and operational expenses of Kshs.30,383,492. However, the prior year audited financial statements reflected a balance of Kshs.32,471,085 resulting in an unreconciled difference of Kshs.2,087,593. In addition, the statement reflects loss before taxation of negative Kshs.7,271,075 while the prior year audited financial statements reflected loss of negative Kshs.9,358,668 resulting in an unreconciled difference of Kshs.2,087,593. Further, comparative balances for operating revenue, other income, finance income and general operations expenses do not agree with the referenced notes.

In the circumstances, the accuracy of the opening balances for general and operational expenses and loss before taxation could not be confirmed.

3. Variances between the Trial Balance and the Financial Statements

Comparative analysis of the trial balance and the financial statements revealed unreconciled variances as tabulated below:

Component	Amount as per Trial Balance (Kshs.)	Amount as Per Financial Statements (Kshs.)	Variance (Kshs.)
Retained Earnings	22,134,617	27,929,537	-5,794,920
Buildings	9,667,504	38,596,358	-28,928,854
Computers and Related Equipment	88,000	6,703	-81,297
Office equipment, Furniture and Fittings	281,553	202,753	-78,800
Trade Receivables (Customers Debtors)	10,682,071	10,710,071	-28,000
Statutory Deductions	216,200	188,200	28,000

In the circumstances, accuracy of balances reflected in the financial statements could not be confirmed.

4. Variance in Domestic Travelling and Subsistence

Note 11 to the financial statements reflects general and operation expenses of Kshs.43,240,233 which includes domestic travelling and subsistence of Kshs.14,584,805. However, the ledger supporting the balance reflected an amount of Kshs.14,719,805 resulting to unexplained and unreconciled variance Kshs.135,000.

In the circumstances, the accuracy of domestic travelling and subsistence expenditure of Kshs.14,584,805 for the year ended 30 June, 2022 could not be confirmed.

5. Property, Plant and Equipment – Lack of Ownership Documents

The statement of financial position reflects property, plant and equipment balance of Kshs.40,139,564 as reflected in Note 15 to the financial statements. However, review of the Company's asset register revealed that it included six unvalued parcels of land for which the Company did not have ownership documents. In addition, included in the asset register were seven (7) motor vehicles whose logbooks were in the name of Coast Water Works Development Agency.

In the circumstances, ownership of the Company's land and seven motor vehicles as at 30 June, 2022 could not be confirmed.

6. Unsupported Trade and Other Receivables

The statement of financial position reflects trade and other receivables balance of Kshs.13,710,071 which includes trade receivables (customer debtors) of Kshs.10,710,071 as disclosed in Note 16 to the financial statements. However, the trade receivables ledger reflected a balance of Kshs.26,312,655 resulting to unreconciled variance of Kshs.15,602,584. In addition, the ledger did not disclose balances brought forward, amount accrued for the current period and the ages of the running balance as at the end of the financial year. Further, Management did not make a provision for bad and doubtful debts.

Finally, included in the trade and other receivables balance is shareholders receivables/contribution of Kshs.3,000,000 which has never been paid up since the inception of the water company.

In the circumstances, the recoverability, accuracy and completeness of trade and other receivables balance of Kshs.13,710,071 as at 30 June, 2022 could not be confirmed.

7. Unsupported Cash and Bank Balances

The statement of financial position reflects bank and cash balance of Kshs.13,072,190 as disclosed in Note 17 to the financial statements. However, the cash book, bank statements and bank reconciliation statement for Mokowe Household Sanitation Project bank account with a reported balance of Kshs.7,013,949 were not provided for audit verification.

In the circumstances, the accuracy of cash and bank balance of Kshs.7,013,949 as at 30 June, 2022 could not be confirmed.

8. Failure to Transfer Shareholding

The statement of financial position reflects ordinary share capital of Kshs.3,000,00 as disclosed in Note 18 to the financial statements. The balance comprises 3,000 ordinary shares of Kshs.1,000 par value amounting to Kshs.3,000,000. Lamu Water and Sewerage Company Limited was incorporated under the Company Act (Cap, 486) on 3 February, 2006 under the ownership of the defunct County Council of Lamu. Following the establishment of the County Government of Lamu in 2013, Management was expected to transfer the ownership of the Company to the County Government of Lamu. However, the ownership of the Company still remains in the name of the defunct County Council of Lamu Contrary to Section 77(1) of the Water Act, 2016 that states that County Governments shall establish water services providers.

In the circumstances, the ownership of the Company as 30 June, 2022 could not be confirmed.

9. Unsupported Long-Term Payables

The statement of financial position reflects long term liabilities of Kshs.7,770,210 as disclosed in Note 19 to the financial statement. However, the balance was not supported by ledgers and the balance had not indicated any movement over the last three years. In addition, the terms and condition of repayment have not been spelt out or provided for audit review.

In the circumstances, the accuracy of long-term liabilities balance of Kshs.7,770,210 as at 30 June, 2022 could not be confirmed and the Company's ability to settle the outstanding amount is doubtful.

10. Unsupported Deferred Grant Income

The statement of financial position reflects deferred grant income of Kshs.52,016,968 as disclosed in Note 20 to the financial statements. However, Management did not maintain a ledger in support of the balance. In addition, the balance has not indicated any movement over a duration of two years and therefore it is not known when it will be realized as income.

In the circumstances, the accuracy and completeness of the deferred income balance of Kshs.52,016,968 as at 30 June, 2022 could not be confirmed.

11. Trade and Other Payables

11.1 Unsupported Non-Remittance of Mandatory Fees, Sacco and Pension Deductions

The statement of financial position reflects trade and other payables balance of Kshs.32,064,184 as disclosed under Note 21 to the financial statements. However, Management did not provide aging analysis for audit verification. In addition, included in the balance is Kshs.12,283,291 in respect of unremitted mandatory fees payable to Coastal Water Works Development Agency (CWWDA) and Water Services Regulatory Board (WASREB) and Water Resource Authority (WRA). Further, the balance included an amount of Kshs.5,036,587 in respect of unremitted deductions to Saving and Credit Cooperative Organization (SACCO) and pension schemes and which were not supported by appropriate ledgers.

In the circumstances, the accuracy and completeness of trade and other payables of Kshs.32,064,184 could not be confirmed and the Company's ability to settle the outstanding amounts is doubtful.

11.2 Unsupported Customer Deposits

The statement of financial position reflects trade and other payables balance of Kshs.32,064,184 which includes refundable customer deposits of Kshs.763,603 as disclosed in Note 21 to the financial statements. However, the detailed schedules/ledger supporting the reported balance and movements during the year were not provided for audit review. In addition, the customer deposit account held at Kenya Commercial Bank reflected a balance of Kshs.1,441,716 resulting to an unexplained difference of Kshs.678,113.

In the circumstances, the accuracy and completeness of customer deposits balance of Kshs.763,603 as at 30 June, 2022 could not be confirmed.

12. Non-Disclosure of Material Uncertainty Relating to Going Concern

The statement of profit or loss and other comprehensive income reflects a loss of Kshs.5,794,920 (2021; in 2021 loss of Kshs.7,271,075 and in 2020 loss of Kshs.9,350,113), decreasing the revenue reserves to negative Kshs.27,929,537. In addition, the statement of financial position reflects current assets of Kshs.26,782,261 against total current liabilities of Kshs.32,064,184, resulting to a negative working capital of Kshs.5,281,923. This condition indicates existence of a material uncertainty, which may cast significant doubt on the Company's ability to continue as a going concern. The material uncertainty relating to going concern and the measures put in place to improve the Company's financial performance have not been disclosed in these financial statements.

In the circumstances, the Company is technically insolvent and its continued operations is dependent on the continued support from the creditors and County Government of Lamu.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Lamu Water and Sewerage Company Limited Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other

ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my adverse opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matter

1. Budgetary Control and Performance

The statement of comparison of budget and actual amounts as at 30 June, 2022 reflects revenue budget and actual revenue on comparable basis of Kshs.103,738,485 and Kshs.84,922,277 respectively, resulting to an under-collection of revenue of Kshs.18,816,208 or 18% of the budget. Similarly, the Company spent Kshs.90,717,198 against an approved budget of Kshs.100,174,339 resulting to an under-expenditure of Kshs.9,457,141 or 9% of the budget. Further, comparison of the final budget with the actual expenditure revealed that Management overspent on eight (8) items totalling Kshs.9,775,197 as detailed below without approval.

Component	Current Year Actual (Kshs.)	Current Year Budget (Kshs.)	Over Expenditure (Kshs.)
Chemicals	333,450	286,300	47,150
Electricity and Water	13,202,334	11,214,987	1,987,347
Fuel	2,973,280	2,221,910	751,370
Pipes and Fittings	5,313,946	-	5,313,946
Domestic Traveling and Subsistence	14,584,805	13,018,444	1,566,361
Levy Fee (WASREB)	1,152,550	1,087,297	65,253
Hospitality	43,770	-	43,770
Total	37,604,135	27,828,938	9,775,197

This was contrary to Regulation 43(2) of the Public Finance Management (County Governments) Regulations, 2015 which provides that that County Government entities shall execute their approved budgets based on the annual appropriation legislation and the approved annual cash flow plan with the exception of unforeseen and unavoidable spending dealt with through the contingencies fund or supplementary estimates.

In addition, the Board of Directors approved budget estimates for the financial year 2021/2022 on 30 June, 2022 contrary to Section 128(1) of the Water Act, 2016 that states that three (3) months before the commencement of each financial year, each body corporate established under this Act shall cause to be prepared estimates of the revenue and expenditure of the body corporate for that year.

In the circumstances, Management was therefore in breach of the law and there is need to re-look at budget making mechanism with a view to coming up with a more realistic budget.

2. Unresolved Prior Year's Issues

Various prior year audit issues were raised in the Auditor-General's report for the year ended 30 June, 2021. However, most of the issues remained unresolved as at 30 June, 2022. Management did not provide reasons for the delay in resolving the prior year audit issues.

3. Other Information

The Directors are responsible for the other information, which comprises the Chairman's report, directors' report, the statement of corporate governance, Management discussions and analysis, statement of corporate social responsibility and the statement of directors' responsibilities. The other information does not include the financial statements and my auditor's report thereon.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance or conclusion thereon.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, because of the significance of the matters discussed in the Basis for Adverse Opinion and Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources sections of my report, based on the audit procedures performed, I confirm that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Staff Costs

1.1 Irregular Payment of Top Up Allowances

The statement of profit or loss and other comprehensive income reflects staff costs of Kshs.35,843,251 which includes top up allowances of Kshs.2,018,000 as disclosed in Note 10 to the financial statements. Review of records revealed that the expenditure was in respect of seconded staff from the County Executive of Lamu. However, Management did not provide for audit review the evidence of approval of the top up allowance by the Salaries and Remuneration Commission (SRC) as required by Article 230 (4)(b) of the Constitution of Kenya, which states that the powers and functions of Salaries and Remuneration Commission shall be to advise the national and county governments on the remuneration and benefits of all public officers.

In the circumstances, Management was in breach of the law.

1.2 Double Payment of Casual Employee Wages

The statement of profit or loss and other comprehensive income reflects staff costs of Kshs.35,843,251 which includes an amount of Kshs.2,250,000 in respect of wages for casuals as disclosed in Note 10 the financial statements. Audit review of the musters roll for casuals revealed that Management paid its casual employees wages amounting to Kshs.670,000 and Kshs.820,000 in the months of September, 2021 and March, 2022,

respectively. However, examination of payrolls revealed that the same casual employees were paid by the County Executive of Lamu.

In the circumstances, the regularity of wages for casual employees of Kshs.1,490,000 in the year ended 30 June, 2022 could not be confirmed and the expenditure may be considered wasteful as interpreted by Section 2 of the Public Finance Management Act, 2012.

2. Unsupported Procurement of Fuel

The statement of profit or loss and other comprehensive income reflects general and operations expenses balance of Kshs.43,240,233 which includes fuel of Kshs.2,973,280 as disclosed in Note 11 to the financial statements. However, audit review revealed that payments totalling to Kshs.393,280 were not supported with Electronic Tax Receipts (ETR) from the Kenya Revenue Authority as required by Regulation 93(2) of the Public Procurement and Asset Disposal Regulations, 2020 which states that any procurement under paragraph (1) shall be supported by the original Kenya Revenue Authority Electronic Tax Receipt (KRA ETR Receipt) duly signed by the person undertaking the low value procurement of goods, works or services.

In the circumstances, Management was in breach of the law.

3. Non-Remittance of Statutory Dues

Examination of Company records revealed that the National Social Security Fund and Kenya Revenue Authority deductions amounting to Kshs.295,600 and Kshs.339,879 respectively were not remitted to the respective organizations. This was contrary to Section 19(4) of the Employment Act, 2007 that states that an employer who deducts an amount from an employee's remuneration in accordance with subsection (1)(a), (f), (g) and (h) shall pay the amount so deducted in accordance with the time period and other requirements specified in the law, agreement court order or arbitration as the case may be.

In the circumstances, Management was in breach of the law.

4. Irregular Procurement of Repair and Maintenance Services

The statement of profit or loss and other comprehensive income reflects maintenance expenses of Kshs.8,962,271 as disclosed in Note 13 to the financial statements. Review of payment vouchers and procurement files revealed that an amount of Kshs.1,687,235 was paid to a local company for supply, delivery and installation of inverters at Kizingitini Water and Sanitation Project.

Management used direct procurement method to acquire the works. However, evidence that the five conditions for use of direct procurement as set out under Section 103(2) of the Public Procurement and Asset Disposal Act, 2015 were met to justify use of direct procurement method was not provided for audit review.

In the circumstances, Management was in breach of the law.

5. Excessive Non-Revenue Water

During the year under review, the Company produced 548,534m³ of water and out of which 276,762m³ was billed to customers. The balance of 240,272m³ (44%) of produced water worth Kshs.39,644,880 tabulated using the gazetted water company's highest tariff

of Kshs.165 per cubic meter of water represents Non-Revenue Water (NRW) which is 19% over and above the limit of 25% set by the Water Services Regulatory Board.

The significant level of Non-Revenue Water may be an indication of inefficiency and ineffectiveness in the use of public and water resources, which may negatively impact on the Company's profitability and its ability to sustain services.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, because of the significance of the matters discussed in the Basis for Adverse Opinion and Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance sections of my report, based on the audit procedures performed, I confirm that internal controls, risk management and governance were not effective.

Basis for Conclusion

1. Weak Controls in Revenue Collection

The statement of profit or loss and other comprehensive income reflects operating revenue for the year of Kshs.26,334,820 as reflected in Note 6 to the financial statement. The amount is a sharp decline from the previous financial year ended 30 June, 2021 balance of Kshs.40,566,341. A review of bank statements, receipt books, monthly meter readings revealed that the Company used manual revenue collection system. A manual revenue collection system is prone to abuse and un-authorized adjustments.

In the circumstances, it was not possible to confirm existence of strong and effective internal controls in revenue collection.

2. Weaknesses in Internal Controls on Processing of Payments

The statement of profit or loss and other comprehensive income reflects total expenses amounting to Kshs.90,717,198. Review of records revealed that payment vouchers were not numbered and therefore specific physical payment vouchers could not be traced in the expenditure schedules supporting the financial statements. In addition, payment vouchers were not authorized by the Finance Manager. Further, payment vouchers were not examined and vote book certificate completed as required.

In the circumstances, it was not possible to confirm existence of strong and effective internal control in processing of payments.

3. Incomplete Payroll Records

Payrolls for permanent employees maintained did not include all the relevant details. Data on ethnic codes, county of origin, persons with disability status and gender, Kenya

Revenue Authority Personal Identification Number, marital status, date hired, date of birth of all employees were not indicated in the payroll.

In the circumstances, it was not possible to confirm the completeness of information processed from the payroll.

4. Lack of Risk Management Policy

During the year under review, the Company did not have a Risk Management Policy. It was further noted that Management did not carry out risk assessment during the year. Section 158 (1)(a) and (b) of the Public Finance Management (County Governments) Regulations, 2015 requires the accounting officer to develop risk management strategies, which include fraud prevention mechanism and internal control that builds robust business operations.

In the absence of a risk management policy, the Company may fail to identify and respond to risks in order to minimize or prevent their impact.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by the Kenyan Companies Act, 2015, I report based on the audit, that:

- (i) I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of my audit;
- (ii) In my opinion, adequate accounting records have been kept by the Company, so far as appears from the examination of those records; and
- (iii) The Company's financial statements are in agreement with accounting records and returns.

Responsibilities of the Management and the Board of Directors

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management is aware of the intention to liquidate the Company or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

The Board of Directors is responsible for overseeing the Company's financial reporting process, reviewing the effectiveness of how the Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to

those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Company to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and where applicable, related safeguards.

CPA Nancy Gathungu, CBS
AUDITOR-GENERAL

Nairobi

NOTES TO THE FINANCIAL STATEMENTS

1. GENERAL INFORMATION

Lamu Water and Sewerage Company Limited entity is established by and derives its authority and accountability from the Water Act 2006. The Company is wholly owned by the County Government of Lamu and is domiciled in Kenya. The Company's principal activity is the supply of water to the residents of Lamu.

For Kenyan Companies Act reporting purposes, the balance sheet is represented by the statement of financial position and the profit and loss account by the statement of profit or loss and other comprehensive income in these financial statements

2. STATEMENT OF COMPLIANCE AND BASIS OF PREPARATION

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Financial Reporting Standards (IFRS) allows the use of estimates and assumptions. It also requires management to exercise judgment in the process of applying the company's accounting policies.

The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the Company.

The financial statements have been prepared following the PFM Act, the State Corporations Act, and International Financial Reporting Standards (IFRS). The accounting policies adopted have been consistently applied to all the years presented.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

3. Application of New and Revised International Financial Reporting Standards (IFRS)

i. New and amended standards and interpretations in issue effective in the year ended 30 June 2022

Title	Description	Effective Date
Amendments to IAS 16 titled Property, Plant and Equipment: Proceeds before Intended Use (issued in May 2020)	The amendments, applicable to annual periods beginning on or after 1 January 2022, prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing an asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in profit or loss	The amendments are effective for annual periods beginning on or after January 1, 2022. Early application is permitted.
Amendments to IAS 37 titled Onerous Contracts - Cost of Fulfilling a Contract (issued in May 2020)	The amendments clarify that for the purpose of assessing whether a contract is onerous, the cost of fulfilling the contract includes both the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts. They are effective for contracts for which an entity has not yet fulfilled all its obligations on or after 1 January 2022.	The amendments are effective for annual periods beginning on or after January 1, 2022. Early application is permitted
Amendment to IFRS 1 titled Subsidiary as a First-time Adopter	The amendment, applicable to annual periods beginning on or after 1 January 2022, provides a subsidiary that becomes a first-time adopter later than its parent with an exemption relating to the measurement of its assets and liabilities. The exemption does not apply to components of equity.	The amendments are effective for annual periods beginning on or after January 1, 2022. Early application is permitted.
Amendment to IFRS 9	The amendment, applicable to annual periods beginning on or after 1	The amendments are effective for annual

Title	Description	Effective Date
titled Fees in the '10 per cent' Test for Derecognition of Financial Liabilities	January 2022, to IFRS 9 clarifies the fees that a company includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability.	periods beginning on or after January 1, 2022. Early application is permitted
Amendment to IAS 41 titled Taxation in Fair Value Measurements (issued in May 2020 as part of the Annual Improvements to IFRS Standards 2018-2020)	The amendment, applicable to annual periods beginning on or after 1 January 2022, to IAS 41 removed the requirement to exclude taxation cash flows when measuring fair value. This amendment aligned the requirements in IAS 41 on fair value measurement with those in other IFRS	The amendments are effective for annual periods beginning on or after January 1, 2022. Early application is permitted.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Application of New and Revised International Financial Reporting Standards (IFRS)

ii. *New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2022.*

Title	Description	Effective Date
IAS 1 — Presentation of Financial Statements	IAS 1 "Presentation of Financial Statements" sets out the overall requirements for financial statements, including how they should be structured, the minimum requirements for their content and overriding concepts such as going concern, the accrual basis of accounting and the current/non-current distinction. The standard requires a complete set of financial statements to comprise a statement of financial position, a statement of profit or loss and other comprehensive income, a statement of changes in equity and a statement of cash flows.	The amendments are effective for annual periods beginning on or after January 1, 2023. Earlier application is permitted.
Amendments to IAS 1 titled Classification of Liabilities as Current or Non-current (issued in January 2020)	The amendments, clarify a criterion in IAS 1 for classifying a liability as non-current: the requirement for an entity to have the right to defer settlement of the liability for at least 12 months after the reporting period.	The amendments are effective for annual periods beginning on or after January 1, 2023. Earlier application is permitted.
Amendments to IAS 1 titled Disclosure of Accounting Policies (issued in February 2021)	The amendments, applicable to annual periods beginning on or after 1st January 2023, require entities to disclose their material accounting policy information rather than their significant accounting policies	The amendments are effective for annual periods beginning on or after January 1, 2023. Earlier application is permitted.

Annual Reports and Financial Statements
For the year ended June 30, 2022

Title	Description	Effective Date
IAS 12 — Income Taxes	IAS 12, "Income Taxes" implements a so-called 'comprehensive balance sheet method' of accounting for income taxes which recognizes both the current tax consequences of transactions and events and the future tax consequences of the future recovery or settlement of the carrying amount of an entity's assets and liabilities. Differences between the carrying amount and tax base of assets and liabilities, and carried forward tax losses and credits, are recognized, with limited exceptions, as deferred tax liabilities or deferred tax assets, with the latter also being subject to a 'probable profits' test.	The amendments are effective for annual reporting periods beginning on or after January 1, 2023. Early adoption is permitted.
IAS 8- Accounting Policies, Errors and Estimates	The amendments, applicable to annual periods beginning on or after 1st January 2023, introduce a definition of 'accounting estimates' and include other amendments to IAS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates.	The amendments are effective for annual reporting periods beginning on or after January 1, 2023. Early adoption is permitted.

- iii. Early adoption of standards
The entity did not early – adopt any new or amended standards in year 2021/2022.

NOTES TO THE FINANCIAL STATEMENTS (Continues)

4. Summary of Significant Accounting Policies

The principle accounting policies adopted in the preparation of these financial statements are set out below:

a) Revenue recognition

Revenue is measured based on the consideration to which the entity expects to be entitled in a contract with a customer and excludes amounts collected on behalf of third parties. The entity recognizes revenue when it transfers control of a product or service to a customer.

- i) **Revenue from the sale of goods and services** is recognized in the year in which the Company delivers products to the customer, the customer has accepted the products and collectability of the related receivables is reasonably assured.
- ii) **Grants from National Government** are recognized in the year in which the *entity* actually receives such grants. Recurrent grants are recognized in the statement of comprehensive income. Development/capital grants are recognized in the statement of financial position and realised in the statement of comprehensive income over the useful life of the assets that has been acquired using such funds.
- iii) **Finance income** comprises interest receivable from bank deposits and investment in securities, and is recognized in profit or loss on a time proportion basis using the effective interest rate method.
- iv) **Dividend income** is recognized in the income statement in the year in which the right to receive the payment is established.
- v) **Rental income** is recognized in the income statement as it accrues using the effective interest implicit in lease agreements.
- vi) **Other income** is recognized as it accrues.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

b) In-kind contributions

In-kind contributions are donations that are made to the Company in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Company includes such value in the statement of comprehensive income both as revenue and as an expense in equal and opposite amounts; otherwise, the contribution is not recorded.

c) Property, plant and equipment

All categories of property, plant and equipment are initially recorded at cost less accumulated depreciation and impairment losses.

Certain categories of property, plant and equipment are subsequently carried at re-valued amounts, being their fair value at the date of re-valuation less any subsequent accumulated depreciation and impairment losses. Where re-measurement at re-valued amounts is desired, all items in an asset category are re-valued through periodic valuations carried out by independent external valuers.

Increases in the carrying amounts of assets arising from re-valuation are credited to other comprehensive income. Decreases that offset previous increases in the carrying amount of the same asset are charged against the revaluation reserve account; all other decreases are charged to profit or loss in the income statement. Gains and losses on disposal of items of property, plant and equipment are determined by comparing the proceeds from the disposal with the net carrying amount of the items, and are recognized in profit or loss in the income statement.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

d) Depreciation and impairment of property, plant and equipment

Freehold land and capital work in progress are not depreciated. Capital work in progress relates mainly to the cost of ongoing but incomplete works on buildings and other civil works and installations.

Depreciation on property, plant and equipment is recognized in the income statement on a straight-line basis to write down the cost of each asset or the re-valued amount to its residual value over its estimated useful life. The annual rates in use are:

Item	Rates
Buildings and civil works	2.5%
Plant and machinery	12.5%
Motor vehicles, including motor cycles	25%
Computers and related equipment	33.3%
Office equipment, furniture and fittings	12.5%

A full year's depreciation charge is recognized both in the year of asset purchase and in the year of asset disposal.

Items of property, plant and equipment are reviewed annually for impairment. Where the carrying amount of an asset is assessed as greater than its estimated recoverable amount, an impairment loss is recognized so that the asset is written down immediately to its estimated recoverable amount.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

e) Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives . The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

f) Amortization and impairment of intangible assets

Amortization is calculated on the straight-line basis over the estimated useful life of the intangible asset. All intangible assets are reviewed annually for impairment. Where the carrying amount of an intangible asset is assessed as greater than its estimated recoverable amount, an impairment loss is recognized so that the asset is written down immediately to its estimated recoverable amount.

g) Investment property

Investment property, which is property held to earn rentals and/or for capital appreciation (including property under construction for such purposes), is measured initially at cost, including transaction costs. Subsequent to initial recognition, investment property is measured at fair value. Gains or losses arising from changes in the fair value of investment property are included in profit or loss in the period in which they arise. An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognized.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

h) Right of Use Asset

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses. Whenever the entity incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognized and measured under IAS 37. To the extent that the costs relate to a right-of-use asset, the costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories. Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the entity expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease. The right-of-use assets are presented as a separate line in the consolidated statement of financial position.

i) Fixed interest investments (bonds)

Fixed interest investments refer to investment funds placed under Central Bank of Kenya (CBK) long-term infrastructure bonds and other corporate bonds with the intention of earning interest income upon the bond's disposal or maturity. Fixed interest investments are freely traded at the Nairobi Securities Exchange. The bonds are measured at fair value through profit or loss.

j) Quoted investments

Quoted investments are classified as non-current assets and comprise marketable securities traded freely at the Nairobi Securities Exchange or other regional and international securities exchanges. Quoted investments are stated at fair value.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

k) Unquoted investments

Unquoted investments stated at cost under non-current assets, and comprise equity shares held in other Government owned or controlled entities that are not quoted in the Securities Exchange.

l) Inventories

Inventories are stated at the lower of cost and net realizable value. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Cost is calculated using the weighted average cost method. Net realizable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

m) Trade and other receivables

Trade and other receivables are recognized at fair values less allowances for any uncollectible amounts. These are assessed for impairment on a continuing basis. An estimate is made of doubtful receivables based on a review of all outstanding amounts at the year end. Bad debts are written off after all efforts at recovery have been exhausted.

- **NOTES TO THE FINANCIAL STATEMENTS (Continued)**

Summary of Significant Accounting Policies

n) Taxation

i) Current income tax

Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the area where the Entity operates and generates taxable income. Current income tax relating to items recognized directly in net assets is recognized in net assets and not in the statement of financial performance.

Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the area where the Entity operates and generates taxable income.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

o) Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

Deferred Tax

Deferred tax liabilities are recognized for all taxable temporary differences, except in respect of taxable temporary differences associated with investments in controlled entities, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except in respect of deductible temporary differences associated with investments in controlled entities, associates and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside surplus or deficit is recognized outside surplus or deficit. Deferred tax items are recognized in correlation to the underlying transaction in net assets. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

p) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. To the extent that variable rate borrowings are used to finance a qualifying asset and are hedged in an effective cash flow hedge of interest rate risk, the effective portion of the derivative is recognized in other comprehensive income and reclassified to profit or loss when the qualifying asset impacts profit or loss. To the extent that fixed rate borrowings are used to finance a qualifying asset and are hedged in an effective fair value hedge of interest rate risk, the capitalized borrowing costs reflect the hedged interest rate. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

q) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various Commercial Banks at the end of the reporting period. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorized public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

r) Borrowings

Interest bearing loans and overdrafts are initially recorded at fair value being received, net of issue costs associated with the borrowing. Subsequently, these are measured at amortized cost using the effective interest rate method. Amortized cost is calculated by taking into account any issue cost and any discount or premium on settlement. Finance charges, including premiums payable of settlement or redemption are accounted for on accrual basis and are added to the carrying amount of the instrument to the extent that they are not settled

in the period in which they arise. Loan interest accruing during the construction of a project is capitalized as part of the cost of the project.

s) Trade and other payables

Trade and other payables are non-interest bearing and are carried at amortized cost, which is measured at the fair value of contractual value of the consideration to be paid in future in respect of goods and services supplied, whether billed to the entity or not, less any payments made to the suppliers.

t) Retirement benefit obligations

The Company operates a defined contribution scheme for all full-time employees from July 1, 2013. The scheme is administered by LAPFUND and is funded by contributions from both the company and its employees. The company also contributes to the statutory National Social Security Fund (NSSF). This is a defined contribution scheme registered under the National Social Security Act. The company's obligation under the scheme is limited to specific contributions legislated from time to time.

u) Provision for staff leave pay

Employees' entitlements to annual leave are recognised as they accrue at the employees. At provision is made for the estimated liability for annual leave at the reporting date.

v) Exchange rate differences

The accounting records are maintained in the functional currency of the primary economic environment in which the entity operates, Kenya Shillings. Transactions in foreign currencies during the year/period are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Any foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Summary of Significant Accounting Policies

w) Budget information

The original budget for FY 2021-2022 was approved by the Board on 30 June 2021. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the entity upon receiving the respective approvals in order to conclude the final budget. Accordingly, the company recorded no additional appropriations on the 2020-2021 budget.

The entity's budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

x) Service concession arrangements

The Company analyses all aspects of service concession arrangements that it enters into in determining the appropriate accounting treatment and disclosure requirements. In particular, where a private party contributes an asset to the arrangement, the Company recognizes that asset when, and only when, it controls or regulates the services the operator must provide together with the asset, to whom it must provide them, and at what price. In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the Company also recognizes a corresponding liability, adjusted by a cash consideration paid or received.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

y) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

z) Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 20xx.

5. Significant Judgments and Sources of Estimation Uncertainty

The preparation of the Company's financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

a) Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

b) Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Company
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes

• **NOTES TO THE FINANCIAL STATEMENTS (Continued)**

- The nature of the processes in which the asset is deployed
- Availability of funding to replace the assets

c) Provisions

No Provisions were raised and management did not determine an estimate based on the information available. Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date, and are discounted to present value where the effect is material.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

24. FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The company's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The company does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The company's financial risk management objectives and policies are detailed below:

(i) Credit risk

The Company has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments.

Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the company's management based on prior experience and their assessment of the current economic environment.

The carrying amount of financial assets recorded in the financial statements representing the Company's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

Lamu Water and Sewerage Company Limited
Annual Reports and Financial Statements
For the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)
FINANCIAL RISK MANAGEMENT (Continued)

(i) Credit risk (Continued)

	Total amount	Fully performing	Past due	Impaired
	Kshs	Kshs	Kshs	Kshs
At 30 June 2020				
Receivables from exchange transactions	12,404,505	12,404,505		-
Receivables from non-exchange transactions	3,000,000		3,000,000	-
Bank balances	6,653,022	6,653,022	-	-
Total	22,057,527	19,057,527	3,000,000	-
At 30 JUNE 2022				
Receivables from exchange transactions	10,710,071	10,710,071		-
Receivables from non-exchange transactions	3,000,000		3,000,000	-
Bank balances	13,072,190	13,072,190		
Total	26,782,261	23,782,261	3,000,000	

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the company has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts.

The Company has significant concentration of credit risk on amounts due from 2020.

The board of directors sets the Company's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

ii) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Company's directors, who have built an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

The table below represents cash flows payable by the company under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

Total	84,081,152	-	-	84,081,152

(iii) Market risk

The Company's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day to day implementation of those policies.

There has been no change to the Company's exposure to market risks or the manner in which it manages and measures the risk.

a) Foreign currency risk

The Company has transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of payment is done using the prevailing exchange rate.

There were no foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period

The Company manages foreign exchange risk from future commercial transactions and recognised assets and liabilities by projecting for expected sales proceeds and matching the same with expected payments.

b) Foreign currency sensitivity analysis

There will be no effect on the company's statement of comprehensive income on applying the sensitivity for a reasonable possible change in the exchange rate of the currencies.

c) Interest rate risk

Interest rate risk is the risk that the Company's financial condition may be adversely affected as a result of changes in interest rate levels. The company's interest rate risk arises from bank deposits. This exposes the company to cash flow interest rate risk.

Lamu Water and Sewerage Company Limited

Annual Reports and Financial Statements

For the year ended June 30, 2022

NOTES TO THE FINANCIAL STATEMENTS (Continued)

FINANCIAL RISK MANAGEMENT (Continued)

The interest rate risk exposure arises mainly from interest rate movements on the company's deposits.

Management of interest rate risk

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

Sensitivity analysis

The Company analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. Using the end of the year figures, the sensitivity analysis indicates that there will be no material impact on the statement of comprehensive income if current floating interest rates increase/decrease by one percentage point.

iv) Capital Risk Management

The objective of the Company's capital risk management is to safeguard the Board's ability to continue as a going concern. The Company capital structure comprises of the following funds:

	2021-2022	2020-2021
	Kshs	Kshs
Retained earnings	(27,929,537)	(22,134,617)
Capital reserve	3,000,000	3,000,000
Total funds	(24,929,537)	(19,134,617)
Total borrowings	-	-
Less: cash and bank balances	13,072,190	6,653,022
Net debt/(excess cash and cash equivalents)	13,072,190	6,653,022

25. INCORPORATION

The Company is incorporated in Kenya under the Kenyan Companies Act and is domiciled in Kenya.

26. EVENTS AFTER THE REPORTING PERIOD

There were no material adjusting and non-adjusting events after the reporting period.

27. CURRENCY

CHAIRMAN STATEMENT (continued)

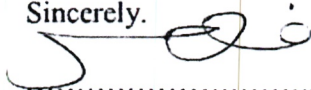

SOLUTIONS TO THE CHALLENGES

As Board, have requested the County Government to continue assisting us with funding to cater for huge electricity bills and other cost incurred during operation and maintenance cost of Lamu water and sewerage Company.

Awareness creation to consumers to make them well informed on existing LAWASCO infrastructure.

I take this opportunity again to thank the County Government of Lamu through His Excellency, Governor Fahim Yassin Twaha and the County Department of Agriculture, Irrigation, and Water for their blossom maximum support in improving the water service provision to the Residents of Lamu.

Sincerely,

.....
Chairman- LAWASCO

STATEMENT OF DIRECTORS' RESPONSIBILITIES

Section 81 (1) of the Public Finance Management Act, 2012 and section 14 of the State Corporations Act, require the Directors to prepare financial statements in respect of that company, which gives a true and fair view of the state of affairs of the company at the end of the financial year and the operating results of the company for that year. The Directors are also required to ensure that the company keeps proper accounting records which disclose with reasonable accuracy the financial position of the company. The Directors are also responsible for safeguarding the assets of the company.

The Directors are responsible for the preparation and presentation of the company's financial statements, which give a true and fair view of the state of affairs of the company for the financial year ended on June 30, 2022. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of Lamu Water And Sewerage Company limited; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of Lamu Water And Sewerage Company limited; (v) selecting and applying appropriate accounting policies, and (vi) making accounting estimates that are reasonable in the circumstances.

The Directors accept responsibility for the Lamu Water And Sewerage Company limited financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with International Financial Reporting Standards (IFRS), and in the manner required by the PFM Act and the State Corporations Act. The Directors believe that the financial statements give a true and fair view of the state of Lamu Water And Sewerage Company limited transactions during the financial year ended June 30, 2022, and of the company's financial position as at that date. The Directors further confirm the completeness of the accounting records maintained for the company, which have been relied upon in the preparation of the Lamu Water And Sewerage Company limited financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Directors to indicate that Lamu Water And Sewerage Company limited will not remain a going concern for at least the next twelve months from the date of this statement.
