COMPANY PROFILE

ATC, the Agri and Co-operative Training and Consultancy Services, was launched in July 2004 as the then Agribusiness Training Centre. The then Co-operative College of Kenya teamed up with five other organizations to establish ATC. The founding partners are:-

1. Co-operative University College of Kenya
2. German Technical Co-operation
3. German Technical Service
4. American Co-operative Development International
5. Kenya Agricultural Commodity Exchange
6. Hanns-Seidel- Foundation

The purpose of ATC is to ensure the outreach of Co-operative University College's academic knowledge and fulfilling the needs of diverse groups within and outside the co-operative movement to improve their business by providing capacity development, training, consultancy & research.

ATC was formally registered as a private company wholly owned by CUCK, by guarantee in August 2007. It operates on a commercial and cost-recovery basis and enjoys a great deal of institutional autonomy in order to deliver competitive services in a fast and cost-effective manner, in line with the expectations of clients. However, it works within the overall framework set by the Co-operative University College Governing Council.

Vision

The Solution Provider to Co-operatives and Agri-Business

Mission

To Offer High Quality Research, Training and Consultancy At A Profit In Order To Be the Solution Provider to Co-Operatives and Agribusiness

Principal Activity

ATC conducts training and consultancy services to governmental and non-governmental organizations such as co-operative movement and the associated sectors of the economy, farmers and their associations, small and medium enterprises, Development Partners, Community Based Organizations and other related clientele.

CORPORATE GOVERNANCE & QUALITY STATEMENT

ATC is committed to good corporate governance through its Board of Directors. In an effort to uphold this, each activity of the company is monitored from the Board down to the staff. The Board of Directors is responsible for the long-term strategic direction for profitable growth of the company, whilst being accountable to the Co-operative University College of Kenya Governing Council for legal compliance and maintenance of the highest corporate governance standards and business ethics.

The Board of Directors

The Board is made up of ten directors. The directors are, the Co-operative University College of Kenya Director as the chairperson of the Board, two members from the Co-operative University College academic staff, two from the Co-operative University College management staff, three members from the ATC's Development Partners, one member from the Private Sector and the ATC Chief Executive Officer as the secretary to the Board. The composition of the Board is guided by the provisions of the Company's Articles and Memorandum of Association.

The day to day running of the business of the company is delegated to the Chief Executive Officer who is responsible for establishing and maintaining the company internal control systems so that the objectives of profitable growth and owner value is realized.

Quality Management

For effective & efficient systems and procedures, the management operates within the existing procedures which are regularly reviewed in order to strengthen the systems. The company is ISO 9001:2008 Certified by Bureau Veritus-Germany.

The management, through the company's quality manual & policies is committed to operate and continually improve the company quality management system. The management strives to achieve the following quality objectives:

- To provide high quality and up-to-date co-operative education, training, research and consultancy services.
- To meet or exceed customer expectations and necessary requirements, at a price that represents value for money, and to deliver products or services when they need it.
- To continually improve our processes and business results based on measurable

and regularly reviewed quality objectives.

- To continually improve the quality of our products and services and to adopt technological solutions that enhance customer satisfaction.
- To train our employees to empower them to make quality conscious decisions and obtain commitment of all employees in the organization.
- To provide a safe and conducive working environment for all employees, and to maintain a good corporate responsibility.
- To establish and maintain mutually beneficial business relationships with our clients and suppliers.
- To provide adequate resources to establish, maintain, review and continually improve our quality management system.

DIRECTORS' RESPONSIBILITIES STATEMENT

The Kenya Companies Act requires the Directors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the Company as at the end of the financial year and of the operating results of the company for that year. It also requires the Directors to ensure that the company keeps proper accounting records that disclose, with reasonable accuracy, the financial position of the Company. The directors are also responsible for safeguarding the assets of the Company.

The Directors accept responsibility for the annual financial statements that have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with International Financial Reporting Standards. The Directors are of the opinion that the financial statements give a true and fair view of the state of the financial affairs of the company. The Directors further accept responsibility for the maintenance of accounting records that may be relied upon in the preparation of financial statements, as well as adequate systems of internal financial controls.

Nothing has come to the attention of the Directors to indicate that the company will not remain a going concern for at least the twelve months from the date of this statement.

Director

CHAIRPERSON STATEMENT

The financial year 2013-2014 has not been very good for the company owing to the fact that there were a lot of changes in the internal and external business environment and as such, our flag-ship products such as training, research and consultancy services were affected adversely.

Externally, we experienced devolvement of services from the central government to the counties; stiff competition from competitors who under-costed their services and constrained businesses from the Development Partners. In the process, we lost some clients from the central government and Development Partners. At the same time, during the year 2013, the growth of the Kenyan Economy was sluggish .It was estimated at 4.7% in 2013 (*KNBS 2013 Economic Survey Highlights*) compared to 4.6% in 2012(*KNBS 2013 Economic Survey Highlights*) .This meant less spending by the government on services and goods.

Internally, through the guidance of the Business Plan (2014/2017), the company started a restructuring process during the first half of 2014 in order to address adequately the business environmental changes. In any restructuring, "low-hanging fruits" are only realized after some time. Hence, it was too early to reap fully from the restructuring process.

The restructuring process is bearing positive impact in that new markets have been opened; new partnerships are in place and signs of efficient operations are "beckoning". Consequently, although the company is still in the loss-zone, the loss has decreased from ksh 4,516,869.72(2012/2013) to ksh 3,049,077.95 (2013/2014).A decrease of loss by around 32.5%.This shows improved performance, hence the going-concern of the company is certain.

Dividend

Given this performance, the board does not recommend payment of dividend for the financial year.

Outlook for 2014/2015 financial year

The Company's economic outlook is very positive in that the company has shown positive impact from the restructuring. This is at the backdrop of envisaged world and

Kenya's economic turnaround in 2014 (*KNBS 2014 Economic Survey Highlights*) and settling down of the "turbulent" forces of devolution.

Our Board, management and staff will continue to work hard in a number of areas that ought to contribute positively to further improvements in 2014/2015 financial year: First, we will continue to pursue our business plan and complete the process of strategic plan development. Secondly, continue with the restructuring process to embrace fully the performance based management that will see the company back in the profit zone by the end of the second half of 2014. Thirdly, deliver superior value to our customers, shareholders and stakeholders. Fourthly, invest further in marketing activities to take advantage of the growth in agribusiness and value chain training services demand at the counties. Fifth, invest further in marketing activities to take advantage of the partnerships we have with the SACCOs and Cooperative stakeholders. Six, develop strategic partnerships with the counties. Lastly, develop business strategic partnerships with some like-minded organizations within East African Countries.

Finally, I would like to thank the ATC staff for their hard work and passion, through which, the company is showing a reversing trend in its performance.

Prof. Douglas Shitanda (PhD)
Board Chairperson

CHIEF EXECUTIVE OFFICER STATEMENT

ATC, guided by the current Business Plan (2014/2017), is on a high gear of pursuing its vision of being “solution provider to co-operatives, agri-businesses and other sectors of the associate economy” by competitively providing innovative products that offer effective solutions which meet client’s needs satisfactorily. In so doing, the company is endeavoring to deliver superior value to its customers, shareholders and stakeholders. This is a journey started way back in September 2012 with the revision of the Company’s Corporate Strategic Plan that saw the company through the financial period 2012/2013. In the first part of 2014, the company started the process of restructuring to mitigate on the fast changes taking place in the business environment. Such changes included, but not limited to the stiff competition from “brief -case consultants, devolution of major activities and functions from the Central Government to the counties and dwindling businesses from the Development Partners.

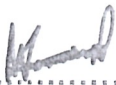

The company, although still operating in the loss zone, posted improved performance during the 2013/2014 financial Year. The loss decreased by 32.5% from ksh 4,516,869.72 (2012/2013) to ksh 3,049,077.95(2013/2014). During the same period, the gross income increased by 79.9% from ksh 16,384,621.55 (2012/2013) to ksh 29,469,197.60(2013/2014). Other income increased by 239.9% from ksh 144,024.80(2012/2013) to ksh 489,514.05(2013/2014). Operating expenses increased by 56.8% from ksh 21,045,515.07 to ksh 33,007,789.60 as a result of increase in earning-income -expenses. However, non-income-earning operating expenses decreased during the period. For instance: motor vehicle expenses decreased by 7.5% from ksh 221,611,69(2012/2013) to ksh 204,895.09(2013/2014); staff cost decreased by 6.7% from ksh 9,872,875.81(2012/2013) to ksh 9,280,537.14(2013/2014); repairs and maintenance expenses decreased by 19.7% from ksh 52,211.56 (2012/2013) to ksh 41,904.38 (2013/2014); quality management system expenses decreased by 51.1% from ksh 595,387.16(2012/2013) to ksh 291,348.10(2013/2014) and marketing expenses decreased by 24.4% from ksh 625,124.64(2012/2013) to ksh 326,856.21(2013/2014)

The improved performance is attributed to the three business growth strategies being used during the restructuring process: Low cost operation strategy which resulted in non-income-earning expenses reduction and market development and penetration strategies which resulted in increase in income.

During the period, we also created and maintained new partners/customers alongside the old partners/customers. Such partner/customers include: Ministry of Agriculture, Livestock and Fisheries, Meru KAPAP, Agricultural Sector Development Support Programme, Agricultural Sector Coordination Unit, SACCOs, SASRA/FSD, CUCK, ACDI/VOCA, WE EFFECT and FAO.

The future of ATC is bright and with the three growth strategies, performance based management and development of a Strategic Plan during the second Half of the 2014, we will bounce back into the profit zone by the end of 2014. New products will be developed and offered to the old and new markets during the coming period. Of great significance, we will work closely with CUCK to create and maintain new markets at the counties. Finally, I urge the staff to double their effort as they have done so far in order to see the company back on track.

Lastly, the directors, hereby submit the annual report together with the financial statements for the year ended 30th June 2014, which disclose the state of affairs of the company. The company's financial results for the year ended 30th June 2014 are shown from page thirteen to twenty seven.

OFFICE OF THE AUDITOR-GENERAL

REPORT OF THE AUDITOR-GENERAL ON AGRI AND CO-OPERATIVE TRAINING AND CONSULTANCY SERVICES LIMITED FOR THE YEAR ENDED 30 JUNE 2014

REPORT ON THE FINANCIAL STATEMENTS

I have audited the accompanying financial statements of Agri and Co-operative Training and Consultancy Services Limited set out on pages 13 to 27, which comprise the statement of financial position as at 30 June 2014, statement of comprehensive income, statement of changes in fund balances and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 14 of the Public Audit Act, 2003. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 13 of the Public Audit Act, 2003.

Auditor-General's Responsibility

My responsibility is to express an opinion on these financial statements based on the audit and report in accordance with the provisions of Section 15(2) of the Public Audit Act, 2003 and submit the audit report in compliance with Article 229(7) of the Constitution of Kenya. The audit was conducted in accordance with International Standards on Auditing. Those standards require compliance with ethical requirements and that the audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair

presentation of the financial statements in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

Basis for Qualified Opinion

Operating Expenses

As reported in the previous year, the operating expenses figure of Kshs.20,017,863 for the year ended 30 June 2013 included an amount of Kshs.132,500 paid to four (4) members of staff of the Co-operative University College of Kenya which fully owns the Company for performing normal audit assignments. The rationale for the payment was not adequately explained given that the persons paid were full time employees of the University. This matter had not been resolved as at 30 June 2014. In the circumstances, the expenditure of Kshs.132,500, does not appear to be a proper charge to the company's funds.

Qualified Opinion

In my opinion, except for the effects of the matter discussed in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects the financial position of the Company as at 30 June 2014, its financial performance and its cash flows for the year then ended, in accordance with International Financial Reporting Standards and comply with the Companies Act, Cap.486 of the Laws of Kenya.

Emphasis of Matter

I draw attention to Note 6 to the financial statements which reflects a loss for the year of Kshs.3,049,078 (2012/2013 loss: Kshs.4,516,870 which reduced the general reserves from Kshs.119,690 in 2012/2013 to a negative balance of Kshs.2,929,388 as at 30 June 2014). If strategies are not put in place to reverse the loss trend, the company's future operations are likely to be adversely affected. My opinion is not qualified in respect of this matter.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by the Kenya Companies Act, I report based on my audit, that:

- i. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit;

- ii. In my opinion, proper books of account have been kept by the Company, so far as appears from my examination of those books; and,
- iii. The company's statement of financial position and statement of comprehensive income are in agreement with the books of account.

Edward R. O. Ouko, CBS
AUDITOR-GENERAL

Nairobi

19 January 2015
