I'm against the approval of Dr Amoth because

1. He wants clinical medicine as a course and clinical officers as professionals to be discontinued and wiped on the face of Kenya. This is despite having the COs as a cadre all over the world ie in US as Assistant physician, UK as physician associate, China as rural doctors. His views as in the link below shows he doesn't command the respect of clinicians. He cannot lead the people he doesn't even want to see.

Please check the link below for video evidence.
