**Marsabit County State Officers And Other Public Officers Car Loan Fund.**

**Annual Report and Financial Statements for the year ended June 30, 2025**

---

**5. Fund Chairperson's Report**

The car fund has over the years made remarkable progress in its core business of generating and disbursing of funds to its members, through prudent financial management.

During the year under review, the Fund issued two new loans therefore satisfying all the loan requests submitted in the year.

The Fund strives to build on its success legacy, through good governance, to provide car ownership solutions to its members, in a conducive environment that provides favourable progress and experiences.

**Funding by the County Government of Marsabit.**

The fund is running on a capital base of Kshs. **34,000,000** given earlier from the county government.

This was a great support; without which we could not have realized the great milestones achieved. Nine beneficiaries completed servicing their loans.

The year under review was however a challenging period for the fund. Various factors affected our operating environment adversely and overshadowed the planned developments in our business due to the effects of transition and changes in the political environment which hampered repayment ability of some of our members.

**Key activities during the financial year under review**

The following are the key activities that took place during the Period ended 30<sup>th</sup> June, 2025

I. The fund recovered loan principal amounting Kshs.	<b>7,208,339</b>
II. The fund generated Interest income of Kshs.	<b>603,362</b>
III. The overall surplus amounted to Kshs	<b>603,182</b>

**Key Challenges**

The following are the main challenges faced by the car loan Fund Scheme during the year under review:

- i. Delay in Disbursement delayed remittance of loans deducted
- ii. Changes in financial, social and technological environments which affect the Car Fund Scheme in general, with capital requirements.

**Future outlook**

The car loan Fund Scheme intends to formulate a Strategic Plan, clearly stipulates the aspirations of the Fund in the realization of Kenya Vision 2030 and the Bottom Up Economic Transformation Agenda. Implementation of the Strategic Plan will see the Fund achieve: financial stability, long term sustainability, enhanced infrastructure, governance, partnerships and increased collaborations.

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**  
**Annual Report and Financial Statements for the year ended June 30, 2025**

---

**Appreciation**

I wish to express my sincere appreciation to the County Government of Marsabit through the Finance Department, for the support accorded to the Fund during the year under review.

Name: Godfrey Godana Signature .....  Date: 6<sup>th</sup> October 2025

**Chairperson of the Fund Committee**

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**  
**Annual Report and Financial Statements for the year ended June 30, 2025**

---

**6. Report of The Fund Administrator**

The fund is fairly small operating on the initial capital from the county government and below were the key deliverables.

- I.** The fund recovered loan principal amounting Kshs. **7,208,339**
- II.** The fund generated Interest income of Kshs. **603,362**
- III.** The overall surplus amounted to Kshs **603,182**

During the year under review the fund managed to put in place strategies to recover non-performing loans and managed to bring all borrowers into loan servicing program.

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**

**Annual Report and Financial Statements for the year ended June 30, 2025**

---

**7. Statement of Performance Against the County Fund's Predetermined Objectives**

**Introduction**

Section 164 (2) (f) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Accounting officer when preparing financial statements of each County Government entity Government entities in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of the county government entity's performance against predetermined objectives

The Fund strives to build on its success legacy, through good governance, to provide housing solutions to its members, in a conducive environment that provides favourable progress and experiences.

**Funding by the County Government of Marsabit.**

The fund is running on a capital base of Kshs. **34,000,000** given earlier from the county government.

This was a great support; without which we could not have realized the great milestones achieved. Ten beneficiaries completed servicing their loans.

**Progress on attainment of Strategic development objectives**

<b>Program</b>	<b>Objective</b>	<b>Outcome</b>	<b>Indicator</b>	<b>Performance</b>
Provision of car loan facilities to all members of staff	To ensure all staff have access to car loan facilities	Number car loans successfully applied	% of staff taking car loan facilities	During the period two beneficiaries cleared their outstanding the loan Balances.
Recovery of Long Outstanding Loans	To recover loans from non-servicing members	Number of Loans being serviced	Long outstanding lan be serviced	All beneficiaries are servicing their loans

## **8. Corporate Governance Statement**

### **(i) Roles and functions**

The car loan Fund Administration Committee is at the centre of good governance practice, for protection of long-term interests of all the stakeholders of the car loan Fund. The Fund Administration Committee provides leadership, oversight to management, integrity and good judgment in directing Car Loan Fund operations in the best interest of the stakeholders for continued viability and sustainability. The car loan Fund Administration Committee is vested with powers and authority by relevant laws of Kenya, to discharge its mandate, and to effectively fulfil its corporate governance responsibility towards stakeholders. The car loan Fund Administration Committee ensures adoption of corporate governance best practices in support of the Car Loan Fund vision and to provide world-class services that delight customers, create value for money and meet stakeholders' expectations.

### **(ii) Appointment**

The Fund Administration Committee served at the Car Fund during the year under review was appointed in accordance with the Public Finance Management (Marsabit County State Officers and Other Public Officers Car Loan Scheme Fund) Regulations, 2015.

### **(iii) Induction and capacity building for Fund Administration Committee members**

Members of the Fund Administration Committee regularly attend trainings on corporate governance and other relevant fields, to equip them with the knowledge that is required to effectively discharge their responsibilities.

### **(iv) Succession planning of the Car Loan Fund Administration Committee**

The Car Loan Fund Administration Committee has reliable mechanisms for developing skills of the Fund Administration Committee members, to ensure seamless continuity of the Car Loan Fund business in the event some members leave the car loan Fund. All members are prepared to assume different roles, to make them effective in various positions. Car loan Fund business through committees. As part of succession planning, Fund Administration Committee members are assigned more than one committee, to expose them to various operations of the car Fund.

### **(v) Meetings of the Car Loan Fund Administration Committee**

Dates for car loan Fund Administration Committee meetings in the ensuing year are decided in advance and scheduled in an annual work plan. The Fund Administration Committee holds its regular meetings on

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**

**Annual Report and Financial Statements for the year ended June 30, 2025**

---

quarterly basis to transact planned business of the car loan Fund. However, special meetings of the Fund Administration Committee may be called when there is significant business to transact.

**(vi) Conflict of interest**

As a routine, "Conflict of interest" appears as an item in the agenda of each car loan Fund Administration Committee meeting. The Fund Administration Committee has a conflict of interest register for recording any declared conflict of interest. Each Fund Administration Committee member indicates by signing, whether they are conflicted in any way. A conflicted member takes leave during deliberations of any issues that may lead to conflict of interest.

**(vii) Remuneration of Car Loan Fund Administration Committee**

Fund Administration Committee members are entitled to sitting allowance for every meeting attended. Each member also receives lunch allowance.

**(viii) Ethical standards**

Car loan Fund Administration Committee is committed to ensuring that members of the car loan Fund Management and all employees, conduct themselves with integrity and professionalism in accordance with the approved Staff Code of Conduct, and holds them individually accountable for their conduct.

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**  
**Annual Report and Financial Statements for the year ended June 30, 2025**

---

**9. Management Discussion and Analysis**

The fund recovered loan principal during the financial year amounting Kshs. **8,506,871.37** thereby reducing the loan liability to members making it possible to ensure that the revolving fund has sufficient cashflow to operate during the financial year.

Out of the process of loaning the members and in accordance with the interest rates provided in the regulations the fund generated Interest income of Kshs. **603,362** which did not overrun the fund administration expenses during the year thereby generating an overall surplus of Kshs. **603,182**

During the year under review the fund managed to put in place strategies to recover non-performing loans and managed to bring all borrowers into loan servicing program.

**Key Challenges**

The following are the main challenges faced by the University faced during the year under review:

- a) Delay in disbursement from National Treasury which affect monthly remittance to Fund accounts.
- b) Changes in financial, social and technological environments which affect financial mobilization from the government and other sources.

Political and social economical changes that predispose loan repayment ability for members whose position depends on the political terms of the head of the institution

## **10. Environmental and Sustainability Reporting**

The Car Loan Fund exists to transform lives. This is our purpose; the driving force behind everything we do. It's what guides us to deliver our strategy, which is founded on pillars: putting the customer/Citizen first, delivering relevant goods and services, and improving operational excellence. Below is a brief highlight of our achievements in each pillar.

### **1. Sustainability strategy and profile**

The top management especially the accounting officer should refer to sustainable efforts, broad trends in political and macroeconomic affecting sustainability priorities, reference to international best practices and key achievements and failure.

### **2. Environmental performance**

Outline clearly, environmental policy guiding the organisation, provide evidence of the policy. Outline successes, shortcomings, efforts to manage biodiversity, waste management policy and efforts to reduce environmental impact of the organisation's products.

### **3. Employee welfare**

Give account of the policies guiding the hiring process and whether they consider the gender ratio, whether they take in stakeholder engagements and how often they are improved. Explain efforts made in improving skills and managing careers, appraisal and reward systems. The organisation should also disclose their policy on safety and compliance with Occupational Safety and Health Act of 2007, (OSHA).

### **4. Market place practices**

The organisation should outline its efforts to:

#### **a) Responsible competition practice.**

Explain how the organisation ensures responsible competition practices with issues like anti-corruption, responsible political involvement, fair competition and respect for competitors.

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**

**Annual Report and Financial Statements for the year ended June 30, 2025**

---

**b) Responsible Supply chain and supplier relations**

Explain how the organisation maintains good business practices, treats its own suppliers responsibly by honouring contracts and respecting payment practices.

**c) Responsible marketing and advertisement**

Outline efforts to maintain ethical marketing practices

**d) Product stewardship**

Outline efforts to safeguard consumer rights and interests

**5. Community Engagements**

Give evidence of community engagement including charitable giving (cash & material), Community Social Investment and any other forms of community (The organisation gives details of CSR activities carried out in the year and the impact to the society. The statement may also include how the organisation promotes education, sports, healthcare, labour relations, staff training and development, and water and sanitation initiatives)

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**

**Annual Report and Financial Statements for the year ended June 30, 2025**

---

**11. Report of The Trustees**

The Fund Administration Committee submit their report together with the audited financial statements for the year ended June 30, 2025 which show the state of the Fund affairs.

**Principal activities**

The principal activities of the Fund are creating a revolving fund, provide car loans and manage the loan account of members.

**12. Statement of Management’s Responsibilities**

Section 167 of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Administrator of a County Public Fund established by Public Finance Management (Marsabit County State Officers and Other Public Officer’s Car Loan Scheme Fund) Regulations, 2015 shall prepare financial statements for the Fund in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board.

The Administrator of the County Public Fund is responsible for the preparation and presentation of the Fund’s financial statements, which give a true and fair view of the state of affairs of the Fund for and as at the end of the financial year ended on June 30, 2025. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Fund; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the Fund; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Administrator of the County Public Fund accepts responsibility for the Fund’s financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012 and Public Finance Management (Marsabit County State Officers and Other Public Officer’s Car Loan Scheme Fund) Regulations, 2015. The Administrator of the Fund is of the opinion that the Fund’s financial statements give a true and fair view of the state of Fund’s transactions during the financial year ended June 30, 2025, and of the Fund’s financial position as at that date. The Administrator further confirm the completeness of the accounting records maintained for the Fund, which have been relied upon in the preparation of the Fund’s financial statements as well as the adequacy of the systems of internal financial control.

In preparing the financial statements, the Administrator of the County Public Fund has assessed the Fund’s ability to continue as a going concern and disclosed, as applicable, matters relating to the use of going concern basis of preparation of the financial statements.

Nothing has come to the attention of the Administrator to indicate that the Fund will not remain a going concern for at least the next twelve months from the date of this statement.

**Approval of the financial statements**

The Fund’s financial statements were approved by the Board on **6<sup>th</sup> October 2025** and signed on its behalf by:

  
.....

**CPA Ismael Jillo Algi - Fund Administrator**

## REPORT OF THE AUDITOR-GENERAL ON MARSABIT COUNTY STATE OFFICERS AND OTHER PUBLIC OFFICERS CAR LOAN SCHEME FUND FOR THE YEAR ENDED 30 JUNE, 2025

---

### PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements;
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose; and,
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, risk management environment and internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An Unmodified Opinion is issued when the Auditor-General concludes that the financial statements are fairly presented in accordance with the applicable financial reporting framework. The Report on Financial Statements should be read together with the Report on Lawfulness and Effectiveness in the Use of Public Resources, and the Report on Effectiveness of Internal Controls, Risk Management and Governance.

The three parts of the report aim to address the Auditor-General's statutory roles and responsibilities as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012, and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.

### REPORT ON THE FINANCIAL STATEMENTS

#### Opinion

I have audited the accompanying financial statements of Marsabit County State Officers and Other Public Officers Car Loan Scheme Fund set out on pages 1 to 39, which

---

*Report of the Auditor-General on Marsabit County State Officers and Other Public Officers Car Loan Scheme Fund for the year ended 30 June, 2025*

comprise of the statement of financial position as at 30 June, 2025, and the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations, which to the best of my knowledge and belief were necessary for the purpose of the audit.

In my opinion, the financial statements present fairly, in all material respects, the financial position of Marsabit County State Officers and Other Public Officers Car Loan Scheme Fund as at 30 June, 2025 and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with Public Finance Management (Marsabit County State Officers and Other Public Officers Car Loan Scheme Fund) Regulations, 2015 and the Public Finance Management Act, 2012.

### **Basis for Opinion**

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Marsabit County State Officers and Other Public Officers Car Loan Scheme Fund Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

### **Other Matter**

### **Unresolved Prior Year Audit Matters**

The following issues raised on Marsabit County State Officers and Other Public Officers Car Loan Scheme Fund in the previous audit report remain unresolved;

1. Long Outstanding Other Payables
2. Issuance of Uninsured Loans
3. Failure to Appoint Fund Administrator

### **Other Information**

The Management is responsible for the Other Information set out on page iii to xx which comprise of Key Entity Information and Management, Fund Administration Committee, Management Team, Report of the Fund Administrator, Statement of Performance Against

County Fund's Predetermined Objectives, Corporate Governance Statement, Management Discussion and Analysis, Environmental and Sustainability Reporting, Report of the Trustees and Statement of Management's Responsibilities. The Other Information does not include the financial statements and my audit report thereon.

In connection with my audit on the Fund's financial statements, my responsibility is to read the Other Information and in doing so, consider whether the Other Information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work I have performed, I conclude that there is a material misstatement of this Other Information, I am required to report that fact. I have nothing to report in this regard.

My opinion on the financial statements does not cover the Other Information and accordingly, I do not express an audit opinion or any form of assurance conclusion thereon.

## REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

### **Conclusion**

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

### **Basis for Conclusion**

#### **1. Issuance of Un-Insured Loans**

The statement of financial position and Note 18 to the financial statements reflect Kshs.5,535,047 and Kshs.21,361,084 in respect of current portion of long-term receivables from exchange transactions and long-term receivables from exchange transactions respectively, totalling Kshs.26,896,131. However, the Fund have not insured the loans issued, contrary to Regulation 13(4) of Public Finance Management (Marsabit County State Officers and Other Public Officers Car Loan Scheme Fund) Regulations, 2015 which states that every loan granted under these Regulations shall be insured for the benefit of the member of the scheme and the premium in respect thereof shall be debited to the account of the member of the Fund.

In the circumstances, Management was in breach of the law.

#### **2. Invalid Legal Framework Governing the Car Loan Scheme Fund**

Audit review of the legal instruments governing the operations of the Marsabit County State Officers and Other Public Officers Car Loan Scheme Fund revealed that the Fund is administered under the Public Finance Management (Marsabit County State Officers

and Other Public Officers Car Loan Scheme Fund) Regulations, 2015. However, no evidence was provided to confirm that these regulations were enacted as a County-Specific Act of the County Assembly, tabled before the County Assembly and passed as law in accordance with Article 185 of the Constitution and Sections 30 and 116 of the Public Finance Management Act, 2012 consistent with the provisions of the Statutory Instruments Act, 2013, or properly gazetted and backed by a parent statute enacted by Marsabit County Assembly. As such, the cited regulations lack legal validity and do not constitute a proper legal framework under the Kenyan law governing County public funds.

In the circumstances, Management was in breach of the law.

### **3. Non-Compliance with Legal Requirements on Fund Lifespan**

Review of records maintained by Management revealed that the Fund's ten-year statutory lifespan had ended during the year under review. However, no evidence was provided to confirm that the County Executive Committee or County Assembly had granted approvals for its renewal or extension. This is contrary to Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015 which states that the initial approval for establishment of a County public Fund shall be for a maximum period of ten (10) years, beyond which the County Executive Committee and County Assembly approvals shall be sought.

In addition, no formal winding-up process had been initiated as required under Regulation 199(1) of the Public Finance Management (County Governments) Regulations, 2015, and there was no winding-up report submitted to the Auditor-General and County Assembly, as required under Regulation 199(2) of the Public Finance Management (County Governments) Regulations, 2015. The Fund's administration also failed to provide any documentation indicating that action had been taken to comply with these provisions.

In the circumstances, Management was in breach of the law.

The audit was conducted in accordance with ISSAI 3000 and ISSAI 4000. The standards require that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

## **REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE**

### **Conclusion**

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the effects of the matter described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance section of my report, I confirm that, nothing else has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

## **Basis for Conclusion**

### **Lack of Risk Management Policy**

Management did not develop a Risk Management Policy to guide on risk management assessment and formulation of risk mitigation strategies in the year under review. This is contrary to Regulation 158(1) of the Public Finance Management (County Governments) Regulations, 2015 which requires accounting officer to develop risk management strategies which include fraud prevention mechanisms and internal control that builds robust business operation.

In the circumstances, the effectiveness of the internal controls on the financial and operational system could not be confirmed.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk management and overall governance were operating effectively in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

### **Responsibilities of Management and the Fund Administration Committee**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue to continue as a going concern, disclosing, as applicable, matters related to going concern and using going concern applicable basis of accounting unless Management is aware of the intention to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements comply with the authorities which govern them and that public resources are applied in an effective way.

The Fund Administration Committee is responsible for overseeing the Fund's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

## **Auditor-General's Responsibilities for the Audit**

My responsibility is to conduct an audit of the financial statements in accordance with Article 229(4) of the Constitution, Section 35 of the Public Audit Act, 2015 and the International Standards of Supreme Audit Institutions (ISSAIs). The standards require that, in conducting the audit, I obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with Section 48 of the Public Audit Act, 2015. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In conducting the audit, Article 229(6) of the Constitution also requires that I express a conclusion on whether or not in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way. In addition, I consider the entity's control environment in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015.

Further, I am required to submit the audit report in accordance with Article 229(7) of the Constitution.

Detailed description of my responsibilities for the audit is located at the Office of the Auditor-General's website at: <https://www.oagkenya.go.ke/auditor-generals-responsibilities-for-audit/>. This description forms part of my auditor's report.

**19. Notes to the Financial Statements**

**Significant Accounting Policies**

**1. General Information**

County Government of Marsabit Car loan Fund is established by and derives its authority and accountability from Public Finance Management (Marsabit County Executive Car Loan Scheme Fund) Regulations, 2015. The entity is wholly owned by the Marsabit County Government and is domiciled in Kenya.

**2. Statement of compliance and basis of preparation**

The Fund's financial statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS). The financial statements are presented in Kenya shillings, which is the functional and reporting currency of the Fund. The accounting policies have been consistently applied to all the years presented. The financial statements have been prepared on the basis of historical cost, unless stated otherwise. The cash flow statement is prepared using the direct method. The financial statements are prepared on accrual basis.

**3. Adoption of new and revised standards**

*(i) New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2025*

There were no new and amended standards issued in the financial year.

*(ii) New and amended standards and interpretations in issue but not yet effective in the year ended 30 June 2025.*

Standard	Effective date and impact:
IPSAS 43: Leases	<i>Applicable 1<sup>st</sup> January 2025</i> The standard sets out the principles for the recognition, measurement, presentation, and disclosure of leases. The objective is to ensure that lessees and lessors provide relevant information in a manner that faithfully represents those transactions. This information gives a basis for users of financial statements to assess the effect that leases have on the financial position, financial performance and cashflows of an Entity. The new standard requires entities to recognise, measure and present information on right of use assets and lease liabilities.
IPSAS 44: Non- Current Assets Held for Sale and Discontinued	<i>Applicable 1<sup>st</sup> January 2025</i> The Standard requires, Assets that meet the criteria to be classified as held for sale to be measured at the lower of carrying amount and fair value less costs to sell and the depreciation of such assets to cease and:

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**

**Annual Report And Financial Statements For The Year Ended June 30, 2025**

Operations	Assets that meet the criteria to be classified as held for sale to be presented separately in the statement of financial position and the results of discontinued operations to be presented separately in the statement of financial performance.
IPSAS 45: Property Plant and Equipment	<b><i>Applicable 1<sup>st</sup> January 2025</i></b> The standard supersedes IPSAS 17 on Property, Plant and Equipment. IPSAS 45 has additional guidance/ new guidance for heritage assets, infrastructure assets and measurement. Heritage assets were previously excluded from the scope of IPSAS 17 in IPSAS 45, heritage assets that satisfy the definition of PPE shall be recognised as assets if they meet the criteria in the standard. IPSAS 45 has an additional application guidance for infrastructure assets, implementation guidance and illustrative examples. The standard has clarified existing principles e.g. valuation of land over or under the infrastructure assets, under- maintenance of assets and distinguishing significant parts of infrastructure assets.
IPSAS 46: Measurement	<b><i>Applicable 1<sup>st</sup> January 2025</i></b> The objective of this standard was to improve measurement guidance across IPSAS by: <ul style="list-style-type: none"> <li>i. Providing further detailed guidance on the implementation of commonly used measurement bases and the circumstances under which they should be used.</li> <li>ii. Clarifying transaction costs guidance to enhance consistency across IPSAS.</li> <li>iii. Amending where appropriate guidance across IPSAS related to measurement at recognition, subsequent measurement and measurement related disclosures.</li> </ul> The standard also introduces a public sector specific measurement bases called the current operational value.
IPSAS 47: Revenue	<b><i>Applicable 1<sup>st</sup> January 2026</i></b> This standard supersedes IPSAS 9- Revenue from exchange transactions, IPSAS 11 Construction contracts and IPSAS 23 Revenue from non- exchange transactions. This standard brings all the guidance of accounting for revenue under one standard. The objective of the standard is to establish the principles that an entity shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flow arising from revenue transactions.
IPSAS 48: Transfer Expenses	<b><i>Applicable 1<sup>st</sup> January 2026</i></b> The objective of the standard is to establish the principles that a transfer provider shall apply to report useful information to users of financial

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**

**Annual Report And Financial Statements For The Year Ended June 30, 2025**

	statements about the nature, amount, timing and uncertainty of expenses and cash flow arising from transfer expense transactions. This is a new standard for public sector entities geared to provide guidance to entities that provide transfers on accounting for such transfers.
IPSAS 49: Retirement Benefit Plans	<i>Applicable 1<sup>st</sup> January 2026</i> The objective is to prescribe the accounting and reporting requirements for the public sector retirement benefit plans which provide retirement to public sector employees and other eligible participants. The standard sets the financial statements that should be presented by a retirement benefit plan.
IPSAS 50: Exploration For & Evaluation of Mineral Resources	<i>Applicable 1<sup>st</sup> January 2027</i> The objective of this Standard is to specify the financial reporting for the exploration for and evaluation of mineral resources. The Standard requires: i. Limited improvements to existing accounting practices for exploration and evaluation expenditures. ii. Entities that recognize exploration and evaluation assets to assess such assets for impairment in accordance with this Standard and measure any impairment in accordance with IPSAS 26. iii. Disclosures that identify and explain the amounts in the entity's financial statements arising from the exploration for and evaluation of mineral resources and help users of those financial statements understand the amount, timing and certainty of future cash flows from any exploration and evaluation assets recognized.

**(i) Early adoption of standards**

The Entity did not early – adopt any new or amended standards in the financial year

**4. Summary of Significant Accounting Policies**

**a) Revenue recognition**

**i. Revenue from non-exchange transactions**

**Transfers from other government entities**

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the entity and can be measured reliably.

**ii. Revenue from exchange transactions**

**Interest income**

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

**Dividends**

Dividends or similar distributions must be recognized when the shareholder's or the Entity's right to receive payments is established.

**Rental income**

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

**b) Budget information**

The original budget for FY 2024/2025 was approved by the fund administration committee at the beginning of the financial year, the county assembly did not provide any subsequent funding in the county budget. No subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the entity upon receiving the respective approvals in order to conclude the final budget. Accordingly, the Fund recorded no additional appropriations for the FY.

The entity's budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts.

**Summary of Significant Accounting Policies (Continued)**

In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of financial cash flows has been presented.

**c) Property, plant and equipment**

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

**a) Intangible Assets**

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred.

The useful life of the intangible assets is assessed as either finite or indefinite.

**b) Investment property**

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property. Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. *Subsequent to initial recognition, investment properties are measured using the cost model and are depreciated over an xx-year period or investment property is measured at fair value with gains and losses recognised through surplus or deficit* Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition.

**Summary of Significant Accounting Policies (Continued)**

**c) Financial instruments**

IPSAS 41 addresses the classification, measurement and de-recognition of financial assets and financial liabilities, introduces new rules for hedge accounting and a new impairment model for financial assets. *The entity does not have any hedge relationships and therefore the new hedge accounting rules have no impact on the Company's financial statements. (amend as appropriate).* A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. At initial recognition, the entity measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through surplus or deficit, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

**Financial assets**

**Classification of financial assets**

The entity classifies its financial assets as subsequently measured at amortised cost, fair value through net assets/ equity or fair value through surplus and deficit on the basis of both the entity's management model for financial assets and the contractual cash flow characteristics of the financial asset. A financial asset is measured at amortized cost when the financial asset is held within a management model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. A financial asset is measured at fair value through net assets/ equity if it is held within the management model whose objective is achieved by both collecting contractual cashflows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. A financial asset shall be measured at fair value through surplus or deficit unless it is measured at amortized cost or fair value through net assets/ equity unless an entity has made irrevocable election at initial recognition for particular investments in equity instruments.

**Subsequent measurement**

Based on the business model and the cash flow characteristics, the entity classifies its financial assets into amortized cost or fair value categories for financial instruments. Movements in fair value are presented in either surplus or deficit or through net assets/ equity subject to certain criteria being met.

**Summary of Significant Accounting Policies (Continued)**

**Amortized cost**

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, and that are not designated at fair value through surplus or deficit, are measured at amortized cost. A gain or loss on an instrument that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is de-recognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

**Fair value through net assets/ equity**

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through net assets/ equity. Movements in the carrying amount are taken through net assets, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in surplus/deficit. Interest income from these financial assets is included in finance income using the effective interest rate method.

**Fair value through surplus or deficit**

Financial assets that do not meet the criteria for amortized cost or fair value through net assets/ equity are measured at fair value through surplus or deficit. A business model where the entity manages financial assets with the objective of realizing cash flows through solely the sale of the assets would result in a fair value through surplus or deficit model.

**Trade and other receivables**

Trade and other receivables are recognized at fair values less allowances for any uncollectible amounts. Trade and other receivables are assessed for impairment on a continuing basis. An estimate is made of doubtful receivables based on a review of all outstanding amounts at the year end.

**Impairment**

The entity assesses, on a forward-looking basis, the expected credit loss ('ECL') associated with its financial assets carried at amortized cost and fair value through net assets/equity. The entity recognizes a loss allowance for such losses at each reporting date. Critical estimates and significant judgments made by management in determining the expected credit loss (ECL) are set out in *Note xx*.

**Summary of Significant Accounting Policies (Continued)**

**Financial liabilities**

**Classification**

The entity classifies its liabilities as subsequently measured at amortized cost except for financial liabilities measured through profit or loss.

**d) Inventories**

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

- Raw materials: purchase cost using the weighted average cost method
- Finished goods and work in progress: cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost. Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Entity.

**e) Provisions**

Provisions are recognized when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Entity expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

**f) Social Benefits**

Social benefits are cash transfers provided to i) specific individuals and / or households that meet the eligibility criteria, ii) mitigate the effects of social risks and iii) Address the need of society as a whole. The entity recognises a social benefit as an expense for the social benefit scheme at the same time that it recognises a liability. The liability for the social benefit scheme is measured at the best estimate of the cost (the social benefit payments) that the entity will incur in fulfilling the present obligations represented by the liability.

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**

**Annual Report And Financial Statements For The Year Ended June 30, 2025**

---

**Summary of Significant Accounting Policies (Continued)**

**g) Contingent liabilities**

The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

**Contingent assets**

The Entity does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

**h) Nature and purpose of reserves**

The Entity creates and maintains reserves in terms of specific requirements. *Entity to state the reserves maintained and appropriate policies adopted.*

**i) Changes in accounting policies and estimates**

The Entity recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

**j) Employee benefits – Retirement benefit plans**

The Entity provides retirement benefits for its employees and directors. Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable.

Defined benefit plans are post-employment benefit plans other than defined-contribution plans. The defined benefit funds are actuarially valued tri-annually on the projected unit credit method basis. Deficits identified are recovered through lump sum payments or increased future contributions on proportional basis to all participating employers. The contributions and lump sum payments reduce the post-employment benefit obligation.

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**

**Annual Report And Financial Statements For The Year Ended June 30, 2025**

---

**Summary of Significant Accounting Policies (Continued)**

**k) Foreign currency transactions**

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

**l) Borrowing costs**

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance.

**m) Related parties**

The Entity regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the Entity, or vice versa. Members of key management are regarded as related parties and comprise the directors, the CEO and senior managers.

**n) Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

**o) Comparative figures**

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

**Summary of Significant Accounting Policies (Continued)**

**5. Significant judgments and sources of estimation uncertainty**

The preparation of the Entity's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

State all judgements, estimates and assumptions made e.g.

**a) Estimates and assumptions –**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur. IPSAS 1.140.

**b) Useful lives and residual values**

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Entity
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- The nature of the processes in which the asset is deployed
- Availability of funding to replace the asset
- Changes in the market in relation to the asset

**c) Provisions**

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note xxx.

Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.

**Annual Report And Financial Statements For The Year Ended June 30, 2025**

**33. Financial risk management**

The Fund's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The Fund's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The Fund does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The Fund's financial risk management objectives and policies are detailed below:

**a) Credit risk**

The Fund has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments. Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the entity's management based on prior experience and their assessment of the current economic environment. The carrying amount of financial assets recorded in the financial statements representing the entity's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

<b>Description</b>	<b>Total amount Kshs</b>	<b>Fully performing Kshs</b>	<b>Past due Kshs</b>	<b>Impaired Kshs</b>
<b>At 30 June 2025</b>				
Receivables From Exchange Transactions				
Receivables From Non-Exchange Transactions				
Bank Balances				
<b>Total</b>				
<b>At 30 June 2024</b>				
Receivables From Exchange Transactions				
Receivables From Non-Exchange Transactions				
Bank Balances				
<b>Total</b>				

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the entity has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts.

The entity has significant concentration of credit risk on amounts due from

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**

**Annual Report And Financial Statements For The Year Ended June 30, 2025**

The board of trustees sets the Fund's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

**b) Liquidity risk management**

Ultimate responsibility for liquidity risk management rests with the Fund Administrator, who has built an appropriate liquidity risk management framework for the management of the entity's short, medium and long-term funding and liquidity management requirements. The entity manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

The table below represents cash flows payable by the Fund under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

**c) Market risk**

The board has put in place an internal audit function to assist it in assessing the risk faced by the entity on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**

**Annual Report And Financial Statements For The Year Ended June 30, 2025**

The Fund's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day-to-day implementation of those policies.

There has been no change to the entity's exposure to market risks or the manner in which it manages and measures the risk.

**i. Foreign currency risk**

The entity has transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of payment is done using the prevailing exchange rate.

The carrying amount of the entity's foreign currency-denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Description		Other currencies	Total
	Kshs	Kshs	Kshs
<b>At 30 June 2025</b>			
Financial Assets			
Investments			
Cash			
Debtors/ Receivables			
<b>Liabilities</b>			
Trade And Other Payables			
Borrowings			
<b>Net Foreign Currency Asset/(Liability)</b>			

**Marsabit County State Officers And Other Public Officers Car Loan Fund.**

**Annual Report And Financial Statements For The Year Ended June 30, 2025**

**Foreign currency sensitivity analysis**

The following table demonstrates the effect on the Fund's statement of financial performance on applying the sensitivity for a reasonable possible change in the exchange rate of the three main transaction currencies, with all other variables held constant. The reverse would also occur if the Kenya Shilling appreciated with all other variables held constant.

Description	Change in currency rate	Effect on surplus/ deficit	Effect on equity
	Kshs	Kshs	Kshs
<b>FY 2024 -2025</b>			
Euro	10%		
USD	10%		
<b>FY 2023 -2024</b>			
Euro	10%		
USD	10%		

**ii. Interest rate risk**

Interest rate risk is the risk that the entity's financial condition may be adversely affected as a result of changes in interest rate levels. The entity's interest rate risk arises from bank deposits. This exposes the Fund to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the Fund's deposits.

***Management of interest rate risk***

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

***Sensitivity analysis***

The Fund analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant.

**Annual Report And Financial Statements For The Year Ended June 30, 2025**

**d) Capital risk management.**

The objective of the Fund's capital risk management is to safeguard the Fund's ability to continue as a going concern. The entity capital structure comprises of the following funds:

Description	FY 2024- 2025	FY 2023-2025
	Kshs	Kshs
Revaluation reserve		
Revolving fund		
Accumulated surplus		
<b>Total funds</b>		
Total borrowings		
Less: cash and bank balances		
Net debt/(excess cash and cash equivalents)		
<b>Gearing</b>		

**34. Events after the reporting period**

There were no material adjusting and non- adjusting events after the reporting period.

**35. Ultimate and Holding Entity**

The entity is a County Public Fund established by Public Finance Management Act, Marsabit County State officers and Public Officers Car Loan Fund Regulations under the Department of Finance and Economic Planning. Its ultimate parent is the County Government of Marsabit.

**36. Currency**
