Chairperson's foreword

The Petition by the Executive regarding the Variation of the Boundaries of Mt. Elgon Forest Reserve was tabled in the House on 5th July 2018, pursuant to Article 119 (1) of the Constitution and Standing Order No. 225 (2) (b). The Petition was signed by the Cabinet Secretaries, Ministries of Environment & Forestry and Lands & Physical Planning.

The House, pursuant to Standing Order 227, referred the petition jointly to the Departmental Committees on Environment & Natural Resources and that one on Lands for consideration. The Committees received the Petition on Thursday, 5th July, 2018 and set out a procedure for its consideration and to report to the House as set out in Standing Order No 227(2).

In considering the Petition, the Joint Committee held a meeting with the Cabinet Secretary, Ministry of Lands & Physical Planning and the Chief Administrative Secretary, Ministry of Environment & Forestry. The Committees also undertook a field visit to Bungoma County on Friday 21st to Saturday 22nd September 2018 and held meetings with interested groups. Further the Joint Committee received submissions from the following stakeholders following an advertisement that was placed in the Daily Nation Newspaper on 26th July, 2018 in line with Article 118 of the Constitution: -

- a) Ogiek / Dorobo Council of Elders
- b) Mr. Elijah Kipkorir Kaibei
- c) Mr. Pete Kemei
- d) Mr. Benson M. Motwoi and others
- e) Chepkitale Indigenous People Development Project

The Joint Committee is thankful to the offices of the Speaker and that of the Clerk of the National Assembly for the logistical and technical support accorded to it during its Sittings. The Committee is also thankful to the Cabinet Secretaries, Ministries of Environment & Forestry and Lands & Physical Planning and the various stakeholders for the submissions they made which have informed this report.

On behalf of the Joint Committee, and pursuant to Standing Order, 227 it is our pleasant duty to table in the House the Report of the Departmental Committees Environment & Natural Resources and Lands on their consideration of a Petition by the Executive regarding the variation of the boundaries of Mt. Elgon Forest Reserve.

HON. KAREKE MBIUKI, MP
CHAIRPERSON,

DEPARTMENTAL COMMITTEE
ON ENVIRONMENT AND
NATURAL RESOURCES

HON. (DR.) RACHAEL NYAMAI, MP
CHAIRPERSON,

DEPARTMENTAL COMMITTEE ON
LANDS

EXECUTIVE SUMMARY

The purpose of this report is to respond to prayers made by the Executive in a Petition regarding the Variation of the Boundaries of Mt. Elgon Forest Reserve. The Joint Committee having considered all the views collected observed that approval of a legal notice to effect variation of the boundary or revocation of state or local authority forests is vested on a resolution of Parliament upon a recommendation by the Kenya Forest Services Board, pursuant to section 34 of the Forest Conservation and Management Act, 2016. The recommendation by the Kenya Forest Services Board should be guided by the following:

- a) Intent of variation must be approved by the Forest Conservation Committee for the area.
- b) Rare or threatened species should not be endangered.
- c) Value of the forest for water catchment should not be affected.
- d) Biodiversity conservation, cultural site protection, educational, research and recreational roles are not prejudiced.
- e) Independent environmental impact assessment should be carried out.
- f) Public participation should be carried out (Third Schedule of the Forest Conservation and Management Act no. 34 of 2016)

The Joint Committee noted that although all the submissions received by the joint Committee regarding the Petition, apart from the submissions made by Mr. Pete Kemei, supported the de-gazettement of Chepyuk phases II and III. The Committee also noted that the residents of Chepkitale disagreed with the assertions made by the Executive in the Petition that Chepyuk phase II and III was intended to be an exchange for Chepkitale and were not ready to discuss the relocation from Chepkitale.

The Committee noted that the government had facilitated due process for the de-gazettement of Chepyuk phases II and III which included conducting public participation, seeking approval from the Kenya Forest Service and conducting the Environmental Impact Assessment to ascertain that the de-gazettement would not endanger the biodiversity.

The Committee further observed that the Petition discloses adequate grounds for variation of the boundaries of Mt Elgon Forest Reserve by 4,607 hectares given the security challenges associated with land in Chepyuk. However, mechanisms should be put in place by the government to ensure that only deserving persons benefitted, in case the request for de-gazettement is approved by the National Assembly.

In response to the prayers by the Petitioners, the Committee recommends that pursuant to Section 34 of the Forest Conservation and Management Act, 2016 the National Assembly **approves** the variation of the boundaries of Mount Elgon Forest Reserve to exclude Chepyuk Phases II and III comprising 4,607 hectares.

Further, the government should properly secure the remaining forest area within Mt. Elgon Forest Reserve particularly in Chepkitale considering the need to achieve the United Nations recommended 10% forest cover in the country

1.0 PREFACE

1.1 Mandate of the Committees

1. The Departmental Committees on Environment & Natural Resources and Lands are established pursuant to the provisions of Standing Order No. 216 with the following terms of reference:

- (i) investigate, inquire into, and report on all matters relating to the mandate, management, activities, administration, operations and estimates of the assigned Ministries and departments;*
- (ii) study the programme and policy objectives of Ministries and departments and the effectiveness of the implementation;*
- (iii) study and review all legislation referred to it;*
- (iv) study, access and analyze the relative success of the Ministries and departments as measured by the results obtained as compared with their stated objectives;*
- (v) investigate and inquire into all matters relating to the assigned Ministries and departments as they may deem necessary, and as may be referred to them by the House;*
- (vi) To vet and report on all appointments where the Constitution or any law requires the National Assembly to approve except those under Standing Order 204 (Committee on Appointments);*
- (vii) Examine treaties, agreements and conventions;*
- (viii) make reports and recommendations to the House as often as possible, including recommendation of proposed legislation;*
- (ix) consider reports of Commissions and Independent Offices submitted to the House pursuant to the provisions of Article 254 of the Constitution; and*
- (x) examine any questions raised by Members on a matter within its mandate*

1.2 Committee subjects

2. The Departmental Committee on Lands mandated to consider the matters related to lands and settlement

3. The Departmental Committee on Environment & Natural Resources is mandated to consider matters related to:
- a) Matters relating to climate change
 - b) Environmental management and conservation.
 - c) Forestry.
 - d) Water resource management
 - e) Wildlife
 - f) Mining and natural resources
 - g) Pollution and waste management

1.3 Oversight

4. **Departmental Committee on Lands:**

- The Ministry of Lands and Physical Planning
- The National Land Commission

5. **Departmental Committee on Environment & Natural Resources:**

- The Ministry of Water and Sanitation
- The Ministry of Environment and Forestry
- The State Department for Wildlife
- The State Department for Mining

1.4 Committee Membership

Departmental Committee on Lands

2.0 INTRODUCTION

10. The Petition regarding the variation of the boundaries of Mt. Elgon Forest Reserve was tabled in the House on 5th July 2018, pursuant to Article 119 (1) of the Constitution and Standing Order No. 225 (2) (b). The Petition is signed by the Cabinet Secretaries, Ministries of Environment & Forestry and Lands & Physical Planning.
11. The Petition was referred jointly to the Departmental Committees on Environment & Natural Resources and Lands on 5th July 2018 for consideration and reporting back to the House. The Joint Committee considered the Petition pursuant to the provisions of Standing Order 227.
12. The Petitioners wished to draw to the attention of the House to the following, that: -
 - i. The Petition was submitted pursuant to section 34 of the Forest Conservation and Management Act 2016;
 - ii. A Cabinet in a meeting held on 22nd November, 2016 acceded to the proposed de-gazettement of 4,647 hectares of Mount Elgon Forest Reserve in Bungoma County. The Cabinet also directed the two Cabinet Secretaries Ministries of Environment & Forestry and Lands & Physical Planning to seek the requisite Parliamentary approval;
 - iii. The settlement proposed for de-gazettement comprises Chepyuk Settlement Scheme Phases II and III in Cheptais Sub – County, Bungoma County;
 - iv. Chepyuk settlement is within Mt. Elgon Forest Reserve and the forest reserve was gazetted on 30th April 1932. It covers an area of 91,890 hectares;
 - v. The Kenya Forest Service Board (KFS) approved the request to degazette Chepyuk Settlement Scheme, during its 17th meeting held on 14th November 2017.
 - vi. The National Environmental Management Authority (NEMA) issued an Environmental Impact Assessment Licence approving the Settlement on 24th January 2011;
 - vii. Public participation and stakeholder engagement had been undertaken at various levels.
 - viii. The processing of title deeds for Chepyuk Phases II and III could not commence since the schemes were still part of Mt. Elgon Forest Reserve and had not been degazetted;
 - ix. The de-gazettement of Chepyuk Phase II and III would:
 - a) Provide the beneficiaries with a secure land tenure which would minimize the current trend of poor land use, land speculation and encroachment into the forest reserve.
 - b) Result in improvement of the security situation in the area, spur development leading to improved livelihoods.

- x. All beneficiaries of the plots already had letters of offer from the Ministry of Lands and Physical Planning; and
- xi. The Cabinet Secretaries prayed that the National Assembly approves the variation of the boundaries of Mount Elgon Forest Reserve to exclude Chepyuk Phases II and III comprising of a total area of 4,607 hectares.

3.0 SUBMISSIONS

3.1 Submissions by the Cabinet Secretary Ministry of Lands and Physical Planning and the Chief Administrative Secretary, Ministry of Environment and Forestry

13. The Joint Committee held a meeting with Cabinet Secretary, Ministry of Lands and Physical Planning and the Chief Administrative Secretary, Ministry of Environment & Forestry on Tuesday 28th August 2018. During the meeting the Committee was informed that the Petition was submitted pursuant to Section 34 of the Forest Conservation and Management Act, 2016. The Joint Committee was further informed that a Cabinet meeting held on 22nd November 2016 had acceded to the de-gazettement of 4,647 hectares of Mount Elgon Forest Reserve in Bungoma County.
14. **Background:** The Joint-Committee was further informed that Mt. Elgon Forest Reserve. was gazetted on 30th April 1932. It covered an area of 91,890 hectares. Since then, various amendments had been made on the forest boundaries as follows:
- a) The 1939 Ordinance – changed the boundaries of Kavirondo Native Land Unit and created Elgon Native Land Unit, now known as Chepkitale, comprising 17,000 hectares.
 - b) In 1973, the Government agreed to resettle the Elgonyi Dorobo from Elgon Native Land Unit, because of the cold weather to an area covering 3,686 hectares that is located at the lower slopes of the mountain through Legal Notice No. 51 of 1974. The area is currently known as Chepyuk.
 - c) In mid-1992, Chepyuk Settlement Scheme Phases II and III were surveyed. The two schemes comprise of 5,252 hectares and 2,576 plots. 80% of the occupancy is by Dorobo (Mosop) community while 20% is by Soy (Sabaot). Chepyuk Phase III covers an area of 2,865.42 hectares (1,893 plots) while Phase II covers 1,741.99 hectares (683 plots). The boundaries of Chepyuk Settlement Scheme Phases II and III were later regularized to cover 4,607 hectares as per the approved Boundary Plan No. 175/419.
 - d) In 2000, Chepkitale area was gazetted as Mt. Elgon National Reserve (Chepkitale). The Reserve is managed by the Kenya Wildlife Service, but it is still occupied by members of the Elgonyi Dorobo Community.
15. **Inter-Ministerial Taskforce:** The Committee was further informed that the then Minister of State for Provincial Administration and Internal Security formed an Inter-Ministerial Taskforce in 2008, vide Kenya Gazette Notice No. 11411 of 4th December, 2008 to
-

coordinate and oversee the settlement of persons displaced from Chepyuk Phase III due to inter-communal conflict. The Taskforce undertook the following activities:

- a) Coordinated the resettlement of 1,735 beneficiaries in Chepyuk Phase III Settlement Scheme.
- b) Supervised a planning and surveying exercise which resulted in 1,776 plots being demarcated.
- c) Allocated 1,735 plots of approximately 2.5 acres each to beneficiaries through secret ballot.
- d) Reserved 41 plots for public utilities.

16. Processing of title deeds: Processing of title deeds for Chepyuk Phases II and III could not commence since the schemes were still part of Mt. Elgon Forest Reserve and two schemes had not been degazetted.

17. Kenya Forest Service Board approval: The Joint Committee was also informed that the Kenya Forest Services Board approved the request to degazette Chepyuk Settlement Scheme during its 17th meeting held on 14th November 2017.

18. Environmental Impact Assessment: The National Environmental Management Authority (NEMA) issued an Environmental Impact Assessment licence approving the settlement on 24th January, 2011.

19. Public participation and stakeholder engagement: The Committee was also informed that public participation and stakeholder engagement had been undertaken at various levels as follows:

- a) Grassroot consultations carried out by the then Provincial Administration through several public barazas within Cheptais Sub-County.
 - b) Local leaders, the District Commissioner and the District Settlers Selection Committee held meetings, vetted and identified the plot beneficiaries.
 - c) During the EIA process, public consultations were carried out by NEMA and other stakeholders.
 - d) The Village Land Committee Members elected through public barazas and the Ministry of Lands and Physical Planning undertook ground verification and captured results in the Ministry's records.
 - e) At the national level, the KFS Board, before granting its approval, undertook public participation through engaging Community Forest Associations and the Forest Conservation Committee.
 - f) The Chepyuk Settlement Scheme Inter Ministerial Taskforce established Vide Kenya Gazette Notice No. 11411 of 4th December, 2008 in execution of its
-

mandate also engaged the public through public barazas and leaders' consultative meetings.

20. **Inter-clan clashes:** The Joint Committee was also informed that the lack of transparency during the initial land allocation exercise in phase III contributed to the conflict witnessed in the scheme involving two clans; the Soy (Sabaot) and the Dorobo (Mosop). The Dorobo (Mosop) demanded an equal share of land within the scheme arguing that the greater Chepyuk Scheme was originally established to cater for the clan. The conflict intensified in 2007 when internal clashes were aggravated by the clandestine Sabaot Land Defence Force (SLDF)
 21. Inter-clan clashes led to genuine plot owners being displaced by outsiders. The violence in the area had hampered development initiatives. The road network in the scheme was poor further fueling insecurity.
 22. **Justification for the degazettement:** The Joint Committee was informed that the degazettement of Chepyuk Phase II and III would:
 - a) Provide the beneficiaries with a secure land tenure which would minimize poor land use, land speculation and encroachment into the forest reserve.
 - b) Improvement the security situation in the area, spur development and contributed to improved livelihoods.
- 3.2 Submissions by Representatives of Government Departments and Agencies in Bungoma County**
23. The Joint Committee, through a Sub-Committee, undertook a field visit to Bungoma County on Friday 21st September 2018. During the visit, the Committee held a meeting with representatives of Government Departments and Agencies in Bungoma County. The officers led by the County Commissioner informed the Committee as follows, that: -
 24. Phase I of the Chepyuk Settlement Scheme was first opened for settlement in 1973. Phase II and III, covering an area of 4607 hectares were initiated by the government mid-1992.
 25. In 2011, the Minister for Lands approved the allocation and letters of offer for the beneficiaries were prepared. The beneficiaries were shown their individual plots and issued with beacon certificates. However, the processing of title deeds could not commence since the area had not been de-gazetted, despite being fully settled;
 26. In 2018, an Inter-Ministerial team comprising of Interior & Coordination of National Government, County Government of Bungoma and Ministry of Lands & Physical Planning undertook a ground verification exercise in Chepyuk Phase II and III. The objective of the exercise was to resolve conflict between the Dorobo and Soy communities who populate the area and to help settle the allottees;
-

27. **Public utility plots in the two phases:** 90 parcels of land had been set aside for public utility plots in the two phases as contained in table 1:-

Table 1: Public utility plots in Phase I& II of Chepyuk Settlement Scheme

PHASE	SIZE	NO. PLOTS	NO OF PUBLIC UTILITIES
II	1741.99 HA (4304.45 Acres)	683	31
III	2865.42 HA (7080.45 Acres)	1893	59

Source: Submissions received from the County Commissioner, Bungoma County

28. The officers also informed the Committee that Mt. Elgon Forest was divided into three management units, namely: Kaberwa Forest Station, Kaboywa Forest Station and Cheptais Forest Station. The forest was also categorised into various ecological zones as follows.

Table 2: Ecological zones in Mt. Elgon Forest Reserve

S/N	Category	Size
1	Area under Plantations	1,096.10 Ha
2	Natural Forest	
3	High Forest	24,038 .70 Ha
4	Bush Land	6,901.70 Ha
5	Lades/grass	4,046.70 Ha
6	Bamboo Forest	11,479.30Ha
7	Wetlands	- 2,000.00Ha

Source: Submissions received from the County Commissioner, Bungoma County

29. **Justification for the proposed degazettement:** On the justification for degazettement the officers stated that:

- a) Insecurity and inter-clan clashes in Chepyuk settlement were aggravated by land ownership conflicts. Therefore, the proposed degazettement would improve security in the region.

- b) It would provide the beneficiaries with secure lands tenure. The current trend of poor land use practices would be minimized and spur greater socio- economic development
- c) It would enable proper planning within the schemes to ensure orderly and harmonious land development.
- d) Once degazettement was done, the perennial encroachment into the forest reserve would be controlled as the residents would settle in their land.
- e) The National Government, County Government and other development partners had invested heavily in various projects including roads, security and administrative installations, communication and water facilities in the two phases.
- f) The two phases are already settled and any relocation of the residents to alternative land would be only achieved at a huge cost.
- g) The degazettement of the two phases was supported by 99% of the population living in the two phases. The exercise therefore had the blessing of the public.

3.3 Submissions by the County Government of Bungoma

- 30. The Hon. Sabwani Keya, the County Executive Committee Member, Public Service Management and Administration, Bungoma County on behalf of the Governor, informed the Committee that:
- 31. The County Government of Bungoma supported the degazettement of 4,607 hectares of Mount Elgon forest for the resettlement of members of the Sabaot and Ndorobo communities to resolve historical land injustices, reduce security conflicts and spur local development.
- 32. Several investors, including banks, had shown interest in investing in the area, However, the lack of land ownership documents due to delayed degazettement had hindered the realization of the economic opportunities.

3.4 Submissions by residents of Kipsigon/ Cheptais

- 33. The Joint Committee held public hearings at Kipsigon area, Cheptais in Bungoma County on Friday 21st September, 2018. During the hearings the members of the public presented their views on the petition as follows, that:
- 34. The residents supported the proposed degazettement and indicated that the matter was of great concern to the Sabaot Community. Further, they stated that there was need to seek a

lasting and amicable solution to the land-based conflict in the area for residents to realize peace and development.

35. In 1971, the Government of Kenya had decided to settle the Ndorobos and Soy in Chepyuk Settlement Scheme to address landlessness and ensure food security.
36. The beneficiaries in Phase I of the scheme were allocated portions of land measuring 20-50 acres per person depending on the size of the family.
37. In 1989 a rationalization of the plots in scheme done was due to increased population leading to each beneficiary be reallocated 5 acres through balloting process and the establishment Phase I and Phase II of the scheme in 1989 and 1991 respectively.
38. In 2018, the Minister for Interior and National Government visited Mt. Elgon Chepyuk Settlement Scheme Phase III and directed that: -
 - a) Verification of allottees in Phase II and III be done immediately in view of ascertaining the true ownership.
 - b) Collect data of all beneficiaries.
 - c) Arbitration of any land in Dispute.
39. They prayed that Chepyuk Phase II and Phase III should be urgently degazetted and title deeds issued to the residents to avert future conflicts.

3.5 Submissions by residents of Chepkitale

40. The Joint Committee held public hearings at Chepitale within Mt Elgon Forest Reserve in Bungoma County on Saturday 22nd September, 2018. During the hearings, the members of the public led by Prof John Chengeiywo informed the Committee as follows, that:
41. The residents of Chepitale supported the degazettement of Chepyuk Phase II and III. However, they disagreed with the assertion made by the Executive in the Petition that, Chepyuk phase II and III was intended to be an exchange for Chepkitale. They insisted that they were not ready to discuss the exchange of their ancestral land. They also argued that there were many settlement schemes in the County where the Government had settled people without the beneficiaries losing their ancestral land.
42. The residents also opposed the gazettement of Chepkitale as Mt. Elgon National Reserve area in 2000 and the attempt made by the Government to evict the Elgoni Dorobos from Chepkitale.

43. They also stated that they had lodged a historical injustice claim with the National Land Commission contesting the gazettelement of Chepkitale as a game reserve through the Ogiek / Dorobo Council of Elders. The Council had also filed two court cases on the matter. One case challenging the gazettelement of Chepkitale as a game reserve had been filed in Kitale and another case seeking to prevent the State from evicting the community from Chepkitale had been lodged at the Land and Environment Court in Bungoma.
44. Chepyuk Settlement Scheme was started in 1989 to settle the Ogiek/ Dorobo on part of Mt Elgon Forest Reserve to enable them to grow food crops due to numerous bouts of hungry experience in the area at the time.
45. Chepkitale was managed by the community using customary bylaws This had ensured that the area was maintained as forest as it has been for centuries. The community had also worked with the Kenya Wildlife Service in curbing poaching through community scouts. They argued that the government needed to support the model rather than seeing it as a threat to conservation.

3.6 Memoranda received the joint Committee

46. The Joint Committee placed an advertisement in the print media inviting the public to submit memoranda on the petition on 26th July 2018. The following memoranda were received by the Committee:
- a) The Ogiek / Dorobo Council of Elders**
47. The Ogiek / Dorobo Council of Elders through a memorandum received by the Committee on 1st August 2018 signed by Mr. Mamoss Simotwo Maru, the Secretary to the Council made the following submissions:
48. The Council supported the degazettelement of Chepyuk phase II and III. The Council stated that the degazettelement would contribute to the reduction of communal conflict caused by lack of land ownership documents that gave rise to land speculation and incitement.
49. The Council however, disagreed with the assertion made by the Executive in the Petition that Chepyuk Phase II and III was intended to be an exchange for Chepkitale.
50. The Council further noted that Chepyuk Settlement Scheme was started in 1989 to settle the Ogiek/ Dorobo on part of Mt Elgon Forest Reserve to enable them to grow food crops and each family was allocated 15 to 50 acres depending on the family size.

51. The Ogiek / Dorobo Council of Elders had lodged a historical injustice claim with the National Land Commission contesting the gazettement of Chepkitale as a game reserve. The Council had also filed two court cases on the matter. One case challenging the gazettement of Chepkitale as a game reserve had been filed in Kitale and another case seeking to prevent the State from evicting the community from Chepkitale had been lodged at the Land and Environment Court in Bungoma.

52. The Council also disputed assertions made by the Petitioners that the percentage of allocation of land in Chepyuk Phase II was 60% for Ogiek/ Dorobo and 40 % for the Sabaot and the percentage was 50%: 50% in phase III.

b) Mr. Elijah Kipkorir Kaibei

53. Mr. Elijah Kipkorir Kaibei, in a letter received by the Joint Committee on 6th August, 2018, supported the de-gazettement of Chepyuk Phase II and II. He stated that it would minimize cases of insecurity caused by land injustices. He indicated that the residents had been living in an area that was still considered a forest since 1971, when they were allocated land following a request made by the then Member of Parliament the late Hon Daniel Moss for the Government to settle the Ogiek / Ndorobo and the Soy Community that had been evicted from Kaptegaa in Uganda.

c) Mr. Pete Kemei

54. Mr. Pete Kemei, a resident of Mt Elgon Constituency in a letter received by the Committee on 6th August, 2018 opposed the intended variation of the boundaries of Mt Elgon Forest on the following grounds.

55. He argued that land problems were not the cause of insecurity in Mt Elgon region and that the insecurity was caused by organized crime which should be dealt with by the security agents.

56. Revising the boundaries of the forest reserve with the aim of settling the landless was not in the best interest of the ecosystem. The forest was not only a water catchment area but also the core of Mt Elgon traditional ceremonies and invasion into the forest had led to the extinction of rare tree species that were traditionally used as herbs.

57. The sub-division of the said land into small parcels that were individually owned would lead to family conflicts as some of the beneficiaries may opt to sell the allocated parcels of land.

58. The proposed settlement schemes were in a steep area and continuous cutting down of trees could lead to soils erosion and eventually render the land unproductive and uneconomical and eventually lead to more encroachment into the forest.

59. He proposed that the government continues to own the forest but allow the residents to farm in the forest by planting ecofriendly crops that could preserve and conserve the forest.

d) Mr. Benson M Motwol and others

60. Mr. Benson M. Motwol and others in a letter received by the Committee on 8th August, 2018 supported the degazettement of the two phases of Chepyuk Settlement Scheme. They indicated that they were beneficiaries of the scheme and had lived in the area for the last 20 years. They also stated that Chepyuk Settlement Scheme was not meant to be an exchange for Chepkitale game reserve but remained a grazing land for the community.

e) Chepkitale Indigenous People Development Project

61. The Committee received written submissions from Chepkitale Indigenous People Development Project, signed by Prof. Johnson Changeiywo, on 2nd August, 2018. The group supported the proposed de-gazettement of Chepyuk Phases II and III but raised several concerns affecting the Ogiek/ Dorobo Community as follows:

62. Insecurity in Mt Elgon was mainly caused by politics and the land issue in Chepyuk had always been used as an excuse. Therefore, the group disagreed with the Petitioners' assertions that the de-gazettement of Chepyuk II and III would address the historical land injustices experienced by the Ogiek / Dorobo community.

63. Article 67 (2) (e) mandated the National Land Commission to address issues of historical land injustice and not the Cabinet. The Ogiek / Dorobo Community had lodged a historical injustice complaint with the National Land Commission under claim number NLC /HLI/198/2018 seeking the registration of Chepkitale as community land and compensation for property destroyed and human rights violation due to effort by the Government to deny them rights to their ancestral land in Chepkitale.

64. The group disagreed with the assertion made by the Executive in the Petition that Chepyuk Phase II and III was intended to be an exchange for Chepkitale. They also stated that they were not ready to discuss the exchange of their ancestral land. They also argued that the community had always resisted attempts by the Government to evict them from Chepkitale and assertions made by the Petitioners that the residents agreed to be relocated to Chepyuk because Chepkitale was too cold were untrue as evidence by the continued stay in the area.

65. Chepkitale had always been managed by the community using customary bylaws. This had ensured that the area was still maintained as forest as it has been for centuries. The community had also worked with the Kenya Wildlife Service in curbing poaching through community scouts.

66. Article 63 (2) (d) (ii) of the Constitution classified ancestral land and land traditionally occupied by hunters and gatherer communities as community land. Therefore, the Government needed to use the Community Land Act as the basis for the proposed degazettement instead of Forest Conservation and Management Act, 2016.

4.0 COMMITTEE OBSERVATIONS AND FINDINGS

The Joint Committee made the following observations from evidence adduced in the meetings, that:

1. Submissions received by the Joint Committee from nine groups, including the Petitioners, supported the degazettement of Chepyuk Phases II & III on the following grounds:
 - i. Insecurity and inter-clan clashes in Chepyuk Settlement Scheme were aggravated by land ownership conflicts. Degazettement would ensure clarity on ownership of land and improve security in the region;
 - ii. It would provide the beneficiaries with secure lands tenure. The trend of poor land use practices would be minimized and spur greater socio- economic development;
 - iii. It would enable proper planning within the schemes and spur development;
 - iv. The National Government, County Government and other development partners had invested heavily in various projects including roads, security and administrative installations, communication and water facilities in the two phases of the scheme;
 - v. The area is already settled and the relocation of the residents to alternative areas would be more costly than the degazettement of the two phases.
 - vi. The moorland area of Chepkitare was the origin of all major rivers in the surrounding area. It was therefore important that it was protected from encroachment.
2. Mr. Pete Kemei, a resident of Mt Elgon Constituency, opposed the proposed degazettement of Chepyuk phases II & III on the following grounds;
 - i. Land problems were not the cause of insecurity in Mt Elgon region and that the insecurity was caused by organized crime which should be dealt with by the security agents;
 - ii. Revising the boundaries of the forest reserve with the aim of settling the landless was not in the best interest of the ecosystem. The forest was not only a water catchment area but also the core of Mt Elgon traditional

ceremonies and invasion into the forest had led to the extinction of rare tree species that were traditionally used as herbs;

- iii. The sub-division of the said land into small parcels that were individually owned would lead to family conflicts as some of the beneficiaries may opt to sell the allocated parcels of land;
 - iv. The proposed settlement schemes were in a steep area and continuous cutting down of trees could lead to soils erosion and eventually render the land unproductive and uneconomical and eventually lead to more encroachment into the forest; and
 - v. He proposed that the government continues to own the forest but allow the residents to farm in the forest by planting ecofriendly crops that could preserve and conserve the forest.
3. The residents of Chepkitala disagreed with the assertions made by the Executive in the petition that Chepyuk phase II and III was intended to be an exchange for Chepkitala. They stated that they were not ready to discuss the exchange of their ancestral land for the allocation of land in Chepyuk phase II and III.
4. The Petition disclosed grounds for variation of the boundaries of Mt Elgon Forest Reserve by 4,607 hectares given the security challenges associated with land. The area was also already settled and the relocation of the residents to alternative areas would be more costly than the degazettement of the two phases. However, mechanisms ought to be put in place by the government to ensure that only deserving cases benefitted, in case of the request for de-gazettement is approved by the National Assembly.
5. There is need for the government to ensure a balance between environmental conservation and the need to create opportunities for human settlement considering that Kenya had forest cover of 7.8 % which was below the recommended 10% forest cover.
6. The government had facilitated the due process for the degazettement, which included conducting public participation, seeking approval from the Kenya Forest Service and conducting the Environmental Impact Assessment to ascertain that the degazettement would not endanger the biodiversity.

5.0 COMMITTEE RECOMMENDATIONS

In response to the prayers by the petitioners, the Committee recommends that:

1. Pursuant to section 34 of the Forest Conservation and Management Act, 2016 the National Assembly approves the variation of the boundaries of Mount Elgon Forest Reserve to exclude Chepyuk Phases II and III comprising 4,607 hectares.
2. The government should properly secure the remaining forest area within Mt. Elgon Forest Reserve particularly in Chepkitale considering the need to achieve the United Nations recommended 10% forest cover in the country

| 2. Mr. Ahmed Guliye | - | Clerk Assistant III |
| 3. Mr. Dennis Mogare | - | Clerk Assistant III |

The meeting was called to order at 10.29 a.m. and prayers were said. The Chairperson stated that the agenda of the meeting was to consider the following petitions: -

- a) Petition Regarding Variation of the Boundaries of Mt. Elgon Forest Reserve
- b) Petition by the Hon. Jeremiah Kioni, MP on Behalf of Residents of Ndaragwa Constituency Regarding Degazettement of 200 Acres of Forest Land for Economic Development in Ndaragwa Township.

The Members adopted the Agenda.

**MIN.NO. DC/ENR/LANDS/002/2018: MEETING WITH THE CABINET SECRETARIES
MINISTRIES FOR LAND & PHYSICAL PLANNING AND ENVIRONMENT &
FORESTRY REGARDING A PETITION ON VARIATION OF THE BOUNDARIES OF
MT. ELGON FOREST RESERVE**

The Cabinet Secretary, Ministry of Lands and Physical Planning and the, Chief Administrative Secretary, Ministry of Environment and Forestry informed the Joint Committee that:

- i. The petition was submitted pursuant to section 34 of the Forest Conservation and Management Act, 2016;
- ii. A Cabinet meeting held on 22nd November, 2016 considered a memorandum from the two Cabinet Secretaries and acceded to the de-gazettement of 4,647 hectares of Mount Elgon Forest Reserve in Bungoma County for settlement and directed the Cabinet Secretaries to seek the requisite Parliamentary approval. The settlement comprised the Chepyuk Settlement Scheme Phases II and III in Cheptais Subcounty;
- iii. Chepyuk Settlement is within Mt. Elgon Forest Reserve which was gazetted on 30th April, 1932 and covered an area of 91,890 hectares. Since then, various amendments had been made on the forest boundaries as follows:
 - a) The 1939 Ordinance – changed the boundaries of Kavirondo Native Land Unit and created Elgony Native Land Unit, now known as Chepkitala that covers 17,000 hectares.
 - b) In 1973 the government agreed to exchange Elgony Native Land Unit (cold area) with 3,686 hectares of Mt. Elgon Forest Reserve that was located at the lower slopes of the mountain for settlement of the Elgonyi Dorobos through Legal Notice No. 51 of 1974. The area is what is called Chepyuk Phase I. It was excised on 22nd January 1974 through Legal Notice No. 51 and made available for settlement.
 - c) In mid 1992, Chepyuk Settlement Scheme Phases II and III were surveyed. The area comprises 5,252 hectares and was divided into 2,576 plots. 80% of the occupancy was by Dorobo (Mosop) while 20% was by Soy (Sabaot). The boundary

- of Chepyuk Settlement Scheme Phases II and III was regularized to cover 4,607 hectares as per the approved Boundary Plan no. 175/419.
- d) Chepyuk Phase III covered an area of 2,865.42 hectares (1,893 plots) while Phase II covers 1,741.99 hectares (683 plots).
 - e) In 2000, Chepkitale area that was to be vacated by the Elgonyi Dorobos was gazetted as Mt. Elgon National Reserve (Chepkitale). The area was currently being managed by the Kenya Wildlife Service but still occupied by the Elgonyi Dorobos.
- iv. In 2008, the Minister of State for Provincial Administration and Internal Security constituted an Inter Ministerial Taskforce Vide Kenya Gazette Notice No. 11411 of 4th December, 2008 to coordinate and oversee the settlement of persons displaced from Chepyuk Phase III due to inter communal conflict. The taskforce undertook the following:
- a) Coordinated the resettlement of 1,735 beneficiaries in Chepyuk Phase III Settlement Scheme.
 - b) Supervised the planning and surveying exercises which resulted in 1,776 plots being demarcated.
 - c) Allocated 1,735 plots of approximately 2.5 acres each to beneficiaries through secret ballot.
 - d) Reserved 41 plots for public utilities.
- v. Despite the work done by the taskforce, processing of title deeds for Chepyuk Phases II and III could not commence since the schemes were still part of Mt. Elgon Forest Reserve and had not been degazetted.
- vi. Approval of the legal notice to effect variation of boundary or revocation of state or local authority forests is vested on the resolution of parliament upon recommendation by the KFS Board, pursuant to Section 34 of the Forest Conservation and Management Act no. 34 of 2016. KFS recommendations however ought to be guided by the following:
- a) Intent of variation has to be approved by the Forest Conservation Committee for the area.
 - b) Rare or threatened species will not be endangered.
 - c) Value of the forest for water catchment should not be affected.
 - d) Biodiversity conservation, cultural site protection, educational, research and recreational roles are not prejudiced.
 - e) Independent environmental impact assessment should be carried out and no adverse effect that cannot be mitigated is likely.
 - f) Public participation is carried out (Third Schedule of the Forest Conservation and Management Act no. 34 of 2016)

- vii. The KFS Board approved the request to degazette Chepyuk Settlement Scheme during its 17th meeting held on 14th November as covered under Minute No. 8 of the Board;
- viii. The National Environmental Management Authority (NEMA) issued an EIA licence approving the settlement on 24th January, 2011;
- ix. Public participation and stakeholder engagement had happened at various levels and times as follows:
 - a) Grassroot consultations carried out by the then Provincial Administration through several public barazas within Cheptais Sub County.
 - b) Local leaders, the District Commissioner and the District Settlers Selection Committee held meetings, vetted and identified the plot beneficiaries.
 - c) During the EIA process, public consultations were carried out by NEMA and other stakeholders.
 - d) The Village Land Committee Members elected through public barazas and the Ministry of Lands and Physical Planning undertook ground verification and captured results in ministry records.
 - e) At the national level, the KFS Board, before granting its approval, undertook public participation through engaging Community Forest Associations and the Forest Conservation Committee.
 - f) The Chepyuk Settlement Scheme Inter Ministerial Taskforce established Vide Kenya Gazette Notice No. 11411 of 4th December, 2008 in execution of its mandate engaged the public through public barazas, leaders consultative meetings and other fora.
- x. The methodology, criteria applied and transparency during the initial land allocation in phase III contributed to the conflicts witnessed in the scheme. The long standing conflict pits the two clans of the Soy (Sabaot) and the Dorobo (Mosop). The Dorobo (Mosop) have been demanding an equal share arguing that the greater Chepyuk Scheme was originally established to cater for them. The conflict came to a head in 2007 when internal clashes were aggravated by the clandestine Sabaot Land Defence Force (SLDF) which forced settlers to flee the Phase III of the Scheme;
- xi. The total area that would be de-gazetted Under Chepyuk Settlement Phase I, II and III covered an area of 8,358.54 hectares. This amounted to a loss of forest cover of 9% of the original gazetted Mt. Elgon Forest Reserve;
- xii. Inter-clan clashes had created opportunities for genuine plot owners being displaced by outsiders. The violence in the area had hampered development initiatives in the area. Equally, infrastructural development in the scheme was poor further fuelling the insecurity there;
- xiii. The de-gazettement of Chepyuk Phase II and III would:

- a) Provide the beneficiaries with a secure land tenure which would minimize the current trend of poor land use, land speculation and encroachment into the forest reserve.
- b) Result in improvement of the security situation in the area, spur development leading to improved livelihoods.
- xiv. All beneficiaries of the plots already had letters of offer from the Ministry of Lands and Physical Planning.
- xv. She prayed that the National Assembly approves the variation of the boundaries of Mount Elgon Forest Reserve to exclude Chepyuk Phases II and III comprising of a total area of 4607 hectares.
- xvi. There were 17 other requests for degazettement of forest land already occupied by individuals that were at various stages of processing. The Mt. Elgon Forest Reserve case had serious security challenges associated with it hence its fast tracking.

Observations

It was observed that:

1. There were many areas in the country where people had settled in forest land yet the same had not been regularized like was the case in the proposed variation of Mt. Elgon Forest Reserve. Therefore there was need for the two Cabinet Secretaries to amalgamate such cases and present them for consideration by the National Assembly to comprehensively solve the problem of government approved settlements in undegazetted forest .
2. There was also need for the Ministries to be proactive and curb illegal settlement in forests within the country to ensure their sustainability.
3. There was need to for the Government to ensure that there was balance between environmental conservation and the need to create opportunities for human settlement considering that Kenya had forest cover of 7.8 % which was below the recommended 10% forest cover.
4. There was need for the National Assembly consider the request given the many security challenges associated with land issues in Mt. Elgon area as explained by the two Cabinet Secretaries . However, mechanisms ought to be put in place to ensure only deserving persons benefitted and that all legal provisions are adhered to. If degazettement was approved by the House.

Resolutions

It was resolved that:

1. The Cabinet Secretary, Ministry of Lands and Physical Planning should:

- a) Provide a list of all pending requests for resettlement of people in land currently gazetted as forest indicating the :
 - the stages of processing of each of the cases, and
 - proposed timelines for conclusion of the the applications.
 - b) A complete list of beneficiaries of Chepyuk phase I and II.
2. The Joint Committee resolved to undertake a field visit to Mt. Elgon Forest Reserve (Chepyuk Phase II and III) to obtain more facts on the petition during the September, 2018 recess period.

MIN.NO. DC/ENR/LANDS/004/2018: : MEETING WITH THE CABINET SECRETARIES MINISTRIES FOR LAND & PHYSICAL PLANNING AND ENVIRONMENT & FORESTRY REGARDING A PETITION ON A PETITION BY HON JEREMIAH KIONI MP ON BEHALF OF RESIDENTS OF NDARAGWA CONSTITUENCY ON THE DEGAZETEMENT OF 200 ACRES OF FOREST LAND FOR ECONOMIC DEVELOPMENT IN NDARAGWA TOWNSHIP

The Cabinet Secretary, Ministry of Lands and Physical Planning and the Chief Administrative Secretary, Ministry of Environment and Forestry requested for more time gather information on the petition before providing a detailed response to the joint Committee.

The Committee agreed to the request .

MIN.NO. DC/ENR/LANDS/005/2018: ADJOURNMENT

There being no other business the meeting was adjourned at 1.33 pm.

MIN.NO. DC/ENR/LANDS/006/2018: - PRELIMINARIES

The meeting was called to order at 10.55 a.m. and prayers were said. The session Chairperson outlined the agenda of the meeting and indicated that the joint Committee was in Bungoma County on a fact finding exercise regarding a petition by the Executive on the variation of the boundaries of Mt. Elgon Forest Reserve.

MIN.NO. DC/ENR/LANDS/007/2018: - BRIEFING BY REPRESENTATIVES OF GOVERNMENT DEPARTMENTS AND AGENCIES IN BUNGOMA COUNTY ON A PETITION BY THE EXECUTIVE SEEKING THE VARIATION OF THE BOUNDARIES OF MT. ELGON FOREST RESERVE

The delegation paid a courtesy call on the County Commissioner, Bungoma County. During the visit, the session Chairperson briefed the County Commissioner on the purpose of the visit by the delegation to the County. The County Commissioner and the officers representing various government agencies then briefed the delegation on the petition as follows, that:

- i. Chepyuk Settlement was situated within Mt. Elgon Forest Reserve and comprised an area of 91,890 hectares. Phase I of the scheme was first opened up for settlement in 1973;
- ii. In mid 1992, Chepyuk Phase II and III was surveyed and area comprising of 5,252 hectares was divided into 2,576 plots. 80% of the occupants of the plots were Dorobo (Mosop) while 20% were soy (Saboat). The boundary of Chepyuk Phase II and Phase III were regularized to cover an area of 4,607 hectares;
- iii. In 2009, the Government set up a task force to co-ordinate and oversee the resettlement of the persons displaced from Chepyuk phase III settlement scheme due to inter-communal conflict of 2007;
- iv. In 2011, the Minister for Lands approved the allocation and letters of offer were prepared in favour of the beneficiaries. The beneficiaries were shown their individual plots and issued with beacon certificates;
- v. Processing of title deeds for Chepyuk Phase II and III could not commence since the area was yet to be de-gazetted. However the area was fully settled;
- vi. Early 2018, an inter-Ministerial team, comprising of Interior and Coordination of National Government, County Government of Bungoma and Ministry of Lands and Physical Planning, was sent out to undertake ground verification exercise in Chepyuk Phase II and III. The objective of the exercise was to resolve pertinent recurrent matters in the area with a view of achieving a lasting solution to ensure peaceful co-existence between the warring communities of the Dorobo and Soy who populate the area and also to help settle the allottees;

vii. National Government Projects/ Programmes in Phase II and III included the following:

- a) National Government Administrative Offices: 5 offices had been established in the two schemes-1 Chief Office, 3 Assistant Chief Offices and Kopsiro Divisional Offices. There were also plans to elevate the division to a sub County.
- b) Security Camps- 1 KDF Camp, 2 GSU Camps and 1KFS Offices. 1 Police Post set up inside phase I serving phase 2 while there are two gazetted Police Stations (Kopsiro and Kipsigon) established on the periphery and serving the entire population of these two schemes.

10. On the Justification for de-gazettement of the two phases: The officers stated that:

- a) The incessant issues on insecurity and inter-clan clashes in Chepyuk Settlement were aggravated by land ownership conflicts. De-gazettement would ensure clarity on ownership of land and improve security in the region.
- b) It would provide the beneficiaries with secure lands tenure. The current trend of poor land use practices would be minimized and spur greater socio- economic development
- c) It would enable proper planning within the schemes and spur development.
- d) The perennial encroachment into the forest reserve would be controlled as everyone would satisfactorily settle in his/her land.
- e) The National Government, County Government and other development partners had invested heavily in various projects including roads, security and administrative installations, communication and water facilities in the two phases.
- f) The two Phases were already settled . The relocations of the residents to alternative areas would be more costly than the degazettement of the two phases
- g) Degazettment was supported by 99% of the population living in the two phases. The exercise therefore had the blessing of the public.
- h) The moorland area of Chepkitare was the origin of all major rivers in the surrounding area. It was therefore important that it was protected from encroachment

Presentation by the County Government Bungoma

The Hon. Sabwani Keya, County Eececutive Committee Member, Public Service Management and Administration, Bungoma County on behalf of the Governor, stated that:

1. The County Government of Bungoma fully supported the de-gazettement and the eventual settlement of the affected persons . However, the County Government recommended that the further subdivision of land by the beneficiaries be discouraged to benefit the residents economically.

2. The degazettement of the scheme would facilitate the resettlement of Soy (Saboat) and Dorobo (Mosop) communities to resolve historical land injustices, reduce security conflicts and spur local development.

MIN.NO. DC/ENR/LANDS/009/2018: TOUR OF PHASE II AND III OF CHEPYUK SETTLEMENT SCHEME(PROPOSED DEGAZETTEMENT AREA)

The delegation toured Chepyuk Settlement Scheme Phase II And III (Proposed Degazettement Area) and observed that:

1. The area was fully settled with many occupants undertaking farming activities.
2. There was no forested area in the scheme.
3. The area had a number of social amenities such as:
 - (a) Schools
 - (b) Shopping centres/markets
 - (c) Religious institutions
 - (d) Electric power lines

MIN.NO. DC/ENR/LANDS/011/2018: - PRELIMINARIES

The meeting was called to order at 2.52 p.m. after which prayers were said. The Chairperson then explained to the members of the public that the agenda of the meeting was to receive public views regarding a petition by the Executive seeking the variation of the boundaries of Mt. Elgon Forest Reserve.

MIN.NO. DC/ENR/LANDS/012/2018: - PUBLIC HEARINGS AT KIPKITALE AREA REGARDING A PETITION ON VARIATION OF THE BOUNDARIES OF MT. ELGON FOREST RESERVE.

The members of the public in attendance at the public baraza at Kipsigon area, Cheptais, led . Mr. Francis Sangula presented their views as follows, that:

- i. The residents supported the proposed degazettement indicating that the matter was of great concern to the Community and the entire nation. Further they stated that there was need to seek a lasting and amicable solution to the land-based conflict in the area for the residents to realize peace and development;
- ii. The Settlement Scheme was initiated in 1971, when the Government decided to settle the Ndorobos and Soy in Chepyuk to address landlessness and ensure food security;
- iii. The beneficiaries in phase I of the scheme were allocated portions of land measuring 20-50 acres per person depending on the size of the family;
- iv. In 1989, a rationalization of the plots in resettlement scheme done was due to increased population leading to each beneficiary be allocated 5 acres through balloting process. This led to Phase I and Phase II in 1989 and 1991 respectively;
- v. In 1992, the exercise stalled due to tribal clashes; and
- vi. In 2018, the Minister for Interior and National Government visited Mt. Elgon Chepyuk settlement Scheme Phase III and directed that: -
 - a) Verification of allottees in Phase II and III be done immediately in view of ascertaining the true ownership.
 - b) Collect data of all beneficiaries.
 - c) Arbitration of any land in Dispute.

They prayed that Chepyuk Phase II and Phase III should be urgently degazetted and title deeds issued to the residents to avert future conflicts

Committee observations

It was observed that:

1. The area was fully settled and the residents had develop permanent structures .
2. The roads in the area were in poor condition due to lack of survey plans to facilitate access to development funds as the area was still regarded as a forest. Therefore the de-gazettement would spur development including the upgrading of the road network and ensure security in the area .

MIN.NO. DC/ENR/LANDS/014/2018: - PRELIMINARIES

The meeting was called to order at 10.20 am. after which prayers were said. The Chairperson then stated that the main agenda of the meeting was to receive public views with regard to a petition on variation of the Boundaries of Mt. Elgon Forest Reserve.

MIN.NO. DC/ENR/LANDS/015/2018: - PUBLIC HEARINGS AT KIPKITALE AREA REGARDING A PETITION ON VARIATION OF THE BOUNDARIES OF MT. ELGON FOREST RESERVE.

The members of the public in attendance at a public hearings, led by Prof. John Chengeiywo, presented their views as follows:

;

- i. The residents of Chepkitale supported the degazettement of Chepyuk phase II and III. However, they disagreed with the assertion made by the Executive in the petition indicating that Chepyuk phase II and III was intended to be an exchange for Chepkitale. They insisted that they were not ready to discuss the exchange of their ancestral land. They also argued that there were many settlement schemes in the County where the government had settled people without the beneficiaries losing their ancestral land in exchange with land acquired in the settlement schemes;
- ii. They further informed the joint Committee that Chepyuk Settlement Scheme was started in 1989 to settle the Ogiek/ Dorobo on part of Mt Elgon Forest Reserve to enable them to grow food crops and each family was allocated 15 to 50 acres depending on the family size;
- iii. The residents opposed the gazetted of Chepkitale as Mt. Elgon National Reserve in 2000 and the attempt made by the government to evict the Elgonyi Dorobos from Chepkitale;
- iv. The Committees were also informed that the Ogiek / Dorobo Council of Elders had lodged a historical injustice claim with the National Land Commission contesting the gazettement of Chepkitale as a game reserve. The council had also filed two court cases on the matter. One case challenging the gazettement of Chepkitale as a game reserve had been filed in Kitale and another case seeking to prevent the state from evicting the

community from Chepkitale had been lodged at the Land and Environment Court in Bungoma; and

- v. Chepkitale was managed by the community using customary bylaws This had ensured that the area was maintained as forest as it has been for centuries. The community had also worked with the Kenya Wildlife Service in curbing poaching through community scouts. They argued that the government needed to support the model of conservation rather than seeing it as a threat to conservation.

MIN.NO. DC/ENR/LANDS/016/2018:

-

OBSERVATIONS

It was observed that:

1. Although the residents had managed to conserve the forest . There was evidence of increased human settlement in the area and the sustainability of the ecosystem with the area could not be guranteed
2. There was evidence of deforestation in the lower part of Chepkitale caused by commercial farming particularly in the area occupid by the Nyayo Tea Zone.

MIN.NO. DC/ENR/LANDS/017/2018:

MIN.NO. DC/ENR/LANDS/001/2019: - **PRELIMINARIES**

The meeting was called to order at 12.00 noon after which prayers were said. The Chairperson then stated that the main agenda of the meeting was Consideration and Adoption of a Report on the Petition on Variation of the Boundaries of Mt. Elgon Forest Reserve. The Members adopted the Agenda.

MIN.NO.DC/ENR/LANDS/002/2019: - **CONFIRMATION OF MINUTES**

Minutes of the 1st Sitting held on Tuesday 28th August, 2018 at 10.00 a.m. were confirmed as a true record of deliberations after being proposed by Hon. Charles Ongondo Were, M.P, and seconded by Hon. Kimani Ngunjiri, M.P.

Minutes of the 2nd Sitting held on Friday 21st September, 2018 at 10.30 a.m. were confirmed as a true record of deliberations after being proposed by Hon. Teddy Mwambire, M.P, and seconded by Hon. Beatrice Kones, M.P.

Minutes of the 3rd Sitting held on Friday 21th September, 2018 at 2.30 p.m. were confirmed as a true record of deliberations after being proposed by Hon. Hon. Charles Ong'ondo Were, M.P, and seconded by Hon. Simon Nganga Kingara, M.P.

Minutes of the 4th Sitting held on Saturday 22nd September, 2018 at 10.00 a.m. were confirmed as a true record of deliberations after being proposed by Hon. George Sunkuyia, M.P, and seconded by Hon. Beatrice Kones, M.P.

MIN.NO. DC/ENR/LANDS/003/2019: **CONSIDERATION AND ADOPTION OF THE REPORT ON THE PETITION ON VARIATION OF THE BOUNDARIES OF MT. ELGON FOREST RESERVE.**

The Joint Committee considered and adopted the Report on the Petition on Variation of the Boundaries of Mt. Elgon Forest Reserve as was proposed and seconded by the Hon. Teddy Mwambire, MP and the Hon. Charles Ong'ondo Were, MP respectively with the following recommendations, that:

1. Pursuant to section 34 of the Forest Conservation and Management Act, 2016 the National Assembly approves the variation of the boundaries of Mount Elgon Forest Reserve to exclude Chepyuk Phases II and III comprising 4,607 hectares.

2. The government should properly secure the remaining forest area within Mt. Elgon Forest Reserve particularly in Chepkitale considering the need to achieve the United Nations recommended 10% forest cover in the country

Dear Mr. Sialai,

DL&P
① Do they want
Parliament to
approve Sanction?

February 26, 2019

act
28/2/19

PETITION UNDER SECTION 34 OF THE FOREST CONSERVATION AND
MANAGEMENT ACT 2016

Please refer to my letter dated July 3, 2018 in which I forwarded the above petition.

The matter was deliberated on during our session with the joint Parliamentary Committees on Lands and that of Environment and Natural Resources on August 28, 2018.

The joint committee considered and deliberated on the following:-

1. Petition by the Cabinet Secretary, Ministry of Lands and Physical Planning and Environment and Forestry on behalf of the executive on variation of the boundaries of Mt. Elgon Forest Reserve.
2. Petition by Hon. Jeremiah Kioni, MP on behalf of the residents of Ndaragwa Constituency on degazettment of 200 Acres of forest land for economic development in Ndaragwa Township.

② Hon. Taka
this is a
concern
this is a
petition
except it
is not on
the
6000
acres
of
land

During these deliberations, the Ministry of Lands and Physical Planning was requested to provide further information on the following:-

1. The list of beneficiaries allocated land in Chepyuk Settlement Schemes in Phase I, II and III in Mt. Elgon.
2. List of de facto settlement schemes and other irregularly allocated land within Gazetted Forest Reserves.

The above information was forwarded vide our letter Ref. MOLPP/ADM/CSO/1/90 of August 30, 2018.

However, the matter was not concluded during the last sitting of Parliament. I am, therefore, re-submitting the petition together with the required information for consideration during the current sitting of Parliament. This is as follows:-

- (1) Petition by the Cabinet Secretaries, Ministry of Lands and Physical Planning and Environment and Forestry on behalf of the Executive on variation of the boundaries of Mt. Elgon Forest Reserve. (Annex I).
- (2) List of beneficiaries allocated land in Chepyuk Settlement Scheme in Phases I, II and III in Mt. Elgon. (Annex II).
- (3) List of de facto settlement schemes and other irregularly allocated land within Gazetted Forest Reserves. (Annex III).

Yours

Farida Karoney, OGW

REPUBLIC OF KENYA

TWELFTH PARLIAMENT - (SECOND SESSION)

THE NATIONAL ASSEMBLY

PETITIONS

CONVEYANCE OF A PETITION REGARDING VARIATION OF THE
BOUNDARIES OF MT. ELGON FOREST RESERVE

Honourable Members,

Standing Order 225(2)(b) requires that the Speaker reports to the House any Petition other than those presented through a Member. I therefore wish to convey to the House that my office has received a Petition regarding the variation of boundaries of Mt. Elgon Forest Reserve.

Honourable Members,

The Petition is signed by Mr. Kerjako Tobiko, Cabinet Secretary for Environment & Forestry, and Ms. Farida Karoney, Cabinet Secretary for Lands & Physical Planning on behalf of the executive. The Executive is seeking the approval of the National Assembly for the alteration of the boundaries of Mt. Elgon Forest Reserve, pursuant to provisions of section 34 of the Forest Conservation and Management Act, 2016.

Section 34(1) of the aforementioned law states that-

34. (1) Any person may petition the National Assembly or the Senate for the variation of boundaries of a public forest or the revocation of the registration of a public forest or a portion of a public forest.

Section 34(5) and (6) further states that—

- (5) If the relevant Committee reports that it finds that the petition—
- (a) does not disclose a ground for the variation of the boundaries of a public forest or the revocation of the registration of a public forest or a portion of a public forest, no further proceedings shall be taken; or
 - (b) discloses a ground for the variation of the boundaries of a public forest or the revocation of the registration of a public forest or a portion of a public forest, the National Assembly or the Senate shall vote on whether to approve the recommendation.
- (6) If the resolution under subsection (5)(b) is supported by a majority of the members of the National Assembly or the Senate, present and voting, the Cabinet Secretary shall publish a notice in the Gazette.

Honourable Members, the two State Departments are seeking Parliamentary approval for degazettement of 4,607 Hectares comprising of Phases II and III of Chepyuk Settlement Scheme in the Mt. Elgon Forest Reserve within Cheptais Forest Station in Bungoma County. The purpose of the degazettement is to resettle the Soy(Sabaot) and Dorobo(Mosop) communities in the area to resolve historical land injustices, reduce security conflicts and spur local development.

In this regard **Honourable Members,** the two State Departments pray that—

- (i) The National Assembly resolves that this Petition discloses a ground for the variation of the boundaries of a public forest; and

- (ii) The National Assembly, approves the alteration of the boundaries of Mt. Elgon Forest Reserve to allow for resettlement on Phase II and III of Chepyuk Settlement Scheme.

Honourable Members,

A Petition of this nature is new to the House, being one that emanates from the Executive having been approved by the Cabinet. Allow me, therefore, to guide the House that, pursuant to the provisions of Standing Order 227(1), this Petition stands committed to the Departmental Committees on Environment and Natural Resources and Lands for joint consideration. The Committees should guide the House, by way of a report, on whether the Petition satisfies the requirements of section 34 of the Forest Conservation and Management Act, 2016 relating to the grounds for variation of the boundaries of a public forest, having ensured sufficient public participation with relevant stakeholders as required by the law.

The Joint Committee has sixty (60) days within which to submit their report for consideration and decision by the House as required under section 34(5) of the Forest Conservation and Management Act and Standing Order 227(2).

I thank you!

THE HON. JUSTIN B.N. MUTURI, EGH, MP
SPEAKER OF THE NATIONAL ASSEMBLY

Thursday, July 5, 2018

PETITION TO NATIONAL ASSEMBLY BY THE CABINET SECRETARY MINISTRY OF ENVIRONMENT AND FORESTRY FOR VARIATION OF BOUNDARIES OF MOUNT ELGON FOREST RESERVE IN BUNGOMA COUNTY

Honorable Members,

We, the undersigned, Cabinet Secretaries for Ministry of Environment and Forestry and Ministry of Lands and Physical Planning, pursuant to Section 34 of the Forest Conservation And Management Act

DRAW the attention of the National Assembly to the following:

- 1.0 The Cabinet meeting held on Tuesday 22nd November 2016, considered a memorandum jointly tabled by the Cabinet Secretary for Environment and Natural Resources and the Cabinet Secretary for Lands and Physical planning and approved de-gazettement of 4,647 hectares of Mt. Elgon Forest Reserve within Cheptais Forest Station in Bungoma County for settlement and directed the Cabinet Secretary to seek requisite Parliamentary approval. The settlement comprises of Chepyuk Settlement Scheme known as Phases (II) and (III) in Cheptais Sub-County in Bungoma County.

2.0 BACKGROUND

Chepyuk settlement is within Mt. Elgon Forest Reserve which was gazetted through Proclamation No. 44 of 30th April 1932 and covered an area of 91,890 hectares. Since then, various amendments have been made on the boundary of the forest as here given:

- 2.1 The 1939 Ordinance Vol. XXII, changed the boundaries of Kavirondo Native Land Unit and created Elgony Native Land Unit, "now known as Chepkitala" that covers 17,000 hectares. The area, Chepkitala located at 11,000 feet (Approximately 3,350 m) above sea level is too cold but was inhabited by the Elgonyi Dorobos.
- 2.2 In 1973, the Government agreed to exchange Elgonyi Native Land Unit with 3,686 hectares of Mt Elgon Forest Reserve that was located at the lower slopes of Mt Elgon for resettlement of the Elgonyi Dorobos through Legal Notice No. 51 of 1974. This site had been earlier declared an adjudication area through legal notice No. 35 of 1968 under the Lands Consolidation Act (Cap 283). On the knowledge that the land was

Government Land and therefore not subject to land adjudication, the area was then converted into a settlement scheme; named Chepyuk Phase 1.

- 2.3 The area was then excised on 22nd January 1974 through Legal Notice No. 51 and made available for resettlement.
- 2.4 In mid-1992, Chepyuk phase II and III was surveyed. This area comprising of 5252 hectares was divided into 2576 plots. 80% of the occupants of the plots were Dorobo (Mosop) while 20% were Soy (Sabaot). The Boundary of Chepyuk Phase II and Phase III was regularized to cover an area of 4607 hectares as per the approved Boundary Plan No. 175/419 Annex 1.
- 2.5 Chepyuk phase III covers an area of 2865.42 hectares (comprising 1893 plots) while Chepyuk phase II covers 1741.99 hectares (comprising 683 plots). Ground verification to determine occupancy is being carried out by the Ministry of Lands and Physical Planning ongoing. In Chepyuk Phase III, 66 plots were for public utility and 95 were reserved for Laibon (Spiritual Leaders) of the two communities of the Dorobo (Mosop) and Soy (Sabaot) and the remaining 1732 plots were then available for the rest of the identified beneficiaries.
- 2.6 In the year 2000, Chepkitale area that was to be vacated by the Elgoni Dorobos was gazetted as Mt Elgon National Reserve (Chepkitale). The area is now managed by Kenya Wildlife Service (KWS) but still occupied by the Elgoni Dorobos.

3.0 INTERMINISTERIAL TASKFORCE

- 3.1 In 2008, the Minister of State for Provincial Administration and Internal Security constituted an Inter-Ministerial Task Force vide Kenya Gazette Notice No. 11411 of 4th December, 2008 to coordinate and oversee the resettlement of persons displaced from Chepyuk phase III Settlement Scheme resulting from inter-communal conflict.

- 3.2 The taskforce undertook the following:

- Coordinated and implemented the re-settlement of 1735 beneficiaries in Chepyuk Phase III settlement Scheme.

CS

- Supervised the planning and surveying exercises which resulted to 1,776 plots being demarcated.
- Allocated 1,735 plots of approximately 2.5 acres each were allocated to the beneficiaries through secret ballot.
- Reserved 41 plots for public utilities.

3.3 On 29th August 2011, the Minister for Lands approved the allocation and letters of offer were prepared in favor of the beneficiaries. The beneficiaries were shown their individual plots and issued with beacon certificates in July 2011.

3.4 The Ministry of Lands and Physical Planning has surveyed and demarcated all the plots and taken on record the list of beneficiaries that have been verified and vetted by the Taskforce.

3.5 Processing of title deeds for Chepyuk Phase II and III could not commence since the schemes were still part of Mt. Elgon Forest Reserve and had not been de-gazetted.

4.0 LEGAL PROVISION FOR ALTERATION OF FOREST BOUNDARY

4.1 In compliance with Section 34 of the Forests Conservation and Management Act No. 34 of 2016 and the conditions required to be met before de-gazettement of any part of a state or local authority forest, Members of Parliament are advised to note that approval of the legal notice to effect variation of boundary or revocation of State or Local Authority forests is vested on the resolution of Parliament upon recommendation by Kenya Forest Service Board. The recommendations of KFS must however be guided by the following considerations:

- Intent for variation of boundary or revocation has been approved by Forest Conservation Committee for the area.
- Rare or threatened species will not be endangered
- Value of the forest for water catchment will not be affected.
- Biodiversity conservation, cultural site protection, educational, research and recreational roles are not prejudiced.
- Independent Environmental Impact Assessment has been carried out and no serious adverse effect that cannot be mitigated is likely.

- Public consultation is carried out as given in the third schedule of the Forest Conservation and Management Act 2016.

4.2 CABINET APPROVAL

- The Cabinet approved the de-gazettement of 4,647 Hectares of Mt. Elgon Forest Reserve in its Eighth Cabinet Meeting held on 22nd November, 2016 comprising of Chepyuk Phase II and Phase III. Annex II
- The Cabinet also directed Cabinet Secretary Environment and Natural Resources to present the request to Parliament for approval.

4.3 KFS BOARD APPROVAL

The Kenya Forest Service Board of Management approved the request to de-gazette Chepyuk Settlement Scheme during its 17th meeting held on 14th November vide Minute no.8.

4.4 ENVIRONMENTAL IMPACT ASSESSMENT (EIA)

The National Environmental Management Authority (NEMA) issued an Environmental Impact Assessment (EIA) license approving the resettlement on 24th January 2011 Annex III.

4.5 PUBLIC PARTICIPATION AND STAKEHOLDER INVOLVEMENT

1. Grass root consultations were carried out by the Provincial Administration through several public Barazas held within the Cheptais Sub-County.
2. Local leaders and the then District Commissioner under the guidance of District Settlers Selection Committee held meetings, vetted and identified the beneficiaries of the plots.
3. During the EIA process for the Scheme, public consultation with all the stakeholders including the general public was carried out.
4. The Village Land Committee members elected through public Barazas jointly with the Ministry of Lands and Physical Planning undertook ground verification which involves confirming bio-data of the beneficiaries, the identity of the ground occupier of the plots and confirmation of the

4 CS

existing development on the sites and thereafter captured results in the Ministry records.

5. At the National level, Kenya Forest Service undertook public consultations which began with the Community Forest Associations followed by deliberation of the Forest Conservation Committee. Subsequently, the Kenya Forest Service Board gave its approval for the variation of Mt. Elgon Forest Reserve boundaries and forwarded the recommendation to the Cabinet Secretary for Environment and Forestry.

6. The Chepyuk Settlement Scheme Inter-Ministerial Taskforce was established through Gazette Notice No. 11411 of 4th December 2008. Pursuant to its mandate, the taskforce undertook Public Participation through public Barazas, consultative leaders meeting and fora.

5.0 INTER CLAN CLASHES

5.1 The methodology, criteria applied and transparency during the initial land allocation in Phase III contributed to the conflicts witnessed in the Settlement Scheme. The long standing controversy pitted the two clans from the Soy (Saboot) and the Dorobo (Mosop). The Dorobo (Mosop) have been demanding an equal share of land premised on the argument that the greater Chepyuk Scheme was originally established to cater for them.

5.2 In 2007, these contentious issues generated insecurity in form of bloody skirmishes and internal clashes in the area resulting in the displacement of the initial beneficiaries in Phase III.

5.3 These conflicts became more pronounced in 2007 when internal clashes aggravated by the clandestine Saboot Land Defense Force (SLDF) forced the settlers to flee from Phase III of the Scheme.

6.0 CHEPYUK SETTLEMENT SCHEME AND ITS ENVIRONS

6.1 The Map attached to this petition shows Mount Elgon Ecosystem and the Chepyuk Settlement Scheme Phase I, II and III. It also shows Mt. Elgon National Reserve, National Park and the environs (Annex IV).

6.2 In the Map, Chepyuk Phase I covers an area of 3,751.13 Hectares, Chepyuk Phase II covers 1,741.99 Hectares and Chepyuk Phase III covers 2865.49

Hectares. Consequently the area to be de-gazetted under this petition covers 4607 hectares.

- 6.3 The total area that would be de-gazetted under Chepyuk Settlement Phase I, II and III covers a total area of 8,358.54 Hectares. This translates to a loss of forest cover of 9% of the original gazetted Mt. Elgon Forest Reserve.

7.0 THE STATUS OF CHEPYUK SETTLEMENT SCHEME

- 7.1 Chepyuk settlement programme Phase I began in 1974 and was meant to settle the Elgonyi Dorobos.

- 7.2 The area that had been identified for this settlement programme was excised and officially made available for the settlement programme. It covered 3751.13 hectares from Mt. Elgon Forest Reserve.

- 7.3 Immediately after the adjudication exercise that was carried out by, the Department of Adjudication and Settlement within the Ministry of Lands, the beneficiary Dorobos sold off most of their parcels and returned to the Chepkitale Native Land Unit.

- 7.4 In 1989, there was an influx of squatters into the Scheme. They settled to the East and West of the legally excised and adjudicated area. These squatters have all along agitated for formalization of their settlement within the forest area. To date, these two areas have not been excised and therefore effectively remains part of the Mount Elgon Forest Reserve.

- 7.5 The need for extra land for settlement at Chepyuk has continued to increase over the years. It is clear that only 3,686 hectares have been officially excised for resettlement of Elgonyi Dorobos however, at present an extra 4,607 hectares have been settled on. These squatters need to be evicted if the settlement is not regularized.

- 7.6 Current assessment carried out by the Ministry of Lands and Physical Planning confirms that several Public Utilities have already been developed as detailed in Annex V attached herein.

8.0 ANALYSIS OF THE PROBLEM

The long standing controversy affecting Chepyuk Phase III is the Land ownership conflict between two clans of the Soy (Sabaot) and the Dorobo (Mosop). The genesis of this problem is as follows:

Yes

8.1 Since establishment of the Scheme, the Dorobo (Mosop) have been demanding equal consideration and share of the land allocation based on the justification that the greater Chepyuk Scheme was originally established to cater for them.

8.2 The available plots for allocation under Chepyuk Phase III were 1893.

8.3 These plots were then allocated as follows: 66 reserved for public utilities, 95 given to Laibons, 1732 given to Allotees.

8.4 The 1732 deserving applicants (Allotees) who were successful in allocation included 866 Soy (Saboot) and 866 Dorobos (Mosop).

8.5 Chepyuk Settlement Phase II and Phase III although fully allocated, the owners cannot be issued with title deeds because the area is still a forest reserve.

8.6 The inter clan clashes opened opportunity for genuine plot owners to be displaced by outsiders. The scheme has witnessed lot of murders, rape and lawlessness hampering development within the scheme.

8.7 Infrastructure and development within the scheme is very poor further aggravating the security situation.

9.0 CONCLUSION

9.1 The de-gazettement of Chepyuk Phase II and III shall provide the beneficiaries with secure land tenure. Current trend of poor land use practices will be minimized. Additionally, the prevalent trend of land speculation and encroachment into Forest Reserve shall be contained.

9.2 Illegal leasing resulting from eviction and occupation of public utility plots by the gangs operating in the area will come to an end.

9.3 De-gazettement of Chepyuk Phase II and III shall result to improvement of security of the region, spur development that shall lead to positive outcome on livelihood improvement.

9.4 All beneficiaries of the plots already have letters of offers from the Ministry of Lands and Physical Planning.

It is therefore my humble petition to the National Assembly to approve the variation of the boundaries of Mount Elgon Forest Reserve to exclude Chepyuk Phase II and III comprising of a total area of 4607 Hectares.

Dear

DEFACTO SETTLEMENT SCHEMES AND IRREGULARLY
ALLOCATED LAND WITHIN GAZETTED FOREST RESERVES

I refer to the Eighth Cabinet Meeting held on Tuesday, 22nd November, 2016 during which Cabinet Memorandum CAB(15)81 REV. jointly submitted by the Cabinet Secretary for Environment & Natural Resources; and the Cabinet Secretary for Lands & Physical Planning was presented and discussed.

I wish to inform you that Cabinet considered the Memorandum and;

- (i) Noted the contents of the Memorandum.

Anne

- (ii) Approved the de-gazettement of 1,241.5 hectares of Turbo Forest Reserve comprising of the Manzini Settlement Scheme in Uasin Gishu County.
- (iii) Approved the degazettement of 4,647 hectares of Mt Elgon Forest Reserve within Cheptais Forest Station comprising Chepyuk Settlement Scheme known as Phases II and III in Cheptais District in Bungoma County.
- (iv) Directed the Cabinet Secretary for Environment & Natural Resources to present the request to Parliament for approval to the de-gazette forest area under Chepyuk and Manzini Settlement Schemes.
- (v) Directed the Cabinet Secretary for Land & Physical Planning to undertake or cause to be undertaken EIA and Public Consultations on the 17 settlement schemes.
- (vi) Noted of the forest areas irregularly allocated and the recommendations.
- (vii) Directed the Cabinet Secretary for Environment & Natural Resources; and the Cabinet Secretary for Land & Physical Planning to take appropriate action.

Please proceed and take action as directed by Cabinet.

Yours

NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY (NEMA)

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT
ENVIRONMENTAL IMPACT ASSESSMENT LICENCE

This is to certify that the Project Report/Environmental Impact Assessment Study Report received from
PERMANENT SECRETARY, MINISTRY OF STATE FOR ADMINISTRATION & INTERNAL SECURITY (Name of individual/firm) P.O. BOX 30510-00100, NAIROBI (Address)

submitted to the National Environment Management Authority in accordance with the Environmental Impact Assessment & Audit Regulations regarding PROPOSED RESETTLEMENT PROGRAMME, CHEPYUK SETTLEMENT SCHEME PHASES II&III, MT. ELGON DISTRICT (title of project) whose objective is to carry on EXCISION AND DEGAZETEMENT OF CHEPYUK SETTLEMENT SCHEME FROM MT. ELGON FOREST

(briefly describe purpose) located at CHEPYUK LOCATION, EMIA LOCATION, KORSIRO DIVISION, MT. ELGON DISTRICT, WESTERN PROVINCE (locality and district)

has been reviewed and a licence is hereby issued for implementation of the project, subject to attached conditions.

Dated this 24TH day JAN of 2011

Signature

(SEAL)

As Director General
The National Environment Management Authority

CONDITIONS OF LICENCE

1. This licence is valid for a period of 24 MONTHS (time within which the project should commence) from the date

1. General Conditions

- 1.1. This approval is for resettlement of communities in Chepyuk Phase I & III only.
- 1.2. The proponent shall submit separate EIA reports for the proposed coffee and tea factories before commencement of works.
- 1.3. The license shall be valid for 24 months from the date of issue.
- 1.4. Without prejudice to the other conditions of this license, the proponent shall implement and maintain an environmental management system, organizational structure and allocate resources that are sufficient to achieve compliance with the requirements and conditions of this license.
- 1.5. The Authority shall take appropriate action against the proponent in the event of breach of any of the conditions stated herein or any contravention to the Environmental Management and Coordination Act, 1999 and regulations thereunder.
- 1.6. This licence shall not be taken as statutory defence against charges of pollution in respect of any manner of pollution not specified herein.
- 1.7. The proponent shall ensure that records on conditions of licenses/approval and project monitoring and evaluation shall be kept on the project site for inspection by NEMA's Environmental Inspectors.
- 1.8. The proponent shall submit an Environmental Audit Report in the first year of occupation/operation/commissioning to confirm the efficacy and adequacy of the Environmental Management Plan.
- 1.9. The proponent shall comply with NEMA's improvement orders throughout the project cycle.

2. Demarcation Conditions

- 2.1. The proponent shall ensure that the water catchments and water springs are delineated and protected before actual resettlement.
- 2.2. The proponent shall ensure that the riparian boundary is clearly demarcated and permanent recognisable beacons are placed at sufficient intervals to adequately represent the riparian boundary.
- 2.3. The proponent shall ensure that the County Council delineates and establishes adequate solid waste management mechanisms as per the Environmental Management and Coordination (Waste Management) Regulations 2006.
- 2.4. The proponent shall ensure that wildlife conservation measures as well as adequate mitigation for human wildlife conflict are in place.
- 2.5. The proponent shall ensure that the resettled community is adequately educated on appropriate farming methods and environmental conservation particularly spring protection, afforestation, soil conservation measures.
- 2.6. The proponent shall put up a project signboard as per the Ministry of Works Standards indicating the NEMA license number among other information.
- 2.7. The proponent shall ensure strict adherence to the provisions of Environmental Management and Coordination (Noise and Excessive Vibrations Pollution Control) Regulations 2009.
- 2.8. The proponent shall ensure strict adherence to the Occupational Safety and Health Act (OSHA) 2007.

2.9. The proponent shall ensure that construction workers are provided with adequate personal protection equipment (PPE), sanitary facilities as well as adequate training.

2.10. The proponent shall ensure strict adherence to the Environmental Management Plan developed throughout the project cycle.

2.11. The proponent shall ensure that the development adheres to zoning specifications issued for development of such a project within the jurisdiction of County Council of Mt Elgon with emphasis on approved land use for the area.

3. Operational Conditions

3.1. The proponent shall ensure that adequate measures are in place to stop any further encroachment of the Mt Elgon Forest.

3.2. The proponent shall ensure that all waste water is disposed as per the standards set out in the Environmental Management and Coordination (Water Quality) Regulations 2006.

3.3. The proponent shall ensure that rain water harvesting facilities are provided to supplement surface and ground water.

3.4. The proponent shall ensure that all equipment used are well maintained in accordance with the Environmental Management and Coordination (Noise and Excessive Vibration Pollution Control) Regulations 2009.

3.5. The proponent shall ensure that all solid waste is handled in accordance with the Environmental Management and Coordination (Waste Management) Regulations 2006.

3.6. The proponent shall ensure that all workers are well protected trained as per the OSHA, 2007

3.7. The proponent shall comply with the relevant principal laws, by-laws and guidelines issued for development of such a project within the jurisdiction of Kenya Forest Services, Kenya Wildlife Service, Ministry of Public Health and Sanitation, Ministry of Lands, Ministry of Forestry and Wildlife, Ministry of Agriculture, Provincial Administration, Water Resources Management Authority and other relevant Authorities.

3.8. The proponent shall ensure that environmental protection facilities or measures to prevent pollution and ecological deterioration such as water catchment and spring protection works, appropriate farming methods, riparian reserve conservation, wildlife protection and conservation are designed, constructed and employed simultaneously with the proposed project.

4. Notification Conditions

4.1. The proponent shall ensure that the Authority is notified of any attempts to encroach into the forest.

4.2. The proponent shall seek written approval from the Authority for any operational changes under this licence

4.3. The proponent shall ensure that the Authority is notified of any malfunction of any system within 12 hrs on the NEMA hotline 020 6006041 and mitigation measures put in place

4.4. The proponent shall keep records of all pollution incidences & notify the Authority within 24 hrs.

5. Decommissioning Conditions

- 5.1. The proponent shall ensure that a decommissioning plan is submitted to the Authority for approval at least three (3) months prior to decommissioning
- 5.2. The proponent shall ensure that all pollutants and polluted material is contained and adequate mitigation measures provided during the phase.

Variation of boundaries or revocation of public forests

- (1) Any person may petition the National Assembly or the Senate, for the variation of boundaries of a public forest or the revocation of the registration of a public forest or a portion of a public forest.
- (2) A petition under subsection (1) shall demonstrate that the variation of boundaries or revocation of the registration of a public forest or a portion of a public forest does not—
 - (a) endanger any rare, threatened or endangered species; or
 - (b) adversely affect its value as a water catchment area; and prejudice biodiversity conservation, cultural site protection of the forest or its use for educational, recreational, health or research purposes.
- (3) A petition made under subsection (1) shall be considered in accordance with the provisions of the Petitions to Parliament (Procedure) Act and the Standing Orders of the relevant House.
- (4) The Cabinet Secretary shall, within thirty days of the petition being committed to the relevant Committee, submit a recommendation on whether the petition should be approved subject to—
 - (a) the petition being subjected to an independent Environmental Impact Assessment; and
 - (b) public consultation being undertaken in accordance with the Second Schedule.
- (5) If the relevant Committee, reports that it finds that the petition—
 - (a) does not disclose a ground for the variation of the boundaries of a public forest or the revocation of the registration of a public forest or a portion of a public forest, no further proceedings shall be taken; or
 - (b) discloses a ground for the variation of the boundaries of a public forest or the revocation of the registration of a public forest or a portion of a public forest, the National Assembly or the Senate shall vote on whether to approve the recommendation.
- (6) If the resolution under subsection (5)(b) is supported by a majority of the members of the National Assembly or the Senate, present and voting, the Cabinet Secretary shall publish a notice in the *Gazette*.

The nominees should bring along their original academic and professional certificates, National Identification card and other relevant documents and testimonials. In addition, the nominees should bring letters/certificates of clearance/compliance from the following:-

1. Ethics and Anti-Corruption Commission,
2. Kenya Revenue Authority,
3. Higher Education Loans Board,
4. Directorate of Criminal Investigations, and;
5. Any of the Credit Reference Bureaus.

MICHAEL R. SIALAI, EBS
CLERK OF THE NATIONAL ASSEMBLY

REPUBLIC OF KENYA

NATIONAL ASSEMBLY TWELFTH PARLIAMENT – SECOND SESSION

In the Matters of Approval by the National Assembly of persons nominated for appointment as Principal Secretaries and Ambassadors/ High Commissioners

SUBMISSION OF MEMORANDA

Pursuant to Article 155(3)(b) of the Constitution, H.E. the President shall nominate and with the approval of the National Assembly, appoint Principal Secretaries. Further, pursuant to Article 132(2)(e) of the Constitution, H.E. the President shall nominate and with the approval of the National Assembly, appoint High Commissioners, Ambassadors, and Diplomatic and Consular Representatives.

Pursuant to the said Articles, H.E. the President has nominated the following two (2) persons for appointment as Principal Secretaries and nine (9) persons for appointment as High Commissioners and Ambassadors to the respective Ministries and Missions as indicated below:-

No.	MINISTRY	NOMINEE
1.	Ministry of Public Service, Youth & Gender Affairs State Department – Youth	Dr. Francis O. Owino
2.	Ministry of Transport, Infrastructure, Housing, Urban Development & Public Works State Department – Transport	Ms. Esther Koimett
HIGH COMMISSIONERS/AMBASSADORS		KENYA MISSION
1.	Ms. Sarah Serem	China
2.	Lt. Gen. Samuel Thuita	Israel
3.	Mr. Francis Ndegwa Muhoro	Malaysia
4.	Mr. Manohar Esipisu	United Kingdom
5.	Hon. Paddy Ahenda	Qatar
6.	Amb. Peter Nicholas Oginga Ogego	Saudi Arabia
7.	Mr. Johnson Kimani Ondieki	Turkey
8.	Mr. Chris Karumba Mburu	Juba, South Sudan
9.	Hon. Benjamin Langat	Namibia

Following the receipt of the nominations from H.E. the President, the Departmental Committees on Transport, Public Works & Housing; Labo & Social Welfare; and Defence & Foreign Relations are mandated pursuant to Standing Order 216(5)(f) to vet, consider their suitability for appointment to their respective positions and submit their reports to the House for approval.

Pursuant to Section 6(9) of the Public Appointments (Parliamentary Approval) Act, 2011, the respective Departmental Committees now invite interested members of the public to submit any representations by written statement on oath (affidavit) with supporting evidence contesting the suitability of the said nominees for appointment as Principal Secretaries and High Commissioners/Ambassadors for their respective Ministries and Missions. The representations may be forwarded to the Clerk of the National Assembly, P.O. Box 41842-00100, Nairobi; hand-delivered to the Office of the Clerk, Main Parliament Building, Nairobi; or emailed to clerk@parliament.go.ke to be received on or before Wednesday, 1st August, 2018 at 5.00 pm.

MICHAEL R. SIALAI, EBS
CLERK OF THE NATIONAL ASSEMBLY

OFFICE OF THE GOVERNOR

PUBLIC NOTICE

INTENTION TO PLAN PREPARATION OF KILIMANI LOCAL PHYSICAL DEVELOPMENT PLAN

Pursuant to Article 6, 10 (2), 60,66,67,184,186 and the Fourth Schedule of the Constitution of Kenya 2010, the National Land Commission Act, County Government Act, Urban Areas and Cities Act, Physical Planning Act, and other enabling legislations, Notice is hereby given that the Nairobi City County Government is in the process of preparing a Local Physical Development Plan (LPDP) for Kilimani area, which is located within zone 4 of the Nairobi Planning development Zones. This is one of the detailed area plans being prepared to enforce implementation of the Nairobi Integrated Development Master Plan (NIUPLAN 2014). The LPDP will entail review of the existing policy for the area to ensure up to date development policy to guide development of the area.

In this regard, it is a constitutional and statutory requirement that residents, stakeholders and members of the general public participate in the plan preparation process.

Any persons or institutions that wishes to participate in or has comments on the planning process can reach or may forward any such comments to:

PETER KARIUKI, EBS
COUNTY SECRETARY & HEAD OF COUNTY PUBLIC SERVICE
NAIROBI CITY COUNTY
P.O.BOX 30075-00100
G.P.O NAIROBI.

REPUBLIC OF KENYA

NATIONAL ASSEMBLY TWELFTH PARLIAMENT – SECOND SESSION

In the matter of consideration by the National Assembly - Petition regarding variation of the boundaries of Mt. Elgon Forest Reserve

SUBMISSION OF MEMORANDA

Article 118(1) (b) of the Constitution provides that, "Parliament shall facilitate public participation an involvement in the legislative and other business of Parliament and its Committees". Further, Article 119(1) of the Constitution provides that, "every person has a right to petition Parliament to consider any matter within its authority, including to enact, amend or repeal any legislation".

The Petition regarding variation of the boundaries of Mt. Elgon Forest Reserve was presented to the House by the Hon. Speaker of the National Assembly pursuant to Standing Order 225(2) on 5th Jul 2018. The petition is signed by Mr. Keriko Tobiko, Cabinet Secretary for Environment & Forestry and Mr. Farida Karoney, Cabinet Secretary for Lands on behalf of the Executive.

The Petition was subsequently committed jointly to the Departmental Committee on Lands and the Departmental Committee on Environment & Natural Resources for consideration pursuant to Standing Order 227(1). The Executive is seeking the approval of the National Assembly for the alteration of the boundaries of Mt. Elgon Forest Reserve pursuant to the provisions of section 34 of the Forest Conservation and Management Act, 2016. The two State Agencies intend to degazette 4,60 hectares comprising of Phase II and III of Chepyuk Settlement Scheme in Mt. Elgon Forest Reserve within Cheptais Forest Station in Bungoma County. The purpose of the degazettement is to resettlement the Soy (Sabao) and Dorobo (Mosop) communities in the area to resolve historical injustices, reduce security conflicts and spur local development.

Pursuant to Article 118(1)(b) of the Constitution, the said Committees invite interested members of the public to submit any representations they may have on the said petition. The representations may be forwarded to the Clerk of the National Assembly, P.O. Box 41842-00100, Nairobi; hand-delivered to the Office of the Clerk, Main Parliament Buildings, Nairobi; or emailed to clerk@parliament.go.ke to be received on or before Wednesday 1st August, 2018 at 5.00 pm.

Our Ref: Parliament/2018/1

The Clerk of the National Assembly,
Parliament Buildings,
P.O. Box 41842 – 00100,
Nairobi.

Dear Sir,

RE: REQUEST FOR A MEETING WITH THE JOINT DEPARTMENTAL COMMITTEE ON LAND AND
DEPARTMENTAL COMMITTEE ON ENVIRONMENT AND NATURAL RESOURCES

Our attention was drawn to the advertisement on the 26th July, 2018 on the Daily Nation by parliament on a petition regarding Variation of boundaries of Mt. Elgon Forest Reserve.

After perusing the petition, we realized that it raises weighty issues touching on the general land rights of the Ogiek/Dorobo community especially the reference to Chepkitale. It however completely misses the point on the historical land dispossession of the community with the possibility of undermining their quest to address the said historical land dispossession now and in the future.

Chepkitale Indigenous Peoples Development Project (CIPDP) being an NGO for the community and having worked with the community since inception in 2003, would like to meet the committee and help the members in appreciating the general historical land injustices of the community being one of the reasons that has been used to justify the variation of the boundary of Mt. Elgon forest.

Being a very sensitive issue, we have had to consult widely albeit the short notice and together with our memorandum and this letter, here attached, are the signatures of community members who are in agreement with this submission.

We look forward to seeing you soon and helping the committee arrive at an accurate and informed decision on the matter.

Sincerely yours,

Prof. Johnson Changeiywo

Chairman, CIPDP

Mr. Leonard Machira

Subject: Degazettement of mt. Elgon forest

Dear sir/madam,

Following the advertisement on daily papers on public participation on the degazettement of mt Elgon forest, i wish to pose my concern requesting members of parliament to consider this matter with highest dignity.

the residents have been living in the forested place since 1971. former and founding president mzee Jomo Kenyatta then was the president and after a request from then the member of parliament te late Daniel moss, to settle ogiek/ Ndorobo and the soy having been evicted from kaptekaa land to the border of Uganda.

My humble plea is that the degazettement of the forest be done to minimize or do away with frequent insecurity cases experienced always due to land injustices. We think and believe with the 4096ha will solve our problems.

we sincerely appreciate your generous considerations.

kind regards,
Elijah kipkorir kaibei

Dear Sir,

RE: ASKING TO MEET DEPARTMENTAL COMMITTEES ON LAND AND ENVIRONMENT AND NATURAL RESOURCES

I am writing this letter on behalf of the Ogiek/Dorobo Community as the Secretary of the council of elders of all the clan chairmen of the Ogiek/Dorobo community of Mt. Elgon. This is a follow up to the council's meeting on 29th July, 2018 at Chepyuk.

Being the **right stakeholders of Chepyuk** as even alluded by the petition, and this issue having a direct effect to our community for generations to come, we would like to meet the committee to shed more light on the resolutions here attached with this letter that also serves as our written memorandum as per the advertisement on 26th April, 2018.

We look forward to seeing you soon and helping the committee arrive at an accurate and informed decision on the matter.

Yours,

Mamoss Simotwo Maru

(2)

Against one another for Political gain.

(b) We Strongly Affirm That Chepkitale Community land remains Ogik Community Property for the Past, Present and future generations. We do not agree at all with the allegations on the Petition that it was an Exchange for Chepyuk. How could we discuss the exchange of our own Ancestral land!

(c) The Joint Committee to take note of our two Court Cases, one in Kitale High Court, on the 'Clandestine gazetment of Chepkitale as a Game reserve and the other on the attempted evictions case in the Land and Environment Court in Bungoma.

(d) The Joint Committee should take of our Historical Land Injustices, Petition that is before the National Land Commission. We ask the Committee to ask the National Land Commission to expedite our Petition as a matter of priority and if possible to run with this Process.

(2)

(b) We Strongly Affirm that Chepkitale Community land remains Ogik Community Property for the Past, Present and future generations. We do not agree at all with the allegations on the Petition that it was an Exchange for Chepyuk. How could we discuss the exchange of our own ancestral land!

(c) The Joint Committee to take note of our two Court Cases, one in Kitale High Court, on the clandestine gazette of Chepkitale as a game reserve and the other on the attempted evictions case in the Land and Environment Court in Bungoma.

(d) The Joint Committee should take of our Historical Land Injustices, Petition that is before the National Land Commission. We ask the Committee to ask the National Land Commission to expedite our petition as a matter of priority and if possible to run with this process.

(3)

(e) We want also to bring to the attention of the joint Committee a lot of discrepancies on the joint petition that really misrepresent issues in many cases negatively and to the disadvantage of our community members. An example is on paragraph 2.4 which wrongly put the percentage of the allocations of the Ogiké/Dorobó to the Sabat in Chapyuk Phase II 60%:40% and Phase III is 50%:50%. There is no mention of the land that was bought in Trang Xgoia due to the recommendations of the Duko Task Force (Kap Hama) that went 0% to the Ogiké/Dorobó and 100% to the Sabat. We will deal more on these issues in our proposed face-to-face meeting.

(f) We would like the joint Committee to visit Chapyuk and Chephitale to familiarize themselves with the two areas and meet the Ogiké Community members or their representatives for face-to-face meeting.

(3)

(e) We want also to bring to the attention of the joint Committee a lot of discrepancies on the joint petition that really misrepresent issues in many cases negatively and to the disadvantage of our community members. An example is on paragraph 2.4 which wrongly put the percentage of the allocations of the Ogiké/Dorobó to the Sabat in Chepyuk Phase II 60%:40% and Phase III is 50%:50%. There is no mention of the land that was bought in Trang Xgoia due to the recommendations of the Duko Task Force (Kap Hamau) that went 0% to the Ogiké/Dorobó and 100% to the Sabat. We will deal more on these issues in our proposed face-to-face meeting.

(f) We would like the joint Committee to visit Chepyuk and Chephitale to familiarize themselves with the two areas and meet the Ogiké Community members or their representatives for face-to-face meeting.

(4)

(6) We Carefully therefore ask the Joint Committee that Chapuk was not a scheme until 1989. Its history was to settle Ogik/Dorobo on their part of the Community forest to grow crops for food, allocating them with 15 acres to 50 acres, depending on the size of individual family. This was reshaped in 1989 and made the area a Settlement Scheme that brought this land to problem.

(7) There are Settlements in this country where people are settled from different Communities. Do the people lose their ancestral lands? Not at all.

(8) Ogik/Dorobo are the minority and marginalised community in the Sabote and in Mt. Elgon Sub County and Bungoma County at large, therefore in the resource sharing is a problem. This is because of no representation in various avenues of sharing. We request the Committee to look into this on their findings.

(4)

(6) We Carefully therefore ask the joint Committee that Chepyuk was ~~not~~ a scheme until 1989. Its history was to settle Ogiek/Dorobo on their part of the Community forest to grow crops for food, allocating them with 15 acres to 50 acres depending on the size of individual family. This was reshuffled in 1989 and made the area a Settlement Sells that brought this land to problem.

(7) There are Settlements in this Country where people are settled from different Communities. Do the people lose their ancestral lands? Not ^{at} all.

(8) Ogiek/Dorobo are the minority and marginalised community in the Sabote and in Mt. Elgon Sub County and Bungoma County at large, therefore in the resource sharing is a problem. This is because of no representation in various avenues of sharing. We request the Committee to look into this on their findings.

(d) Criminal Actives by the Saboteurs in Chapyuk Settlement Scheme ranging from threats Killings, theft and threatening other members of different Communities aimed at gaining favour from Government which ends at them winning in land acquisition. The joint Committee is asked carefully to see the fact surrounding Phase III and the idea of having Chozokwo degassed that is in their pipeline plans.

(K) In Conclusion, with the power given to us by the Dgik/Dondzo Community, wish to forward our Memo to Land & Environment Select Committee on the day of 1st August 2018. Appended herein, find the list of members who attended.

Our Ref: Parliament/2018/1

The Clerk of the National Assembly,
Parliament Buildings,
P.O. Box 41342 - 00100,
Nairobi.

Dear Sir,

RE: REQUEST FOR A MEETING WITH THE JOINT DEPARTMENTAL COMMITTEE ON LAND AND
DEPARTMENTAL COMMITTEE ON ENVIRONMENT AND NATURAL RESOURCES

Our attention was drawn to the advertisement on the 26th July, 2018 on the Daily Nation by parliament on a petition regarding Variation of boundaries of Mt. Elgon Forest Reserve.

After perusing the petition, we realized that it raises weighty issues touching on the general land rights of the Ogiek/Dorobo community especially the reference to Chepkitale. It however completely misses the point on the historical land dispossession of the community with the possibility of undermining their quest to address the said historical land dispossession now and in the future.

Chepkitale Indigenous Peoples Development Project (CIPDP) being an NGO for the community and having worked with the community since inception in 2003, would like to meet the committee and help the members in appreciating the general historical land injustices of the community being one of the reasons that has been used to justify the variation of the boundary of Mt. Elgon forest.

Being a very sensitive issue, we have had to consult widely albeit the short notice and together with our memorandum and this letter, here attached, are the signatures of community members who are in agreement with this submission.

We look forward to seeing you soon and helping the committee arrive at an accurate and informed decision on the matter.

Sincerely yours,

Prof. Johnson Changeiywo

Chairman, CIPDP

Mr. Leonard Machira
Ms. Esther Ngingo

Pls. TNA. 3/8/2018

7. Address the Teldet land question of the Ogiek/Dorobo Community
8. Provide compensation for property destroyed and human rights violations that have directly or indirectly resulted from community's quest for restoration of our land rights and the government's resolve to deny the same

(c) How is the Community addressing these Historical land Injustices?

It is good to bring to the attention of the members of this joint committee the following:

1. The Historical Land Injustices claim to the National Land Commission (Claim reference Number NLC/HLI/198/2018) also annexed to this memorandum.
2. The Community has been battling the gazettment of Chepkitale Community Land as a Game reserve since 2008 in Kitale high court (Kitale High Court Civil Suit No. 109 of 2008)
3. Bungoma High Court ELC petition 1 of 2017

(d) What are the concerns of the Ogiek/Dorobo Community on the petition to the Parliament?

1. In the petition Paragraph 2.0 and 2.1, the reference to colonial tools of oppression e.g. proclamation 44 of 30th April, 1932 which rendered almost all the Ogiek/Dorobo community's land as a protected forest reserve (which includes the now Chepyuk in question) and the 1939 ordinance Vol. XXII which recognized a tiny bit of the communities ancestral lands as if they were good decisions; while in actual sense are the basis of historical land injustices we must confront. **It is worth noting that there were a lot of forceful evictions during this time as a result of the introduction of these colonial boundaries.** The community has never accepted these boundaries and that is why the community launched historical land injustices with the National Land Commission as indicated above.
2. In the petition Paragraph 2.2, a claim is made that there was a purported exchange of the last remaining legally owned ancestral lands of the Ogiek community with some parts of their lands that the community was disposed by the colonial government as explained above. How can one exchange his own property with one that had been forcefully taken away from him? It must be known that trust lands (Chepkitale trust land included) were protected under the constitution of Kenya and trust land Act. The legal notice referred to (51 of 22nd January, 1974) annexed together with this petition could not have changed the ownership of our ancestral lands. If indeed the area was too cold for the community and the community was willing to "exchange" why is it that the community has never accepted to abandon Chepkitale and have always resisted attempted evictions as enumerated by the Historical Land Injustices claim document? The reason why this narrative is so strong out there is because those "local leaders" purporting to speak on behalf of the Ogiek/Dorobo community are the same people from the Sabaot community that have been dispossessing the

Memorandum to National Assembly on the matter concerning variation of the Boundaries of Mt Elgon Forest Reserve by Chepkitale Indigenous Peoples Development Project (CIPDP).

(a) Introduction

Our attention has been drawn by a call for submission of memoranda as regards the variation of the boundaries of Mt Elgon Forest to enable the issuance of titles for Chepyuk Settlement Scheme phase (II) and (III). In their petition to Parliament, the Cabinet Secretaries for Lands and that of Environment and Forestry respectively have given the intents and background to the settlement program.

In the petition to parliament, the two cabinet secretaries justify the degazettment of Chepyuk phase II and III for settlement for the following reasons: (i) resolve historical land injustices (ii) reduce security conflict (iii) spur economic development.

While we know that the cause of insecurity in Mt. Elgon is the **politics of criminality**, the land issue of Chepyuk has always been used as an excuse and hence justifiable as well as economic development in the sense that with security, development would result. We however have a big problem and **strongly disagree** with the claim that this will address the Ogiek/Dorobo community's historical land injustice. In fact, it has the opposite effect of jeopardizing and being used as an excuse to justify the Ogiek/Dorobo community's genuine land grievances.

(b) What are the historical land injustices of the Ogiek/Dorobo Community?

The summary of the historical injustices of the Ogiek/Dorobo Community are contained in the complaint already filed with the National Land Injustices under **Claim reference Number NLC/HLI/198/2018 (Annex I)** that was filed on the 13th February, 2018. In it, the community asked the commission to address the following:

1. Help to fully resolve issues still outstanding in having Chepkitale registered as a Community Land with a community title.
2. Implement the provisions of constitution of Kenya 2010 art. 63(2)(d)(ii) relevant to our community
3. Implementation of the National Land Policy art. 3.6.6 relevant to our community
4. Support the community on its pursuit to establish formal partnerships with the government agencies tasked with protecting Mt. Elgon ecosystem in its quest to conserve Mt. Elgon forests which is in its ancestral land as community forests.
5. Address the community's dispossession of land that became "white highlands" and the same going to private hands or public institutions after independence
6. Address the issue of Chepyuk once and for all so that our community members resident in this area are not victims of drummed up violence, year in, year out.

community, hence did not have any attachment with Chepkitale. In effect, the independence government seem to have attempted to take away the little that the colonial government left for us!

3. The genesis of Chepyuk was as a result of the colonial government thinking of setting a site an area within the forest were the Ogiek/Dorobo community could plant cereals as the same could not be done in Chepkitale after experimentation by colonial administrators due to the numerous bouts of hunger. This is well enumerated in our historical land injustices petition to the National Land Commission **and anything else is misleading**. The Sabaot community had their own ancestral lands.
4. In the petition Paragraph 2.6, there is a claim that the Chepkitale was to be vacated by the community. The truth is that the government (right from colonial government) has always wanted to evict the community from their ancestral lands as evident from the numerous attempted evictions. It is also worth noting that Chepkitale has always been managed by the community using its customary bylaws. There are restrictions on what the community members practice for livelihoods and that is why this area is still as forested as it has been for centuries. The community has always worked with Kenya Wildlife Service especially in cubing elephant poaching through community scouts and cooperation of the community. **It is a model that the government need to support rather than see it as a threat to conservation.**
5. In the petition Paragraph 7 should detail how political interference has caused suffering to the Dorobo/Ogiek community. In the initial allocation list of 1972, there were already powerful members of the Sabaot community who benefited from large allocations of Chepyuk land, not by buying. The Sabaot have had the numbers to control politics all the way from members of parliament, councillors and Chiefs who were running the show. This to a large extend has been the course of interference to the land issues bedevilling Chepyuk to date. The reports written by "these so called leaders" as they were and still are able to influence or "be consulted "have ended up to the official government records, some of which could have been used to write this petition. How else could perpetrators self incriminate themselves? The issue of some Dorobo selling their lands was after the living conditions became unbearable especially from powerful Sabaot community (emergence of SLDF). SLDF did not emerge is 2005 (when it went public) as many belief, it had been an underground movement for many years. In addition, there were many incidents of drummed up charges in the name of of cattle rustling against members of the Ogiek/Dorobo community.
6. The committee should consider that the constitution of Kenya, article 67(2)(e) mandates the National Land Commission to address issues of historical land injustices and NOT the Cabinet.
7. The constitution of Kenya article 63(2)(d)(ii) classify ancestral lands and lands traditionally occupies by hunter gatherer communities as community lands hence there is need to use the Community Land Act as basis of degazettment and not the Forest Conservation and Management Act.

8. During colonial era and after independence, Chepyuk was meant for the food production of the Ogiek/Ndorobo. The Sabaot community had their own ancestral lands. The emergence of the Sabaot to be settled has been pushed by politicians for their own political survival at the detriment of the Dorobo/Ogiek community. The current proposal by the Ministries has the possibility to encouraging politics of brutality as it is being seen as rewarding the use of criminal behavior. It is unfair to settle the Sabaot warlords and their followers amongst the Ogiek/Dorobo without acknowledging their brutality.

(e) Recommendations

1. Consider the legal implications of article 63(2)(d)(ii) of the constitution of Kenya
2. Take note of the legal cases already in progress instituted by the Ogiek/Dorobo community
3. Take note of the Historical Land Injustices complaint already launched by the Ogiek/Dorobo Community
4. There is need to consider the possible long term repercussions of the action proposed by the petition including the possibility of politicians using brutal actions including supporting criminal gangs as this action will make a precedence. There is need to have government supported programs for example a possibility of the Ogiek/Dorobo lands being consolidated as community land and registered as such to discourage possibility of displacement through unorthodox actions by neighbors because the it will be known that the land belongs to the community and cannot be sold.
5. The Ogiek/Dorobo community is supporting gazzettment not because they like it, but the community is fed-up with the unending land issue of Chepyuk which is normally used as an excuse to perpetuate incidents of insecurity in Mt. Elgon by politicians.

Our humble prayers is that this time round, parliament should not ignore issues that have been raised but take pragmatic decision of standing up with the most marginalised community in the country. Parliament must set a precedence that is fair, legal and makes its work easier in future.

1. The Ogiek Community of Mt. Elgon

Introduction

- ☐ The Ogiek of Mt Elgon have lived across the whole of the vast swathe of moorland and forests of Mt. Elgon region since time immemorial, crisscrossing the current Bungoma and Tans-Nzoia Counties.
- ☐ They have been historically and traditionally acknowledged as the established, minority, hunter gatherer community, who turned semi-pastoralists. Today the population in their age-old home ground of Chepkitale numbers about 6,000. A sizable population is based in Chepyuk and other community members are scattered in Trans Nzoia County.
- ☐ The community has been called different names by different communities e.g. the present day Sabaot call them "*Mosohishek*," the Maasai referred to them as "*Dorobo*," the Bukusu as "*Patono*" and the colonial government referred to them as the *El Konyi* or Dorobo.
- ☐ The Ogiek peoples of Mt. Elgon have been ignored, their plight overlooked, and their very existence endangered in many ways as a result of mendacity or inaction on the part of successive local and national leaders. The adverse effects of being ignored or marginalized range from land dispossession, social disruption, economic enfeeblement, human rights abuses to widespread loss of life.

Pre-colonial:

- ☐ The Ogiek of Mt. Elgon used to roam in the whole of the present day forested areas of Mt. Elgon traversing Bungoma and Trans-Nzoia counties from time immemorial. This comprises the present day Mt. Elgon forest reserve and Chepkitale Community land (Chepkitale Game Reserve) in Bungoma County and in Trans-Nzoia County; it comprised Mt. Elgon National Park, Mt. Elgon Forest Reserve and a stretch below the two protected areas that were made white highlands by the colonial government.
- ☐ The Ogiek community comprise of the three sub-nations referred to as '*pororjoshiek*', that is the sub-nations of *Kabeywa*, *Keberer* and *Chepokos*. Each of the three sub nations comprised several clans and each clan owned their own territories. There were and are still numbering a total of 32 clans. The community was totally devastated by the colonial administration on its quest for land for colonial settlers and setting some aside for forests, the effects of this land dispossession has not been addressed adequately to date.

- ☐ The Ogiek community was part of the Kony nation. The lower Kony sub-nations who were the neighbors of the Ogiek were the *Psaartuk, Kiborit and Kamatinbai*. The other neighbors were the *Sengwer* in Kenya and the *Sebei/Sapiny and Bagishu* in Uganda.
- ☐ The boundaries of the Kony sub-nations was negotiated and agreed on during discussions at "*Kaituah Letook*" (point of interest number 16 on the ancestral lands map of the Ogiek community). This is the current day Kaptalelio sub-location near Kaptalelio primary school in Mt. Elgon sub-county of the Bungoma County.
- ☐ The word Ogiek is a Kalenjin word literally referring to their cousins living in forested areas. In Kenya the Ogiek have been nicknamed '*Ndorobo*' or '*Dorobo*', a derogatory term derived from the word '*iltorobo*' which means 'poor people who cannot afford cattle' in Masai (Sang 2001, p.114; Kamau 2000, chap.1; Dowie 2009, p.184; Médard 2010, p.20). According to a report by Sang (2001) written for the Forest Peoples Programme, "the Ogiek are the last remaining forest dwellers and the most marginalised of all indigenous peoples and minorities in Kenya" (Sang 2001, p.114). They are traditionally honey gatherers, who depend on bee keeping, game hunting and forest products for their survival. However, at the turn of the 18th Century, the Chepkitale Ogiek of Mt Elgon, combined their traditional way of life with livestock rearing, becoming hunter/ gatherers as well as pastoralists (MRG 2008; Ecoterra Intl 2004)

During the Colonial Era:

- ☐ Before the British colonized Kenya the Chepkitale Ogiek used to traverse Mt Elgon with their cattle between lowland forests, high moorlands and high forests. The arrival of the British Colonial administration in 1895 began the gradual dispossession of the Chepkitale Ogiek from their ancestral lands. The denial or restriction of access to either the lowland or highland forests or high moorlands was through: land seizure by white settlers (Simiyu 2008, p.13); the establishment of plantations (Sang 2001, p.115); the setting up of logging companies (Mwangi 1998, p.4); the denial of tribal status (Dowie 2009); the creation of exclusionary forestry laws (Towett 2004); forced evictions and resettlement schemes (Simiyu 2008; Soini 2006; Médard 2010)
- ☐ The ancestral lands of the Ogiek community of Mt. Elgon were therefore converted to Crown land (Forest reserves, present day Mt. Elgon Forests and the National Park) and a small part which was considered by the colonialists unproductive (the moorlands up above the forest belt of Mt. Elgon) set aside for the Ogiek of Chepkitale as Chepkitale Native Reserve (1932), refer to the Carter commission report of 1932.

THE FORESTS ACT

(Cap. 385)

MOUNT ELGON FOREST—ALTERATION OF BOUNDARIES

IN EXERCISE of the powers conferred by section 4 (1) of the Forests Act, the Minister for Natural Resources hereby declares that the boundaries of the Mount Elgon Forest shall be altered so as to exclude the area described in the Schedule hereto.

SCHEDULE

An area of land of approximately 3,686 hectares lying within and adjoining the southern boundary of Mount Elgon Forest, situated approximately 26.6 kilometres north of Bungoma Town, in the Bungoma District, Western Province, the boundaries of which are more particularly delineated, edged red on Boundary Plan No. 175 of 1968, which is signed and deposited in the Survey Records Office, Survey of Kenya, Nairobi and a copy of which may be inspected at the office of the Divisional Forest Officer, Forest Department, Kitale.

Dated this 22nd day of January, 1974.

W. O. OMAMO,

Minister for Natural Resources

6. Laban Kiprotich ID 28693572 
7. Fred Kibicho ID 10719802 

1. The Ogiek Community of Mt. Elgon

Introduction

- ▣ The Ogiek of Mt Elgon have lived across the whole of the vast swathe of moorland and forests of Mt. Elgon region since time immemorial. crisscrossing the current Bungoma and Tans-Nzoia Counties.
- ▣ They have been historically and traditionally acknowledged as the established, minority, hunter gatherer community, who turned semi-pastoralists. Today the population in their age-old home ground of Chepkitale numbers about 6,000. A sizable population is based in Chepyuk and other community members are scattered in Trans Nzoia County.
- ▣ The community has been called different names by different communities e.g. the present day Sabaot call them "*Mosohishek*," the Maasai referred to them as "*Dorobo*," the Bukusu as "*Patono*" and the colonial government referred to them as the *El Konyi* or Dorobo.
- ▣ The Ogiek peoples of Mt. Elgon have been ignored, their plight overlooked, and their very existence endangered in many ways as a result of mendacity or inaction on the part of successive local and national leaders. The adverse effects of being ignored or marginalized range from land dispossession, social disruption, economic enfeeblement, human rights abuses to widespread loss of life.

Pre-colonial:

- ▣ The Ogiek of Mt. Elgon used to roam in the whole of the present day forested areas of Mt. Elgon traversing Bungoma and Trans-Nzoia counties from time immemorial. This comprises the present day Mt. Elgon forest reserve and Chepkitale Community land (Chepkitale Game Reserve) in Bungoma County and in Trans-Nzoia County; it comprised Mt. Elgon National Park, Mt. Elgon Forest Reserve and a stretch below the two protected areas that were made white highlands by the colonial government.
- ▣ The Ogiek community comprise of the three sub-nations referred to as '*pororoyoshiek*', that is the sub-nations of *Kabeywa*, *Keberer* and *Chepokos*. Each of the three sub nations comprised several clans and each clan owned their own territories. There were and are still numbering a total of 32 clans. The community was totally devastated by the colonial administration on its quest for land for colonial settlers and setting some aside for forests, the effects of this land dispossession has not been addressed adequately to date.
