I. KEY CONSTITUENCY INFORMATION AND MANAGEMENT

(a) Background information

The National Government Constituencies Development Fund (NG-CDF) (hereafter referred to as the Fund) formerly Constituencies Development Fund (CDF), is a fund established in 2003 through an Act of Parliament, the Constituencies Development Fund Act, 2003. The Act was later reviewed through the enactment of the CDF (Amendment) Act 2007, and repealed through CDF Act, 2013. The latter was subsequently succeeded by the current NG-CDF Act, 2015. At cabinet level, NG-CDF is represented by the Cabinet Secretary for Devolution, who is responsible for the general policy and strategic direction of the Fund.

Mandate

The mandate of the Fund as derived from sec (3) of NG-CDF Act, 2015 is to:

- a) Recognize the constituency as a platform for identification, performance and implementation of national government functions;
- b) Facilitate the performance and implementation of national government functions in all parts of the Republic pursuant to Article 6(3) of the Constitution;
- c) Provide for the participation of the people in the determination and implementation of identified national government development projects at the constituency level pursuant to Article 10(2)(a) of the Constitution;
- d) Promote the national values of human dignity, equity, social justice, inclusiveness, equality, human rights, non-discrimination and protection of the marginalized pursuant to Article 10 (2) (b) of the Constitution;
- e) Provide for the sustainable development of all parts of the Republic pursuant to Article 10 (2) (d) of the Constitution;
- f) Provide a legislative and policy framework pursuant to Article 21 (2) of the Constitution for the progressive realization of the economic and social rights guaranteed under Article 43 of the Constitution;
- g) Provide mechanisms for the National Assembly to deliberate on and resolve issues of concern to the people as provided for under Article 95 (2) of the Constitution;
- h) provide for a public finance system that promotes an equitable society and in particular expenditure that promotes equitable development of the country by making special provisions for marginalized groups and areas pursuant to Article 201 (b) (iii) of the Constitution;
- i) Authorize withdrawal of money from the Consolidated Fund as provided ' under Article 206 (2) (c) of the Constitution;
- j) Provide mechanisms for the National Assembly to facilitate the involvement of the people in the identification and implementation of projects for funding by the national government at the constituency level; and
- k) Provide for mechanisms for supplementing infrastructure development at the constituency level in matters falling within the functions of the national government at that level in accordance with the Constitution

Vision

Introduction

Tigania West Constituency is an electoral constituency in Kenya. It is one of the nine constituencies in Meru County. It borders Tigania East to the East, Buuri to the West, Imenti North to the South and Isiolo to the North. The constituency has five wards namely Athwana, Akithii, Kianjai, Nkomo and Mbeu.. The constituency has a population of approximately 135,980 persons with an area of 455.10 sq.km according to 2009 census.

Profile of wards in Tigania West Constituency

Budget Performance against the actual amounts

Fund Utilization

As it can be clearly seen, the funds received from the board in the first quarter refers to funds for 2017/2018 carried forward. Otherwise, the bulk of 2018/2019 funds were received in the 3rd and 4th quarters. As such it would serve the constituency better if the board can endeavour to release funds for the financial year in the good time, especially in the 2nd and 3rd quarters.

Fund Apportionment

From the pie chart, a large chunk of the money was used in the area of other grants and transfer. This was prompted by the fact that, the NG-CDF prioritized award of bursaries. Transfer to other government units followed in allocation. This is a clear demonstration of how the committee takes development projects seriously.

Tigania west NG-CDF has been working all way to benefit the people living within the constituency. It has been working in education sector whereby they have been providing new standard classroom, bursaries to the needy students, also, on security sector, AP staff houses have been funded to have safe shelters for the security personnel in the constituency and many more other achievements like water projects etc.

The following are images of the complete and functioning projects within Tigania west constituency through CDF funding;

NG-CDF is a fund which attracts interest from all and sundry. People are more often than not, like establishing themselves with this fund. With this interest in the peoples, many issues emerges and requires concerted efforts to overcome.

- a) Everybody wants to be involved in NG-CDF work
- b) High expectation from the people
- c) High level of accountability and transparency
- d) Efficient and effective utilization of the funds
- e) With devolved function having been removed from NG-CDF funding, people feels the mandate of NG-CDF has been watered down.

Implementation challenges and recommended way forward

Challenges	Way forward
Inadequate capacity of both NGCDF committee members and staff	The NGCDF committee and the board to conduct regular training
Insufficient competent support staff	The board should consider hiring account assistants and clerks of works directly
Too much unnecessary interference of NGCDFC works	Sensitization workshops should be held in order to define roles of different stakeholders
Slow approval of budget process	The board should endeavour to act on the proposals within 14 days of presentation
Erratic release of funds from the board	The board should endeavour to release funds in two instalments instead of many small disbursements
Unreliable availability of technical departments of government notably works office	Proper collaboration between NGCDF office works office should be established
Inadequate capacity of Project Management Committee	Enough funds should be set aside for training PMCs
Poor communication structure	A clear communication policy should be established
Poor facilitation of NG-CDF committee members to perform their duties	The board should consider enhancing the sitting allowances and daily subsistence of NG-CDF members

III. CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING

NGCDF – Tigania West Constituency just like any Government entity has the responsibility of ensuring public involvement in project identification, prioritization of projects and adequate allocation of funds to the projects. In undertaking the aforementioned, the Tigania West NG-CDF Committee always highlights Corporate Responsibility as a tool with relevance for public policy actualization with the aim of enhancing sustainable and inclusive development programmes in the constituency. The financial prudence has a lot of weight in development agenda which drives on a delicate thread of enormous community expectations. In enhancing the financial trust in various sectors, we assessed the risks factors, long term and short term performance. We further looked at performance on responsible leadership with clear undertone on the interest of the constituents and stakeholders and sufficient respect for environmental, social and governance issues.

This is aimed at ensuring efficient and effective management of public resources at the grassroots level thus transformation of livelihoods. It remains our purpose and the driving force behind everything we do. It's what guides us to deliver our strategies, which is founded on social sector, namely; Education & Training, Security Sector Support, Environment, and Sports. This pillar also makes special provisions for Kenyans with various disabilities and previously marginalized communities.

1) SUSTAINABILITY STRATEGY AND PROFILE

The Tigania West NG-CDF Committee endeavored to work within the existing policy guidelines that helped in focusing on the service deliver and drive to better performance with the involvement of both internal and external stakeholders on matters development. The relevance of this was attributed to our vision, mission and core values as provided for in our strategic plan.

Model	Definition	Relevance to sustainable
Vision	A United, Hopeful, and Wealthy Community Engaged in Profitable Economic Activities	What the constituency is striving for in the future that
Mission	To Create Wealth and Efficient Systems through Optimized Factor Productivity and Performance Monitoring	This communicates what the office does to attain
Core values	Integrity, Nurturing, Vigilante, Enduring, Team Work, Strategic	These are the norms , principles and beliefs that the office upholds

To realize effective suitability, the constituency relied on the set targets as a sign of performance ambition. The Goals as provided in our strategic plan remained the focal point for inside and outside Stakeholders with a clear set of objectives for management, and a yardstick by which external audiences can judge our progress and achievements against their expectations. The frameworks under which we operated included projects identification, allocation of funds, approval, implementation and monitoring

Drug and Substance Abuse

Addiction to drugs or substance will be treated like any other disease. An officer who is determined to deal with drug and substance abuse problem by engaging in rehabilitation services will be referred by the office by a Government doctor for evaluation, within the limits and budgets endorsed by the NG-CDFC.

Persons Living with Disability

An employee with an impairment in his/her body will be expected to confirm their disability status with a doctor after medical examination. Once it is confirmed that he/she is disabled, the employee will register with the National Council for Person with Disabilities. The employee will then present the registration certificate from the National Council for Persons with Disabilities to the Institute which will then recognize them as employees living with disabilities

The office shall provide facilities and effect such modification, whether physical, administrative or otherwise, in the workplace as may be reasonably required to accommodate persons with disabilities

Sexual harassment and other Forms of Harassment

Any staff of the office should not harass another officer sexually through, direct or indirect request for favours, use of language whether written or spoken of a sexual nature, use visual material of a sexual nature and show physical behaviour of a sexual nature which directly or indirectly subjects the person to behaviour that is unwelcome or offensive.

Disciplinary action will be taken against an officer of the NGCDF for harassing another person. Harassment may be based on racial, tribal, gender, marital status, religious or ethical belief, disability, age, political opinion, employment status, family status, sexual orientation, or involvement in the activities of an employee's organization.

The improper use of power based on administrative or managerial status (i.e. the use of a position to insult, bully, dominate, manipulate, disadvantage or discriminate) may also constitute harassment.

Bullying - which means repeated, deliberate and targeted conduct by a person towards a staff member which is offensive, intimidating or humiliating and which detrimentally affects that member's well-being.

Reporting Harassment Cases

Any staff who believes that they have experienced some form of harassment should report harassment cases as outlined in the office complaints procedure's manual

4) MARKET PLACE PRACTICES

NG-CDFC fund was designed to support constituency-level, grass-root development projects. It is aimed to achieve equitable distribution of development resources across regions and to control imbalances in regional development brought about by partisan politics. It targets all constituency-level development projects, particularly those aiming to combat poverty at the grassroots and entrench equitable distribution of development in line with the NG-CDFC Act 2015 provisions.

The objective of the Fund is to provide mechanisms for supplementing implementation of the National Government development Agenda at the constituency level.

a) Responsible competition practice.

During projects implementation the office transfers funds to the Project Management Committees who are thereafter guided during tendering process, to ensure that the locals benefit competitively in the provision of services and materials to the projects. How the organisation ensures responsible competition practices with issues like anti-corruption, responsible political involvement, fair competition and respect for competitors

b) Responsible Supply chain and supplier relations

Payments to suppliers are done promptly upon presentation of requisite supporting documents.

c) Responsible marketing and advertisement-outline efforts to maintain ethical marketing practices

Prequalification of tenderers is done continuously throughout the year. The prequalified tenderers are usually invited to bid at an appropriate time in accordance with the provisions of the Public Procurement and Disposal Act 2006.

d) Product stewardship

In order to safeguard consumer rights and interests, the Tigania West NG-CDF came up with a service charter and the complaints handling policy, principles and procedures brochure. The service charter points out our commitment in ensuring that we provide quality services to our customers with high level professionalism, dignity, integrity and courtesy, whereas complaints handling policy, principles and procedures shows our commitment to consistent, fair and confidential complaint handling and to resolve complaints as quickly as possible

5) COMMUNITY ENGAGEMENTS

Public Participation in Project Identification and Implementation and Monitoring

The NG-Constituency Development Act 2015 stipulates in part 5 section 27 subsection 1 and 2 that the chairperson of the NG-CDFC shall, within the first year of the commencement of a new Parliament and at least once every two years thereafter, convene open forum public meetings in every ward in the constituency to deliberate on development matters in the ward and in the constituency.

The NG-CDFC shall then deliberate on project proposals from all the wards in the constituency and any other projects which the Constituency Committee considers beneficial to the constituency, including joint projects with other constituencies, consider the national development plans and policies and the constituency strategic development plan, and identify a list of priority projects, both immediate and long term, out of which the list of projects to be submitted in accordance with the Act shall be drawn from. There after the list of proposed constituency based projects to be covered under this Act shall be submitted by NG-CDFC to the Board.

Public participation is the process that directly engages the concerned stakeholders in decision-making and gives full consideration to public input in making that decision.

Public's engagement is a vital part of many projects and the benefits of it are well documented, such as better outcomes for all stakeholders, community ownership and lower project costs. When the public is involved in a project, they feel motivated to work together, recognize the benefits of their involvement and have ownership of the projects and the decision making process, which is key to a successful project outcome and their sustainability.

Effective public engagement is about recognising that involving the public in a project is no longer about information dissemination and telling the people what is being done, but is a two-way information sharing tool. The more views gathered in the process of making a decision,

the more likely the final product will meet the most needs and address the most concerns possible.

In summary stakeholders participation is important since:

- ✓ Providing information helps them understand the issues, options, and solutions available for the projects
- ✓ Consulting with the public aids in obtaining their feedback on alternatives or decisions
- ✓ Involving the public to ensures their concerns are considered throughout the decision process, particularly in the development of decision criteria, options and preferred solutions that are workable, efficient and sustainable .

Public Awareness

This includes mechanisms for participation and cooperation with local, regional and national agencies, and for conducting community-based needs assessments and public awareness campaigns and holding community meetings

Public Awareness and Sensitisation Exercise Provide

- ❖ A menu of options for including individuals and organizational actors in identifying development priorities and selecting NG-CDF projects.
- ❖ Ensuring implementation of NG-CDF funded projects are transparent and known to everybody within the community.
- ❖ Increase accountability hence ensure local citizens gain skills and confidence to carryout social audits as means to enhanced accountability in management of other devolved funds apart from NG-CDF at constituency and other levels within the constituency.
- ❖ Increase public participation at all stages of project cycle funded under NG-CDF kitty
- ❖ Identify control and report any irregularities witnessed during NG-CDF project implementation cycle
- ❖ Measure the impact of the projects funded by NG-CDF
- ❖ Enable people to exercise their rights by instilling democratic culture through enhanced social accountability and transparency among state and non-state actors.
- ❖ Promote awareness creation on constitution and devolved governance system in Kenya

Covid-19 Mitigation Measures

Taking into consideration the current Corona Virus epidemic, in line with the Governments directive on reducing the chances of being infected or spreading COVID-19, the office resolved in aiding by taking the following precautionary measures.

- ❖ Printing of brochures disseminating information regarding Corona Virus protection measures in conjunction with the Deputy County Commissioners office
- ❖ Capacity Building and dissemination of information on Covid 19 through road trips across the constituency in conjunction with the Sub county public health office.
- ❖ Buying, testing and distribution of 380 thermo guns for the use in the constituency during meetings and gatherings under the management of the Deputy County Commissioner office.

IV. STATEMENT OF ENTITY MANAGEMENT RESPONSIBILITIES

Section 81 (1) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the accounting officer for a National Government Entity shall prepare financial statements in respect of that entity. Section 81 (3) requires the financial statements so prepared to be in a form that complies with relevant accounting standards as prescribed the Public Sector Accounting Standards Board of Kenya from time to time.

The Accounting Officer in charge of the NGCDF-Tigania West Constituency is responsible for the preparation and presentation of the entity's financial statements, which give a true and fair view of the state of affairs of the entity for and as at the end of the financial year (period) ended on June 30, 2020. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the entity; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Accounting Officer in charge of the NGCDF-Tigania West Constituency accepts responsibility for the entity's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The Accounting Officer is of the opinion that the *entity's* financial statements give a true and fair view of the state of entity's transactions during the financial year ended June 30, 2020, and of the entity's financial position as at that date. The Accounting Officer charge of the NGCDF-Tigania West Constituency further confirms the completeness of the accounting records maintained for the *entity*, which have been relied upon in the preparation of the entity's financial statements as well as the adequacy of the systems of internal financial control.

The Accounting Officer in charge of the NGCDF-Tigania West Constituency confirms that the entity has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the entity's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for. Further the Accounting Officer confirms that the entity's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the financial statements

The NGCDF-Tigania West Constituency financial statements were approved and signed by the Accounting Officer on 21/12/ 2020.

REPORT OF THE AUDITOR-GENERAL ON NATIONAL GOVERNMENT CONSTITUENCIES DEVELOPMENT FUND - TIGANIA WEST CONSTITUENCY FOR THE YEAR ENDED 30 JUNE, 2020

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of National Government Constituencies Development Fund - Tigania West Constituency set out on pages 25 to 89, which comprise of the statement of assets and liabilities as at 30 June, 2020, statement of receipts and payments, statement of cash flows and the summary statement of appropriation - recurrent and development combined for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the National Government Constituencies Development Fund - Tigania West Constituency as at 30 June, 2020, and of its financial performance and its cash flows for the year then ended, in accordance with the International Public Sector Accounting Standards (Cash Basis) and comply with the National Government Constituencies Development Fund Act, 2015 and the Public Finance Management Act, 2012.

Basis for Qualified Opinion

1.0 Accuracies in the Financial Statements

1.1 Inaccuracies in Statement of Receipts and Payments Comparative Balances

As reported in the previous year, the statement of receipts and payments and the statement of cash flows both reflect opening balances of transfer to other Government Units and other grants and transfers total of Kshs.37,039,315 and Kshs.58,957,299 respectively both totalling to Kshs.95,996,614. However, the opening balances in Note 6 and Note 7 to the financial statements, reflect transfer to other Government Units and other grants and transfers total of Kshs.36,788,315 and Kshs.57,253,507 respectively

both totalling to Kshs.94,041,822 resulting to an unexplained and unreconciled variance totalling to Kshs.1,954,792.

Further, Note 5 to the financial statements reflects use of goods and services opening balance of Kshs.6,478,312. However, the same item in the 2018/2019 financial statements reflected a total of Kshs.6,578,312 resulting to an unexplained and unreconciled variance totalling to Kshs.100,000.

In the circumstances, the accuracy, completeness and validity of the above comparative balances for the year ended 30 June, 2020 could not be confirmed.

1.2 Inaccuracies in Summary Statement of Appropriation

The summary statement of appropriation - recurrent and development combined reflects three (3) expenditure items balances that deferred on comparable basis with the budget execution by programmes and sub-programmes resulting to an unexplained and unreconciled variance totalling to Kshs.9,362,595 as shown below:

Item	Balances in the Summary Statements of Appropriation (Kshs.)	Balances in the Budget Execution by Programmes and Sub-Programmes (Kshs.)	Variance (Kshs.)
Total Adjustments	61,729,417	64,850,282	3,120,865
Total Final Budget	199,097,141	202,218,006	3,120,865
Total Budget Utilization Difference	79,218,124	82,338,989	3,120,865
Total			9,362,595

Further, the Management did not prepare separate summary statements of appropriation for recurrent and development as required by the Public Sector Accounting Standards Board (PSASB).

Consequently, the accuracy, completeness and validity of the two (2) sets of financial statements for the year ended 30 June, 2020 could not be confirmed.

2. Unsupported Committee Bank Balances

Note 17.4 to the financial statements reflects Project Management Committee (PMC) bank balances totalling to Kshs.11,937,092 as at 30 June, 2020. However, a recast of the balances gave a total of Kshs.11,977,369 resulting to an unexplained and unreconciled variance of Kshs.40,277.

Further, the respective cashbooks and bank reconciliation statements were not provided.

In the circumstances, the accuracy, completeness and validity of the PMC bank balances totalling to Kshs.11,937,092 as at 30 June, 2020 could not be confirmed.

3. Other Grants and Other Payments

As disclosed in Note 7 to the financial statements, the statement of receipts and payments reflects other grants and other payments totalling to Kshs.58,651,790. The following observations were noted:

3.1. Unsupported Environment Projects

The balance includes environment projects expenditure amounting to Kshs.2,747,354 paid to a supplier for the supply of 86,420 assorted seedlings. However, a distribution list to the intended beneficiaries, store's issue vouchers (S.11 forms) and an environmental impact assessment report were not provided.

In addition, request for quotations was used without justification contrary to the first schedule of the Public Procurement and Disposal (Amendment) Regulations, 2013 which caps the maximum amount for use of request for quotation for goods for class C procurement entity to Kshs.500,000.

Consequently, the accuracy, completeness and validity of the expenditure totalling to Kshs.2,747,354 for the year ended 30 June, 2020 could not be confirmed.

3.2. Unsupported Bursary

The balance includes Bursary to Secondary Schools amount of Kshs.18,690,235, Tertiary Institutions amount of Kshs.5,934,500 and Special Schools amount of Kshs.344,000 all totalling to Kshs.24,968,735. However, bursaries totalling to Kshs.696,200 were not acknowledged by the recipient institutions or accounted for by the Management.

In the circumstance, the accuracy, completeness and validity of bursaries totalling to Kshs.696,200 for the year ended 30 June, 2020 could not be confirmed.

4. Unsupported Project Implementation Status Report

Note 6, Note 7, and Note 8 to the financial statements, the statement of receipts and payments reflects transfers to other Government Entities amount of Kshs.49,653,030, other grants and other payments amount of Kshs.58,651,790 and acquisition of assets amount of Kshs.4,312,700 all totalling to Kshs.112,617,520 spent on projects implementation in the year under review. The Project Implementation Status Report provided reflected completed projects amounting to Kshs.27,331,415, on-going projects amounting to Kshs 66,108,947 and new projects amounting to Kshs.42,362,366 all totalling to Kshs.135,802,728. However, the Report was not analyzed in sectors. It was therefore not possible to carry out projects analysis for the year under review.

In the circumstances, the accuracy, completeness and validity of the expenditure amounting to Kshs.135,802,728 for the year ended 30 June, 2020 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the National Government Constituencies Development Fund - Tigania West Constituency Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matter

1. Budgetary Control and Performance

The summary statement of appropriation - recurrent and development combined reflects final receipts budget and actual on comparable basis totalling to Kshs.199,097,141 and Kshs.129,729,416 respectively, resulting to an under-funding of Kshs.69,367,725 or 35% of the budget. Similarly, the statement reflects final expenditure budget and actual on comparable basis totalling to Kshs.199,097,141 and Kshs.119,879,017 respectively, resulting to an under expenditure of Kshs.79,218,124 or 40% of the budget.

The underfunding and underperformance affected the planned activities and may have impacted negatively on service delivery to the public.

2. Unresolved Prior Year Matters

In the audit report of the previous year, several issues were raised. However, the Management has not resolved the issues or given any explanation for failure to adhere to the provisions of the Public Sector Accounting Standards Board templates and The National Treasury's Circular Ref: PSASB/1/12 Vol.1(44) of 25 June, 2019.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Irregular Expenditure

The Management incurred an expenditure, under transfers to primary schools, for changing the electricity powered water pump to solar powered pump of 5.5Kw amounting to Kshs.2,300,000 and rehabilitation and commissioning of a borehole amounting to Kshs.2,000,000 both totalling to Kshs.4,300,000 at Lubunu Primary School. The tender for the works was awarded to a contractor at a contract sum of Kshs.4,410,010.

However, request for quotation was used to award the contract without justification contrary to the first schedule of the Public Procurement and Disposal (Amendments) Regulations, 2013 which caps the maximum amount for use of request for quotation for works for class C procurement entity to Kshs.500,000.

In the circumstances, the Management is in breach of the law.

2. Irregular Emergency Projects

The Management incurred an expenditure, under emergency projects, amounting to Kshs.500,000 for the completion of Kirindine Social Hall. Physical verification in December, 2020 revealed that the funds were used to complete the flooring.

Further, the Management incurred an expenditure on office furniture and repairs in the Deputy County Commissioner's Office amounting to Kshs.1,000,000.

However, no evidence was provided to confirm that the above projects were emergency in nature. This is contrary to Section 8(3) of the National Government Constituencies Development Fund Act, 2015 which states that an emergency shall be construed to mean an urgent, unforeseen need for expenditure for which it is in the opinion of the committee that it cannot be delayed until the next financial year without harming the public interest of the constituents.

In the circumstances, the Management is in breach of the law.

3. Irregular Procurement

The Management incurred an expenditure amounting to Kshs.5,558,642 for the construction of an office block which comprised of three (3) offices, a reception, three (3) cells, an armory and an interview room at Miathene Police Post. The construction works was awarded to a contractor at a contract price of Kshs.5,518,744. However, request for quotation method of procurement was used without justification contrary to the first schedule of the Public Procurement and Disposal (Amendments) Regulations, 2013 which caps the maximum amount for use of request for quotation for works for class C procurement entity to Kshs.500,000. Further, physical verification in December, 2020 revealed that the project was complete but was not in use.

In the circumstances, the validity and value for money for the expenditure of Kshs.5,558,642 incurred could not be confirmed.

4. Unutilized Project - Miathene Administration Police Staff Quarters

During the year, the Management incurred an expenditure amounting to Kshs.360,000 for completion of three (3) staff quarters at Miathene Administration Police Post. As reported in the previous year, the Management had funded the project for a total of Kshs.2,500,000 bringing the funding to a total of Kshs.2,860,000. However, during physical verification in December, 2020 the project had not been occupied.

In the circumstances, I am unable to confirm whether value for money totalling to Kshs.2,860,000 for the construction of AP staff quarters has been realized.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to continue to sustain its services, disclosing, as applicable, matters related

to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Fund or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the financial reporting process, reviewing the effectiveness of how the Fund monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in

which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Fund to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Fund to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

X. SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of Compliance and Basis of Preparation

The financial statements have been prepared in accordance with Cash-basis International Public Sector Accounting Standards (IPSAS) as prescribed by the Public Sector Accounting Standards Board (PSASB) and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB. The accounting policies adopted have been consistently applied to all the years presented.

2. Reporting Entity

The financial statements are for the NGCDF-Tigania West Constituency. The financial statements encompass the reporting entity as specified under section 81 of the PFM Act 2012

3. Reporting Currency

The financial statements are presented in Kenya Shillings (Kshs), which is the functional and reporting currency of the Government and all values are rounded to the nearest Kenya Shilling.

4. Significant Accounting Policies

The accounting policies set out in this section have been consistently applied by the Entity for all the years presented.

a) Recognition of Receipts

The Entity recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the Entity.

Tax Receipts

Tax receipts are recognized in the books of accounts when cash is received. Cash is considered as received when notification of tax remittance is received. (Check if this policy is applicable to entity)

Transfers from the Exchequer

Transfers from the exchequer are recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

SIGNIFICANT ACCOUNTING POLICIES

External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

Grants and loans shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary.

In case of grant/loan in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice. A similar recognition criteria is applied for loans received in the form of a direct payment.

During the year ended 30th June 2020, there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loans.

Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognized in the financial statements the time associated cash is received.

b) Recognition of payments

The Entity recognises all payments when the event occurs and the related cash has actually been paid out by the Entity.

Compensation of Employees

Salaries and wages, allowances, statutory contribution for employees are recognized in the period when the compensation is paid.

Use of Goods and Services

Goods and services are recognized as payments in the period when the goods/services are paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

Acquisition of Fixed Assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the financial statements.

SIGNIFICANT ACCOUNTING POLICIES

5. In-kind contributions

In-kind contributions are donations that are made to the Entity in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Entity includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

6. Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

7. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year are treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

8. Accounts Payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized on an accrual basis (as accounts payables). This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted by National Government Ministries and Agencies. Other liabilities including pending bills are disclosed in the financial statements.

9. Pending Bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the Entity at the end of the year. When the pending bills are finally settled, such payments are included in the Statement of Receipts and Payments in the year in which the payments are made.

10. Unutilized Fund

Unutilized funds consist of bank balances in the constituency account and funds not yet disbursed by the Board to the constituency at the end of the financial year. These balances are available for use in the subsequent financial year to fund projects approved in the respective prior financial years consistent with sec 6(2) and sec 7(2) of NGCDF Act, 2015.

SIGNIFICANT ACCOUNTING POLICIES

11. Budget

The budget is developed on a comparable accounting basis (cash basis except for imprest and deposits, which are accounted for on an accrual basis), the same accounts classification basis, and for the same period as the financial statements. The original budget was approved by Parliament on June 2019 for the period 1st July 2019 to 30th June 2020 as required by Law and there was one supplementary adjustment to the original budget during the year. Included in the adjustments are the unutilized funds.

A comparison of the actual performance against the comparable budget for the financial year under review has been included in the financial statements.

12. Comparative Figures

Where necessary, comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

13. Subsequent Events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended 30th June 2020.

14. Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.

During the year, errors that have been corrected are disclosed under note 14 explaining the nature and amounts.

15. Related Party Transactions

Related party relationships are a normal feature of commerce. Specific information with regards to related party transactions is included in the disclosure notes.

1.1	Bursaries totalling to Ksh 15,461,850 (62.4%) were acknowledged by the respective beneficiaries through letters of acknowledgement or issue of official receipts leaving a balance of Kshs 9,317,550 (37.6%) unacknowledged by the beneficiary	The office usually disburses bursaries directly to the beneficiaries who signs in the cheque dispatch register. The bursary cheques are usually attached to the cheque with clear instruction to the principal to acknowledge receipt. A follow up is done through calling and sometimes physically getting them in schools nearby. The office has improved on administration of bursary by delivering cheques directly to schools in Meru, Tharaka Nithi , Embu, Isiolo , Kiambu and Nairobi counties. This constitutes 70% of all our beneficiaries. The rest are either being disbursed to the beneficiaries or through the courier services	Harrison Wachira-FAM	Not yet resolved	Dec 2020

The bulk of the unutilized funds was yet to be disbursed. The constituency will endeavour to relook at its budgeting mechanism with a view to focusing on areas which will improve service delivery to the citizens of Tigania West Constituency	Harrison Wachira-FAM	Not yet resolved	Dec 2020
2	The constituents did not get the expected services equivalent to Ksh 2,000,000 and Ksh 12,375,002 for on going projects and projects not started totalling to ksh 14,375,002	The projects which were on going had just received funds late. At times of audit, implementation had already started and was progressing well. The ones which had not started were in the process of procurement while others were earmarked for reallocation (constituency innovation hub)	Harrison Wachira-FAM	Not yet resolved	Dec 2020
3	No supporting documents showing audit issues for previous year were resolved and that the Fund Accountant did not indicate her ICPAK number	The office after receiving draft report filed response for consideration. No response was received hence concluded the issues may have been resolved. 4	Tender opening and award for purchase of tree seedlings were done on the same day	<p>accountant number 21293</p> <p>As stated in the Project Management Committee (PMC) minutes of 12th March 2018 (copies attached) the reasons for opening and awarding at the same time was because it was rather a straightforward procurement. All bidders had indicated their willingness and ability to supply, supervise planting and oversee nurturing of trees seedlings for a period of 3 months. The suppliers/ bidders are well known within Tigania West and the tree seedlings varieties to be planted could be easily identifiable. Therefore, the only criteria relevant in awarding the tender was the price quoted. The PMC was able to achieve value for money in an open, transparent, competitive and economical process.</p>	Harrison Wachira-FAM	Not yet resolved	Dec 2020
