THE ANTI-CORRUPTION AND ECONOMIC CRIMES ACT, 2003

THE ETHICS AND ANTI-CORRUPTION COMMISSION

THE 2ND QUARTERLY REPORT COVERING THE PERIOD FROM 1ST APRIL, 2021 to 30TH JUNE, 2021

The Ethics and Anti-Corruption Commission (the Commission) is required under section 36 of the Anti-Corruption and Economic Crimes Act, 2003 (ACECA), to prepare quarterly reports setting out the number of reports made to the Director of Public Prosecutions (DPP) under section 35 of the ACECA, 2003 as read with section 11 (1) (d) of the Ethics and Anti-Corruption Commission Act, 2011, (EACCA).

Section 36 of ACECA provides that:

1. The Commission shall prepare quarterly reports setting out the number of reports made to the DPP under section 35 and such other statistical information relating to those reports, as the Commission considers appropriate.
2. A quarterly report shall indicate if a recommendation of the Commission to prosecute a person for corruption or economic crime was accepted or not accepted.
3. The Commission shall give a copy of each quarterly report to the Attorney General.
4. The Attorney General shall lay a copy of each quarterly report before the National Assembly.
5. The Commission shall cause each quarterly report to be published in the Gazette.

This report is therefore made pursuant to section 36 of ACECA. The report covers the Second Quarter and is for the period commencing 1st April 2021 to 30th June, 2021.

INVESTIGATION REPORTS COVERING THE PERIOD FROM 1ST APRIL 2021 TO 30TH JUNE 2021

1. EACC.NKR/FI/INQ/15/2019

Inquiry Into Allegations of Conflict of Interest, Embezzlement of Funds, Money Laundering And Acquisition of Public Property Amounting to KSh. 2.3 Billion Against a Former Regional Manager for Kenya Rural Roads Authority (Kerra).

The Commission commenced investigations following a report that a former regional manager for KeRRA had received payments amounting to Kshs. 2.3 Billion from several public entities through companies associated with him.

Investigations established that during his tenure as the regional manager of KeRRA he awarded 40 contracts worth KSh. 147,539,489.60 to his companies and those associated with his relatives.

On 25th May 2021 a report was compiled and forwarded to the DPP with recommendations to charge the said former regional manager, his relatives and related companies with the following offences; abuse of office contrary to Section 46 as read with Section 48 (1) of ACECA, conflict of interest contrary to Section 42(3) as read with Section 48 of ACECA, 7 counts of fraudulent practice in procurement proceedings contrary to Section 66(1) as read with section 177 of the Public Procurement and Asset Disposal Act, 2015, 7 counts of fraudulent acquisition of public property contrary to section 45(1)(a) as read with section 48 (1) (a) of the ACECA, wilful failure to comply with the law relating to procurement contrary to Section 45(2) (b) as read with section 48(1) of the ACECA.

The Commission is awaiting the DPP'S response.

2. EACC/FI/INQ/10/2021

Inquiry Into Allegations of Irregular Procurement of an Ultra Modern Fish Hub at Liwatoni Fisheries Complex In Mombasa County Through Tender Number MOALF&C/SDFA&BE/07/2020-2021.

The Commission commenced investigations following reports of irregular procurement of an ultra-modern fish hub at Liwatoni Fisheries Complex in Mombasa County through Tender Number MOALF&C/SDFA&BE/07/2020-2021.

Investigations revealed that the Principal Secretary of the State Department of Fisheries, Aquaculture and the Blue Economy (PS SDFA&BE) commenced the tendering process of Phase II of the project without the approved budget and procurement plan.

Investigations further revealed that the State Department of Fisheries Aquaculture & the Blue Economy (SDFA&BE) used the International Federation of Consulting Engineers (FIDIC) (acronym for its French name *Fédération Internationale Des Ingénieurs-Consails*) tender documents instead of the standard tender documents prepared by the Public Procurement Regulatory Authority thereby contravening the provisions of the Public Procurement and Asset Disposal Act, 2015 (PPADA, 2015).

Further investigations revealed that the evaluation committee failed to carry out the evaluation in accordance with PPADA, 2015 and recommended the award of the tender to an unresponsive bidder, who also submitted false documents in its bid.

On 4th May 2021, a report was compiled and forwarded to the DPP with recommendations to charge the PS SDFA&BE, the Evaluation Committee, Head of Procurement, the winning bidder and its proxies with the following offences; 1 count of engaging in a project without prior planning contrary to section 45 (2) (c) as read with section 48 of ACECA; 2 counts of wilful failure to comply with the law relating to procurement contrary to section 45 (2) (b) as read with section 48 of ACECA, 1 count of abuse of office contrary to Section 42 as read with Section 48 of ACECA, 1 count of neglect of official duty by a public officer contrary to Section 128 of the Penal Code, 1 count of fraudulent practice in procurement proceedings contrary to section 176 (1) (i) as read with section 176 (2) of the PPADA, 2015, 1 count of making documents without authority contrary to section 357(a) of the Penal Code, 1 count of uttering false documents contrary to section 353(a) of the Penal Code and 1 count of conspiracy to commit an offence of corruption contrary to Section 47A (3) of ACECA.

The Commission is awaiting the DPP'S response.

3. EACC/NKR/FI/INQ/24/2018

Inquiry Into Allegations of Procurement Irregularities in the Award of Tender for The Rehabilitation/Upgrading of Kerenga Airstrip In Kericho Which Was Allocated KShs. 100 Million By The County Government of Kericho

The Commission commenced investigations following allegations that the requirements for the tender for the rehabilitation of Kerenga Airstrip were altered to include a condition that bidders were to have National Construction Authority 2 and National Construction Authority 3 (NCA 2&3) registration certificates, which was a ploy to favor a particular bidder and lock out the rest.

Investigations established that it was a requirement that bidders were to include NCA 3 certificate only and not NCA 2 certificate. Investigations revealed that the winning bidder submitted fake documents in its bid thereby breaching the procurement law and that all the Evaluation Committee members failed to undertake a proper due diligence and therefore providing misleading information to the procuring entity.

On 29th April, 2021 a report was compiled and forwarded to the DPP with recommendations to charge the Directors of the Company and the Company, as well as the members of the Tender Evaluation Committee with the following offences: 1 count of fraudulent practice in procurement proceedings contrary to section 66 (1) as read with section 177 of the Public Procurement and Asset Disposal Act, 2015 (PPADA, 2015), 4 counts of forgery contrary to section 345 as read with Section 349 of the Penal Code, 1 count of deceiving the principal contrary to section 41(2) of ACECA and 1 count of collusive practices on evaluation contrary to section 66 (1) and (2) as read with section 177 (a) of the PPADA, 2015.

On 21st June, 2021, the DPP returned the inquiry file for further investigations.

4. EACC/GSA/FI/INQ/11/2014

Inquiry Into Allegations of Irregular Procurement and Award of Tender For Drilling of Gunana And Burmayo Boreholes In Wajir County In The Financial 2013/2014

The Commission commenced this investigation pursuant to a complaint that certain Public Officers working in Wajir County Government were involved in irregular procurement of services and fraudulent payment for the drilling of boreholes in Wajir County.

Investigations established that during the FY 2012/2014, the procuring entity did not have a Procurement Plan as required under the Public Procurement and Disposal Act, 2005 and the Public Procurement and Asset Disposal Regulations; That the Procuring Entity did not constitute a Tender Processing Committee to undertake evaluations, negotiations, inspection and acceptance which is contrary to Public Procurement & Disposal Act and that the Director of Water Services of Wajir County therefore abused his office by deceitful conduct of overseeing the project whereas the user department did not provide evidence of the prior planning of the project as provided in section 45 (2) (c) of ACECA.

On 20th April, 2021 a report was compiled and forwarded to the DPP with recommendations to charge the Director of Water Services of Wajir County, with the following offences: 1 Count of Abuse of Office contrary to section 46 and 1 Count of Engaging in a project without prior planning contrary to section 45 (2) (c), as read with section 48 of ACECA and the Director of the Engineering Company with 1 Count of Fraudulent acquisition of public property contrary to section 45 (1) (a) as read together with section 48 of the ACECA.

The Commission is awaiting DPP's response.

5. EACC/ISL/FI/INQ/67/2015

Inquiry Into Allegations of Misappropriation of Public Funds of KSh. 4,800,000 Million Allocated For Procurement of Six Transformers By Igembe North Constituency In Meru County.

The Commission commenced investigations upon receipt of a report that the Constituency Development Fund Committee (CDFC) for Igembe North Constituency misappropriated funds allocated for the purchase of six transformers.

Investigations established that there were no contracts or any procurement documents indicating that the aforesaid constituency were involved in the procurement of any transformer with REA and KPLC and that there were no funds that were received by either KPLC or REA.

Further investigation established that Igembe North Constituency did not procure any transformers and that despite this the CDF Fund Manager authorised the Igembe North Project Management Committee (PMC) to withdraw the funds allocated for the procurement of the six transformers.

A report was prepared and forwarded to the DPP on 25th May 2021 with recommendation that the Igembe North CDF officers that were involved in the embezzlement of the money allocated for the procurement of the transformers be charged with the following offences; 7 counts of unlawful acquisition of public property contrary to section 45(1)(a) as read with section 48 of ACECA and 1 count of misappropriation of Constituency Development Fund contrary to section 48 of the Constituency Development Fund Act, 2013.

On 28th June 2021, the DPP returned the inquiry file for further investigations.

6. EACC/FI/INQ/40/2018

Inquiry Into Allegations of Embezzlement of Funds to A Tune of KSh. 24,124,688 Paid To Two Companies By The Nandi County Government Between April 2013 And August 2017.

The Commission commenced investigations following a report that two Public Officers employed by the County Government of Nandi as a Speech writer and a Public Communication Officer were also Directors of two Private Limited Companies trading with the County Government of Nandi.

Investigations at the Company Registry established that the names of the two Public Officers appeared in the list of Directors of the Company which was awarded the tender and that the two Public Officers are signatories to the Company Bank Account and signed cheques for withdrawal of money which was paid by County Government of Nandi.

On 24th May 2021 a report was compiled and forwarded to the DPP with recommendation that the two county officers be charged with the following offences: 1 count of conflict of interest contrary to Section 42(3) as read with Section 48 ACECA and 2 counts of unlawful acquisition of public property contrary to section 45(1)(a) as read with section 48 of the ACECA.

The Commission is awaiting the DPP's response.

7. EACC/MLD/FI/INQ/06/2016

Inquiry Into Allegations of Irregular Award of Tender Lmu/Mopw/Gp/191/24 For Construction of Nagele Auction Yard By Officers of the County Government Of Lamu

The Commission commenced investigations pursuant to a report pertaining to irregularities of award of tender number LMU/MOPW/LCG/GP/191/24 for construction of Nagele Auction Yard by officers of the County Government of Lamu.

Investigations established that during the financial year of 2015/2016, the Fisheries, Livestock and Co-operative Development Department of the County Government of Lamu had planned to construct the Nagele Auction Yard at a budget of KSh. 15,000,000.00.

However, investigations revealed that the tender was awarded at KSh.18 Million to a bidder who did not qualify.

Investigation further disclosed that two payment certificates were forged so as to facilitate payment of KSh. 7,862,820.95 to the Company which was awarded the contract irregularly.

On 29th April, 2021 a report was compiled and forwarded to the DPP with recommendations to charge all the Lamu County Government officers who participated in the irregular procurement process that resulted in loss of KSh. 7,862,820.95; and the Company and its directors with the following offences: 2 counts of willful failure to comply with laws relating to procurement contrary to section 45 (2) (b) of the ACECA; 1 count of Abuse of Office contrary to section 46, 3 counts of fraudulent practice in procurement proceeding contrary to section 41 as read together with section 137 of the PPADA, 2015; 2 Count of Fraudulent acquisition of public property contrary to section 45 (i) (a) of the ACECA; 3 counts of uttering false documents contrary to section 353 of the Penal Code; 1 count of failure to disclose a private interest to one's Principal contrary to section 42 (1) (b) of the ACECA and 1 count of conspiracy to commit an economic crime contrary to section 47A (3) of the ACECA.

The Commission is awaiting the DPP's response.

8. EACC/ELD/FI/INQ/38/2017

Inquiry Into Allegations That A Plot For Constructing Nandi County Assembly Speaker's Residence Which Title Has Never Been Transferred To The Assembly Was Bought At An Exaggerated Price

The Commission commenced this investigation following a complaint that the County Assembly of Nandi had bought the plot for constructing the Speaker's residence at an exaggerated price.

Investigations established that the Nandi County Assembly proposed to purchase a prime land to build their Speaker's Residence in the 2014/2015 financial year.

The procurement process was conducted with diligent observance of the provisions of the Public Procurement and Asset Disposal Act, 2015(PPADA).

Investigations established that the Commission on Revenue Allocation advised Counties that major capital projects were not a priority in the first five years of devolution and that where there was justification, such projects should be funded using long term finance of between five to ten years.

This communication therefore brought the remittance of the funds to the vendor's account to a halt and the Nandi County Assembly did not acquire any land during the period of 1/7/2013 to 1/11/2017.

On 29th April, 2021 a report was compiled and forwarded to the DPP with recommendations that the file be closed since no offences were committed by the Officials of the Nandi County Assembly.

On 7th June 2021, the DPP returned the inquiry file for further investigations.

9. EACC/FI/INQ/13/2017

Inquiry Into Allegations Of Embezzlement of Funds For Co-Curricular Activities For Primary Schools By The District Education Officer, Samburu East.

The Commission commenced investigations following a report that the District Education Officer (DEO) Samburu East Sub County was involved in the embezzlement of funds for the co-curricular activities for primary schools in Samburu East Sub-county.

Investigations revealed that the DEO received an imprest amounting to KSh. 500,000 through use of fake documents and that the imprest was not used for the co-curricular activities as intended.

Investigations further revealed that DEO also received additional imprest of KSh. 80,000 and 45,000 on 3rd March, 2016 and 1st April 2016 respectively and that the money was not used for the co-curricular activities as intended.

On 25th May, 2021, a report was compiled and forwarded to the DPP with recommendations that the DEO be charged with the following offences: 3 counts of deceiving principal contrary to section 41(2) as read with section 48 of ACECA; 2 counts of wilful failure to comply with the law relating to procurement contrary to section 45 (2) (b) as read with section 48 of ACECA; 3 counts of abuse of office contrary to section 42 (3) as read with section 48 ACECA and 3 counts of unlawful acquisition of public property contrary to section 45 (1) (a) as read with section 48 of the ACECA.

The Commission is awaiting the DPP'S response.

10. EACC/BGM/FI/INQ/09/2019

Allegations of Tax Evasion At Malaba OSBP By Timber Importers Using Recycled Kra Entry Numbers.

The Commission commenced investigations following a report of suspected smuggling of timber among other dutiable goods through Malaba Customs Border Station.

Investigations revealed that the various importers did not follow the due procedure in clearing of the goods(timber)as the clearing documents possessed were either fake or recycled. However further investigation established that all the suspects mentioned were charged and individually penalised and fined for the outstanding taxes by Kenya Revenue authority. The Commission therefore did not recommend any charges since this would amount to double jeopardy.

On 25th May, 2021, a report was compiled and forwarded to the DPP with recommendation that the inquiry file be closed and the subject matter be handled by KRA, in regard to the officers who facilitated the irregular clearance of taxable goods.

The Commission is awaiting the DPP's response.

11. EACC/MCKS/PI/INQ/08/2015

An Inquiry Into Allegations of Abuse of Office and Soliciting for a Benefit In Order to Process a Payment To Kilimanjaro AGSA Enterprises For Works Done In Machakos County

The Commission commenced investigations following a report from a Director of Kilimanjaro AGSA Enterprises Limited (the contractor) who alleged that officials of the County Government of Machakos, had requested for a benefit from the contractor to facilitate the processing of payments due to him.

Investigations disclosed that the Director of Kilimanjaro AGSA Enterprises Limited had awarded a contract to construct an Early Child Development Education at Kiaini within Machakos County during the Financial Year of 2015/2016.

Investigations further established that the company was awarded another contract to build toilets at Yathui Youth Polytechnic and that the project was yet to be inspected by the Physical and Planning Verification and Pending Bills Committee as certain documents relating to the project were not availed since it was alleged that the previous County Secretary and Head of Supply Chain had been suspended and that they had vacated office without doing a proper handing over.

On 20th April, 2021 a report was compiled and forwarded to the DPP with recommendations that the file be closed.

The Commission is awaiting the DPP's response.

12. EACC/GSA/EL/INQ/06/2016

Allegations of Conflict of Interest and Embezzlement of Public Funds Against the Head of Public Health at Garissa County Referral Hospital Through The Awarding of Suspicious Tenders To A Company In Which he is a Signatory To Its Bank Account.

The Commission investigated the subject allegation and established that the Head of Public Health at Garissa County Referral Hospital unlawfully participated in the procurement process including in the requisition, procurement committee meetings, inspection and acceptance committee meetings and execution of procurement documents that led to the award of tenders to a company in which he is a signatory to its bank account.

Investigations established that there was a conflict of interest by the Head of Public Health at Garissa County Referral Hospital through the irregular awarding of tenders to a company related to the said officer.

On 25th May, 2021, a report was compiled and forwarded to the DPP with recommendation that the Head of Public Health at Garissa County Referral Hospital be charged with 3 counts of conflict of interest contrary to section 42 (3) as read with section 48 ACECA.

The Commission is awaiting the DPP'S response.

13. EACC/EL/INQ/2/2015

Allegations that Fafi Constituency MP Squandered KSh. 13 Milion Raised Through A Harambee By The Parents and The Society of Bura High School.

The Commission commenced investigations upon receipt of a report on 2nd June, 2015 that the member of Parliament (MP) of Fafi Constituency embezzled KSh. 13 milion which had been raised through a harambee for the purposes of refurbishing the school infrastructure.

Investigations established that the actual amount that was raised through the Harambee was KSh. 5,145,000 and that the CDF had also allocated KSh. 6,800,000 for the purposes of refurbishing the school infrastructures.

Investigations further established the actual amount of funds that were available to fund the project were KSh. 11,945,000 and that funds were spent appropriately.

On 25th May, 2021, a report was compiled and forwarded to the DPP with recommendation that the inquiry file be closed for insufficient evidence.

On 14th June, 2021, the DPP returned the inquiry file for further investigations.

14. EACC/MCK/EL/INQ/10/2018

Allegations of Conflict of Interest And Charging of Unapproved/Unlawful Fees By The Chairperson And The Machakos Primary School Board of Management.

The Commission commenced investigations upon receipt of a report that the Management of Machakos Primary School had been running unlawful bank accounts where they deposit fees collected. It was also alleged that the Chairman of the Board was supplying books to the school.

Investigations established that a similar complaint about the School running an unlawful bank account had also been made to the Ministry of Education (MOE) and that there was a report made to the MOE by the Director for Quality Assurance and Standards giving several recommendation including Disciplinary Action but the report is yet to be acted upon.

Investigations also established that there was a conflict of interest on the part of the Chairman of the Machakos Primary School Board of Management through awarding of suspicious tenders to a company related to him. Investigations also established that the Chairman aforesaid was now deceased.

Investigations further revealed that there were reports made by the school management to the Directorate of Criminal Investigations and the Department of Public Works and Housing, County Government of Machakos about a fire incidence that led to the loss of crucial documents hence making it impossible to audit the school financial records.

On 22nd April 2021, a report was compiled and forwarded to the DPP with recommendation that administrative action be taken against the School Auditor who had failed to audit the school records prior to the fire incidence.

The Commission is awaiting the DPP'S response.

15. EACC/MCK/EL/INQ/9/2016

An Inquiry Into Allegations of Nepotism And Favoritism In The Recruitment of Staff By The County Government of Machakos During The Period Between April/May 2013

The Commission commenced investigations after receiving a complaint that the recruitment of employees in Machakos County Government conducted during the period of April/May 2013 was marred with favouritism and nepotism.

The allegations elaborated that in particular, the Chief of Staff and the Chief Officer in charge of Decentralized Units of Machakos County Government had influenced the employment of their wives.

Investigations revealed that indeed during the months of April/May 2013, several employees were offered jobs by the County Government of Machakos on a four months' contract.

Investigations established that, the Chief Officer in the Office of the Governor Executive and Support Service, who was employed in 2013 and later deployed as Ag. Chief Officer, Decentralized Unit Urban Areas and Municipalities is the husband of a Senior Administrative Officer at the County Government of Machakos who was employed in May, 2013 as a Civic Education Officer.

Inquiry Into An Allegation Of Corruption Against An Impostor of National Intelligence Service (NIS)

The Commission commenced this Investigation after it received a report that an impostor who introduced himself as a (NIS) Officer to a job seeker had requested for a financial advantage of KSh. 200,000/= so as to facilitate the job seeker to secure a job at Kenya Revenue Authority (KRA).

Investigations established that the suspect was not an employee of the National Intelligence Service (NIS).

Investigations was conducted whereupon the suspect was arrested while receiving the bribe money of KSh. 150,000/= from the job seeker.

On 20th April, 2020 a report was compiled and forwarded to DPP with recommendations that the suspect be charged with receiving a bribe contrary to section 6 (1) (a) as read with section 18 (1) and (2) of the Bribery Act.

On 24th May, 2021, the DPP returned the inquiry file for further investigations.

26. EACC/ISL/OPS/INQ/42/2019

Inquiry Into Bribery Allegations Against A Court Assistant At Marimati Law Courts In Tharaka South.

The Commission commenced investigations following a complaint that a Court Assistant based at Marimati Law Court in Tharaka South had requested for a bribe of KSh. 150,000/= from the complainant, so as to ensure a favourable outcome in favour of the complainant's brother in a court case.

Investigation was conducted and established that the officer requested for a financial advantage and received KSh. 50,000/=.

A report was prepared and forwarded to the DPP on 25th May 2021 with recommendation that the Court Assistant be charged with two counts of receiving a bribe contrary to section 6 (1) as read with section 18(1) and (2) of the Bribery Act, 2016.

On 5th August, 2021, the DPP returned the inquiry file for further investigations.

27. EACC/MCKS/OPS/INQ/24/2019

Inquiry Into Bribery Allegations Against An Officer At The Civil Registration Office In Kajiado County.

The Commission commenced investigations following a complaint that an employee at the Civil Registry in Kajiado County requested for a bribe of KSh. 2,000/= from the complainant, in order for him to process birth certificates for his children.

Investigation was conducted and established that the suspect did not request for bribe.

A report was prepared and forwarded to the DPP on 22nd April 2021 with recommendation that the file be closed for lack of sufficient evidence to establish bribe allegations.

On 24th May, 2021, the DPP returned the inquiry file accepting the recommendations for the file to be closed.

28. EACC/NYR/OPS/INQ/45/2019

Investigations Into Allegations of Receiving A Bribe Against An Employee Of Teachers' Service Commission (TSC) Deployed To Nyandarua County As A Human Resources Officer

The Commission commenced investigations following a complaint that a TSC employee in her capacity as a Human Resources Officer had requested for a KSh. 30,000/= bribe and had received Kshs. 20,000 as an inducement in order to facilitate the Complainant to get employment with TSC.

Investigations established that the officer demanded for and received a financial advantage of KSh. 20,000/=.

A report was prepared and forwarded to the DPP on 25th May 2021 with recommendation that the Human Resources Officer be charged with three counts of receiving a bribe contrary to Section 6(1) as read with section 18 (1) and (2) of the Bribery Act, 2016. It was also recommended that an administrative action be taken against the officer for breaching her obligation under Leadership and Integrity Act, 2012.

The Commission is awaiting the DPP's response.

29. EACC/OPS/INQ/154/2019

Inquiry Into Allegations Of Corruption Against The Chairman Of Kitengela Sacco For Offering A Bribe of KSh. 20,000/= To The Deputy Director In Charge of Compliance And Licencing At The National Transport And Safety Authority (NTSA)

The Commission commenced this Investigation after it received a report that the Chairman of the Kitengela Sacco had offered a bribe of KSh. 20,000/= to the Deputy Director in Charge of Compliance and Licencing at the NTSA as an inducement for the Passenger Service Vehicles operating within Kitengela route to operate business contrary to Rule 5(1) of The Public Service Vehicles Regulations, 2013.

Investigations established that in furtherance of its mandate NTSA wrote a letter to the Chairman of the Kitengela Sacco which was based on an audit which had been carried out by NTSA and which revealed that Kitengela Sacco had listed in their Sacco portal Ten (10) Lorries in their fleet as a disguise to meet the threshold of a bare minimum of Thirty (30) serviceable Passenger Service Vehicles

Investigations were conducted whereupon the Chairman of Kitengela Sacco was arrested while giving a bribe of KSh. 20,000/= to the Deputy Director and Head of Licencing at NTSA.

On April, 2020 a report was compiled and forwarded to DPP with recommendations that the suspect be charged with giving a bribe contrary to section 5(1) as read with section 18 of the Bribery Act.

On 24th May, 2021, the DPP returned the inquiry file accepting the recommendations for prosecution.

30. EACC/OPS/INQ/NO/48/2020

NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED SAND HARVESTING IN LAKE VICTORIA, OFF CHWOYE BEACH, WANG'CHIENG' LOCATION, RACHUONYO NORTH SUB-COUNTY, HOMA BAY COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to Regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, County Concrete and Steel Limited, proposes to undertake commercial sand harvesting from Lake Victoria approximately 100M off Chwoye Beach, using a floating vessel on which the harvested sand will be loaded and transported to the Beach for offloading using a conveyor belt in Wang'chieng' Location, Rachuonyo North Sub-County, Homa Bay County.

The following are the anticipated impacts and proposed mitigation measures:

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Occupational and community health and safety hazards	<ul style="list-style-type: none"> • Proponent should establish and implement a comprehensive Health and Safety Plan for the site. • The Proponent should ensure compliance with all standards and legally required health and safety regulations. • The Proponent shall establish an emergency response procedure and display on all work areas during sand harvesting activities. • The Proponent should provide a standard

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
	<ul style="list-style-type: none"> First Aid Kit at the site office at all times. • Workers should be trained on site safety and regular safety briefs conducted. • Provision of PPE (dust masks, safety jackets, gum boots). • Ensure that personnel wear lifejackets at all times when in the lake.
Soil erosion and compaction	<ul style="list-style-type: none"> • The Proponent must implement erosion control measures to avoid erosion in areas that are prone to erosion. • Vehicles must be restricted to the existing roads and areas earmarked for new tracks only. • Avoid unnecessary vehicle movement.
Increased Incidences of HIV/AIDS and other STIs spread of Covid - 19	<ul style="list-style-type: none"> • Contractor to maximise use of local casual labour to reduce the need for immigrant workers. • In line with the HIV/AIDS prevention act, the Proponent should ensure that prevention and management of sexually transmitted diseases as a result of social interaction between immigrant workers and local populations to reduce the risk of the transfer of HIV virus between and among the Proponent's personnel and the local community through. • Both workers and local communities must be sensitized on Covid 19 prevention measures in line with the government directives and workers provided with the requisite PPEs and sanitizers at their work station. • Proponent to abide by WHO and MOH Covid -19 prevention and control guidelines.
Generation of construction and Operation wastes	<ul style="list-style-type: none"> • Implement in-house waste management programme by installing facilities e.g. waste containers/bins on site during construction and operation phase. • Proper segregation of solid waste prior to disposal. • Empty packaging materials like cartons and cement bags shall be piled in a safe place and sold to waste paper recyclers. • All hazardous wastes including material contaminated with hazardous wastes shall be stored in a designated area on site for regular removal and disposal in accordance with Environmental Management and Coordination (Waste Management) Regulations, 2006. The Proponent will have a NEMA licensed waste collector to dispose all the waste at approved locations. • Ensure there is adequate sanitary facilities.
Disturbance of bottom of the Lake ecosystem	<ul style="list-style-type: none"> • The proponent will operate in a designated area of 500m by 500m only. • Operations machine to be well maintained to produce minimal noise. • There will be sustainable extraction of sand. The quantity harvested will be sustainable to ensure it is within the volume 'replenished' by the system.
Conflict	<ul style="list-style-type: none"> • Proper sensitization and creation of ownership.

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Noise, vibration and dust accidents	<ul style="list-style-type: none"> • Defuse any conflicts among the members of the community. • Display warning signs on access roads leading to the site. • Train workers in safety and health. • Carry out operations at daytime. • Maintain vehicles and machinery in good condition in order to minimize gas emissions and noise. • Erect speed bumps to control motor vehicle speed. • Plan for accident and emergency facilities.

**ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED KIONGWE HOUSING PROJECT ON L.R.
NO. LMU/1281/01/16 IN BAHARI WARD, MPEKETONI-LAMU
COUNTY**

INVITATION OF PUBLIC COMMENTS

PURSUANT to Regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Bahari Wind Limited, Proposes to construct a total number of 333 housing units and associated facilities intended for resettlement exercise for the project affected persons (those whose land were acquired) for the Bahari wind farm project on plot L.R. No. LMU/1281/01/16 in Bahari Ward, Mpeketoni Sub-county, Lamu County

The following are the anticipated impacts and proposed mitigation measures:

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Dust pollution (generated during excavation, vehicle movement and uncovered trucks delivering sand and site	<ul style="list-style-type: none"> • Workers to be provided with adequate personal protective equipment like dust masks and goggles. • Trucks transporting materials should be covered to prevent dust pollution.

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
clearance)	<ul style="list-style-type: none"> • Sprinkle dusty areas with water in order to keep dust level low. • Install dust trappers around the site. • All personnel working on the project will be trained prior to starting construction on methods of minimizing air pollution during construction. • Control speed and operation of construction vehicles.
Air emissions (Generated from vehicles and fuel machines on site)	<ul style="list-style-type: none"> • Decreasing the number of trips carried out by the vehicles by delivering materials in bulk to minimize air pollution. • Vehicles used during construction phase should be kept in good working condition to prevent them from emitting excessive emissions.
Noise Pollution (Caused by movement of vehicles, construction equipment and loading and offloading of materials)	<ul style="list-style-type: none"> • Construction works and material delivery to be done only during the day (8am-5pm). • Machinery that makes excessive noise should be fixed with silencers. • Locating noisy activities away from sensitive neighbors like school, restaurant, working offices etc. • workers to be provided with adequate personal protective equipment like ear muffs. • construction machines should be well maintained and regularly serviced. • Machinery, vehicles and instruments that emit high levels of noise will be used on a phased basis to reduce the overall impact. These equipment's such as drills, excavators and cement mixers will be used when the least number of residents are expected to be affected, for example during periods where most residents are at work or school.
Traffic management	<ul style="list-style-type: none"> • Proper signage put in place to notify neighbor of activity and presence of heavy vehicles and to direct traffic. • Assign traffic marshals to ensure strict adherence to traffic rules. • Erect speed control measures at sensitive spots such as speed bumps.
Soil erosion, soil compaction and clearing of vegetation	<ul style="list-style-type: none"> • Minimize clearing of unnecessary areas at the construction site and protect such areas during construction by temporary fencing off. • Controlled access for heavy machinery and designate storage areas. • Revegetation and landscaping upon completion. • Provide drainage channels to natural drains and rivers/streams to minimize erosion. • Control earthworks to prevent compaction of loose soils that may hinder water and air penetration. • There should be designated path ways and drive ways for movement within the compound to avoid unnecessary compaction.

Possible Impacts	Mitigation Measures	Possible Impacts	Mitigation Measures
High energy demand (Construction activities will use machines that require fossil fuel inputs such as diesel and petrol and generators whose application will increase the demand for energy)	<ul style="list-style-type: none"> • Create awareness among workers on the importance of conservation of energy resources. • Employ technologies that demand less energy consumption. • The project proponent and contractor shall ensure responsible electricity use at the construction site through sensitization of staff to conserve electricity by switching off electrical equipment or appliances when they are not being used. • Proper planning of transportation of materials to ensure that fossil fuels (diesel, petrol) are not consumed in excessive amounts. Complementary to these measures, the proponent shall monitor energy use during construction and set targets for reduction of energy use • Switch off engines when not in use. • Use well serviced construction machinery that are fuel efficient. • Maximize the use of natural lighting by limiting construction works to daytime. 		<ul style="list-style-type: none"> • Buildings under construction should be covered with dust and debris arrestors during construction. • Moving parts of machines should be guarded to protect workers from injury. • The contractor shall conform to all the stipulations of the Occupational Health Safety Act, 2007. The Act requires the designation of a Health and Safety representative when more than 20 employees are deployed.
Solid waste (Solid waste in the form of soil, stones, timber, metal, glass, plastics and other debris)	<ul style="list-style-type: none"> • Reuse or recycle construction materials where possible to reduce amount of waste e.g., building stones, timber etc. • waste generated be collected by a NEMA approved solid waste handler. • Use of durable, long-lasting materials that will not need to be replaced as often, thereby reducing the amount of construction waste generated over time. • The site should have waste receptacle with bulk storage facility at convenient points to prevent littering. 	Fire Prevention	<ul style="list-style-type: none"> • Provide necessary fire prevention equipment on site in line with applicable regulations.
Large amount of water consumption (Mixing and casting concrete, dust area sprinkling, human use e.g., drinking and sanitary use)	<ul style="list-style-type: none"> • Ensure water conservation in all activities. • Water be recycled without compromising on quality and health. • Ensure good use of water resources during construction by installing taps on all outlets. • Put in place sound water storage reservoirs that are leak proof. • Instill water use discipline among employees. • Sea water can be used for activities that do not require fresh water and are not likely to cause pollution. 	Labour Rights	<ul style="list-style-type: none"> • Ensure that workers have access to and are aware about the Grievance Mechanism. • Ensure legal labour standards as per the Kenyan constitution and the ILO regulations (child/forced labour, no discrimination, working hours, recommended wages) are met. • Provide housing conditions in accordance with all applicable health and safety regulations and norms by ensuring the provision of adequate space, supply of water, adequate sewage and garbage disposal system, appropriate protection against heat, cold, damp, noise, fire and disease-carrying animals, adequate sanitary and washing facilities, ventilation, cooking and storage facilities and natural and artificial lighting, and in some cases basic medical services. • Ensure the workforce has access to primary healthcare on site, providing prescriptions.
Occupation Health and safety	<ul style="list-style-type: none"> • Designate adequate first aiders to respond accident and incidence. • Provision of adequate PPE (safety shoes, gloves, helmets). • Give employees correct tools and equipment for the assigned job. • A well-stocked first aid kits to be maintained by qualified personnel. • The site shall be fenced off and provided with security at the access gates to reduce potential accidents and injuries to the public. 	Environmental contamination/ spills	<ul style="list-style-type: none"> • Collect and segregate wastes and ensure safe storage and in line with legal requirements. • Ensure disposal through waste contractors licensed for treatment/removal/recycling of each of the waste types. • Ensure appropriate and safe storage of contaminants such as fuels, construction materials and wastes. Provide absorbent and intervention materials in sufficient quantities and at relevant locations for intervention in case of leakages/spills. • Implement appropriate secondary containment and spill controls for maintenance or refueling works. • Ensure appropriate containment and disposal of construction wastewater, including sanitary water. • Ensure immediate cleaning of any spills and remediation of contaminated areas after construction.
		Site Clearance- Vegetation removal and habitat disturbance	<ul style="list-style-type: none"> • Limit vegetation clearing to areas within the site boundary where it is absolutely necessary. • Avoid clearing mature trees. • Avoid off-road vehicle traffic. Use existing roads. • Ensure revegetation of cleared areas where possible after construction using native species.

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED AQUA VISTA RESIDENTIAL
APARTMENTS ON PLOT 1542/I/MN, MOMBASA COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to Regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Blue Regency Investments Limited, proposes to demolish an existing single dwelling maisonette and construct a total of 144 No. of units in 6 blocks of 12 floors each, wastewater treatment plant, swimming pool, solar installation, vehicle parking, underground water tanks and associated amenities on plot L.R. 1542/I/MN at Nyali, Mombasa County.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impacts	Mitigation Measures
Traffic Impact	<ul style="list-style-type: none"> • The timing of the truck arrivals and departures should be largely outside of the vehicular peak periods. • During the demolition and construction stages, all trucks to enter the construction site. • A traffic marshalling to be developed in unison with contractor during construction. • Warning signs to be placed to advise pedestrians and manage their safety when walking across the construction driveways. • During activity periods of high traffic volume (such as demolition, excavation and concrete pours), pedestrians to be guided walking across the construction driveways exit by traffic controllers. • The use of public transport and carpooling to be actively encouraged. • Vehicle access to neighbouring properties and public beach to be unimpaired. • No machinery or material to be stored on the footpath or verges or on public areas. • All materials handling to be done on site.
Construction waste	<ul style="list-style-type: none"> • Avoid overloading trucks and cover trucks to minimize dust and spillages from trucks during transportation. • For aggregate and sand, use water sprays or covered chutes to reduce dust emission during loading and unloading of materials. • Maintain mixing plants in good working condition so as to reduce emission from the plant. • As far as possible, plan truck trips to material source and to the sites during low traffic volume. • Implement safety procedures to reduce the potential for road accidents.
Noise and vibration pollution	<ul style="list-style-type: none"> • Schedule noisy activities during the normal working hours of between 8am to 5 p.m. No work should be undertaken at night or very early in the morning; • Switch off idle machines and equipment. • Ensure machinery is well serviced to reduce noise emitted. • The contractor should adhere to the provision in the Environmental Management and Co-ordination (Noise and Excessive Vibration pollution) (control) regulations, 2009. • Provide workers with appropriate PPEs when working under noisy environment e.g. ear plugs. • Construction waste is not to enter the biophysical or socio-economic environment.

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Air pollution	<ul style="list-style-type: none"> Contractors to have waste management plans to mitigate potential impacts. Practice dust management techniques, including watering spraying to suppress dust. Move earth and sand in covered vehicles/transport to avoid it being blown by wind increasing suspended particulate matter in the atmosphere. All power plants to be of good condition with acceptable smoke emissions. Set up dust barriers/screens at strategic locations. Provide and enforce use of Personal Protective Equipment (PPE) for staff.
Water shortages	<ul style="list-style-type: none"> Replace or repair leaking pipes supplying water to the construction sites to minimize wastage. The Contractor should ensure provision of adequate water storage facilities on the construction site to meet project needs during periods of high demand externally and refill of storage tanks during periods of low demand. Incorporate water harvesting techniques and matched storage. Waste water treatment and reuse in landscaping. Regularize the existing borehole.
Pollution/contamination of ground and surface water	<ul style="list-style-type: none"> Appropriate containment structures to be provided to store contaminated water from the construction site. The contractor should ensure this water are properly disposed and not allowed to be drained on site. Concrete batching area should be bounded to prevent contamination of soils and surface water features. All fuel storage to be appropriately banded and provided with a canopy. Provision of adequate sanitary facilities for construction workers to enable proper disposal of fecal matter and avoid contamination of surface water features which could be a cause of water borne diseases.
Occupational Health and Safety	<ul style="list-style-type: none"> Contractor should ensure registration of all construction works by the Director, Directorate of Occupational Health and Safety Services (DOHSS) in compliance with the Buildings and Works of Construction Engineering Rules, 1984. Contractor should contract a qualified Health and Safety advisor to conduct training and monitoring of construction works. Contractor should provide a standard First Aid Kit onsite. The Contractor should train several workers in First Aid depending on the number of workers on site as stipulated in the First Aid Rules 1977 through DOSHS certified First Training institution e.g. Red Cross, St. John Ambulance.

FOR THE PROPOSED INCINERATOR INSTALLATION BY
BRIAN MIDIWO OF ABINYA SOLUTIONS LIMITED ON LAND
ALLOTMENT NO. 267 MITDSENZINI IN KILIFI COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to Regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent Brian Midiwo c/o Abinya Solutions Limited proposes to install a waste handling incineration plant, a box type furnace (dimensions: 3500(l)* 2100(w)* 2400(h)), at an acquired 15-acre piece of land on allotment number 267 in Mitdsenzini Village, Forodhoyo Location, Ganze Sub-county in Kilifi County. The Proposed Project aims to provide suitable incinerator for safe treatment of hazardous wastes.

The following are the anticipated impacts and proposed mitigation measures:

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Dust disturbance	<ul style="list-style-type: none"> Employees involved in the construction work to be provided with dust masks. Management/contractor to insist on strict use of protective clothing. Complaints of dust related ailment should be given immediate medical attention.
Noise disturbance	<ul style="list-style-type: none"> All construction work to be limited to daytime only. All employees likely to be exposed to ear noise to be provide with ear protectors. Contractor to ensure strict enforcement on user of ear protectors. Where applicable and possible exceptionally noisy machines to be fitted with noise reduction devices. Any employee who may complain about ear related pain and or complication while at

	work to access medical attention at the expense of the contractor or project proponent.
Solid waste	<ul style="list-style-type: none"> Where employees are likely to be exposed to continuous. Construction solid waste to be handled, managed and disposed according to the waste management regulations. Waste handling bins to be provided for workers onsite, each bin should have a lid which should always be covered. Colour code to be used to distinguish waste bins of different waste. Solid waste to be disposed only at licensed disposal sites. In a case of cement bagging, they can be stored recycled or put into different usage.
	<ul style="list-style-type: none"> Appropriate personal protective equipment such as safety belts for workers working at height to be provided. Proper use of PPE provided. Appropriate training of workers of ways of working safely. Appropriate supervision at workplace. Rest times to be strictly observed to reduce stress. Noise and dust and other factors can result in reduced concentration to a level of causing and accident to be appropriately mitigated.
	<ul style="list-style-type: none"> Installation of electrostatic precipitators, fabric filters, or wet inertial scrubbers for particulate matter control. Limiting the ash content of the waste feed via source control or selection. Optimize voltage and other electric conditions of an ESP (to maximize capture of particles). Designing and operating the primary combustion chamber to minimize fly-ash carryover. Choosing advanced combustion designs and emission-control technologies for the pollutant of concern. Having well-trained and certified employees that ensure that the combustor is operated to maximize combustion efficiency and that the emission control devices are operated to optimize conditions for pollutant capture or neutralization. Installation of well-designed and well-operated fine-particle of Air Pollution Control device (APCD) such as filtration collectors, including primary fabric filters (baghouses); electrostatic collectors, including dry and wet electrostatic precipitators (ESPs) and ionizing wet scrubbers; and wet inertial-impaction collectors, including venturi scrubbers and advanced designs that use flux-force condensation-enhancement techniques. Optimize furnace operation, including temperature, oxygen concentration, and carbon monoxide concentration by optimizing grate speeds; under-fire and

Impacts of solid waste including bottom ash, fly ash, scrubber water, and various miscellaneous waste streams and other residues like such as lime and activated carbon, themselves with condensed or absorbed contaminants	<ul style="list-style-type: none"> Maintain a maximum gas flow-rate limit to ensure adequate residence time in the combustion chamber and proper operation of the air pollution control equipment. Optimize baghouse pressure drop, bag-break detection, wet- scrubber pressure drop, pH, and liquid-to-gas ratio. Quarterly stack emission assessment of the incinerator. Initial sorting of municipal-solid to remove stream of large items unsuitable for burning (such as whole refrigerators, gas stoves, and auto batteries). Knowledge of the intrinsic properties of the material, including the physical, chemical, and leaching properties by the incinerator operator. Solid waste to be handled managed and disposed according to the Environmental Management and Coordination (Waste Management) Regulations 2006. Abinya Solutions Limited to contract a NEMA licensed waste collection company to be collecting all solid waste from the apartments. Solid waste to be collected daily from the apartments for disposal at NEMA licensed disposal sites only. Only NEMA licensed vehicles to be used to collect and transport waste from the facility. Waste handling bins to be provided, each bin should have a lid which should always be covered. Colour code to be used to distinguish waste bins of different waste; Waste to be sorted at source. There should be no scattering of waste during transportation to and from disposal site. 	
	Ash handling at site	<ul style="list-style-type: none"> The ash be contained at all times both inside and outside the facility. Use of water to quench the ash, simultaneously reducing dust generation and minimizing the possibility of ash-dust inhalation or ingestion by workers. Enclosed ash-handling systems throughout the incinerator.
	Ash disposal	<ul style="list-style-type: none"> Fly ash residues are to be transported and disposed of only after it has been solidified in the incineration plant. Ash be handled and disposed in a secure hazardous-waste landfill that is designed to ensure that there will be no groundwater pollution. Regular testing of ash to determine its toxicity.
	Scrubber waste disposal	<ul style="list-style-type: none"> Wet-scrubber wastewater be discharged to on-site wastewater-treatment system.
Operational inefficiency leading to GHG emissions	<ul style="list-style-type: none"> Screening incoming wastes at the plant to reduce incineration of wastes (such as batteries) that are non-combustible and are

Occupational hazards or injuries to works, visitors and general public	<ul style="list-style-type: none"> • Plant operators and worker training in hazardous-material management and annual refresher courses. • All workers should be provided with protective gear. These include working safety boots, overalls, helmets, goggles, earmuffs, respirators/masks and gloves. • A first aid kit should be provided within the site. This should be fully equipped at all times and should be managed by qualified person. • The proponent should have workmen's compensation cover (WIBA). It should comply with workmen's compensation. • Adequate sanitary facilities should be provided and standard cleanliness maintained. • Safe operation procedures/ clear instruction provided to the workers and general public to ensure that safety is maintained. • Workers operating within the high temperature zones should not exceed 2hrs continuous presence or/as may be directed by the Occupational Health and Safety Experts. • Mounting of safety signage's within and outside the incinerator plant. 		
Increased demand for water electricity supply to the site;	<ul style="list-style-type: none"> • Approximate volumes of water to be required for use at the site be computed in order to put in place mechanisms of reliable supply. • Water saving devices such as push taps to be installed to minimize lose through loose taps. • Treated wastewater to be used in flushing toilets and irrigating of lawns. • Rain water to be harvested from the roofs and stored. • Energy saving bulbs to be used in lighting in all areas within the site and associated facilities. • Solar Security lighting of the site and the surrounding and the lighting to be fitted with photocell sensors to avoid day lighting.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED RESIDENTIAL APARTMENTS
DEVELOPMENT ON PLOT L.R. NO. 209/8162 OFF KANGUNDO
ROAD, KILELESHA, NAIROBI CITY COUNTY.

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the environmental management and co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Skycity Dwellers Company Limited, proposes to develop residential apartments comprising of a 4-semi-detached 15-storey blocks with 112No. studio apartments, 42No. one bed roomed apartments, 70No. two bed roomed apartments, 56No. two bed roomed apartments (a total 280No. apartments), three basement floors comprising parking slots, guard house, protected dustbin cubicles, driveways and parking, three lifts and other associated facilities and amenities on L.R. No. 209/8162 off Kangundo Road, Kileleshwa, Nairobi County.

The following are the anticipated impacts and proposed mitigation measures.

Impacts	Proposed mitigation Measures
Soil disturbance	<ul style="list-style-type: none"> • Control earthworks and compact loose soils. • Ensure the geo-technical survey is conducted before commencement of any excavations. • Install drainage structures properly. • Landscaping on project completion.

Impacts	Proposed mitigation Measures
	<ul style="list-style-type: none"> • Control and manage excavation activities. • Control excavation activities especially during rainy conditions. • Provide soil erosion control and conservation structures/means where necessary. • Ensure standard appropriate practices on the provided gardens.
Change in hydrology	<ul style="list-style-type: none"> • Proper installation of drainage structures commensurate with the new development. • Install cascades to break the impact of water flowing in the drains. • Ensure efficiency of drainage structures through proper design and maintenance. • Provide gratings to the drainage channels.
Liquid waste	<ul style="list-style-type: none"> • Ensure sanitary facilities are kept clean always through regular cleaning. • Ensure regular maintenance of foul water drainage works at the premises to prevent clogging and fore-stall breakdowns. • Frequent monitoring of the internal drainage system.
Increased energy use	<ul style="list-style-type: none"> • Solar energy will be used as an alternative source of energy. • Use energy efficient appliances such as LED bulbs for lighting. • Switch off electrical appliances when not in use. • Regular maintenance of all the electrical components. • Regular inspection and maintenance of the solar panels.
Noise pollution	<ul style="list-style-type: none"> • Erect suitable barriers to control noise. • Sensitize drivers of construction machinery on effects of noise. • Maintain plant equipment (if present). • Construction activities to be restricted to daytime. • Workers in the vicinity of or involved in high-level noise to wear safety and protective gear. • Work to be confined between 8am and 5pm weekdays and 8am to 1pm on weekends. There should be no construction works on Sundays.
Solid waste	<ul style="list-style-type: none"> • Use of an integrated solid waste management system through a hierarchy of options: source reduction, recycling, composting and reuse, will facilitate waste handling. • Ensure segregation of waste (organic and inorganic) at source. • Provide clearly marked dustbins cubicles to serve the specified use. • Ensure that wastes generated are efficiently managed through recycling, reuse and proper disposal procedures. • Engage services of a registered NEMA waste handler to dispose the waste regularly at approved disposal points.
Oil pollution	<ul style="list-style-type: none"> • Proper storage, handling and disposal of new oil and used oil wastes as per waste regulations.

<i>Impacts</i>	<i>Proposed mitigation Measures</i>
	<ul style="list-style-type: none"> • Maintain plant and equipment to avoid leaks. • Maintenance of construction vehicles should be carried out in the contractors yard (off the site). • Provide oil interceptors along the drains leading from car park and potentially oil risk areas.
Water resources	<ul style="list-style-type: none"> • Management of water usage. Avoid unnecessary wastage. • Recycling of water at the construction phase where possible. Make use of roof catchments to provide water i.e for general purposes.
Public Health, occupational health and safety.	<ul style="list-style-type: none"> • Train staff/workers on occupational health hand safety. • Provide full protective gear and workmen's compensation cover in addition to the right tools and operational instructions and manuals during construction. • Adopt sound housekeeping practices. • Sensitize residents on environmental management. • Design of sewerage system should be as provided in the plans. • Post strategically the Occupational Safety and Health Act, 2007 Abstract and provide material safety data sheets. • Post clear warning signs e.g. 'No unauthorized use of machines', ensure there are guards on moving parts e.t.c • Provide fully equipped First Aid kits and train staff on its use. Ensure adherence with the legal requirements -OSH Act, 2007.
Fire	<ul style="list-style-type: none"> • Install firefighting equipment as provided elsewhere in the report. Conduct training on firefighting, evacuation and emergency response. • Sensitize the residents on fire risks i.e. conduct regular fire drills. • Adapt effective emergency response plan. • Maintain service firefighting machinery regularly. • Provide emergency numbers at strategic points.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement, etc.*:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the National or County Governments. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly, Senate or County Assemblies.
- (4) *Act Supplement* contains Acts passed by the National Assembly, Senate or County Assemblies.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typed with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.
