Name of the Ministry: Ministry of ICT, Innovation and Youth Affairs.

Department: State Department of ICT and Innovation

Gazetted on:

Tabled on:

PART II

1. Purpose of the Statutory instrument

The purpose of the Regulations is to unpack the data protection aspects that relate to the civil registration entities, such as registration of births, adoptions, marriages, citizenship and deaths in the country. The entities that process civil data of persons are very critical and therefore a need to prioritise in providing them with guidance on how they ought to comply in the processing of personal data. The regulations obligate the civil registration entities to comply with the right to data protection. The Regulations further prescribe the security standards and safeguard that civil registration entities are expected to comply with in their processing activities.

2. Legislative Context

- 2.1. The Constitution of Kenya provides for the right to privacy under Article 31 which entitles citizens to not have information relating to their family or private affairs unnecessarily required or revealed, or the privacy of their communications infringed.

- 2.2. The Data Protection Act No. 24 of 2019 is the principal legislation regulating the processing of personal data, while ensuring that the processing of personal data of data subject is guided by the principles of data protection.
- 2.3. The Data Protection (Civil Registration) Regulations, 2020 will provide a comprehensive legal and regulatory framework for the processing and the protection of personal data collected by civil registration entities.

PART III

3. Policy Background

- 3.1. The Ministry of ICT, Innovation and Youth established the Taskforce on the development of the policy and regulatory framework on Privacy and Data Protection, which successfully developed the draft Data Protection Policy and Data Protection Bill, 2019.
- 3.2. Thereafter, the Cabinet approved the Data Protection Policy on 18th April 2019, with the National Assembly legislating on the Bill, which was assented into law on 8th November 2019 and come into operation on 25th November 2019.
- 3.3. Subsequently, upon the determination of the Court decision on the enrollment of citizens onto the National Integrated Identity Management System (NIIMS), that required the existence of a comprehensive legal and regulatory framework, the Cabinet Secretary as empowered under section 71 of the Data Protection Act formulated the regulations.
- 3.4. It is expected that the Regulations will provide a comprehensive regulatory framework that will guide the civil registration entities in the application of the right to privacy and data protection as guaranteed under legislation.

4. Consultation outcome

4.1. Pursuant to Article 10 of the Constitution, The Ministry of ICT, Innovation and Youth Affairs consulted with all key stakeholders, who were likely to be affected by the proposed regulations over a period of 14 days. The consultations were conducted between 17th February 2020 and 2nd March 2020.

4.2. The Ministry, vide a public notice dated 17th and 18th February, 2020 invited member of the public to submit any representations on the Data Protection (Civil Registration) Regulations, 2020. Subsequently, the Ministry held public hearings on the draft Guidelines on 27th February, 2020 in eight regions as follows;

Region	Town	Venue
Western Region	Kakamega	Mashariki Hall (RC's Office Compound)
Nyanza Region	Kisumu	Tom Mboya Labour College
Central Region	Nyeri	CDF Hall, Nyeri Town Constituency
Rift Valley Region	Nakuru	Water Buck Hotel, Nakuru
Nairobi Region	Nairobi	KICC
Coast Region	Mombasa	Kenya School of Government
Eastern	Embu	Embu Social Hall
North Eastern	Garissa	Government Guest House

4.3. The stakeholders acknowledged that the regulations will add on to the existing legal framework and provide a comprehensive regulatory environment for the protection of personal data held by the civil registration entities. Concerns were raised over the Regulations comprehensiveness on the rights of the Data Subjects including the rights of persons with incapacities such as minors and the duties of the civil registration entities towards the data subjects.

4.4. The Ministry, in collaboration with the Office of the Attorney General, Kenya Law Reform Commission, National Registration Bureau, Civil Registration Services, Communications

Authority of Kenya and the Ministry of Interior & Co-ordination of National Government held a workshop on 3rd – 7th March 2020 in Machakos to consider the views of the public and incorporate the input into the final draft of the Regulation.

5. Guidance

The Ministry of ICT Innovation and Youth Affairs will sensitize key stakeholders including civil registration entities, National Government Ministries and Independent Offices on the provisions of the Regulations to ensure that the Regulations serve the purpose for which they have been made.

6. Impact

6.1. **The Impact on Fundamental Rights and Freedoms:** These Regulations do not limit fundamental rights and freedoms

6.2. **The impact on the Public Sector:** These Regulations will aid in providing a comprehensive regulatory framework on the administration of the right to privacy and data protection. This will have a positive impact on the Government relations by increasing the levels of transparency and good governance, increasing the level of public trust.

7. Monitoring and review

7.1. The Ministry of ICT Innovation and Youth Affairs shall monitor the implementation of the Regulation by the Civil Registration Entities. This shall be done through annual reports from the civil registration entities to the Office of the Data Commissioner.

8. Contact

The contact person at the Ministry of ICT Innovation and Youth Affairs is Mr. Jerome Ochieng, Principal Secretary, State Department for ICT and Innovations

THE REGISTRATION OF PERSONS ACT

(Cap. 107)

IN EXERCISE of the powers conferred by section 16 of the Registration of Persons Act, the Cabinet Secretary for Interior and Co-ordination of National Government makes the following Rules—

THE REGISTRATION OF PERSONS (NATIONAL INTEGRATED IDENTITY MANAGEMENT SYSTEM) RULES, 2020

PART I - PRELIMINARY

1. These Rules may be cited as the Registration of Persons (National Integrated Identity Management System) Rules, 2020.

2. In these Rules, unless the context otherwise requires—

“Act” means the Registration of Persons Act;

“enrolment” means the process of collecting specified particulars from a resident individual for the purpose of assigning Huduma Namba;

“Huduma card” means a digital multipurpose identity card issued to a resident individual;

“Huduma Namba” means a unique identification number assigned to a resident individual who has enrolled into the NIMS;

“foundational data” means the basic personal data of a resident individual for attesting the individual’s identity and includes biometric data and biographical data;

“functional data” means the data of a resident individual created in response to a demand of a particular service or transaction;

“NIMS” means the National Integrated Identity Management System established under section 9A (1) of the Act; and

“resident individual” means—

- (a) a citizen of Kenya;
- (b) a foreign national who has been granted lawful residency in Kenya; or
- (c) a refugee registered in accordance with the Refugees Act, 2006.

3. The objects of these Rules is to—

- (a) give effect to section 9A of the Act;
- (b) provide mechanisms for operation of the NIMS; and
- (c) facilitate the assigning of Huduma Namba and issuance of Huduma card to a resident individual.

4. The National Integrated Identity Management Systems shall consist of the—

- (a) attaining the age of six years; and
- (b) updating the required biometric data and other particulars specified under rule 15.

(3) The initial issue of the Huduma card to a citizen is free of charge.

(4) An individual whose Huduma card is lost, worn out, or tampered with shall apply for a replacement upon payment of such fees, as may be specified by the Cabinet Secretary in the *Gazette*.

(5) A replacement envisaged under paragraph (4) shall be issued within fourteen days from the date of application specified under paragraph (4).

15. (1) An enrolled resident individual may update their particulars under NIIMS by notifying a designated registration officer, by filling in the Change of Particulars Form HN 2 set out in the Schedule.

Update of particulars.

(2) Upon the receipt of a notification of change of particulars under paragraph (1), the designated registration officer shall verify the information provided and update the NIIMS database without delay.

(3) The particulars of a child captured after registration of a birth shall, on application by the parent or guardian, be updated under the NIIMS upon the child attaining the age of six years.

(4) Where a request to update particulars is declined, a designated registration officer shall within seven days of such decision—

- (a) inform the applicant in writing, setting out reasons for the decision; and
- (b) inform the applicant of the right of review or appeal.

16. Any government entity involved in the production of any document outlined under section 9A (2)(d) of the Act shall rely on foundational data under the NIIMS database.

Production of Identity documents.

17. The provisions of the Data Protection Act, 2019 shall apply to the processing of personal data under the Act and these Rules.

Application of the Data Protection Act, 2019.
No. 24 of 2019.
NIIMS Linkages.

18. A government agency that relies on foundational data of resident individuals to deliver a public service may be linked to the NIIMS database in a manner that enables the agency to—

- (a) authenticate personal data in their possession with NIIMS database; and
- (b) transmit, access or retrieve foundational data necessary for proper discharge of the agency's functions.

- (c) software and interfaces used for communication to and from the database systems;
- (d) a diagram of the network in which the database is operating, including a description of the connections between the different system components and the physical location of components; and
- (e) the dates in which the document and the inventory were last updated.

(2) The up-to-date database structure document and inventory shall be secured in such a manner that only authorized users who require them for the performance of their role shall be provided access.

Database systems
and a risk
assessment.

(3) The civil registration entity shall be responsible to conduct a data security risk assessment.

(4) The civil registration entity shall consider—

- (a) the findings of the risk assessment provided; and
- (b) the need to update the database definitions document or the data security procedure as a result, and act to amend the shortcomings found in the course of the assessment, if any.

(5) The risk assessment specified under paragraph 4 (a) shall be carried out on a periodical basis.

(6) The civil registration entity is responsible to conduct, at least once every eighteen months, access tests to the database systems in order to test their vulnerability to external and internal threats.

(7) The civil registration entity shall consider the results of the access tests and amend the faults found, if any.

30. (1) A civil registration entity shall ensure that the database and database systems are maintained in a secure place, preventing unauthorized access, and which is suitable to the nature of the database activity and the sensitivity of information therein.

Physical protection
and secure
surroundings

(2) A civil registration entity shall take measures to monitor and document the entry to and exit from sites in which the database or database systems are located, including the setting and removing of equipment in and from the database systems.

31. (1) A civil registration entity shall not grant access to information stored in the database and shall not change the scope of authorization granted, unless the civil registration entity has undertaken reasonable measures, to screen and place authorized officers, to ensure that the unauthorized user is not granted access to the personal data stored in the database.

Data security in
manpower
management

(2) The measures specified under paragraph (1) shall be taken in accordance with the sensitivity of the information in the database and the scope of access permissions attached to the role proposed to the relevant person.

(3) Prior to authorized officers gaining access to the database or before a change in the scope of their authorizations, the civil registration entity shall train authorized officer on the obligations embodied in the Act and these Regulations.

32. (1) A civil registration entity shall determine access permission of authorized users to the database and database systems in accordance with the authorized officer's responsibilities.

(3) A civil registration entity shall keep an up-to-date record of authorized user's roles, user permission granted to these roles and the authorized users performing such roles.

(4) Immediately following the termination of an authorized user's role, a civil registration entity shall revoke the permission of an authorized user who has ceased working in their role, and change the passwords to the database and database systems to which the authorized user could have known.

33. (1) An automatic recording mechanism shall be incorporated in the database system to enable monitoring access to the database systems including on —

Monitoring and documenting access.

- (a) user identity;
 - (b) date and time of access attempt;
 - (c) system component to which access was attempted; and
 - (d) access type, its scope, and whether access was granted or denied.
- (2) The monitoring mechanism shall—
- (a) not enable disabling or modifying its operation; and
 - (b) in the event of disabling or modifying, send alerts to the authorized officer or any other relevant person.

34. (1) A civil registration entity shall document cases in which a data security incident was discovered, raising concern regarding a breach of personal data integrity, unauthorized use thereof or deviation from authorization.

Documentation of security incidents.

(2) The documentation specified under paragraph (1) shall, as far as is practicable, be stored in electronic form.

(3) In the data security procedure, a civil registration entity shall prescribe instructions with respect to handling information security incidents, depending on the event severity and the information sensitivity level, including—

- (a) revoking authorizations and other necessary immediate measures; and
- (b) reporting security incidents, to the Data Commissioner and the actions taken in response to the security incidents.

35. (1) A civil registration entity shall not connect the database systems to the internet or to another public network without installing the appropriate safeguards against unauthorized access or against software that may damage or disrupt computers or computer material.

Network security.

(2) The transfer of personal data from the database through a public network or the internet shall be conducted by commonly used encryption methods.

36. (1) The civil registration entity shall conduct, at least once in twenty-four months, an internal or external audit by an auditor adequately trained in the field of data security who is not the civil registration entity's data protection officer, in order to ensure it complies with the provisions of the Act and these Regulations.

Periodical audits.

(2) The auditor shall report on the adherence of the security measures to the data security procedure and to these Regulations, identify shortcomings and recommend the necessary measures to correct the situation.

(3) A civil registration entity shall review the audit reports specified under sub-regulation (2) and assess the need to update the database definitions document or the data security procedure, accordingly.

(4) A civil registration entity that controls several databases may comply with the duty prescribed in this regulation by performing a single audit for all the databases it controls.

37. (1) The civil registration entity shall retain the backup copy of the data and of the security procedures in a manner that ensures the integrity of the personal data and the ability to restore the information in case of loss or destruction.

Data backup and restoration.

(2) The civil registration entity shall formulate –

- (a) procedures for routine periodical backup in accordance with these Regulations; and
- (b) procedures to ensure restoration of the data.

(3) In documenting security incidents pursuant to regulation 34, data restoring processes shall also be documented, including the identity of the person who performed the data restoration and the details of the personal data restored.

38. (1) A civil registration entity shall not transfer personal data collected for civil registration purposes out of Kenya, except with the written approval of the Data Commissioner.

Transfer of personal data outside Kenya

(2) A person who contravenes Paragraph (1) shall, on conviction, be liable to a penalty specified under section 73 of the Act.

PART VII—GENERAL PROVISIONS

39. A civil registration entity shall, on annual basis, submit a compliance report to the Data Commissioner.

Reports to the Data Commissioner.

40. (1) A civil registration entity entering into an agreement with an external service provider in order to receive a service which involves granting external service provider access to the database shall—

Outsourcing.

- (a) assess, prior to entering an agreement with the external service provider, the data security risks involved in the engagement;
- (b) expressly agree with the external service provider on the following, taking into account the risks mentioned under paragraph (a)—
 - (i) the data the external service provider may process and the permitted purposes of its use as required by the agreement between the parties;

- (ii) the database systems that the external service provider may access;
- (iii) the type of processing or activities the external service provider may perform;
- (iv) the agreement duration, the manner of returning the data to the civil registration entity at the end of the agreement, its destruction at the disposal of the external service provider and of reporting accordingly to the civil registration entity;
- (v) the manner data security obligations which apply to the processor of the database according to these Regulations are implemented, and additional data security instructions set by the civil registration entity, if any;
- (vi) the external service provider shall have his authorized users sign an undertaking to protect the information confidentiality, to use the data only according to the agreement and to implement the data security measures prescribed in the agreement; and
- (vii) where a civil registration entity permitted the external service provider to provide the service through another entity, it shall be the duty of the civil registration entity to include in the agreement with the other entity all the matters detailed in these Regulations.

(2) The external service provider shall report to the civil registration entity, at least quarterly, the manner the obligations by these Regulations and the agreement are implemented, as well as to notify the civil registration entity any security incident.

(3) The civil registration entity shall take measures to monitor and supervise the compliance of the external service provider with the provisions of the agreement and these Regulations, as appropriate, taking into account any risks.

(4) A civil registration entity that controls several databases and enters into an agreement with an external service provider that includes access to the databases by the external service provider, may enter into a single agreement concerning all databases.

DATA PROTECTION IMPACT ASSESSMENT

Part 1: Description of the processing operations.

1. Project Name	
2. Project Outline: What and why Explain broadly what the project aims to achieve and what type of processing it involves	
3. Describe the Information Flow – Describe the collection, use and deletion of personal data here. It may in a flow diagram or another format of explaining data flows— (a) where you are getting the data from; (b) where the data will be stored; (c) where data could be transferred to; and (d) how many individuals are likely to be affected by the project.	

Part 2: An assessment of the necessity and proportionality of the processing operations in relation to the purpose.

Describe compliance and proportionality measures, in particular:	
1. What is your lawful basis for processing?	
2. Does the processing actually achieve your purpose?	
3. Is there another way to achieve the same outcome?	
4. How will you ensure data quality and data minimization?	
5. What information will you give individuals?	
6. How will you help to support their rights?	
7. What measures do you take to ensure processors comply?	
8. How do you safeguard any international transfers?	

Part 3: An assessment of the risks to the rights and freedoms of data subjects.

Assessment Questions		
Explain what practical steps you will take to ensure that you identify and address privacy risks..	Yes. (Please give explanation)	No. (Please give explanation)
1. Will the project involve the collection of new identifiable or potentially identifiable data about data subjects?		

2. Will the project compel data subjects to provide information about themselves, i.e. where they will have little awareness or choice?		
3. Will identifiable information about the data subjects be shared with other organizations or people who have not previously had routine access to the information?		
4. Are you using information about data subjects for a purpose it is not currently used for in a new way, i.e. using data collected to provide care for an evaluation of service development.		
5. Where information about data subjects is being used, would this be likely to raise privacy concerns or expectations, i.e. will it include health records, criminal records or other information that people may consider to be sensitive and private and may cause them concern or distress?		
6. Will the project require you to contact data subjects in ways, which they may find intrusive, such as telephoning or emailing them without their prior consent?		
7. Will the project result in you making decisions in ways which can have a significant impact on data subjects, i.e. will it affect the services a person receives?		
8. Does the project involve you using new technology which might be perceived as being privacy intrusive, i.e. using biometrics, facial recognition or automated decision making?		
9. Is a service being transferred to a new supplier (re-contracted) and the end of an existing contract?		
10. Is processing of identifiable/potentially identifiable data being moved to a new organization (but with same staff and processes)		

Part 4: The measures envisaged addressing the risks and the safeguards, security measures and mechanisms to ensure the protection of personal data and to demonstrate compliance with the Data Protection Act

Identification of risks – Civil Registration Entities should carry out the risk analysis using exactly the same methodology as they do for other project risks. Enter the key risks that have been identified, and the options for avoiding or mitigating those risks into this table. **REPORT OF THE PRE-PUBLICATION CONSULTATIVE MEETING ON THE DRAFT
DATA PROTECTION (CIVIL REGISTRATION) REGULATIONS, 2020 AND THE
REGISTRATION OF PERSONS (NATIONAL INTEGRATED IDENTITY
MANAGEMENT SYSTEM) REGULATIONS, 2020**

A. INTRODUCTION

1. On 16th September 2020, the Ministry of Interior & Co-ordination of National Government, and Ministry of Information, Communication, Technology, Innovation & Youth Affairs, held a consultative meeting with the National Assembly's Committee on Delegated Legislation at Radisson Blue Hotel, in Nairobi.
2. The purpose of the meeting was to appraise the Committee on the contents of the *Draft* Data Protection (Civil Registration) Regulations, 2020 and Registration of Persons (National Integrated Identity Management System) Regulations, 2020.
3. The Regulations are aimed at providing a regulatory framework for the implementation of the National Integrated Identity Management System (NIIMS) popularly referred to as '*Huduma Namba*'.
4. The Regulations had additionally been formulated in compliance with the decision of the High Court in *Nubian Rights Forum & 2 others v Attorney General & 6 others; Child Welfare Society & 9 others (Interested Parties) [2020] eKLR* where the court authorised the Ministries to proceed with the implementation of the National Integrated Identity Management System (NIIMS) project, only on condition that an appropriate and comprehensive regulatory framework on the implementation of NIIMS, be first enacted.

B. OPENING REMARKS

- 5 In his remarks, the Principal Secretary of the State Department of Interior & Citizen Services, Dr. (Eng.) Karanja Kibicho established that the National Integrated Identity Management System was conceptualised to address the challenges facing Kenya's civil registration and identity management systems. He noted that over the years, Kenya's population databases have been existing in paper-based records and silos, a challenge that had detrimental impacts on service delivery and left the citizens' personal information vulnerable to the emerging security threats. The integrated identity management system would therefore operate as a single source of truth, thereby easing registration and identification of persons and improving the security of the country.
- 6 On his part, the Chairperson of the Committee, Hon. Kamket Kassait noted that Parliamentary scrutiny of Statutory Instruments is authorised under the Statutory Instruments Act, 2013. He termed the invitation by the two ministries as an advisable gesture as it would reduce any issues that may arise after publication.

C. GENERAL OBSERVATIONS

- 7 Members acknowledged there had been a lot of public interest on matters related to the *Huduma Namba* project since its launch in April 2019. They therefore called upon the Ministries to fast-track the issuance of the *Huduma Namba* cards to avert any misconceptions and anxieties that may arise owing to delays in issuance of the cards.
8. Members called upon the Ministries to enhance public sensitization on the *Huduma Namba* project, particularly on the significance of the project in guiding national planning processes, facilitating access to government services, and addressing crimes such as impersonation, identity theft, fraud, and duplication in registration.
- 9 Members sought clarification on whether there was any conflict between the provisions of sections 2 and 9A of the Registration of Persons Act, CAP 107 with regards to the application of NIIMS to children. It was however clarified that in the case of *Nubian Rights Forum & 2 others v Attorney General & 6 others; Child Welfare Society & 9 others (Interested Parties)*

[2020] eKLR where this issue came up for determination, the Honorable court found in *para 816*, that section 9A being a later amendment was deemed to have amended section 2 with respect to its application to NIIMS, and to that extent the inconsistency had been resolved

10. On whether the public consultations conducted by the Ministries on the Regulations/Rules were sufficient, members were informed that in addition to the advertisements in newspapers calling for views and proposals on the Regulations, public participation forums were held in eight regions of Garissa, Kisumu, Embu, Nyeri, Kakamega, Mombasa, Nakuru, and Nairobi between 26th -27th February 2020 where members of the public offered oral presentations generally and on specific issues on the Regulations. This was considered as sufficient consultation, as information relating to the Regulations had been widely disseminated to the public and adequate opportunity to participate in the process of developing the Regulations granted

D. SPECIFIC RECOMMENDATIONS

The matrix below presents specific recommendations made by the Committee on the *Registration of Persons (National Integrated Identity Management System) Regulations, 2020* and *The Data Protection (Civil Registration) Regulations, 2020*:

1. THE REGISTRATION OF PERSONS (NATIONAL INTEGRATED IDENTITY MANAGEMENT SYSTEM) REGULATIONS, 2020

REG.	PROPOSAL	RATIONALE	ACTION
1	Consider renaming the title of the instrument from <i>National Integrated Identity Management 'Regulations'</i> to <i>National Integrated Identity Management 'Rules'</i>	s. 16 of the Registration of Persons Act, assigns the Minister the power to make 'Rules' and not 'Regulations'	To be redrafted
11(c)	Enlist the specific documents required under 11(c)	The phrase 'any other documentary proof as may be required' is ambiguous and may be open to abuse	Para. 11(c) to be redrafted to the effect that additional information shall only be required where the information provided at the first instance is insufficient
Schedule	Prescribe the fees applicable to issuance of <i>Huduma Cards</i>	for clarity	Para 14(3) of the Regulations provides that the initial issue of the Huduma card to a citizen is free of charge. Subsequent fees chargeable for replacement of lost or mutilated cards to be prescribed by notice in the Gazette on establishment of the applicable cost

2. DATA PROTECTION (CIVIL REGISTRATION) REGULATIONS, 2020

REG.	PROPOSAL	RATIONALE	ACTION
3	Include 'registration of voters' into the scope of the Regulations	To address the challenges associated with voter registration and identification and facilitate cleaning up of the Register of Voters	<p>It is considered that management of elections in Kenya is supervised by an independent institution established under Article 88 of the Constitution and not within the scope of the Ministry.</p> <p>Additionally section 8A(2) of the Elections Act, 2011 obligates the Kenya Citizens and Foreign Nationals Management Service established under section 3 of the Kenya Citizens and Foreign Nationals Management Service Act (No. 3 of 2011) to make available to the IEBC the information held by it in the national population register for the purpose of the conduct of an audit of the Register of Voters.</p>
14(3)(d)	Clarify the meaning of 'any other relevant document'	To prevent abuse	Para 14(3)(d) to be redrafted to the effect that additional information shall only be required where the information provided at the first instance is insufficient

5. TRIPLE OK LAW ADVOCATES

PROVISION	SUBJECT MATTER	PROPOSAL	ACTION TAKEN
Interpretation	<i>Definition of Civil registration system</i>	Provide the definition of a civil registration system	The proposal is noted but not adopted because the definition adopted is the UN definition on civil registration to cater for the dynamic nature of civil registration.
Interpretation	<i>Definition of civil registration</i>	Provide that civil registration includes civil status events pertaining to the population as provided by decree, law, or regulation.	The proposal is noted.
Regulation 5	<i>Technical and procedural safeguards for processing personal data</i>	It is our view that the Regulations should have made provision for the technical and procedural safeguards on data protection	The proposal is noted for consideration. Development of the operational manual/ guidelines obligation

Regulation	<i>Components of a civil registration system</i>	Prescribe a proper civil registration system that encompasses all the facets of registration including <i>recording, reporting, collection, compilation, evaluation, presentation and dissemination of data</i> which are not clear in these draft regulations..	Adopted Guidelines will be provided for to allow for all the civil registration entities to come up with their own particular procedures and practices
Regulation 20	<i>Responsibilities of data protection officer</i>	Delete the words 'where possible' in paragraph 20(2)(f) as this is unjustified discretion...In other jurisdictions, data protection officers are required to report on aspects such as <i>data security incident response program, the mechanisms laid out for data protection impact assessment, systems for monitoring the data security infrastructure</i> etc. The Regulations must clearly provide for such requirements.	Proposal adopted; The words 'where possible' delete
Regulation 38	<i>Transfer of personal data outside Kenya</i>	It is important that the regulation lay out a coordinated mechanism for the activities of various entities to ensure close coordination and collaboration across the government agencies This will aid in producing timely and accurate records and will help avoid duplication, errors or omissions.	Not adopted Collaborative mechanisms to be established administratively

Regulation 15	Processing of processing data related to special groups such as the elderly or those with mental or physical disability.	The Act made mention of such groups and it is our view that the regulations should have offered proper direction to civil registration entities on how to process data on such groups	Adopted

6. KENYA UNION OF JOURNALISTS AND THE BLOGGERS ASSOCIATION OF KENYA.

PROVISION	SUBJECT MATTER	PROPOSAL	ACTION TAKEN
Regulation 1	<i>Appointment of Data Commissioner</i>	There is need to ensure that the Data Commissioner is appointed before the operationalisation of the regulations	The process of establishing the office of the Data Commissioner is going on.
Regulation 3	<i>Data capture form</i>	We propose introduction of a clause which requires the designers of data collection forms/tools in the circumstances to specify which sets of data shall be optional under the legislation.	The proposal has been noted and to be considered in future data collection exercises.

Regulation 6 (1)	<i>Consent</i>	We submit that depending on the intended purpose of processing data a framework be established for both individual consent and public participation where the intended data processing is with regards to the masses.	The proposal is noted. The principles of data protection apply to processing of data under the Regulations
Regulation 9 (1)	<i>Restriction of the processing of personal data</i>	We recommend that before any such processing is done, the same must be notified and widely advertised vide newspapers and online. Further a certification from the Data Commissioner that compliance with data protection mechanisms have been achieved be should be obtained.	Adopted Notification will be carried out on a personal basis given the nature of the right to data protection
Regulation 18 (1)	<i>Notification of breach of personal data</i>	We recommend that the same ought to be done by use of electronic means directly to the data subject as well as Public advertisement for general public precaution.	Not adopted The procedure for notification of data breaches has been outlined in the Act
Regulation 20 (2) (d) and (e)	sharing of data with third parties.	We recommend that a framework be established setting out the minimum terms and conditions and based on transparency and accountability for data sharing and a mandatory attachment of public benefit for such data sharing.	The proposal is noted

Regulation 21	<i>Sharing of personal data with other public agencies upon a request</i>	We recommend that this provision be ring-fenced with a requirement for notification of the data subject where the request is with regards to an individual. Where it is a request for mass supply of data, the notification should be done by means of an advertisement.	The proposal is noted The Data Commissioner may develop guidelines on sharing of personal data with third parties
Regulation 35.	<i>network security</i>	We recommend that for greater security it should be provided that access of the said be limited only to secured IP addresses	The proposal is noted. Further guidelines and administrative measures to be put in place to enhance network security
Regulation 40	<i>outsourcing of services</i>	We recommend that such sourcing be done competitively and involve public participation	The proposal is noted and any out sourcing will be done in compliance with the procurement laws of the Country
